Chapter 3976

There was nothing to say on the road, and after rushing on the road for several days, everyone finally returned to the Xingyue Divine Sect.

The Xingyue Shenzong is located in the continuous mountains, with magnificent buildings and misty clouds on the mountainside.

Levi Garrison immediately released his strength to investigate, and sensed a lot of powerful auras, and had a general understanding of the comprehensive strength of the Sun Moon Shenzong.

“This way, you don’t have to secretly seek information.”

Levi Garrison laughed dumbly, the powerhouses of the Xingyue Divine Sect could not pose a threat to him at all.

Murong Qingxue took Levi Garrison directly to see the core executives and the sect master of the Divine Star Moon Sect.

In the face of this level of powerhouse, Murong Qingxue already wanted to win over, so that the influence of the sect could be raised to a higher level.

After learning that Levi Garrison had rescued the Holy Maiden and others and the matter of the dragon vein competition, Mu Rongwanqing, the Sect Master of the Xingyue Sect, personally met him.

In the welcoming hall of the Xingyue Divine Sect.

Mu Rong Wanqing sat in the middle. He was a woman in her fifties, but her appearance was the same as that of a woman in her thirties.

After a few words of courtesy, Mu Rong Wanqing asked, "I don't know what Mr. Ye plans to do next?"

"I really have a plan, but I don't know if Sect Master Murong will agree?" Levi Garrison said with a chuckle.

Mu Rong Wanqing was slightly startled, and asked in a puzzled way, "I don't know what Mr. Ye means by this?"

"The meaning is very simple."

Levi Garrison stood up slowly, and said with a smile, "From now on, the Xingyue Shenzong will be in charge of me."

As soon as the voice fell, the scene was in an uproar after a brief silence.

"It's ridiculous, do you really think that if you kill a few people from Sun Moon Divine Fire Academy, you will be invincible? You still want to occupy a magpie's nest?"

"Levi Garrison, you are too arrogant. Although our Xingyue Divine Sect is no better than the top sect, you are still far from being the king!"

"If it wasn't because of your merit in saving the saint, then just what you said just now would be a sin and worthy of death."

Many elders of the Xingyue Shenzong slandered each other, and some of them had already set up a fighting stance and were ready to attack Levi Garrison at any time.

Mu Rong Wanqing also narrowed her eyes slightly, and her tone was not as kind as before, even showing a hint of chill.

"Mr. Ye isn't joking, is he?"

While speaking, Mu Rong Wanqing suddenly started the exercise, and the terrifying energy spread around her body.

Murong Qingxue's face was full of panic, and she never thought that Levi Garrison would suddenly make such a rude request.

Although he had not been in contact with Levi Garrison for a long time, Murong Qingxue could also feel that the latter was the type that was unequivocal.

Since Levi Garrison already has the mind of taking over the host, this battle is probably unavoidable.

Levi Garrison didn't care at all about the energy released by everyone, and still said with a relaxed face: "Why don't we make a bet?"

"If you can beat me, I will be used by the Xingyue Shenzong from now on."

"But if you are not my opponents, then the Star Moon Sect will follow my lead from today."

"Of course, if you don't choose either of these two paths, I will kill you Xingyue Divine Sect."

Everyone in the Xingyue Shenzong was furious when they heard this, and Levi Garrison was too arrogant.

This is to completely ignore them!

Mu Rong Wanqing waved her hand, and the scene instantly became quiet.

"Is what Mr. Ye said true?"

Mu Rong Wanqing felt that if Levi Garrison's words counted, then it was worth taking a gamble.

It doesn't matter what method you use, how many people you send, as long as you can beat Levi Garrison, the Xingyue Shenzong will gain a tiger general.

Thousands of troops are easy to get and one general is hard to find, and Kunlun Ruins is no exception.

Levi Garrison said with a serious face: "Naturally, it seems that Sect Master Murong has already made a choice."

"Okay, then we'll agree."

In order to be safe, Mu Rong Wanqing added, "If we use the wheel to fight, Mr. Ye won't say that we use more to bully less, right?"

