

## Chapter 121

“Are there any women in the whole country who don’t want to sleep with Daniel?” Selena asked.

“Then women all over the country still want to sleep with me, why don’t you think so!” Louis blurted out.

Selena raised her voice and questioned, “How do you know I haven’t thought about it?”

Louis was taken aback for a moment, and then his ears turned red to the point of bleeding.

The next second, Selena burst out laughing with a “puchi”.

Realizing that he was being tricked, Louis became furious on the spot, “Selena! Just wait! I can’t finish with you!”

If he hadn’t been worried that there were other people in the box, he would have fought her desperately.

Seeing that she had finally offended someone, Selena hurriedly waved her hands to pee.

Hey, she really drank too much tonight. She likes to tease people when she drinks too much, especially Louis.

After solving her physical problems, Selena staggered back. The corridors of the hotel were a bit winding. She searched for a long time before finally finding the private room.

However, when he opened the door, he was dumbfounded...

The whole room was full of strangers, and this box was obviously larger and more luxurious than the one where their crew was located. It would not be an exaggeration to say that it was resplendent.

“Sorry, I went wrong...”

Selena apologized, and was about to leave when suddenly a fat hand covered her wrist, and then a mouth that smelled of alcohol almost touched her face, “Oh, where did it come from?” Lost little lamb, since it’s fate to come, why don’t you stay and have a drink together!”

The man who was holding her hand was about 40 or 50 years old, with a fat body, flushed cheeks, and lewd eyes sizing her up and down as if she had no clothes on, and finally stopped at her on the chest...

There was a burst of teasing and booing immediately in the box.

Selena subconsciously wanted to throw an over-the-shoulder throw, but unintentionally glanced over, and found that there were many familiar faces who often appeared in financial magazines in this box. After a closer look, Nima is a good guy, the imperial capital Half of the top ten on the rich list are in this box...

This probability is as terrifying as the little eunuch who went the wrong way and entered the Golden Palace in the early court by mistake!

In short, there was no one in the room that she could afford to offend, so Selena immediately withdrew the idea of using violence to solve the problem.

It seems that it will not be so easy to get away tonight, but at this moment she has drunk too much wine and her head is still dizzy.

“Come here... Beauty, come in!” The fat man kept pulling her into the box, and at the same time he didn’t forget to lick her body everywhere.

Selena struggled to break free from the fat man's hand, and said politely, "Sorry, sir, I really went into the wrong box, and my friend is still waiting for me!"

The fat man immediately flew into a rage when he heard the words, "Stinky bastard! You obviously made a mistake on purpose, why are you pretending to be innocent, I think you are your ancestors smoking green smoke!"

Selena scolded her mother secretly, is this the quality of the top ten on the rich list?

She recognized this fat man who seemed to be the tenth at the bottom. Zhu Xiangcheng, the chairman of Fengrui Real Estate, was very lecherous.

The fat man stretched out his hand to pull her as he spoke. Seeing that he was about to drag her to the sofa, Selena was racking her brains to find a way to get out. At this moment, her shoulders sank suddenly, and an extremely familiar feeling seemed to come from the glacier. The clear breath of the air wrapped her tightly from behind...

Then the strength on the shoulders gently but powerfully pulled her back, and in the next second, she crashed into a hard and warm embrace...

## **Chapter 122**

"Uh, Mr. Lu... Mr. Lu..." Zhu Xiangcheng, who was still clinging to Selena just now, froze immediately, but soon changed into a flattering expression, "Mr. Lu has also taken a liking to this girl. ?In that case, then you go first!"

In the box, the eyes of those who were watching the fun just now all changed. What's going on?

When did Daniel come out to a party, but he was as indifferent as a flower on a high mountain, treating women's sex as nothing, and today he would be interested in a drunk woman who broke in by mistake?

Ignoring the reactions of those people, Daniel only had one person in his eyes at the moment.

He frowned and looked at the dangling girl in his arms, "What's going on?"

"Lu..." Selena stopped calling him by his name just in time, and replied in a whisper, "I went to the wrong place..."

