

Chapter 191

Walking to Amelia Su, George Han handed the things to Amelia Su.

“Amelia, don’t you open it and take a look? I don’t know what smashed thing I bought.” Jiang Wan said strangely.

It didn’t matter what Amelia Su bought, as long as it was given by George Han, she liked it.

“Go home and look again.” Amelia Su said.

Jiang Wan wants to break through the rags that George Han bought, so naturally it is impossible to wait until after returning home. Otherwise, how can he swallow this breath in his heart?

Just now because of Tang Zong’s humiliation. She has to find some face for herself to come back.

Snatching things from Amelia Su, Jiang Wan said: “It’s not shameful. Why do you have to wait until you go home? Are you embarrassing to have things too cheap?”

“Jiang Wan, don’t go too far.” Amelia Su said dissatisfied, calling Jiang Wan’s name directly, indicating that she was very angry.

Jiang Wan’s behavior was indeed excessive, and he was not polite. But she didn’t care at all, and said: “Amelia, when did you become small and big, I am your sister, how can you call me by name?”

“Jiang Wan, since you are older than me, don’t you know how to be polite?” Amelia Su said.

“Of course I understand. I was not kind. I will help you unwrap the gift.” Jiang Wan had already opened the package, but she was stunned by the contents.

In Jiang Wan’s view, George Han must have bought a bargain. But what she is holding now is the bag that Amelia Su just looked at, a bag worth 100,000 yuan!

Liu Zhijie didn’t expect that George Han bought this bag. He glanced at George Han unexpectedly. Didn’t he say he was a waste? How could there be so much money?

“George Han, you stole this?” Jiang Wan questioned George Han.

“You can’t afford it, can’t I afford it?” George Han said lightly.

Jiang Wan never believed that this was bought by George Han with real money, and it must have been stolen by George Han while the clerk did not pay attention to the package.

“Really? If you bought it, would you dare to confront it? I didn’t expect that your hands and feet were not clean.” Jiang Wan said with disdain.

As a man, Liu Zhijie knew that men are face-loving creatures, but he didn’t think that George Han would do this kind of thing for the sake of face, and there were so many shop assistants, how could he be transferred by George Han.

Seeing Jiang Wan asked George Han to verify this, Liu Zhijie said, “Don’t be fooling around.”

“What nonsense, I just don’t want the police to find my home. Don’t let this kind of scum smear our Jiang family.” Jiang Wan said coldly.

Liu Zhijie knew, to verify this, if the bag was really bought by George Han, Jiang Wan would be ashamed, and he would be ashamed.

“If he really bought it? Do you think you are not embarrassed enough?” Liu Zhijie said.

“Are you crazy? Can he afford such an expensive bag just like him?” Jiang Wan sneered.

It’s no wonder that Jiang Wan didn’t believe it at all. George Han’s wimpy image was too impressive. How could a man who eats soft food suddenly took out one hundred thousand yuan?

“Jiang Wan, don’t speak so badly. If you can’t afford it, George Han can’t afford it?” Lily Jiang said aloud, unable to watch Jiang Wan’s mischief.

“Auntie Lily, you just don’t dare. It seems that you also know that George Han has no money, so you won’t let him verify with me, right?” Jiang Wan said with a smile.

Lily Jiang is also a bitch, but Jiang Wan’s rogue is even worse than her, to prove that George Han bought it. The only way is to go back to the store.

“Okay, you want to prove it, let’s go together.” Lily Jiang said.

Seeing Lily Jiang’s promise, Jiang Wan showed a triumphant smile on his face, and seemed to have seen the embarrassment of George Han being exposed.

“You still pray that others will not call the police, otherwise you can only spend the Dragon Boat Festival in prison.”

Back in the shop, Jiang Wan directly threw the bag on the counter and said to the cashier: “How do you go to work? You haven’t found such a valuable thing after being swapped out. Are you afraid that the boss will fire you?”

Several shopping guides gathered around, with a puzzled expression.

“Miss. I don’t understand what you mean by this sentence.” the cashier asked.

“What do you mean? See for yourself, what he bought and what he took.” Jiang Wan said.

The cashier glanced at Jiang Wan strangely, and then at George Han, confused.

“Is there something wrong? This gentleman, indeed bought this bag.” The cashier said.

“How is it possible? Open your dog’s eyes and see clearly, how could he have bought this bag.” Jiang Wan was anxious. She came back after embarrassing George Han, rather than embarrassing herself.

“Miss, please speak with respect, although you are a guest. But you can’t swear casually. This gentleman really bought this bag, and the invoice is there. If you don’t believe it, you can look at the invoice.” The clerk said with a displeased expression that those who work in luxury goods stores are dealing with wealthy people, and the quality of their customers is very high, like Jiang Wan, even if she is turned away, the boss I won’t blame it if I know it.

Jiang Wan unwillingly turned out the invoice, which clearly stated the payment amount. This caused Jiang Wan’s heart to sink to the bottom.

George Han really bought it!

How could he be so rich?

Jiang Wan looked at Amelia Su. Could it be that she gave Han three thousand dollars in advance to perform this scene on purpose?

“Amelia Su, I didn’t expect you to play this kind of scheming with me. I really underestimated you.” Jiang Wan sneered.

“What does it have to do with me?” Amelia Su said.

“If you hadn’t given him money in advance, how could he have the money to buy a bag, and you just chose this bag. It was premeditated and deliberately embarrassed me.” Jiang Wan gritted his teeth with hatred, this should have been her show. When I felt superior, I didn’t expect to be caught by Amelia Su.

“Amelia Su, how can you play this kind of scheming with your cousin?” Xu Fang said with a cold face. Jiang Wan was ashamed because she was ashamed. She didn’t dare to say anything about Tang Zong before, but this matter. Amelia Su must be blamed.

“You want to show that you have a good life in front of your cousin, don’t use this way, you are all relatives, why make the scene so ugly?” Jiang Bo agreed with dissatisfaction.

Amelia Su was so angry that she wanted to laugh. It was obviously Jiang Wan who wanted to make things difficult for her, but now she was wrong. There is no such reason in this world.

“Uncle and aunt, I’m doing well. Do you need others to see? I don’t look like some people. I have money. I want the whole world to know that I have to take me to show off.” Amelia Su said.

These remarks were obviously insinuations to Jiang Wan. Jiang Wan was naturally unhappy when he heard it, and said: “I don’t look like someone. I obviously don’t have money. I have to swell my face to fill a fat man. I spent 100,000 yuan. , Don’t you want to drink northwest wind when you go home?”

Seeing the two arguing endlessly, Jiang Wan’s ugly face really made George Han feel sick. Such a woman who worshipped money didn’t know what Liu Zhijie fell in love with.

“Since you are here, you can’t come for nothing.” George Han said suddenly.

“What do you want to do?” Jiang Wan asked with a cold face.

“Wrap all the things in this store for me.” George Han said to several shopping guides.

Watching the lively shopping guide looks dumbfounded, all inclusive? Is this going to buy something from the audience? All the goods in the store are worth several million!

“Sir, you didn’t... are you kidding?” The shopping guide asked George Han in disbelief.

“Of course not.” George Han said simply.

Several shopping guides looked at each other, although their shop can’t be compared with counters in big cities, they don’t have tens of millions of goods at every turn, but millions of them are quite a lot, and if they buy them all, they may not be able to use everything. on.

Jiang Wan’s face was blue, and he never thought that George Han would want to make a fuss and buy the whole store. Is this intentionally embarrassing her?

But it’s easy to say, do you have the money to pay?

“Aren’t you hurriedly packing for him?” Jiang Wan said through gritted teeth.

The anger and the distorted perception of George Han almost made her lose her mind, but Liu Zhijie felt that if George Han dared to say that, she would definitely be able to do it. To use such a meaningless bull, besides embarrassing herself, What’s the use?

Liu Zhijie had an idea in his heart, Jiang Wan's perception of him is very likely to be wrong, and it is very wrong!

Chapter 192

Seeing the shopping guide's busy packing, Jiang Wan's only hope now is that George Han has no money to pay, so she has been silently cursing this matter in her heart, but when George Han took out the bank card and swiped it successfully, Jiang Wan Wan was completely desperate.

Sitting on the ground with a pale face and blank eyes, she was looking for face for herself today, but now. But she completely lost her face.

Liu Zhijie only gave her a bag of 30,000 yuan, but George Han bought the entire store for Amelia Su. Jiang Wan knew how big the gap was.

She also hoped that Liu Zhijie could spend money for her, but she knew that Liu Zhijie had no such ability.

“Amelia Su, you're the person in charge now, do you just bully your cousin like this?” Xu Fang said to Amelia Su with a gritted teeth.

“Is it great to have money? Why don't you buy the entire mall, your cousin is just playing around, you actually did so excessively.” Jiang Bo also said angrily.

These two people. It seems that he didn't care that Jiang Wan shot himself in the foot today, and blamed all the blame on Amelia Su.

Amelia Su never thought about embarrassing Jiang Wan. She took the blame for all this. Although it was a waste, George Han did this, but it also helped her out. She would never blame George Han.

“Uncle and aunt, if I am embarrassed today, you take it for granted, don't you?” Amelia Su said confidently without fear of arguing with the two elders.

Xu Fang and Jiang Bo glared at each other. In my heart, fight the injustice for Jiang Wan.

“You marry a wimp, it’s not that you haven’t lost face.” Xu Fang said.

Amelia Su laughed angrily at these words. She once embarrassed herself. Is she going to be ashamed forever?

“In your eyes, I should be bullied by Jiang Wan, right? She can’t be aggrieved at all? And today’s things. If it weren’t for her, how could it be so troublesome that she would die and not live.” Amelia Su Leng Soundtrack.

“You...” Xu Fang pointed at Amelia Su, her arms trembling with anger.

