

Punished By His Love

I'm Sorry My Love Novel Alternative

Chapter 2524

No one thought that Cheng Feng would die in front of them, Joan and Arron and Cheng Feng's The bodies were not far apart, and they could clearly see that there was a black hole on Cheng Feng's head.

who is it?

Did Cheng Feng shoot him at this time?

Arron immediately looked up and looked around subconsciously.

At this glance, I saw a dark shadow in the distance of the woods quickly jumping over.

"Fourth brother, the murderer, the murderer is there, don't let him run away!" Joan shouted.

Arron calmly took out his mobile phone and made a call: "Enclose this forest! Not even a bird can let it fly out!" After the

call, Arron and Joan followed the shadow. .

Although the figure was wearing a crisp black dress, she couldn't run fast.

When running, he was still limping, a bit girly.

Without waiting for Arron's people to surround the man in black, Joan and Arron even caught up with this man.

To be precise, the man himself tripped over the roots of the tree on the ground first.

When the two came to this man, the gun in this man's hand had already been thrown out a long way. As far as Arron and Joan were concerned, he had no lethal power at all.

At this moment, Joan was no longer afraid of the man in black. He squatted in front of the man in black and tore off his hood and black sunglasses.

Now Joan was stunned: "Qin, Qin Shuang, is that you?" It

turned out to be Qin Shuang.

No wonder she looks like a b!tch from the back.

It was really a woman.

At this moment, Qin Shuang, who couldn't run away, looked at Arron with a very pleasing expression: "Cousin, I should call you cousin, you are my cousin, cousin, this person... This Cheng Feng is a domestic servant in our family. He

has been in our family since he was very young.

My grandfather provided him with studies, and he was very kind to him.

Originally, I hoped that he could achieve a career. Who knows this person Langzi's ambition, he not only plotted the property of our Qin family, he also tried...

He tried to annex the entire Nancheng.

He wanted to destroy both the Fu family and the Shu family.

Fourth cousin, yesIt's because our Qin family didn't manage the domestic helper well, and let him do things wrong.

No, I...As soon as I heard that he endangered your Fu family and Shu family brother, I looked everywhere. He.

I swear, as long as I find him, I will definitely kill him.

I will kill you.

I am a woman's family. I searched for him everywhere, and finally I was caught on that narrow road just now. When I met him, I just...I shot him down with one shot.

Now my cousin, Young Master Ling, no one will persecute you again.

In the future, the world will be at peace."

Qin Shuangman A complimenting and pleasing smile on the face.

Seeing that smile in Arron's eyes, it was extremely disgusting.

In fact, Arron didn't plan to do anything to Qin Shuang, because he knew that although Qin Shuang had the ambition of the wolf, but Qin Shuang did not have the ability, she was at best the jealousy of the little women, a kind of viciousness.

Qin Shuang can't do big things.

Cheng Feng is different. Although he has no wolf ambition, Cheng Feng's ability and Cheng Feng's loyalty to the Qin Shi family almost killed the Fu family and the Shu family. Until now, even Galia has not been found. .

Therefore, Arron blamed Cheng Feng for 99% of the fault.

Indeed it is.

The reason why Arron chose to kill Cheng Feng originally wanted to shock Qin Shuang, but at the last critical moment, Arron had a tender heart and let Cheng Feng go.

However, he never thought that Cheng Feng was killed by Qin Shuang halfway through.

Why did she search for Cheng Feng for a long time and finally found Cheng Feng on that trail?

It was clear that Qin Shuang hid in the place where Arron executed Cheng Feng beforehand, and wanted to see if Cheng Feng was dead or not. If Cheng Feng dies, and Cheng Feng takes all the blame, Qin Shuang will have no hidden dangers in the future.

Chapter 2525

But Qin Shuang did not expect that at the last moment, Arron released Cheng Feng.

Cheng Feng is alive, and one day Arron will know that the boss behind Cheng Feng is Qin Shuang, and in order to ensure her own safety, she has killed her.

It's the most poisonous but a woman's heart!

This Qin Shuang!

Cheng Feng was so loyal to her and her entire Qin Shi family, so hard work, in exchange for Qin Shuang's cold shot at her.

"You don't seem to know, Qin Shuang?" Arron asked coldly.

Qin Shuang immediately lay in front of Arron: "fourth brother, fourth cousin, I don't know, I don't know, I don't know anything, all I know is that Cheng Feng is a very wild man. I'm thinking about flying up and down in the evening.

His mind is not right.

I'm afraid of him... I'm afraid that he will hurt your Fu family sooner or later, so I will follow him all day long. When I think about it, it's better that his tone makes him hurt your Fu family. I'll kill him first.

