

The Return of the God of War [The Protector]

Chapter 3881

After communicating with Xiao Feng, Gong Qianqiu also felt a little clueless.

Although she probably knew the strength of Xie Huanyu and others, she had to know that they were seven masters of the Sky Sect.

Plus a Tiansi deity, it is equivalent to eight Kunlun Ruins powerhouses.

If the Three Holy Sons have not arrived, their comprehensive strength may not necessarily be able to surpass the Cang Qiong faction.

However, two of them were killed, and the remaining five were wounded and fled.

"The key is how did Wen Lei and the others improve?"

"Especially that Ning Jinye, who was abused by Xiao Fengxue some time ago."

"Now it's actually a little stronger than Xiao Feng's strength. You must know that Xiao Feng has been devouring wildly and attracting demons to tap the potential recently!"

Gong Qianqiu was puzzled.

In the end, it can only be attributed to Levi Garrison's basic exercises, because Levi Garrison itself is a special example.

In the past, when there was no spiritual energy, it was possible to traverse the world. Now that the spiritual energy has exploded, it should be easier to practice this basic technique.

"Why did you come to see me again?"

The three saints asked indifferently.

Gong Qianqiu then told the information he got.

"These wastes from the Cang Qiong faction have really lost all face in the Kunlun Ruins, and they have been beaten by a group of monkeys from the secular world for this virtue."

"A small sect is a small sect, and so is the young master."

"If it is replaced by my Taixu Shenzong, I am afraid that their sect will be wiped out in an instant."

The three saints said with contempt.

"But Holy Son, my strength may not be much stronger than them. If we act rashly, I'm afraid it's not right?"

"Why don't you wait until the master of the palace further confirms the situation before taking action, do you think..."

Before Xuan Ming could finish speaking, he was directly interrupted by the Three Saints.

"It's not necessary. With this Holy Son, I will never let you follow in the footsteps of the rubbish of the Cang Qiong Sect."

The three saints had a serious face, and said solemnly: "Besides, how can we be frightened by a few incompetent monkeys for our dignified Taixu Shenzong?"

"If this kind of thing spreads out, how can we get a foothold in Kunlun Ruins?"

"Stop talking nonsense, let's do it now, this holy son is in the battle himself, but I want to see what skills these monkeys have?"

Gong Qianqiu asked cautiously: "There are seniors who are naturally at ease with us. We just wanted to try to avoid casualties as much as possible when we proposed to investigate first."

"There is no need to have such concerns, that is, the rubbish of the sky will run fast, otherwise this seat can directly abolish them all."

The three saints said proudly.

Seeing that the three saints insisted on launching an attack, Gong Qianqiu was helpless.

From the heart, Gong Qianqiu still wants to continue to confirm the situation of Wen Lei and others, after all, Levi Garrison is nothing to worry about now.

As long as you make full use of Xiao Feng's chess piece, the investigation will be as easy as the palm of your hand.

But then again, Gong Qianqiu did not dare to violate the meaning of the three saints, after all, he was the key figure in his own advanced Kunlun Ruins.

There is also the vice suzerain of Taixu Shenzong as a backer, and he must not be offended.

"Follow the decree of the Three Holy Sons."

Gong Qianqiu said respectfully.

The face of the three saints eased a little, and he enjoyed this feeling of being self-reliant.

"Qianqiu, you don't have to worry, with this seat here, it's easy to kill those monkeys."

The Three Holy Sons did not take everyone from the Cang Qiong faction in their eyes.

In his opinion, as long as he makes his own move, even if he is the leader of the Cang Qiong faction, he must kneel down and beg for mercy.

Gong Qianqiu immediately issued an order: "Qianqiu teaches all the forces to approach the base camp at the same time, and this time they will kill them all."

With a single order, the entire Qianqiu Sect and its affiliated forces moved.

For a time, the entire base camp was like a boat on the sea.

And the surrounding forces dispatched, it is the storm that is about to appear.

The Return of the God of War [The Protector]

Chapter 3882

Gong Qianqiu, Xue Pengzhan and others appeared outside the base camp at the same time.

Several of them did not have the slightest hidden strength, and several terrifying energy vortexes were formed around them.

"Congratulations, Sect Master!"

Qianqiu Sect members saw some Gong Qianqiu with black dresses like witches coming to the world, and their faces were full of awe.

They have an almost obsessive admiration for Gong Qianqiu, and now they feel the terrifying aura, and they are even more excited and unable to control themselves.

"This time we attack the base camp, Qianqiu will win!"

Gong Qianqiu's voice was like magic, which made all the disciples instantly boil with enthusiasm.

It seems that this sentence means that the decree issued by the gods must be realized.

"Will win, win, win..."

Everyone shouted in unison like crazy, and the sound was earth-shattering.

Gong Qianqiu looked proud and said solemnly: "Attack!"

Everyone suddenly attacked, and tens of thousands of Qianqiu Sect members swarmed from all directions.

The base camp was already surrounded by wind and rain.