“Humph.” Jiang Bo snorted coldly, and said, “Since you are so good, don’t live in our house. You have the ability to buy a house yourself.”

After speaking, Jiang Bo and Xu Fang took Jiang Wan away.

Liu Zhijie had a vague premonition lingering in his heart. He always felt that George Han was not as simple as it seemed. If he offended him, he might not end well.

After taking a peek at George Han, Liu Zhijie also left.

When they were gone, Amelia Su said helplessly to George Han, “Where do we put so many things?”

George Han didn’t care about his face, that is, he just spent a small amount of money.

“I can’t live in my uncle’s house anyway, so why not buy a house?” George Han said.

When Lily Jiang and Wilson Su heard this, they dared not talk, but their eyelids jumped.

They have the same question in their hearts. How rich is George Han? He bought a mountainside Villa. Shouldn't he be hollowed out?

Amelia Su glared at George Han and said, "Bin County doesn't live very often, so why do you buy a house?"

"Yes, I had a friend, and asked him if there is any place for me to stay temporarily." There are still a few days in the Dragon Boat Festival, so I will definitely stay in Binxian for some more time. Since Jiang Wan's house cannot live, I must You have to find a place where you can settle down.

After calling Tang Zong, Tang Zong immediately arranged several cars to wait at the entrance of the mall, first to send back the things he bought.

George Han, Amelia Su and others had to go back to Jiang Wan's house to pick up their luggage.

What they didn't expect was that Jiang Wan's family was so unfeeling that they threw all their luggage at the door and were not afraid of being taken away.

While the family was packing their luggage, the door opened, and Xu Fang said with a sneer: "From today, you will never come to my house again. You are not welcome here. As for whether you live on a flyover or sleep on the street, none of my business."

"Sister Fang, how do we say we are also relatives, don't we need to be so excessive?" Lily Jiang said dissatisfied.

"It's too much. Can you get too much? It's because you don't think about relatives, and I can't blame me." Xu Fang said.

Lily Jiang had to fight for Amelia Su at this time, because the fundamental problem of this matter lay in Jiang Wan's body. If she didn't want to show off, or she wanted to get to the bottom of it, how could it be so troublesome?

"You should take care of your daughter, her character, sooner or later, she will make a big deal, and this matter today is her fault." Lily Jiang said.

When Xu Fang heard this, she cursed unwillingly: "Get out, don't let me see you again, I hope you don't show up during the Dragon Boat Festival, lest you dirty my eyes."

The door closed with a slam. You can still hear Xu Fang cursing at home.

George Han smiled helplessly. The lineage of Jiang's family is really different. With people like Lily Jiang, most of her natal relatives have the same faces. They are not in a family, so they don't enter a family.

After packing up his luggage, George Han and others went downstairs shortly after the door opened again, and Jiang Wan stood at the door with vicious eyes. Seems to be pondering something.

"Mom, I don't want to see Amelia Su on the Dragon Boat Festival." Back home, Jiang Wan said to Xu Fang.

What Xu Fang said just now was only in anger, after all, he was a family. How can she not have the right to prevent Lily Jiang from appearing, besides, with so many relatives in the Jiang family, it is not her that has the final say.

"Daughter, this is not easy to handle. Your grandparents, it's impossible not to let them come." Xu Fang said.

"I called Jiang Sheng, and I heard him say that he also has opinions about Amelia Su. If he can conceal it from his relatives, wouldn't it be alright to prevent his

grandparents from knowing that they are going back to Bin County?” Jiang Wan said.

“This is a good idea. It just so happens that your grandparents went to the mountain temple and haven’t come back. I don’t know about Lily Jiang’s arrival in Bin County.” Xu Fang looked at Liu Zhijie. This year, because Liu Zhijie was there, he was not at home for the Dragon Boat Festival. It was Liu Zhijie who booked the hotel. Even if Lily Jiang came to the door, he didn’t know where they went, as long as he kept the parents from him.

Just do it, Jiang Wan immediately called Jiang Sheng.

Jiang Sheng’s family of three are all at home, worrying about the Dragon Boat Festival. After all, they borrowed 200,000 yuan from Lily Jiang. Although they have already thought of not paying it back, if Lily Jiang mentioned this on the Dragon Boat Festival. Something, they will still be ashamed.

People are poor and spineless. But because of the face, Jiang Sheng’s family of three are planning not to go to the Dragon Boat Festival, but when they think of Liu Zhijie’s dinner at the hotel this year, they are a little bit unwilling. After all, this is a big meal, and the rest is packed home. Eating for several days can save a lot of money.

“Mom, why don’t I go to Amelia Su. Let her not mention this and just say how about paying back the money during the New Year?” Jiang Sheng said to Liu Hua.

“I’m afraid that Lily Jiang will deliberately mention this matter.” Liu Hua said worriedly. It seemed to her that the repayment of money during the New Year didn’t matter. It is impossible for her to repay the two hundred thousand when she ran out, let alone spend none.

“Hey, this time I went to the Zonghuang Hotel. I heard that it was very expensive, and it was opened by Tang Zong. In this life, I am afraid that there is only one chance. It would be a shame not to go.” Jiang Sheng said with regret.

“Go, I still plan to drink a few bottles of his good wine, how can I not go, even if I am embarrassed, I have to go.” Jiang Guangguang doesn’t want to miss this opportunity to drink good food, isn’t it just to save face, lose it and be hungry Is it important?

At this time, Jiang Sheng’s phone rang.

Liu Hua mistakenly thought it was Amelia Su who was calling, and asked nervously, “Is it Amelia Su? If it is her, she won’t answer the phone.”

“It’s Jiang Wan.” Jiang Sheng said puzzledly.

After answering the phone, Jiang Sheng heard Jiang Wan say: “This year’s Dragon Boat Festival, I don’t want Amelia Su’s family to participate. We conceal their arrival in Binxian and prevent grandparents from knowing. You just need to help me. Liu Zhijie introduces you to a job.”

Jiang Sheng looked astonished and refused to let Amelia Su participate. Isn’t this what he wants? And getting a job, which is a good thing.

But he was very surprised, why did Jiang Wan do this? Could it be that there was a conflict with Amelia Su?

“Don’t ask anything, just do what I said.” Jiang Wan had a foreboding that Jiang Sheng would ask questions, so he cut off his thoughts directly.

“Okay.” Jiang Sheng replied.

Chapter 193

After Amelia Su's family got downstairs, they boarded the car arranged by Tang Zong, but no one knew this except for George Han.

"When did you have friends in Bin County?" Amelia Su sat next to George Han and asked curiously, because George Han had only been to Binxian once, how could he have friends.

The car was packed with luggage. George Han's legs were almost attached to Amelia Su's legs. For him, this was a special intimate contact, and some small deer couldn't help but bump into it.

Amelia Su obviously didn't care about this, and it was even more strange when she saw the sweat on George Han's forehead.

"What are you nervous about, is this friend a woman?" Amelia Su continued to ask.

"No, no, no." George Han hurriedly shook his head and said, "It's a man. He met in Basin City before, but now he is developing in Bin County."

"Are you hot?" Amelia Su watched the sweat on George Han's forehead gradually increase, and her heart became more and more strange.

"No...No, there is air conditioning in the car, which is quite cool." George Han said dryly.

At this time, Amelia Su found that George Han's limbs seemed a little stiff, and she didn't dare to move. When she found her legs and George Han next to each other. Finally realized why he was nervous.

Isn't it just the legs touching each other? He could commit this!

Amelia Su smiled faintly at the corner of her mouth, and deliberately leaned against George Han.

After clearly seeing George Han's drooling action, she was convinced of the reason why George Han was nervous.

Next, Amelia Su kept making small movements. He deliberately rubbed and moved, making George Han's heartstrings rippling.

It seems that she fell in love with this game, Amelia Su also pretended to accidentally put her hand on George Han's leg, and it was even more obvious that George Han's limbs were stiff.

When approaching the destination, Amelia Su attached to George Han's ear, exhaled and said, "Is it comfortable next to me?"

George Han felt the heat coming from his ears, and almost irritated, and said quickly: "We're here, get out of the car."

When the car stopped steadily, George Han fled, Amelia Su laughed so much.

Lily Jiang and Wilson Su didn't know what was going on. They laughed when they saw Amelia Su going crazy, and asked strangely: "What are you doing, what's so funny?"

Amelia Su clutched her belly. She really didn't expect that such a small gesture would make George Han unbearable. It seems that he hasn't gone out to play before, maybe he's the same as himself, and still keeps the first time.

"Nothing, just happy." Amelia Su said.

Lily Jiang shook his head and was all kicked out of the house. What is there to be happy about.

When the whole family got off the car, they realized that the place they came was a little unusual, not a typical community, but a townhouse.

Although there is no way to compare it with Yunding Mountain Villa, it is already considered the most luxurious main residential area in Bin County.

“George Han, your friend is rich in Binxian County, isn’t it?” Not shocked, but a little surprised, because Lily Jiang thought he was just going to live in a community, but unexpectedly went to the Villa area.

“They are quite rich.” When George Han was talking, a middle-aged man walked towards them.

This is Tang Zong’s assistant. The reason why he didn’t come out in person was because he didn’t want to expose this matter.

“Are you Mr. Han?” the middle-aged man asked George Han.

“George Han.” George Han answered.

“Please come with me.” The middle-aged man led the way and took to the Villa where Tang Zong didn’t usually live.

For Lily Jiang and Wilson Su who have seen the world. The environment here is nothing to marvel at. As for how luxurious the decoration is, they are not too surprised. After all, they are living in a place worth nearly 100 million yuan, and it is impossible to be the performance of Grandma Liu entering the Grand View Garden.

“Is there anyone living here? Why don’t you have any personal belongings?” Amelia Su asked George Han while packing her luggage in the room.

