

Chapter 181

“Why don’t you call your classmate and let him not make things difficult for the company?” Amelia Su sitting on the sofa suddenly said to George Han.

Hearing this, George Han smiled helplessly and said: “Your kindness, they will not appreciate it.”

“But the Su family still has so many relatives living on the company. If the company goes down, what should they do?” Amelia Su worried.

George Han would agree with Amelia Su’s words before, but he would not compromise on this matter, and he had already ordered Zhong Liang to go to Su’s house. If you say something, how can you take it back casually?

“You are still too soft-hearted, but they are eager to kick you out of the company, this kind of pity is unnecessary.”

At this time, the doorbell rang, and George Han couldn’t help frowning. If he was a member of his family and had the key, how could he ring the doorbell?

Could it be that the Su family broke into the Yundingshan Villa area?

Go to the door, after opening the door. A security guard stood outside the door.

“Brother Han, there is a guy named Harry Su squatting at the door. I came here to tell you to see if you have any instructions.” The security guard said to George Han.

Although the responsibility of the security department is to maintain the entire Yundingshan Villa area, since a heavenly family has spoken, the mountainside Villa has become the object of special care by the security department. Now

someone is squatting at the door. He thinks it is necessary to inform George Han thousand.

George Han smiled coldly, he could probably guess why Harry Su appeared, in such a villain's mentality. He would definitely think that Zhong Liang was instigated by Amelia Su, so he made things difficult for the company.

“Let him go.” George Han said.

“Yes, Brother Han.”

After the security got the order, he went down the mountain to the door and summoned several helpers.

Harry Su squatted beside the road opposite. Seeing the security guard walking towards him, he couldn't help standing up, and asked vigilantly: “What do you want to do? I don't have the site in the Villa area. You are not qualified to control me.”

“Unqualified? With your words, can I understand that Heaven's family is in Cloud City and I am not qualified to move you?” The security guard said lightly.

When it comes to the Heavenly Family, Harry Su's expression has changed. He is not qualified to speak such arrogant words. After all, Basin City is the territory of the Heavenly Family.

“Can't I just take a break here?” Harry Su said.

“Give you three seconds, get out quickly, otherwise, don't blame us for being impolite.” The security guard said aggressively.

Harry Su was a bullshit. He was frightened by the movement of several security guards rolling up their sleeves. He quickly got into the car and drove away in a hurry.

“Grass, I’m going to pack one, I dare to block Brother Han, what is it?” The security guard said disdainfully, thinking that Harry Su would resist. I didn’t expect him to be so direct, such a person, what qualifications would he have to trouble George Han?

After Harry Su ran away, he was even more unwilling, but facing the Heavenly Family, no matter how unreconciled, he could only swallow it, giving him a hundred bearish hearts and leopard courage, and he did not dare to go against the Heavenly Family.

In the Villa, George Han stopped talking. He still doesn’t know what happened. Amelia Su only mentioned the resignation.

Although he said he didn’t want to interfere too much with Amelia Su’s affairs, but now it was clear that she could not handle it. If George Han did not take action, Amelia Su’s grievance would only be swallowed.

George Han will never let Amelia Su suffer any wrongdoing.

For three years, those humiliations have been enough for Amelia Su.

“Amelia, what happened yesterday, can you tell me?” George Han cut an apple and walked to Amelia Su and handed it to her.

Amelia Su took the apple and took a bite. She was angry at the thought of yesterday, and Kang Ling also grabbed her hair. Now her scalp still hurts a bit.

“That ungrateful guy in Kang Ling, the Su family had helped him a lot before. If it weren’t for the Su family, how could his factory be brought back to life? I didn’t

expect him to be so ruthless now, and... and..." Amelia Su Yue It is said that the more popular it is, why women should be discriminated against in business, and why should they be treated with this kind of eyes by those stinky men? Isn't it possible that women who don't sell their bodies can't be successful?

"What else did he do to you?" George Han asked with cold eyes.

Amelia Su took a deep breath and shook her head and said: "Forget it, the matter is over, I don't want to mention it anymore."

"En." George Han did not continue to ask, but Kang Ling was already on his blacklist.

While going to the bathroom, George Han called Mo Yang. Let people arrest Kang Ling, and when he has time, go to a good interrogation.

Kang Ling was still dreaming that Amelia Su could sleep with him. A group of people suddenly broke into the house. When he saw Mo Yang in the crowd, his legs were so frightened.

Kang Ling often dealt with people in the gray area at the scene. Naturally, he knew what a ruthless character Mo Yang was. Now Basin City, he said second, who would dare to say first.

"Boss Mo. You, why are you here!" Kang Ling became nervous unconsciously, and Mo Yang personally came forward, and also brought so many people, such a pomp. It can't be chatting with him.

"Let's say it first." Mo Yang said faintly. Although George Han didn't explain anything specifically, Mo Yang felt anger from his tone. Such a small character dare to offend George Han. Isn't that looking for death?

Kang Ling was beaten up by several people holding his head and begging for mercy, and soon his nose became swollen, and he didn't even know how to offend Mo Yang.

“Boss Mo, is there any misunderstanding between us? I didn't do anything to hurt you.” Kang Ling, a big man, cried and said to Mo Yang.

“I don't know if there is a misunderstanding, but you should understand who you have offended.” Mo Yang said.

Who did you offend?

Recently, if anyone really wanted to offend someone, it was Amelia Su.

But with the ability of the Su family. How could it be possible to invite a big man like Mo Yang!

“Boss Mo, I'm sure it must be a misunderstanding, you must have found the wrong person.” Kang Ling said.

“Are you not Kang Ling?” Mo Yang questioned.

“Yes.”

“That's right, take it away.” Mo Yang raised his hand and left Kang Ling's home first.

Kang Ling was also clever, knowing that he would be beaten if he resisted, so he just followed obediently.

He took Kang Ling to the magic city and threw it directly into the foul-smelling basement.

Kang Ling is also a big boss, and he certainly can't adapt to this harsh environment, but the opponent is Mo Yang. He didn't dare to complain at all, but hoped that he could figure out this misunderstanding sooner.

Up to now, Kang Ling doesn't think this matter is related to the Su family.

First of all, with the status of the Su family, it is absolutely impossible to invite Mo Yang, and Amelia Su has a bad relationship with the current chairman. It is impossible for Harry Su to help him because of this. Moreover, he also talks with Harry Su on the phone, so he can certainly this matter has nothing to do with the Su family.

As for Amelia Su's own family, it is even more impossible. Wilson Su is not taken seriously in Su's family. Without the slightest status, and her man, Basin City's famous trash, how could it be related to Mo Yang.

"If it's really a misunderstanding, maybe Mo Yang would apologize to me. Making friends with me is also an opportunity for me, and I won't lose money when I get beaten." Kang Ling thought happily. I didn't realize that the biggest crisis in my life had arrived.

Amelia Su stayed in the Villa all day. Going back to the room and preparing to rest for a while, she realized that something was wrong as soon as she lay on the bed. The red thread on the bed sheet had already been taken apart. When did she suddenly add another one?

This red line appeared yesterday, but Amelia Su was too sad yesterday, so she didn't realize this point. At this time, she couldn't help but feel more aggrieved.

It must be that idiot George Han, besides him, who else can do such a stupid thing.

Amelia Su cried, and was cried by George Han!

When George Han arrived in the room, he was murderous. In his opinion, Amelia Su must have thought of yesterday's events, so he was sad again. The damn Kang Ling actually made Amelia Su cry twice!

The tragic Kang Ling didn't even dream about it. He was already in a catastrophe, but he was still suffering from such an innocent disaster. He was in Basin City, and he obviously had no way to survive.

Chapter 182

Originally, George Han intended to accompany Amelia Su to interrogate Kang Ling for a few days, but saw Amelia Su crying for the second time and could not sleep that night. After running with Amelia Su the next day, he went to the Magic City Nightclub.

Kang Ling was taken out of the basement, and his injury was not minor, but in George Han's eyes, it was definitely not serious.

Let Amelia Su cry twice, even if she died, it would be cheaper for Kang Ling.

Kang Ling thought. He felt that this matter was a misunderstanding, so now that he was brought out, he should be released.

“Boss Mo, have you figured out the misunderstanding? I have said that you caught the wrong person.” Kang Ling said.

George Han didn't say a word, walked to Kang Ling, punched in the face, pinched his neck tightly, and asked in a cold voice, “What have you done to Amelia Su?”

Kang Ling hadn't recovered yet, and felt that he had difficulty breathing, and George Han had a very bad face. Asked: “Who are you?”

“Amelia Su's husband, George Han.” George Han gritted his teeth.

George Han?

Isn't this that useless? Why did he come.

“Let go of me, this is Boss Mo's territory, what right do you have to beat me here, do you the f*ck know who I am?” Kang Ling said angrily.

“You, aren’t you just a trash.” As soon as George Han finished speaking, he raised his knee and bumped Kang Ling’s abdomen.

Kang Ling was so painful that the whole person curled up, like a cooked dried shrimp.

Loosen Kang Ling’s neck. George Han asked condescendingly: “I asked this last time, what have you done to Amelia Su?”

Kang Ling gasped for breath to relieve her pain.

“George Han, I just want to help you try the taste of this woman, you haven’t touched her for so many years. I help you, you should thank me.” Kang Ling said.

Mo Yang on the side held his forehead. How did this guy who doesn’t know life and death survive until now? He even dared to say this to George Han, isn’t he looking for death?

Kang Ling’s established impression of George Han was too deep, so George Han appeared at this time, he could not think of the relationship between George Han and Mo Yang, and he didn’t think George Han dared to treat him. .

Hearing Kang Ling’s words, George Han was furious, no wonder Amelia Su cried so hard, this guy wanted to get involved in Amelia Su!

