

## good evening 51

### Chapter 51

Su Xiaowan whispered something to Xia Xiyan, so she took a bath with her clothes in her arms and soaked in the big bathtub. Su Xiaowan thought of Feng Yan.

What is she thinking all day long.

She buried her head in the water. She wanted to calm down, but as soon as she got into the water, her ears began to get into the water. Su Xiaowan felt that her ears were buzzing. She felt very uncomfortable. She put on a piece of clothes and went out to look for the cotton ball.

She remembers that there seems to be some on the desk in the study.

Pushing open the door of the study, it was dark. Su Xiaowan didn't want to disturb the people in the villa, so he only opened the door, but didn't turn on the light.

The long body of that wipe Xin is leaning on the sofa of one side, shut eyes to recuperate.

As soon as I heard the footsteps, I opened my eyes.

Just looking at the figure creeping, like a little rabbit, the next second, he heard her banging against the desk and chair, bared her teeth in pain.

"I can't remember when there was a stool here. It's really irritating." It was painted black. She wanted to turn on the light, but she didn't know where the switch was.

I had to kick the chair at the other end.

She remembered that there seemed to be a sofa over there, as if there was a desk lamp at that end.

Su Xiaowan took a step, but suddenly he didn't know what he was kicking. Subconsciously, he fell down. Without any sign, he thought that he was going to die this time, but he met his hot body.

The heat is touching.

Two people so close to the lips, impartial.

Men's eyes are deep.

Su Xiaowan was blinded. She could smell the smell of this man. It was Feng Yan. She subconsciously shrank back, but the man's wrist was tightly clasped at her waist. She couldn't move at all. "Feng Yan... You..."

Her hair hasn't been blown dry, and drops of water fall on Feng Yan's face. "If you appear in front of me so late, aren't you afraid I'll eat you?"

Eat... Su Xiaowan is extremely embarrassed. She just took a bath and didn't wear a bra. Now... The two of them are close to each other and suddenly... Blush with shame.

"Feng Yan, I've got water in my ears. I'm here to get the cotton ball."

"You let me go, I'm sick! My ears are buzzing... "

Sure enough, the man at that end finally let go of her. Her hand reached out to turn on the light. In a moment, there was a light all around, as if the road under her feet was suddenly on.

She saw the cotton ball on the table, ran to hold the things in her hand, just ready to flee, "Feng Yan, good night --!"

But he found that the man's step had already come over. Su Xiaowan held his chest in front of him and said, "Feng Yan, don't look!"

"I'm not interested in little girls!"

Su Xiaowan gritted her teeth and said that she was not interested in the little girl!

I don't believe it.

"Get out of the way, I'm going to bed!"

"Fu Yi, how do you know him?"

Su Xiaowan was stunned by that sudden question.

Fu Yi?

"He's my senior."

"Stay away from him!"

"Why?"

"No reason. Don't go out with him in the future. Don't turn a deaf ear to my words."

His voice did not fall, Su Xiaowan eyebrows, so overbearing Fengyan, really is... "Fengyan, so many people are not only me and him! We are... "

"If I'm not sure, I'm not sure!"

"Feng Yan, are you afraid that I will run away with him?" She raised a smile from the corner of her mouth, "although, he looks better than you..."

The whole person was dragged into his arms, and the lips close to her were attached by him. He was like a frightened fawn, subconsciously holding his clothes.

It was the first time he had ever kissed her!

The fingertips seemed hot, and she felt that her ears were not buzzing.

It burned her out of reason.

## **Chapter 52**

Back in the room, she vaguely remembers what he said in his ear, "if you run, I'll break your leg."

Break her leg.

This irascible man.

I had to kiss just now.

She was holding the cotton ball. I still remember the man's eyes at that time. They were so overbearing that they wanted to devour her every minute. That kind of feeling was frightening.

It seems that he will eat it at any time.

This man... In the end like men or women, she did not know.

He's... Too dangerous.

It seems that I have all my thoughts for myself, and I can't distinguish them all at once.

She climbed into bed. That night, her heart beat disorderly, even the shadow of this man appeared in her dream.

He was right in her ear.

"I don't like it! Su Xiaowan --!"

Suddenly, my heart trembled. I didn't know whether it was because I didn't like it or the sentence Su Xiaowan... Her neck was itching. She only felt that something was gnawing at her neck. She thought it was a mosquito and turned over to the other side.