"Don't fight the wheel, let's go together!" Levi Garrison said with a smile.

"Insanity!"

The deputy sect master shouted loudly, and the long sword was like a poisonous tongue spouting a letter, directly stabbing Levi Garrison's heart.

laugh!

Because the speed was too fast, there was a sound of cutting through the air where the sword gang passed by.

Levi Garrison stood still, as if he was unaware of the approaching danger.

"This guy doesn't hide?"

"I'm afraid I won't react! The deputy sect master's sword is known for being fast."

"Sword Gang can pierce a small world as far as he can, and even if he doesn't die, he will be seriously injured!"

Most of the crowd watching the battle seemed to have seen the scene of Levi Garrison's blood splashing on the spot.

However, Murong Qingxue and the few people who had seen Levi Garrison's dragon vein battle were not so optimistic.

They had seen with their own eyes Levi Garrison's near-perverved physical strength.

"court death!"

Seeing that Levi Garrison hadn't dodged, the deputy suzerain immediately became furious, feeling that his majesty was being provoked, and then he increased his anger a bit.

The sword Gang formed the shape of a drill bit, spinning rapidly, as if it could penetrate all obstacles.

Ding!

A harsh metal collision sounded.

Everyone watched closely, and saw that the sword Gang was instantly offset by some invisible force, and the long sword stayed on the surface of Levi Garrison's skin and couldn't advance an inch.

"how can that be?"

The Deputy Sect Master was also shocked beyond measure.

Although the long sword in his hand is not a peerless weapon, it is also a top-grade weapon, especially after being warmed in the dragon veins for several years.

Coupled with the fact that he runs the exercises and activates the sword art, the powerful sword gang can easily cut through the super shield.

But this guy in front of him actually withstood the attack with his flesh and blood?

"The move is good, but the power is too small. Could it be that you learned this sword art from your sister-in-law?"

Levi Garrison said jokingly.

The vice sect master blushed, and suddenly became a little embarrassed.

"This is your courting death, no wonder this seat!"

The deputy sect master stepped back and ran the sword art again. He could clearly feel that the strength of the sword gang at the moment was ten times more violent than before.

"Xingyue Meteor Killing, the Deputy Sect Master is going to use his nirvana."

"Who let Levi Garrison deceive people too much, humiliate in public, it's strange that the deputy sect master doesn't get angry!"

"This is a miserable surname Ye, it is estimated that there will be no bones left!"

The people of the Xingyue Divine Sect were talking a lot.

Levi Garrison heard the smile even more on his face, as if he didn't pay attention to the nirvana of the deputy suzerain.

He even said in the tone of the elders commenting on the younger generation: "This time the strength of the sword gang is stronger, but it is still too weak."

"I hope your mouth will be so hard after a while."

Before he finished speaking, the deputy sect master launched an attack again.

This time, the deputy sect master was almost integrated with the long sword, forming a storm of sword gangs together with the sword.

It seems to involve the surrounding things and destroy it.

"Good come!"

Levi Garrison stretched out his right hand, turned his fist into a palm, and shot out against the sword gang's edge.

Bang!

With the dull crashing sound, the originally terrifying Sword Gang Storm came to an abrupt end.

The images of the deputy sect master and the long sword became clearer and clearer, and Levi Garrison's vigor in his palm remained undiminished, as if it would be useless to counteract the sword gang storm.

"retreat!"

Levi Garrison shouted in a low voice, and the violent Qi machine that had been staying in the distance roared out, directly sending the deputy sect master flying out.

The qi power released by Levi Garrison seemed to have been accurately measured, and it just shook the deputy sect master to the seat.

"This seat is defeated, be convinced!"

The deputy sect master put his long sword into the sheath, clasped his fists at Levi Garrison and said, "Thank you, Mr. Ye, for your mercy."

The deputy sect master clearly felt that Levi Garrison's strength was too much stronger than himself just now, but if he released a little more energy just now, he would either die or be seriously injured.

The most important thing is that Levi Garrison's ability to retract and release Qi is almost abnormal.

At first, he just offset the sword gang, and then he shook himself to the seat just right.