“Does this matter have anything to do with Harry Su?” George Han asked coldly. The last time Harry Su did something similar, if Harry Su secretly arranged this time, let alone Harry Su, the entire Su family George Han would not know how. Let it go.

Kang Ling’s pain eased slightly, sitting on the ground, without worry, but with a smile on her face, and said: “Do you know what your woman did wrong? I just asked him to sleep with me. She even dared to pour me tea. Let me remind you. It’s

better to go back and persuade her. If it weren't for meeting my requirements obediently, no manufacturer in Basin City would cooperate with the Su family. Then it's not just her who will be finished. I can't even eat soft rice."

In Kang Ling's view, he has now pinched the lifeline of the Su Family. The life and death of the Su Family are in his hands. What would George Han dare to do with him?

"So, it has nothing to do with Harry Su?" George Han asked.

"What does it have to do with him? When the old lady of the Su family dies, I won't give any face to anyone." Kang Ling said disdainfully. He had been waiting for this day. The old lady had helped him before, but no less. Scratching oil on him, now is the time for him to slap a sum on the Su family, and he believes that the Su family will compromise sooner or later. The Chengxi project is related to the life and death of the Su family. When will the Su family be tough.

"Mo Yang." George Han shouted.

Mo Yang walked to his side and asked, "What do you plan to do."

Hearing the simple conversation between the two, Kang Ling showed horror. It was obvious that Mo Yang wanted to listen to George Han.

"Kill." George Han said.

Mo Yang glanced at Kang Ling pityingly, and said, "Okay, leave this to me. Make sure to be clean."

Kang Ling was so excited that he couldn't bother to investigate why Mo Yang took George Han's words as an order. He could look down on George Han, but he would never look down on Mo Yang.

Mo Yang wants to kill him, can he still have a way to survive?

“Boss Mo, Boss Mo, you can’t kill me.” Kang Ling said in a panic.

“Kang Ling, I’m very curious, how did you live until now.” Mo Yang said.

“Boss Mo, I can give you money, as long as you let me go, as much as you want, I can immediately blackmail a sum from the Su’s house, and give it all to you. How about it?” Kang Ling said.

Mo Yang really hadn’t seen anything like Kang Ling. Although the Su family was not important to George Han, the person who made things difficult for him was Amelia Su and George Han’s wife.

“In order to let you die a little, let me tell you the truth, this one is my boss, you offended him. Is there any way to survive?” Mo Yang said with a smile.

“Old... boss!” Kang Ling looked at George Han in disbelief, how could he be Mo Yang’s boss.

This is George Han, a waste of the Su family!

“Boss Mo, don’t make jokes with me. How could he be your boss because he’s useless. I know how much you are kidding me. Just ask. I will satisfy you.” Kang Ling said.

“Hey.” Mo Yang sighed, although money can solve many things, but George Han alone can’t solve it.

For him, money is probably the most meaningless thing in the world, right?

“You didn’t die unjustly.” Mo Yang smiled.

Seeing Mo Yang's attitude so firm, Kang Ling turned his attention to George Han. Although he couldn't understand why George Han was Mo Yang's boss, but Kang Ling knew that only George Han could make him. Free from death.

"George Han, I was wrong. I won't make things difficult for the Su family anymore, let me go, I will definitely cooperate with the Su family steadily in the future." Kang Ling said on her knees.

"I have to go home to accompany my wife and leave first." George Han didn't even look at Kang Ling, and left after speaking.

After Mo Yang watched George Han leave, he not only thought of his own woman, but also thought that back then, in order to protect her, he would retreat to the world, thinking that everything would be as he thought. Live a peaceful life, but in the end he knew how wrong he was.

Looking at George Han now, Mo Yang realized how stupid his choice was.

To protect her own woman, only the strong can do it, and George Han has done it now.

"In just a few days, the Kang family is over. Counting the Xie family, this is already the second family. I don't know how many people with short eyes will hit this copper wall and iron wall." Mo Yang said to himself Said.

Although he did not help Liu Qi, the mad dog almost exhausted all his belongings to deal with Xie Jinyan. Now the Xie family has completely praised it, but there is a lot of noise in Basin City.

Hearing Mo Yang's words, Kang Ling couldn't believe it. Could the Xie family's affairs also have something to do with George Han?

Even the Xie family suffered this bad luck. What does he count as a factory owner?

“Boss Mo, do I really have no chance?” Kang Ling looked at Mo Yang desperately and said.

Mo Yang did not answer this question, but told him with practical actions.

“Lin Yong, do it cleaner.”

After leaving the magic capital, George Han did not delay time elsewhere. Instead, she went straight back to the mountainside Villa. Amelia Su was pulling weeds in the garden. She could see that she was quite bored after losing her job.

“Weak Water Real Estate will stop cooperating with the Su family, and the bank is also putting pressure on the Su family to make loans. If you are reluctant to bear this company, you can become the chairman yourself.” George Han walked to the side and said to Amelia Su.

“Without you, would I be unable to do anything?” Amelia Su turned her head and suddenly asked George Han.

George Han was taken aback, he didn't know why Amelia Su suddenly said this.

Although he did help Amelia Su a lot, Amelia Su also has a lot of credit for this. The role played by George Han is just a matchmaking. The West City project has been developed by Amelia Su.

“Of course not.” George Han replied decisively, not because of some of his help to cover up Amelia Su's own efforts.

“What do you think if I am a husband and son in the family?” Amelia Su asked.

Chapter 183

Husband and child!

The impact of these four words on George Han was like overwhelming.

Especially the word godson made George Han's heart pounding. Although he said he was sleeping in the same bed with Amelia Su, he hadn't done any deviant things. Could it be that Amelia Su's remarks were implying What are you holding?

"By the way, what do you mean by letting me be the chairman?" Before George Han recovered, Amelia Su had already started the next topic. It made George Han regret that his intestines were all green, so why didn't he pick up the topic just now.

"Banks can operate, and Su's company can be acquired." George Han said it very simple, but this matter is indeed not difficult for him, and he can directly acquire Su's company.

"Simply put, it will cost a lot of money?" The Su family is now in debt. Although the suspension of the Chengxi project has brought a great crisis to the Su family, in recent years, the Su family has been able to rely on its hands. The money in the house is lingering. In Amelia Su's view, it is not easy to do this.

"The Su family can't stand the pressure from the bank. Harry Su can't hold on for too long. Selling the company is his only choice. As for spending money, the Chengxi Project is enough to make you back." George Han said.

"Didn't you say that Weak Water Real Estate will stop cooperating with Su's family? Are you going to trouble your classmates again?" Amelia Su said.

"Since they are all old classmates, once, twice or three times, it makes no difference." George Han smiled.

Amelia Su looked at George Han suspiciously, the friendship between the classmates. Can it really be this deep? Not only is George Han not embarrassed to let others help again and again, but he also takes it for granted?

Amelia Su had some thoughts before, and the words Shen Lingyao said still linger in her mind.

“Three thousand. When can I see your classmates?” Amelia Su asked.

“Speaking of this matter, it should be very fast. He will return to China after handling his foreign affairs. I have already made an appointment with him. After returning to China, he will come to Basin City.” George Han said.

When Amelia Su heard these words, she no longer had any doubts.

If her circle can be larger and can learn more about Hillwood City, George Han would have shown her feet long ago, but it is a pity that Amelia Su is in Basin City, and she knows about Hillwood City thousands of miles away, except for some famous scenic spots. In addition, I have never heard of the others. After all, the circles are different, and you cannot get in touch with things in higher fields.

Su’s company.

The people in the conference room were anxious like ants on a hot pot. Chengxi’s cooperation was soaking up, and banks were constantly exerting pressure. Now the Sujia Company is like a crumbling building, and it is possible to fall down at any time.

Once the Su family fell, all the relatives of the Su family would be crushed to death in the rubble. They don’t have the slightest ability. If they go to other companies, they will inevitably be eliminated by reality. For them, their life is very dangerous.

“Harry, this matter was caused by you, and you must find a solution.”

“The bank has given a deadline. The Chengxi project can no longer cooperate. We have completely lost the ability to repay. The bank has a legitimate reason to require us to repay in advance. If it cannot do so, the company can only announce the flaw.”

“Harry, you are so stupid. Don’t think that we didn’t know that you forced Amelia Su away. Have you forgotten what happened before? Now it is not Amelia Su who killed the Su Family, but you killed us. “

The relatives watched Harry Su gritted their teeth one by one, and they would come to this situation because of Harry Su, so they can only vent their dissatisfaction with blame.

“Have you said enough?” Harry Su said in a cold tone: “Enough said, just come and listen to what I have to say, what kind of contributions have you guys made to the company? What right do you have to blame me now?”

“Harry, what do you mean!”

“Have you ever made any achievements in the company before? You can become chairman only because you are a man.”

“Some rubbish. I really think of myself as a capable person. If it’s not an old lady, what qualifications do you have to be chairman of the board, I think Amelia Su is more capable than you.”

“I knew that Amelia Su would be the chairman of the board and there would not be so much trouble. Maybe the company can develop better, how long will it be in your hands.”

Hearing this, Harry Su was even more annoyed. Why is that bitch Amelia Su compared to him?

“If you are dissatisfied with me, you can get out of the company now. When the company is in distress, you don’t need people like you to make things worse.” Harry Su said.

“Want to kick us out of the company? Harry Su, do you think anyone else in the company listens to you?”

“What right do you have to drive us away.”

Du Hong arrived at the company just as there was noisy clamor in the conference room.

As the president of the Su family who had loaned it to the Su family. Du Hong was signaled by George Han to put pressure on the Su family. His purpose today is to bring good news to the Su family.