This is also considered to be an exception to the aftermath.

After all, he is our Qin family's domestic servant and should be handled by our Qin family."

Arron sneered: "I mean, you Qin Shuang, you are not You know, in fact, I found out a long time ago that what Cheng Feng did was because of you, because of your Qin family.

He used to live well abroad.

He has a bright future.

But you found him and asked her to repay The kindness of your Qin family for his upbringing.

You tell him that you want to dominate Nancheng as a female class.

Let him help you no matter what, and remove all obstacles. "

Qin Shuang: "I...I, Cheng Feng lied. "

It's not what Cheng Feng told me. Cheng Feng has always been protecting you and never told me who his boss is. I found out." "Arron raised his eyebrows and said.

Qin Shuang was stunned.

Her face was as pale as a dead person: "Don't...don't kill me...don't..."

"I won't kill you for a while! Arron said, "Tianling, tie her up, bring her to Cheng Feng's body, and ask her to kowtow to Cheng Feng!" "

"Good fourth brother!" "Joan used the Swiss Army Knife he carried with him to see the rattan on the ground, and then cut Qin Shuang's hands back to tie her: "Let's go, scorpion woman!"

Just like you, do you still want to dominate the South City?

Do you have a pattern?

You are too whimsical!

Thinking of killing my fourth brother Fu and hurting the Fu family!

Qin Shuang, when you were young, your family was at a disadvantage, and you have enjoyed the blessings of the Fu family from childhood to adulthood! How good is the Fu family to you, the eldest miss is supporting you, but in return you are going to destroy the Fu family!

Do you know, your actions, your conspiracy, the conspiracy behind it!

It hurt Galia!

Almost killed Mingsai!

You woman, don't be more damned than Cheng Feng!

Walk! "

After scolding, Joan kicked Qin Shuang! The

two of them staggered to the place where Cheng Feng was beaten, and they were far away, but they didn't see anyone.

"Where are the people? Ten minutes ago, Cheng Feng's body was still here. His son was so young that he couldn't move the body. Where did the people go?" Joan looked back at Arron.

Arron was also surprised: "..."

Where Cheng Feng was lying, there was only a pool of blood, but there was not even a shadow.

"Maybe, I was rescued by passers-by." Arron said, "Let's go. Go back to the city and look for it again."

"Yes." Joan nodded.

After the two took Qin Shuang away, a young head was exposed in the grass not far away. The head was lying on a corpse, and the cry was extremely suppressed: "Dad..."

Chapter 2526

After the boy cried, he looked at Arron and Joan's distant car shadows, and there was a firmness in his eyes. No one knew what the young man was thinking at this moment.

In the distance, Arron and Joan's car has drifted further away.

Arron took Qin Shuang directly to the farmhouse restaurant that several of their families had made an appointment with. This was the first time that several families had reunited like this since the death of Darius's grandfather.

Originally booked three tables, I felt that the family was enough to sit, but after arriving, I found out that Kraig brought Dalia and the children here, and Jun Ruian came with him.

It has been several months since the last time Rayna and Jun Ruian had a conflict.

Goodbye now, just like a lifetime away.

"Rongrong, how are you doing these days?" Jun Ruian asked.

Rayna's tone was very calm: "Young Master Jun, do you still remember that you have a wife and two sons? Don't you worry about us at all? You haven't even come to visit for so many months. We, you are so cruel!"

"Haven't you been doing well for so many months?" Jun Ruian was a little pissed off.

Rayna: "You..." Remember the website

"Rui An! You can do it, don't say a word! Now that your parents are not with you, I will take care of you instead of them! What are you doing? What to talk about? Rong her with two children alone, is it easy! You are a man, the head of the family, you have to support a family!"

"Why are you still in a hurry to poke things!" Kraig tensed Looking at Jun Ruian with a face.

Jun Ruian: "Uncle..."

Having lived such a long life, Jun Ruian is not afraid of his father, not his mother, not afraid of his grandfather, not afraid of his grandmother, but since childhood, he was most afraid of his second uncle, Kraig.

Now being reprimanded by Kraig like this, Jun Ruian was angry at first, and then had to succumb. He lowered his head and said, "Yes, second uncle."

"Apologize to Rongrong!"

Jun Ruian: "..."

"Apologize!" Kraig ordered again.

Jun Ruian: "Rongrong, I'm sorry."

Rayna looked at Kraig and Dalia: "Second Uncle, Second Aunt, I know that you are both good people. The two of them helped me a lot, but then I figured out one thing.

Ruian and I are too far apart.

