

Chapter 106

“Uh, I’m sorry, the lady next to this dress has already taken her fancy.” The shopping guide reminded apologetically.

The woman who snatched the clothes was the Chanel lady just now. Hearing this, she raised her chin with displeasure, “Did you pay for it?”

“This, it’s not...”

“If you don’t pay for it, it’s ownerless. I want this one, and I’ll make an order immediately!” Chanel ordered in a natural tone.

As soon as he finished speaking, his hands were suddenly empty, and the clothes were already in Selena’s hands.

Chanel immediately got angry, “Why are you robbing my clothes!”

Selena’s tone was more natural than hers, “Didn’t it mean that if you don’t pay, you have no owner? You can rob it, but others can’t?”

“You...” Chanel was about to explode, but suddenly stared at Selena’s face in surprise, “Selena... are you Selena?”

Seeing something funny, Chanel pulled her companion over, “Xuanxuan, come and see who this is, that bumpkin from Ning’s family, who actually came to this kind of place to snatch clothes from me!”

“You mean Selena? How is it possible...” The companion looked at the woman in front of him in surprise. She had long black curly hair and just the right retro makeup. Her demeanor exuded a contemptuous arrogance and nobility, not a trace of the timid country girl back then.

“It’s her! I can’t mistake this face. A village girl is a village girl, but she just changed her skin, and it’s still low-quality skin!” Chanel said in a firm tone.

The companion took a closer look and found that that face was indeed Selena’s, that’s right. In fact, Selena’s background was pretty good five years ago, but she couldn’t dress up at all and was always rustic. One size up, the color is old-fashioned, and it’s still a skirt, which is impressive.

“What is she doing to buy children’s clothes? I never heard that she is married!”

“Who knows which savage man it is, maybe she got pregnant out of wedlock! Isn’t it because Roman dumped her because she cheated on her and fooled around with other men?”

...

The two women sang and talked for a long time before Selena finally remembered who they were.

Chanel’s name is Ying Fanglin, and her companion’s name is Jin Xuanxuan. They are both celebrities in that circle, members of Susie’s girlfriend group, and they were the two who teased and teased her the most.

Later, she heard that Ying Fanglin married well, and gave birth to a son for her husband in the first year, so she became even more arrogant. Jin Xuanxuan also had a fiancé from a good family background.

I didn’t expect to find the best products in the children’s clothing area.

The two of them didn’t seem to know that she had entered the entertainment industry. Selena didn’t want to argue with others in public, so she ignored them and said to the shopping guide, “Miss, pay for me.”

Although those two were not easy to mess with at first glance, after all, Selena was the one who fell in love first, so the shopping guide hurriedly opened an order for her and swiped her card.

However, there was a problem when swiping the card.

The shopping guide's face was a bit ugly, "I'm sorry, miss, your card balance is insufficient."

"Huh?" Selena was dumbfounded.

Only then did Selena remember that she replaced her car with an imported engine last month, so there really wasn't much money on the card...

Seeing this situation, Ying Fanglin immediately laughed out loud, "Hahaha, I'm really laughing to death, I don't have money and I'm still here with a swollen face to pretend to be fat!"

Jin Xuanxuan shrugged her shoulders disdainfully and said, "I thought that studying abroad in the past few years would improve me a bit. Sure enough, a pheasant is a pheasant, and it will never become a phoenix!"

Ying Fanglin looked at the shopping guide proudly, "Miss, can you give me this suit now?"

"Yes, ma'am!" the shopping guide said and was going to get the clothes in Selena's hand.

Selena pressed and didn't let go.

Ying Fanglin called out immediately, "Why, you want Mingqiang even if you have no money? Do you think you are from your country?"

Selena held the clothes in one hand, took out a black card from her bag with the other hand, and handed it to the shopping guide, "Swipe this one."

Chapter 107

Selena originally planned to pay the money herself this time as a gift for Rick, but she didn't expect such an embarrassing situation to happen.

She really liked this dress, and when she thought that something that belonged to Rick would be snatched away by someone like Ying Fanglin, she felt uncomfortable. Finally, she took out the black card that Daniel had given her to pay the bill.

As soon as Selena took out her card, it was the shopping guide's turn and the two women were dumbfounded.