However, Du Hong didn’t quite understand why George Han did these things secretly. In his eyes, a small Su family could not even count as Mao, so why bother to spend so much energy?

When Harry Su knew that Du Hong had arrived at the company, he immediately asked the secretary to welcome Du Hong into the meeting room.

“President Du, why are you free today?” Harry Su asked Du Hong.

“Su Dong, I’m here to bring you good news.” Du Hong said.

Heard this. Harry Su’s expression was overjoyed. Although the cooperation on the Chengxi project is gone, as long as the bank grants some grace, the Su family still has a chance to stand up.

“President Du, are you willing to give us time?” Harry Su said in surprise.

“Give you time?” Du Hong glanced at Harry Su with disdain. He said: “Without the Chengxi Project, how can the Su family qualify for the loan? Even if I give you time, can you still get the money?”

Harry Su frowned, but Du Hong said the good news himself. If it is not for giving him time, what good news is it?

“President Du, what do you mean?” Harry Su asked puzzledly.

“Isn’t it good news that someone is willing to buy your company, and those who are employed can continue to stay in the company?” Du Hong said.

“No.” Harry Su refused without even thinking about it. The company was acquired. He hadn’t taken the enthusiastic chairmanship yet, wouldn’t he want to give it away? This is something he absolutely cannot accept.

But other relatives heard this. It is a good thing for them to hold different opinions as long as they can stay and continue to work and maintain their current positions. As for who is the chairman, does it matter?

“Harry Su, it’s an opportunity for the Su family now. If someone is willing to take over this mess, you just snicker, but you still don’t want to?” Du Hong said.

“President Du. The company belongs to the Su family and will never give it to anyone else. I am the chairman and no one is qualified to squeeze me away.” Harry Su said with a strong attitude.

“Harry Su, you have to die by yourself, why are you holding us together?”

“President Du has brought such a great opportunity. Don’t you know that you are grateful and cherish it. Do you have to bankrupt the Su family to be willing?”

“When you become the chairman, you will only harm the company. Do you have the face to sit in this position?”

Listen to what relatives say. Harry Su’s face was pale, these guys used to lick their cheeks to flatter him, but now they treat him as an enemy.

“I am the chairman. There is no place for you to speak, so shut up.” Harry Su said angrily.

“I think these people are right. Harry Su, I will give you three more days, or I will submit an application for enforcement to the court. At that time, not only the company will go bankrupt, you guys. All of you Living on the street.” Du Hong stood up and left the meeting room.

Three days!

These three days are dispensable for Harry Su, he can’t do anything, is it really the end of the Su family?

“Harry Su, you can figure it out clearly. If you really want to enforce it, you will be the chairman of the board, and you will bear the greatest responsibility. By then, you will not even have a place to live.”

“How many days can you sit with the chairman’s seat? Do you have to see the coffin to know you shed tears?”

“The old lady really died at an untimely time. Otherwise, the company wouldn’t fall into this field.”

Everyone in the Su family said angrily that they hope to sell the company, but the decision is ultimately in the hands of Harry Su. If he doesn’t want to, he can only watch the company go bankrupt.

Chapter 184

When Su's company was arguing, Amelia Su was already packing her luggage in the mountainside Villa.

Since she is not working in the company now, Lily Jiang suggested to return to Bin County as soon as possible, as a trip back to her mother's house and have more fun.

Amelia Su was upset and wanted to take a breath, so she agreed.

George Han is still dealing with the acquisition of Su's company, so he can't go with them, and has to go two days late.

Although Amelia Su didn't know what George Han was doing, George Han said there was something to deal with. She didn't ask much.

"Amelia, what can George Han do? Why don't you let him go with us?" Lily Jiang came to Amelia Su's room and asked Amelia Su.

If it was before, she would have liked George Han to take the initiative not to go, but now, she knows that George Han is a very powerful person, so she is willing to take George Han back to her natal family, let her parents know that George Han is not a waste, even Lily Jiang also thought about using George Han to help her face longer.

"He said that if there is something to deal with, there must be something. Ask so much what to do." Amelia Su said.

Lily Jiang looked upset and said, "If George Han doesn't go with us, the relatives in the family think we are afraid of embarrassment and dare not take him."

“He’s just two days late, and it’s not that he won’t go. What are you worried about.” Amelia Su said silently.

Lily Jiang sighed, can’t you worry about it? If George Han doesn’t go, how can she save her face?

“You have to talk to him. He must get it, and he will go when the sky falls.” Lily Jiang said.

“Don’t worry, what he promised me will definitely be done.” Amelia Su said.

At this time, Lily Jiang found the red thread on the bed sheet. Pointing to Amelia Su and asked: “What is this?”

“No... it’s nothing, go and pack your bags, let’s start early.” Amelia Su said, pushing Lily Jiang out of the room. If she knew the meaning of this red line, she would have to be scolded.

After closing the door, Amelia Su mumbled her mouth, wishing to tear the bed sheet, and she was furious at the thought of George Han’s stupid behavior as a pig.

Is it possible for a big man to let her take the initiative to ride on her body to understand what it means?

After packing his luggage, Wilson Su drove the car and the family of three left.

We arrived in Bin County that night.

This is a small county. The development can only be said to be mediocre. There are no advantages, but there are no major shortcomings. It is suitable for people who do not pursue the life. The slow pace is very comfortable and there is no too much pressure.

Jiang Wan knew that Amelia Su would be back today, so he waited at home early. I finally waited for Amelia Su, but didn't see George Han, which made Jiang Wan a little disappointed. She also wanted to compare Liu Zhijie with George Han, so that Amelia Su could know how good Liu Zhijie was. George Han didn't come, her wish. The abacus just won't work.

“Amelia, where is George Han? Why didn't he come?” Jiang Wan couldn't help asking.

“He has something to do, and he will arrive two days later.” Amelia Su said.

Two days late?

Jiang Wan narrowed her mouth. This was probably just an excuse. It seemed that she was ashamed of her, so she didn't bring George Han.

“Amelia, it's not that you didn't let him come. Everyone is a family. Every New Year's holiday and you are all here. How can you keep him in Basin City alone? Although he is not as good as my Liu Zhijie, but It's not too bad to see the light.” Jiang Wan said.

“Jiang Wan, what does it mean to be out of sight? George Han is busy, so he can't be with us.” Lily Jiang said with an unhappy expression.

“Auntie Lily, I am afraid that he will be busy with things, who knows if something is really going on.” Jiang Wan smiled harmlessly, but there were embroidery needles hidden in the front of the conversation.

“Don't worry, he will come. He won't let you down.” Lily Jiang said coldly.

Jiang Wan covered his mouth and smiled and said, “Whether he will come or not, what does it have to do with me? Why am I disappointed? Come in quickly. I will introduce my boyfriend to you.”

When he arrived home, Liu Zhijie's eyes lit up when he saw Amelia Su. This was the first time he saw Amelia Su. He didn't expect that Amelia Su was so much more beautiful than Jiang Wan, and the two were not at the same level.

Such a beautiful woman, marrying a wretched one, is really violent.

"Auntie Lily, Uncle Yao, hello. My name is Liu Zhijie." Liu Zhijie introduced himself.

"Zhijie now runs his own company as the boss, but the company is not big, and it is definitely not comparable to the Su family, but there are millions of profits a year, and he is still young now, and he will definitely have better development in the future." Jiang Wan Dissatisfied with Liu Zhijie's brief self-introduction, he quickly added some.

The boss of the company makes millions in a year. These words are clearly showing off.

Lily Jiang smiled disdainfully, what counts for millions. George Han spent tens of millions to buy the mountainside Villa.

"It's not a big deal. With my little ability, how can I dare to make an axe in front of the Su family." Liu Zhijie said modestly.

"It's indeed the classmate who made the axe." Lily Jiang said directly.

When Jiang Wan heard this, his heart suddenly became dissatisfied, and Liu Zhijie couldn't be more modest. Unexpectedly, Lily Jiang actually rubbed his nose and face.

"Auntie Lily, Liu Zhijie is really not a big deal, but compared to George Han, it's a difference between dragons and insects. It's a pity that you dare not bring him here. Otherwise, maybe you can let Liu Zhijie point him, a big man. , I was thinking

about washing and cooking at home all day, and I didn't have any promise." Jiang Wan said.

Amelia Su saw that the two were bickering and quickly said: "Sister Wan, are they not at home, Uncle?"

"Zhijie asked them to travel and will come back tomorrow. He is too filial and your uncle is not willing to go. Zhijie will not let them go, and I can't help them with the money." Jiang Wan finished, and then He looked at Lily Jiang again, and continued: "Auntie Lily, has George Han invited you to travel? It's been three years, I haven't taken you there."

There is really no such thing as travel, so Lily Jiang didn't know how to refute, and simply said: "I like Basin City. There is no better place to play than at home."

Jiang Wan laughed, this kind of excuse for making people laugh so hard that Lily Jiang could say it.

"Auntie Lily, you'd better let George Han come. It's really impossible. It's not bad to follow Zhijie. He will definitely not treat George Han badly. Only when George Han makes money can he respect you well, otherwise. . In this life you can only envy my dad." Jiang Wan said.

Lily Jiang was so angry that she wanted to swear, Jiang Wan pointed at each sentence, showing off constantly, how could she swallow this breath.

"Forget it, it's just a few million in profit a year. How can George Han mix with him? Now George Han earns 10 million yuan in less than a year." Lily Jiang said.

Jiang Wan laughed out loud this time, just as George Han was useless, he could still earn tens of millions in a year, which is too ridiculous. Who doesn't know that George Han is a useless waste, eating soft food at home all day, where can he go to make millions?

