"Since you want it so much, I'll give it back to you over there!"

Levi Garrison said jokingly.

Immediately before the members of the Sun Moon Divine Fire Academy understood the meaning of this sentence, Levi Garrison suddenly waved his arm.

"This power..."

The members of the Sun Moon Divine Fire Academy instantly felt their arms go numb, the long sword naturally let go, and shot towards their chest in the opposite direction.

"So fast!"

The members of the Sun Moon Divine Fire Academy didn't have time to react at all, and the ancient sword penetrated his body directly from the hilt.

Because the power he was carrying was too strong, his whole body was shaken and flew out, and the blood on his chest was even more profuse.

Pfft!

The members of the Sun Moon Divine Fire Academy fell heavily to the ground, kicking their legs a few times, with a strong unwillingness to die on the spot in their eyes.

It happened almost in an instant, and almost everyone present could not react.

The leader of the black robe came back to his senses first, and said coldly, "I didn't expect to be a hidden master, kill him!"

The three members of the Sun and Moon Divine Fire Temple flocked, and in their opinion, their companions are likely to die underestimated by the enemy.

After all, they did not have any deaths in the battle against many sectarian elites.

And Levi Garrison had been hiding among the members of the Xingyue Divine Sect just now, and was ridiculed by many people. Obviously, he was a nobody who had just come from the mundane world.

"You want to die like that?"

Levi Garrison said with a sneer.

Don't look at Levi Garrison's failure to help before, that's because neither the Xingyue Shenzong nor other sects have anything to do with him.

But Sun Moon Shenhua Academy wanted his own life, so Levi Garrison would not sit still.

"Insanity!"

The three members of the Sun Moon Divine Fire Academy shouted angrily, the long swords in their hands were awe-inspiring, and in the blink of an eye they were already near.

"piss off!"

Levi Garrison did not retreat but advanced, and directly faced the attacking direction of the three with a few punches.

The violent fists roared out, and there was a faint sound of dragon roars in the void.

The three members of the Sun Moon Divine Fire Academy were torn to shreds, and then they burst into blood mist.

"how can that be?"

The members of the Sun Moon Divine Fire Academy were all stunned. They didn't think that their comrades who were still swaying and closing just now were killed by their opponents in the blink of an eye.

"Don't worry about the others, kill this guy first."

The black robe leader said solemnly.

The remaining members of the Sun Moon Shenhua Academy immediately withdrew from the battle and began to besiege Levi Garrison.

"act recklessly!"

Levi Garrison snorted coldly, and his figure disappeared instantly.

After a while, he appeared behind a member of the Sun Moon Divine Fire Academy. He didn't give the other party time to react at all, and slapped him away with one palm.

This was a one-sided massacre, just like what Sun Moon Divine Fire Academy did to other sects before.

All members of the Sun Moon Divine Fire Academy fell into endless fear and despair.

In just a few breaths, more than ten members of the Sun Moon Divine Fire Academy all died in Huangquan.

"Gollum!"

The black-robed leader swallowed hard, and fear appeared in his eyes for the first time.

"Now it is your turn!"

Levi Garrison said slowly.

The leader of the black robe said solemnly: "I don't know what sect you are? If you want, the gate of Sun Moon Divine Fire Academy can be opened for you by exception."

"If you can't beat it, you will change to recruit? Didn't you want to kill me just now?" Levi Garrison said with a smile.

The black-robed leader's face suddenly became extremely ugly.

"I don't know how to praise, but I want to see how strong you are?"

The leader of the black robe waved the ancient sword in his hand, and the sharp swords roared out, as if to smash the void in front of him.

"Good come!"

Levi Garrison still did not dodge or dodge, and threw a punch against Jian Gang.

Clang!

The sound of Jin Ge symphony was actually issued in the void.

Immediately afterwards, everyone saw the black-robed leader's body flying out like a broken paper kite.

Clap clap!

The long sword in the black robe leader's hand shattered into several pieces.