Looking at the entire Star Moon Sect, I am afraid that no one has achieved this level.

The Return of the God of War [The Protector] Chapter 3978

The vice suzerain conceded defeat in public, and there was an uproar at the scene.

Many people didn't even understand what was going on in the fight just now, and they didn't even see how Levi Garrison made his move.

"The deputy sect master lost in the situation of the actual killing sword art?"

"The surname Ye is too strong, right?"

"What are you panicking about, the sect master hasn't made a move! There are still a few elders who have not yet displayed their combined attack, and the surnamed Ye may not have the last laugh."

Mu Rong Wanqing's eyes were also very solemn, she was very aware of the cultivation realm of the deputy sect master.

Xingyueyun killed the angry blow so completely, but Levi Garrison was relaxed and comfortable, and it was obvious that he didn't do his best.

"Elders, prepare for a combined attack formation. This seat is on the periphery to cooperate with your attack."

Mu Rong Wanqing immediately gave an order: "Remember to just defeat Mr. Ye, don't hurt his life."

"As ordered!"

Dozens of elders came to the courtyard and stood in multiple positions, each of them quickly urging the exercises.

Buzz!

The air machine broke out and rotated rapidly, forming dozens of energy vortexes.

Over time, these energy vortexes began to connect with each other, forming an extremely terrifying energy whirlwind.

The energy whirlwind rapidly changed its position around the individual bodies of the elders.

"Please Mr. Ye break the formation!"

Mu Rong Wanqing's cold voice came.

Levi Garrison didn't hesitate at all, and jumped directly to the center of the combined formation.

"Even if you make a move, don't have any reservations. I don't want you to make any excuses after your defeat."

Levi Garrison said with a smile.

A hint of anger flashed in Mu Rong Wanqing's eyes.

To be honest, she just now had a heart of cherishing talent, and she had no intention of seriously hurting Levi Garrison. After all, the combined attack formation was unparalleled.

Coupled with the fact that he was in charge of the peripheral attacks and made up for the weak link of the joint formation, Levi Garrison basically had no chance of winning.

Never thought that Levi Garrison not only did not appreciate it, but even further provocative.

"The elders listened to the order and increased the power of the formation. Since Mr. Ye has this request, we have to try our best to meet it, right?"

Murong Qingxue said coldly.

"As ordered!"

The elders saw that Levi Garrison was holding his breath, but now he can finally be ashamed, and they spared no effort to mobilize the Qi machine to flood the joint attack formation.

The energy whirlwind in the big array became more and more terrifying. Hundreds of tons of boulders in the courtyard were uncontrollably sucked into the whirlwind, and they were turned into powder in an instant.

"That's interesting!"

Levi Garrison did not have any passive defense this time, but chose to take the initiative to attack and punch the violent energy whirlwind.

hum!

There was a faint sound of breaking the sound barrier in the void, and at this moment it seemed that the space was torn apart by the fist wind.

Boom boom boom!

At the moment when the first punch made contact with the energy whirlwind, there was a deafening impact sound, as if the Nine Heavens Divine Thunder!

"One punch can't be destroyed, then another punch!"

Levi Garrison punched again at the energy whirlwind.

The punch just now was only half-successful, but this one directly succeeded.

Bang!

The energy whirlwind formed by the joint attack formation seemed to be hit hard, and its power was almost shattered in an instant.

After a while, there were only a few thumb-sized energy whirlwinds spinning rapidly in the array.

"Come again!"

Levi Garrison was not in a hurry to break the formation.

However, before he finished speaking, he suddenly felt the evil wind behind him.

Levi Garrison didn't even turn his head back, and directly stuck out his two fingers, pinching the ancient sword in Mu Rongwanqing's hand with great precision.

"I never thought that Sect Master Murong was proficient in this way."

Levi Garrison teased: "But I said before, you can join forces at will."

"Go back to me!"

With a flick of Levi Garrison's finger, the powerful Qi machine directly collided with the blade.

Mu Rong Wanqing only felt that her arm was numb, and the ancient sword's blade trembled violently, almost letting go.

The whole person was even more shocked by the terrifying air machine.

