

good evening 41

Chapter 41

After that, I couldn't help patting towards the place.

Feng Yan's face suddenly turned black, and she felt it all at once. The whole person was very tight, as if his body was out of his control.

Su Xiaowan only felt that her brain was blank, floating and sinking. Her only feeling was that there was a good smell in her ears. She felt that her breath was plundered in her chest

The next day, wake up.

She looked at Feng Yan in front of her. Her hand held his neck tightly. The man's chest led to her eyes. Her whole body was lying on her chest. Immediately, she closed her eyes. "It's all fake. It's fake. I'm dreaming. I'm dreaming."

As a result, once again opened his eyes, the man in front of him was still motionless.

And now they're both in the same bed.

For a few minutes, Su Xiaowan couldn't turn his head around at all.

God, what happened last night? She was biting her arm anxiously. At the moment, her brain was in a mess, and her face was uneasy. "Can I give him last night..."

It's impossible. It's impossible for such a close thing to happen between her and Feng Yan?

"Still kissing?"

"Ah Su Xiaowan suddenly got up from the bed. When she said that, she thought of the picture of her drunkenness last night, and then ran into her mind.

She forced a kiss on Feng Yan.

God, God!

"Feng Yan, that... Last night was an accident, you know? I was drunk last night. Don't bother with a drunkard. I'll give you trouble last night. I promise I won't have such an accident again. I swear I won't drink any more His robe was loose and flabby. At the moment, his strong figure was slightly exposed. The whole person revealed a kind of lazy appearance. She didn't want to look at him again.

Feng Yan coagulates that red lip, small and full, bright and lustrous. I want to try it on my own.

As soon as the evil idea appeared in Feng Yan's mind, he immediately put it into action.

The man's arms were tilted over, and his lips were imprinted.

She suddenly widened her eyes, the kiss gently swept her breath, let her gasp, until she was about to suffocate, the man let her go.

"I don't like people taking advantage of me!"

"You... I..."

Su Xiaowan blushed and suddenly came from the bed and ran to his room.

Holding her forehead in chagrin, her little face was about to faint.

She suddenly had a bold idea in her heart, this letter... Do you like men or women! Yesterday she seemed... Bah, illusion.

It must be an illusion.

After taking a look at the time, Su Xiaowan saw that it was late, changed her clothes in a hurry, and went to the company.

Fengyi stood outside, "little grandma, this car is driven by you to the company today."

"What do I do? Are you kidding? "

"This is what the young master ordered. If you have any opinions, you can tell him."

Feng Yan... Thinking of that kiss, Su Xiaowan won't tell him.

She gritted her teeth and got into the car. She didn't know the brand of the car. Feng Yi leaned against the window and gave her instructions, "yes, start first. Just press this button. Stop is this button..."

Su Xiaowan frowned. When she was nervous, her palms easily sweated. Today is her first time to drive. She knew that she didn't drink any wine yesterday, so she asked Feng Yan to teach her. Now she's OK. Her eyes are white. "Feng Yi, for my safety's sake, could you please sit in the co pilot's seat?"

It's OK to seal the capital

Xu is sitting next to her. She's a little more daring. The car's performance is really good. A little step on the accelerator makes the car very fast.

Su Xiaowan pressed the steering wheel for a while, and she was very handy. When she took the driving

test, she was very good at it. I didn't expect that she was not unfamiliar with it for so many years. "It's very simple. I'll go home by myself in the evening."

Su Xiaowan parked the car in the garage, "Fengyi, please, I have to let you go."

"It's my honor to serve my grandmother."

In recent days, I haven't seen the president. If she wants to meet him by chance, she can't help it.

She suddenly remembered that Feng Yan said yesterday that the president would also have a party. I don't know if she was drunk. Did the president see her?

If you see it, is it true? Isn't she... Finished? If Feng Yan knew that he was married for him, he would be angry according to his violent temper.

No, she has to go to the president.

Su Xiaowan went to the president's office, but he learned that the president didn't come. He had a terrible headache. Maybe he drank wine last night and sat in the office with some hesitation.

Brother Chen came and patted Su Xiaowan on the shoulder. "Little cute, how can you look like you are facing the enemy? Lovelorn? "

She tugged her head and frowned, "brother Chen, do you know the name of the president?"

In order to know the mysterious president, Su Xiaowan searched a lot on the Internet, but he didn't find the man's information. It's very mysterious.