When she woke up the next day, Su Xiaowan looked at the red dot in her neck.

It seems that I really need to go to the supermarket to buy a bottle of mosquito liquid. I don't know if there is no mosquito liquid in such a big villa?

morning.

Su Xiaowan got up early in the morning and went downstairs with Aunt Li to ask for mosquito liquid.

Aunt Li was stunned. "There are special anti mosquito equipment in the villa. How can you be bitten, young grandma?"

"Is the anti mosquito equipment not working? I've been bitten several times, Aunt Li. Look at my neck, here..." Su Xiaowan pulled his T-shirt to expose the red dot.

Aunt Li is also a passer-by. During this period of time, she always watched the young master enter the young granny's room in the middle of the night and come out again in the morning. She was bumped by herself several times.

Now, looking at the red dot on the neck of the little grandma, without a long face, this young man did a bad thing and left such a big print.

"Young granny, you may have been bitten by insects in your neck." Aunt Li's serious nonsense.

"Worms?" Su Xiaowan was most afraid of insects. When she was at school, there was a tree over there. The soft insects would fall from the tree all the time. Su Xiaowan was scared by the boys, so the shadow of insects was very deep. As soon as she thought that there were insects in her room, she immediately exploded. Every night she was with insects, and she felt uncomfortable all over, "Aunt Li, How can there be insects in my room? "

"Maybe it's from the sewer. You go to work first. I'll ask them to clean it up for you later."

"That's the best. Thank you, Aunt Li. I'll go to work first. Goodbye, Aunt Li."

Aunt Li looked at Su Xiaowan's back with a sly smile on her face.

It seems that the old man will soon have a grandson.

These days, Su Xiaowan didn't drive. She was sent by Fengyi. As soon as she got on the bus, Su Xiaowan asked Fengyi, "Fengyi, is there a lot of insects in this place because it's close to the mountains?"

worm?

It's the first time Feng Yan has heard about it.

In this villa, everything is disinfected twice. The young master has a habit of cleanliness. How can insects appear in the villa? He subconsciously took a look at Su Xiaowan. "Young grandma, the anti insect equipment in the villa. The maids will clean any corner of the villa every day. There can't be insects. You can live in peace."

"There can't be insects... Aunt Li told me that it was the sewer that climbed up."

Su Xiaowan muttered, but he didn't pay attention to it any more. This insect is going to climb up. Should he inform them that it's not possible? There's always an accident!

"What do you think of my little grandmother going to work these days?"

Su Xiaowan raised her eyes, "it's OK, but the assessment system of the group is a little inhuman, but I will work hard."

"If you feel hard, you can tell the young master to arrange a position for you in your own company."

Su Xiaowan, "... No, Feng Yan is so busy. I don't want to disturb him. Besides, it's better to earn other people's wages than my own, right?"

### **Chapter 53**

With that, Su Xiaowan suddenly realized that the meaning of her words just now was that Feng Yan's money was hers? He and she are one?

Pooh, Pooh, Pooh.

"Fengyi, don't get me wrong. I mean..."

"Young granny, I understand that you like my young master not for his money, but for his character..."

No, you know what, she doesn't like Feng Yan

How do you feel that the more you explain, the more wrong it is. In the end, Su Xiaowan can only shut up.

"By the way, Fengyi, I want to find a chance to return the Su family's money to Fengyan. What's the best way?" Yesterday, she thought that if she gave Feng Yan a check directly, Feng Yan would not accept it.

Feng Yan's temper might tear up her check directly. It's not worth it.

Therefore, she is going to inquire about Fengyi. Fengyi has been around Fengyan for so many years, and she must know Fengyan's preferences clearly.

"The Su family's money was given willingly by the young master. If he paid it back, he would lose face, and the things sent out by the young master never came back!"

Su Xiaowan naturally thought of it, but the money was not a small sum. She wanted to pay it back, and she had to.

"... this money is not a small sum. I don't want to... Don't want to feel that Feng Yan is just a cash machine of the Su family. In this way, doesn't it make him feel more shameless?"

It's the same with Fengyi.

The reason why the young master gave money to the Su family is mostly because of the young grandmother.

But the Su family loved money as much as they could.

