

Chapter 71

Covering his panic, Noila Mo raised his wrist and looked at his watch: “Senior Shen, I am a little tired. I want to rest early.”

Salmon Shen’s eyes passed a deep disappointment. This disappointment was like a sharp spear, which instantly pierced Noila Mo’s disguised strength. Turning her back, she opened her eyes vigorously.

Open your eyes and tears will not flow so easily. With your eyes wide open, you can see the world more clearly, see clearly, it is impossible for a mistress to have such a perfect man as Salmon Shen.

“Noila...” The slender waist was gently hugged again. Salmon Shen hugged Noila Mo from behind. This hug is so light, it is hard to feel it. But the tears that Noila Mo had endured for a long time burst out.

Noila Mo stretched out his trembling hands and broke Salmon Shen’s fingers around her waist, one by one, slowly breaking apart, as if it was not the fingers that broke, but the painful and trembling heart.

Trying to make her voice cold and blunt, Noila Mo said word by word: “Senior Shen, go back soon, Miss Liang must still be waiting for you.”

Must do his best to control the whimper in her throat.

“Noila, I’m sorry, I thought I would never find you again. That’s why I got engaged to her. I’m sorry...” Salmon Shen’s voice was full of guilt. He is not good, he shouldn’t be discouraged so quickly, he shouldn’t compromise with grandpa.

After searching hard for three years, he was unwilling to let go. If he really let go, maybe he would have to wait another three years.

“Senior Shen, don’t be like this...” Noila Mo could no longer control her trembling voice.

Salmon Shen, why don’t you let it go? Don’t hold me anymore. My willpower is not that strong. One more minute, my disguise will collapse.

Noila Mo bit her lip tightly, blood leaking from the corners of her lips. Only this kind of bone pain can make her control her urge to turn around and hug him, and she can control herself not to tell him that she has been thinking of him for the past three years...

Salmon Shen hugged Noila Mo tightly, holding her regardless. Letting go is the only thing in the world that he doesn’t want to let go.

Noila Mo lowered his head to prevent tears from falling on his hands. But the light from the ring on his ring finger dazzled his eyes.

The engagement ring, the engagement ring representing vows and love, pierced Noila Mo’s eyes like a strong light.

She must control herself, even if it hurts, she can’t bear it. She must also control herself.

Salmon Shen is not hers after all.

“Senior Shen...I already have a boyfriend.” Noila Mo’s voice looked indifferent and calm, with only slightly trembling shoulders revealing her secrets.

Salmon Shen’s body shook, and his hands slowly loosened. Standing behind her, Salmon Shen’s voice suddenly became hoarse, and the gentle and beautiful voice suddenly became hoarse and dim, as if the fire of life suddenly went out: “I’m sorry...”

Noila Mo smiled lightly: "It's okay."

It really doesn't matter, Senior Shen, you don't need to apologize, it's all over. After three years of blankness, everything has changed.

Noila Mo is no longer the innocent and cute girl who was as white as a piece of paper. There are too many secrets in her body, too many unbearable.

He has not been able to wait for her all the time, and she has not been able to defend herself like a jade in these three years.

They owe no one to anyone. Missed, just missed.

It is better to forget each other than to motivate each other. Forget about the world, that's good. Salmon Shen, this is great.

Noila Mo tried to squeeze a smile at Salmon Shen. But she still felt so boring and flustered, the kind of pain she had never experienced before. It was as if he was being weighed heavily on his heart by a huge stone, and his eyes were extremely sour.

Noila Mo's phone was thrown on the sofa, Salmon Shen walked over, picked up the phone, and dialed a number on the phone.

"Noila, this is my most private mobile phone number. There are no more than four people who know this number. You must remember to call me."

Seeing Salmon Shen pressing down the string of numbers earnestly, Noila Mo's eyes blurred again. She looked at his figure eagerly, tall, handsome, and elegant. I just want to keep in mind him at this moment, every movement, every subtle expression, she must keep in mind.

This may be the last time they met.

They have their own different paths, he follows his, she follows hers. Since then, we have forgotten each other.

No matter how long the number is, when you finish pressing the 11-digit mobile phone number, no matter how slow you press it, you can only spend two more seconds together. No matter how grand a banquet is, it will end.

At the last second when the door was about to close, Salmon Shen held the door with his hand and asked in a low voice, “How is he to you?”

Biting her lip, Noila Mo found that she could not answer Salmon Shen’s question.

Is Allen Chu good to her?

Are you good to her? He was domineering and arrogant, turning her into a shameless mistress. He is violent and cold, and he often gets scars on her body.

Is it bad for her? She has a fever and he stayed with her all night. She was pregnant with someone else’s child, and he did not force her to remove it.