"I don't know, but I know the president's surname is Lu. You know him so well that he didn't tell you?"

Coincidentally, I thought of Lu Shimian? Does the president have something to do with Lu Shimian?

Yes, Feng Yan knew Lu Shimian and the president.

Su Xiaowan frowned bitterly, looked at brother Chen's eyes, looked at her, had a feeling of being stripped alive, she waved her hand, "I really don't know any president."

"Well, I'm kidding, but our president is very mysterious. He doesn't come to the company very much. But you happened to meet him that day."

After work, Fu Yi meets Su Xiaowan in the parking lot. He opens the window and looks at the woman sitting there. It's su Xiaowan. He looks at her carefully and looks at whether the car outside will scratch his car. "Xiaowan, have you bought a car?"

This car is very valuable! People like Fu Yi can recognize it at a glance. Xiao Wan... How could he drive such a luxurious car.

"Senior, I have something else to do. I'll go first."

Fu Yi stares at the car at that end. Xiaowan... What does it have to do with the president?

He remembers the car, and the president also has one. With the recent rumors, his eyes are deep.

Su Xiaowan leaves the company and receives a call from a person.

It's summer sunset.

Meet her at the cafe.

When they came to the place where they used to date, Xia Xiyuan came early.

Looking at the car she was driving, "Xiaowan, how can you get so much money? Is this car worth millions? What have you done in this period of time? I can't get through to you. "

"The car is Fengyan."

"Feng Yan? The ugly man in Feng's family? Xiao Wan, how can you get involved with him? "

Chapter 42

Xia Xiyuan frowned. All the people around Su Xiaowan knew it very well, but they didn't know when she met Feng Yan, and they had something to do with such a character.

Su Xiaowan tells Xia Xiyuan when Su Zheng and Su Qiqi force her to marry Feng Yan.

Looking at Xia Xiyuan's face more and more heavy, mention "Feng Yan" these three words, let her eyebrows tightly together.

Is it the person you've heard of before?

She seems to remember her surname. The more she listens to it, the more she looks like it.

Su Xiaowan looked at Xia Xiyuan's frowning face and took her hand to comfort her. "In fact, Fengyan is very good. He won't let me do things I don't like. No one can bully me when he's around. I can inherit his legacy when he's dead. How nice --!"

When she said it, it didn't matter that there was something on her face.

In Su Xiaowan's opinion, nothing is more important than his younger brother.

This kind of thing, love, has long been not extravagant.

"What a fart." Xia Xiyan hates Su Qiqi when she thinks of her.

Ever since she went to college, this woman has been asking Su Xiaowan for trouble every once in a while. In the past, she only asked her for money, but now she dares to let Su Xiaowan marry for her and the man

His comments are not good in Jiangcheng.

She took Su Xiaowan's hand and said, "Su Xiaowan, go and make it clear to Feng Yan that it's your marriage all your life. Do you want to keep an old man all the time?"

"Feng Yan is not old. He is only three years older than me. Those outside are nonsense." Su Xiaowan retorts that she doesn't know why. She just doesn't want Xia Xiyan to misunderstand Feng Yan.

"Then he's not good enough for you! Tell him if you dare, I'll go with you!" Xia Xiyan is a hot tempered woman. When she was 18 years old, she knew Su Xiaowan. Su Xiaowan saved her from a peddler. Su Xiaowan treated her like her relatives. She was an orphan. She lived with Su Xiaowan from then on.

"Sunset, I can't say."

"Why?"

"I can't be driven out of Fengjia now. As you know, he has paid tens of millions of debts for our family. Moreover, as long as I stay with him, Su Zheng will tell me the whereabouts of my younger brother and sunset. We have done so much for this purpose? Now it's almost done. "

"But..."

"Well, my brother must be waiting for me somewhere. I want to get him back quickly."

"By the way, why did you come to me today?" Su Xiaowan digs off the topic. She doesn't want Xia Xiyan to tangle too much about her and Feng Yan.

After all, she is an adult and she knows what she wants to do.

Besides, what's wrong with Feng Yan? It's their fault. Why should he bear these things.

Even if it is to leave, it is not in this way.

"For the score you asked me to put in before, someone wanted to buy the copyright for \$100, but his only request was to see you."

"It's good for you to be responsible for communication, and I won't show up. You know I promised her that I would never appear in the public eye in my life."

