Chapter 151

“Mo Dong gave this house to us when he divorced my mother.”

Mo Yan's expression turned colder. As she spoke, her eyes that were staring at Mo Lian were burning with anger.

“Gave to you? What proof do you have? Dad said that this house is mine. It's up to me whether I want to keep it or sell it. Since you're here, take away your things, so that I don't have to waste my energy. Your items aren't worth me paying other people to bring them away.” Mo Lian's face was full of pride as she spoke, she didn't even bother to hide her smile.

“Get Mo Dong to come here and say it to my face.”

Mo Yan clenched her fists tightly. She suddenly remembered how Mo Dong chased the three of them away.

Back then, Mo Dong abandoned them just like that, without any warning. This house became their last refuge. Yet today, Mo Dong even wanted to take back this place!

“Get Dad to come? Mo Yan, you're really shameless! You want to make him angry by seeing Mo Cheng, this bastard? Mo Yan, I advise you not to be ungrateful.”

When Mo Yan heard Mo Lian mention Mo Cheng, she instantly had a bad premonition.

“Shut up! Don't talk nonsense! Get out of my house!” Mo Yan pointed at the corridor and shouted.

“Ha! I'm talking nonsense? Mo Yan, whether what I said is true or not, you know in your heart.” As she spoke, Mo Lian glanced at some people who had opened the door to listen to gossip.

/

“Come, everyone listen. Back then, Mo Yan's mother was really amazing. She did dirty things and kept them a secret. In the end, when the matter was exposed, she asked my father to divorce her.”

Mo Yan glared at Mo Lian and berated, “Scram! You illegitimate daughter, how dare you slander Cheng.”

After saying that, Mo Yan quickly turned to Mo Cheng and asked, “Cheng, don't listen to her nonsense. She's making up a story. Don't listen to her.”

Mo Cheng's face was deathly pale. He forced a smile at Mo Yan and said, "Sister, she's such a horrible person. Why would I listen to her? Don't worry."

Even though he said that, Mo Cheng's expression didn't look like he was fine at all.

Seeing the two siblings talking, Luo Tao stood in front of them and confronted Mo Lian.

Facing Luo Tao directly, his handsome face made Mo Lian lose her focus for a moment. However, she immediately met Luo Tao's pair of eyes that were filled with disdain, and in an instant, it was as if an explosive barrel had been ignited.

"You're Luo Tao, right? Hah. You still don't know who you married, right? Then let me tell you. The person you married isn't the real daughter of the Mo family. You married an illegitimate daughter."

Mo Lian's smile was wild. She was looking forward to the man's expression when he found out that he had married such a woman. Even though she knew that Luo Tao was just a hooligan, Mo Lian did not want such a good-looking man to stay by Mo Yan's side. She did not want the couple to be harmonious.

"Then who is the real daughter of the Mo Family?" Luo Tao reached out to stop Mo Yan who wanted to slap Mo Lian and asked calmly.

Hearing Luo Tao's question, Mo Lian's face was full of pride, "Of course, me."

"You are the Mo family's biological daughter?" Luo Tao deliberately emphasized the last four words.

"Of course."

Luo Tao curled his lips and sneered, "The engagement between the Luo family and the Mo family is between me and the young miss of the Mo family. Then why did Mo Yan marry me?"

"This, this is because back then, Mo Yan used my father's mistake to threaten the Mo family, so he let her marry you."

Upon hearing Luo Tao's words, Mo Lian's expression instantly became a little flustered. She recalled the lie that she had made up previously and hurriedly said it out.

"So that's what happened. Your family was forced to let Mo Yan marry me. However, Mo Yan doesn't look like she has any power to force anyone?" Luo Tao said as he swept his gaze behind Mo Lian.

Although his expression was indifferent, it scared the people behind Mo Lian enough to take a step back. The scene of this man hitting someone was still vivid in her mind.

“Rather than Mo Yan’s coercion, I think you didn’t want to marry me because you heard that I was a hooligan. You wanted someone to marry me in your place,” Luo Tao continued.

“No! I said it was Mo Yan’s coercion!” Mo Lian argued forcefully.

Luo Tao’s expression was calm, and there was no warmth in his words. “Since your identity has been exposed, I wonder if you are still willing to marry me, this ignorant and incompetent gangster who just came out of prison.”

“I...”

Mo Lian was about to speak, but Luo Tao cut her off.

For a man, interrupting a lady was a rude act, but Luo Tao did it at this moment.

“Personally, I’d rather we not get married. I think it’s God’s will that I was allowed to have such a kind and cute wife by accident.”

After saying that, Luo Tao still gently wrapped his arms around Mo Yan’s shoulders and gave Mo Yan a gentle smile.

Chapter 152

Mo Lian was so angry that her whole body was trembling. Looking at the two of them who seemed to be in love, she wanted to tear them into pieces.

“She’s the child of a shameless woman! Her brother is the same! She tries to seduce every man she sees! You actually think she’s good? Do you know why she married you? For money. She thought your family was rich, so she threatened the Mo family.”

Even now, Mo Lian still did not forget the story she made up.

“Are you saying that Mo Yan thought I was rich, so she threatened you?” Luo Tao’s indifferent eyes were filled with mockery. “I have been married to Mo Yan for a long time. If she really wanted money, why didn’t she divorce me after she found out the truth?”

Faced with Luo Tao’s question, Mo Lian was instantly speechless.

“If you want to make up a story, remember to think clearly about the cause and effect before you speak.”

Luo Tao used this sentence as the last sentence in their conversation.

From the moment Luo Tao opened his mouth, Mo Yan’s heart was beating rapidly. Her palm that was holding Mo Cheng was also unknowingly sweating. She was afraid that Luo Tao would leave her because of her identity.

Especially when Luo Tao said, “I wonder if you are still willing to marry me, a hooligan who just got out of prison who is ignorant and incompetent.” Mo Yan even wanted to cover her ears, she was afraid that Mo Lian would agree to it, but she was even more afraid that Luo Tao would divorce her.

The ups and downs in their conversation made Mo Yan have the urge to cry. No matter what, he would always stand by her side.

/

At this moment, Mo Cheng also stood in front of Mo Yan, holding a small red notebook that he had picked up at some point in time.

“What about you? Mo Dong and my mother divorced two years ago, but you’re older than my sister, Ha!”

Although Mo Cheng’s face was still pale, his words were loud and clear. Together with Luo Tao, they protected Mo Yan behind them.

“You bastard, how dare you compare Mo Yan to me, I...”

At this point, Mo Lian instantly quieted down, as if she had thought of something.

“Why don’t the three of us go to Mo Dong and do a full paternity test together!”

Mo Lian was rendered speechless by Mo Cheng’s words. She only stared at him with a gaze that seemed to be eating him alive.

“No matter whose child I am, it’s the truth that Mo Dong cheated first.”

Mo Yan looked at Mo Cheng with heartache. He was only a student, yet he had to face so many people at once, and he even fought back against the other party’s ridicule.

“Then I’m better than you! I’m Dad’s daughter! You don’t even know who your father is!”

Mo Lian was still shouting vigorously and wanted to use even more vicious words to attack Mo Cheng, but she did not expect the sound of sirens from downstairs.

...

After the three of them were questioned, it was already evening when they returned to their residence.

Mo Yan didn't dare to let Mo Cheng live alone, so she brought Luo Tao back here.