The light in the box was a bit dim, and she didn't realize that Daniel was here just now.

Among a dry Mediterranean beer belly, Daniel's presence was simply a breath of fresh air.

"Which room are you in? I'll take you there." Daniel walked out protecting Selena without even looking at the people with different expressions behind him.

Just now he was resting with his eyes closed, he vaguely heard the laughter in the box but didn't pay attention, until he heard Selena's familiar voice, and when he opened his eyes, he saw Zhu Xiangcheng pulling her hands and feet.

At that moment, he had the urge to wring that man's hand off.

But he couldn't scare her girl, so he suppressed Sen Leng's hostility and pretended to be a stranger, stepped forward to rescue her.

After getting out of the private room, Selena finally breathed a sigh of relief, “Daniel, thank you, if I hadn’t met you, I would have gotten into trouble tonight!” If she couldn’t agree with the other party, she would inevitably do it.

“So what if you get into trouble? I’ll clean it up for you. If you encounter this kind of situation in the future, you must never let yourself suffer again!” Daniel taunted with a serious face.

Selena smiled and sighed, “Hey, it’s such a good feeling to have someone backing you up!”

When she leaves the Lu family, when Rick no longer needs her, maybe she and Daniel will become strangers, right?

I don’t know why, but thinking of these things, she actually felt a little sad...

Daniel patted the girl’s head, I can support you for the rest of my life, as long as you want.

Selena shook off the thoughts that shouldn’t have been in her mind, “I’m fine now, just go back by myself!”

“Are you sure you can do it yourself?” Daniel looked worried.

“Yes, yes, you can go in!” Selena waved her hands while walking backwards.

Daniel knew in advance that their film crew would be having dinner here tonight, so he accepted those people’s boring party invitation.

Of course, he also knew which box Selena was in.

So after seeing Selena walking in the opposite direction, Daniel sighed helplessly and strode forward, "Forget it, let me take you back! Which room is your room?"

"Well, it's 801!"

"801 is not in this direction." Daniel helped her to walk in the right direction.

Daniel didn't stop until the person was delivered to the door, "Go in, don't run around anymore, if you go to the bathroom, you must find a friend to accompany you. If you can't find anyone, you can find Louis."

Pfft, do you want Louis to accompany her to the bathroom?

"Got it! Thank you Lu \*\*oss for sending me off personally!" Selena stretched out her hand in a gesture of love.

The corners of Daniel's lips rose, and the last trace of hostility hidden between his brows was wiped away, "Send me a message when you're leaving later, and we'll go back together."

## **Chapter 123**

After Selena came back, Louis finally breathed a sigh of relief, "Why have you been gone for so long? I thought you fell into the toilet!"

"It's worse than falling into the toilet. I've fallen into a wolf's den!" Selena leaned back on the sofa with lingering fear.

"What do you mean?" Louis frowned.

“I went to the wrong box just now, you don’t know, the whole room is full of big bosses from the imperial capital, and there is also a wretched fat man, he insisted on pulling me, and asked me to drink with him!”

“What did you say?” Louis’s face immediately changed, and he looked her up and down nervously, “Then how did you come back?”

Selena hummed, “Because I was lucky enough to meet the big boss among the big bosses!”

Louis’s face darkened when he heard the words, “Could it be Daniel?”

Selena snapped her fingers, “Bingo! That’s right, \*\*Boss Lu is so handsome, he showed up in time to save me, and even sent me to the door of the private room!”

Louis: What about high IQ and low EQ? Is this man with such sloppy pick-up skills really the one he knows?

After the party, everyone said goodbye.

“Selena, how are you going back? Do you want me to take you for a ride?” Ye Linglong asked.

“Thank you, Sister Ye, no need, I have a friend nearby who will take me back along the way.”

“Then I’ll go first!”

“Okay, be careful on the road!”

“Where’s Louis? How are you going?” Guo Qisheng asked.

“I’ll wait for the agent.”

“Okay, then let’s see you tomorrow. If the weather is fine, we will continue today’s filming. It’s too strange for you to say that it rained with hail today!” Guo Qisheng muttered depressingly.