When Su Xiaowan talked about that person, her eyes were full of indifference.

"All right."

Su Xiaowan took a look at her watch. It's almost 5:30 now. There's still half an hour left from her appointment with Feng Yan. She got up and said, "Xiyan, I'll go back first. If you have anything to do, call me."

"Xiao Wan!" Xia Xiyan stops her and looks at Su Xiaowan. After a long struggle, she says, "Xiaowan, don't fall in love with that man. Don't forget what happened before."

Chapter 43

Su Xiaowan eyes color deep, "don't worry, I know."

Su Xiaowan returned to the Jinse garden. Aunt Li said that Feng Yan was upstairs and asked her to send him hot tea. After hearing this, Su Xiaowan waved her hand, "Aunt Li, I won't go."

"Young granny, the young master brought you back from the bar yesterday and served you personally. Today, he didn't go to the company all day. He delayed a lot of things. You should repay him."

Su Xiaowan said with a dry smile, "Aunt Li, I'm a little dizzy. Please let them deliver it. If I accidentally pour the tea on him, it won't be good."

As soon as Su Xiaowan finished speaking, he took a pancake and hurried to the room.

She wants to hide from Fengyan.

Yesterday's accident, she did not know how to face him.

As soon as the man came out, he just listened to the sound of the door closing. His eyes were deep and he walked downstairs.

"Young master, young granny said not hungry, let you eat first."

Not hungry? He saw the roll in her hand.

"From tomorrow, no more such things are allowed in the villa --!"

Aunt Li looked at the pancakes, and the young master's temper came again? Didn't you like it before? Ah, man's heart, seafloor needle.

In the middle of the night.

Su Xiaowan is dazed and haunted by nightmares.

With the moon dancing, she dreamed of a person.

He stood under the tree, handsome appearance, as if close at hand, and as if far away in the sky, can not touch, can not see.

Under the bright light, the man opened the door and came leisurely. He took a look at the woman on the bed. His sexy thin lips were hooked and he lay down with his clothes.

Feeling something warm approaching, Su Xiaowan leaned over and hugged him. The fragrance entered his nose.

This night, I don't know who I'm torturing.

At dawn, Feng Yan is still sleepless. Looking at the woman hanging on her body, she suddenly has the idea of mischief. She is like an octopus wrapped around his neck. Feng Yan holds her and walks towards his bedroom.

"Ah

A sharp voice cut the whole bedroom, Su Xiaowan looked at the man lying on the bed, "don't tell me, you are holding me now, is it an accident?"

Su Xiaowan's head was covered. She clearly remembered that she was lying on her bed. How could she... How could she

The body suddenly bounced from his arms, vaguely could see the saliva on Feng Yan's muscles, tut Tut's shining.

She patted her head with remorse, "Feng Yan, don't get me wrong. I don't know why I'm in your bed, but I'm really surprised. I promise I won't have another one."

At that moment, Su Xiaowan just wanted to run into the ground, but suddenly the man hugged her, "you hugged me all night, how can I get it back?"

Her whole body a stiff, aggrieved looking at him, "I was wrong, Feng Yan, I no longer dare."

Facing her frightened expression, Feng Yan's hand stretched out, "it's late."

Su Xiaowan's face flushed as she looked at the lip of the other end sticking to her and grinding on her

lips. She wanted to push Feng Yan away, but her hands were tightly held by him.

Su Xiaowan was almost breathed with a kiss.

"Feng... Feng Yan, what are you doing?"

"I'll kiss you every time you go to my bed." The man's eyes pressed on her.

dear.

Su Xiaowan's eyebrows were frozen. He was so frightened that he almost blurted out instinctively.

"Feng... Feng Yan, do you like men or women?"

"Want to try?"

Chapter 44

"Don't want to, don't want to, I want to go to work..." Su Xiaowan fled away from Feng Yan's bedroom, as if there were some monsters behind him, even dare not return.

Strange, she clearly remembered that she was sleeping in her own room last night.

How can I get up in the morning and be in Fengyan's bed?

Did he climb into Feng Yan's bed in the middle of the night?

"Young granny, you are..." looking at her face chagrined out of the young master's room, Aunt Li gossip mouth, always feel what adultery.