It's a bottomless hole. I can't fill it at all.

"It's better to think of a substantial thank you than a check."

Su Xiaowan didn't know why. He raised his head and asked Feng Yan if he had money. He didn't want anything. He didn't know what he wanted or liked.

"And what does he like?"

"A heart."

"Really? Don't you want me to give him my heart?" Su Xiaowan was terrified. Looking at the Fengyi, she was shocked.

Fengyi looked at her as if she was facing a big enemy. "Little grandma, I mean, you should give him a gift that is carefully prepared. It's better to make it yourself."

All of a sudden, Su Xiaowan understood what he meant. She almost wanted to be crooked, but she felt her pocket and wanted to tighten her belt recently.

I have to spend more money to buy him a present, and then put the check in.

That's good.

Thinking about this, Su Xiaowan's face was smiling.

"Young granny, this ring is very chic. Did you buy it from the young master?" Feng Yi looks through the

rearview mirror and looks at the ring on Su Xiaowan's ring finger. The diamond is not big, but it looks very chic, but the style seems to be very early.

Su Xiaowan smiles and looks at the ring in her hand. She searched through the boxes for a long time to find it, but she didn't expect that it would be the same as the new one after so long.

"No, it's my mother's. they don't believe I'm married, so they wear a ring so they know I'm married and won't provoke me again!"

To provoke?

These two words fell in Fengyi's heart and made him frown.

Isn't that what it means?

Little grandma, are there peach blossoms around?

He has to tell the young master quickly.

When Su Xiaowan entered the company, she began to get busy. She originally wanted to find some part-time jobs for herself today, but as soon as she sat down, things never stopped.

Brother Chen looked at the ring on Su Xiaowan's hand, "cute, are you really married?"

## **Chapter 54**

Su Xiaowan stretched out her hand with chopsticks, "well, is it good-looking?"

Brother Chen looked at the ring, "cute, your husband is too shabby. The diamond of the ring is not big at all. It's very small. Can't you be true love?"

Su Xiaowan looks at the ring in her hand. Her mother bought it for her when she was young. It's said that when Su Zheng married her, she couldn't even afford the ring. The ring was valuable in those years, but now it's very shabby.

It doesn't seem to be worth a cent.

It's like a relationship between two people.

"I like him, so I feel good about what he gives me."

In this society, it seems that most people are very utilitarian. The older they are, the less they believe in love.

Chen Ge sighed. Last night, Su Xiaowan didn't go back, and even Fu Yi disappeared out of thin air. He

thought they had the possibility of development, but who knows, when they were at work today, Fu Yi was rejected by Su Xiaowan, and someone heard it. Today, Fu Yi didn't come to work, but Su Xiaowan... Still as usual, I still have a ring on my hand.

"A fool like you likes a nobody. If I were you, I would choose Fu Yi."

Su Xiaowan thought to herself, if Feng Yan knew that brother Chen said he was just a nobody, would he be angry?

"Emotional things, can't be forced, besides, I have a husband, more can't let other men misunderstand, you say right?"

Likes is likes, does not like must reject, this is her values.

Su Xiaowan can't do anything about stepping on two boats.

"Fu Yi listened, estimated to be very sad, he didn't come to work today, maybe you hurt him."

Su Xiaowan just wanted to earn more money and return it to Feng Yan as soon as possible. "Brother Chen, do you know where to do a part-time job? It's better to get the money right away. "

"FY group is not allowed to go out part-time, know will be fired!"

"... can't you take a part-time job without being found out?"

"Shh." Chen elder brother ordered a little lip, "little lovely, you are still in the internship period now, it's better to be good, don't challenge the authority, you have to be in a hurry to use money, I can lend you."

Borrow... She doesn't want to borrow money.

Su Xiaowan frowned. At the moment, when her mobile phone was shocked, she opened it and said, "the money has been taken, but the man doesn't know why he insisted on seeing you all the time. He really met a wonderful flower, but the money has been paid to the account, no matter whether he is a wonderful flower or a fool!"

Su Xiaowan looked at a few words, Xiyan has always been at ease with her work. At the thought of Feng Yan's gift, she typed a few words in the past, "go shopping together after work, I'll invite you to dinner."

It's time to get off work soon. Su Xiaowan is carrying her bag. She wants to call Feng Yan and tell her, but she doesn't get through.