After the crew left one after another, only Louis and Selena were left at the door.

Selena was sleepy and drunk, she was obviously about to lose her grip, she was leaning against the golden pillar behind her with her eyes squinted like a dead dog.

Louis glanced at her, “Brother Ming will be here in a while, what kind of friend are you waiting for, just go back with me! No, what you’re waiting for is...”

Before he could finish speaking, a man in a suit and leather shoes came out of the hotel lobby. Stepping on the moonlight with steady steps, he walked up to Selena who was dozing off. His voice was like the wind of a summer night, “Selena.”

Selena opened her eyes in a daze, “Daniel...”

The man in front of her seemed to be synonymous with her sense of security. As soon as his figure appeared in her sight, she finally let go of her last bit of sobriety, and her body softened and she fell straight to the side...

Louis at the side was shocked when he saw this, and was about to reach out to help, but someone was faster than him and had already stepped forward, and the girl fell firmly into his arms.

Daniel gently smoothed the girl’s messy sideburn hair, then reached her knee with one arm, and gently hugged her.

At the same time, a black Maybach parked silently at the door, and the driver quickly got out of the car and opened the door.

Louis saw Daniel pretending that he didn't exist, just hugging Selena and preparing to get into the car. Finally, he couldn't help it anymore. He quickly turned on the recording function of his phone, and then called out from behind, "Uncle!"

Daniel paused slightly, turned his body slightly, and asked him what's the matter with his eyes.

Louis gritted his teeth, what's the matter, do you still need to ask? Does he want such a natural expression?

"What do you mean to Selena!" Louis stared at him, and asked directly.

Hearing this, Daniel glanced down at the girl sleeping peacefully in his arms, "To Selena..."

"Yes! Don't you think your attitude towards Selena is too strange and ambiguous?" Under the strong coercion of the man, Louis forced himself to continue speaking, and at the same time tightly squeezed the phone in his hand, nervously Waiting for the man's reply.

Daniel looked at the young man opposite him indifferently, "I think I've made it obvious enough, since you still don't understand..."

In the next second, Louis's pupils suddenly constricted!

The man in the night opposite did not speak directly, but lowered his head and gently covered the girl's lips.

Three seconds later, the man left with an expression of great cherished and nostalgia, and then stared coldly at the stunned young man, "Understood?"

## Chapter 124

late at night.

Platinum Emperor Palace No. 6.

A golden retriever was rolling on the bed like a spinning top, “Hastily, hastily...”

Lei Ming sat on the sofa across from him, and yawned helplessly, “You’ve scribbled 258 times, what happened tonight?”

Immediately, Louis’s eyes showed a fierce look, even the little tiger’s teeth gleamed coldly, “Don’t mention the number 250 to me! I’m a real 250! Selena said that my last 0.1 points were deducted from my IQ. I really didn’t wrong me at all! I’m so careless... I’m so stupid! It’s useless to make a recording! Why don’t you secretly make a video! Why why why...”

The corners of Lei Ming’s mouth twitched in confusion, completely confused about what he was talking about.

But there was one thing he could see very clearly, every time he went crazy like this it was because of Selena, “Louis, do you want to get back together with Selena?”

Louis froze like a rock, and snorted viciously, “Am I crazy and want to get back together with that ba5tard! Because of her incident, I still have nightmares at night!”

Lei Ming looked at Louis’s little resentful expression on his face speechlessly, he obviously liked it in his heart, but he was still stubborn.

In fact, he had always suspected that Louis had already fallen in love with Selena for real, otherwise he wouldn't have been so angry when he learned the truth.

As for his current feelings for Selena, could it be that love came from hatred? But it may also be because what you can't get is always the best!

Louis was continuing to roll when the cell phone placed by the bed rang.

Louis wasn't in the mood to respond at all, and in the end Lei Ming picked up his phone and took a look, "It's your father calling."

"My dad?" Louis sat up instantly.

Just because of his entry into the entertainment industry, his father and he are fighting like enemies, why would he take the initiative to call him now?

A trace of uneasiness flashed in Louis's heart, and he immediately picked it up.