In the police station, including Mo Lian, none of them mentioned the Mo family's scandal. It was meaningless to bring this up in front of more people, so they just casually said some reasons for their argument. The police could only nag them a little, emphasizing the consequences of breaking into private homes to Mo Lian. As for the few people who were beaten up, because they were the ones who took the initiative to attack first, Luo Tao was acting in self-defense, so the matter was disregarded.

The three people who sat on the sofa were silent.

Mo Cheng looked at Luo Tao and then turned to Mo Yan, saying in a low voice, "Sister, I'll go to the house to pack my things first."

He knew that the two of them had a lot to talk about, so he left them.

"I'm sorry, I lied to you." Mo Yan's voice was very low and a little shaky.

"It's okay."

Luo Tao's gentle voice made Mo Yan's heart hurt even more.

"At that time, because my mother was sick, the Mo family said that as long as I was willing to marry Mo Lian to you, they would pay for the treatment of my mother's illness." Mo Yan told him the truth that she had been hiding, then, she bit her lower lip and said, "Of course, these aren't excuses for me to lie to you. I'm willing to make it up to you."

"What if I say divorce?"

Luo Tao's calm question surprised Mo Yan. She thought that Luo Tao had feelings for her, but she didn't expect him to ask this.

After a long time, Mo Yan heard her own hoarse voice say, "Okay."

However, when she said this, Mo Yan raised her head slightly to look at the window beside her. She didn't want her tears to fall.

Chapter 153

The next day, Mo Yan rested for a day. Because of yesterday's situation, CEO Song directly approved her leave.

Although Mo Yan and Mo Cheng had agreed to come together last night, Mo Yan and Luo Tao still made a trip to the hospital first.

When they came to Mo Yan's mother's ward, because she wanted to ask about her mother's past, Mo Yan told Luo Tao to wait outside for a while.

When she knocked on the door, her mother was leaning against the headboard in a daze. When she heard the voice, she turned around and gave Mo Yan a gentle smile.

"Yan, why are you here?" Mother Mo asked.

"Mother, how are you feeling today?" Mo Yan smiled as she walked to mother Mo's bedside and put down the fruit.

"There are a lot of caretakers taking care of me. Why do you keep coming?" Mother Mo smiled as she answered Mo Yan.

Seeing that her mother was energetic, Mo Yan was also very happy. She knew that her mother's body was slowly getting better.

"Mom, I came here today because I have something to ask you," Mo Yan said carefully.

"Okay, tell me."

Mo Yan hesitated for a moment, but she still asked, "Mom, I want to ask you about Cheng's background."

Mother Mo's hand that took the fruit from Mo Yan froze, and her eyes looked at Mo Yan in a daze.

Mo Yan lowered her eyes and continued, "Yesterday, Mo Lian came to the house to cause a ruckus. She said a lot of things, including the fact that Cheng is not Mo Dong's child."

Mother Mo's hand that was holding the fruit slowly tightened and fell silent.

The ward was silent. Even the sound of breathing could be heard.

"Why did Mo Lian come to our house?" After a long time, mother Mo asked Mo Yan.

Mo Yan felt that Mo Lian wanted to take revenge on her for what had happened before, but saying so would require a lot of explanation. She could only say simply, "Mother, you know that Mo Lian has always been targeting me. It's normal for her to want to cause trouble, but she even brought up Cheng."

Mother Mo was silent for a long time before she looked at Mo Yan. Seeing that Mo Yan's eyes were filled with gentleness and determination, mother Mo could not help but shed tears as she covered her face and wept.

She did not know when her daughter had become so strong. It was her fault for making her children suffer so much.

"Cheng, he is not Mo Dong's child."

The affirmative answer that mother Mo gave was like a heavy hammer striking Mo Yan's heart. Even though she was prepared for it, her mind was still blank for a moment.

Mother Mo wept for a long time before she spoke with a trembling voice, "When you were five years old, I went to a class reunion once. That night, I was drunk."

"Originally, I asked Mo Dong to come pick me up, but I don't know why I woke up in the hotel room the next day, and..."

Mother Mo could not continue speaking. She could only cover her face with both hands and not look into Mo Yan's eyes. Mother Mo's words also reminded Mo Yan of the time when she was five years old. There was a period of time when Mo Dong and her mother had a cold war. Later, the two's relationship inexplicably eased up, and then there was Cheng.

It was also after that that the Mo family's business slowly improved, and the family's life became prosperous.

Mo Yan's hands clenched into fists. She suppressed her emotions and asked, "Mom, is this the reason why you and Mo Dong didn't split up your assets after the divorce?"

Mother Mo nodded. She was afraid that this matter would be exposed in front of others.

Mo Yan took a deep breath, grabbed mother Mo's hand, and said, "Mom, you said that you asked Mo Dong to pick you up. Did you call him?"

"Yes, I remember calling him and sending him a text message. I don't know why..."

At this point, mother Mo suddenly grabbed her hair, but she didn't use her fists to hit her head. The sudden violence scared Mo Yan so much that her heart was beating wildly. She quickly hugged mother Mo tightly and pressed the emergency bell beside the bed.

"Mother, mother, what's wrong with you? Don't scare me, don't scare me."

Mo Yan hugged mother Mo and asked anxiously, but mother Mo seemed to be unable to hear anything as she beat everything around her. Luo Tao also seemed to have noticed the abnormality in the room and rushed in directly.

Seeing the situation in front of her, he quickly held onto mother Mo with Mo Yan. The doctor quickly rushed over and injected a tranquilizer into mother Mo to calm her down.

Mo Yan looked at her mother's sleeping face and felt mentally and physically exhausted. Every time she felt that one thing was over, another thing would happen again.

When she heard the doctor telling her not to do anything that would provoke the patient and asking her to take her mother to see a psychiatrist, Mo Yan's heart was filled with mixed feelings.

Whether it was Cheng or her mother, terrible things had happened without her knowing, and she was powerless to do anything about it.

It was not until she made an appointment with Mo Cheng that Mo Yan instructed the caregivers to take care of her mother. Only then did Mo Yan and Luo Tao go to the entrance of the hospital to wait for Cheng.

"Sister, why didn't you go up first?"

Mo Cheng could not help but ask in surprise when he saw Mo Yan and Luo Tao waiting for him.

"We just arrived too. I wanted to wait for you."

"Okay, then let's go up together!"

Chapter 154

After they went upstairs, the nurse followed Mo Yan's instructions and informed Mo Cheng that his mother was tired from her walk and was resting.

Mo Cheng did not think too much about it. After seeing his mother with Mo Yan and Luo Tao, they left the ward. In the end, he did not forget to sigh, "Looks like I won't be able to get an answer anytime soon."

However, it was not known whether this sigh was disappointment or a sigh of relief.

After leaving the hospital, Mo Yan and Luo Tao sent Mo Cheng back to school.

However, before entering the school, Mo Cheng said that he wanted to talk to Luo Tao alone. This time, it was Mo Yan who went to the coffee shop at the side to wait.

Luo Tao looked at Mo Yan who was waving at him. He chuckled and said first, "What's the matter?"

"Brother-in-law, my sister told me everything."

Mo Cheng followed Luo Tao's line of sight. Mo Yan's smiling face reflected an indescribable feeling in his eyes.

"Hmm?" Luo Tao was not interested in what Mo Cheng wanted to say.

"I just want to tell you not to disappoint her."

"That's all?"