George Han didn't know the specific situation either, but with Tang Zong's status, it certainly couldn't be just a real estate. It might just be a place where he occasionally brought women.

It doesn't matter if everything is replaced with new sheets.

"He is rich, but he is alone. Maybe he bought this place and he is not used to too much space." George Han thought of a reason casually.

Amelia Su didn't ask much. It's not a strange thing for rich people to buy property. Although there is not much room for appreciation of villas like Binxian, how can those rich people think through it casually?

After finishing the luggage, Amelia Su sat at the end of the bed, quietly watching George Han.

Seeing Amelia Su's eyes. George Han became nervous again, thinking of what was in the car just now, and quickly said, "Are you thirsty? I'll get water."

Amelia Su smiled and patted the bed. Said: "Sit down."

Hearing this word, George Han's heart almost jumped out, as if a fire was burning in his throat.

After sitting next to Amelia Su, George Han was restrained like a primary school student named by the teacher.

"Does it look good?" Amelia Su put her legs directly on George Han's thighs.

This kind of intimate contact is for George Han, who is full of blood. Where can I stand it, watching the nose and nose, not dare to have the slightest distracting thoughts, and said: "Good...good-looking."

“Have you seen it?” Amelia Su said with a dissatisfied expression, wrinkling her nose.

George Han looked down and said, “Look.”

Amelia Su suddenly became angry, how can such a man have a wife!

George Han still didn't understand what was going on. Amelia Su had already walked out of the room angrily.

“This...what did I do wrong?” George Han muttered to himself in a puzzled manner. He fished his head. Thinking back to the scene just now, there was nothing to do. How could Amelia Su suddenly become angry?

After touching his leg, there was probably a bit of Amelia Su's remaining warmth, and George Han smiled softly.

Two days later, the oldest elder of the Jiang family returned to Binxian from the mountain temple. After arriving at home, Jiang Hong asked about the arrangements for the Dragon Boat Festival and learned that Liu Zhijie would invite them to dinner at the Zonghuang Hotel. The old man smiled very relievedly. He said that a promising person had finally appeared in the Jiang family and praised Liu Zhijie fiercely. Again, Jiang Wan also received great praise.

“By the way, when will Lily Jiang arrive this year?” Jiang Hong asked. Although Lily Jiang did not bring any benefits to the Jiang family after joining the Su family, it was his daughter after all. He still missed Lily Jiang for this kind of festival.

“Grandpa. Auntie Lily has already called this year and said she is not coming.” Jiang Wan said.

“No? Why not come? Every year during the Dragon Boat Festival, Mid-Autumn Festival and Spring Festival, these three festivals must go home. Did she forget?” Jiang Hong said with a dissatisfied expression.

“Grandpa. I heard that Amelia Su is now in Su’s company. What kind of person is in charge? People are very busy, so how can they take us to heart?” Jiang Wan said in a strange tone.

“Humph.” The old man snorted coldly, took out the phone and said: “There are no rules at all. Is it great to be the person in charge?”

Seeing that Jiang Hong was about to call Lily Jiang, Jiang Bo was in a hurry and snatched the phone away and said, “Dad, she doesn’t see us anymore, so does your old man have to invite her personally? She doesn’t have such a big face.”

“You give me the phone, I want to scold her, how promising, I don’t even look at my old bones.” Jiang Hong said.

“Grandpa, you still don’t bother them. Maybe Amelia Su is making a lot of money now, and he never thought about coming back. After the big deal, we don’t recognize this relative.” Jiang Wan said.

Jiang Hong was so angry that he blew his beard and stared, and said: “Amelia Su was pretty well-behaved before. I didn’t expect that now I don’t even look at me. I don’t know how filial people can be. George Han will never have anything to do with this.”

“Grandpa, don’t I have Liu Zhijie? Amelia Su and their lives have nothing to do with us, as long as Liu Zhijie respects you well in the future.” Jiang Wan said with a smile.

Jiang Hong looked at Liu Zhijie, and then he felt better, and said: “If George Han had a tenth of yours, it would be great, but this life is worthless, I am afraid that

there is nothing to do. Okay, just don't come. No, the old man can't see or bother me either."

Chapter 194

In the next few days, George Han and others lived in the Villa, and they had nothing to do except go shopping.

The day before the Dragon Boat Festival, Lily Jiang called Jiang Hong, but the line was busy, and the phone could not be reached at all. After several attempts, there were no calls.

“What’s the matter, why can’t I get through on the phone.” Lily Jiang said to herself in confusion, tomorrow is the Dragon Boat Festival. I can’t contact Jiang Hong now, and I don’t know if I will go back to the countryside for the festival this year or spend the festival in the county.

“Your number won’t be hacked.” George Han said casually. Given the previous performance of Jiang Wan’s family, it is not impossible for this to happen.

“Block black?” Lily Jiang looked surprised, then shook his head again, and said: “How could it happen? Your grandfather didn’t know about us and Jiang Wan, why did you block my number.”

“Maybe Grandpa didn’t know that his mobile phone blocked you.” George Han reminded, what this meant. It was Jiang Wan who was secretly playing a ghost.

When Lily Jiang heard this, she became angry. This was to exclude her, and she would not even let her attend the family gathering on the Dragon Boat Festival.

“Mom, where are you going?” Amelia Su asked quickly when Lily Jiang was about to go out.

“Of course, go to your uncle’s house to clarify this matter.” Lily Jiang said angrily.

Amelia Su can affirm that Jiang Wan said a lot of bad things about herself in front of her grandfather. This has led to Jiang Gong not calling them. What's the point of having trouble now?

“Mom, Three Thousand told me about this possibility last night. And he has already inquired about tomorrow's party at the Zonghuang Hotel.” Amelia Su said.

“What do you mean?” Lily Jiang asked puzzledly.

Amelia Su glanced at George Han helplessly. She originally disagreed with George Han's plan, but George Han's attitude was very firm, and she couldn't help it.

“Three thousand packs left the entire Zonghuang Hotel, that is to say. When they arrive tomorrow, they are not eligible to enter the hotel.” Amelia Su explained.

Lily Jiang looked at George Han in astonishment, and this guy had booked all the hotels again! He has spent a lot of money these days!

Could it be that his wallet is a bottomless pit that can hold billions of dollars?

But Lily Jiang still didn't understand what George Han meant by doing this, and asked: “George Han, you have booked the hotel, what does it matter if I go or not?”

“Mom, aren't you usually smart? Why are you confused today? Although I don't know what Jiang Wan said badly, I'm sure that Grandpa has a big complaint against us now. Grandpa won't see you, but they will meet at Zonghuang Hotel tomorrow. They want to eat in the hotel, don't you have to agree?” George Han said with a smile.

Although he had booked the hotel, he left the decision to Lily Jiang, which was a great deal of face for Lily Jiang.

Heard these words. Lily Jiang understood what George Han wanted to do. Isn't this just to prove their family's current strength in front of Jiang Gong?

As long as there is money, no matter how much the old man's dissatisfaction, it will disappear.

"George Han, I didn't expect you to have a lot of ghost ideas." Lily Jiang said.

George Han's city mansion is not comparable to ordinary people. Lily Jiang's tricks are in his eyes, they are little tricks. He didn't care about Lily Jiang before. If he gets serious, Lily Jiang doesn't even know how to die.

Early the next morning, a large number of relatives of the Jiang family rushed to the Zonghuang Hotel in excitement, including three of Jiang Fenghuang's family. Liu Hua put a lot of packing straps in his handbag, ready to take all the leftovers home. After all, this is the Zonghuang Hotel, and some people may not have the opportunity to eat here in their lifetime.

"Why Liu Zhijie hasn't come yet? It's okay to go in early for a visit." Jiang Guangguang complained. Liu Zhijie didn't come, and their relatives didn't have the courage to enter the hotel. After all, they had never seen anything in the world, so they were afraid of embarrassment. .

"What anxious, it should be on the way."

"This year, Lily Jiang's family, are they really not coming?"

"Isn't Dad angry? This is weird. Our family's rules are that we must go back to our hometown during the Dragon Boat Festival, Mid-Autumn Festival and Spring Festival."

“You don’t know yet, what kind of company Amelia Su is in charge now? I’m afraid we haven’t put our relatives in the eyes for a long time, so how come back to the party.

Taking advantage of Liu Zhijie’s absence, a group of relatives raised Lily Jiang and Amelia Su strangely.

Jiang Guangguang’s family of three knew the truth, but they did not let go of this opportunity.

Liu Hua said with a disdainful expression, “Don’t you know, the last time I went to Basin City, they all changed Audi cars, and now they are all rich people, so why would they put our relatives in the eyes? “

“Changed Audi? Did Amelia Su really make money?”

“Unexpectedly, their family actually depends on women to earn a living, and Wilson Su is a waste. So is George Han, this is out of luck.”

“Who would say no, George Han, if I marry me, I wouldn’t dare to go out for fear of embarrassment.”

Jiang Sheng seemed to feel that these serious injuries were not enough to embarrass George Han, and then he said: “Don’t you know that George Han was glared at by Auntie Lily, and he didn’t dare to breathe. His status in the family. It’s like that. Like a mouse crossing the street, I really don’t know how I have endured it for so many years. I don’t want a man’s dignity. If I were to be me, I would have found a tall building to commit suicide. Living without dignity is a man.”

“Is he still doing dishes and laundry at home?”

“Yes, but a person like him who is incapable can do nothing but wash the dishes and laundry.” Jiang Sheng said with a smile. When he said these things, he seemed to forget that he had done nothing.

“What a shame to a man.”

“Fortunately, they didn’t come this year. Otherwise, looking at him, I won’t even be able to eat the food, which would be disgusting.”

“Here, Liu Zhijie is here.”

After Liu Zhijie’s car parked at the entrance of the hotel, a group of relatives surrounded him, wishing to serve Liu Zhijie as a slave, especially Jiang Sheng. He also helped Liu Zhijie open the car door.