Because he hadn't contacted for a long time, and because he had a grudge in his heart, Louis didn't even say a word about his father, and asked in a cold voice, "Chairman Jiang, what's the matter with me at such a late hour?"

A helpless sigh came from the other end of the phone, and the man said in an extremely tired tone, "Louis, come back, the company is about to fail..."

Louis's face immediately changed, "What do you mean the company is dying? What happened?"

"There is an insider in the company, and there is a problem with our cooperation with hn. Now I don't worry about anyone. The only one I can rely on is you. Do you really have the heart to watch Dad's foundation ruin most of his life?" Jiang Tingguang His tone was almost begging.

Louis tightened his grip on the phone, “I can’t quit the entertainment industry! I also said that I won’t go back and take over your company!”

“Makino, I didn’t ask you to quit the entertainment industry. You can accept the company or not according to your wishes. I just hope you can spare some time to come back and help me!”

Louis is a man who eats soft but not tough. It was the first time that the old man who was always as authoritarian as a tyrannosaurus rex spoke to him in such a low voice. I’ve been very busy recently...you let me think about it!”

After Louis hung up the phone, Lei Ming immediately said with concern, “What happened to your father’s company? Family matters are important. If it’s work, I can help you coordinate.”

## Chapter 125

Louis had a headache, “But what about the scene I’m doing... Do I have to turn it down?”

Lei Ming pondered for a moment, and then analyzed, “It’s impossible to turn it down. “The World” is a costume drama, and there are many big scenes. The shooting cycle is relatively long. I can tell the director to transfer all your scenes to the end. The possible losses can be borne by our side, and Guo Qisheng should agree.”

Louis scratched his hair irritably, “It looks like this is the only way to go. Dmn, why is everything not going well recently? hn’s cooperation planner can always go wrong. It’s just a kiss scene. Big Xia It can rain hail...”

The more Louis talked, the more he felt something was wrong, and finally patted the mattress, “Dmn! Daniel! You are too shameless...”

...

Lu house.

Watching Papa bring back the drunk Aunt Selena, Rick blamed and accused him.

Daniel put Selena on the bed, raised his eyebrows after meeting his son's gaze, and explained, "I didn't make her drink it."

Rick still had a look of reproach and accusation.

Daniel was helpless, "Well, it's still my fault, I didn't take good care of her."

Seeing Papa's sincere attitude, Little Treasure finally withdrew his dissatisfied gaze, then ran to the bathroom, took a hot towel out after a while, took off his shoes, climbed onto the bed, and carefully knelt beside Selena. She wiped her face, then wiped her hands after wiping her face, looking very careful and serious.

Seeing his son's appearance as one of the top ten filial sons, Daniel was relieved and sighed at the same time.

His own father had never received such treatment.

"Hmm...headache..."

When Rick heard Selena humming in pain, his heart ached so much that he hurried over to give Selena a whimper.

Daniel's eyes moved slightly, he looked at his son and said, "This is your Aunt Selena's work needs, even I can't interfere, but you can try to persuade her to drink as little as possible in the future. You are the Lord."

The little bun was quite pleasing to the ear, and nodded with a serious expression, expressing that he had accepted this important task.

the next morning.

As soon as Selena woke up, she saw Rick lying on the edge of her bed, with a serious face on the floor, looking very unhappy.

Selena sat up hastily, “Well, what’s wrong baby? Is something wrong? Why is there such an expression! Just like your father!”

As he spoke, he squeezed his little face amusedly.

Rick quickly took out the writing board from behind, and then started flipping through the pages one by one.

Selena saw that Mr. Rick had vividly drawn many comic strips with rich pictures and texts, describing the harm of drinking to the body from the aspects of heart, blood, bones, stomach, pancreas, liver, etc...

After flipping through, Rick continued to look at her seriously, with obvious meaning.

Selena coughed lightly, “Hey, what, baby, in fact, alcohol is not as scary as you think, it can lower bad cholesterol, boost self-confidence, stimulate brain intelligence, and control weight...”

Selena counted randomly with her fingers. Although she knew that Rick cared about her, but she couldn’t just promise children things and couldn’t keep them. How could it be possible for her not to drink?