Luo Tao raised his eyebrows slightly, as if he understood what Mo Cheng meant.

Mo Cheng was silent for a moment before he said, "I want to know the truth."

"Haven't you already guess it?"

Mo Cheng's guess was confirmed by Luo Tao.

Therefore, Mo Cheng naturally realized that his mother was pretending to be asleep. Plus, Mo Yan didn't even go to work today.

"I still want to hear it from you guys, to extinguish my last bit of hope."

Luo Tao curled his lips and smiled, looking straight into Mo Cheng's eyes. "There's no need. No matter who your father is, you are still you. Moreover, so what if you get the answer? Can you change the past? Or can you decide the future?"

Mo Cheng was silent. He did not know why he was so persistent.

"I don't know. I just want an answer, and there's a reason."

“I don’t know the reason, but I know that if you ask about what happened in the past, it will hurt your mother. Whether your mother is more important or your identity is more important, it’s your choice.”

Hearing Luo Tao’s words, Mo Cheng lowered his eyes. He thought that he had already gotten an accurate answer.

“Brother-in-law, what do you think of illegitimate children?”

This question of Mo Cheng’s aroused Luo Tao’s interest. He was also curious if he told Mo Cheng the truth, would Mo Cheng be unable to recover from the setback or would it become a driving force.

“Illegitimate children should be spurned by others.”

Luo Tao’s words were filled with an inexplicable pain of disdain. Who knew that this was not the end.

“Although parents shouldn’t let their children bear the blame for their mistakes, it’s inevitable for people to vent their anger. It’s normal to be bullied and ostracized.”

When Mo Cheng heard Luo Tao’s extremely honest words, he clenched his fists even tighter and said, “If my sister had the same status, would you still be with my sister?”

Luo Tao thought of how the two of them got married by accident and how he was attracted to her and didn’t want to leave. The smile on his lips became even gentler.

“I wanted to be with your sister from the very beginning. There are many reasons why I was attracted to her, and I no longer care about her identity today.”

However, Mo Cheng seemed to be dissatisfied with his answer and stood there without saying a word.

“I’m impressed by your sister’s strength.”

When he heard his answer, a glimmer of light seemed to flash in Mo Cheng’s eyes.

“What if other people don’t want to get close to you because of your identity as an illegitimate child? How do you let them see your brilliance?” Mo Cheng asked.

“Observe them when they need help the most, or directly show your brilliance so that they can see it even if they don’t come into contact with you.”

Mo Cheng frowned. He understood what Luo Tao said, but didn't that sound like he was trying to please others?

"When the situation is not favorable, making some allies will turn the situation around."

Although Mo Cheng didn't ask, Luo Tao still said it.

Actually, when he was talking to Luo Tao, Mo Cheng had already thought it through. There were many things that he could not change and could not accept, so he might as well choose to move on.

He was still him.

Mo Cheng nodded and did not say anything more. He waved his hand at Mo Yan and walked into the campus with his suitcase.

Luo Tao had just walked to the seat opposite Mo Yan and sat down. A cup of coffee was placed in front of him. Luo Tao took a sip. It was the taste that he often drank when he was with Mo Yan.

"Why did you guys talk for such a long time? What did you talk about?" Mo Yan asked curiously.

Luo Tao just smiled and said meaningfully, "You don't need to know about man-to-man conversations."

In the afternoon, Mo Yan had something to do at the company and needed to leave. Luo Tao went to Qin Yuan's office.

The people in the Jade shop knew that this was young master Qin's friend, so they immediately led him to Qin Yuan's office.

"Come in."

After the secretary knocked on the door, Luo Tao heard lazy words.

Qin Yuan thought that it was a customer, so he pretended to drink tea. When he saw Luo Tao, Qin Yuan's forehead twitched. He hadn't seen Huo Zhen recently.

He waved his hand to dismiss the secretary. Qin Yuan saw Luo Tao pick up the teapot in front of him and pour himself a cup of tea out of habit.

"Fourth master Huo, how did you know I was back in C City?"

“Du Jing called me right after you left.”

When he found out the reason, Qin Yuan immediately cursed Du Jing in his heart.

“Fourth master Huo, what do you want this time?” Qin Yuan asked helplessly.

/

Luo Tao glanced at Qin Yuan. “Can’t I come to see you without any reason?”

Qin Yuan’s eyes widened at this answer. Why would Huo Zhen think of him when he had nothing to do? Usually, he would either give orders to his subordinates or hang out with Mo Yan. Why would he think of him?

Qin Yuan thought about it and said, “Why would a busy man like you think of me when you have nothing to do? Do you really have nothing for me to do today?”

“I didn’t, but seeing your disappointment, I thought of something.”

Luo Tao’s teasing of Qin Yuan was accurate, and Qin Yuan’s face instantly fell.

“I knew it. You have something for me to do.”

Qin Yuan’s mournful face made Luo Tao laugh.

“Help me look into the Mo family.”

“Ah? Haven’t you already looked into them?”

Qin Yuan’s face was full of disdain. It would be demeaning to have him look into such a small family.

“I’m talking about matters from more than ten years ago, Mo Dong and his ex-wife,” Luo Tao said calmly.

Qin Yuan almost spat out a mouthful of tea. What was Huo Zhen doing? He previously investigated Mo Yan. Now, he even wanted to look into her mother? Was he going to investigate everyone in the Mo family?

Facing Qin Yuan’s strange gaze, Luo Tao was also a little embarrassed. He coughed lightly and said, “Yesterday, Mo Lian went to cause trouble with Mo Yan and dug up old grudges. I’m a little curious.”

“Oh, if you’re curious, then go and investigate! Are you curious about the space satellite? Find someone to send you there to take a look?”

Qin Yuan had been ordered around by Luo Tao recently, and his mouth became more and more cheeky.

Luo Tao looked at Qin Yuan coldly, and Qin Yuan shivered from the cold, he quickly tried to remedy the situation, “Brother Huo, you may be curious, but you still have to leave some privacy for sister-in-law, right? You want to investigate and let sister-in-law have no secrets at all? How can you give people a sense of security?”

“Sense of security?” Luo Tao did not understand. He wanted to know everything about Mo Yan so that he could deal with any emergencies in the future and protect her.

Qin Yuan thought for a moment and said, “Let’s look at it from another angle! Let’s say that if sister-in-law knew everything about you, whether it was good or bad, what would you think?”

“There’s nothing that I can’t let her know,” Luo Tao said with a frown.

Qin Yuan carefully recalled everything about Huo Zhen and suddenly could not help but sigh.

From a young age, his family background was outstanding and his grades were excellent. Not only did he receive countless awards at school, but when he went abroad to study, he also gained a foothold in an unfamiliar environment and became a prominent figure in that school, when they heard that Huo Zhen had graduated and returned to the country, many girls cried until their makeup was ruined.

After Huo Zhen took over the Huo family, he pushed the Huo family to a new height and collaborated with the country on many projects, breaking the Huo family’s tradition of not getting involved in politics.

The more Qin Yuan thought about it, the more worried he became. Huo Zhen has changed too much.

Sighing, Qin Yuan said, “Do you want sister-in-law to know what happened to you in your third year?”

Qin Yuan’s words instantly made Luo Tao’s face freeze. Then, he narrowed his eyes. “Why are you bringing this up?”

“To let you feel the feeling of being spied on.”