“Dad, mom.”

“Dad, mom.”

“Zhijie is not only talented, but also a talent. He is a perfect match with our Jiang Wanhe.”

“He is handsome and rich. Now it’s hard to find a good young man like you.”

“Zhijie, when will I arrange a job for my daughter? He has nothing to do, but it’s okay to help you.”

“I have a son. I just left the job recently. You can consider it.”

After everybody deliberately indulged in Liu Zhijie, they would mention their underachieving children, obviously hoping that Liu Zhijie could lead them to develop together.

Liu Zhijie was not stunned by the praise. After all, the younger generations in Jiang's family were all ignorant and inexperienced guys who were worms in his company.

“Uncles and aunts, let's talk about it when we eat.” Liu Zhijie said with a smile.

“Yes, you do it. We all listen to you.”

Seeing the praise of Liu Zhijie from the relatives, Jiang Wan was very happy, this is the effect she wanted, because the praise of Liu Zhijie is the praise of her. It's a pity that she didn't show off her success in front of Amelia Su, which became a knot in her heart, but fortunately, she didn't let Amelia Su participate in today's party because she didn't see it and didn't worry about it.

A group of people walked to the door of the hotel, and two doormen reached out to block the door. One of them asked, “Are you Mr. Han's guests?”

“What Mr. Han? I booked a seat here today.” Liu Zhijie was stopped by the doorman with a look of dissatisfaction. So many relatives of the Jiang family watched it. Isn't it a shame to be stopped by the doorman? People joke.

“Sorry, the hotel has been booked. If you are not Mr. Han's guest, you are not eligible to go in.” said the doorman.

Is it wrapped up?

Liu Zhijie had never heard of this when he made a reservation, and at this time, relatives of the Jiang family looked at him with questioning eyes, which made him even more annoyed.

“Let your manager come out, what kind of thing do you dare to stop me, don't you know that the customer is God?” Liu Zhijie said coldly.

At this time, a middle-aged man in a suit and leather shoes came to the door with a work card hanging on his chest with the words lobby manager clearly written on it.

“Manager, is your door boy blind and dare to stop me.” Liu Zhijie said dissatisfied.

Chapter 195

The manager raised his head and looked at Liu Zhijie. Today, the big boss personally ordered that the hotel is booked. No matter who has booked the place before, he does not count. He knows Liu Zhijie, but what about it?

No one is allowed to enter when the boss has spoken, that means no one can enter.

To offend guests, it doesn't matter to Zonghuang Hotel, who should come. He will still come in the future, and what does it matter if those who are not qualified to come do not come?

“Liu Zhijie, are you deaf? Didn't you hear them say that the hotel was booked today?” the manager said with disdain.

Liu Zhijie's image in the minds of the Jiang family is very high. If he loses his face today, how can he raise his head in front of the Jiang family in the future?

“Is it your decision? Believe it or not, I will call your boss to complain, do you know that customers are God's truth?” Liu Zhijie said coldly.

“Okay, if you are willing to call, just give it a try. If you don't have the boss's phone number, I can give it to you, how about it?” The manager smiled and said, how can the theory that the customer is God is good in Zonghuang Hotel?

Every customer who comes to Zonghuang Hotel to spend money is not looking at the face of Tangzong. Since the opening of Zonghuang Hotel, no one has ever made trouble, and even the hotel has saved security. Why? Isn't it because Tang Zong has a high status in Bin County, no one dares to offend him?

Liu Zhijie did not expect the manager to be so tough. Without Tang Zong's phone number, would he still give it?

But what about this call? Does Liu Zhijie still have the guts to question Tang Zong?

Tang Zong was offended in the mall a few days ago. This matter hasn't made Liu Zhijie relieved. If this causes Tang Zong to trouble again, what will happen to him. No need to think about it.

“Zhijie, call their boss, these part-time workers, let him know how good you are.”

“You think you are great when you wear clothes that look like a dog. Do you know who Liu Zhijie is?”

“Even if your boss comes, you still have to give Liu Zhijie face, what kind of thing are you.”

The relatives of the Jiang family held a arrogant attitude, believing that Liu Zhijie would definitely be able to handle this matter.

But Liu Zhijie, who heard these words, became more and more embarrassed. Tang Zong wanted to give him face? What is he in front of Tang Zong?

“Liu Zhijie, you are quite capable. Even our boss wants to give you face. Are you bragging in front of these people? Or, I will convey these words to the boss.” The manager laughed, such words, even Bin Bin The few big figures in the county dare not talk nonsense.

Liu Zhijie immediately panicked when he heard this, and quickly yelled at the relatives of the Jiang family: “Shut up. Stop talking.”

“Zhijie, we are helping you, what are you cruel to us.”

“Yes, the manager made it clear to look down on you, but we are talking for you.”

“The more you keep a low profile, the more some people look down on you, it’s time to get a high profile.”

Liu Zhijie has troubles and can’t tell. These wicked relatives thought they were helping him, but they were actually harming him.

Even if the manager in front of him is just a subordinate of Tang Zong, he is definitely qualified to offend him.

Jiang Hong walked up to Liu Zhijie at this time, and educate Liu Zhijie straight from his back: “They speak well, they are too low-key, and they will only be looked down upon by others. Call their boss.”

“Grandpa, I...” Liu Zhijie smiled bitterly, not knowing what to say.

Jiang Wan knew about Liu Zhijie’s situation, and asked him to complain to Tang Zong. Isn’t this just killing himself?

But who is this Mr. Han and why did he suddenly book a hotel? This is clearly against them.

“Grandpa, let’s change the place.” Jiang Wan said.

Jiang Hong frowned. Now that there is a promising person in the family, how could he bear this grievance, and when he reached the door, he walked away desperately. Isn’t it faceless.

“Jiang Wan, what kind of silly things are you talking about? Are we in the Jiang family allowed to be bullied by this kind of inferior dog?” Jiang Hong said dissatisfied.

When the manager heard this, he said coldly: “Old stuff, I urge you to get acquainted. Who is the owner of the Zonghuang Hotel, do you not know? Do you need me to remind you?”

Seeing that the scene has become unpleasant, and if it continues like this, Tang Zong might really be disturbed. Liu Zhijie said quickly: “I’m sorry, the manager, we will leave right away.”

go?

These words made Jiang Hong angry. Before this lintel was glorious, he was embarrassed.

“Zhijie, what do you mean? Just leave, where do you put Jiang’s face?” Jiang Hong said.

The manager couldn’t help laughing out loud. Said: “Old stuff, is your Jiang family any famous family? Is it famous in Binxian? How come I haven’t heard of it, but also Jiang family’s face, besides yourself, who would put Jiang family in the eyes?”

This sentence is a big truth. Although Bin County is not big, who knows what Jiang Hong calls the Jiang family? Who will look at it?

It’s just an ordinary family. In Jiang Hong’s mouth, there was a sense of family, which made people feel funny.

Jiang Hong’s face was ashen, Jiang’s family was in Binxian, and his name was indeed unknown. But after Jiang Wan married Liu Zhijie, the situation was different.

Although Liu Zhijie is not as good as Tang Zong, in Jiang Hong's view, he has his own company at such a young age and wants to become a celebrity in Bin County. Isn't it a matter of time?

"Don't look down on the Jiang family, or you will regret it later." Jiang Hong said.

The manager shook his head helplessly. It was really tiring to talk to this kind of old stubbornness. The key point was that his arrogant appearance was really puzzling.

Is this confidence relying on Liu Zhijie? A little boss who broke the company.

"You better go, otherwise Liu Zhijie should regret it, or you can ask him what will happen if he offends Tang Zong?" the manager said.

At this time, the manager saw a car parked outside the hotel. Moreover, it was the car that Tang Zong used to travel on weekdays, and it seemed that the distinguished guests arrived.

"Hurry up and get away, don't f*cking be an eye-catcher here." The manager said impatiently, walking through the crowd, and hurriedly toward Tang Zong's car.

Tang Zong's car is in Bin County, which is a sign of him. No one is unaware of this.

Seeing the car is like seeing Tang Zong himself, so Liu Zhijie at this moment is undoubtedly desperate.

"Zhijie. I'm sorry." Jiang Wan whispered beside Liu Zhijie, afraid that Liu Zhijie would blame her for this incident.

Liu Zhijie's face was as gray as death. Tang Zong knew about this. I am afraid that he would not be far from bankruptcy. It was all due to Jiang Hong, an old stubborn

one. If he hadn't talked much, they would have left long ago. How could they have run into Tang Zong.

“The company I finally developed is going to be destroyed in the hands of your Jiang family.” Liu Zhijie gritted his teeth.

Jiang Wan's face was pale, and Liu Zhijie usually listened to her very much. And she loves her very much, but Jiang Wan also knows herself. When choosing between the future of the company and a woman, Liu Zhijie will definitely choose the former.

And Liu Zhijie's company was destroyed, she wanted to find another rich and young boyfriend. But it is not that simple.

After the car stopped, the manager trot to the side of the car, and everyone in the Jiang family stretched their heads.

Although it was not a good thing to know that Tang Zong appeared at this time, he was a big figure in Bin County after all, and he could see Tang Zong up close. It is also an honor.

“It's great to have money. This car is worth tens of millions.”

“Hey, if Tang Zong could see our Jiang's daughter, that would be fine.”

“Although Liu Zhijie is excellent, he is still far behind Tang Zong.”

When there was a sharp contrast between the two, the relatives of the Jiang family actually looked down on Liu Zhijie a bit. This is probably the mentality of the poor.

The door opened, and when Wilson Su got out of the car, everyone in the Jiang family was shocked.

How could he get off Tang Zong's car.

Then came Lily Jiang, then Amelia Su, and George Han.

The Jiang family was stunned!

“This... isn't this Lily Jiang's family?”