When Rick heard this, his pitch-black eyes were filled with anger and disappointment, and he turned his head and ran out quickly.

“Hey, don’t go...” Selena scratched her hair in embarrassment.

## Chapter 126

After a while, Selena washed up and went downstairs, and greeted Rick as usual, “Hi, good morning baby!”

But Rick ignored her, and arrogantly turned his little face to the other side.

Selena: “Uh...”

At the dining table, Daniel, who was reading the newspaper, raised his eyebrows in surprise, and cast a puzzled look at Selena, “Did you quarrel?”

It’s really rare.

Selena rubbed her nose, “Rick just persuaded me to quit drinking. I told him that drinking actually has many benefits, and then he got angry...”

So that’s the case, Daniel nodded knowingly.

Selena rolled her eyes and immediately sought an ally, “Daniel, tell Rick, isn’t there a lot of benefits to drinking?”

She felt that Daniel usually had a lot of entertainment and had to drink, so he would definitely stand by her side.

Daniel looked at Selena on the right who was full of anticipation, and then at his son on the left who was full of anger. He put his fist against his lips and coughed lightly, “Drinking is indeed good...”

Selena immediately slapped her thigh excitedly, “bun, look, I’m right!”

The little bun immediately cast a look of incomparable contempt at his own father. It was obviously suggested by him last night, but now Auntie Xiaoxi turned against him as soon as he begged him.

It's simply too unprincipled!

Seeing his son's traitor-like expression, Daniel laughed, and continued, "However, the disadvantages of drinking far outweigh the benefits, and the premise of the benefits is an appropriate amount. So, unless it is particularly unavoidable Next, it's better to drink as little as possible."

After finishing speaking, he added, "I have recently quit drinking."

As soon as the words fell, Selena immediately laid down on the table listlessly with a flustered expression, "Master Boss, what about the agreed alliance..."

After a while, she finally accepted the fact that big and small buns are the allies, and she raised her hands in surrender and said, "Okay, okay, I understand, I will drink as little as possible in the future, don't show off, don't fight with others, You can't stop once you drink it! Can you forgive me now, baby?"

Rick carefully looked at her expression, and finally nodded after confirming that she was sincere. He stretched out his chubby hand, which had gained a lot of flesh these days, and imitated her usual movements when encouraging and praising him. He touched her head, as if to say that such a person is a good child.

Selena couldn't laugh or cry, other than that, she was filled with the warmth of being cared for and cared about. She picked up the little bun and took a sip, "My baby is so cute even when she's angry, what should I do if I love you more every day?"

Rick's eyes sparkled, very happy.

Opposite Daniel who was abused every day: “...”

His son can get things as long as he is cute, but he has to go all out to search for ninety-nine and eighty-one difficult things...

Fengrui Real Estate Chairman's Office.

The flesh on Zhu Xiangcheng's face trembled, and he stood up on the table with a snap, “This is impossible! We have always done this in the past, and I have never seen Lu's side care about it. Why did something go wrong this time?”

The manager is also full of anxiety, “It may be because of the recent policy changes within the Lu Group, and the quality control is stricter. This kind of thing depends on what the Lu Group says. If they turn a blind eye and close one eye, we will It's over, if it's serious over there, it's still our quality problem in the final analysis, it's our breach of contract...”

Zhu Xiangcheng ran wildly back and forth, “Then what should we do now?”

“It's said that Daniel personally ordered the dismissal this time, so I'm afraid we can only start with him...” the manager mused.

Zhu Xiangcheng became even more irritable when he heard that, “Daniel doesn't eat oil, salt, or give money to women. Nothing is useful to him. Isn't it tantamount to a dead end if you attack him! No... wait... woman ...perhaps there is someone who can...”

## **Chapter 127**

When they arrived at the set, Selena was told that all the filming plans had been changed because Louis had an accident at home and had to take a long vacation.

That guy usually babbles beside her about big things, so why didn't he tell her anything about such a big thing this time?

Selena immediately called and asked.

