## Chapter 3961

How could the Great Holy Son be willing to hand over the fat meat of the large dragon veins to the mouth?

The Great Holy Son's long sword was unsheathed, and the whole person exuded an extremely cold murderous aura.

"Come here if you're not afraid of death, I'm going to start a killing spree today."

The Great Holy Son is better than snow in white clothes, and a terrifying sword gang is formed around the edge of the long sword.

However, in the face of the temptation of large dragon veins, these sects will naturally strive for it, even if they pay a heavy price.

"This group of people is very strong. We may not be able to win by attacking alone. It is better to join forces. At that time, we will divide the dragon veins."

"This plan is feasible. Our three alliances have an advantage in numbers, and the probability of victory is indeed greater."

"Then what are you waiting for, let's go together!"

The three small sects quickly negotiated a coordinated combat plan and attacked them in groups.

The Great Holy Son stood still, and the expression on his face became more and more playful.

"You all don't move. The long sword in this seat has been drinking blood for a long time, so I will let it drink enough today."

Before he finished speaking, the figure of the Great Holy Son had disappeared, leaving only a near-substantial afterimage where he was standing.

"Ahhh!"

After a while, screams and moans came one after another.

Where the Great Saint Son's sword light passed by, he took away a fresh life.

To say that these three forces are also the leaders of the small sects, even more powerful than the sky sect.

However, under the attack of the Great Holy Son, he was powerless to fight back, and even said that he could only be slaughtered by others.

In the time of half a stick of incense, nearly a hundred elites from the three major sects died on the spot.

Looking at the Great Holy Son Bai Yi Sheng Xue again, his face did not change when he was not angry, as if the fierce battle just now had nothing to do with him.

"A group of ants!"

The Great Saint said disdainfully.

Clang!

The long sword is sheathed.

The Great Holy Son said coldly to the depths of the jungle: "There are still impatient ones who come here, and I will accompany you to the end."

sizzle!

Everyone in the Taixu Shenzong could faintly hear the sound of air-conditioning coming from the dense forest.

The reason why the Great Holy Son did not let others intervene just now was to show his strength to deter the forces that coveted the dragon veins.

Sure enough, no one dared to act rashly for a while.

Of course, this situation did not last for too long, and the attraction of large dragon veins was too great after all.

Coupled with some sects who came from other places, they continued to attack the Taixu Shenzong.

However, the strength of the Taixu Shenzong team was too strong, and they killed the elites of small and medium-sized sects seven or eight times in a row.

"It seems that the sects that came to snatch the dragon veins this time are all rubbish."

"This dragon vein is already in the bag of our Taixu Shenzong."

"Great, I can't wait to practice with dragon veins."

The people of Taixu Shenzong are full of confidence.

the other side.

The people of the Divine Star Moon Sect rushed forward, but they did not know the exact location of the large dragon veins.

Tianying Mountain stretches for hundreds of miles, and really looking for it is like looking for a needle in a haystack.

"I heard that there is no, the dragon vein has been found by the people of the Taixu Shenzong."

"The Seven Holy Sons of the Taixu Shenzong are well-deserved, and they really have a keen sense of dragon veins."

"I heard that the Great Holy Son is accompanied by his wife and many masters in the sect. I think it is inevitable to win the dragon vein."

Everyone was talking about it, after all, they swarmed towards the southwest at the same time.

Murong Qingxue had a happy expression on her face, and said solemnly, "Let's hurry up too. If we are lucky, we can not only save our lives, but also get a share of the pie."

"That's right, here's our chance!"

"God help me to wait!"

The rest of the Xingyue Shenzong were also mentally shocked, and they never thought that the Taixu Shenzong would send such a powerful lineup.

The Taixu Shenzong and the Xingyue Shenzong have a very close relationship. Some time ago, the deputy head of the Xingyue Shenzong personally went to congratulate the Great Holy Son's wedding.

As long as they can unite with the Great Holy Son and the others, those from the Seven Star Sect are no match.

Moreover, when Taixu Shenzong found the dragon veins, it was bound to become the target of public criticism.