"Aunt Li, why was I in Fengyan's bedroom last night? I remember that I was... "

Aunt Li looked at Su Xiaowan's blushing cheek with great interest, "you slept in the young master's bedroom last night, really?"

Su Xiaowan blushed and explained in a hurry, "... No, he and I are innocent, nothing happened."

Aunt Li looked at her with a look that she understood very well. She made Su Xiaowan feel embarrassed. She just wanted to run to her room quickly.

.....

For several days, since she lost control last time, Su Xiaowan has been hiding from Feng Yan. She dare not face to face with Feng Yan, for fear of remembering her salivation for him.

It's just that all the big cakes and steamed buns on the dining table were gone and turned into pots and pans of dishes. Su Xiaowan can no longer grab them directly and can only eat with chopsticks. But she doesn't want to eat with Feng Yan, so she can only go downstairs to eat after Feng Yan's meal. When Feng Yan didn't get up, she went to the company early.

It seems that Feng Yan and I missed each other at three o'clock, so they would never meet each other again. But I don't know why. I always feel that my shoulder hurts. However, she doesn't take it seriously after I've been busy these days.

The work is very busy. After the rumors are dispersed, people treat her like ordinary people.

No, it's worse than ordinary people. It seems that everyone is gloating.

She is very busy at work. She is a new person and has a lot to adapt to. The professional knowledge she learned in school is not the same at present.

She put almost everything on her work, even on the way to work, she was reading books, reading materials and studying. People almost had to learn stupid, but Su Xiaowan was very worried. F.y group was an assessment system, and she would be brushed down if she could not complete the assessment after three months of internship. She finally entered the company, and she didn't want to miss this opportunity for nothing.

On the bus, Fengyi suddenly said, "little grandma, I think you have to know one thing."

"What's the matter?" Su Xiaowan put the book down and looked up.

"Young granny, your father borrowed a million dollars from the young master just now."

"What? million? Did you give it to him? " She was shocked.

"Of course, he is the father-in-law of the young master. The young master can't refuse to give it. Moreover, this is the second time your father has taken money from the young master."

"What? The second time? "

"Yes, the first time he asked the young master for 500000 yuan, saying it was for the company's investment and development. But as far as I know, the money was given to your mother and invested in the beauty salon. Today, the money seems to be for your sister's car."

Buy a car? Open a beauty salon?

"... that can't give him so much at one go!" All of a sudden, Su Xiaowan's brain melon seeds hurt badly. She thought about it. When she found her brother, she left secretly.

But now, she's in debt.

Su Zheng obviously has already regarded Feng Yan as an ATM. How could he mean to add 500000 yuan at a time.

Have you forgotten the lesson of last time?

"Young granny, this money is like a drop in the bucket for the young master, and according to the young master's temperament, I don't intend to let you know."

"I know. When he asks for money from Fengyan, he must tell me."

"Yes, young granny."

She is worried. It seems that she has to talk to Feng Yan in the evening.

She can't pay back the money even if she works all her life.

Back at the company, Su Xiaowan dials Su Zheng's number, but when she calls the other end, she tells her that the other party has turned off the phone, so is calling Su Qiqi.

Are you being pulled black by them?

Chapter 45

She borrowed brother Chen's mobile phone, dialed the same number and got through.

"Hello, who is it?"

"It's me, Su Xiaowan."

"Su Xiaowan, you even mean to call me! Do you know how long I have been in hospital because of you! My teeth were knocked out by that group of people. " Hearing Su Xiaowan's voice, Su Qiqi's anger burned. The last time he was beaten by several bodyguards of master Feng, his teeth all fell out. Those people had no pity for jade. They had their teeth mended for a long time, and now they are still eating.

"So, did you pull me black?" She made several phone calls, but they didn't answer, and none of the three could get through.

"RAHI? Su Xiaowan, you are really a villain. You can't get through with your mobile phone. "

She can't get through? Now Su Qiqi doesn't make a draft when she lies. Her mobile phone hasn't moved. How can she get through? However, she is not in the mood to tell her other things. "I don't have time to talk nonsense with you. I ask you, did you find Feng Yan to get the money?"

"Take it, young master Feng is more generous than you. As soon as dad said he was short of money, he beat 10 million to come here!"

Ten million? so many.

That one million has already made Su Xiaowan feel burdened with huge debts.

"Give it back!"