Three in a row, no answer.

Where is this letter?

She went out to the parking place where the driver had been waiting.

"Young granny, young master and assistant Feng have gone abroad. I will pick you up and go to work during this period."

Going abroad?

No wonder I couldn't get through by texting and calling him.

But it's so good. At least, no one knows Su Xiaowan's coming home later. If he knew it earlier, he would not be so honest and told him.

She got on the bus and asked the driver to drive towards the square. Xiyan was waiting for her there.

Looking at the luxury car, Qinglin glanced at Su Xiaowan, with a tone of contention. "Master Feng is very good to you."

Su Xiaowan took her by the arm, "Feng Yan is a good man. Don't think so bad of him."

## **Chapter 55**

"Just a few days after you entered his house, you began to protect him."

Su Xiaowan didn't even notice that she would say that "... Well, you are my big baby. How can Feng Yan be ahead of you? If someone dares to speak ill of you, I will go up and fight with her."

Su Xiaowan pulls Xia Xiyan to the men's clothing store. Xia Xiyan stands at the door, "Xiao Wan, are you crazy? Do you want to buy clothes for him? Do you really think you're his wife? "

Only the wife will buy clothes for her husband.

Su Xiaowan glances at Xia Xiyan. Xia Xiyan and herself depend on each other. They have gone through a lot of hardships and depend on each other deeply. She knows that she cares about herself and doesn't want to hurt herself again.

"I don't know how to pay back the money. As you know, Feng Yan doesn't need money at all. If he gives him a check face to face, doesn't he hit him in the face? So I want to buy something here and put the check in In order to pay back the money, Su Xiaowan asked many people, "Xiyan, do you think that suit looks good?"

Xia Xiyan has a good-looking eyebrow. She has a deep sense of resistance to men, and she hates all the accessories of men. She takes a look at the suit on the model, and then directly moves her eyes away. She thinks of that person, who loves wearing such clothes most. She feels very uncomfortable and

depressed. She slowly releases Su Xiaowan's hand, "Xiaowan, I'm a little thirsty, I'll go downstairs and buy a cup of milk tea. What would you like to drink? "

"Didn't you just drink water?"

"It's salty for lunch."

"Go ahead, I'll have Boba milk tea."

Xia Xiyan took a few steps to watch Su Xiaowan go in and hold her wrist. "As far as I know, rich people are very particular about wearing suits. Don't buy them blindly."

"I see. I'll go first and have a look. Come here as soon as you buy milk tea."

"Well."

As soon as Su Xiaowan entered the store, the shopping guide took a look at her clothes. They were ordinary and dressed casually. He didn't pay much attention to her and asked her what was perfunctory.

Su Xiaowan originally thought that suit was good. It must look very good on Feng Yan, but the attitude of shopping guide destroyed her mood, and immediately she had no desire to shop.

"Cousin, why are you here?"

Shen Daier is Shen Yin's niece and Su Qiqi's cousin. Now she is wearing a white dress, standing proudly, holding a tall man.

Come towards yourself.

Shen dai'er has always been a man of the rich second generation. She can't look up to the man who is worth tens of millions. Her mother has made her a celebrity since she was a child. She wants her to marry the rich second generation, but she didn't expect that the rich second generation knew Fu Yi.

Hearing this voice, Su Xiaowan steps, then Shen Daier takes Fu Yi and stands in front of Su Xiaowan, "Xiaowan, are you here too?"

"Senior."

When he saw Su Xiaowan, Fu Yi was a little embarrassed. After all, he confessed to this woman only yesterday. Today, he took her shopping with him. He stayed away from Shen dai'er and imitated Buddhism.

Looking at the ring in her hand, it's not a high-grade ring. Su Xiaowan is not favored by her uncle. It's a high-end brand.

"Cousin, do you know how much a dress costs here? How dare you come to such a place? "

## Chapter 56

Shen dai'er's sarcastic voice tells us that Shen's family is actually a nouveau riche. She just got up these years. Shen Yin's birth is not good. Her hometown is also in the countryside. When she was studying at that time, Shen dai'er and she were high school students in the county.

But later, when the Shen family heard that they had made a windfall, they moved their family. Relying on the Shen family, Shen Yin also established a foothold beside Su Zheng. In addition, Su Qiqi would please Su Zheng, and Su Zheng was very kind to them.