At that time, the Xingyue Divine Sect will have enough reasons for them to fight the enemy together. When the support from the experts in the sect arrives, they will be able to share a piece of the pie.

"Full speed ahead!"

Murong Qingxue gave the order.

Levi Garrison was also very happy, and even said that he was looking forward to this meeting.

He had never imagined that he would be able to meet the Great Holy Son, Gong Qianqiu and others so soon.

Recalling what Gong Qianqiu had done before, Levi Garrison could not wait to smash it to ashes.

"Gong Qianqiu, the sins you have committed, I will let you pay back a hundredfold today."

"There are also those holy sons of the Taixu Shenzong. If they know the current affairs, they will only kill the three holy children. If not, they will all be killed."

"I hope your strength is strong enough, otherwise it will be too boring to fight."

Through Murong Qingxue and others, I learned a lot of information, including the approximate strength of the seven holy sons.

Levi Garrison felt that it might be a bit difficult to fight before using the dragon veins to quench the body.

But now more than ten dragon veins have been used to quench the body, and the cultivation realm has made a qualitative leap, which should not be a problem.

"Let all the people from Taixu Shenzong stay in Tianying Mountain today!"

Levi Garrison said secretly.

Deng Deng Deng!

The noisy footsteps kept coming, and obviously many other forces also got the message, and they all rushed towards the direction of the dragon veins.

Levi Garrison also accelerated his pace, and it would be good to take this dragon vein as his own when he got rid of the Taixu Shenzong.

at the same time.

The location of the dragon veins.

There were corpses all over the place, and there was a thick smell of blood floating in the air.

The members of the Taixu Shenzong stood proudly above the dragon veins.

So far, they have fought back more than ten times the attacks of large and small sects, but there is still no combat attrition.

This also greatly deterred other sects coveting the dragon veins.

"This seat announces that the dragon veins are owned by my Taixu Shenzong. If Ruoer is not satisfied, come and try it."

The Great Holy Son said in a condescending tone.

"I'm really unhappy!"

"There is no way to be reconciled. We are not the opponents of the Taixu Shenzong powerhouses at all."

"Dragon veins are extremely precious, but it would be foolish to die knowing that they are lost."

Although many sects are unwilling, in the face of the absolute strength gap, any blood and courage will not help.

Gong Qianqiu was very happy when he saw this, and he could finally get a piece of the pie.

After all, such a large-scale dragon vein cannot be completely transferred in a short time. In order to avoid too many night dreams, direct cultivation and consumption have become the best way.

However, before Gong Qianqiu could swallow it, a playful voice came from the depths of the jungle.

"The Taixu Shenzong is so powerful! I don't know if I am qualified to occupy this dragon vein?"

Everyone in the Taixu Shenzong shuddered and looked at the voice.

I saw a team of more than ten people slowly walk out of the jungle, they were wearing uniform black robes.

The sun and moon symbols are embroidered on the chest of the robe, and there is a red flame in the middle of the sun and moon.

Especially when the crowd was walking, the flames seemed to be burning under the sunlight.

After seeing the clothes clearly, the Great Holy Son's heart instantly sank to the bottom of the valley.

"Why are they here?" The Great Saint Son's voice was a little dry.

"It's the powerhouse from Sun Moon Divine Fire Academy here."

"The Taixu Shenzong doesn't dare to be arrogant now."

"The Sun Moon Divine Fire Academy is backed by the Sun Moon Divine Fire Hall. Even if I borrow a hundred courage from the Taixu Shenzong, I would not dare to be tough with them."

The rest of the sect members also quickly recognized the identity of the group, and the expressions on their faces suddenly became exciting.

Before the Great Holy Son killed many sectarian powerhouses, others naturally resented a lot, and now they can watch a good show.

"The wicked have their own grind, they deserve it!"

The members of the denominations felt very happy.

"Saint Son, our Sun Moon Divine Fire Academy owns this dragon vein, do you have any opinion?"

The first black-robed young man said playfully.

Although he was called the Great Holy Son on his lips, he showed no respect at all on his face, and even had a strong sense of ridicule.