"Why? Su Xiaowan, you can enjoy your clothes by yourself. You don't care about us. You haven't married master Feng yet! Have learned to save money for him? Su Xiaowan, your father raised you so big that you didn't turn your elbow out! It's not the same thing for them to have such a big family and tens of millions of them. "

"Su Qiqi, I'm going to tell you that I've paid the money back!" Did Feng Yan's money come from the sky?

How can this person say these words so shamelessly.

The more she thought about it, the more angry she became.

Su Qiqi clamored that it would take her life to ask her to pay back the money. Besides, the money has been used for investment for a long time, and she has bought a new sports car. Now that her pocket is empty, how can she be obedient and return the money? "No way, Su Xiaowan, the money has been used up and there is no left."

"You... Su Qiqi, tell Su Zheng that if you dare to take money with Feng Yan again, I'll tell Feng Yan everything. Anyway, when the time comes, you can still laugh!"

Su Qiqi's eyes are deep. She thinks of Feng's words. She holds her mobile phone. I don't know how Su Xiaowan's life is so good.

"Su Xiaowan, recently my mother invested in a beauty salon and spent all of it on it. For a while, where do we have extra money? You know my father is very busy because of the company's affairs, but there is still a lack of money. That ten million is life-saving money for me."

"Life saving money is for you to buy sports cars?"

"You..." Su Qiqi thought about the slap that day, "the money is OK, I promise you, next time I won't go to Feng Yan to get the money, OK?"

"You'd better remember what you said --!" Su Xiaowan frowned. He sold some money for the last score to repay Feng Yan. It should be enough.

But... The money was originally for my brother.

Forget it, we have to solve the urgent problem first.

"When I call here during working hours, do you want me to tell Feng Yan? Are you secretly calling a man? "

Su Xiaowan turns around, eyebrows jump, looking at the man standing, don't know how long he has been standing, now his eyes are slightly deep, staring at her tightly.

Chapter 46

I don't know if I heard something.

She suddenly felt that she was a little at a loss, and she called out wisely.

"President."

Seeing this man's eyes, Su Xiaowan always feels a little uncomfortable, especially his lusty eyes.

"Listen to Feng Yan, you speak ill of me in front of him."

Su Xiaowan's legs and stomach trembled. Unexpectedly, she was recognized.

She quickly waved her hand, "no matter, President, you misunderstood, how can I speak ill of you?"

"I heard you told him that I'm crazy about you?"

Su Xiaowan drooped her eyes and said everything to others. She quickly waved her hand, "no, I've never said that. How can you be lusty?"

"Yes? But I'm really interested in you... Why don't you follow me The man pressing toward himself, she was a tight heart.

Suddenly, he stretched his legs towards a vulnerable part of the man at that end, and then ran away, "president, if you touch me again, I will tell Feng Yan to sue you for sexual harassment. Besides, I only like Feng Yan in my life, but I don't like you. You die early."

"I can't see you have a strong taste!" Feng Yan's face was dark. He really wanted to pry open the little woman's head and see what he was thinking all day long.

Even his husband did not know, but also under such a heavy hand.

Since he was scalded last time, he felt that this time he had aggravated the injury. Tonight, he had to let her accept the "punishment".

Su Xiaowan stood a few steps away, looking at the man's dark face at the moment. She didn't know that she had already been calculated. She said angrily, "although you look good, you just have a good bag. Although Feng Yan can't compare with you, he is more kind-hearted than you. At least he won't do such things to me, And Feng Yan is very good to me. I won't do anything wrong to him. "

She is not used to people saying that Fengyan is not good.

Is it good-looking, you can casually despise others? He is still Feng Yan's friend. He has never seen such a friend.

"You are not qualified to be his friend at all."

With that, Su Xiaowan left the top floor angrily. The moment she ran downstairs, she had only one idea in her heart.

——I don't want to do it.

I don't want to create a penny's worth for this man any more, no more.

Su Xiaowan was packing her things, but brother Chen stopped her.

"Xiaowan, you always don't attend the design department party tonight. You have to go tonight. If you don't go again, it's time to say that you're an intern playing a big card."

She was stunned. Just now, she was in a daze and wanted to resign. Why did she want to resign? She worked here for three months and earned 10000 yuan a month. She worked hard for him every day. Why didn't she take a cent and quit.

She has to take all his money to buy delicious food for Feng Yan.

She calmed down and looked at the thing on the table. It was a thermos. "Whose is this thing?"