Luo Tao did not speak. His pair of cold eyes looked at Qin Yuan. Qin Yuan swallowed his saliva and laughed dryly. "Haha, this time, you probably don't want to investigate sister-in-law anymore, right?"

Seeing that the atmosphere was a little awkward, Luo Tao retracted his gaze and lowered his eyes. "Investigate."

"Ah?"

Qin Yuan thought that after pouring out his heart and soul to tell Luo Tao so much, Luo Tao would not insist, but who would have thought..

"I'm not investigating Mo Yan, I'm investigating Mo Dong."

With that, Luo Tao stood up and left, not giving Qin Yuan the slightest chance to refuse. Just as the door closed, Qin Yuan's wail came from inside the room.

In Song Yun's office, Mo Yan took the information sent by the company's investigation team from C City and examined it in detail.

This project was an internal project of Lin Group, and it was highly profitable. In other words, if this project was successful, Hong Jing and Lin Group would have established a working relationship.

Unlike the project that the Lin family's crown prince took over completely, this project was more prudent. It was a serious inter-company cooperation.

Song Yun was also a little excited to have Mo Yan rush back to the company. The project that Mo Yan brought this time was much better than their previous one.

"Mo Yan, what do you think?" Song Yun looked at Mo Yan and asked.

Mo Yan replied with a smile, "I think the project is very good. If we can get it, not only will we have a foothold in Jing City, but we can also establish a long-term relationship with Lin Group. There will be benefits and no harm."

Song Yun looked at Mo Yan with a probing gaze. "Do you think Hong Jing should accept this project?"

"CEO Song, I don't think that this is something I can decide."

Mo Yan felt that her relationship with CEO Song seemed to be somewhat different from that of a normal superior and subordinate, so their conversation was also different from that of a leader and an employee.

“After all, after you’ve experienced that kind of thing, as your boss, I should still ask more questions.”

“CEO Song, I’m a member of the company. Everything is based on the company’s interests. I won’t bring my personal problems into the work.”

Although Mo Yan’s answer was old-fashioned, it received a look of appreciation from Song Yun. The company needed all kinds of talents, and they could tolerate the characteristics of talents. However, when it came to the development of the company, everything had to be put first.

“Okay, okay. When this project is successfully signed, I will recommend you to be my assistant.”

Mo Yan’s eyes instantly lit up. Finally, CEO Song brought up this topic.

“Thank you, CEO Song, for giving me a chance.” Mo Yan sincerely bowed to Song Yun.

Song Yun smiled and said to Mo Yan, “I called you here today when you were on break.”

Mo Yan smiled to show that she was fine. Then, the two of them chatted a little about the project before Mo Yan left.

When they reached the floor where Team A’s office was located, Mo Yan’s elevator stopped. The person who came in was Li Guoguo. When she saw Mo Yan, her eyes lit up.

Come and read on our website [wuxia worldsite](#). Thanks

“Sister Mo Yan, aren’t you resting today? Why are you here in the office?” Li Guoguo asked in surprise.

“I have a project that I need to talk to CEO Song about.”

“Eh? Sister Mo Yan, you signed the contract again? That’s amazing! When are you going to bring me along?”

Mo Yan pinched her face helplessly and said, “It’s not a contract. There’s a project that needs CEO Song’s approval.”

“Oh! I see!” A trace of unnoticeable disappointment flashed across Li Guoguo’s eyes.

“Oh right, sister Mo Yan, you promised to introduce brother-in-law to me! During this period of time, brother-in-law has been coming to pick you up every day. You’re not even coming with us anymore.”

Although there was friction between Xu Tian and Li Guoguo, the two of them would still occasionally walk together because of Mo Yan, plus Xu Wan and her friends. Mo Yan could be considered to have a group of close friends in the company, so naturally, she did not dare to blatantly tell Mo Yan about it.

Thinking of Luo Tao picking her up during this period of time, Mo Yan could not help but reveal a sweet smile. "He has been quite free recently, so he often comes to pick me up."

"Aiya, sister Mo Yan, if you don't introduce brother-in-law to me, I will die of curiosity. Oh right, sister Mo Yan, you have to wear that bracelet that brother-in-law gave you occasionally! Otherwise, how can you prove your love?" Li Guoguo's gaze fell on Mo Yan's wrist as she said.

Mo Yan was amused. After all, she was still a young girl who was not married. "Love doesn't need to be proven. If a person likes you, just by looking at him, you can feel his feelings."

Li Guoguo pouted and said unhappily, "Such a beautiful bracelet, I want to see it more often! Sister Mo Yan, you have to wear it often!"

"Okay, okay, okay. I'll wear it for you when I have the chance." Mo Yan had a headache, so she had no choice but to agree.

Ding! The elevator door opened and they reached the first floor.

Li Guoguo looked at the decorations outside and exclaimed in surprise. She then looked at the panel and her little face instantly fell.

"Oh no, I forgot to press the floor button. Sister Mo Yan, I'll go up first. I'll go deliver the things first."

"Okay."

Mo Yan bid farewell to Li Guoguo and walked out of the company. As expected, she saw the figure who was waiting...

"Luo Tao, where are we going next?"

Standing in front of the market, Luo Tao looked a little dazed.

Although he had done many interesting things with Mo Yan, he didn't expect that Mo Yan would bring him to the market one day.

“Luo Tao, why aren’t you coming? What are you thinking about?” Mo Yan stood in front of a fruit stand and waved at him.

Luo Tao said in a stiff voice, “I’m coming.”

The smell of all kinds of vegetables and fruits entered his nose. He didn’t know what it was mixed with, but it gave Luo Tao a headache.

“Boss, how much is a kilogram of strawberries?”

“16 yuan. Young lady, do you want a box?”

Mo Yan picked up the transparent box and looked at it. The strawberries inside were red and plump, very tempting. Mo Yan’s craving was aroused.

Pulling on Luo Tao’s sleeve, Mo Yan asked, “Luo Tao, do you like strawberries?”

Luo Tao rubbed his temples at this time and answered, “It’s okay.”

“Yes, boss, a box of strawberries.”

After paying, Mo Yan pulled Luo Tao out. Luo Tao was stunned by her actions.

“Aren’t you going to buy groceries?” Luo Tao asked.

Mo Yan smiled and said, “There’s a lot of smells in the market. You’re probably not used to it. Wait for me outside. I’ll come out after I’m done buying.”

Hearing Mo Yan’s words, Luo Tao opened his mouth but didn’t know what to say.

“Actually, I wasn’t used to it when I first came here. However, after everything happened, I could only buy vegetables and cook myself. I had to be careful with the money I earned. In the beginning, I bought everything in supermarkets. Gradually, I realized that the market was much cheaper than supermarkets, so I formed the habit of buying things in the big market.”

Mo Yan’s expression was obviously calm, but it made Luo Tao feel a trace of heartache.

It was hard to imagine how much she had experienced from being a carefree, naive little girl who was forced into independency overnight and needed to calculate everything to support her family.

Luo Tao grabbed Mo Yan’s hand and said, “I’ll walk with you.”

Mo Yan looked at him in surprise. Luo Tao ignored her expression and walked straight to the vegetable stall.

Seeing that Luo Tao had made up his mind, Mo Yan did not say anything more. Coincidentally, the stall that Luo Tao dragged Mo Yan to was where Mo Yan usually bought vegetables.

“Yo! Yan is here!”

As she spoke, the vegetable seller looked at Luo Tao. When he saw Luo Tao’s outfit, she felt that he looked out of place.

