

Substitute wife: mysterious husband, good evening

Chapter 20

But Su Xiaowan didn't think much about it. It was her first internship.

She just wants to do well and stay in f.y.

On the first day of work, Su Xiaowan was taken to the office of interior design department by the manager. Su Xiaowan studied graphic design in University, and he was also involved in interior design, but he was not very good at it.

"Hello, little cute, we will be colleagues in the future! You can come and ask me if you have anything in the future

At that end, a man with orchid fingers up ran to her with a wink, which was more charming than that of a woman. She felt inferior to herself.

Su Xiaowan was stunned. "Hello, I'm Su Xiaowan."

"What a lovely name! Hello, my colleagues call me Xiao Chen, and you can follow them to call me that. "

Su Xia accompanied him with a smile, "OK, brother Chen."

After all, people are older than her. It's not polite to call Xiao Chen, but it's not wrong to call him brother. Sure enough, the man's mouth is smiling and looks happy.

She turned on the computer in front of her and became familiar with her new job.

Recently, the design department has received a lot of orders, and her work is much easier than other people, basically running errands.

But Su Xiaowan is quite satisfied with the current situation.

"Xiaowan, here you are --!" She is familiar with this man. He is a senior of her school. His name seems to be Fu Yi. He is a famous graduate of his school. She met him once in her junior year.

"Good students."

Fu Yi looks at Su Xiaowan. He knows Su Xiaowan at a new year's party in the University. At that time, Su Xiaowan's appearance of sitting there playing the piano is printed in his heart. He thought they would not meet each other, because she is independent and can't find anyone in the school. He didn't expect to meet her in the company. That day, he happened to be the interviewer and saw her, I think it's predestined.

"Xiao Wan, let's have lunch together!"

"... Er, I'm sorry, senior. I'm going home for lunch." Su Xiaowan originally planned to go home and find Su Qiqi to fulfill her promise.

With disappointment on Fu Yi's face, "why don't we have dinner together?"

"I'm... I'm very strict at home. I have to go home for dinner." Thinking of her promise to Feng Yan, if she broke her appointment on the first day, how can others believe in her later.

"Next time." Fu Yi looks at Su Xiaowan in disappointment.

Su Xiaowan nodded.

Before long, Fu Yi was called in by the manager. Brother Chen came up to her and said, "you just pinched your peach blossom!"

"Peach blossom? What peach blossom? "

"He, the young master of the Fu family, the rich man, just invited you to have dinner. He must have wanted to chase you. As a result, you turned them away. Do you have someone in mind?"

After her?

Su Xiaowan's eyes were deep. He didn't know why he thought of Feng Yan in his mind. "Brother Chen, you're kidding. I only met my senior once and talked about so many words at most. How could he like me?"

"What's the reason for a man to like a woman? You look good. He's about the same age as you. It's normal for him to chase you."

Su Xiaowan didn't know how to answer for a moment. Fu Yi didn't say anything at all. She just had dinner with her colleagues. She thought it was normal.

Maybe brother Chen thinks too much.

What's more, it's so easy to like. It takes a lifetime to like someone.