"This is the breakfast that Fu Yi specially bought for you. It's said that there is only one family in Jiangcheng. He queued for a long time to buy it. Look at others, he also helped you get thermos bottles. I'm afraid it's cold. Xiaowan, you say that this man should be married and the woman should be married, so I say he wants to chase you."

Su Xiaowan looked at the thermos on the table with deep eyes. He was ready to return it to him with his hand. But he was held by brother Chen. "You are an intern now. If you offend Fu Yi, it doesn't mean that you offend all the female colleagues in the company. If you want to continue to work here, you can't return it now. If you don't like it, I'll eat it for you, Anyway, I haven't had breakfast yet! "

"But... I don't like him. Shouldn't I make it clear?"

Chapter 47

"Cute, you're stupid. So many women are already eyeing you. They'll find it hard for them if they know that you've rejected people they care about. You can't do it here. Maybe they won't even give you a cent's salary. Fu Yi is the director of the personnel department. He wants to fight against you. It's very simple, Moreover, even if you want to refuse others, you have to take their face into consideration. Rumors in this company will drown people. "

"But..."

"It's better for you to make it clear to him after work while no one is talking to him! But why don't you like him? He's not bad looking, and he has good abilities and a good family. What makes you dissatisfied? "

He is outstanding in everything, but she is married. No matter how good he is, it has nothing to do with her.

Su Xiaowan is a insensitive person. On the contrary, she is very sensitive. She will be aware of anything.

Under Fu Yi's various behaviors, she could not turn a blind eye.

So I've been avoiding contact with him.

Today, brother Chen's words made her frown tightly.

It seems that this is not the first time, before her breakfast on the table, now think about it, is he also sent?

"Breakfast before? Brother Chen didn't buy it, did he? "

Chen elder brother flatters smile, "small lovely, I also am entrusted by others."

Su Xiaowan was annoyed. Although he didn't eat those breakfasts, he accepted them at least. Didn't he misunderstand something?

After work, Su Xiaowan is dragged by brother Chen. A group of people occupy the charming box and the bright lights. I don't know why, so Su Xiaowan doesn't feel at ease.

"Charm can't be ordered with money. This time, it's lucky that Fu Yi is here. It's an eye opener for us. I didn't expect that charm is so luxurious. I want to send a circle of friends."

"It's not because of you." A woman's eyes fell on Su Xiaowan. The whole group knew that there was someone in master Fu's heart, but all the good-looking people didn't like him. They were interested in the porridge dish. Especially, they were not good-looking. They put on heavy makeup every day, and they felt like they didn't wash their faces.

There is nothing outstanding all over, even the business ability is very poor

I don't know how such a woman seduces Fu Yi.

It's true that people know their faces but not their hearts.

Su Xiaowan sits on one side of the sofa, far away from the noise. She can feel the hostility of these people to her and the thoughts of women. In fact, it's not hard to guess that the seniors, whether they are family or appearance, are one in a thousand miles. They like him, so they regard themselves as eyesore.

She was holding her cell phone, and her mind was obviously not on the things in front of her.

It's already six o'clock.

I don't know if Feng Yan will look for her?

Only a few days later, I turned a deaf ear to what he said.

She was not used to the smell of wine and smoke in the box. She said hello to brother Chen and walked out of the room.

Fu Yi looked at her and went out with her.

At a corner, she looked at what she was looking for with her mobile phone and her head down.

He strode forward and stood in front of the woman.

"Xiaowan."

Su Xiaowan raised her head and looked at the man in front of her. He was very tall, about the same height as Feng Yan. She needed to hold up her head and watch.

"Senior, how did you come out?"

"Don't you like this kind of party?"

Su Xiaowan was stunned for a moment, "... No, it's just that I don't like drinking very much, and I'm not very familiar with them."

Chapter 48

"Or shall I take you back?"

"No more." Su Xiaowan refused.

Let Fu Yi send home, the people in the company don't know what to say!

She doesn't want to be the target of public criticism.

"Xiaowan, you've been avoiding me recently, haven't I done enough?" The man's wrist grasps Su Xiaowan's arm, which makes Su Xiaowan stunned for a moment. That kind of strength is different from Feng Yan's, with urgency and depression, it seems that there is a kind of fear and terrible feeling.

The unprepared Su Xiaowan's eyes sank and struggled from his hands, "senior, you are drunk!"