“Auntie Lily, you can really make a joke.” Jiang Wan laughed so loudly.

Lily Jiang knew that she wouldn't believe it no matter what she said, so she stopped arguing with her. After George Han came, let George Han find a way to prove it.

“It's getting late, I'll go back to my room to rest.” Lily Jiang said.

“The room is ready for you. Go ahead, but don't be angry with Auntie Lily. I didn't mean to compare Liu Zhijie with George Han.”

Even Amelia Su couldn't hold back this sentence and said to Jiang Wan: “Sister Wan, Liu Zhijie is really nothing in front of George Han.”

Jiang Wan gritted her teeth, she even dared to say that Liu Zhijie was nothing in front of George Han's uselessness?

Jiang Wan returned to the room, furious with smoke.

Liu Zhijie put Jiang Wan in his arms and said with a smile: “What's so angry? She just angered you deliberately by saying this. If you take it seriously, wouldn't you just fall into her trap?”

Jiang Wan's chest was ups and downs violently, and gritted his teeth and said: “If George Han doesn't come, how can I find superiority? How can I let the family know how good I am.”

“He is tragic enough. Amelia Su actually feels ashamed to take him out of the house. I'm very curious about what kind of man can live such a tragic life.” Liu Zhijie said with disdain.

“No, I must find a way to get him to come, there must be a way.” Jiang Wan had an idea in his mind, and he would just think of a way tomorrow to force Amelia Su to call George Han.

Chapter 185

Early the next morning, Jiang Wan bought breakfast for Amelia Su three people very affectionately. The enthusiasm felt strange to Lily Jiang. How could Jiang Wan be so kind to them all of a sudden?

During the breakfast, Jiang Wan suggested that Amelia Su call George Han and ask him when he would arrive, so that Lily Jiang knew the purpose of her love.

But it's not that George Han won't come, it's just a delay of some time, so it doesn't matter if the call is made.

When Amelia Su was forced to take out the phone and dialed George Han's number. Before George Han got through, Jiang Wan snatched the phone.

"Sister Wan, you..." Amelia Su was a little angry.

Jiang Wan interrupted Amelia Su directly and said, "I'm not going to get George Han to come for you. What if he makes any excuses."

After the phone was connected, Jiang Wan couldn't wait to ask: "George Han, what's the matter with you, the whole family is here, and you are missing. You are not afraid to come."

Hear Jiang Wan's voice. George Han felt a little weird, how could she call?

This woman, George Han, had seen it before, and was vying with Amelia Su. Mianli's technique of hiding needles was unpredictable. Don't look at her smiling face, but in fact, she had a deep thought. I heard that she used to curry favor with rich people. He had undergone repair surgery and changed himself from a woman to a girl.

"Sister Wan, I was delayed. That's why I didn't go with Amelia." George Han said.

Jiang Wan smiled faintly, this kind of unreasonable excuse also wanted to confuse him.

“What can you do, can you do the cooking and laundry work at home for a few days? Come on, I also plan to let my boyfriend introduce you to a job, you said you are a big man. Staying all day At home, it’s a decent way.” Jiang Wan said.

George Han could clearly feel the contempt in his words, but this is not surprising, Jiang Wan was originally this kind of person.

“I will be there tomorrow, don’t worry.” George Han said lightly.

“Don’t lie to me, you must arrive tomorrow.” Jiang Wan said.

“Of course, how could I lie to you.” George Han said.

“Okay, I can wait for you. If you don’t come, I’ll go to Basin City to get you out.” After speaking, Jiang Wan handed the phone to Amelia Su contentedly.

Amelia Su sighed helplessly.

Upon seeing this, Jiang Wan thought that Amelia Su knew that George Han was coming, so he was in a bad mood, so he comforted: “Amelia, how can you say it is a family, how can you not let him come, and he has given you shame for so many years,” You should get used to it. As long as you don’t do anything extraordinary.”

Amelia Su smiled and did not speak.

Lily Jiang looked dissatisfied and said, “Jiang Wan, don’t be so proud, I’m afraid you won’t be able to accept it in the end.”

“Can’t accept what?” Jiang Wan asked puzzled.

“Of course it is George Han’s outstanding.” Lily Jiang said without hesitation.

“Puff.” A mouthful of porridge spurted out. When Jiang Wan heard the word excellent, he felt that he heard the biggest joke in the world.

How can these two words be used on George Han?

“Auntie Lily, you actually said nice things to George Han. This is not like you. Don’t you want to make yourself too embarrassed. Do you want to help George Han support the scene?” Jiang Wan said with a smile.

Lily Jiang was about to be mad. Jiang Wan spoke so bluntly and completely ignored the feelings of others. What’s more, the current George Han was not useless.

“Wait and see.” Lily Jiang said bitterly.

Jiang Wan smiled. Of course, she had to wait. When George Han came, she had the chance to embarrass George Han, and then she had the opportunity to play around with this uselessness.

Looking at Liu Zhijie, Jiang Wan suddenly felt that comparing him to George Han, he was really flattering George Han. This kind of uselessness, what qualifies to compare with Liu Zhijie?

But in order to be able to see jokes on George Han, Jiang Wan didn’t mind this.

Cloud City.

George Han sat in the office of the chairman of Weak Water Real Estate. Before him, Zhong Liang and Du Hong stood.

Du Hong had been speculating about who George Han was. He was so young that he had tens of billions of assets. It was not until he came to the weak water real estate that he had some knowledge of George Han's identity.

As we all know, the backstage of the weak water real estate is the Han Family, and George Han happens to be a member of the Han Family, maybe he is from the Han Family, but Du Hong has no way to confirm this kind of high-level matter is not something he has the ability to investigate.

"Boss Han, Harry Su should give me an answer after tomorrow. Do you want to come out in person?" Du Hong asked George Han.

"Tomorrow, I will leave Basin City for a few days. Please help me with this matter." George Han said.

Du Hong nodded excitedly, it was a great honor to be able to help George Han.

Although his current status is no longer low, there is not much chance that he wants to go further, but if he can get on the line of George Han, he has a chance to continue to climb.

"Boss Han, rest assured, I will help you do it properly." Du Hong said.

"After the acquisition of the Su family, the new chairman is Amelia Su. However, you will keep this matter secret for the time being." George Han ordered.

"Yes, yes, I must keep it secret." Du Hong said.

"Zhong Liang, you can handle the manufacturer's business. No matter what method is used, I want you to acquire the weak water real estate as soon as possible." George Han said.

Zhong Liang nodded and said, "It will be done in three days."

However, Zhong Liang was puzzled by one thing, after acquiring those manufacturers. Weak water real estate no longer needs to cooperate with the Su family, so what should the Su family do?

Zhong Liang knew that all of what George Han did was for Amelia Su, but in this way, there was no reason to benefit the Su family.

When George Han did this, he naturally had his own plans. The Su family will no longer participate in the Chengxi Project in the future, and Amelia Su needs to find other ways to expand the Su family's business so that the Su family can survive this crisis.

of course. George Han is not trying to make things difficult for Amelia Su, but he knows Amelia Su's character, everything goes too smoothly for her, but it will make her unacceptable, and he has bought a manufacturer and then cooperated with the Su family. George Han couldn't make up for the loopholes. After all, Amelia Su is not a fool, and it is impossible to rely on the unnecessarily classmate friendship to call her.

After explaining the good things. George Han left the company and collided head-on with Harry Su at the door.

Harry Su came to Qianshui Real Estate to let Zhong Liang give him another chance, but he didn't expect to run into George Han.

In his opinion, this matter was caused by Amelia Su secretly. Since Amelia Su cannot be found, it is good to be able to vent on George Han.

Harry Su rushed to George Han angrily, grabbed George Han's collar with one hand, gritted his teeth and said, "George Han, what about Amelia Su's bitch? You let her come out. She is also from the Su family, why do you want to hurt Su? Home."

George Han looked indifferent and said, “She harmed the Su family? She has already left, and the company’s affairs have nothing to do with her.”

“If it weren’t for her, how could Weak Water Real Estate terminate its cooperation with the Su family. George Han. Don’t you think this bitch is blowing the pillow wind in Zhong Liang’s ear? Or you are used to cuckolding, and you don’t take it anymore. “Harry Su laughed.

George Han’s eyes were cold, and he grabbed Harry Su’s wrist and said coldly: “Harry Su, he will end up without thinking. It will be miserable. I advise you to think clearly before speaking.”

Harry Su has been beaten twice by George Han, knowing that he is not George Han’s opponent. Hearing this, he was dissatisfied, but he couldn’t help being afraid, so he quickly let go of George Han and stepped back.

“Is it right? You know it yourself. Otherwise, how could Zhong Liang identify her as the person in charge of Chengxi. Do you think there are really no other factors in this?” The state of Lu, he didn’t want to be beaten by George Han at the door of the weak water property.

However, George Han was not as angry as he thought, instead he smiled.

The reason why George Han was not angry was because he knew what was going on. As for whether to prove to Harry Su, it was completely unnecessary. Moreover, when Amelia Su stepped into Su’s company again as the new chairman, Harry Su supernaturally Will regret what he said.

Chapter 186

“Harry Su, from the chairman of the board to a part-time job again, although this feeling is uncomfortable, but I believe you can adapt to it, I wish you good luck.” After George Han said these words, he didn’t care about Harry Su’s involvement with him just now. , And left directly.

If he wanted to care, Harry Su would have died long ago.

But as far as the current situation is concerned, Harry Su has not violated his bottom line.

Harry Su moved a few steps horizontally to make way for George Han. He didn’t dare to stop him, he couldn’t beat him, he could only slap his tongue fast.

After George Han left, Harry Su wanted to find Zhong Liang at Weak Water Real Estate, but was stopped by the security guard because Zhong Liang had already told him not to enter the company if Harry Su showed up.