From a distance, the crowd is surging, as if an ancient behemoth opened its bloody mouth, ready to devour the base camp.

the other side.

base camp.

Levilia followed Wen Lei and Zhou Nanyan and walked in, as for the others, they were all blocked out.

Of course, other people don't think much about this, after all, these people also belong to Levi Garrison's direct relatives and friends.

After entering the house, Levilia once again used his strength to isolate this area from the outside world.

Levi Garrison no longer pretended, and slowly opened his eyes.

Although Wen Lei and others learned from Levilia's mouth that Levi Garrison was a disguise, they were shocked to see the latter's appearance at the moment.

"No wonder everyone in the base camp is kept in the dark. It's no different from the dead."

"Brother, you can terrify the eldest sister-in-law. I will not help to persuade the sister-in-law to deal with it later."

"Yes, King's Landing, your move is simply a double-edged sword!"

Zhou Nanyan and others complained one after another.

Levi Garrison also had a slight smile on his face. He already knew the process of this battle. He was very satisfied with the improvement of Wen Lei and others.

"Okay, let's talk about the battle situation first!"

"By the way, are you injured?"

"How's the physical loss?"

Although he was paying attention in secret before, in order to avoid leaking his whereabouts, Levi Garrison did not know these details.

"Don't worry, although our physical strength is relatively serious, we have taken medicine pills."

"In addition to the strong recovery ability of the basic exercises, we have basically reached the peak state now."

"If I hadn't fought against them, I would have thought that the Kunlun Ruins were unattainable!"

Several people had excited expressions on their faces, and this battle not only revived the reputation of the members of the base camp.

It made them more confident, especially for the legendary Kunlun Ruins, and completely put aside their previous lack of confidence.

"It's good to recover. Now it's time to see when the people from Qianqiu Sect and Taixu Shenzong will start."

Levi Garrison said solemnly.

Levilia nodded and said: "Dad is right, there is a high-level three holy sons of the Taixu Shenzong over there."

"It is said that the power of the three holy sons alone can destroy the entire sky sect. I don't know if it is true or false?"

Speaking of this, Levilia is still a little worried.

Because it is not only the three saints who are difficult to control, but also the unfathomable female leader, who is now basically confirmed to be Gong Qianqiu.

The faces of the other people also became solemn in an instant. What Levilia said was true, there were too many uncertainties in this battle.

"You don't have to worry, since things have come to this point, there's no need to put up my injury."

"I'll give them a surprise when the Qianqiu Sect leader and the others attack."

Levi Garrison said quietly.

"Dad, the three saints are powerful. It is said that the female sect leader was easily defeated by him. We still have to act cautiously!"

Levilia said with some concern.

Wen Lei and others also agreed, and at the critical moment they heard that the Three Holy Sons had a detached status in the Taixu Shenzong.

Even if it can be defeated this time, there will be no less trouble in the follow-up.

"Brother, after all, we know too little about the Kunlun Ruins, and we can't always be on the defensive. That would be too passive."

"The Kunlun Ruins are like clouds. If we can enter it and develop, we can avoid this situation."

"That's right, now we lack a way to enter the Kunlun Ruins."

Wen Lei and others also expressed their scruples.

Levi Garrison nodded slightly, he understood this feeling very well.

But Levi Garrison himself didn't care. Through this confrontation, he could also understand the general strength of Kunlun Ruins' cultivation.

Take the young master of the Cang Qiong faction as an example, with Zhou Nanyan and Wen Lei working together, they can stably control the situation.

As for other ordinary Tianjiao, Huoyun Evil God can fight alone, and can even abuse his opponent.

Moreover, with the new detector invented by God's Brain, many super spiritual veins and even holy veins have been discovered one after another.

Therefore, even in the secular world, it is not a problem to improve the ability of one's own personnel.

Of course, it would be better if you could enter the Kunlun Ruins. The key is that all the people related to the Kunlun Ruins are now enemies, and you can't count on them at all.

"Don't worry about these, no matter whether you can enter the Kunlun Ruins or not, improving your own strength is the most important thing."

Levi Garrison said solemnly: "God's brain is still exploring the super spiritual veins. When we get through this crisis, our strength can continue to improve."

In just two sentences, the restless hearts of several people were once again calmed down.

"Mr. Ye, what are you going to do with Xiao Feng?"

Ning Jinye asked suddenly.

Several other people also turned their attention after hearing the words. They all knew that Xiao Feng was the culprit in the assassination of Levi Garrison.

To be honest, Wen Lei and others also have very complicated feelings. You must know that Xiao Feng used to be Levi Garrison's most valued apprentice.

Everyone gets along with each other very harmoniously, basically equivalent to relatives.

But since Gong Qianqiu came into existence, all this has changed, and even now Xiao Feng has stabbed Levi Garrison in the back.

It really feels incredible.

Why isn't Levi Garrison's mood complicated?

Kill Xiao Feng? I can't bear it!

After all, it is a lover who is treated as a family member.