She finished high school in the county and was admitted by Jiangcheng university with the highest score. After her college entrance examination, she never met Shen Daier.

I heard that I went abroad to study.

I didn't expect to meet her here. It was almost the same as in high school. She was arrogant and arrogant. She even looked proud.

"Shen dai'er, can't I come here yet?" Su Xiaowan didn't want to pay attention to Shen Daier. Shen Daier and Su Qiqi have a good relationship. They are wearing the same pair of trousers. She hates Shen Daier.

"You used to wear Taobao clothes. You are a poor student, and your uncle didn't give you money. Where did you get the money to buy the clothes here?" The woman suddenly exclaimed, "isn't this money stolen? No wonder Qiqi always told me that she had no money recently. It turned out that you stole her money! Waiter, you have to have a good look. If you have lost anything, this man even steals his own things. His hands and feet are not clean. "

This is the biggest store in Jiangcheng, and this store is a luxury goods store. All the clothes in this store are priced from six figures.

Su Xiaowan wears rags every day. How can she afford the clothes here.

Su Xiaowan secretly wrote songs to sell money, and the family didn't know about it, but Shen Daier said so, and immediately the waiter stared at her with strange eyes.

As if, she was a thief.

"Fu Yi, you don't know that my cousin went to those high-level places when she was a teenager. My mother said that she went to seduce men when she was 18 years old, but she was beaten to death by other people's original mate."

Hearing this, Su Xiaowan was cold all over. She wanted to go, but the people at the other end were still

talking there, which was really harsh.

"Shen dai'er, I spend my money. It's my business whether I can afford it or not, but I hate being wronged."

Pop.

She slaps Shen dai'er in the face. Shen dai'er doesn't expect Su Xiaowan to do it.

I was slapped in the face, but now it has attracted a lot of people to watch.

Shen dai'er covered her face. "Look at her, she's angry. I said she was right. She didn't learn well when she was a teenager. Now she's not known how many people have played with her. Now no one wants you to do these sneaky things. Even her sister's money has to be stolen. You're just jealous that Qiqi married a good family, so you fight against her everywhere. Now Qiqi has family support, You can't match -- "

Pop.

Su Xiaowan raised her hand again and slapped her face again. At this time, Shen dai'er was slapped twice. She was so angry that she rushed up to fight back.

But who knows, Su Xiaowan directly put her down, Shen Daier fell a dog eat excrement, face hanging, the whole person rushed up with Su Xiaowan scuffle together.

"Help, this woman is a lunatic --!"

Xia Xiyan just bought a bottle of milk tea. When she came back, she had already alerted the security guard. Xia Xiyan thought it was a troublemaker and wanted to join in the fun. As a result, she looked at her family Su Xiaowan and was shocked.

.....

Feng Yan looks at the missed phone in his hand. He calls and the phone is turned off.

When the driver called, Fengyi took a look at the man who was at the international conference. He answered the phone and frowned.

"Young master, young granny has a fight."

## **Chapter 57**

fight? Feng Yan's eyes are deep. He remembers the pathetic appearance of the little wild cat who was slapped by someone last time.

No wonder I just called myself!

For the first time she met something and thought about herself, the man's eyes changed slightly, as if something in her heart had been stirred.

I thought of that... Honey.

Feng Yi looked at the young master's dark face and immediately added, "but the young granny didn't suffer. It was the young granny who beat people."

"It's just that things are getting worse... People are getting into the police station, and the Fu family has put some pressure on her. The young grandmother is expected to stay in the police station all night tonight."

Fengyi has a certain sense of appreciation. The young grandmother is like a treasure, which will give you a lot of surprises layer by layer.

These are things that many women don't have. They just show their best side, and the younger granny is the kind that the more they look, the more surprised they feel.

"You deal with it --!" When Feng Yan heard this, he felt a little relaxed and cut off the meeting. There was a little helplessness in his words, "forget it, I'll go back with you!"

"But young master, the fastest way to go back is at least an hour. If there is no guarantee for the young granny to go back, she may have to stay in the police station for several hours. Otherwise, I'll find someone to take her back first?" There is a wide range of ways to seal the family. In fact, you don't even need to go back. You just need to make a phone call to ask someone to take the little grandmother back.

But young master... It seems that his heart is too much for his grandmother?