Harry Su had no choice but to wait at the door.

Until after get off work, Harry Su ran up after seeing Zhong Liang.

“Brother Zhong. Brother Zhong, please give the company another chance. You can ask, and I will satisfy you in everything.” Harry Su looked at Zhong Liang with a begging look. Now the only way to bring the company back to life is to take Only in this way can the bank not put pressure on the company if it can cooperate with the weak water real estate.

“Harry Su, do you think I was joking with you? This is the third time, do you think you still have a chance?” Zhong Liang said coldly.

“Brother Zhong. Please help. If you don’t help me, I’ll be over. If you want Amelia Su to return to the company, I can also ask her.” Harry Su said.

Zhong Liang shook his head and said, “It’s too late. If you don’t want to go desperate, the best way now is to sell the company. This is the most pertinent advice I can give you. As for cooperation, it is impossible.”

Seeing that Zhong Liang was about to get in the car, Harry Su simply stood in front of Zhong Liang and said: “Brother Zhong, give me a chance and discuss it. I became the chairman of the board. I don’t want to just sell the company like this.”

“You take the blame, and with your ability, you are not suitable to be the chairman, waste.” Zhong Liang dismissed.

The company’s security guard saw Harry Su blocking Zhong Liang, and immediately rushed up, looking at Harry Su with great momentum.

Harry Su was also willing to be scolded for being a waste, and said: “Brother Zhong, I am indeed a waste now, but you only have to give me a chance. I will prove to you that I can grow.”

Zhong Liang laughed and said: “If you are growing up or not, it has nothing to do with me, and you don’t want to turn over in this life, because you provoke someone who can’t be offended, let alone you, even the old lady of the Su family. She is still alive and she can’t afford it.”

Zhong Liang raised his hand, and several security guards overtook Harry Su away.

Harry Su watched Zhong Liang’s car drive away in despair. Is it true that only by selling the company can he survive?

But how long has it been since he became the chairman of the board, Harry Su was very unwilling.

“Amelia Su, you bitch, don’t you just accompany him to sleep? I don’t believe that there is no other way.” Harry Su gritted his teeth and spoke, then took out his mobile phone and dialed Su Yihan’s number.

“Where are you, I want to see you now.” Harry Su said.

Although Su Yihan is worried about the current situation and future of the company, for her, this is not the most important thing in her life. What she has to do is to marry a rich family. So in the past two days, Su Yihan has made a lot of friends and entered a lot of differences. In the circle, the rich have met some. Unfortunately, she did not meet her requirements, so Su Yihan did not rush to start.

“I’m at home, what’s the matter?” Su Yihan asked.

“I’ll come right away and wait for me at home.” Harry Su hung up the phone and drove towards Su Yihan’s house.

Su Yihan put on a good makeup and a set of very s*xy clothes. She plans to attend a party of the rich second generation tonight, to see if she has a chance to get to know the rich man she wants.

When Harry Su arrived, Su Yihan said: “If you have anything, just talk about it. I will go to a party.”

Looking at Su Yihan’s s*xy and enchanting figure, Harry Su said: “Do you know why Zhong Liang values Amelia Su?”

Su Yihan smiled coldly and said, “Didn’t you say that she has an unclear relationship with Zhong Liang?”

“Yes, so I plan to let you help the company save the situation.” Harry Su said.

“Me?” Su Yihan frowned, Harry Su assumed this responsibility. How could it fall on her, and she couldn’t make Zhong Liang change his mind.

“You go to accompany Zhong Liang, as long as he is happy, he is definitely willing to give the company a chance.” Harry Su said.

“Harry Su, are you crazy?” Su Yihan said excitedly when she heard this, how could she be willing to accompany Zhong Liang, she will have to marry a wealthy person in the future, what if these black histories are picked out? Not ruining one’s own future.

“Su Yihan. You are also a member of the Su family, and now you are asked to sacrifice a little for the Su family, isn’t that OK?” Harry Su said.

“Of course not, my innocence is more than just a Su family, let my future in-laws know about this. Isn’t it over for me,” Su Yihan said.

Harry Su knew that she was still dreaming of marrying a wealthy family, but there was a fact that Su Yihan did not recognize. Her beauty does have an advantage for ordinary women, but for wealthy people. What is it? Those real rich and powerful, with countless supermodels around, how could she be able to compare.

“Su Yihan, don’t dream anymore. With your looks, how could it be possible to marry a rich family? You should wake up.” Harry Su said.

Hearing these words, Su Yihan’s face suddenly sank, and said: “Harry Su, what do you mean.”

“What I mean is very clear. It is impossible for the rich to see you. Can you compare to the celebrity models? And with your current status, how do you get in touch with those real upper-class circles? I know that you have participated in a lot recently. Party, but you should know that the people at the party are not really rich people.” Harry Su said.

Su Yihan knew this, and she was also trying to get in touch with the upper class, but there was no feasible plan for the time being, but she believed that as long as she was willing to do it. Can do it.

“It’s just a matter of time. I can definitely get in touch.” Su Yihan said.

“You can’t do it, unless the Su family can become a first-class family, otherwise you will never get in touch with that kind of circle.” Harry Su said firmly:

“Grandma has never touched the threshold of a first-class family for so many years. Can it be done with a face?”

Su Yihan knows the hard work of the old lady for so many years, but the real first-class family doesn’t put the Su family in their eyes. So when she was dying, she did not allow the Su family to successfully enter the real upper class.

Su Yihan’s confidence was crushed like broken glass by Harry Su’s words, and she also knew the difference between herself and the supermodel star.

Seeing that Su Yihan began to hesitate, Harry Su continued: “After the Su family became a first-line family, you know someone. But it’s not at the current level. Think about it yourself.”

After a while, Su Yihan asked, “What do you want me to do?”

Seeing Su Yihan’s compromise, Harry Su regained hope and said with a smile: “Go to accompany Zhong Liang. Blow the pillow wind in his ears and let him cooperate with the company.”

“What if he still refuses?” Su Yihan said.

“As long as you can satisfy him, how can you refuse? While there is still time, go online and check how to make a man surrender.” Harry Su said.

“Okay.” Su Yihan compromised.

The only way to make men happy is to serve them comfortably. Su Yihan has to learn a lot online.

As long as she can marry into a wealthy family, Su Yihan is willing to do anything. She does not allow Amelia Su to live better than herself, so finding a rich man is the only way she can surpass Amelia Su.

That night, Su Yihan went to Zhong Liang’s home. Harry Su gave her all the information in this regard, and Harry Su even deliberately made Su Yihan dress more s*xy.

When the door of Zhong Liang’s house was ringing, Su Yihan, dressed in a mesh dress, lowered his head, showing a shy gesture, and said to Zhong Liang: “Brother Zhong, I will accompany you tonight.”

Zhong Liang didn’t expect Su Yihan to come to this set, it must be Harry Su’s instigation, but he didn’t dare to do such a thing, and even if Su Yihan fell asleep, it was impossible to change the cooperation.

Chapter 187

“You have always regarded Amelia Su as a bitch, thinking that she has a clear relationship with me, so I appointed to cooperate with her, but in fact, I have nothing to do with her, and you completely treat yourself The bitch’s performance is done.” Zhong Liang said disdainfully.

“What do you mean?” Su Yihan gritted her teeth. She had already given up her dignity in order to do this. She didn’t expect Zhong Liang to say so.

“What do you mean?” Zhong Liang sneered: “It’s meaningless. You bitch, I feel dirty.”

After speaking, Zhong Liang closed the door directly.

Su Yihan was furious, she deliberately dressed up so s*xy, the looming tulle should not have any resistance to men, but... But Zhong Liang even thought she was dirty!

“Zhong Liang, come out for me and speak clearly.” Su Yihan kicked the door angrily and shouted.

Zhong Liang opened the door coldly. He scolded: “Su Yihan, if you make a fool of yourself, I will ask the security to blast you out. Do you want this matter to be known all over the city?”

Everyone knows it!

If this matter spreads out, everyone in Basin City will treat her as a bitch, let alone marrying into a wealthy family, I am afraid that no man will be close to her.

“Brother Zhong, I’m sorry, I will leave right away.” Su Yihan said confessingly.

Zhong Liang shook his head helplessly, what kind of genes are in this Su family. This is true for Harry Su, and so is Su Yihan. With a big temper and a courage, what big things can be done?

After leaving the community where Zhong Liang is located. Su Yihan called Harry Su and scolded Harry Su bitterly, because if it weren't for Harry Su's attention, how could she be so embarrassed.

Harry Su was surprised to learn that Su Yihan was rejected by Zhong Liang. According to theory, Su Yihan is not much worse than Amelia Su. If he is really a womanizer, how could he reject the beauty delivered to the door?

Could it be that he really has nothing to do with Amelia Su.

How is this possible?

If Amelia Su hadn't betrayed her body, why would Zhong Liang have to do it with her?

Harry Su couldn't figure this out, and he couldn't figure it out.

At the Mountainside Villa, George Han returned to his room to rest after having dinner, and went to Bin County tomorrow.

When I closed my eyes, I suddenly thought of a person who hadn't seen him for two years, and I don't know how he is now.

I dialed a number that I had never used in two years, and the other party was quickly connected.

"I will be in Bin County tomorrow." George Han said.

“Yes, yes yes, do I need to pick you up?” The voice on the other end of the phone was obviously very excited.

George Han hesitated. Said: “Okay.”

“I will prepare now.”

Hanging up, George Han closed his eyes and rested.

In the first year of his wedding, he went to Binxian once, and the useless image at that time made Lily Jiang’s family worthless, and even refused to let George Han go to the dinner table.