“They... how could they be in Tang Zong's car.”

“Mr. Han, just now the manager said that a man named Mr. Han had booked the hotel. Is this Mr. George Han?”

Although Jiang Wan was shocked, she was even more angry, because in her opinion, this must be the ghost of George Han who deliberately embarrassed them.

An angry and murderous Jiang Wan walked towards George Han.

Chapter 196

After looking at George Han with burning anger, Jiang Wan turned his head and looked at Amelia Su again. This hatred was like trying to cramp Amelia Su.

“Amelia Su, are you deliberately embarrassing us?” Jiang Wan was trembling with anger. The energy of embarrassment in the mall finally eased, but now she is even more angry.

I thought that after driving them out of the house, it was enough to let Amelia Su know the lesson, but I didn't expect that it was not enough. Amelia Su was still making things difficult for her about the hotel.

“Intentionally? Jiang Wan. If you make it clear, why did I deliberately make things difficult for you? You used your grandpa's phone to black out my mother's number, right?” Amelia Su said.

“What about me, what qualifications do you have to participate in family gatherings?” Jiang Wan said.

“I am not qualified, so I didn't come to the party. I just want to take care of this hotel and have a home-cooked meal.” Amelia Su's character is not the kind of domineering, but everyone has a bottom line. Jiang Wan has obviously violated it. Her bottom line. That's why she said such words.

“Amelia Su, are you really incapable of being the person in charge? Where did your money come from? I can't force you to count? Embezzlement of public funds is illegal. Believe it or not, I will take this to the Su family and put you in jail.

“Jiang Wan said angrily. He had spent millions in the shopping mall before. At that time, Jiang Wan started to wonder where Amelia Su's money came from. After Liu Zhijie's suggestion, she guessed that she must have used public funds to make money for herself. face. So Jiang Wan was already plotting to tell the Su family about this.

Even if Amelia Su was put in jail, she would not have the slightest sympathy.

Her face was swept away by Amelia Su, how could she give up if she didn't step on Amelia Su severely?

“Jiang Wan, you can't understand the world of the rich. I understand you. As for you feel that I misappropriated public funds, you can just sue me. To tell you, I no longer work in Su's family.” Amelia Su said.

Not working at Su's house?

If she didn't rely on the Su family, how could she have so much money?

From beginning to end, Jiang Wan never thought that the money had something to do with George Han, because it seemed to her to be impossible.

“Don't want to lie to me, when I tell the Su family about this, you will naturally know what's going to happen.” Jiang Wan said coldly.

“If there is nothing else, don't bother me to eat.” Amelia Su said lightly. It is not what she wants to tear her face with Jiang Wan, but Jiang Wan is aggressive. If she doesn't lose her temper, she will be taken as a soft persimmon. .

George Han was actually quite happy that Amelia Su was going wild. In Su's family for so many years, she would silently accept any grievances she suffered. This kind of non-provoking character, in some respects, did have some benefits. But it's not good if someone keeps suppressing it, because some people will take it all for granted.

For example, the Jiang family looked down on him and took it for granted. He just didn't care. If it was true, an ordinary family like the Jiang family would not be enough for him to play with it.

“Lily Jiang, what’s going on at this low level? Are you not coming back?” At this time, Jiang Hong walked to the front of the car and questioned Lily Jiang.

Jiang Bo and Jiang Fengguang both bowed their heads in unison, because the two of them deliberately concealed this matter from Jiang Hong. Now that Jiang Hong is going to investigate it, they will definitely not be able to get out of the relationship.

“Dad, I already came a few days ago, who told you that I am not coming? I still live in my brother’s house, and he kicked me out.” Lily Jiang sneered.

“Jiang Bo, what is going on?” Jiang Hong asked.

Jiang Bo glanced at Xu Fang surreptitiously, and Xu Fang said: “Dad, now their family is rich. They don’t put us in the eyes, and they have done a lot of unkind things that embarrassed us. Of course I To drive her away. And you have seen what happened today, they did it on purpose.”

“Lily Jiang, I didn’t expect you to be rich now, and you turned out to be like this. Have you forgotten how we treated you well before?” After that, Xu Fang criticized Lily Jiang.

Liu Hua didn’t dare to speak at this time. If she changed her job before, she would definitely jump and scold others, but now, she would have borrowed 200,000 from Lily Jiang. If Lily Jiang was still in trouble at this time, Lily Jiang would not mention this matter. Stop the fire.

“Xu Fang, you have to touch your conscience when you speak. Who will make things difficult? Don’t you know it yourself? Do you want me to tell dad the whole thing?” Lily Jiang said.

“Say.” Before Xu Fang could speak, Jiang Hong said with a final word.

Lily Jiang recounted what happened in the mall to Jiang Hong, and it was clear who was right and who was wrong.

This made Jiang Hong angry. He had mistakenly thought that Lily Jiang was rich, so he didn't even look at him as the father. He didn't expect Lily Jiang's family to be made things difficult by Jiang Wan, and was also Driven out of the house, even Jiang Wan's family of three. Also fabricated reasons to deceive him.

Jiang Hong, who was blowing his beard and staring, scolded Jiang Bo: "I'm not at home. You, the eldest brother, have messed up the relationship between your brother and sister."

"Dad, I..."

"Stop talking, your family. Hurry up and apologize to Lily Jiang." Jiang Hong said.

Jiang Bo glanced at Xu Fang and Jiang Wan embarrassedly. He could apologize, but how could they apologize?

Especially Jiang Wan, she was embarrassed. I'm already embarrassed, and then I apologize to Lily Jiang. What kind of face will I see in the future?

"Grandpa, why should I apologize to her? After I married Liu Zhijie, I belonged to the Liu family." Jiang Wan said dissatisfied. These words are undoubtedly beating Jiang Hong and saving Liu Zhijie's face, otherwise. From now on Liu Zhijie will not give any benefit to the Jiang family.

"Zhijie, you can help me say something." Jiang Wan reminded Liu Zhijie.

Liu Zhijie's eyes have always been on George Han's body. His existence is easy to be overlooked, without saying a word or doing anything, but Liu Zhijie feels that everything has something to do with George Han, even possible. He directed it from behind.

Jiang Wan has always regarded him as a waste, but after several contacts, Liu Zhijie felt that George Han's behavior was not simple. And now he still came in Tang Zong's car.

Just relying on Amelia Su's ability, how could it be possible to take Tang Zong's car?

"What are you doing, I ask you to speak for me." Seeing that Liu Zhijie was silent, Jiang Wan said anxiously. She had lost enough of her face and would never want to lose face in front of so many relatives, and she believed that as long as Liu Zhijie Help her speak, Jiang Hong will not embarrass her.

Liu Zhijie took a deep breath and said, "This matter. You really did too much."

Hearing this, George Han smiled faintly, this guy is still quite smart, can you see anything?

"You...what did you say." Jiang Wan looked at Liu Zhijie in disbelief. She didn't believe Liu Zhijie would say this.

"I said. I want you to apologize." Liu Zhijie said.

Jiang Wan went crazy in front of Liu Zhijie, pulled Liu Zhijie's clothes, and shouted: "Are you crazy, let me apologize to her, do you think I am not embarrassed enough? I am your woman. Why don't you help? I."

Liu Zhijie suddenly became disgusted, to find face for Jiang Wan? Not to mention whether he has this kind of ability, if all this is really George Han behind the scenes, even if he is finished, how can he care for Jiang Wan?

"Don't be fooling around anymore, otherwise, let's break up." Liu Zhijie said, he didn't dare to bet, even if there is only one percent chance that George Han is making a ghost, he can't take any risks.

Jiang Wan was stunned for an instant and broke up! Liu Zhijie actually wanted to break up with her!

Jiang Wan knew that there was no point in sloppy in this matter. If Liu Zhijie continued to be dissatisfied, it would be impossible for her to live a rich life.

Jiang Wan, who calmed down instantly, gritted his teeth and walked to Lily Jiang, lowered his head and said: "Auntie Lily, I'm sorry, it's my fault."

To give up dignity in the face of money, George Han sees this kind of person much, but he knows that Jiang Wan is definitely not convinced in his heart.

"Okay, okay, everyone is relatives, forget it when the matter is over, it's almost time for lunch, let's go eat." Jiang Hong didn't want the trouble to be too big, so he just came out and ended, but he turned around and seemed to want Go to Zonghuang Hotel.

"Who said you are qualified to eat here?" George Han said lightly

Chapter 197

George Han's words caused the Jiang family to blow up the pot.

Although the hotel was under the name of George Han, who didn't know that it was Amelia Su's money? With George Han's useless ability, how could it be possible to do this.

“George Han, you are not qualified to speak here, shut your stinky mouth.”

“What kind of thing do you dare to say that Grandpa is not qualified.”

“You can eat soft rice and treat yourself as the protagonist. Why don't you f*cking pee and take pictures of your own virtues.”

Several relatives pointed at George Han and cursed.

Jiang Sheng walked up to George Han with a sneer on his face and said, “George Han, have you used yourself as a role? When did you even have no self-knowledge?”

“Amelia Su, I don't want to see this wastefulness at today's dinner. You let him go.” Jiang Hong said to Amelia Su, in his opinion, George Han is not sure what is good or bad, holding Su family money in front of him Show off your power, isn't this a joke?

“Grandpa, I can't do this.” Amelia Su said.

Jiang Hong's face sank and said, “What do you mean? Is it the turn of the Su family to make the final decision?”

Seeing Amelia Su not speaking, Jiang Hong looked at Lily Jiang again and said, “Lily Jiang, I am your father. I am not qualified, who is qualified?”

Lily Jiang glanced at George Han surreptitiously. When George Han became strong, she didn't even dare to breathe, so how could she have the right to decide?

“You are deliberately embarrassing me? Are you dumb?” Jiang Hong said furiously.

