Chapter 1

Substitute wife: mysterious husband,good evening

The night was tantalizing, and it was dark and still.

The hot picture is playing on the LCD screen, and the charming voice of a woman is ringing through Su Xiaowan's ears. She desperately wants to ignore it.

Today is her wedding night! There was no wedding, no marriage certificate, and even no door to seal the house, so they were sent here blindfolded.

Ironically, she didn't even know what her new husband looked like, but she was lying in his bed.

With the movement of the film, her heart "flops" with the thought of her new husband. She is scared to close her eyes. It's said that the rich can rival the rich. The Fengjia, standing at the top of the pyramid, has a very ugly, even defective son.

Now he is 26 years old, so far he has no woman around him. This is a big

worry for the old man of Fengjia, who has been preaching that he wants to get a wife for his son.

But just three days ago, such a "good thing" fell on their su family. Their father's company was facing the danger of bankruptcy, and the huge capital gap could not be made up. Even his colleagues were taken away by the police. They sealed the family, injected 10 million yuan, and promised that they would solve the case of Su Zheng, but the only requirement was to marry their eldest daughter to the second young master of the Feng family.

Su's family is short of money. This money is not a small sum, and no one can give it out. Su Zheng can only give it up, but he can't bear to let his eldest daughter fall into such a fire pit. After all, marrying this man is undoubtedly a widow. So he forced her to marry 23 years old instead of her sister.

She thought of Su Qiqi's conversation with her last night.

"If you expose your identity, our whole family will be buried with you. It's said that his life is not long. When he dies, you will be the heir of the family, and you will enjoy endless glory and wealth in the future! Anyway, he won't touch you. What he likes is a man. As long as you get married for me, I'll ask my father to tell you where your stupid brother is. "

Thinking of her brother, Su Xiaowan's eyes became more firm.

The door is quietly opened, only from the outside into the chilly wind, Su Xiaowan body suddenly a tremor, suddenly pull back her thoughts, the men and women's voice in those films stopped, surrounded by a silence.

I feel something is going to my body. It's soft, and even warm. It licks her body. In vain, it trembles. It almost bounces from the bed and sits up. "You..."

You... How are you soft... Who are you?"

I felt that in the dark room, there was a man standing. The man was slender and only vaguely felt the strong sense of coercion.

Very dangerous.

Isn't it just ugly? Is there any other hidden disease? She just clearly felt that his whole body was hairy. Is it hirsutism?

"Scared?" He reached out and threw the Samoye out of bed.

The dog was lost, barked, and then looked at his owner, only to see the owner with warning eyes staring at himself, holding the tail of the gray left the place.

Maybe she was too nervous. She didn't notice the barking of the dog. "I'm not afraid, but can you..."

Don't move. She swallowed those words.

Just feel that hands in his body back and forth, from her hair, neck, clavicle... Suddenly, scared her can't say a word.