The corner of Dashengzi's mouth twitched, and he suddenly felt a deep sense of powerlessness.

Aside from the Sun Moon Divine Fire Hall behind this team, they can't afford to offend them. Just talking about the combat power of these academy members, they are far behind.

"I'm acquainted with Master Qi of the Sun Moon Divine Fire Palace, I don't know your Excellency..."

Before the Great Holy Son could finish speaking, he was directly interrupted by the leader of Sun Moon Divine Fire Academy.

"Don't get involved with Lao Tzu, even a rudder master has the face to use it as a backer?"

The black-robed man sneered twice, then turned around and continued:

"If it weren't for the fact that your Taixu Shenzong has some relationship with the Sun Moon Divine Fire Temple, do you think you people can leave this place alive?"

"Stop talking nonsense, get out of here before I change my mind, otherwise don't blame me for being ruthless."

The expressions of everyone in the Taixu Shenzong changed dramatically, and they all dared to be angry and did not dare to speak.

Gong Qianqiu originally thought about using force if he couldn't do it, but he didn't dare to act rashly after knowing the true background of the other party.

She knew little about the Sun Moon Divine Fire Temple from the Great Holy Son, and knew that this was a real super sect.

In particular, which one from the Sun Moon Shenhua Academy is not a big boss?

Take the academy members in front of me as an example, they are likely to be the leaders of more than a dozen medium-sized or even large sects in the future.

"let's go!"

The Great Holy Son sighed and gave orders to the rest of the Taixu Shenzong.

The members of the Taixu Shenzong are like eggplants beaten by frost, and they don't have the majesty they had just now.

He never thought that he had resisted the impact of more than ten sects, and finally made wedding dresses for the people of Sun Moon Shenhua Academy.

Unwilling!

anger!

have no choice!

All sorts of complicated emotions filled everyone's mind.

"The person who knows the current affairs is Junjie, and the Great Holy Son has made a wise decision."

The leader of the black robe smiled with satisfaction, and then said: "The Great Holy Son does not need to be too discouraged, there are many holy veins and treasures around the dragon veins."

"In view of the dragon veins you discovered, these cultivation resources will be rewarded to you as a reward!"

"Thank you!"

The Great Holy Son clasped his fists and said.

Although the members of the Taixu Shenzong have not been able to obtain the dragon veins, they are not returning empty-handed now.

After all, being nourished by the dragon veins is also very rare, and if the people of the Sun Moon Fire God Academy seize the surrounding resources, they can do nothing.

The Great Holy Son took the people of the Taixu Shenzong and left in dismay.

The leader of the black robe shouted to the sects watching in the distance: "This seat announces that this dragon vein belongs to our Sun Moon Shenhua Academy."

"If you are not convinced, come and grab it, and the long sword in this seat will accompany you to the end."

While speaking, the black-robed leader swung a sword at will, and a bottomless ravine appeared in an instant when the thick and solid boulder appeared.

The many sect members who were watching suddenly fell silent.

"Let's hurry up!"

"Sun Moon Divine Fire Academy is backed by Sun Moon Divine Fire Hall, so I can't afford it!"

“Even the Taixu Shenzong has confessed, so we have no chance.”

They were unwilling to act rashly when the Taixu Shenzong was in charge of the Dragon Vessel, and now they have no courage to make a move in the face of the Sun Moon Shenhua Academy.

“Since you don’t have the guts to snatch the dragon veins, you can go as far as you want.”

“If you continue to watch from the sidelines, this seat will treat you as opponents who coveted the dragon veins.”

“Those who have not left within three breaths will be killed without mercy!”

The black-robed leader said in a cold tone.

Deng Deng Deng!

Noisy footsteps sounded.

The members of the onlooker sect were scattered like birds and beasts in an instant, and they soon escaped without a trace.

It didn’t take long for the members of the Xingyue Divine Sect and other sectarian forces to arrive at the location of the Dragon Vein.

The purpose of entry is to have corpses everywhere, and the members of the Taixu Shenzong have long since disappeared.