The vegetable seller nodded anyway.

“Auntie, do you have any good vegetables today?” Mo Yan smiled and asked.

“Today!” As she spoke, the vegetable seller took out a few bundles of small cabbage from the foam box behind her and said, “These were sent by my husband in the afternoon. I thought that you might come to buy some vegetables, so I kept them.”

Mo Yan took out a bundle of small cabbage from a few bundles of green, glossy, and watery cabbage and said, “Auntie, didn’t you always get vegetables in the morning? Why did they come in the afternoon today?”

“My husband was delivering vegetables to another shop. They asked for two boxes, but he somehow remembered them as three boxes. He took the remaining box and brought them here. There are only a few left, so he specially kept them for you.”

“Thank you, Auntie! By the way, remember to bring your medicine with you,” Mo Yan reminded her.

She was familiar with the vegetable selling auntie, but once the Auntie suddenly fainted and no one dared to come forward. Only Mo Yan accompanied her to the hospital and paid for the medical fees. This made the Auntie’s family very grateful.

After that, they became familiar with each other. When Mo Yan came to the market, the woman would bring out the best vegetables for Mo Yan to choose from.

“I’ve brought them. My husband has been staring at me every day. It’s very annoying,” the woman said with a smile.

Although she was complaining about her husband, the smile on the woman’s lips never faded.

After picking a few more vegetables from the woman’s stall, Mo Yan pulled Luo Tao inside. There were all kinds of meat available.

Looking at Mo Yan who was greeting people beside him, Luo Tao couldn't take his eyes off her. She was a shining body everywhere.

Mo Yan kept telling him about the interesting things she had encountered in the market, and also how she met the people selling vegetables. Gradually, Luo Tao seemed to be able to get used to the smell of the market.

Along the way, Mo Yan talked about the whole way, and Luo Tao also listened to the whole way.

"Luo Tao, do you like this kind of life?"

The sudden question made Luo Tao stunned for a moment, and then he nodded lightly.

"Yes, me too. It's good to be plain and indifferent like this." Mo Yan sighed.

Luo Tao frowned and said hesitantly, "You don't like the life of the rich?"

"It's alright! But being with the Mo family in the past, I wouldn't like it. That kind of life is like a castle in the air. If you lose your support, you will fall into pieces."

Under the setting sun, Luo Tao looked at the side of Mo Yan's face. It was quiet and beautiful, with traces of loneliness.

Her scattered hair was blown by the wind, like an elf wandering in the world.

Substitute Bride's Husband Is An Invisible Rich Man

Chapter 155

In the afternoon, Mo Yan had something to do at the company and needed to leave. Luo Tao went to Qin Yuan's office.

The people in the Jade shop knew that this was young master Qin's friend, so they immediately led him to Qin Yuan's office.

"Come in."

After the secretary knocked on the door, Luo Tao heard lazy words.

Qin Yuan thought that it was a customer, so he pretended to drink tea. When he saw Luo Tao, Qin Yuan's forehead twitched. He hadn't seen Luo Zhen recently.

He waved his hand to dismiss the secretary. Qin Yuan saw Luo Tao pick up the teapot in front of him and pour himself a cup of tea out of habit.

“Fourth master Huo, how did you know I was back in C City?”

“Du Jing called me right after you left.”

When he found out the reason, Qin Yuan immediately cursed Du Jing in his heart.

“Fourth master Huo, what do you want this time?” Qin Yuan asked helplessly.

/

Luo Tao glanced at Qin Yuan. “Can’t I come to see you without any reason?”

Qin Yuan’s eyes widened at this answer. Why would Huo Zhen think of him when he had nothing to do? Usually, he would either give orders to his subordinates or hang out with Mo Yan. Why would he think of him?

Qin Yuan thought about it and said, “Why would a busy man like you think of me when you have nothing to do? Do you really have nothing for me to do today?”

“I didn’t, but seeing your disappointment, I thought of something.”

Luo Tao’s teasing of Qin Yuan was accurate, and Qin Yuan’s face instantly fell.

“I knew it. You have something for me to do.”

Qin Yuan’s mournful face made Luo Tao laugh.

“Help me look into the Mo family.”

“Ah? Haven’t you already looked into them?”

Qin Yuan’s face was full of disdain. It would be demeaning to have him look into such a small family.

“I’m talking about matters from more than ten years ago, Mo Dong and his ex-wife,” Luo Tao said calmly.

Qin Yuan almost spat out a mouthful of tea. What was Huo Zhen doing? He previously investigated Mo Yan. Now, he even wanted to look into her mother? Was he going to investigate everyone in the Mo family?

Facing Qin Yuan’s strange gaze, Luo Tao was also a little embarrassed. He coughed lightly and said, “Yesterday, Mo Lian went to cause trouble with Mo Yan and dug up old grudges. I’m a little curious.”

“Oh, if you’re curious, then go and investigate! Are you curious about the space satellite? Find someone to send you there to take a look?”

Qin Yuan had been ordered around by Luo Tao recently, and his mouth became more and more cheeky.

Luo Tao looked at Qin Yuan coldly, and Qin Yuan shivered from the cold, he quickly tried to remedy the situation, “Brother Huo, you may be curious, but you still have to leave some privacy for sister-in-law, right? You want to investigate and let sister-in-law have no secrets at all? How can you give people a sense of security?”

“Sense of security?” Luo Tao did not understand. He wanted to know everything about Mo Yan so that he could deal with any emergencies in the future and protect her.

Qin Yuan thought for a moment and said, “Let’s look at it from another angle! Let’s say that if sister-in-law knew everything about you, whether it was good or bad, what would you think?”

“There’s nothing that I can’t let her know,” Luo Tao said with a frown.

Qin Yuan carefully recalled everything about Huo Zhen and suddenly could not help but sigh.

From a young age, his family background was outstanding and his grades were excellent. Not only did he receive countless awards at school, but when he went abroad to study, he also gained a foothold in an unfamiliar environment and became a prominent figure in that school, when they heard that Huo Zhen had graduated and returned to the country, many girls cried until their makeup was ruined.

After Huo Zhen took over the Huo family, he pushed the Huo family to a new height and collaborated with the country on many projects, breaking the Huo family’s tradition of not getting involved in politics.

The more Qin Yuan thought about it, the more worried he became. Huo Zhen has changed too much.

Sighing, Qin Yuan said, “Do you want sister-in-law to know what happened to you in your third year?”

Qin Yuan’s words instantly made Luo Tao’s face freeze. Then, he narrowed his eyes. “Why are you bringing this up?”

“To let you feel the feeling of being spied on.”

Luo Tao did not speak. His pair of cold eyes looked at Qin Yuan. Qin Yuan swallowed his saliva and laughed dryly. "Haha, this time, you probably don't want to investigate sister-in-law anymore, right?"

Seeing that the atmosphere was a little awkward, Luo Tao retracted his gaze and lowered his eyes. "Investigate."

"Ah?"

Qin Yuan thought that after pouring out his heart and soul to tell Luo Tao so much, Luo Tao would not insist, but who would have thought..

"I'm not investigating Mo Yan, I'm investigating Mo Dong."

With that, Luo Tao stood up and left, not giving Qin Yuan the slightest chance to refuse. Just as the door closed, Qin Yuan's wail came from inside the room.

In Song Yun's office, Mo Yan took the information sent by the company's investigation team from C City and examined it in detail.