Shopping guides are well-informed, so they naturally recognized this card at a glance. Ying Fanglin and Jin Xuanxuan had never seen the real thing, but the women in that circle were naturally more concerned about these things, so they immediately recognized that it was something "The global limited edition unlimited overdraft black gold card known as the "King of Cards".

The threshold for this kind of card is extremely high, the annual fee is scary, and the service you get around the world is also first-class. Since it has not been publicly issued, nor can it take the initiative to apply, but actively selects 1 of the platinum card users and invites them to handle it, so it is impossible to do it even if you have money. Those who can get this card are politicians, billionaires and celebrities from various countries.

Ying Fanglin's face froze, and she snorted coldly, "Could it be a fake card! Miss, you have to check it carefully!"

Although the shopping guide had seen it, he had only seen it once. He took the card cautiously, and then began to operate the card machine.

Ten seconds later, the shopping guide immediately changed into a 100% smiling face, and bowed at 90 degrees, "Miss, it's ready, I'll help you pack it."

Selena nodded, "Thank you."

Ying Fanglin and Jin Xuanxuan froze in place, looking at each other, looking at Selena's expression as if she had seen a ghost.

Selena took the packed clothes and turned around to leave.

Looking at the back of Selena stepping away in high heels, Ying Fanglin gritted her teeth, her face full of malice, "What are you proud of, I must have become the mistress of some rich old man! I thought that if I gave birth to him a son, I would be able to marry into a wealthy family." Yet?"

"That's right, one day I'll be beaten to death by my wife!" Jin Xuanxuan echoed.

...

After leaving the children's clothing section, Selena passed the men's clothing section when she went downstairs.

Well, it looks like the brand that Daniel usually wears on the opposite side.

The overall style is very Daniel, with black, white and gray as the main color, it looks aloof and abstinent.

After taking a few glances, her eyes moved to a young brand next door that has been popular in recent years. Compared with it, the color and style are much younger and lively.

Selena rubbed her chin, and suddenly wanted to buy Daniel a suit.

A woman is a creature who originally only wanted to buy a pair of shoes, but ended up buying clothes, bags, jewelry and a lot of things to match.

So after buying the little bun, the more she thought about it, the more she couldn't restrain her desire to have Daniel unify his style.

After hesitating for three minutes, Selena made a choice, buy!

So she went into the store and directly bought the royal blue suit of the same color as Rick's on the model at the door.

At the same time, the Lu Group CEO's office left, and Daniel, who was listening to Saul's report, received two text messages in succession.

Click to open it, and it is a consumption notification text message from the bank.

Selena swiped his card?

A satisfied smile suddenly appeared on Daniel's solemn and indifferent face.

Seeing his brother's expression, Saul understood, "Sister-in-law's text message?"

Daniel: "No."

"No?" That's strange!

Saul immediately looked over the table curiously, hey, isn't it just two SMS notifications from the bank? It's still a consumption notification, not a payment notification! Do you need such a sweet expression?

Tsk tsk, men in love are sometimes really hard to understand!

Chapter 108

In the evening, Selena went straight to the Lu residence with the spoils of war.

Seeing the old butler watering the flowers at the door, Selena hurriedly said hello, "Grandpa butler, where's the little one?"

The old butler was wearing a black tuxedo and a neat tie. Seeing Selena, he said respectfully, "Miss Selena is back. The young master is painting in the garden."

"Ah, he's painting, so I won't bother him for now, what about Mr. Lu?"

"The young master is upstairs."

"Okay, thank you!" Selena happily went upstairs.

The old housekeeper looked at the energetic back of the girl, and his mood was extremely complicated. After getting along with her for this period of time, no matter how wary he was, he couldn't help but develop a good impression of this little girl.

A beautiful person with a sweet mouth is destined to be popular everywhere, but what is rare is that he behaves extremely well, never showing any attempt to exceed the rules to the young master, and even often pays no attention to his own image.

It is actually easy to see whether a woman has intentions for a man. She can hide it for a day or two, but after a long time, she will never be able to hide it.

Likewise, it's easy to tell if a man has intentions for a woman.

Others may not know it, but he has seen it from beginning to end, so he knows it best. The young master obviously cares about this girl very much. The guest room where she lived was actually designed by the young master himself. Even the bed sheets, curtains, and the clothes and jewelry in the cabinet were all picked by himself. Not only that, she just came here on the first day. Just explain her eating habits to the kitchen, every time she comes home late, she must leave a meal for her, similar details are too numerous to enumerate...