"Let her suffer."

Fu Jia? It's Fu Yi! He said it several times!

Feng Yi looked at his young master, who had never had a woman around him. Naturally, he didn't know what happened to men and women. The girls were very sad when they cried. They couldn't stop crying. Although the young granny looked as if she was invulnerable, there must be a soft place in her heart. After staying in this place for an hour, I don't know how many tears she would have to shed, If you stay there for a while, you'll have to cry. "

"It's best to cry, who let her make trouble for me outside all day long!"

That little wild cat won't cry.

"Fu Yi's business has not been done well yet?"

"Fu Yi is meticulous in his work, and he can't get hold of anything. Just dismissing him, there may be bad comments in the company."

"But I heard that something happened to Fu Group recently. Fu Yi should be leaving soon."

.....

Police Station.

Fu Yi's uncle is the director of the police station. When he saw Fu Yi, he was let go. Shen dai'er was the daughter of the Shen family. The director had some friendship with her father, so he didn't need a guarantor, so he let her go directly.

Only Su Xiaowan sat there, accepting the police's criticism.

Fu Yi stood there, originally wanted to pass, but was stopped by his uncle, "you still don't make enough trouble? When your father knows that there is good fruit to eat, go back quickly, and the girl will be released even if she is locked up all night! "

The Fu family said big or small, but it's not good for them to make such a big deal.

Fu Yi takes a look at Su Xiaowan. She keeps her head down and doesn't walk up. Shen dai'er sees Fu Yi's loving eyes. She stands there and hates Su Xiaowan's being focused by men.

This fox spirit can seduce people.

"Fu Yi, you believe me, I saw her sneak home in the middle of the night, and her body was full of traces of being trampled by men. At that time, it was very noisy. People in the family said that she was a fox spirit. Don't be cheated by her appearance."

## **Chapter 58**

Fu Yi shook off her hand. "Shen dai'er, today is the last time we meet. Besides, if you dare to ruin Xiao Wan's reputation in the future, don't blame me for being rude to you."

"Fu Yi..." Shen dai'er was thrown away and almost staggered. Looking at the man's back, she stamped her feet angrily. "Su Xiaowan, this cheap woman, even seduced my man!"

Shen dai'er took a look at Fu Yi, who was far away. She was looking at the woman sitting there. She looked very poor. "Su Xiaowan, no one came to guarantee you. You just wait here until dawn!"

"That won't bother you."

"Hum!" Shen dai'er turns around and goes out. She makes a phone call to Su Qiqi to tell her dissatisfaction. Cousin Qiqi always takes pride in herself.

"Cousin Qiqi, I was beaten by that smelly girl today!"

Su Qiqi was a little stunned when she received the phone call. Then she reflected who the smelly girl in Shen Daier's mouth was. Before, they always liked to call Su Xiaowan as a smelly girl.

"She hit you?" Su Qiqi's eyes are deep.

"Yes, you have to decide for me, cousin. Did Su Xiaowan steal a lot of money from you? Today, I watched her go to luxury stores again and pretend to be rich there. You must have stolen her money here, right? I think she was wearing substandard clothes all over her body."

Su Qiqi thought that when Feng Yan lost half of her teeth a while ago, she managed to mend them. But it was different from her real teeth. She didn't want to offend Su Xiaowan any more. In addition, she warned herself that day that the Su family was still counting on her. She was not stupid enough to offend Su Xiaowan.

"Don't mess with her, Dale."

"Why, cousin, now that you are going to marry into Fengjia, what are you afraid that he will do as a poor man? She can't lift up many waves. She won't be able to fight you at all in the future. " Shen dai'er feels that Su Qiqi seems to be a different person. If she had been in the past, she would have been angry with her. In the past, they had done a lot of things to frame Su Xiaowan.

But now... Are you too timid?

"Don't mention this matter any more. Xiaowan is my sister. Don't embarrass her casually in the future. It's a disgrace to our Su family!"

"Cousin, what's the matter with you?"

"I said don't mess with it, just for your own good!"

Shen dai'er suddenly flashed a person in her head. Does she say that Su Xiaowan has hooked up with that person again? If I was right, she was buying clothes for men

She frowned, just ready to speak, but who knows, Su Qiqi directly hung up the phone.

She stamped her foot in anger and broke her heel.