This project was an internal project of Lin Group, and it was highly profitable. In other words, if this project was successful, Hong Jing and Lin Group would have established a working relationship.

Unlike the project that the Lin family's crown prince took over completely, this project was more prudent. It was a serious inter-company cooperation.

Song Yun was also a little excited to have Mo Yan rush back to the company. The project that Mo Yan brought this time was much better than their previous one.

"Mo Yan, what do you think?" Song Yun looked at Mo Yan and asked.

Mo Yan replied with a smile, "I think the project is very good. If we can get it, not only will we have a foothold in Jing City, but we can also establish a long-term relationship with Lin Group. There will be benefits and no harm."

Song Yun looked at Mo Yan with a probing gaze. "Do you think Hong Jing should accept this project?"

"CEO Song, I don't think that this is something I can decide."

Mo Yan felt that her relationship with CEO Song seemed to be somewhat different from that of a normal superior and subordinate, so their conversation was also different from that of a leader and an employee.

“After all, after you’ve experienced that kind of thing, as your boss, I should still ask more questions.”

“CEO Song, I’m a member of the company. Everything is based on the company’s interests. I won’t bring my personal problems into the work.”

Although Mo Yan’s answer was old-fashioned, it received a look of appreciation from Song Yun. The company needed all kinds of talents, and they could tolerate the characteristics of talents. However, when it came to the development of the company, everything had to be put first.

“Okay, okay. When this project is successfully signed, I will recommend you to be my assistant.”

Mo Yan’s eyes instantly lit up. Finally, CEO Song brought up this topic.

“Thank you, CEO Song, for giving me a chance.” Mo Yan sincerely bowed to Song Yun.

Song Yun smiled and said to Mo Yan, “I called you here today when you were on break.”

Mo Yan smiled to show that she was fine. Then, the two of them chatted a little about the project before Mo Yan left.

When they reached the floor where Team A’s office was located, Mo Yan’s elevator stopped. The person who came in was Li Guoguo. When she saw Mo Yan, her eyes lit up.

“Sister Mo Yan, aren’t you resting today? Why are you here in the office?” Li Guoguo asked in surprise.

“I have a project that I need to talk to CEO Song about.”

“Eh? Sister Mo Yan, you signed the contract again? That’s amazing! When are you going to bring me along?”

Mo Yan pinched her face helplessly and said, “It’s not a contract. There’s a project that needs CEO Song’s approval.”

“Oh! I see!” A trace of unnoticeable disappointment flashed across Li Guoguo’s eyes.

“Oh right, sister Mo Yan, you promised to introduce brother-in-law to me! During this period of time, brother-in-law has been coming to pick you up every day. You’re not even coming with us anymore.”

Although there was friction between Xu Tian and Li Guoguo, the two of them would still occasionally walk together because of Mo Yan, plus Xu Wan and her friends. Mo Yan could be considered to have a group of close friends in the company, so naturally, she did not dare to blatantly tell Mo Yan about it.

Thinking of Luo Tao picking her up during this period of time, Mo Yan could not help but reveal a sweet smile. "He has been quite free recently, so he often comes to pick me up."

"Aiya, sister Mo Yan, if you don't introduce brother-in-law to me, I will die of curiosity. Oh right, sister Mo Yan, you have to wear that bracelet that brother-in-law gave you occasionally! Otherwise, how can you prove your love?" Li Guoguo's gaze fell on Mo Yan's wrist as she said.

Mo Yan was amused. After all, she was still a young girl who was not married. "Love doesn't need to be proven. If a person likes you, just by looking at him, you can feel his feelings."

Li Guoguo pouted and said unhappily, "Such a beautiful bracelet, I want to see it more often! Sister Mo Yan, you have to wear it often!"

"Okay, okay, okay. I'll wear it for you when I have the chance." Mo Yan had a headache, so she had no choice but to agree.

Ding! The elevator door opened and they reached the first floor.

Li Guoguo looked at the decorations outside and exclaimed in surprise. She then looked at the panel and her little face instantly fell.

"Oh no, I forgot to press the floor button. Sister Mo Yan, I'll go up first. I'll go deliver the things first."

"Okay."

Mo Yan bid farewell to Li Guoguo and walked out of the company. As expected, she saw the figure who was waiting...

"Luo Tao, where are we going next?"

Standing in front of the market, Luo Tao looked a little dazed.

Although he had done many interesting things with Mo Yan, he didn't expect that Mo Yan would bring him to the market one day.

“Luo Tao, why aren’t you coming? What are you thinking about?” Mo Yan stood in front of a fruit stand and waved at him.

Luo Tao said in a stiff voice, “I’m coming.”

The smell of all kinds of vegetables and fruits entered his nose. He didn’t know what it was mixed with, but it gave Luo Tao a headache.

“Boss, how much is a kilogram of strawberries?”

“16 yuan. Young lady, do you want a box?”

Mo Yan picked up the transparent box and looked at it. The strawberries inside were red and plump, very tempting. Mo Yan’s craving was aroused.

Pulling on Luo Tao’s sleeve, Mo Yan asked, “Luo Tao, do you like strawberries?”

Luo Tao rubbed his temples at this time and answered, “It’s okay.”

“Yes, boss, a box of strawberries.”

After paying, Mo Yan pulled Luo Tao out. Luo Tao was stunned by her actions.

“Aren’t you going to buy groceries?” Luo Tao asked.

Mo Yan smiled and said, “There’s a lot of smells in the market. You’re probably not used to it. Wait for me outside. I’ll come out after I’m done buying.”

Hearing Mo Yan’s words, Luo Tao opened his mouth but didn’t know what to say.

“Actually, I wasn’t used to it when I first came here. However, after everything happened, I could only buy vegetables and cook myself. I had to be careful with the money I earned. In the beginning, I bought everything in supermarkets. Gradually, I realized that the market was much cheaper than supermarkets, so I formed the habit of buying things in the big market.”

Mo Yan’s expression was obviously calm, but it made Luo Tao feel a trace of heartache.

It was hard to imagine how much she had experienced from being a carefree, naive little girl who was forced into independency overnight and needed to calculate everything to support her family.

Luo Tao grabbed Mo Yan’s hand and said, “I’ll walk with you.”

Mo Yan looked at him in surprise. Luo Tao ignored her expression and walked straight to the vegetable stall.

She was familiar with the vegetable selling auntie, but once the Auntie suddenly fainted and no one dared to come forward. Only Mo Yan accompanied her to the hospital and paid for the medical fees. This made the Auntie's family very grateful.

After that, they became familiar with each other. When Mo Yan came to the market, the woman would bring out the best vegetables for Mo Yan to choose from.

"I've brought them. My husband has been staring at me every day. It's very annoying," the woman said with a smile.

Although she was complaining about her husband, the smile on the woman's lips never faded.

After picking a few more vegetables from the woman's stall, Mo Yan pulled Luo Tao inside. There were all kinds of meat available.

Looking at Mo Yan who was greeting people beside him, Luo Tao couldn't take his eyes off her. She was a shining body everywhere.

Mo Yan kept telling him about the interesting things she had encountered in the market, and also how she met the people selling vegetables. Gradually, Luo Tao seemed to be able to get used to the smell of the market.

Along the way, Mo Yan talked about the whole way, and Luo Tao also listened to the whole way.

"Luo Tao, do you like this kind of life?"

The sudden question made Luo Tao stunned for a moment, and then he nodded lightly.

