

The Return of the God of War [The Protector]

Chapter 3923

"I also persuaded him if he should. If he still insists on his own way, I have nothing to do."

"If he insists on taking revenge, just let him go! This sin started because of him, and now it ends with him."

"Don't worry about this, continue to cultivate quickly, and reach the highest point before entering the Kunlun Ruins."

Levi Garrison's expression became extremely serious, and now the most important thing is to improve his strength.

Especially in the secular world, cultivation resources are also very important. The brain of God is almost frantically exploring.

The positions of Divine Veins and Holy Veins were continuously sent over, and the comprehensive strength of the core members also increased rapidly.

Levi Garrison is also quite pleased with this. The depth of Taixu Shenzong is still unknown. Only by improving his own strength to the best can he be more confident to deal with it.

"Yes!"

Phoenix and the others said in unison.

Seeing the backs of these people leaving, Levi Garrison fell into deep thought, and suddenly thought of the world discovered by God's Brain.

After three successive investigations, they could not find the door on how to enter that world, which made Levi Garrison more and more curious about what this place was.

There is such a strong spiritual energy in it, once you enter the real world, you can imagine what kind of terrifying cultivation resources will be there.

Levi Garrison even felt that the resources of that world and Kunlun Ruins seemed to have a match.

This is not an unfounded guesswork.

Because there seems to be an invisible energy inside, even if his actions are slowed down to a certain extent, the weaker may not be able to move an inch.

"How on earth can you find the door to the core world?"

Levi Garrison was a little depressed, and he tried many methods several times.

Bombard the most powerful location with pure power, but still find nothing.

Later, he went deep into the jungle to investigate, but he still failed.

"And the deeper you go into the jungle, the more obvious that sense of blockage becomes."

Levi Garrison can't imagine the consequences of continuing to go deep into the jungle,

"Maybe you can find the door to the world until you can't travel?"

"I will definitely try it when I have nothing to worry about."

Levi Garrison secretly made up his mind.

"First completely remove the threat of Gong Qianqiu and Taixu Shenzong, and then explore the entry channel of that world in an all-round way."

Recalling what Gong Qianqiu had done from beginning to end, the murderous intent in Levi Garrison's eyes became stronger and stronger.

From the very beginning, she played around with people around her and herself, and she contributed to many things in the dark.

Borrowing a knife to kill, framing and framing...

The Town Demon Division, Eternal Kingdom, Killer Organization and many other forces have all become playthings in the hands of Gong Qianqiu.

Later, the appearance of Duguxiao caused Phoenix and others to lose their roots, and was used by Gong Qianqiu to retaliate against the base camp.

If it wasn't for Gong Qianqiu's quirk of enjoying a sense of achievement in abusing people, I'm afraid many of the core members would have died a long time ago.

In the end, they joined forces with Zhen Mosi and the Kunlun Ruins to attack. If it wasn't for themselves and Wen Lei and others to improve their bodies, the whole army would have been wiped out.

Even if he had the last laugh, the base camp suffered heavy casualties.

"Gong Qianqiu, Duguxiao, you are all going to die!"

Levi Garrison's eyes were full of murderous intent, and the space in the surrounding area seemed to drop a few degrees in an instant.

"The Taixu Shenzong had better submit obediently, otherwise Lao Tzu will destroy you all in one fell swoop."

Levi Garrison muttered to himself quietly.

the other side.

After Gong Qianqiu absorbed three Divine Veins in a row, his strength had already risen to an extremely terrifying level.

Before entering the Kunlun Ruins, the strength of Gong Qianqiu and the three saints were on a par with each other, and even the three saints had the advantage.

Although there is no head-to-head competition now, Gong Qianqiu is already confident that he is far superior to the three saints, and even if it reaches an instant kill, it is not much worse.

But Gong Qianqiu also knew that his foundation in Taixu Shenzong was not stable, and he had to act in a low-key manner.