Louis's tone sounded very bad, "Why am I telling you? You don't think I'm causing trouble for you, you think I'm meddling in your own business, don't you wish I could go as far as I want! This is what you want Already!"

Selena also became angry when she heard it, "Louis, have you taken gunpowder?"

Louis was extremely depressed, he was angry with himself, angry at himself for being so stupid, and finally forced himself to calm down and said, "I'm at my dad's company, I'm as busy as a dog today, I must not be able to get away, you are free tonight Log in to the game and send you something, happy birthday!

Also, I sent a few things to your mailbox, you can go and see for yourself, believe it or not, it's up to you! That's it, hang up! "

"This guy..." Selena looked helplessly at the dead phone.

At this time, Guo Qisheng came to inform her, "Selena, you know about Louis! Today we were supposed to continue filming the k!ss scene between the two of you yesterday, but now it has been adjusted to a rivalry scene between you and Susie. I'll get the film schedule for you later!"

Selena nodded, "I know the director!"

After finishing speaking, he found a remote corner and nestled in the shade of a tree to read the script.

Just as she was fascinated, there was a sound of footsteps in her ears, and she caught a glimpse of a figure that disgusted her physically from the corner of her eye, and it was Roman walking over.

Susie was sent here by Roman today, because it was her birthday, Roman specially asked for a day off, and stayed with her all day on set. The little girls in the crew were almost crazy with jealousy.

Selena spoke impatiently, and only slightly raised her eyelids to signal him what's the matter.

Roman handed her a bottle of iced drink, and asked cautiously, "Selena, will you come for Susie's birthday?"

Selena didn't answer, and looked at him with an idiot's expression, "Are you sure you want to ask me such a stupid question?"

"Selena, today is also your birthday. If you can come back, you can help you celebrate your birthday together! I have already told my uncle and aunt, and they have already agreed!"

Selena rolled her eyes, "Thank you so much for helping me celebrate my birthday!"

Roman frowned slightly, and sighed a long time, "Selena, I really don't know you anymore, when will you change back to the kind and understanding Selena from before... everything from back then comes down to the end It's all my fault. If it wasn't for me, Susie would not have done that kind of thing. If you want to blame it, you can blame me. Susie is innocent. She has been living with guilt all these years. Just to get your blessing. I really hope you can come!"

"Guilty?" Every time she talked to Roman, Selena felt like she was listening to a joke, "Guiltfully occupying my identity, guilty of stealing my parents, guilty of

sleeping with my man? Then she is really good enough.” Guilty! And don’t mention the word kindness to me, back then I wasn’t called kindness, but a fool!”

Roman’s face was ugly, and then he said firmly, “Selena, as long as you are willing to forgive Susie, you can ask me to do anything except to testify in court!”

“Are you sure?” Selena raised her eyebrows.

“I’m sure.” Roman nodded.

## **Chapter 128**

Selena put down the script in her hand and looked at him leisurely, “Okay, I want you to dump Susie at tonight’s birthday party. Compared to the humiliation I suffered back then, just letting her be dumped, is it kind enough and understanding enough?”

Roman’s face paled, “Selena, this…”

“Selena! How could you do this…” Susie’s crying voice suddenly came from behind.

Selena put her arms around her chest, and said in a leisurely tone, “What’s wrong with me?”

Susie looked at her with anger and pity on her face, “As expected, you still can’t let Roman go, that’s why you hate me so much, you hate me for taking him away! But how could you be so selfish and use such a despicable way to break up? Us! Roman doesn’t love you at all, what’s the point of you doing such a thing?”

Seeing that Susie was agitated and almost out of breath, Roman hurriedly patted her on the back to comfort her, “Susie, don’t get excited, I think Selena was just talking casually...”

Selena looked at the two of them with a big smile, “I didn’t say anything casually, unless what you said just now told you to do whatever you want!”

“Roman, look at her! We sincerely and humbly begged her to forgive me, but what about her! She keeps embarrassing us again and again! Are you really going to agree to her shameless request?” Susie He looked up at Roman with panic and helplessness.

“Silly girl, how could it be...” Roman gently patted her head, then looked at Selena with a lingering face, “I’m sorry Selena, I can’t agree to this request!”