I was just about to bend down, but suddenly I was grabbed by a fat woman. "You cheap woman, seduce my husband. Let's have a look. This little three seduces my husband. My husband sold the house for her

and wants to be with this woman..."

"What are you doing? You dead old woman, I don't know you Shen dai'er was grabbed by the woman's hair. Her scalp was about to be taken off. She was about to suffocate because of the pain.

"You said you didn't know me! You bitch, if it wasn't for you, I would be driven out of the house? You fox spirit, you seduced other people's husbands when you were young. You cheap woman, I will die with you..."

## **Chapter 59**

Don't know why, Shen Daier always feel this scene, so familiar, even the words are particularly familiar.

Su Xiaowan?

But how! Su Xiaowan is squatting there!

Her scalp will be torn off by this fat woman, "let go!"

It wasn't long before the reporter came and took a wild picture of Shen dai'er's face. Shen dai'er was in a panic. She was working as a female anchor recently. The atmosphere was not good. Now

"Stop shooting."

In the distance, the man sitting in the car was so bright that he could see the whole scene.

"Young master, young granny should wait a long time."

Su Xiaowan is sitting in the detention center. There are several drunkards around. They seem to have been arrested for destroying public property. Now they are lying on the ground and snoring.

It's the first time she's been to a place like this.

She huddled in the corner with her back against the wall. In fact, the safest place was this place. Su Xiaowan felt that she had failed in her life. She didn't know who to go to bail herself. Anyway, Feng Yan would not know. She might as well stay here for one night and be released tomorrow.

She closed her eyes and rested.

When Feng Yan walked into the detention center, he watched her curl up there, thin and small, and suddenly knocked on her heart.

But she was sleeping with her eyes closed.

There was no breath at all.

"Su Qiqi --!"

Su Xiaowan is dreaming of Feng Yan's black face. Then she is awakened by such a sound. As soon as she opens her eyes, she looks at the tall man in front of her.

—Feng Yan?

Didn't he go on a business trip?

Why are you here?

Su Xiaowan thought it was a dream and wiped her eyes. It was true.

She dropped her eyes. Her eyes were slightly red. It was almost midnight. She just saw the fatigue in Feng Yan's eyes, but she never thought that someone would play such a role in her life.

"Feng Yan, did I disgrace you?"

It was not until many years later that Su Xiaowan realized that, in fact, what makes people feel safe is not love, but preference.

villa.

Su Xiaowan stood there, looking at the man sitting on the sofa.

He hung his head, long fingers tapping on the armrest, the light shining slightly on the man, quite familiar.

Like that bastard.

She took a deep breath, stepped in front of her, like a good girl, "Feng Yan, are you angry?"

"Why fight?"

Feng Yan's eyelids slightly raised, looking at her eyes, there is a feeling of swallowing her alive.

I didn't expect to be late so soon.

"Shen dai'er didn't like me since she was a child. She was jealous that I looked better than her..."

Feng Yan's eyes fixed on her face for more than ten seconds. "Su Qiqi, it seems that you have turned a

deaf ear to my words?"

like water off a duck 's back?

He said that he should stay away from Fu Yiyuan?

I don't know why she's so smart. Su Xiaowan thinks that she's going to admire her smart head, but she'd rather not know such a thing.

I don't know what's going on. When Su Xiaowan sees Feng Yan, she always feels that he's like her parents. She's not so afraid of Su Zheng. Her legs and stomach shake badly. "Feng... Feng Yan, how can I fight because of men? You misunderstand me."

Su Xiaowan was embarrassed to see through her mind, but to tell the truth, she felt that Feng Yan even knew Fu Yi was there. She must also know the whole story. There was an eyewitness at that time. "It's because... Shen dai'er said that I stole things. I was angry and started. Feng Yan, I don't like being wronged."

"Feng Yan, Fu Yi came with Shen dai'er. I just met him by chance when I was just passing by the shopping mall. Really, I swear --!"

Originally, Su Xiaowan wanted to say that she wanted to buy a gift for you, but after all, she didn't buy it. She didn't dare to say.

"Come here!"

Su Xiaowan's scalp is numb. Is this lette

## **Chapter 60**

It's said that he has a short temper and a lonely personality. She hasn't found his temper in the villa for so long, but now looking at his dark face, Su Xiaowan's eyebrows are tight.