Gong Qianqiu knew better than anyone that Mu Xiu would be destroyed by Lin Feng, so she deliberately suppressed Qi Ji's hidden strength as much as possible.

However, even so, the Great Holy Son still values him very much.

Since the last time he proposed to marry Gong Qianqiu and got a positive answer, the frequency of the Great Holy Son coming to her has become more and more frequent.

"Qianqiu, you are getting more and more beautiful. I can't wait to get married with you."

The Great Saint said with a smile.

A look of obsession appeared in his eyes.

"Holy Son, you will make people happy."

Gong Qianqiu said with anger.

The Great Holy Son practiced the Seven Emotions and Six Desires kendo, and he had already had that thought for Gong Qianqiu.

In addition, as Gong Qianqiu's strength continues to rise, the power of enchanting becomes even stronger with a little charm.

For the kendo core of the Great Holy Son, this charm is basically equivalent to dry wood and fire.

If it wasn't for Gong Qianqiu saying that she was inconvenient in the past few days, the Great Holy Son would have wanted to take her down.

"Qianqiu, I said all these words from the heart, I don't believe you touch it!"

The Great Holy Son grabbed Gong Qianqiu's weak and boneless little hand and touched his heart.

"Holy Son, I'm still a little worried. If you love me too much, will you be sidelined and targeted by those people?"

Gong Qianqiu asked worriedly.

"Dare they?"

The Great Holy Son said coldly, "If anyone dares to push you away, just tell me, and I will shove her out of the house directly."

"The Holy Son is so kind to others."

Gong Qianqiu said softly.

Although Gong Qianqiu Ming said this on the face, he sighed faintly in his heart.

Gong Qianqiu really didn't think that the marriage proposal of the first son would come so quickly, he thought that maintaining an ambiguous relationship would gradually climb to the core high-level.

Nowadays, the Great Holy Son keeps proposing to hold a big wedding, and Gong Qianqiu also delays the time by choosing an auspicious day to get married again.

But in the past so many days, the Great Holy Son has once again proposed that Gong Qianqiu really has no better reason.

"There's no time for everything to be laid out!"

Gong Qianqiu was very sorry. She originally wanted to quickly gain a firm foothold in the Taixu Shenzong, and then gradually control the Taixu Shenzong.

However, until now, even the suzerain of the Taixu Shenzong has not seen it, and the specific strength of the entire sect has not yet been figured out.

There is simply no way to plan for the next step.

The key is that one's own strength cannot reach the ideal height, and rash actions will not only fail to achieve the goal, but will even allow the Taixu Shenzong to deal with him.

But at this time, the Great Holy Son 'forced marriage' continuously, and an excuse to delay may be nothing.

If it is delayed again and again, it is likely to make the Great Holy Son disgusted, or even turn against him.

Gong Qianqiu felt an unprecedented sense of powerlessness.

"Qianqiu, the auspicious day of the zodiac that I chose is approaching, and you will be the Taoist companion I value the most. You can't have any more excuses this time, right?"

The Great Holy Son brought up the old things again, staring at Gong Qianqiu with a burning gaze.

"Holy Son, why are people making excuses?"

"Marriage is the most important event in a woman's life, how can you be careless?"

"But the Holy Son favors and allows others to be willful, and Qianqiu is naturally happy, and the marriage matters are all up to the Holy Son."

Knowing that he couldn't fool the past, Gong Qianqiu could only agree.

What's more, only women who truly become the Great Holy Son can get more cultivation resources.

In particular, the Great Holy Son is still the heir of the future Taixu Shenzong sect master. As long as he can have a detached position in his heart, he will naturally not worry about not being able to control the sect.

"It is good!"

The Great Holy Son immediately smiled and assured: "Qianqiu, don't worry, those women of mine will definitely respect you at that time, and no one will dare to be angry with you."

"It's all arranged by the Son of God."

Gong Qianqiu said softly.

At this moment, Gong Qianqiu's Mei Gong was used to the extreme, which directly caused the Great Sage to be confused for a while.