Forgive Xiao Feng? It is hard to calm the anger in my heart!

In particular, I am sorry for the apprentices, friends, and even family members who were killed and injured because of Xiao Feng.

However, when Levi Garrison was in a dilemma, Zoey Lopez's slightly panicked voice came from outside.

"Jun Wenlei, come out quickly, Qianqiu taught them to call."

Levi Garrison's eyes narrowed slightly, and he said directly: "You go out to meet the enemy first, and we will talk about this later."

Levilia and others nodded, quickly removed the energy restrictions outside, and several people quickly walked out.

As soon as I left the room, I saw Zoey Lopez and others, and I saw that everyone's faces were ugly.

"The other party is too strong, especially the female sect leader and the arrogance of the Taixu Shenzong. Even the people of the Tianshen Division have suffered heavy casualties and have been withdrawn to the headquarters."

Zoey Lopezyan said solemnly.

Wen Lei said solemnly: "Go out and meet the enemy! Staying is not the way to go, and morale will be greatly affected."

Everyone felt that it was reasonable, and they took the elites of the base camp out to meet the enemy.

Xiao Feng, Phoenix and others followed.

For some reason, Xiao Feng felt an inexplicable panic.

Especially when Wen Lei and the others looked at him just now, they always felt that there was a deeper meaning.

But now the enemy is now, not the best time to find out.

"Levi Garrison, come out and die!"

At this moment, a charming voice came.

Although this voice was very charming, it was full of murderous aura.

"It's the female leader of Qianqiu Sect."

"It's abominable, knowing that the master (instructor) was seriously injured and said that on purpose."

"We're in trouble, this attack will be many times more terrifying than the Town Demon Division."

There was a lot of discussion.

Xiao Feng was struck by lightning, because this voice was too familiar to him.

"Impossible, absolutely impossible!"

Xiao Feng quickened his pace, he had to determine whether that person was Gong Qianqiu.

Everyone quickly came to the outside of the base camp, and the two sides were fighting with each other, and the whole area was filled with a strong chill.

"Very good, I hope you can hold on for a longer time, otherwise it will be too boring to kill."

Gong Qianqiu said jokingly.

Phoenix and others were the first to recognize Gong Qianqiu, with the look of 'it's really you' on their faces.

"Gong Qianqiu, it really is you!"

"You scorpion-hearted woman must die!"

"Betraying the sect, bullying the master and destroying the ancestors, you are also a model of inhumanity and injustice."

Phoenix and others couldn't help but complain. They investigated too many evidences and all pointed to Gong Qianqiu, and now the dust has settled.

Zoey Lopez, Levilia and others were also quite surprised. It is one thing to investigate evidence and speculate, and it is another to confirm in person.

The mother and daughter then looked at Xiao Feng in unison.

"Xiao Feng, you attacked me because of this woman, but now you can finally see his true colors?"

Ning Jinye said coldly.

Xiao Feng didn't react and lowered his head deeply, but everyone could clearly see that Xiao Feng's body was shaking violently.

"Why... why? Why you?"

"Qianqiu, give me a reasonable explanation!"

Xiao Feng suddenly raised his head and looked at Gong Qianqiu's direction with red eyes.

Gong Qianqiu said with a sneer: "A reasonable explanation? It's very simple, just because you are too stupid!"

"Who do you think you are? You want to be favored by this sect master based on your little cultivation. It's just a fool's dream!"

"Xiao Feng, I also want to thank you. If it wasn't for the information you provided, I would have been caught by Levi Garrison."

"By the way, if you hadn't tipped off in advance, Yufeng Tiansi might have been on the line with Levi Garrison long ago."

"The most important thing is that you backstabbed Levi Garrison for me, which is a big help for this sect master."

Gong Qianqiu's words were like a sharp blade, stabbing in Xiao Feng's heart.

"Impossible, it's impossible!"

"I don't believe it, Qianqiu, you're lying to me, aren't you? Also, it was the master who almost killed you before."

"How can you be the leader of Qianqiu Sect?"

Xiao Feng was puzzled.

"Because that's what I pretended to be, and that Levi Garrison was also pretending to be Duguxiao, and he didn't do anything to me at all."

"Again, if you hadn't seen it with your own eyes, how could you possibly kill Levi Garrison?"

Gong Qianqiu said jokingly.

"No, it's not real, I must be dreaming."

Xiao Feng completely collapsed. It turned out that all this was a play played by Gong Qianqiu and Duguxiao.

Recalling the past, especially the love words Gong Qianqiu said to him, Xiao Feng only felt a burst of irony.

Recalling that Phoenix and others have persuaded him to stay away from Gong Qianqiu many times, he not only turned a deaf ear, but also fought against them later.

Recalling how Master Levi Garrison took care of him, he was almost sent to the gate of hell by himself.

"Ahhh!"

Xiao Feng was too remorseful and shouted up to the sky, his whole person's spirit fell into collapse.

Pfft!

Xiao Feng knelt down on the ground, like a walking corpse, with empty eyes.