"Yes, me too. It's good to be plain and indifferent like this." Mo Yan sighed.

Luo Tao frowned and said hesitantly, "You don't like the life of the rich?"

"It's alright! But being with the Mo family in the past, I wouldn't like it. That kind of life is like a castle in the air. If you lose your support, you will fall into pieces."

Under the setting sun, Luo Tao looked at the side of Mo Yan's face. It was quiet and beautiful, with traces of loneliness.

Her scattered hair was blown by the wind, like an elf wandering in the world.

Chapter 158

As soon as Mo Yan reached home, she went straight into the kitchen and shut the door tightly.

However, how could the thin door block out the laughter outside? Mo Yan's face turned even redder.

How could he kiss her on the street? It was so embarrassing!

Mo Yan used cold water to pat her face twice in an attempt to cool down. However, Luo Tao asked through the door, "Do you really not need my help?"

Hearing such a clear voice, Mo Yan knew that Luo Tao was outside the door and could not help but say angrily, "No need."

"I can help you cut the vegetables," Luo Tao continued.

Mo Yan picked up a garlic and smashed it on the door with a loud thud. This made Luo Tao laugh more.

Wasn't it because she was kissed from head to toe that Luo Tao kept laughing at her? Hmph! If he hadn't suddenly stolen a kiss from her, she wouldn't have lost her composure like this. It was all Luo Tao's fault that she was surrounded by so many people!

Mo Yan cursed in her heart, but her hands didn't stop moving as she skillfully handled the ingredients.

When she saw the prawn that she and Luo Tao had chosen together, Mo Yan couldn't help but stop moving. She recalled everything that had happened after she agreed to the divorce yesterday.

She could feel that because of yesterday's confession, she seemed to have taken a step forward with Luo Tao.

At that time, Luo Tao, who heard Mo Yan's reply, fell silent. After a long time, he asked, "Do you really want to?"

"I lied to you. The consequences should be borne by myself."

Mo Yan lowered her head and replied in a self-deprecating manner. She did not dare to look at Luo Tao's face.

Luo Tao looked at Mo Yan and saw that Mo Yan was looking at the other side.

"I want to know what you think. Do you want to get a divorce or be with me?"

"I..."

Mo Yan had just turned her head when her gaze met Luo Tao's. She could not control her tears anymore and they fell like broken pillars.

"I don't want to. I don't want a divorce. I want to be with you."

Seeing Mo Yan's tears, Luo Tao could not help but feel his heart ache. He hugged Mo Yan in his arms.

"Of course I don't want a divorce too. I won't leave you. Don't cry, If you cry, my heart will ache."

Mo Yan tugged at the front of Luo Tao's shirt and cried her heart out. It was as if she wanted to cry out all the grievances she had suffered during this period of time. She was not this afraid when she was schemed against, nor was she this afraid when she was kidnapped. She was not even this afraid when she jumped out of the car, which might have cost her her life. But just now, she was really afraid, afraid that Luo Tao would leave her just because she was not Mo Lian.

Hugging the little woman who was sobbing in his arms, Luo Tao felt touched.

After a long while, Mo Yan stopped crying and asked softly, "You really don't mind my identity?"

"Yes." Luo Tao lifted Mo Yan's face and gently wiped away her tears. "I have already thought of the compensation for you lying to me."

Hearing Luo Tao mention compensation, Mo Yan's eyes were filled with tears as she looked at him in confusion. "What?"

"Just make it up to me, and be with me for the rest of your life." Luo Tao chuckled.

Mo Yan was stunned for a moment, then she smiled and replied, "Okay, let's be together for the rest of your life."

"There's one more thing, I hope you can promise me." Luo Tao looked deeply into Mo Yan's eyes and said.

"Hmm?"

"If you find out that I've lied to you for some reason in the future, I hope you can forgive me too."

Looking into Luo Tao's gentle eyes, Mo Yan couldn't help but nod. "I promise."

Luo Tao smiled and placed a kiss between Mo Yan's brows. "If you promise, you can't go back on your word."

Mo Yan's face instantly turned red. She stammered, "I... I won't go back on my word."

After untying the knot in her heart, Mo Yan felt as if the huge stone in her heart had been lifted. She felt so relaxed that she wanted to sigh. Seeing Mo Yan's appearance, Luo Tao's mood was a little heavy. He still did not know when he would be able to confess his identity.

Mo Yan, who had suddenly become clear-headed, suddenly recalled the words that Luo Tao had said to Mo Lian. She burst out laughing.

"What's wrong?" Luo Tao asked.

Mo Yan smiled brightly and said, "Mo Lian must be mad at you today."

"I only said the truth." Luo Tao looked at Mo Yan's smiling face, his eyes filled with tenderness.

"Because I have never dared to confess my identity, I don't know how much rumors Mo Lian has spread about me."

"Why didn't you dare to say anything?" Luo Tao asked.

Mo Yan thought for a moment and answered, "At the beginning, I was afraid that the matter of me taking Mo Lian's place in the marriage would be exposed and the Mo family wouldn't pay for my mother's medical treatments. But then..."

As she spoke, Mo Yan's face turned red again. She was full of shyness, but Luo Tao refused to let her go and continued to ask, "But then?"

"Yes, I was afraid that you would leave me." Mo Yan's small voice was only heard by Luo Tao.

It was as if there was a feather moving on Luo Tao's heart, making him feel itchy and comfortable at the same time, making him want to continue.

Luo Tao tucked Mo Yan's hair behind her ear and said in a gentle voice, "How can I bear to do that?"

Mo Yan's heart was trembling from his words of love, "My parents had that kind of past. My identity and my brother's are still unknown. Mo Dong even chased us out. Do you really not mind?"

"I married you, not your family." Luo Tao replied with a chuckle and said, "Leaving the Mo family is a good thing. If you guys are still tied to the Mo family, I'll have a headache facing that kind of sister-in-law and father-in-law."

Seeing Luo Tao pretending to be troubled, Mo Yan could not hold back her smile and tapped his forehead.

“Congratulations, young master Luo, for escaping the clutches of your father-in-law and sister-in-law.”

The way he addressed Mo Yan reminded them both of the night they went to Allison Music Restaurant for dinner. One knew Mo Yan’s identity and deliberately probed her, while the other had no choice but to pretend to be rich.

The two of them looked at each other and smiled. Although Mo Yan did not know what Luo Tao was thinking, it did not stop her from feeling amused by her embarrassment.

“Call Mo Cheng. Let’s eat out tonight.” Luo Tao smiled at Mo Yan.

Mo Yan nodded and walked to Mo Cheng’s room.

“Cheng, have you packed your things?”

Mo Yan knocked on the door a few times, but there was no sound inside. After a while, the door was opened.

Looking at Mo Cheng, whose eyes were red but pretended to be fine, Mo Yan did not expose him. She smiled at Mo Cheng and said, “Let’s talk?”

Mo Cheng lowered his eyes and nodded. “Yes.”

“Sister, is what that woman said true?” Mo Cheng sat by the bed and asked in a low voice.

Mo Yan shook her head. “I don’t know.”

Hearing Mo Yan’s answer, Mo Cheng raised his head in confusion. “Sis, you don’t know either?”

“Yes, I don’t know what happened back then. I have to ask Mom.”

Mo Cheng fell silent again. He didn’t know how to ask his mother.

“Cheng, no matter what happened back then, she is still our mother. There’s no point in thinking about it.”