“Grandpa, you should find another place to have dinner. Today I invited the distinguished guests. Don't mention you, even the talent Liu Zhijie in your eyes is not qualified to be on the table.” George Han said.

When Jiang Sheng heard these disrespectful words, he grabbed George Han by the neckline. With a grim expression on his face, he said, “George Han, don't close your stinky mouth, believe it or not, I beat you so hard to speak.”

George Han looked at Jiang Sheng contemptuously, and said, “Let go of me, or you will regret it.”

“Regret?” Jiang Sheng smiled and raised his fist. Angrily said: “I f*cking let you know what regret is.”

Before his fist fell on George Han's face, Jiang Sheng suddenly retreated and rolled on the ground three times before stopping. The pain in the place where his belly was kicked made him want to die.

“George Han, you dare to beat my son, I fought with you.” Liu Hua saw Jiang Sheng being beaten, and rushed to George Han.

Lily Jiang was afraid that George Han would even hit Liu Hua, so he quickly stopped Liu Hua and said: “It is Jiang Sheng who wants to hit him. How can I blame him? Your family borrowed my 200,000 yuan. When will I pay it back?”

“Fart, when did I borrow your money, do you have evidence, do you have an IOU?” Liu Hua shouted loudly, and then rolled on the ground crying, and said to

Jiang Hong: “Dad, Jiang Sheng is your grandson, now Being bullied by an outsider, do you want to watch it?”

“George Han. Don’t you know what your identity is? You dare to hit my Jiang family.” Jiang Hong said through gritted teeth.

George Han said with an indifferent attitude, “How could he be beaten if he doesn’t beat me? In the eyes of your old man, I can only be beaten right away?”

“Otherwise? You are such a waste, what qualifications do you have to fight back? Is my Jiang family still under your feet?” Jiang Hong said coldly.

Although Amelia Su has the blood of the Jiang family, she was not angry when she heard this sentence. Jiang Sheng was qualified to beat George Han, but George Han could only stand and be beaten.

“Grandpa, even if you are partial, you don’t have to be so obvious. George Han is my husband and a member of the Jiang family.” Amelia Su said.

Jiang Hong sneered and said, “He? Without my admission, he is at best a low-ranking person in the Jiang family, so why should he be a member of the Jiang family.”

“Jiang Hong, I didn’t admit that I was a member of the Jiang family, are you worthy?” George Han said with a smile.

Is it worth it?

These two words made Jiang Hong tremble with anger, such a waste, even said he was unworthy!

“You dog, where does the superiority come from, even Liu Zhijie dare not talk to me like this, what are you?” Jiang Hong said angrily.

George Han glanced at Liu Zhijie, Liu Zhijie did not dare to look at George Han's eyes. He lowered his head unconsciously.

“What is he? In your eyes, Liu Zhijie is the superior boss, but in my eyes, he is nothing.” George Han said.

Jiang Hong laughed suddenly, this trash said that Liu Zhijie was nothing in his eyes.

Now that Amelia Su is promising, it is really shameless that even he is so confident.

“George Han, you are a woman who is useless, you have the face to say this, and you are not afraid to laugh off the big teeth of others. If Amelia Su is not the person in charge, you don't even have the qualifications to stand in front of me, go away. , My Jiang family will not recognize your identity, and you are not qualified to enter the hotel for dinner.” Jiang Hong finished. Turning his head to look at Amelia Su, she said: “Amelia Su, today there is him without me, you can figure it out.”

Is this to draw a line?

Although Amelia Su is very angry, Jiang Hong is her grandfather after all, but it is impossible for her to ignore George Han for Jiang Hong.

More importantly, the contracting of the hotel today has nothing to do with her. It was George Han who handled it in full.

Although Amelia Su didn't know what kind of distinguished guests George Han would entertain, he said so. Then this distinguished guest must exist.

“Grandpa, you think I spent my wallet down at the hotel, but in fact, it has nothing to do with me, I didn't pay a penny. So I am not qualified to not let him in.” Amelia Su said.

This kind of remark sounds ridiculous to everyone in the Jiang family. It's not Amelia Su's money, is it George Han's? How could anyone believe it.

“Amelia Su, I didn't expect that you wouldn't even help your grandpa because of an outsider.”

“I'm rich. It's really different. My elders don't take it seriously. You are not worthy of being a member of the Jiang family.”

“It's just a broken hotel, do you really think we will see it?”

The Jiang family's relatives accused Amelia Su, but Amelia Su stood beside George Han, unmoved.

“Who said my place is a broken hotel?”

Following the sound, everyone in the Jiang family fell silent, especially the person who said that the hotel broke, and took a few steps back, because the person here was the owner of the Zonghuang Hotel. The first person in Bin County, Tang Zong!

“Tang... Mr. Tang, no one said that this place is a broken hotel. You should have heard it wrong.” Liu Zhijie ran to Tang Zong for the first time. Although the Jiang family said this, he is now considered to be the Jiang family. Half of his son-in-law, if Tang Zong was held accountable, he would not escape.

“It's you again?” Tang Zong glanced at Liu Zhijie with disdain, and said, “You mean, my ears are not working well. Are you deaf?”

“No, no, Mr. Tang, how dare I.” Liu Zhijie was so frightened that he bends down.

The arrogant relatives of the Jiang family who had been arrogant before, suddenly disappeared, and even Jiang Hong was extremely nervous.

He was one of the Jiang family, and he seemed to blow the Jiang family very hard, but this was only a performance in front of the Jiang family's relatives, although the old man was very old. But there is no old confusion, knowing Tang Zong's position in Bin County.

In his eyes, the Jiang family counts as a ball?

Even Liu Zhijie has to bow his head and bend over, how can they have the qualifications to be presumptuous.

“Who just said that my hotel is a broken hotel, stand up and let me see.” Tang Zong said.

The person who said this. His whole body trembled with fright, and he lowered his head silently. Although he was a worthless person, and there was nothing worthy of being targeted by Tang Zong, once he was recognized by Tang Zong. I'm afraid I won't even have the opportunity to do a small job in Bin County in the future.

“Ms. Tang, this is our family affair. It's not good for you to intervene.” Jiang Hong is the head of the family, so he can only bite the bullet and say to Tang Zong at this time.

“Your family affairs have caused my hotel, is that good?” Tang Zong asked rhetorically.

Jiang Hong gritted his teeth and said, “Ms. Tang, we booked a meal at your hotel today, but after we arrived, we were told that the hotel was booked. You are not kind of doing business, right?”

“Honesty?” Tang Zong laughed and said: “Don't say it's you, what can you do with me when the big bosses encounter such a thing? And today I invited guests to dinner, what qualifications do you have to enter the hotel? ?”

After speaking, Tang Zong walked towards George Han.

Chapter 198

Tang Zong's words made everyone in the Jiang family a little strange. George Han said before that he was going to entertain distinguished guests. Why is it now that Tang Zong entertains distinguished guests?

Could it be that George Han is bragging?

When this idea emerged in the hearts of everyone in the Jiang family, everyone smiled, and it was a delightful thing to be able to watch George Han's bragging be exposed.

Even Jiang Hong thought so. Although he was destined not to go to Zonghuang Hotel for dinner today, he could see George Han ashamed. It is also a good thing.

"Mr. Han, I'm sorry, I'm late." Tang Zong said with an apologetic bend when he walked to George Han's side.

A thunderbolt hit the hearts of the Jiang family.

how come!

Tang Zong actually apologized to George Han!

Liu Zhijie was almost frightened by this scene.

Although he had guessed that George Han was not simple before, he did not expect that even Tang Zong would apologize to him!

Moreover, Tang Zong's stooping movement clearly showed that his status was lower than George Han.

how is this possible!

How could this be so.

There was an incredible brilliance in Liu Zhijie's wide-open eyes, the son-in-law of the Su family. A well-known poor and worthless person by Jiang Wan can make Tang Zong bow his head to him.

“It's over, it's over.” Liu Zhijie couldn't help but said. Although he didn't know what George Han was, from the attitude of Tang Zong towards him, it was enough to prove that he was not an easy person.

And now, the Jiang family has obviously provoked George Han's dissatisfaction. He is also suspected of contributing to the flames. If George Han does not let him go, the company he has just started will inevitably end.

No way!

How can a company that has been built so hard to be destroyed so easily!

If there is no company. All dreams will be turned into nothing. This is something Liu Zhijie cannot accept.

Three steps and two steps to George Han, Liu Zhijie knelt down with a puff, and said: “Mr. Han, the Jiang family's business has nothing to do with me. I just broke up with Jiang Wan, please, don't be because of Jiang. The family affairs involve me.”

The kneeling of Liu Zhijie undoubtedly dropped another blockbuster, shocking the Jiang family who had not recovered yet.

In the hearts of Jiang's family, Liu Zhijie is already an incomparable person, and even Jiang Hong hopes that Liu Zhijie can help Jiang's lintel? But now, he knelt down to George Han begging for mercy!

What is going on at this low level!

Jiang Hong wondered why George Han was so useless to make Tang Zong treat him as a distinguished guest.

all of these. Is it just acting?

How could it be possible to let Tang Zong cooperate with a useless act!

“Liu Zhijie, what are you talking about, when did I promise to break up?” Jiang Wan shouted at Liu Zhijie hoarse after he recovered.

Kneeling on the ground, Liu Zhijie turned his head to look at Jiang Wan with a gloomy expression, and gritted his teeth and said: “If it weren’t for you guys who look down on people, how could I offend Mr. Han, bitch, you f*cking don’t hurt me. , I have nothing to do with you now.”

Snob.

The Jiang family really can’t afford to look at George Han, but who can believe that George Han is so good?

“You look down on Mr. Han?” Tang Zong said with a smile at this time: “Even I have to treat Mr. Han as a distinguished guest. What right do you guys have to underestimate Mr. Han?”