Only after understanding did we know that the dragon veins had already been occupied by the Sun Moon Divine Fire Academy at this time.

"The strength of the Sun Moon Shenhua Academy is too terrifying. If the Taixu Shenzong occupies the dragon vein, we may still be able to win."

"Yeah, even if several sects join forces, they may not be able to beat the Sun Moon Divine Fire Academy."

"But I am really unwilling to hand over such a large-scale dragon vein to others!"

"It's better to be unwilling than to lose your life, everyone, take care, let's go first."

The voices of discussion kept coming, and the members of the Xingyue Divine Sect took advantage of the excitement and returned home.

In particular, they also planned to use the power of the Taixu Shenzong to fight against the Seven Stars Religion, and now this plan has completely failed.

Of course, there are also regrets because of the complete absence of the dragon veins. After all, if the Taixu Shenzong occupies it, it may still be able to get a piece of the pie.

Levi Garrison is also very sorry.

It's just that his regret has nothing to do with the ownership of the dragon vein, simply because he can't meet the staff of the Taixu Shenzong.

Before Levi Garrison was ready for the war, he was very excited when he thought that he could kill Gong Qianqiu and others on the spot to avenge Xue Hen.

But now the one occupying the dragon veins has become the Sun Moon Divine Fire Academy, and the people of the Taixu Shenzong are nowhere to be found.

"Gong Qianqiu, Sanshengzi, let you live for a while longer!"

Levi Garrison said silently in his heart.

Murong Qingxue sighed and said solemnly, "Let's get out of here quickly! So as not to encounter those guys from the Seven Stars Religion."

The rest of the sectarian forces also shook their heads helplessly and prepared to evacuate the Dragon Vessel scene.

"Come and leave if you want, what do you think this place is?"

The cold voice of the black-robed leader came.

Everyone's eardrums hurt from the shock, and the disciples with a slightly lower cultivation base even felt a little dazed.

"So strong!"

Everyone was full of emotion, but at the same time they didn't understand the meaning of the leader of the Sun Moon Divine Fire Academy.

"What do you mean, Your Excellency, we don't want to conflict with Sun Moon Divine Fire Academy, why are we blocking our way?"

"We don't want to continue to snatch the dragon veins, can't we leave?"

"Please speak clearly, Your Excellency."

Members of the denominations spoke up.

The leader of the black robe said with a sneer: "Although you didn't do anything, since you have arrived here, you are planning to snatch the dragon veins."

"It's just because the Sun Moon Divine Fire Academy is so strong that it doesn't dare to take action. You can't deny this, right?"

"The majesty of the Sun Moon Divine Fire Academy cannot be provoked. Since you all came here, leave them all!"

"Kill all of them and leave none."

With a single order, the other members of the Sun Moon Divine Fire Academy directly attacked and killed many members of the sect.

"Anyway, they're all dead, fight with them!"

"There may be a chance for everyone to join forces."

The crowd revolted, and there were even a very few who had a fluke mentality. They gathered the power of everyone to successfully turn around, and they might be able to get a share of the dragon's veins.

However, the reality is very cruel, their strength is far worse than the powerhouses of Sun Moon Divine Fire Academy.

Even if everyone took out the means of pressing the bottom of the box, they could only be reduced to fish meat on a sticky board, and they could be slaughtered by others.

The members of the Xingyue Divine Sect were also extremely depressed. Not only did they not get the dragon veins, but they would soon die in Huangquan.

"Your surname is Ye, you are really a slogan, and you can't help at a critical moment."

"Don't let him go. What can a monkey who just came from the mundane world be capable of?"

"Xiao Ye, can you still be bigger? Are you watching a play there? Believe it or not, I'll kill you first?"

Murong Qingxue looked out of the corner of his eyes, and saw Levi Garrison clasping his shoulders with his arms, as if he was watching a show.

## The Return of the God of War [The Protector] Chapter 3965

[/ The Return of the God of War \[The Protector\]](#)

"hateful!"

Murong Qingxue scolded in a low voice, she really regretted introducing Levi Garrison into the sect.