George Han still clearly remembered the indifferent attitude of Jiang’s family towards him. Even children passing by him would deliberately step on his shoes. At that time, George Han was willing to endure this bad breath for Amelia Su.

Unacceptable, George Han encountered a down-and-out young man while wandering in Binxian County. At that time, he was dumped by his girlfriend, suppressed by his boss, and his life almost fell into despair. George Han reached out. Give him a promising tomorrow.

There is a famous celebrity in Bin County, named Tang Zong, who is now the biggest boss and the youngest in Bin County, and is known as the most outstanding person in Bin County for decades.

But behind this outstanding, Tang Zong has never dared to forget where his future came from.

For the past two years, Tang Zong had been waiting for George Han’s call, but George Han had no news at all. Tang Zong even felt that this big man had forgotten himself.

But now it seems that he has not forgotten. There is also an opportunity to repay.

The next day, Bin County Passenger Station, the only Rolls-Royce in Bin County stopped at the gate of the terminal.

Everyone knows that this car belongs to Tang Zong, so those who are watching are very curious about why Tang Zong came to a place like the passenger terminal, and if it is someone worthy of him to greet him, what kind of big person he must be!

Finally, in the eyes of everyone's expectations, a low-key young man walked to the car.

A big man like Tang Zong got out of the car and opened the door for him himself, but was stunned by the people watching the excitement.

“Who is this person, who actually wants Tang Zong to welcome him, and Tang Zong has to open the door for him!”

“Look at his age, he is in his twenties, is he so powerful?”

“It looks more powerful than Tang Zong. Is it our Bin County?”

Discussions chattered in the crowd, and many good people took pictures of getting on the car and sent them to the circle of friends to exclaim.

In the car, Tang Zong seemed a little cautious. Although he is now the most famous person in Bin County, he dared not be presumptuous in front of George Han.

Even the driver was shocked, thinking about the big bosses, even the officials, it's hard to see Tang Zong. And those people shouted in front of Tang Zong one by one, and didn't dare to be disrespectful.

But now, this young man made Tang Zong so cautious, what a big man he was, the driver could no longer imagine.

“Mr. Han. It’s been a long time since I saw you, I thought you had forgotten me.” Tang Zong said to George Han with a respectful title.

“You are doing well now, Rolls Royce is traveling, and there is a driver.” George Han said with a smile.

Mr. Tang turned on the fogging of the front and rear seat barrier glass to prevent the driver from seeing the rear seat. Because he knows that George Han is a low-key person.

“Mr. Han, without your help, I still don’t know where to wander today.” Tang Zong said.

“I just gave you some money. I can develop to this day. It depends on your personal ability. To tell the truth, I am quite surprised.” What George Han said was his true feelings in his heart. , I just feel his downfall. There is a shadow of himself, so George Han gave him a chance, but he did not expect that Tang Zong could develop to the point where it is today.

This may be the unintentional insertion of willow and willow.

In Basin City, George Han deliberately cultivated Lin Yong for three years, but in the end, Lin Yong’s performance made him very disappointed. Fortunately, he knew Mo Yang. Otherwise, Lin Yong’s ability would not be able to carry Basin City at all. Big banner.

“Mr. Han. You gave me a chance, of course I have to take it well.” Tang Zong said.

“This surprise is very good. When did you think Binxian can’t satisfy you anymore, come to Basin City to find me.” George Han said, Tang Zong’s ability can be cultivated, so he is willing to give Tang Zong another chance.

Hearing this, Tang Zong’s excitement climbed to his cheeks, without concealing it, he said: “Thank you Mr. Han. Thank you Mr. Han.”

“Don’t thank me, since you seized the opportunity, it doesn’t matter if I help you, but you must remember one sentence, don’t betray me. Because I haven’t learned to forgive.” George Han said lightly.

Tang Zong’s body was shocked, and he lowered his head and said, “Please don’t worry, Mr. Han, you give me everything, Tang Zong will never betray you.”

After the news that Tang Zong personally picked up people at the passenger terminal spread through the circle of friends, almost the entire Bin County began to talk about it.

Jiang family.

As Liu Zhijie who regards Tang Zong as an idol. He would read all the news about Tang Zong carefully. When he learned that Tang Zong went to the passenger terminal, he immediately paid great attention to the matter and quickly found the one circulating in the circle of friends. a photograph.

“What are you looking at?” Jiang Wan said with dissatisfaction when seeing Liu Zhijie staring at the phone.

Liu Zhijie handed the phone to Jiang Wan and said: “Today Tang Zong went to the passenger terminal to pick up people. This matter soon became hotly discussed. I don’t know who is here, and he will let Tang Zong meet him in person. “

Who is Tang Zong? Jiang Wan knew very well. After hearing what Liu Zhijie said, she was shocked. It's a pity that the person in the photo can only see some backs.

“Looking at the back, he is quite young, is he better than Tang Zong?” Jiang Wan said.

Liu Zhijie didn't know what was going on either, but according to Tang Zong's temper and way of doing things, it would never be possible for him to meet him in person if it weren't for someone he particularly valued.

“It may be a big man from outside.” Liu Zhijie said.

Chapter 188

Jiang Wan looked at the photo on the phone, made a plan, and handed it to Amelia Su, and said proudly: “Let’s see, this is the most powerful person in Bin County right now, you should have heard his name, right? Tang Zong, Liu Zhijie and him are friends.”

Even Liu Zhijie blushed a little bit with his status by bragging and showing off. How could it be Tang Zong’s friend? Jiang Wan could say anything in order to brag.

Fortunately, Amelia Su didn’t know Tang Zong either, and this matter would not be revealed.

But when Amelia Su saw the photos, she didn’t care about Tang Zong at all, but the back figure stunned her.

After experiencing the little piano prince, Amelia Su had a deep understanding of George Han’s back. It can be said that she has deepened into her bones. At this moment, the back in the photo makes her very familiar. It’s not George Han, who else can it be!

Seeing Amelia Su staring in a daze, Jiang Wan thought she was shocked, and said with a smile: “In fact, this kind of adult person has a very good personality in private. He used to invite us to dinner. He is a very easy-going person who has the opportunity. I will introduce it to you.”

Seeing Jiang Wan talking more and more outrageous, Liu Zhijie felt embarrassed. Hurriedly said: “He is very busy, who can make an appointment casually, give me the phone quickly.”

Jiang Wan glared at Liu Zhijie, seeming to dislike him for interrupting his pretense, and threw the phone to Liu Zhijie directly.

“By the way. Isn’t George Han coming today? Why is there no news yet, wouldn’t it be a lie to me?” Jiang Wan deliberately beat Amelia Su.

Amelia Su was still immersed in the back of that photo. She could be sure that the person was George Han, but she couldn’t figure out why George Han knew someone like Tang Zong?

Although Bin County is only a small place, and people like Tang Zong are not a big deal in Basin City, it is strange that he can know him. After all, this is Bin County, and he has only been here once.

Seeing Amelia Su not speaking, Jiang Wan felt that she was avoiding her own problem, and elbowed Amelia Su, reminding: “You should call him, it’s not good if you get lost.”

After Amelia Su returned to her senses, she said, “Don’t worry, he has already arrived in Bin County, and he should be here soon.”

“That’s good, I’m afraid he is not familiar with it, and it will be troublesome if he gets lost.” Jiang Wan is relieved, Amelia Su said so, he must have contacted George Han.

As long as George Han is here, she will be able to show off Liu Zhijie. Use Liu Zhijie to belittle George Han, and by the way, look for superiority in front of Amelia Su.

In the afternoon, George Han came to Jiang’s house. Jiang Wan was so enthusiastic. He didn’t treat George Han as a waste like before, which surprised George Han.

Is it possible that in the past two years, Jiang Wan has changed s*x?

“George Han, don’t you still wash and cook at home now, a big man, how can you not do some business?” Jiang Wan said when George Han packed his luggage and returned to the living room.

“I don’t have to worry about food or clothes, is it a waste of time to do business?” George Han said with a smile.

When Jiang Wan heard these words, his disgust towards George Han intensified. As a man, it is no wonder that after so many years, he has been a waste of nothing.

“You can’t say that. If you eat soft rice, it depends on Amelia’s strength. Although she is now a responsible person, she is not a powerful position. Can she support you for a lifetime?” Jiang Wan finished speaking, and immediately introduced Liu Zhijie: “You should really learn from Zhijie. He has started his own company now. Being his own boss, he can easily earn millions a year. If he is Like you, I kicked him away.”

The metaphor in these words, George Han heard clearly, it turned out that Jiang Wan had not changed his s*x, but deliberately showed a good attitude, looking for opportunities to show off Liu Zhijie.

“Several millions a year is really a lot. For ordinary families, it is astronomical.” George Han said.

Seeing George Han acknowledging Liu Zhijie’s excellence, Jiang Wan was even more happy and said: “Of course, Zhijie is not an ordinary person, so I asked you to learn from him and be a man. You can’t be so unpromising, or you will be caught. Poke the spine.”

“Yes, yes, I must learn from him.” George Han said with a faceless expression.

Hearing George Han’s answer so perfunctorily, Jiang Wan was a little dissatisfied. At this time, he should show a look of envy.

And even Amelia Su doesn't seem to have any envy, this is not enough.

“By the way, let's go shopping in the shopping mall in the afternoon. There is a new large shopping mall in Bin County. You haven't been to it. There are many famous brands in it.” Jiang Wan said.

Going to the mall, Jiang Wan will definitely show off, Amelia Su shook her head and refused: “No, I want to go back to the country.”

“What's so interesting about the countryside? There are not many people living in the village. All moved into the county seat.” Jiang Wan said.

“Although there are not many people, I have a lot of memories. I still want to see the small river I used to play.” Amelia Su said.