Boom!

After a while, the black-robed leader's body was deeply embedded in the mountain wall, and the surrounding rubble flew down to the foot of the mountain.

"This...it's impossible!"

After the black robe leader finished speaking, his neck crooked, and his soul returned to Jiuyou.

"The Kunlun Ruins powerhouse is nothing but the same!"

Levi Garrison said to himself.

The scene was dead silent, as if Levi Garrison was the only one left in this world.

The survivors of many sects were also shocked and speechless, and needles could be heard at the scene for a while.

A full five minutes passed, and there was an uproar at the scene.

"Which sect is this guy from, is he too strong?"

"That's the powerhouse of Sun Moon Divine Fire Academy!"

"Even the black-robed leader was instantly killed by one move, so terrifying!"

"The key is that this guy doesn't seem to be using his full strength!"

Everyone turned their attention to Levi Garrison, and sure enough, they saw that the latter's lack of anger did not change his face.

As if the fierce battle just now had nothing to do with him.

"He seems to be a member of the Xingyue Divine Sect."

I don't know who said something, and everyone's eyes shifted to the survivors of the Star Moon Sect.

There were only six people left in the team of more than ten people before, and they only woke up from a dream when they felt the burning gaze of everyone.

Looking at Levi Garrisonli, who looked like a god of war not far away, instantly felt like a dream.

"It's a shame that I still thought about killing him and taking the treasure. If I really do it, my grave will be very tall, right?"

"But we've all checked his strength before, how can we not see any flaws?"

"It's unbelievable, the Holy Maiden has a secret exploration technique passed down by the suzerain, and he has been deceived by him."

"Even exploratory techniques have strength limitations, which means that his strength is far superior to that of the Holy Maiden."

The Xingyue Shenzong talked in a low voice, feeling extremely complicated.

Shock, regret, doubt, and even some fear.

After all, they didn't hide their contempt and ridicule for Levi Garrison at all, and they didn't even hide their murderous intentions.

It is difficult to guarantee that Levi Garrison will settle accounts in the autumn.

Strong remorse filled the hearts of everyone in the Xingyue Divine Sect.

If he made goodwill with Levi Garrison at that time, it would not only benefit himself, but even benefit the entire sect.

Offending such an unfathomable powerhouse now would not only save his own life, but even his sect would likely be implicated.

"It turns out that his true cultivation is so powerful!"

Murong Qingxue was also full of incredulity, completely shocked by Levi Garrison's strength.

"Did he really just come from the world?"

"Have the powerhouses in the secular world reached this level?"

"It's no wonder that he was so relaxed from beginning to end. Where is the ignorant and fearless, he is simply a master of art!"

Murong Qingxue recalled her previous contempt for Levi Garrison and her condescending attitude when recruiting him into the sect, and instantly felt regretful.

Feeling even more embarrassed.

"Perhaps he would laugh at me for being overly ambitious at first!"

Murong Qingxue smiled bitterly.

At the same time, the doubts in the Senluo forbidden area before have also been answered.

It wasn't because Levi Garrison was lucky that he wasn't injured, it was because the beast couldn't hurt him.

As for the fact that they were not attacked by ferocious beasts in the forbidden area, it is very likely that Levi Garrison's existence made them discouraged.

Murong Qingxue wanted to say something, but she didn't know where to start.

Rao is that she has always been calm, and she is also very uneasy at this moment.

She is not sure how Levi Garrison will treat herself and her classmates next.

However, just when Murong Qingxue was full of shock and remorse, she suddenly heard the sound of noisy footsteps.

Turning his head to look, he saw Mo Junyan came with a group of seven-star religion powerhouses.

"The snipe and the clam compete for the fisherman's profit. We never thought that we would be the last to come, but the biggest winner."

Mo Junyan said excitedly.

Chapter 3968

The members of the Seven Star Sect headed by Mo Junyan arrived late, but found a group of injured disciples of various sects.