Selena finally lost her interest in playing, she let out a sneer, and the next second her gaze was like a knife’s edge, “Then get out of my sight.”

“Selena, what kind of attitude is this! It’s my fault if I’m wrong, it’s nothing to do with Roman, why do you treat him like this!” Susie defended Roman with a full face.

Selena clapped her hands and clapped her hands, “The relationship between the two of you is so touching and tear-jerking! Then, Susie, you must be willing to do anything to atone for your sins, and you can do anything for Roman, right?”

Susie frowned when she heard this, who knows what kind of trap this woman will dig for her, but she can only have one answer to this question: “Of course! What do you want?”

Selena pondered on purpose for a long time before she spoke under Susie’s vigilant gaze, “Since that’s the case, it’s fine for Roman not to dump you, as long as you give up your status as the eldest lady of the Ning family in the

imperial capital and return to Tangjia Village, Chunfeng Town as a Your Tang Susie, then the bad debt between the three of us will be written off, how about it?”

Susie’s eyes suddenly widened, as if she had heard something terrible, she shook her head uncontrollably and said, “No... no! How could you be so cruel, Selena! How could you force me to leave my parents, force me to leave Where I have lived for more than twenty years, I...”

Selena interrupted her impatiently with a wave of her hand, “Come on, your acting skills are so bad, you should stop acting, it’s so eye-catching! I’ve already told you two to go as far as you want, and you’re the ones who come to you again and again. I beg my forgiveness for making the request, and I swore that I can ask for anything. I waited to mention it, and I had another expression of oh, you are so ruthless, shameless and vexatious!

Heh, what to make up for? It sounds so nice, but it’s just an insignificant charity without harming your own interests! You don’t think it’s hypocritical, I still feel disgusted! So all I can give you is one word, get out. “

## **Chapter 129**

Roman and Susie returned to the dressing room, both of them were disheveled.

Susie stood in front of the man at a loss, a tear rolled from the corner of her eye, “Roman, do you blame me? Blame me for not agreeing to Selena’s request...”

Roman stretched out his hand to wipe away her tears distressedly, “How could I blame you!”

Susie immediately threw herself into his arms as if redeemed, “Roman, thank you, thank you for believing in me and understanding me, it’s not that I can’t let go of the glory and wealth of the Ning family, but I just can’t let go of my parents. Leaving them, thinking of never seeing them again, I just...”

“Hey, don’t cry, I know, I know everything...” Roman patted her on the back and sighed, “I was so naive, I thought she was the same Selena from before. Susie, I promise You, from now on, I won’t wrong you for her, and I won’t let her hurt you again!”

“Roman...” Susie looked at the man in front of her obsessively, wrapped her slippery arms around his neck, and kissed her lips.

“This is the crew, in case anyone sees it...”

“So what if you see it, you are my honest and aboveboard boyfriend!” Susie scoffed, she simply sat on his lap, touched his chest with her fingers, and unbuttoned him one by one.

Heh, Selena, I’m the man who wants to sleep with you, how about...

A moment later, there was an ambiguous gasp in the dressing room.

“Hmm... ah! Roman, you are awesome! Use your strength! Use a little more strength...”

“Roman, who do you think is better between me and Selena? Hmm? Who is better?”

“Of course it’s you!”

In terms of appearance, Selena was actually better, but she was too introverted and shy, especially when it came to matters of men and women, let alone take the initiative to do things to make him happy.

At the beginning, what he really liked was her simplicity, which was different from other girls, but after a long time, she seemed too dull.

However, Selena is a different person now than she was back then, like...

like a fairy...

Obviously her personality has become so bad, so unreasonable, but people can't take their eyes off her...

The man's panting became more and more rapid, and what appeared in the sea at the last moment was that face that seemed to be smiling casually...

"Sister Susie, the filming is about to start, can I ask the makeup artist to come in and do your makeup for you?" The little assistant blushed and stood outside the door in embarrassment.

She has been by Susie's side for so long, and she has become accustomed to such things.