Jiang Wan waved his hand again and again and said: “If you don't go or go, there are a lot of mosquitoes these days. I don't want to be bitten. I only spend tens of thousands of yuan every month for amulets. How can I go to such a place.”

“Sister Wan, if you don't want to go, let Liu Zhijie take you to the mall. George Han and I will go and take him to see by the way.” Amelia Su said.

You can go to the mall by yourself anytime, but not today, if you can't bring Amelia Su with you. Where is her chance to show off?

Jiang Wan fell in love with a lot of things, and deliberately didn't let Liu Zhijie buy it for her, just wait for today.

“Welcoming summer, it's rare for you to accompany me to the mall once. You won't be so disappointed. You can go to the countryside tomorrow.” Jiang Wan said unhappy.

Liu Zhijie agreed on the side: “Go back to the countryside tomorrow. It’s rare that your sister Wan is happy. If you like something, George Han can’t afford it, and I can give it to you.”

“Go. I must go, welcome the summer, and return to the countryside tomorrow.” Lily Jiang on the side heard Liu Zhijie’s words, and there was a fire in his heart. They looked down on Amelia Su, which is equivalent to look down on her. How could Lily Jiang endure this? Wronged.

Amelia Su complained and glanced at Lily Jiang. She was trying to avoid this incident, but Lily Jiang pushed her into the fire pit with one sentence.

“Auntie Lily is right, let’s go together. Don’t disappoint.” Jiang Wan said.

Amelia Su sighed, but could only agree.

At lunch, Jiang Wan’s parents finally returned from a trip, so naturally they must show off in front of Lily Jiang and say where they went to play. How many trophies they bought came back, and the words kept revealing how much they spent this time and how Liu Zhijie treated them well.

“Hey, Jiang Wan can find a husband like Liu Zhijie, which makes our old couple very pleased. Liu Zhijie is so prosperous, we don’t have to worry about Jiang Wan not having a good life in the future.” Xu Fang said with a sigh, and then took hold of her. Lily Jiang’s hand.

“You have worked so hard. In the Su family for so many years, you haven’t considered Mrs. Kuo. We used to think you would be the best person in the family.”

Listening to Xu Fang’s words, Lily Jiang felt disgusted mentally. She didn’t see her caring so much before, but now she speaks cold words.

“Sister, I’m doing well now, don’t worry.” Lily Jiang said.

Xu Fang glanced at George Han and said, “What’s so good? In front of his family, what are you pretending? George Han has been in Su’s house for so many years and has accomplished nothing and made no contribution. Are you okay? ?”

Jiang Wan’s father, Jiang Bo, snorted coldly and said, “I think you’ll leave George Han in Bin County this time, let him learn from Liu Zhijie and be a promising person. Can’t be the mud for a lifetime.”

“Uncle, how could George be mud, don’t say that to him.” Amelia Su said dissatisfied.

Jiang Bo still liked Amelia Su. After all, it was his niece, but it was a well-known thing that George Han was not promising, even if Amelia Su helped him to defend him, it was useless.

“Are you still talking to him? This kind of unpromising man should be scolded, and he should be sobered to know what he should do.” Jiang Bo dismissed.

Chapter 189

The argument only stopped during dinner. Seeing that George Han became the target of the public, and was constantly being compared with Liu Zhijie, Jiang Wan was very happy in his heart. She wanted this feeling to belittle George Han. Qian Lai reflects Liu Zhijie's excellence, so that she will feel that she has a superior sense of superiority in front of Amelia Su.

After lunch, Jiang Bo and Xu Fang were the masters, and they didn't mean to clean up their dishes, so they sat on the sofa without moving like a mountain. Moreover, their eyes were both on George Han's body.

After Wilson Su arrived at the Jiang family, he didn't talk a lot because he was also looked down upon by the Jiang family. Back then, the Jiang family thought that if Lily Jiang married into the Su family, they would be able to ascend to heaven, but the fact is that Wilson Su was not in the Su family. Paying attention to it, I didn't live well, how could I help these Jiang family relatives, so at that time, Wilson Su's status in the Jiang family was very low.

"George Han. What are you still doing? Since you are used to these tasks, please take the initiative." Jiang Bo said dissatisfied.

Amelia Su was faintly angry. He was a guest at the door, but George Han was a guest. How could he let him wash the dishes?

Amelia Su was about to talk, but George Han stood up, smiled at her, and said, "It's okay."

"I'll help you." Amelia Su sighed helplessly.

Jiang Bo couldn't understand George Han's support from a woman at home, and saw that Amelia Su wanted to help. He scolded: "Amelia, you sit down, how can you do this kind of rough work? If you raise him, don't let him do these little things?"

Lily Jiang couldn't stand it anymore. He said: "Brother, how do we say we are also guests, you guys..."

Before Lily Jiang finished speaking, Jiang Bo interrupted: "Of course I treat you as guests, but let him go. I look down on such people."

George Han didn't complain, anyway, he used to do things often, it didn't matter, he said, "Mom, sit down, I'll do it."

"You are a little self-aware."

After washing the dishes, everyone rested for a while and then went out, ready to go shopping.

When Jiang Bo saw the Audi A6 driven by Su's family, he was a little surprised. Their family used to be a broken car. He didn't expect to change to a luxury car. It seems that Amelia Su's new position is indeed helping her earn money. A lot of money.

However, in the eyes of Jiang Bo, it is still incomparable with Liu Zhijie, after all, Liu Zhijie is now his own boss. And Amelia Su is just working in Su's family.

The most important thing is that George Han's pile of mud can't be compared to Liu Zhijie.

The newly opened shopping mall is very busy, even if it is not a weekend, there are many people, and there are various brand-name stores, and there are some luxury goods.

It is not easy to build such a large shopping mall in a place like Bin County, and it is certainly not an easy task to introduce so many luxury brands in.

“The owner of this mall is Liu Zhijie’s friend Tang Zong. If it weren’t for him, we wouldn’t have had such a luxurious place in Bin County.” Jiang Wan mentioned the mall owner and deliberately added the words Liu Zhijie’s friend. A blatant show off.

George Han was a little dumbfounded. It turned out that being Liu Zhijie’s friend can give them such a high sense of accomplishment.

But this mall is indeed powerful, because many luxury brands simply don’t bother to settle in this small county. Liu Zhijie can find them. This is a manifestation of his ability.

Jiang Wan walked into a LV store with a group of people. She had already seen a favorite bag here, but she had to endure not doing anything. What she was waiting for was to pay the bill in front of Amelia Su today, so that Amelia Su would know what she is now. How luxurious is life.

“Amelia, you should know the brand of LV. I am interested in a bag. Please help me see how it is.” Jiang Wan intimately held Amelia Su’s hand. Brought to the front of a new bag.

The price is clearly marked on the label, which is more than 30,000 yuan. Jiang Wan can take a look at Amelia Su with the label.

“Although it’s a bit expensive, Zhijie will buy it for me as long as I want it.” Jiang Wan said with a smile.

Liu Zhijie on the side knew it was time for him to play, and said, “It’s only 30,000 yuan, how can it be expensive? You can buy it if you like it.”

This drama was planned for a long time, but Jiang Wan still showed a look of surprise, put his arms around Liu Zhijie’s neck and kissed him twice, and said: “Zhijie, you are so kind to me.”

Amelia Su had a chill and Jiang Wan's unprofessional performance, how could she not see it?

Jiang Wan excitedly pulled Amelia Su, talking about where and what is good for her bag. Just waiting for Amelia Su to envy her.

But Amelia Su didn't pay attention to it at all.

Thirty thousand yuan is nothing, but George Han has transferred to her a Villa worth more than 80 million yuan. Just that, Liu Zhijie can't compare.

"Do you like this store?" At this time, George Han walked to Amelia Su, and he asked whether Amelia Su liked a certain bag, but whether he liked this store.

"Even if Amelia likes it, can you afford it? Why bother to ask?" Jiang Wan chuckled lightly. At this time, George Han appeared, but she just gave her a chance.

George Han looked at Amelia Su. With a smile, Amelia Su nodded.

Amelia Su knew that if George Han asked this, he would definitely buy it for her, and the money was for him. It should be nothing.

However, Amelia Su had never been exposed to such extravagant things in her life, and she didn't need them either.

"I don't like it." Amelia Su said.

"Amelia, how can you speak without conscience, such a beautiful bag. It's a woman who likes it, too. You're not afraid that George Han can't afford it, so you said that on purpose?" Jiang Wan said.

"I really don't like it. For me, this kind of thing is meaningless." Amelia Su said.

“Cut.” Jiang Wan smiled contemptuously, saying so high-sounding, isn’t he afraid of not being able to pay?

“I know you don’t want to embarrass George Han, but it doesn’t matter. It’s not a shame that you can’t afford it if you can’t.

Amelia Su took a deep breath. Doesn’t Jiang Wan want her to admit that she can’t afford it?

“Yeah, I can’t afford it, so I don’t like it. Now you are satisfied.” Amelia Su said.

Seeing Amelia Su’s generous confession, Jiang Wan smiled triumphantly and said: “You are also a good face, and I will not look down on you if you admit it. Or else, you choose one you like and I will let Liu Zhijie buy it for you. How about ?”

The first time these words were said, Jiang Wan regretted it, because the cheapest things here cost several thousand yuan, so she would feel distressed if Liu Zhijie gave it to Amelia Su.

But since the words have been spoken, there is no reason to take them back.

“Sister Wan, since you are so generous, then I’m not polite.” Amelia Su raised her mouth and smiled slightly. Walked towards a showcase.