It seems to be a scene of fighting each other because of the competition for dragon veins.

Especially the surviving people are obviously at the end of the game, and they have become the biggest winners without any effort.

"Holy Son, Murong Qingxue is also among them, and it seems that he was seriously injured."

A Seven Star Cult Tianjiao suddenly said.

Mo Junyan turned his head to look, and as expected, he saw Murong Qingxue, who looked like a fairy, was meditating cross-legged, and her weak breath indicated that she was seriously injured.

"Keep Murong Qingxue under control, and kill everyone else!"

Mo Junyan said sullenly.

Mo Junyan had long coveted Murong Qingxue for a long time, and now is a rare opportunity to get her easily.

The remaining Heavenly Talents of the Xingyue Shenzong are all at the end of the shot, and killing them is as easy as the palm of your hand.

"Holy Son, there is no loss of dragon veins, we have made a lot of money."

"With such a scale of dragon veins, we will definitely be able to raise our strength to a whole new level by using it to cultivate."

"People are not as good as heaven. These people were lucky to find them first, but they made wedding dresses with our Seven Stars Sect."

The members of the Seven Star Sect were so excited that they didn't expect to be the last to pick up the leak.

Even the geniuses of the other surviving sects were seriously injured, and it was easy to kill them, so they were not afraid of them coming for a piece of the pie.

"Holy Son, something is wrong!"

One of the elders suddenly said: "Look at the reaction of these people."

Mo Junyan was stunned for a moment, and he didn't understand the meaning of his own elders.

"reaction?"

Mo Junyan observed it carefully, and suddenly noticed something unusual. Everyone, including Murong Qingxue, was very calm.

"Are all these people scared and stupid? Are none of them afraid to die?"

Mo Junyan was a little surprised. According to normal logic, someone would definitely kneel down and beg for mercy.

But now everyone is very calm, and they even look at themselves with a playful look, as if...

As if looking at a fool?

"Huh? Isn't this a worldly slave bought by the Xingyue Shenzong?"

Mo Junyan soon saw Levi Garrison and found that the latter was the only one on the scene who was not injured.

The slaves of a mere secular world were intact, but many powerful people from other sects suffered heavy casualties.

This is totally unreasonable!

Is there another secret in this?

Mo Junyan was puzzled.

"Holy Son, this... these seem to be people from the Sun Moon Divine Fire Academy!"

"What does it seem like, this is the powerhouse of the Sun Moon Divine Fire Academy. I have seen the person in the stone wall, and he is the man of the academy."

"Just who is so daring and dare to kill even the people of Sun Moon Divine Fire Academy?"

"Mainly who has the strength to do it?"

The members of the Seven Star Sect were quite frightened. The Sun Moon Divine Fire Academy was backed by the Sun Moon Divine Fire Hall, which was a real super sect.

Such as the Seven Stars Religion, the Xingyue Shenzong and the like only look up to them.

Seeing the expressions of shock and doubt on the faces of the members of the Seven Star Sect, Murong Qingxue couldn't help laughing out loud.

"What are you laughing at? Believe it or not, this Holy Son will rectify the Fa on your spot right now?"

Mo Junyan said angrily.

Faced with the death threat, Murong Qingxue not only did not hold back in the slightest, but laughed even louder.

Not only that, but other sect members also laughed out loud one after another.

In the eyes of everyone, the disciples of the Seven Star Sect headed by Mo Junyan are a joke.

But no one told them the truth, everyone knew that as long as the members of the Seven Star Sect were motivated to kill, Levi Garrison would definitely kill them.

In particular, Levi Garrison was looking at the dragon veins with great interest, and obviously he had already started to fight the dragon veins.

This has an irreconcilable contradiction with the Seven Star Church.

After all, the ultimate goal of the Seven Star Cult is to obtain the dragon veins.

Everyone was waiting to see the joke of the Seven Stars Sect.