It's said that men like to be cute and cute. She had a fight with others... To discredit Fengjia, then

It can't be an unhappy, beating person, right? Her steps did not move quietly.

"Now you know how to be afraid?"

Feng Yan doesn't think it's wrong for her to hit others. She knows how to protect herself.

Su Xiaowan's legs and stomach were a little cold. She looked at Feng Yan's eyes and said, "Feng Yan, have something to say... I will never dare to say it again. I will tell you who I meet in the future, OK?"

"I'm hungry, go and cook for me!" That deep voice with sexy taste, suddenly broke the situation at the

moment, as if attached to a layer of bewitching, but in the statement of facts.

"Hungry?"

Fengyi appeared at the most appropriate time. "The young master is so busy that he didn't eat any food today. He came back specially for the sake of your little grandmother. Up to now, he hasn't eaten anything."

"Fengyi, when did you talk so much?"

Feng Yi laughed awkwardly, "... There's something else in my family. I'll leave first."

Su Xiaowan looks at Feng Yan's tall and straight figure, which gives people an invisible pressure. At the moment, she is looking up at her, and her eyes can't see happiness.

"Feng Yan, I'm not good at cooking. Don't give up."

At this time, all the maids in the villa had fallen asleep. Naturally, Su Xiaowan would not knock on Aunt Li's door at this time. She hesitated and went to the kitchen with her mobile phone.

Feng Yan is famous in Jiangcheng. She has never eaten anything, but Su Xiaowan really can't cook. She doesn't know anything about cooking. She may be busy living every day. She usually fry an egg to fill her stomach.

But we can't let Feng Yan eat fried rice with eggs.

Su Xiaowan opened the refrigerator, looked at the dumplings in it, put a few, thought he didn't eat at night, put a whole bag in the pot.

But this frozen dumpling, Feng Yan won't abandon it?

The mobile phone vibrated. Su Xiaowan saw that it was Xia Xiyan, and thought that she had forgotten to report peace with her.

"Xiaowan, where are you now? Are you OK? These bastards even told me that if I'm not a direct relative, I can't be bailed out! "

"Xiyan, I'm ok. I'm at home now."

"Is it the grand master?" So quickly will su Xiaowan rescued, do not want to also know must not be ordinary people.

"Well."

"Then I'm relieved."

"You go to bed early, you worry."

"It's all my fault. Shen dai'er, if I'm here, I won't let you suffer."

"I didn't lose. I beat her up..."

Su Xiaowan told Xia Xiyao all the things one by one. The latter was relieved and applauded, "I tell you, Shen dai'er was hot on the Internet just now. She robbed her husband and fought with others in the street. The video screen was sent to the Internet! This time, she'll take it. "

"True or false?"

"Of course, I've watched it several times. That woman grabs her hair and scolds her for being a junior. She should teach her a lesson."

Looking at the hot water in front of her, she was in a hurry. "Xiyao, I haven't eaten yet. I'm cooking. I won't tell you. You go to bed early, I'll hang up, and I'll contact you tomorrow."

"OK, good night."

Looking at the rising water mist, Su Xiaowan put out two bowls of dumplings. She specially gave Feng Yan a big bowl full of dumplings. She stole a bite from her own bowl, and the taste was OK. Although it must be quick-frozen dumplings, if it should appear in Feng's home, it is also an advanced version of quick-frozen dumplings.

Feng Yan should not dislike it.

When she came out with the two bowls, Feng Yan had already sat on the dining table.

I'm looking at my cell phone.

"Feng Yan, dumplings are ready."

Feng Yan looked at the bowl of dumplings and frowned.

Looking at his eyebrows, Su Xiaowan tried to turn the tide around, "I'm afraid the ingredients in the kitchen are not delicious, but Feng Yan, I've tasted this dumpling. It's delicious. It's shrimp dumpling."

Then he looked at the man's hand holding the bowl in his other hand, looked down and took a bite, as if tasting whether her words were true or not.

Feng Yan never eats this kind of frozen food. This is his first time.

Su Xiaowan looked at him. The half dumpling he had just eaten suddenly entered his mouth. It was too late to organize.

"Look at me and you'll be full?"

Su Xiaowan eyelashes moved, "Feng Yan, do you... Forgive me?"