Allen Chu, are you treating her well?

However, now is not the time to tangle this issue. Now, she must rush Salmon Shen away. He has been here for too long, and if Allen Chu came back to see it, it would be a big trouble again.

She didn’t want Allen Chu to see Salmon Shen, and at the same time, she didn’t want Senior Shen to know that she was just a canary that was kept. Her feathers had fallen out three years ago...

Lifting her white face and revealing a sweet smile, Noila Mo’s voice looked brisk and happy: “He is very good to me!”

A sincere smile appeared on Salmon Shen's pale face, and he reached out and stroked Noila Mo's hair, "Noila, it seems that you are very happy. This way Senior Shen can rest assured."

The little girl three years ago smiled sweetly at him, "Senior Shen, you are so kind to me!"

Now, another person has been changed to treat her well. But this is also good. Noila is happy. Noila's happiness is his greatest happiness.

Salmon Shen smiled again. It's time to leave.

Reaching out, holding Noila Mo's cold little hand, her gentle eyes concealed all the reluctance, Salmon Shen tenderly said goodbye to Noila Mo: "Noila, goodbye."

Noila Mo stared at Salmon Shen quietly, with a flat tone: "Senior Shen, goodbye."

The door slowly closed, and when Salmon Shen finally disappeared from her eyes, Noila Mo's tears burst into her eyes, and she sat down paralyzed along the door, as if all her strength had been exhausted. Too weak to stand firm.

It turned out that it would be so hard to see Senior Shen.

I spent all my energy, desperately holding back tears, holding back the urge to hug him tightly.

Embracing his arms with both hands and burying his face deeply into his arms, Noila Mo cried silently, but was heartbroken.

The phone rang suddenly.

Noila Mo hurriedly wiped away tears and answered the phone.

“Hello! Is it Miss Noilamo?” A nice male voice asked on the other side of the phone.

“Oh, I am, are you?”

“Miss Mo, I’m Allen’s friend Pei Jun. Can you come to the Night Bar? Allen is drunk. If you don’t come again, my bar will be smashed by him.”

“Well, do I have to come over? Shall I ask the driver to come and pick him up?” Noila Mo was very depressed. At this moment, she just wanted to take a hot bath before going to bed and sleep well.

“It’s not for you, he keeps calling your name. I turned his cell phone to find your phone. Miss Mo, please help.”

Pei Jun on the other end of the phone was also full of curiosity about this cold female voice. What kind of girl is it that would make the rebellious President Chu run to his bar to get drunk?

Allen Chu has a good amount of alcohol and has always been modest in drinking. It is the first time Pei Jun has seen him get drunk after having known each other for so many years. This girl seems to have a lot of weight in Allen Chu’s heart.

Pei Jun was full of curiosity about Noila Mo.

Noila Mo washed her face, combed her hair again, looked at her red and swollen eyes in the mirror, and didn’t want to go out.

At this time, she really wasn’t in the mood to clean up the mess for Allen Chu.

Perhaps, there is still a trace of guilty conscience in the bottom of my heart, meeting Salmon Shen seems to have done something sorry for Allen Chu.

When Noila Mo appeared in front of Pei Jun, he finally knew why Allen Chu was still calling Noila Mo when he was drunk.

The girl in front of me is not a superb beauty, she is a little petite, and she can't see any figure in the big clothes. But on that fair and beautiful face, there are eyes that are unforgettable.

This is a pair of eyes that are so clear that you can see into people's hearts. These eyes make people think of a young lion. Although innocent and unaware of his own strength, he has the stubbornness to never admit defeat.

Only such a woman can compete with Allen Chu, right? Originally thought that Allen Chu only liked big breasted Bo*ba, now it seems that his taste is not so vulgar. Pei Jun smiled slightly. Opened the box door for Noila Mo.

On the large velvet sofa, Allen Chu's shirt collar was arbitrarily opened, his thick sword eyebrows were tightly furrowed, his eyes seemed to be open and closed, and he was holding a half empty wine bottle in his hand.

Noila Mo walked over and poked his face with her finger: "Hey, drunkard, go home!" This trick of poking face was learned from Allen Chu, and it finally came in handy today. Noila Mo had a hint of pleasure in her heart.

Tell you to bully me, I have to return it all today!

Allen Chu raised his drunken eyes, and after seeing the figure in front of him clearly, he seemed not to believe it, and then squinted his eyes, trying to see more clearly.

Pei Jun walked over and pulled Allen Chu up, "Here, Noila Mo is here. Go back quickly and don't mess with me."