Levi Garrison first smashed the energy whirlwind of the combined formation, and then flicked his fingers to fly Mu Rong Wanqing.

Such a terrifying personal combat power made the high-level petrochemical of the Sun Moon God Sect present on the spot.

They even thought they were hallucinating.

"This joint attack formation can instantly strangle the masters of the sect master level, but was actually blown up by Levi Garrison's three fists?"

"The timing of the Sect Master's sneak attack was just right. It's unbelievable to think that Levi Garrison was still aware of it in advance!"

"Why do I have an ominous premonition!"

Advertisement

For the first time, the members of the Xingyue Shenzong were shaken by their belief in the invincibility of the sect.

The key point is that Levi Garrison didn't seem to be doing his best from beginning to end!

"Now it's my turn to attack. If your big formation can hold my three punches, I will lose this battle."

Levi Garrison said boldly.

A smile suddenly appeared on the corner of Mu Rong Wanqing's mouth, and she said solemnly, "I hope your words count."

In addition to the attack power, the joint attack formation can gather everyone's skills and burst out instantly.

But what this formation is more powerful is defense, which can hold back higher-level powerhouses to the greatest extent.

So Levi Garrison said that the three-fist break is basically equivalent to an idiot talking about a dream.

Just broke the energy whirlwind and released four punches, not to mention the defensive energy?

"Combine!"

Following Mu Rong Wanqing's order, the elders again urged the exercises.

Soon several incomparably thick energy shields appeared out of thin air, protecting the elders layer by layer.

"Break it for me!"

Levi Garrison's feet suddenly waited for the ground, and the whole person was like a human cannonball, smashing directly at the energy shield.

The fist slammed firmly on the energy shield. At this moment, it seemed to freeze in an instant, and everyone stared at the contact position of the fist shield.

Clap clap!

The energy shield suddenly cracked at a speed visible to the naked eye.

Boom!

After a while, the energy shield shattered.

The aftermath of the powerful energy slammed into the elders like a tsunami.

The formation of the joint attack formation was disorganized in an instant, and the elders simply did not have time to continue forming the formation to gather energy shields.

Bang bang bang!

Several dull voices sounded, and dozens of elders were shaken and flew out one after another, and they were all in a mess for a while.

Why three punches?

One punch!

The scene was dead silent, and everyone didn't even dare to come out.

Gollum!

Mu Rong Wanqing also swallowed hard.

She is most aware of the power of the joint attack formation. In terms of defensive power alone, even if she displays the strongest killing move, it is impossible for her to be defeated with a single blow.

"How terrifying is his power?"

Mu Rong Wanqing looked at Levi Garrison, who was as steady as Mount Tai, and the shock and horror in her heart couldn't be added.

To this day, Mu Rong Wanqing couldn't even think of any resistance.

"I'm not on the same level as him at all, and continuing to fight is just self-inflicted humiliation."

"And even with the punch just now, Levi Garrison seems to be able to handle it with ease?"

Mu Rong Wanqing sucked in a breath, she no longer dared to go down.

If Levi Garrison had murdered just now, I am afraid that dozens of elders have already returned to Jiuyou.

"Levi Garrison said before that he could destroy the entire Xingyue Sect. It's not arrogant at all."

"He can really do it."

Mu Rong Wanqing let out a long sigh, and announced directly to the members of the sect: "From now on, the Xingyue Divine Sect will obey Mr. Ye's orders."

"Yes!"

Everyone agreed in unison, and no one stood up to object.

The strong people in the Kunlun Ruins are respected, and the terrifying strength displayed by Levi Garrison has convinced everyone in the Xingyue Divine Sect.

"The subordinates see the suzerain."

Mu Rong Wanqing said respectfully.

The others followed suit, kneeling on the ground one after another, shouting to see the sect master.

Murong Qingxue was still in a trance even now.

In any case, she never thought that Levi Garrison would become the suzerain of the Xingyue Divine Sect in a blink of an eye.

"How exactly did he cultivate?"

Murong Qingxue was shocked beyond words.

Just now, Levi Garrison was almost effortlessly crushing the many masters of the Xingyue Divine Sect.