Seeing the direction Amelia Su was going, Jiang Wan’s eyelids jumped. That showcase is a limited edition item, and she usually wouldn’t even dare to look at it. Amelia Su doesn’t want something there, right?

This woman who doesn’t know what to do. So greedy!

Following up on Amelia Su’s steps, when Jiang Wan saw that Amelia Su had taken the most expensive bag, he was even more angry.

“Amelia Su, you are too greedy, this is the most expensive in the store.” Jiang Wan said through gritted teeth.

“Didn’t you say that you want to give me away? Of course I have to choose the most expensive one. After all, Liu Zhijie is millions of dollars a year, don’t you feel bad about it?” Amelia Su asked Jiang Wan with a smile.

Jiang Wan was so angry that she wanted to vomit blood. Although she said she wanted to give it away, she didn’t say she wanted to give it the most expensive one. How could she have imagined that Amelia Su would give it such a cruel hand.

“Amelia Su, don’t take it for granted. I said to give you a gift, but I didn’t say to give it so expensive.” Jiang Wan said coldly.

“You mean, can’t afford to send me such an expensive one? I understand, then forget it, don’t send me, lest you feel bad.” Amelia Su shrugged and said helplessly.

George Han watched it with gusto, he hadn’t seen this side of Amelia Su yet.

“I can’t afford it, but why should I send you so expensive? I think you are crazy.” Jiang Wan said with a cold face. In her eyes, people like Amelia Su are poor and afraid, so I caught them. Only chance will cut her fiercely.

At this time, a person walked outside the store and said directly: “Wrap this bag for Miss Su.”

Chapter 190

Who is so atmospheric?

One hundred thousand bags, just give it away?

Jiang Wan and Liu Zhijie both turned their heads at the same time. When they saw the master of the voice, their expressions suddenly changed.

Tang Zong!

How could it be Tang Zong!

Why is he here.

In the morning, Jiang Wan even boasted that Liu Zhijie was a friend of Tang Zong. Now that Tang Zong appears, can the paper still cover the fire?

Amelia Su had seen Tang Zong in the photo, so she knew it. As for why Tang Zong gave her a bag, she could also guess the reason. It must be related to George Han.

Could it be that George Han deliberately arranged for Tang Zong to appear here?

He actually even Tang Zong this kind of person. Can also be used casually?

This idea Amelia Su was wrong, because Tang Zong was not found by George Han, it was pure chance.

As for casual calls, this is true.

“Ms. Tang, you, why are you here?” Liu Zhijie said in a solemn way.

Tang Zong didn't even look at Liu Zhijie. He walked straight to Amelia Su and said, "Miss Su, in this mall, anything you like. You can take it away."

Since Amelia Su guessed that it was George Han's cause, she was not at all surprised by these words. She shook her head and said, "I don't need this, thank you."

Tang Zong nodded, Yu Guang glanced at George Han and found that George Han was not dissatisfied, and he was relieved.

In fact, he was outside early in the morning, and he happened to come to the mall to have a look. He didn't expect to meet those words of George Han and Jiang Wan. Tang Zong really couldn't stand it, so he couldn't help showing up.

Fortunately, George Han didn't mean to blame, otherwise he would be finished.

"Mr Tang, are you friends with Liu Zhijie?" Lily Jiang asked when he walked to Tang Zong's side. Before listening to Jiang Wan bragging, she didn't believe it at all, and now she took this opportunity to expose them.

"Liu Zhijie? I have never heard of anyone." Tang Zong said with a smile.

At this moment, Liu Zhijie lowered his head, feeling like eating shit. If Jiang Wan hadn't bragged, he would not have suffered such embarrassment.

How could a person like Tang Zong be his friend?

"No, did you remember it wrong, but they said, you and them are friends." Lily Jiang said with a smile.

Tang Zong shook his head very directly and said, "Auntie, I can be sure that Liu Zhijie is not in my list of friends. I don't know who he is. However, there have

been some slaps in Binxian recently. The friend-named person swindles and deceives. Be careful not to be deceived.”

Lily Jiang smiled even more happily. With a sigh on his face, he said: “It turned out to be a scam, I thought it was true.”

Jiang Wan didn't expect that this morning's bragging would actually lift a rock and hit him in the foot. Now Tang Zong denies that she dare not talk too much. When Tang Zongji hates her, Liu Zhijie is finished.

“Yeah, I remember the name Liu Zhijie, and someone will check it out.” Tang Zong said.

Liu Zhijie's face turned pale with a sigh. His company hasn't been long since it started, and it is on the right track. If Tang Zong is targeted, he will not be Tang Zong's opponent even if it is ten.

“Ms. Tang, it's me, I'm Liu Zhijie, but I didn't use your name to pretend to be fooled, just bragging, I hope you don't take offense.” Liu Zhijie walked to Tang Zong and said in a low voice.

“Bringing on my name, you are so courageous, don't anyone tell you what will end up in my name?” Tang Zong said coldly.

With cold sweat on Liu Zhijie's forehead, he couldn't wait to let Jiang Wan come out to prevent the disaster. Although he liked Jiang Wan very much, he would never be able to catch up with his company's future for a woman.

And he knew that Jiang Wan was a woman who worshipped gold. Only with the wealth and honor, once his company collapses, Jiang Wan will definitely abandon him.

“President Tang, I’m sorry, although I did not do this thing, but she is my girlfriend and I am also responsible. I will let her apologize to you.” After that, Tang Zong walked to Jiang Wan and scolded. : “Jiang Wan, don’t apologize to President Tang yet.”

If Amelia Su was not present, Jiang Wan would have apologized to Tang Zong a long time ago, but now, she can’t let go of her face.

“Liu Zhijie, do you want me to lose face in front of Amelia Su?” Jiang Wan gritted his teeth in a low voice.

Ashamed?

At this time. Even he doesn’t care about face, Jiang Wan actually cares about this shit face!

For the first time since being together for so long, Liu Zhijie has developed a feeling of disgust towards Jiang Wan.

“You are talking nonsense, just to make you apologize, it’s already cheaper for you.” Liu Zhijie said forcefully.

Jiang Wan looked at Amelia Su, this slap was slapped, but she didn’t want to accept it, can there be other ways?

Tang Zong was right in front of him, and looking at him, he would deal with Liu Zhijie.

If Liu Zhijie’s company is really targeted by Tang Zong because of this incident. She will definitely be dumped by Liu Zhijie.

It was hard to be with the rich, Jiang Wan would never want to lose this opportunity to become a rich woman.

When he walked to Tang Zong, Jiang Wan lowered his head and said, “Tang, I’m sorry, it’s me for saving face. That’s why I said you are our friend and have nothing to do with Liu Zhijie.”

“Being friends with me, you have to see if you are qualified, what kind of thing are you?” Mr. Tang said disdainfully.

Jiang Wan lowered his head, with a fierce look in his eyes. These words completely devalued her to nothing, and it was still in front of Amelia Su!

“President Tang, after I go back, I will educate her well and cause you trouble.” Liu Zhijie said.

Tang Zong glanced at George Han, only to see George Han nodded slightly, and then he said: “I will weigh and weigh my own identity in the future, and this matter today will be forgotten. If there is another time, don’t you Go down in Bin County.”

Saw Tang Zong leaving. Liu Zhijie breathed a sigh of relief, feeling that his legs were frightened.

Fortunately, Tang Zong didn’t blame it. Otherwise, he couldn’t bear it.

“Jiang Wan, now you know the harm of bragging. In the future, it is best to say less, otherwise it will be bad if it hurts others and yourself.” Lily Jiang finally breathed out and said with a smile.

Jiang Wan’s face was gloomy, and he gritted his teeth and said, “Auntie Lily, even if Liu Zhijie is not Tang Zong’s friend, he is a hundred times better than your son-in-law, at least he is not a waste.”

“But George Han never brags, this is a thousand miles better than Liu Zhijie.”

A rare, very rare scene! Lily Jiang actually helped George Han speak.

Not only was George Han surprised, Amelia Su was also surprised.

Jiang Bo, Xu Fang and his wife also found it incredible. Lily Jiang used to say bad things about George Han, and it was also Lily Jiang's decision not to let him return to Binxian. Now she would help George Han speak. It might be!

“Isn't it a boastful waste? Auntie Lily. You have to cherish it, after all, there is not much waste like him now.” Jiang Wan sneered.

Among the contentious words, the silent Han three thousand times was bruised, but he was not angry and could see Lily Jiang helping him to speak. This is a miracle. Instead, he hopes that the two can quarrel for a longer period of time so that he can watch more good shows.

It's a pity that when the good show finally ends, after all, it is also a relative, and it is impossible to develop to the point of combining fists and feet.

After a group of people walked out of the LV store. In order to find face, Jiang Wan plans to go to the next store to find some face for himself.

“By the way, I have something I forgot to take.” George Han said suddenly.

The group stopped and watched George Han trot back to the LV store in confusion.

“Welcoming summer, George Han bought a bag for you.” Jiang Wan smiled and said, of course, that's what she said, but she didn't think George Han would do this. The famous brand bag with tens of thousands is George Han Can you afford it?

Amelia Su looked at George Han's back in confusion, he wouldn't really buy a bag, Jiang Wan thought it was impossible, but Amelia Su knew that George Han was willing, he would definitely be able to buy it.

“Wrap the bag just now for me.” George Han ran back to the counter and said to the shopping guide.

In a short while, George Han walked out of the LV store with the exquisite bag, but Amelia Su and others could not see what he bought with the packaging outside.

“I really bought it? I don’t know what smashed thing I bought.” Jiang Wan narrowed his mouth, and he was sure that George Han had bought the cheapest thing. He didn’t expect to lose money and save face, but what is the meaning of this kind of face? Does it make sense? Can it be more expensive than her 30,000 yuan package?