Allen Chu finally saw the shadow in front of him, opened Pei Jun's arm with his arm, and took Noila Mo into his arms.

Chapter 72

“Hey, what do you do, let go!” Noila Mo’s face flushed red. Really, there is still someone next to him, and he will be in estrus in every way.

Allen Chu hugged Noila Mo’s waist tightly, buried his head on her chest, and said vaguely, “Don’t let it go.” It seemed like a child was cheating.

Pei Jun’s eyes widened with interest, haha, I really didn’t expect that Allen Chu, who has always killed and decided, would even act like a baby! Although the bar was messed up by Allen Chu, it was worth it!

Pei Jun’s face is unconcealed with curiosity, funny, and expectation...

Noila Mo glanced at Pei Jun, who was smiling and watching the excitement next to him, and whispered to Allen Chu in a childlike tone: “Let go! I’ll take you home, OK?”

Allen Chu suddenly raised his head and gave Noila Mo a smirk: “What are you doing home? Making a villain?” A childish naughty flashed in his drunk eyes.

Gosh! If there is a hole in front of him, Noila Mo must get in immediately!

Pei Jun beside him couldn’t help it anymore, and tried his best to suppress the urge to laugh, clenched his fist and coughed twice, pretending to be serious, said to Noila Mo: “Miss Mo, talk slowly. I’ll leave a bit beforehand. Now.” After speaking, he quickly turned and left.

At the moment when the box door closed, Noila Mo heard Pei Jun finally burst into laughter.

Her face flushed with shame for an instant, Noila Mo reached out angrily and twisted Allen Chu's ears. She felt like a cruel stepmother, bullying a somewhat retarded stepson: "Are you ashamed! Such a cheeky!"

Allen Chu was not ashamed at all, holding Noila Mo's hand with a face and pulling it into his arms. The drunk man was extremely powerful, and Noila Mo could not stand firmly, being pulled into his arms and hugged tightly.

The masculine breath was mixed with alcohol, and it rushed into Noila Mo's nose. Noila Mo thought of the light and nice mint fragrance on Senior Shen again, and frowned, trying to push Allen Chu away.

Allen Chu refused to let go. Not only did he hold it tighter, but his lips also came straight to Noila Mo's.

Noila Mo tilted her head to avoid the kss. *The back of her head was firmly supported by a powerful palm. In the next second, her hot lips had already kssed her fiercely.*

As the clouds disappeared, Allen Chu turned over and put the sore back of Noila Mo into his arms, closed his eyes, and let out a sigh of satisfaction.

Although very tired, Noila Mo was not sleepy at all. With a pair of misty eyes, staring blankly at the gorgeous patterns on the sofa. What is this? She doesn't love Allen Chu, but she does things with him that can only be done between lovers.

Does Allen Chu love her? When this question came to mind, Noila Mo smiled silently. It's so naive to laugh at myself, how could I have such a thought.

Of course Allen Chu doesn't love her, he doesn't love any woman. What he loves is just the pleasure of indulgence and venting. How can a person like him understand what love is?

“What are you thinking about?” The man next to her suddenly said, with a big palm with body temperature, gently stroking her smooth back.

“Um...” Noila Mo thought Allen Chu was already asleep. One side saw his gloomy eyes, which were shining strangely under the light. If it were not for Noila Mo’s self-knowledge, he would still think that the light in his eyes was something called love in the legend.

Turning over gently, avoiding Allen Chu’s caress, Noila Mo whispered: “Thinking about my father...” What Noila Mo said was not all lies. She was thinking, when will her father finish the operation and when will she leave Allen Chu.

Allen Chu hugged Noila Mo a little tighter, placed his chin on her head gently, rubbing her long hair: “Next week, I will find a doctor to arrange the operation for your father next week.”

Noila Mo was overjoyed: “Really? Thank you!”

Allen Chu smiled evilly: “How are you going to thank me?” Her eyes moved maliciously.

Noila Mo pulled her clothes tighter and looked at Allen Chu warily.

Allen Chu was amused by her vigilant actions like a hedgehog, and reached out to pat her cheek: “Little fairy, you are thinking of beauty! I don’t have the energy now! Let’s feed you tomorrow!”

Noila Mo flushed with his words. He turned around bitterly and ignored him.

Allen Chu pulled Noila Mo’s face and blew into her ears, her voice was incredibly gentle: “What’s the matter, the little hedgehog is shy? Okay, let’s not tease you. Tell you something serious. You will be dressed beautifully tomorrow. Point, accompany me to the dinner party.”

Noila Mo gave him an angry look: “I’m a pregnant woman, what kind of dinner will I attend! Now the belly is a little bit more visible, and it doesn’t look good in anything!”