She clearly smelled the wine on the man.

"Xiaowan, let's go out with each other."

Su Xiaowan was surprised. Obviously, she was at a loss when she said such words in such an environment. No man said these words to her so honestly.

Let's get along with each other

She's married! How can you associate with others casually?

Fu Yi obviously did not expect that he would blurt out these words. He originally wanted Xiaowan to accept himself slowly, but today he was looking at her attitude, and he was a little afraid.

"Senior." She suddenly felt that it was a good thing for her to marry Feng Yan. "In fact, I'm already married. I'm sorry. Please don't spend all your time on me. I don't like to get confused with men other than my husband. I love him very much."

The man's wrist is loose, husband! It's not clear what's involved! His face seemed to be in some kind of disaster. "Xiao Wan, this is the best excuse I've ever heard to refuse someone."

Fu Yi obviously doesn't believe it. She has read her resume and is unmarried.

Now tell him that she's married, isn't that a clear refusal?

The girl above is mean after all. She doesn't want to look at herself more

"Senior, I didn't cheat you. I'm really married."

"What about your ring? Married, he won't even buy you a ring? "

Su Xiaowan's fingers are empty. She bought them from Feng Yan. There are some wedding rings and so on. Feng family gave them 10 million yuan, but she didn't see any of the 10 million yuan... She put her

fingers in her pocket and hesitated. She didn't know what to say.

The next second, the cell phone in my pocket rings.

It's a strange number.

If change to do in the past, she certainly won't answer strange number, don't know whether Fu Yi's eyes are too blazing, she answered the phone and called a dear.

That end of Feng Yan, fingers slightly stiff, but then, soon recovered calm.

"Come out."

It's Feng Yan! I've never looked forward to a person's phone call like this. I didn't expect that it was Feng Yan.

Su Xiaowan mouth up, connected the phone, "dear, you are very good, you wait for me, I will come out."

Su Xiaowan said to Fu Yi at the other end, "senior, I didn't cheat you. I'm really married. My husband is coming to pick me up. I'll go back first. Please tell them for me, senior."

Then trot towards the door.

Through the glass, he saw a low-key luxury Maybach downstairs.

The woman opened the door and the car sped away.

Xiaowan... Really married? If not married, I'm afraid there is someone I like... I didn't expect that my first love would come and go in such a way.

He's really drunk.

The glass quality of the carriage is excellent, and it can flash through the light outside the window. Su Xiaowan sits there cleverly, "Feng Yan, are you here to pick me up?"

"Didn't you shout honey just now?"

Chapter 49

Feng Yan's deep eyes catch a glimpse of the man standing at that end, who was the senior in her mouth before.

He checked his identity. The young master of Fu's group worked in the personnel department. She was able to enter the post smoothly thanks to Fu Yi.

Su Xiaowan was stunned for a moment. Just now, it was because her senior was there. She was afraid that people would not believe her. But now what does Feng Yan mean by that? Let her call him that later?

Her eyes fell on Feng Yan's indifferent face, "you should like me to call you dear, then I can call you like this, dear, dear?"

"That's what I'm going to say."

You're going to yell like that?

Su Xiaowan tooted his mouth and muttered, "I've never seen you take advantage so much."

"Taking advantage of you?" The man suddenly leaned over, the man's wrist once clasped her head, "you tell me, I got you what cheap? So... Or so? "

His hand fell on his lips, grinding.

The smell that belongs to men hit her. Her face turned red and she was worried. She thought of her predicament in those days. Because she was too close, all of her brain was full of Feng Yan's muscles. "Feng Yan, you didn't take advantage of me..."

Looking at her as if facing the enemy, the man let her go. Just as he was relieved, he heard the voice at that end, "listen to Lu Li, you tell him that he is not qualified to be my friend?"

Lu Li?

Is it the president?

Driving in a car, Fengyi was puzzled that the name of Luli... Was really thought out by the young master.

But at a time like this, it's not a time for him to cut in.

Su Xiaowan was stunned for a moment. Listening to this, he just wanted to scold the damned Luli. The man even bit her back. It seems that he doesn't need to save face for him.

"Feng Yan, he... Sexually harassed me and spoke ill of you. I felt angry for a moment, so I... Beat him. I didn't expect that this man even ran to you and bit me back. I knew I should be more cruel." Su Xiaowan told Feng Yan today's story, but of course, she didn't say her phone call with Su Qiqi, so she avoided it easily.