Although he didn't know the real reason why many sects were not afraid to laugh in the face of death threats, Mo Junyan also realized that something was wrong.

As the saying goes, if something goes wrong, there must be a demon.

"Holy Son, what shall we do next?"

"The Sun Moon Divine Fire Academy's master was killed, neither the Academy nor the Sun Moon Divine Fire Hall will let it go."

"If you suspect the Seven Stars Sect, wouldn't it be a disaster?"

The elders of the Seven Stars Sect had worried expressions on their faces.

Although they also desperately want to obtain the dragon vein resources, they do not want to provoke the behemoth of the Sun Moon Divine Fire Hall.

The gap in strength is too great, and if it really angers the opponent, the Sun Moon Divine Fire Temple can destroy the Seven Star Cult by simply touching some masters.

Mo Junyan also had a solemn expression on his face, and his thoughts were running fast.

After careful consideration, Mo Junyan said solemnly: "There is nothing to be afraid of, the death of the Sun Moon Shenhua Academy master has nothing to do with us."

"Even if there are people who doubt it afterwards, we can directly put the blame on these people."

"As for the people of these denominations, just shut them up forever and what we say is the truth."

"Even if the Sun Moon Divine Fire Temple is investigated in the future, the Seven Stars Sect can still retreat."

Mo Junyan's remarks immediately made the seven-star sect elders agree.

"Not only that, we just need to kill these people, and maybe sell it to the Sun Moon God Fire Temple for a favor!"

Mo Junyan continued.

"That's a good idea."

The Seven Star Church unanimously approved it.

What a perfect plan to put the blame on others to clear the relationship, punish the real culprit to gain favor, what a perfect plan!

"Apart from Murong Qingxue, kill everyone else!"

Mo Junyan paused and pointed to Levi Garrison: "Especially him, within the reach of my holy son, no one who pretends to be like this is allowed to exist."

Levi Garrison was extremely calm from beginning to end, as if he didn't take the Seven Stars Sect in his eyes at all.

This made Mo Junyan feel that his majesty was being challenged.

"Unforgivable!"

Mo Junyan's anger continued to rise.

"As ordered!"

Before he finished speaking, a seven-star sect elder had disappeared.

The long sword in his hand pierced Levi Garrison's choked throat like a poisonous snake spitting a letter.

"Just you?"

The corner of Levi Garrison's mouth rose slightly, and he punched at the location of the Seven Stars Sect elder.

Bang!

Everyone only vaguely heard a scream, and then saw that the elders of their own had disappeared.

"what's going on?"

"The elder was punched... no more?"

"how can that be?"

Everyone in the Seven Star Sect took a deep breath. They looked around and searched for a long time, and the last trace of hope completely dissipated.

The elder is really dead!

He was beaten to death by this ugly guy!

Mo Junyan was also stunned, he couldn't believe what was happening in front of him.

Although that elder is not the strongest in the sect, his combat power is definitely at the forefront.

In the face of this effort, he has not even managed a single move?

"Let's go together and avenge Elder Leng!"

Mo Junyan almost roared and gave the order.

The elders of the Seven Star Sect threw their weapons and surrounded Levi Garrison.

"As far as your strength is concerned, you are far behind those of the Sun Moon Divine Fire Academy. You want to kill Lao Tzu, which is really a fool's dream."

As soon as the words fell, Levi Garrison shot out like an arrow from a string, and took the initiative to attack the people of the Seven Star Sect.

There are no fancy moves, just the simplest straight punches and uppercuts.

However, the next moment, the Seven Star Sect camp heard one after another screams and mourning.

Levi Garrison's figure flickered, and every time he passed by, he took away a fresh life.

In no time for half a column of incense, the Seven Star Sect, except Mo Junyan, was beheaded by Levi Garrison.

The wind blew slowly, and the blood mist was completely blown away.

At the same time, Mo Junyan's arrogance and arrogance were blown away.

"The people from Sun Moon Divine Fire Academy were killed by him."