“Sister, you don’t understand,” Mo Cheng said in pain.

“I used to think that I could get rid of the label of illegitimate child, but...”

Mo Yan stepped forward and hugged Mo Cheng. She did not know how to comfort her younger brother.

“Mo Lian often lies. Maybe what she said is not the truth. We’ll see after we ask Mom.”

Seeing Mo Cheng like this, Mo Yan could only stall for time. She could not let Mo Lian ruin Cheng with just a few words.

“Lie?”

Mo Cheng’s raised face revealed a glimmer of hope, which made Mo Yan unable to bear it. She could only grit her teeth and continue speaking.

“Yes, Mo Lian is lying. Didn’t you hear her say that I was the one who stole her marriage.”

Mo Cheng acknowledged and temporarily believed Mo Yan’s words. Then, he asked, “Sister, what was the meaning of the conversation between her and brother-in-law afterward? What substitute marriage?”

Although it was a question, thinking back to when their Mom’s surgery’s fee was paid just when Mo Yan got married, the answer was obvious.

Seeing that she couldn’t hide it, Mo Yan told him everything.

Mo Cheng frowned and asked, “Sister, now that everything has been exposed, what are you going to do? Are you still going to be with brother-in-law?”

“Yes, of course.” Mo Yan smiled lightly. Her smile was full of happiness.

“Although I first married him for other reasons, I realized a long time ago that I liked him. Marrying him was the best choice I made.”

Looking at Mo Yan whose eyes were shining when she mentioned Luo Tao, Mo Cheng wanted to say something but stopped himself.

“What’s wrong?” Mo Yan asked.

Mo Cheng shook his head. Since Mo Yan liked him, he shouldn’t talk about his guess. Let them go with the flow! Moreover, he did not know when Mo Yan made her decision, so he should not add to Mo Yan’s worries in the future.

After sorting out his emotions, Mo Cheng pulled out a smile. "I hope that you will always be happy. Of course, if the two of you are separated one day, I will stand by your side and support you."

Mo Yan bent her finger and gently knocked on Mo Cheng's forehead. Mo Yan scolded him with a smile. "Separated? What? You don't want me and your brother-in-law to live a good life?"

"That's not it!" Mo Cheng held his forehead in an exaggerated manner, as if Mo Yan had hit him so hard that it hurt.

"Hmph! Once you got a husband, you forget about your younger brother."

Mo Yan raised her knuckles, as if she wanted to knock on Mo Cheng again. Mo Cheng cooperated and retreated a little, pretending to be afraid.

Mo Yan was so amused by Mo Cheng's acting that she could not stop smiling. She said, "Thank you for your concern, but your brother-in-law and I will be fine."

Mo Cheng pouted, and suddenly a rumbling sound came from his stomach.

Both of their gazes moved to Mo Cheng's stomach at the same time, causing Mo Cheng's face to turn red.

"Alright, let's not talk about it anymore. I came here to ask you to eat." Mo Yan found it funny.

"Oh." Mo Cheng replied and followed behind Mo Yan.

Mo Cheng's gaze met with Luo Tao's as soon as they left the room. Mo Cheng turned his head away awkwardly while Luo Tao took a step forward and pulled Mo Yan into his embrace.

"Has he had enough of acting coquettishly with you?" Luo Tao asked,

Mo Yan raised her eyebrows. Did this mean that he wanted her to comfort Mo Cheng on purpose? She glanced at Mo Cheng, who was staring at Luo Tao in amusement.

"Yes, he's had enough of acting coquettishly, and he's hungry."

"Then let's go eat."

Luo Tao ignored Mo Cheng's gaze and held Mo Yan's hand as they walked out.

“What do you want to eat?”

Mo Cheng, who had been silent all this while, opened his mouth and asked. Luo Tao also looked at Mo Yan. Mo Yan looked back at him and said, “Barbecue! I don’t have any money now. I can’t afford to treat you to Allison Music Restaurant.”

Luo Tao smiled lightly. “Okay.”

...

Mo Yan came back to her senses and realized that everything from yesterday, whether it was about Luo Tao or about Cheng, was still vivid in her mind.

Today, she and Cheng had gone to see their mother because of his identity. Problems were really endless.

Mo Yan sighed.

...

Inside Yong Zhen club in A City, a man in a brown suit was standing in front of the door of the most luxurious room in the club, waiting for the bodyguard to pass on the message.

A moment later, the door was opened, and a few familiar-looking young celebrities walked out. The man saw that no one was coming out, so he walked in.

“Brother Zhen.”

The man in the brown suit bent down slightly with a respectful attitude.

“What’s the emergency? Tell me!”

The man sitting in the middle of the sofa had a rough voice. He picked up his wine glass and took a sip. The smoke in the room made the man cough uncontrollably before he said, “Brother Zhen, I saw Huo Zhen in C City.”

Huo Zheng raised his head and narrowed his eyes at the man.

“Huo Zhen?”

The Huo family was indeed a good looking family. Although Huo Zheng was not as good as Huo Zhen, he was still a handsome and burly uncle.

“Yes.” The man in the brown suit bent his body even deeper.

After Huo Zheng confirmed it again, he casually made a call.

“Is he still there?”

...

“Yes, keep an eye on him.”

After hanging up the phone, Huo Zheng’s eyes stared at the man in the brown suit. His originally handsome face was now slightly distorted and gloomy.

Suddenly, the glass with liquor smashed on the man in the brown suit, causing him to cry out in pain.

“Jiang Ming, you think it’s funny lying to me?”

Huo Zheng’s words were full of viciousness, causing the man named Jiang Ming to kneel down and say that he didn’t dare.

“You have to give me evidence of seeing Huo Zhen in C City.”

Hearing Huo Zhen’s words, Jiang Ming kneeled next to Huo Zhen and handed him the phone.

In the photo, there was a taxi that looked like it had been taken in an emergency. From the window, he could vaguely see a side profile that looked like Huo Zhen.

“This?”

Huo Zheng’s voice became more and more vicious, and there was even a look of anger on his face that turned into a smile.

“I’m sorry, Brother Zhen. I was not careful enough. Because I knew that you wanted to take over Huo Corporation, I was too happy because I thought we had a chance.”

Jiang Ming lowered his head very deeply. Huo Zheng stared at the back of his head for a while before he slowly said, “Alright, go back to C City! Don’t come to A City if you have nothing to do. Don’t let people find out that we met up.”

“Yes, Brother Zhen.”

The reason why Huo Zheng reacted so strongly was that he knew that Huo Zhen had given the Huo family’s latest project to Huo Li. The two of them had signed a contract that no one else was allowed to interfere except for Huo Li. Otherwise, Huo Zheng

would have taken back project. This made Huo Zheng loathe Huo Zhen, but at the same time, he was also unhappy with his own brother, Huo Li.

It was not that Huo Zheng could not see that Huo Zhen was playing tricks, but the fact that he could not get any benefits also made him extremely loathe Huo Zhen.

However, because of the news brought by Jiang Ming, he lost his composure.

After Jiang Ming left, Huo Zheng picked up his phone and took a few more glances. It would be better if he didn't look. The more he looked, the more Huo Zheng felt that the person in the photo looked like Huo Zhen. However, he had already verified with his subordinates that Huo Zhen was not around.

After some thought, Huo Zhen called Jiang Ming, who had already left.

“Go and check on the person in your photo.”