Allen Chu stretched out his hand to caress her slightly bulging abdomen, his voice was full of unbelievable arrogance and domineering: “Do you look good or not, I have the final say! You are obedient, I will take you to buy a dress tomorrow morning!”

The next day, when Noila Mo was stuffed into the car by Allen Chu, he still grumbled reluctantly: “I really don’t want to go to a dinner party, can I not go?”

Allen Chu looked at her with a smile but a smile: “Noila Mo, are you inferiority complex? I feel that you can’t bring it out and get on the stage? Are you too timid?” He knows how to stimulate Mo the most. Noila.

Sure enough, Noila Mo curled her lips: “Cut, isn’t it just a dinner party, just go!”

The smile on Allen Chu’s lips was deeper. Noila Mo looked at him warily: “What are you laughing at?”

Allen Chu raised his eyebrows, did not speak, and slapped the steering wheel in a cool manner. The car turned around a quiet street corner and stopped. “Hey, what are you going to do!” Noila Mo was inexplicably uneasy.

Allen Chu put his index finger on Noila Mo’s lips: “Hush!”

Then one leaned over and k*ssed Noila Mo’s lips accurately.

Noila Mo’s eyes widened in surprise. At a very close distance, she saw the golden morning sun shining diagonally on Allen Chu’s face, the three-dimensional profile of the facial features, handsome in the light, as handsome as a prince in a classical sculpture.

“Concentrate!” The big palm steadily held the back of Noila Mo’s head, and Allen Chu k*ssed deeper and more passionately. The flexible tongue with incredible magic power made Noila Mo be bewitched, and she was dizzy in the golden color.

After a long time, Allen Chu raised his head and looked at Noila Mo, which was so fierce that Noila Mo didn’t dare to look at him at all. Had to look on the road.

“Look! There is a car coming from the other side!” Noila Mo pointed to the other side of the road like a savior.

Allen Chu raised his head and looked out. The opposite was empty. There was no ghost shadow. He turned his head, only to find that Noila Mo had opened the door of the car and jumped out of the car while he was distracted!

Allen Chu’s deep black eyes narrowed dangerously: “Noila Mo, get in the car!”

Noila Mo didn’t eat his set. Standing in the sun, with hands on hips, his tone was disdainful: “Allen Chu, do you think I’m so stupid, would you still climb into the car to make you play a hooligan?”

The sun shines on her through the shadow of the tree, her long black hair, her white and clear face, and her stubborn, childish, crystal-clear eyes, against the blue sky and white clouds, are as beautiful as a painting.

Allen Chu suddenly felt his heart skip a beat, and felt a little lack of oxygen.

Looking fixedly at Noila Mo outside the car, all of her thoughts suddenly disappeared. At this moment, she just wanted to love the little woman in front of her. Spoil her, even if she wants the stars in the sky, she is willing to take them off.

Many years later, when Allen Chu remembered this scene again, he knew that this was the feeling of heartbeat.

“Get in the car, I promise not to bully you.” Allen Chu opened the door and looked at Noila Mo outside the car, with smiles and petting eyes in his eyes.

Allen Chu’s eyes surprised Noila Mo. What kind of look is this? Why did Allen Chu look at her as if she was a delicious piece of candy? It seems that she is a very cute pet?

Noila Mo couldn’t figure it out and didn’t bother to think about it. Hooked up the slender white little finger and stretched it out in front of Allen Chu: “Retract!”

Allen Chu smiled slightly, stretched out his slender fingers, and gently hooked Noila Mo’s fingers: “Okay, hook!”

Under Allen Chu’s repeated assurances, Noila Mo returned to the car with a guard.

Allen Chu glanced at Noila Mo obliquely, started the car, and said coolly, “Can you take your paws off your chest?”

Noila Mo’s small hands tightly covered her chest clothes.

Noila Mo gave him a white look: “I’m not afraid that someone will suddenly become beastly!”

Allen Chu sneered: “Noila Mo, you figure it out! I don’t know how many women want to climb onto my bed!”

Noila Mo did not show any weakness: “Then you go find them! Why do you have to rely on me?”

Allen Chu smiled evilly: “I bought you for a big price. I won’t let go if I don’t get bored!”

An unintentional joke made Noila Mo fall silent.

Indeed it is. She was nothing more than a slave girl he bought with money. When my father is finished, she can leave, take two shots, not owe each other.

well. She Noila Mo can't wait to breathe free air!

She will continue to learn painting, she will travel the world, a future without Allen Chu is the most beautiful future!

Noila Mo cheered up for herself, ignoring the sorrow in her heart...