"It's no wonder that Murong Qingxue and the others remained calm despite the death threat."

"Others also seem to be watching jokes."

All previous doubts can be explained.

Mo Junyan suddenly realized, but now it's too late to regret it.

"Now it is your turn."

Levi Garrison's icy voice sounded.

Mo Junyan was so frightened that he almost instinctively fled to the jungle in the distance.

"Don't hurt the holy son of this religion, or the Seven Stars will be with you forever."

Just at this critical moment, an old voice came from the jungle.

Advertisement

Mo Junyan was overjoyed, as if he had grabbed the life-saving straw, and said excitedly, "The vice sect master save me!"

After a while, several people rushed out of the jungle, led by an old man with white beard and hair.

"No one can save you today, I said!"

Levi Garrison punched Mo Junyan.

"Shuzi, do you dare?"

The old man dodged between the two to rescue him.

Bang!

The moment the fists and palms collided, a strong aftermath of aura erupted.

The deputy leader of the Seven Star Sect only felt a powerful and unparalleled energy hit him, and the whole person was shaken out uncontrollably.

Advertisement

On the other hand, Levi Garrison's speed was not reduced, and his fist style was even more powerful, and Mo Junyan's body was completely covered in an instant.

puff!

A cloud of blood bloomed.

Mo Junyan didn't even have time to say a word and died on the spot.

"Ignorance junior, you are courting death!"

The deputy leader of the Seven Star Sect roared, he never thought that such an attack would not be able to stop Levi Garrison.

"It's you who are looking for death!"

Levi Garrison didn't talk nonsense, and directly broke into the reinforcement camp of the Seven Star Sect.

The next step is a unilateral massacre, and these people are not Levi Garrison's one-on-one generals at all.

After just a few minutes, the entire Seven-Star Cult reinforcements, including the vice sect leader, were wiped out.

"Is that too strong?"

Murong Qingxue and the others were once again shocked.

In the face of so many strong men, Levi Garrison basically broke them with force, which was basically a dimensionality reduction attack.

"If you don't want to snatch the dragon vein, then I'll use it first."

Levi Garrison said with a smile.

Everyone shook their heads and expressed no interest in the dragon pulse.

Of course it was against their will, but they didn't want to die yet.

Levi Garrison chuckled twice and walked straight to the dragon vein.

"This dragon vein is really good, basically equivalent to the size of the largest dragon vein found in the secret realm."

Levi Garrison no longer hesitated, directly running the basic exercises, and began to use the dragon veins to quench his body.

Seeing this situation, Murong Qingxue was once again stunned.

"Kunlun Ruins powerhouses directly absorb the spiritual energy of the spiritual veins, but he actually used it directly to quench their bodies?"

"Even pure body cultivation is useless to cultivate in this way, it is simply a waste of time!"

"It's no wonder that the powerhouses of the Sun Moon Divine Fire Academy couldn't pierce his body with a sword gang before, and using the dragon veins to quench his body is almost invulnerable to swords and guns."

Everyone sighed with emotion, but soon they discovered a new situation.

According to common sense, when dragon veins of this size are used by practitioners, they will produce extremely strong energy shocks.

In particular, the sound of dragon roars will be very frequent, and the sound will become more and more high-pitched and harsh as time goes on.

Because this is equivalent to the verve cultivated by cultivators taking the dragon veins.

However, in Levi Garrison's hands, such a large dragon vein is like a tamed pet, and there is no tendency to resist at all.

The sound of dragon roar is soft and weak, and the energy vibration caused by it is negligible.

If it weren't for the fact that everyone was too close, they would not have noticed that someone was using the power of dragon veins.

"Let's hurry up and restore our strength!"

Murong Qingxue reminded.

Everyone immediately began to use the scattered aura around the dragon veins to start practicing.

The wear and tear of the previous fierce battle with the powerhouses of the Sun Moon Shenhua Academy is also recovering rapidly.