What kind of pure girl...it's clearly a woman, they should really let them hear how rough their goddess is on the bed...

Selena's side was already ready, and after waiting for another half an hour, Susie finally came over slowly.

"Sorry for keeping everyone waiting, my skin is not in good condition today, and it took me a while to put on makeup." Susie explained apologetically, her voice hoarse and lazy, and she looked at Selena with a hint of complacency and provocation. She even pulled the collar on purpose to reveal the bright red hickey on her neck.

Her face was flushed, her eyes were full of spring, and she still had a sweet smell on her body, as if she was afraid that others would not be able to see what she had just done.

The veins on Selena's forehead twitched slightly. If it wasn't for filming, she would be so sick that she wouldn't want to breathe the same air with her for a minute.

Guo Qisheng clapped his hands, "Okay, since everyone is here, let's start! Everyone take their places, action!"

## Chapter 130

At dusk, in a sea of bamboo.

Two women stood facing each other, one in red and the other in white.

Shangguan Yingrong's face was terrified, "Meng Changge, I forgive you for avenging your brother, but it's not enough for you to kill Concubine Xian, do you want to destroy the world?"

Meng Changge's red long sleeves fluttered in the wind like flames, looking down at the person in front of him like an ant, "This world was originally built by my Meng family, so what if I destroy it now?"

Shangguan Yingrong was very angry when she heard the words, "You...you are simply unreasonable! You have also been a general and protected a country. Why are you so narrow-minded? Do you want to see wars raging and people dying after a hundred years?"

Meng Changge's black hair danced wildly, and he caressed his delicate long nails with downcast eyes, and said in a crazy tone, "After I die, no matter how terrible the flood is..."

“It’s so perfect!” Guo Qisheng was so excited that he didn’t know what to say other than perfection.

Ye Linglong specially came to the scene for today’s scene. After watching it, she breathed a long sigh of relief and showed a relieved expression, “Actually, in this play, the character I put the most effort into is not Shangguan Yingrong, but Meng Changge. And I When Meng Changge was first set up, it was not set as a villain. A decent villain depends on the audience’s own understanding. How the audience understands depends entirely on how the actors perform. If the performance is not in place, she is a big villain that everyone hates. , the acting is in place, this role will be very deep!”

Selena was obviously the latter.

Guo Qisheng’s face was full of excitement, and he said in a firm tone, “I have a hunch that the role of Selena will win the award!”

Wang Taihe nodded again and again, “He’s a good seedling. Empire loses Jia Qingqing and gets up with Selena. It’s a big profit!”

“Card! Very good! Take a break, let’s continue to the next game!”

This scene was over again, and Guo Qisheng’s mood, which had been depressed because of Louis’s accident, instantly improved a lot.

After returning to the rest area, as soon as Susie sat down, she called the assistant and asked, “What did the director say there?”

The little assistant hesitated to speak, as if he didn’t know what to say.

“Praise Selena?” Susie sneered.

The little assistant nodded, “Director Guo said that Selena acted perfectly, screenwriter Ye said that Selena’s acting skills were too good to make Meng

Change a decent one, and Producer Wang also praised Selena, to the effect that her future development will be very good. Better than Jia Qingqing, Director Guo also said...”

“What else?”

“He also said that the role of Selena could win an award...” the little assistant said weakly.

Susie slapped on the armrest of the bench, “It’s a big tone. Winning awards these years depends on the background. Doesn’t it need to be operated? Even if she wins the award, it’s just a best female supporting role. It’s not for me!”

The little assistant repeatedly echoed, “Sister Susie is right! She plays a vixen, how can she compare to you! The audience is not blind!”

Susie’s expression softened a little, but the gloominess between her brows still persisted, she lowered her voice and said, “The thing that was arranged before, can be done now!”

The little assistant exclaimed, and then hurriedly covered her mouth, “Really? But, it’s too dangerous! What if you...”

“What nonsense, I tell you to go!” Susie looked impatient.

“Got it, I’m going to tell that person...”

At this time, Roman’s concerned voice came from behind, “Susie, what’s wrong with you? You don’t seem to be looking well?”