It's okay if you can't help, after all, you only came from the mundane world, and you can understand the low cultivation base.

However, Levi Garrison's performance at the moment is completely out of his mind.

If it weren't for the lack of skills in the face of master attacking clones at this moment, Murong Qingxue could not wait to rush up to cut Levi Garrison with two swords.

Levi Garrison could naturally feel the emotional changes of the members of the Xingyue Shenzong, but he didn't care at all.

#### Advertisement

"You people have nothing to do with Lao Tzu, why do you help?"

Levi Garrison was still watching the show with a relaxed expression on his face. The members of the Sun Moon Shenhuo Academy were really good, and it was basically equivalent to a one-sided massacre.

"Ahhh!"

The screams came one after another, and the gap between the strength of the disciples of the other sects and the members of the Sun Moon Divine Fire Academy was too great, and there was basically no way to fight back.

#### Advertisement

Even a saint-level expert like Murong Qingxue could only do their best to support them, but the scene was basically controlled by the powerhouses of the Sun Moon Divine Fire Academy.

As for other ordinary Tianjiao or elders, they are either killed or injured.

Especially with the passage of time, the situation is even more unfavorable for other sects, because even the powerhouses of the Saint Child and Saintess level are injured.

"what!"

Murong Qingxue was knocked flying by someone's palm, and a strand of blood slowly flowed from the corner of her mouth.

"Saint!"

The members of the Xingyue Divine Sect cried out in surprise, and instinctively shifted their gazes to the direction of Murong Qingxue.

However, most of them were too tired to deal with it, and the experts from Sun Moon Divine Fire Academy seized the opportunity and attacked their vital points one after another.

Three more people died on the spot.

#### Advertisement

"The surname is Ye, but you are helping the Holy Maiden!"

An elder of the Xingyue Shenzong said angrily.

The others were also filled with righteous indignation, because they found that Murong Qingxue fell right in front of Levi Garrison.

And this 'rookie' who had just entered the Kunlun Ruins was still smiling, and had no intention of helping him out.

"Is there another fish that slipped through the net?"

The talents of Sun Moon Divine Fire Academy noticed Levi Garrison, and especially found that this guy was actually intact.

"kill him!"

The black-robed leader said coldly.

A member of the Sun Moon Divine Fire Academy did not hesitate to attack Levi Garrison.

At this moment, Murong Qingxue struggled to stand up from the ground, but she did not intend to save Levi Garrison.

Levi Garrison's previous performance had completely angered her.

At this moment, I feel that the hatred in my heart can be relieved by beheading him with the help of Sun Moon Divine Fire Academy.

"Deserved!"

The members of the Xingyue Divine Sect also complained one after another, and this may be the only thing they can comfort themselves before they die.

"Sure enough, it was a rookie who just arrived in the secular world, and was immediately frightened."

Seeing Levi Garrison standing still, the members of the Xingyue Shenzong scorned for a while.

However, a moment later, an unbelievable scene appeared.

Seeing that the ancient swords of the members of the Sun Moon Shenhua Academy were firmly stabbed into Levi Garrison's chest, they could not penetrate the flesh.

There was even a sound of metal bumping into each other.

"Ding!"

The member of the Sun Moon Divine Fire Academy stiffened, and he felt that the long sword in his hand seemed to be stabbed on the steel plate.

"Pure body repair?"

The members of Sun Moon Shenhuo Academy reacted instantly, and immediately planned to cut Levi Garrison's neck with a sword.

"It's not over?"

Levi Garrison's playful voice sounded.

The members of the Sun Moon Divine Fire Academy suddenly had an ominous premonition in their hearts.

Immediately afterwards, he saw Levi Garrison stick out his two fingers and clasp them on the blade with great precision.

"let go!"

The members of the Sun Moon Divine Fire Academy suddenly exerted force, but felt that Levi Garrison's fingers were like giant steel pliers, no matter how hard he exerted his strength, he couldn't shake it.

"how can that be?"

The members of the Sun Moon Divine Fire Academy couldn't believe what was happening in front of him. He continued to turn on the engine, but the ancient sword still couldn't move.