In one sentence, everyone in the Jiang family was ashamed of death, and even Tang Zong acknowledged it personally, and their surviving illusions were shattered.

Jiang Hong looked at George Han with a pale face. Even if he didn’t want to believe it, he still had to admit it, and he knew that with Amelia Su’s ability, it would never be possible to do this.

Although the Su family developed well in Cloud City. But this was Bin County after all, and Tang Zong had no reason to sell the face of Amelia Su.

In other words, George Han does have some unknown abilities. Perhaps in the past three years, he has shown himself in a useless manner, just being a gentleman.

Amelia Su's family of three were also shocked. They didn't know who the distinguished guest in George Han's mouth was before. It was not until Tang Zong appeared and the bomb was detonated in their hearts that they realized that George Han and Tang Zong were friends. .

No wonder when in the mall. Tang Zong would give himself a package for no reason. It turned out that Tang Zong knew George Han, and the status of George Han was obviously higher than that of Tang Zong.

"How come this kid is getting better and better?" Lily Jiang whispered in Amelia Su's ear.

Amelia Su smiled bitterly and shook her head, and said: "It's not that he is getting more and more powerful, but that he has always been so good, but we don't know it."

The identity of George Han has always been a mystery. Amelia Su didn't want to get to the bottom, but she understood that George Han's life was never simple. And he was never useless.

"Mr. Han, please." Tang Zong finished speaking and looked at the manager.

After receiving the instructions from his eyes, the manager said to the Jiang family: "You guys don't get out of the way. If you get in the way, I will call the security guard."

Everyone in the Jiang family gave way for George Han. Seeing George Han walked into the hotel from the back, some people felt regretful.

What kind of Liu Zhijie, they missed the opportunity to curry favor with bigger figures.

George Han is Tang Zong's distinguished guest. If they can favor George Han well, wouldn't they be just around the corner in Bin County?

It's a pity that it's too late to regret now.

"Zhijie. You are joking to break up with me, I know you lied to Tang Zong, you won't break up with me, right." Jiang Wan walked to Liu Zhijie's side and said tightly.

Liu Zhijie snorted coldly, shook off Jiang Wan, and said: "Don't think I don't know that you are with me for money, as long as someone with more money appears. You will abandon me without hesitation. In this case, it is better to I broke the relationship early, and because of you, I offended George Han. Now it is a question of whether the company can keep the company. If I go bankrupt, will you still be with me?"

Bankrupt?

If Liu Zhijie goes bankrupt. There is no doubt that Jiang Wan will break up with him without hesitation.

"Sure enough, you are a woman who worships gold, go away. I wish you can find a rich person in the future, but depending on the current situation. It should be that no one dares to ask you." Liu Zhijie sneered disdainfully.

Jiang Wan was deeply shocked, and the three words worshipping the golden girl hurt her heart, but she couldn't deny it. He is indeed such a woman.

But is it wrong to have a better life?

Who wants to be impoverished for a lifetime, and who wants to miss a happy life?

“You don’t leave yet, are you embarrassed to stay here?” Jiang Hong took the lead after rebuking him coldly.

Jiang Sheng’s family of three walked at the end of the crowd and was beaten by George Han. It is normal for Jiang Sheng to have hatred in his heart, but now he has another attention.

“Mom, I feel that I have been seriously injured, and I must make George Han lose money.” Jiang Sheng said.

Liu Hua’s eyes lighted up when she heard the word money.

“He is Tang Zong’s friend. Let him lose money. Isn’t this a death-seeking?” Jiang Guangguang disagreed with this matter. If they used to be arrogant to George Han, but now, there is no such qualification. .

Liu Hua was unhappy when he heard this, and gave Jiang Guangguang a punch, saying: “It is only natural to beat people to lose money. Even if he is a friend of the king, what if he doesn’t lose one hundred and eighty thousand. Stop it, even if it makes trouble in Cloud City, it has to be troubled.”

After finishing speaking, Liu Hua asked Jiang Sheng with concern: “Son, you really hurt me.”

Jiang Sheng instantly understood what Liu Hua meant, crying bitterly, clutching his stomach, squatting on the ground, looking like he couldn’t stand up, and said, “Mom, I’m going to hurt.”

Liu Hua smiled, and said, “We won’t go anymore, just stay here, don’t give up without losing money.”

Although Jiang Fengguang was greedy for money, he always felt that this matter was not right. It is not a wise decision to provoke George Han. With Tang Zong’s ability, even if they are making trouble, what kind of disturbance can they cause? Tang Zong can suppress this matter with a single hair, and it can suppress them out of breath.

However, for the sake of money, it is not impossible to give it a try. In case George Han is willing to spend money to make things happen, this would be a windfall.

A family of three rascals hid by the flower stand in front of the hotel, waiting for George Han to show up.

Chapter 199

In the most luxurious box of the Zonghuang Hotel, the dishes on the table can not be described as a full-fledged man-and-han banquet. When Amelia Su saw Tang Zong carefully serving George Han, she was a little worried because she became more and more unaware. George Han felt that he was getting farther and farther away from George Han.

Thinking that when George Han first entered the Su family, Amelia Su thought of many ways to get rid of George Han, but now, she is very worried that she will lose George Han. This huge gap in her heart makes her very uncomfortable. And even if she was by George Han's side, she would feel a sense of suffering.

During the meal, George Han received a message that surprised him. After seeing the message, George Han left the table.

Standing in front of the elevator, George Han looked at the word "Top Floor" on the message, and couldn't wait.

Although the time is short, for George Han, it is a long process of suffering.

When he got to the top floor, he saw the familiar figure. Then he smiled.

"Even Qin Cheng can't shut you down. It seems that there is no place in the world where you can't escape." George Han said after walking to his side.

The gopher turned his head and looked at George Han with a sincere expression. For him, escaping from Qincheng didn't have any excitement or sense of accomplishment, and he even thought it was a matter of course.

"You are wrong, there is a place under the world. Maybe I can't get out either." said the gopher.

George Han raised his eyebrows. He had already seen the ability of Gophers. He was able to get out of places as tightly guarded as Qin Cheng. Is there actually a place where he can't get out?

“Really? I'm curious about it. Is there any place in Huaxia that is more strict than Qincheng?” George Han asked curiously.

“I don't know where it is, but this place is called the Center of the Earth Prison. It is a private institution. Many heinous criminals abroad have been sent to the center of the Earth. After countless prison escape masters went to the center of the Earth, they would disappear. , Legend, this is the most terrifying prison in the world, after entering, no one can come out.” said the gopher.

“Looking at you, I really yearn for this place?” George Han said puzzledly, even the gopher said so, then this geocentric prison seems to be terrifying, but the gopher's performance is eager to try. The appearance made George Han very puzzled.

“So far, no one in China has the right to enter the center of the earth prison. Do you think I am qualified?” The Gopher asked George Han.

“There is no capital punishment abroad. This kind of regulation is different. Even if you commit a heinous crime, you won't necessarily be sent to the center of the earth. And in such a dangerous place, why bother with yourself?” George Han smiled bitterly. He really couldn't understand the Gopher's mentality of taking pleasure in jailbreaking, and so many jailbreaking masters were planted in the center of the earth prison, wouldn't he worry about not being able to get out?

“Do you know what the center of the earth exists for?” the gopher asked.

“Since it is a private organization, it must be for profit.” George Han said.

“Yes.” The gopher nodded and said, “There are many people who can’t die but can’t show up. They will be locked up in the center of the earth prison. This has nothing to do with whether they made a mistake or not. You don’t want to know that they are locked inside. Who is it?”

George Han frowned immediately and said coldly, “What do you mean by this?”

“What I want to say, you should be clear.” said the gopher.

George Han’s breathing gradually became hurried. Mary once said that grandpa is very likely not dead. Then he suddenly evaporated from the world, could he be locked into the center of the earth?

But how could the gopher know this? How could he know the inside story of the Han family.

“You had better explain it to me, or you will die here today.” George Han said.

Feeling the strong killing intent emanating from George Han’s body, the gopher said quickly: “Don’t get excited, I’m just guessing, and the purpose of what I said is to send me to the center of the earth.”

I don’t even know what the center of the earth prison is. Why do I think I can send you there? “George Han said.

“You have money. Private institutions, isn’t it just for making money?” The Gopher smiled.

“I’m not satisfied with this explanation.” George Han pinched the gopher’s throat suddenly.

Because he couldn't breathe, the gopher's face quickly turned red, struggling to slap George Han's hand, but his ability was to escape from prison, not to fight, how could he be George Han's opponent in terms of strength.

Almost fainted due to lack of oxygen, the hamster was thrown on the ground by George Han.

Gasping for breath, the gopher escaping like walking on thin ice, looked at George Han in horror.

"Any other explanations?" George Han asked.

This suffocating sense of oppression made the gopher regret coming to George Han, but in this situation, if George Han is not given a reasonable explanation, he is dead!

"Is the explanation important? Don't you want to try it? At least I have the patience to help you prove it." said the gopher.

George Han was silent for a long time.

He couldn't verify whether Grandpa was alive or not. But the existence of the center of the earth is indeed a place worth investigating, and what Mary said still echoes in George Han's mind.

Without seeing the corpse, how does it mean that Grandpa is really dead?

George Han had already sent people to investigate the Taoist priest's information, but until now, there was no news at all. Perhaps the center of the earth could become a breakthrough.

“You can go in, but you can’t get out. A prison like the center of the earth will definitely block all signal transmission. How do you notify me?” George Han asked.

“I need a cellmate to implant a signal in his body so that I can notify you.” said the gopher.

“If you can’t find out even this point in the center of the earth prison. It is impossible to maintain a high degree of mystery. What you say is not credible.” George Han said.

“There is a signal device that does not emit any signal when it is not in use. It will not be detected.” said the gopher.