Levi Garrison said solemnly: "Since you follow me, I will naturally not treat you badly, everyone please get up!"

Everyone stood up one after another, and they were completely convinced by Levi Garrison's terrifying strength.

In particular, Mu Rong Wanqing was even more convinced, she had no doubt that as long as Levi Garrison was willing, the entire Xingyue Divine Sect could be destroyed.

Advertisement

"Listen to Murong Qingxue saying that the Xingyue Shenzong has a close relationship with the Taixu Shenzong. Give me a detailed introduction to the situation of the Taixu Shenzong."

Levi Garrison said solemnly.

As the suzerain of the Xingyue Shenzong, Mu Rongwanqing has a deep understanding of the Taixu Shenzong.

Introducing the situation to Levi Garrison also naturally fell to her.

Advertisement

"Sect Master, the Taixu Shenzong has seven holy sons and thirty-five elders, and the deputy suzerain and the suzerain are the strongest singles."

"On the whole, the overall strength of the Taixu Shenzong is on a par with the Xingyue Shenzong."

"But it is said that the Sect Master of the Taixu Shenzong has been in retreat for many years, and the specific combat strength is unknown. The two of us had a discussion a few years ago."

"In that battle, the two of us fought hundreds of rounds without a draw."

Levi Garrison was quite surprised when he heard this, he thought he was still some distance away from a sect of the level of Taixu Shenzong!

If you want to seek revenge for Gong Qianqiu, Sanshengzi and others, you must at least act cautiously, and it can even be said that you need to be careful to be foolproof.

I never thought that the Taixu Shenzong was not as terrifying as I imagined!

"They don't have any trump card like the Great Array of Protecting the Sect?"

Levi Garrison continued to ask.

Advertisement

Mu Rong Wanqing thought for a moment and said, "I don't know this very well, but even if there is, it won't be stronger than the defensive power of the elders' combined formation."

"Except for the top sects in the Kunlun Ruins, which have a defensive trump card similar to the Great Array of Protecting Sects, the middle sects like us still don't have that foundation."

"And this level of formation requires the cooperation of top spiritual masters and sect masters to arrange."

"What's more, the guardian formation must be based on the dragon veins, and with the strength of the middle sect, there is simply no way to create an extra dragon vein formation."

"I see!"

Levi Garrison suddenly realized that, after all, the middle sect did not have such a large cultivation resource to arrange a great formation to protect the sect.

"According to what you said, I can directly destroy the Taixu Shenzong now?"

"Will it be too risky?"

What the hell!

The people of the Xingyue Divine Sect were momentarily speechless.

Your old man has this kind of strength, still afraid?

"Ye Xian...Sect Master, the strength of the Taixu Shenzong and the Xingyue Shenzong are evenly matched, and you can overwhelm everything here."

"Naturally, it is also possible to destroy the Taixu Shenzong. The only place that may be a little tricky may be the suzerain of the Taixu Shenzong."

Murong Qingxue said suddenly.

"Isn't that Sect Master's strength comparable to yours?"

"Even if you are in seclusion for a few years, how much stronger can you go out?" Levi Garrison turned his eyes to Mu Rong Wanqing.

Mu Rong Wanqing hurriedly explained: "The sect master doesn't know anything, but it's not that the strength of the sect master of the Taixu Shen sect will be beyond imagination."

"But his identity is rather special. The Sect Master of the Taixu Shenzong comes from a super large sect. It is said that it is more terrifying than the Sun Moon Divine Fire Hall."

"But I don't know why that sect master has never used the power of a super sect, and he is not in the Taixu Shenzong recently, and his whereabouts are unknown."

Although Mu Rong Wanqing's remarks were very euphemistic, Levi Garrison could also hear the worry in it.

I worry that once the Taixu Shenzong is destroyed, the super sect behind the sect master will take action against Levi Garrison.

At that time, there is a high probability that the Xingyue Divine Sect will also be affected by Chiyu.

Levi Garrison said with a smile: "It's okay, just destroy the Taixu Shenzong directly, and I will bear all the consequences alone."