Even if it's because she is the young master's savior, it seems that the eldest master's meticulous behavior is too much.

In fact, as long as the little girl is innocent, if she can get along with the young master, it is not a bad thing. Since the girl moved in, the young master has become more and more lively, and the young master has become more and more cheerful. The young master and the young master grew up, and they were naturally happy in their eyes.

So what he is worried about now is not that Selena has bad intentions, but that she has no intentions.

After going upstairs, Selena couldn't wait to share her victory, so she directly opened the door of Daniel's bedroom.

"land..."

As soon as he opened the door, what caught his eye was flesh-colored. Daniel's hair was wet, his upper body was naked, and a white towel was

wrapped around his waist. Crystal water droplets slowly sank into the mermaid line along his tight abdominal muscles... ..

This scene made people instinctively unable to look away, so Selena's first reaction was not to close her eyes, but to widen her eyes.

She is very repulsive to sex, but this does not prevent her from appreciating beautiful things.

Probably because she was too stimulated after being betrayed back then, and she didn't know why she had grown crooked without knowing it. You must know that five years ago, she was so traditional and conservative that she would be shy when she saw men wearing vests and shorts. Talk to any strange man outside, no matter how handsome the other man is, he won't take a second look...

It took about five seconds for Selena to come back to her senses, she turned around in a "whoosh", raised her hand holding the two paper bags to cover her eyes, "I'm sorry, I forgot to knock on the door! "

Daniel chuckled softly, "My fault, I forgot to lock the door."

In fact, it's not that he forgot, but since she moved in, he never locked the door again.

"Is there anything you can do for me? Wait a minute, I'll get dressed first."

The girl's short but long gaze just ignited his skin inch by inch like a fire. Fortunately, she turned around in time, otherwise his almost out-of-control reaction somewhere might make him show his weakness again.

Daniel was about to open the cabinet to get clothes when Selena behind him suddenly shouted, "Ah, don't! Don't wear clothes!"

Chapter 109

Unexpectedly, the girl would make such a request, Daniel's face was obviously stunned for a moment, then he stared at the girl's back, his tone raised slightly, "Why?"

Although he was quite happy to satisfy such a beautiful request from the little girl.

Realizing that her words were too ambiguous, Selena hurriedly gave a "bah", "Don't get me wrong! I meant it literally, there is no deeper meaning! Uh, it seems that the literal meaning is dirty too. ...Cough, in short, what I mean is, I bought you a suit when I was shopping at the mall today, would you like to try it? Trying it now will save you going back and wearing it and taking it off and trying again, am I very witty!"

Daniel was slightly taken aback when he heard the words, as if he was flattered, "You bought it for me?"

He thought she must have bought it for Rick.

"That's right, but, cough cough, I swiped your card!" Selena rubbed her nose in embarrassment, "Actually, I planned to buy it with my own money at first, as a gift for Rick, who knows? Last month, a locomotive engine failed, and there was no money on the card, so I had to swipe your card. Later, when I passed by, I found a set of adult men's clothing that matched the color and style of the one I bought for Xiaobai. Can't resist buying it!"

"That's it." Although it wasn't specially bought for him, it was enough to make him feel happy.

"I asked the shopping guide. If you try it and don't like it, you can return it. Hurry up and try it out!" Selena urged.

Daniel said without hesitation, "I like it." She bought it herself, and it was the first time she bought clothes for him, how could he not like it.

"You haven't even seen what it looks like yet!" Selena mumbled and took a step back, stretching her hand back and handing him one of the bags.

Daniel took the bag, "I only bought it for me and Rick, didn't you buy it yourself?"

Selena sighed, "Hey, I'm so shy, I'd better wait until the money is distributed before buying it!"

Just as Daniel was about to say that you can swipe my card, Selena took out a black card from her bag, "Oh, by the way, give this back to you! Don't say it's cool to use! Today, I want to share a card with me. The top-quality girl who snatched clothes is so mad!"

Daniel could only sigh softly and change his tune, "Go ahead and take it. I'm usually busy and don't have much time to help Rick buy things. If you see something suitable, just buy it. Of course, I'd be more than happy for you to help me choose things."

"Are you so sure about my vision? After you try it later, don't be so disgusted that you take it off on the spot!" Selena stopped being polite to him and took the card back, "Then I'll wait until I leave. Give it back to you! Change your clothes quickly, I'll go out first!"