The man's eyes looked at her angry look, chatting with leisure, "sexual harassment?"

"Well, that's to say, Feng Yan, if you don't want to be with him in the future, he's not a good man."

Feng Yan's eyes fell on her, and she was very angry. "Since he has such a mind on you, I can't just let it go. How can I punish him?"

Su Xiaowan shivered, "Feng Yan, you don't want to fight with others for me, do you?"

"Fight?"

"Although he has misbehaved to me, I have already punished him. You don't have to worry about it. I have a heavy hand. I guess he won't daydream about me any more in this period of time."

Feng Yi almost laughed, but she tried her best to hold it back. She just wanted to give her a thumbs up. This is the first time

Su Xiaowan chattered endlessly, "moreover, Feng Yan, I've been working here for half a month. If you want to fight with him, I'm sure I'll quit. But if I leave now, I can't get any money. I still think that if I earn his money, I'll buy you a lot of things! Otherwise, it's not cost-effective to take advantage of him! Are you right? "

"Do you think I'll lose if I fight with him?"

Chapter 50

Su Xiaowan really admired his brain circuit, "... No matter, Feng Yan, you are very tall in my heart. Look at your muscle, how strong it is. I'm sure that one blow will directly beat that bastard down. He is so thin, where is your opponent."

"Look at your golden ratio again. Standing beside him, he has nothing to show off."

"....."

"You must be more than a little better than him..."

At this moment, Su Xiaowan felt that she didn't study Chinese well. She was about to say all the good words, but Feng Yan didn't seem satisfied.

"Feng Yan, that... I don't want you to fight for me. Fighting is only done by rude people."

She stammered at him, suddenly a heavy waist, the whole person was dragged to her arms, subconsciously feel a panic, small face red servant.

"Sugar?"

Speaking of words, it's really sweet.

She pushed away his body and looked out of the window at the villa with a red face, "... Feng Yan, if I eat too much sugar at night, I will have cavities. I never eat them."

This wench, clearly in the heart than what all understand, also Chuai understand to pretend to be confused.

.....

When Su Xiaowan returned to the villa, he immediately ran to his room and locked the door, only to find that he had not told Feng Yan the most important thing for a long time.

She took out the phone and called Xiyan.

"Xiyan, did you sell that score?"

Xia Xiyan listens to Su Xiaowan's voice and frowns. In the past, Su Xiaowan never paid attention to these things. She usually finds the right person by herself. When the other party calls, it's over. She never cares about the progress of the process.

In Su Xiaowan's words, her brain is stupid. Her brain is full of things every day, and she has no spare time to manage it. So she and Su Xiaowan have a clear division of labor. She goes out to find customers, and she creates music at home.

She is very talented for music. I don't know if it's because of her mother that she is familiar with all kinds of musical instruments. When they were in college, they earned the first bucket of money. Unfortunately, the money was spent on finding her brother.

"What's the matter?"

Su Xiaowan told Xia Xiyan when Su Qiqi and Su Zheng and Feng Yan took the money. When she heard that, she frowned, "that father and daughter really want to force you to die. For many years, they have ignored you and even earned your own tuition. It's not easy. Now that they are about to graduate, they want you to marry for them. That's right. You won't stand by, Xiao Wan, Is it worth it? "

"For the sake of my brother, nothing is worth it or not."

Su Xiaowan has always been used to that group of people. If it wasn't for her younger brother, she couldn't stay at Su's house any longer. The only person who knows the whereabouts of her younger brother is Su Zheng. She can't help it. "Xiyan, I'm looking for a part-time job recently. With the money for the music score, it should be almost enough to repay Fengyan."

"But... The man who bought the music score insisted on seeing you, otherwise he would not pay for it." Xia Xiyan thought of the letter on the buyer's mailbox.

"Then you come out for me."

"If people ask about your creative inspiration, how can I answer it?"

When Su Xiaowan remembered that day when he wrote this score, "you know more about it than I do, and people who make it up can't understand it. Anyway, just fool people. Let him remember to beat the money quickly, otherwise, I won't sell it to him."

"I see. I'll contact him tomorrow."

"It's so nice of you, sunset!"

"You are sweet."

Sweet mouth?

Su Xiaowan pulled out someone in her heart.