The Return of the God of War [The Protector] Chapter 3925

The Great Holy Son is very satisfied with Gong Qianqiu. He has a habit that the woman with him must be a yellow flower girl.

Moreover, the woman must have the unique cultivation qualification, so that it can help the cultivation of the Great Holy Son to improve.

These two aspects add up to harsh conditions in themselves, and Gong Qianqiu is not only satisfied with all of them, but his appearance and temperament are also of the highest quality.

This is even harder.

It is precisely because of this that the Great Holy Son is so obsessed with Gong Qianqiu.

"Although there are many women around me, I can only satisfy two of them at most."

"Good aptitudes are mediocre, and outstanding looks are mediocre."

"Only Qianqiu is the most in line with this seat's heart."

The more the Great Holy Son thought about it, the more excited he became, and he couldn't wait to spend the night with Gong Qianqiu in the wedding room.

Soon, the news that the Great Holy Son was about to marry Gong Qianqiu as the seventeenth room spread throughout the surrounding sectarian forces.

Although the Taixu Shenzong is only a medium-sized sect, it is only because there are no peerless divine soldiers within the sect.

If this point is not mentioned, the quantity and quality of hoarding from masters is absolutely comparable to the large-scale sects of the last stream.

There are also many sects related to the Taixu Shenzong, including some affiliated forces.

The Great Holy Son is the future heir of the sect, and the deputy suzerain decides to hold a big wedding banquet for his face.

For a time, many disciples of the Taixu Shenzong sent wedding invitations, and even many sects that were not so close to each other got invitations.

At the same time, Levi Garrison also got this message.

To capture the helms of the five major sects, Levi Garrison wanted to use these sects as eyeliners to monitor the every move of the Taixu Shenzong.

"Gong Qianqiu is too shameless? In order to climb up, he is willing to be the seventeenth wife and concubine of the Great Holy Son."

"It's really shameless. She used this method in the Demon Suppression Division before. I really don't know what the eyes of the people of the Taixu Shenzong look like?"

"But it's not easy to deal with her like this!"

"That's right, after all, it's the Great Holy Son. It is said that he is the future successor of the Sect Master of the Taixu Sect."

The crowd was outraged.

Levi Garrison's eyes are also slightly condensed. If Gong Qianqiu has no such relationship, Taixu Shenzong may not be too involved in this hatred.

However, once the two are married, it will not be so easy for them to seek revenge for Gong Qianqiu.

For the public, it is related to the sect's glory and face; for the private, it is only natural for the great sage to support his wife.

And according to the eyeliner report, the Great Holy Son is the future master of the Taixu Shenzong, which is almost known to everyone.

If you want to eradicate it, you will inevitably be the enemy of the entire Taixu Shenzong.

"Only pressing the entire Taixu Shenzong will do!"

Levi Garrison's expression is serious, and it is still unknown whether the battle strength he has now can match the Taixu Shenzong.

Reckless action may not only fail to avenge, on the contrary, it will cause casualties to one's own personnel.

"From now on, everyone should strengthen their cultivation and improve their strength as quickly as possible."

Levi Garrison said solemnly.

the other side.

Inside the sky.

Several disciples in the sect are discussing the recent major events with great interest.

"Hey, I heard that there is none? The eldest son of Taixu Shenzong is going to marry the 17th concubine."

"This matter has spread among the nearby sects. It is said that the woman came from the secular world and is called Gong Qianqiu."

"The Great Holy Son of Taixu Shenzong has a very high vision, the woman must be good-looking, and she must be talented, and most importantly, she must be a virgin."

"It shouldn't be! It is said that Gong Qianqiu is unruly in the secular world, how can he still be a virgin?"

"Then I don't know, anyway, that's what the Great Holy Son asked for, and with his eyesight, he shouldn't look bad."

Xiao Feng, who had just finished training, heard these comments, and the anger in his chest instantly rose to the extreme.

how can that be?

At that time, Gong Qianqiu clearly became his own woman, how could he still be a virgin?