Just about to take a step, the empty hand was suddenly grabbed by the man from behind.

Selena was taken aback, and subconsciously wanted to turn around, but remembering that Daniel was still naked, she could only maintain the awkward posture of being held back, "What's wrong?"

Daniel tightened her slender wrist slightly, “Selena, Rick’s condition has improved a lot recently, and he no longer pesters you all the time. He is very obedient and will not disturb you or affect your work. He just I can see you, I can wait until you come home every day, I will be very happy and at ease knowing that you are sleeping next to him every day...

I know that I have no reason to keep you anymore, but as a father, I can do too little for Rick. I really hope that Rick’s happiness can last a little longer.

Three months, can I stay for another three months at most? When the time comes when you want to leave, I will never force you to stay. And during this period, you can treat this place as your own home, and do whatever you want without any scruples.

You can speak swear words occasionally, you can eat durian garlic, you can drink and go clubbing and come back late... I only ask you to be patient for these three months and don’t bring men back, is that ok? “

Selena was almost moved to tears when she heard the first part, but she almost vomited blood when she heard the latter part.

Why did the more I listened to it, the more I felt that Daniel was a gentle, virtuous, and obedient wife, but she was a sgumbag husband who wasted his life?

Chapter 110

Selena was crying, “Daniel, are you sure you want to keep chatting with me like this? Can you put on your clothes first and we can talk?”

Otherwise, it will be difficult for her to concentrate on thinking about the problem, okay?

“Okay.” Daniel’s voice finally came from behind.

Selena rushed out of the room as if she had received an amnesty.

Hey, Daniel must be a natural orator. He poked her heart with a few words, especially the one about Rick.

It’s just that if she continues to live here, it will still be three months, I’m afraid it’s really not suitable...

Just as she was struggling, her legs suddenly softened, and as soon as she lowered her head, she saw Rick running over at some point, hugging her calf as usual, and holding a painting in her hand.

Selena knelt down and hugged the little guy, “Honey, are you done painting?”

Rick nodded.

“What is the painting? Can Auntie take a look?”

Rick immediately gave her the painting.

Selena only took one look and her eyes became moist.

The person in the painting is still her.

The color of this painting is very bright and dreamy. She is lying on a small bed, holding a storybook in her hand. It’s just that the angle of Rick’s painting is from the angle when he was lying beside her and looking up at her.

In the whole painting, one can feel the happiness and satisfaction of Rick sticking to her side and listening to her storytelling with his head up.

“Baby draws really well!” Selena’s inner balance was completely tilted at this moment.

She took a deep breath before regaining her composure, kissed the little guy’s forehead, and said happily, “Auntie bought you new clothes, do you want to try them?”

Little Treasure nodded with sparkling eyes.

When Selena helped Rick change his clothes and was about to go find Daniel, Daniel just changed and came out of the house.

Selena was quite confident in the outfit she bought for Rick, but Daniel was completely at a loss in her mind. After all, she had never seen Daniel wear clothes other than black, white, and gray, let alone a color like royal blue. .

However, seeing Daniel changing his clothes, Selena was completely dumbfounded.

This... is too appropriate...

She thought it might look awkward or nondescript, but she didn’t expect the effect of his upper body to be so good. It fully showed his wide shoulders, narrow hips, and long legs. The most important thing was that his dull and solemn temperament instantly became bright and light, even though People look much younger.

Daniel was pleased by the undisguised surprise in the girl’s eyes, “How is it?”

Selena nodded softly, “It’s so handsome! I feel like a big red flower on my chest can directly be a groom!”

Daniel: This girl’s way of complimenting others is really unique.

“Rick, don’t you think so? Is your papa handsome?” Selena lowered her head and asked the pocket version of Daniel’s little bun.

Although Rick didn’t like to see his father, he had to admit that such a father looked much better than the usual dark one, so he nodded with dignity.

Selena immediately snapped her fingers proudly, “I didn’t expect my eyesight to be so good! Of course, the main reason is that Mr. Lu has a good foundation and you can look handsome in anything! But I think it’s okay, you should wear more bright colors like this.” , the employees will feel better when they see you, and their work efficiency will increase!”

Hearing the phrase “Anything looks good with a good foundation”, Daniel couldn’t help but twitched his lips, “Well, if you see something suitable again in the future, help me buy it.”