I'm too rude, and I can't make myself a lady for a while.

I can't get used to my mother-in-law's rules. I

always say the wrong thing and do the wrong thing.

I live every day in a terrifying and cautious mood. For a while, I think I have a depression?

I'm really scared I have depression.

I thought, there is only one king's family in the entire Kyoto, and the entire Nancheng is also the Fu family and the Shu family.

There are so many people, and the population of more than one billion in the country, how does this go? Are there so many Rules? So particular? Those people who don't have rules and don't pay attention, don't they deserve to have children?

In this case, where do so many Chinese people come from?

I think, the vast and vast country survives. Ninety-nine-nine-nine-nine out of nine, they should all be ordinary people, right?

And how many nobles are there in the Shu family?

I really can't adapt to the life of the Shu family.

I'm sorry, second uncle.

Second aunt.

Thank you for your concern for me. During the cooling-off period in the past few months, I have already thought about it very clearly. I want to divorce Ruian. In the past few months, I can also prove that I can have children by myself.

Ruian hasn't come to visit us for several months. Don't we live well with my two children?

I'm also a real architect now.

The basic company is 3,800 per month, and there is also a commission for receiving orders.

In general, I have more than 10,000 yuan per month.

10,000 yuan is not a lot, I take out the rent and the child's custody fee, and I have very little left, but I am happy.

Chapter 2527

is earned by myself.

I live under no pressure, and I'm still very tough.

Besides, it's not that there are thousands and hundreds of dollars left every month. After a year, I can save tens of thousands of dollars. If I have money, I am very happy.

real.

I just think I'm fine now. After saying

this, Rayna looked at Jun Ruian again.

Looking at him, Rayna's eyes filled with tears in an instant: "Rui... Ruian." With this cry, Rayna's throat choked up: "Rui An...We...I have already thought clearly, the two of us are really unmatched, we... .. Divorce now! "

After saying these words, Rayna's tears fell.

Does she still love Jun Ruian to this day?

Love.

In my heart, I love it very much. But

, she really can't stand being in Jun's house, In the days when she was hated by her mother-in-law, she brought her two children back to Nancheng. She originally thought that Jun Ruian would come along, admit her mistake, and live with her in Nancheng. But she

did not expect that Jun Ruian would be able to live with her in Nancheng for so many months. She only came here once when she just ran away from home, and she has never shown her face since then.

Isn't her son Jun Ruian's son? It's

been a few months, and he doesn't want a son? To

put it bluntly, maybe it's Jun Ruian The love is very shallow.

After all, he is the young master of a big family. When he loves, he can be so affectionate, and when he does not love, he can also be so decisive.

He was so determined that he didn't even look at his own children again.

People who don't want their sons have the capital to not want their sons. When they turn their heads, they are still looking for ten, one, one, thousand women to give him more sons. In this world, a woman who wants to marry Jun Ruian will become a woman. Thousands.

And she, Rayna, is really high.

Even if he gave birth to a pair of twins and two sons for the Jun family in one fell swoop, he would not gain half a point in terms of status.

So, get a divorce.

Divorced, she was silent.

"Divorce?" Jun Ruian also cried.

Jun Ruian, who rarely sheds tears in front of the public, also burst into tears at this moment: "Qingrong, you are in your thirties, you are not too young!"

Rayna: "..."

Jun Rui Ann continued: "The mother of two children! It stands to reason that everyone should accept their own willfulness! But you are good, your human nature is unreasonable and arrogant, and it is no less than when you were a little girl.

Instead, it's even more powerful than that time!" "

You...you don't want to think about it, why do you scold me!" Rayna's angry face suddenly turned red.

"Why! Because I am still your husband, your legal husband, and your other half!" At this time, Jun Ruian became more and more annoyed.

The people watching were stunned.

Especially Arron and Suzi.

How hard-won such a dinner party was. Too many things have happened these days. Everyone wanted to get together and feel better, but they didn't expect Jun Ruian and Rayna to quarrel here.

"Rongrong, don't say a word! No matter what, Ruian is also the father of two children!" Suzi scolded Rayna.

Kraig next to him also scolded Jun Ruian: "Rui'an! Shut up! Now, kneel on the washboard and apologize to

Rongrong!" Rayna cried even more fiercely: "Forget it, second uncle, he is a son and brother, I don't deserve him to apologize to me, don't say I don't deserve him, even our son is not worthy of his concern."

"Rayna, you must speak with conscience, you know that when you are at work, What happened to your son!" Jun Ruian suddenly shouted angrily.

Rayna was stunned for a moment: "You...what did you say, what happened to my son?"