George Han doesn’t know much about high-tech matters, but the gopher should not be able to lie. He can verify the authenticity by asking casually.

“So your cellmate is just a dead ghost?” George Han asked.

The gopher smiled and said: “Of course, the transmission of the signal will be discovered by the center of the earth, I am not going to die.”

“I will help you arrange as soon as possible.” George Han finished speaking and turned to leave.

The gopher touched his neck, in a state of restlessness. It wasn’t until George Han disappeared that he said, “Damn, dealing with this kind of person is too dangerous. I almost lost my life. This road is not easy to walk. You look for him, but you don’t know him. His eyes are watching all this.”

Back downstairs, George Han sorted out his emotions at the door of the box. This is the entrance.

When he wanted to conceal his emotions, no one could tell that this was George Han's method of disguising himself. Otherwise, after so many years in Han's house, his little movements had long been discovered by Nangong Qianqiu.

"What's the matter?" Amelia Su asked. Just now, George Han left without saying a word and didn't say what happened, which made her very worried.

"Nothing, I met a friend." George Han said.

Amelia Su nodded and stopped asking. After a meal, the group plans to go back to the Villa to rest.

But as soon as I walked out of the hotel door, I heard a loud cry and followed the sound, Jiang Sheng was lying on the ground. Liu Hua burst into tears.

"What are they doing again." Amelia Su said with a bored expression. She hates this family to the core now.

"George Han, you severely injured my son, you have a conscience. You are full of food and drink, but my son is about to die." Liu Hua wailed to George Han.

With George Han's strength, not to mention seriously wounding Jiang Sheng, even killing him would be a breeze.

However, George Han controlled the strength of that kick just now. Although it would make Jiang Sheng suffer, it would never hurt him.

"Liu Hua, what do you want to do, just say it directly." George Han asked.

Liu Hua wiped a tear and said, "He has to go to the hospital. You have to pay for medical expenses, lost work expenses, nutrition expenses, and mental damage expenses."

George Han laughed, acting in such a play was just for the money, and it was really a loss for them to figure it out.

Chapter 200

“You want money? Let me return the 200,000 that I borrowed from you first.” Lily Jiang said angrily. She really can’t stand such shameless behavior, and Jiang Shengming was fine before, but now Pretending to be sick, this is a disgusting fraud.

“Money? What money, Lily Jiang, when did I borrow your money? I don’t care. If you don’t lose money today, I’ll call the police to arrest you.” Liu Hua Sapo rolled around and cried and made a lot of noise. It quickly caused passersby. note.

George Han sneered and walked to Jiang Sheng, and said, “Do you have enough money for this injury? Or if I mutilated your leg, how about paying you more?”

Jiang Sheng shuddered in fright, and quickly got up and hid behind Jiang Fengguang.

“George Han, you are so arrogant, aren’t you afraid of being caught?” Jiang Guangguang said.

“Jiang Guangguang, if your family of three don’t think you have enough fun. I can accompany you to have fun, but you have to think about whether you can bear the consequences.” George Han said.

Jiang Guangguang began to feel guilty when he heard these words. George Han knew Tang Zong, how could he play with him? If Tang Zong showed up, a hundred Jiang’s would not be enough to play.

“I’m your elder, do you use this attitude to talk to me?” Jiang Guangguang said angrily.

“Elders?” George Han smiled disdainfully, and said: “With an elder like you, I don’t have a place to put on my face. I will warn you one last time and be foolish. Don’t blame me being ruthless.

“George Han, you can kill me. If you have a kind, kill me. I want to see how good you are, and I will warn you one last time. If you don’t lose money, don’t blame me for being ruthless.” Liu Hua rushed to George Han , Pointed to George Han’s nose and said.

George Han took a deep breath and tried to restrain his anger that was about to erupt, and said: “Liu Hua, your son is already wasteful enough. If you still sit in a wheelchair for the rest of your life, do you think it is a good thing?”

Hearing this sentence, Jiang Sheng, who was hiding behind Jiang Guangguang, jumped his feet and cursed: “George Han, who do you say is trash? I think you are trash. What qualifications do you have to call me? You are much better off.”

“Really?” George Han pushed Liu Hua away and walked towards Jiang Sheng.

Jiang Shengdun looked miserable in time, his body trembled with fright, and said: “You...what are you going to do!”

“I will waste you, see who is the waste.” George Han said coldly.

Jiang Sheng wanted to run, but his legs were already weak in fright.

“Three thousand.” Amelia Su was afraid that the matter would be too much trouble, and hurriedly walked to George Han and took his hand. Said: “Three thousand, don’t be familiar with them.”

George Han stopped and glanced at Amelia Su, the anger on his face was replaced by gentleness, and said, “Listen to you.”

Amelia Su's heart moved, no matter how angry or wronged George Han was, it seemed that a word of her own could change his mind.

Is this my place in his mind?

“Jiang Sheng, don't you hurry to leave, do you have to be out of control before you know you regret it?” Amelia Su said to Jiang Sheng.

At this time, no one expected that Liu Hua would actually run to Amelia Su and slap Amelia Su on the face: “Amelia Su, I want you to lose money, don't you understand why you lose money?”

The anger that George Han had just suppressed broke out in an instant, stretched out his hand in a thunderous momentum, and pinched Liu Hua's neck tightly: “You are going to die, I will perfect you.”

Liu Hua felt unable to breathe in an instant. Looking at George Han's murderous eyes, the shrew finally felt scared, and kept slapping George Han's arm.

Jiang Guangguang and Jiang Sheng froze in place, and didn't even dare to move.

I'm used to treating George Han as a waste, but he is now showing strength. Almost suffocated them.

Seeing Liu Hua's eyes gradually turning upwards, Amelia Su panicked and said: “Three thousand, enough, you don't let her go, she will die.”

For George Han, the word death is just a matter of thought, but he knows that killing is not something Amelia Su can accept. She has never been in a real gray area, and George Han does not want her to know. These things.

After releasing Liu Hua, George Han said, “Get out of here, and I will never let you go next time.”

Liu Hua covered her neck with her hands, gasping for breath. The soul was almost frightened. In the moment just now, she really felt that she was going to die, and it was not for Amelia Su, George Han would never let him go.

This useless man has such a big temper!

“Mom, are you all right.”

“Wife, how are you.”

After George Han left, Jiang Guangguang and Jiang Sheng hurried to Liu Hua’s side and cared about them.

Liu Hua, who had passed by the god of death, did not learn his lesson after being reborn. How could she be so easy to be submissive with such a spooky character?

“Jiang Sheng, don’t you know some friends in the gray area? Mom will give you money and find someone to beat George Han. I must repay this enmity.” Liu Hua gritted her teeth.

“Okay. I will definitely avenge you.” Jiang Sheng said.

At this time, the atmosphere of the Jiang family was frozen.

After Jiang Hong returned home, he became more and more angry, not only because of George Han’s attitude towards him, but also about what Jiang Wan and others deliberately concealed from him.

If it wasn’t for Jiang Wan. Today’s things will not be so troubled.

“Grandpa, it’s Amelia Su. She made me lose my boyfriend. Please kick her out of Jiang’s house. Don’t let her come back in the future.” Jiang Wan cried out in pain.

For her, find a rich man. Friends are not an easy task, but now they are all ruined by Amelia Su, and she cannot accept it.

Jiang Hong snorted and said: “If you didn’t deliberately conceal Lily Jiang’s return. How could this be the case today? Tang Zong appeared in the mall before. Didn’t you notice Tang Zong and George Han? Relationship?”

“Dad, who would have thought that this waste would know Tang Zong?” Jiang Bo sighed. He is not willing to believe this fact now. Tang Zong is the richest and most powerful person in Bin County, but George Han not only knows him, And Tang Zong’s attitude towards him was very respectful.

When Jiang Hong heard these words, he slammed a fist on the coffee table in anger. Angrily said: “Trash? If he is trash, isn’t our Jiang family all mud?”

Jiang Bo trembled with fright. Jiang Hong is very rare to have such a bad temper. He ate explosives today.

“Dad, don’t you think it’s strange? Amelia Su deliberately arranged this matter to give George Han a face?” Jiang Bo doubted.

Jiang Hong was angrily laughed, the facts were already in front of them, they still did not want to admit that George Han was great.

With Amelia Su, how could it be possible to please Tang Zong!

The Su family was just a second-rate family in Basin City. Why did Tang Zong put Amelia Su in his eyes, and also bowed to George Han.

“I think you are covered by lard. George Han is definitely not as simple as it seems.” Jiang Hong said.

Jiang Wan once used George Han as a stepping stone to find superiority. Hearing what Jiang Hong said, he was naturally not convinced. Said: “Grandpa, don’t be fooled by them, Amelia Su must have arranged all this, she just made us ugly on purpose.”

“The days are still long, one day you will know how stupid your thoughts are.” Jiang Hong has lived for most of his life. See things more thoroughly than them.

He has always understood the situation of the Su family. Amelia Su is not valued at all in the company. Why did he become the person in charge for no reason? He even suspected that Amelia Su’s current status was the result of George Han’s secret promotion.

At that time, the old man of the Su family made George Han enter the Zuo Su family in one fell swoop, and many disagreements were forcibly suppressed by the old man.

With his level of shrewdness, would he really let a piece of rubbish become a waste?

Although Jiang Hong couldn’t figure out what happened in this, he knew, even sure, that George Han was by no means as simple as it seemed.

“From today on, whoever provokes George Han will get out of the Jiang family.” Jiang Hong said coldly. He didn’t want to harm the whole Jiang family because he continued to offend George Han.

Jiang Wan’s anger didn’t vent, and now she has lost Liu Zhijie, how could she swallow her anger?

I meditated in my heart: Grandpa, I will let you know how outrageous your thinking is. Waste is waste. If it weren’t for Amelia Su, he would be nothing.