Chapter 73

Having entered the main road, there were more and more cars on the road, Allen Chu stopped joking with Noila Mo, and focused on driving.

Suddenly, a string of soft bells broke the silence in the car. Allen Chu's car phone rang.

“Say.” His opening remarks are always so domineering and concise.

What did the other party say. Allen Chu's face showed a satisfied look: “Okay. You get things ready. I'll come over in a while.”

Hanging up the phone, Allen Chu parked the car on the side of the road and unfastened Noila Mo's seat belt.

“Go to the dress shop by yourself. I have something to take care of.” He gave the instructions simply, without giving Noila Mo any room for objection.

Noila Mo was accustomed to his arbitrariness. Without asking him what was going on, he got out of the car quietly. Raising a pair of moist eyes and looking at Allen Chu: “How do I get to the dress shop?”

Allen Chu's eyes were full of smiles, as if he was in a particularly good mood, and he squeezed Noila Mo's face, “Not far, it's at the intersection in front. You follow this road, walk to the intersection in front, and turn right. I can see it. Saint Laurent haute couture. I will come to pick you up when I'm done.”

After finishing speaking, close the door and step on the gas pedal, and the luxurious motorhome ran away like an arrow from the string.

Noila Mo followed the route described by Allen Chu to find the ready-to-wear haute couture. The decoration of the store is magnificent, with creamy white walls

and light golden streamlined decoration. The entrance is a magnificent Roman-style pillar. The overall style reveals a bit of classic elegance and low-key luxury.

Walking into the store, a clerk with delicate makeup immediately came over: “Welcome!”

Another clerk brought a glass of lemonade to Noila Mo: “Do you want to buy ready-to-wear garments or look at our sample picture album for handmade customization?”

Noila Mo smiled politely at the clerk: “I’ll take a look first.”

Noila Mo wore a loose white skirt with an almost shabby style. She bought this at the night market with only a small amount of change left. Allen Chu bought her a cabinet full of colorful clothes. She hadn’t moved, and she always felt that it was not her own.

There is no hot dyeing of the hair, just casually draped, the whole person looks too ordinary.

The two shop assistants looked at Noila Mo up and down, winking at each other, and a touch of contempt at the corners of their mouths. Seeing this little woman, who was all dressed up, she even dared to enter our store!

Noila Mo didn’t notice the expressions of the shop assistants at all, just wandering around the shop with interest.

In fact, she didn’t want to buy any dress at all, nor did she want to accompany Allen Chu to any dinner party. But so many beautiful clothes, even if you just look at it, it is a pleasant thing.

Let it go, just pass the time.

Noila Mo pointed to a dark green dress: “Excuse me, please take it down and I will try.”

The dress was worn on the model, and the long skirt had complicated lace embroidery, so it was not easy to take it off.

The clerk secretly rolled his eyes at Noila Mo, this woman would really instigate people! Which one is not good, must choose this one on the model! What a trouble!

But after all, this is the top hand-made clothing store. There are regulations in the store that as long as the customers come to the door, they must provide warm service, so they dare not leave Lin Nuannuan too cold. Just trying to suppress the contempt in the eyes.

Seeing Noila Mo’s shabby dress, the clerk was also secretly surprised. This poor girl had a pretty good vision. This dress is the latest masterpiece of the designer and won a grand prize at the Milan International Fashion Show. It was shipped back by air last month. The fabric, style, and tailoring are all top-notch!

A lot of people came to try it, just because it is dark green, few people’s skin and temperament can match it. So it has not been sold yet.

The clerk lazily handed the clothes to Noila Mo, and pointed to the fitting room impatiently: “Here, the fitting room is inside. You can try it yourself!”

In fact, according to shop rules, shop assistants should help customers try on clothes.

The fitting rooms are very large, all decorated with deep purple velvet, revealing a sense of luxury. Each fitting room has a soft sofa and a large shiny mirror, as well as a delicate dressing table. Toiletries are readily available. It’s just that the doors

are all heavy velvet curtains, and there is no door to lock it. But in such a high-end shop, no one should suddenly break in.

Noila Mo took off her loose skirt with confidence, and put on the dress carefully. The hem of this dress had many thin hand-embroidered laces, which was too thin, as thin as a layer of smoke, and looked very delicate. Noila Mo was worried about breaking it.

I was really worried about what was coming. When she put on her formal dress and stood up, Noila Mo felt that her back was involved, and her skin was exposed, chilling. Maybe the zipper of the zipper hooked the lace. Noila Mo hurriedly sat down and shouted outside the curtain: “Miss clerk? Please come in.”

Really, it’s really troublesome to dress a goddess horse. Wearing a dress can exhaust people to death. Noila Mo whispered, waiting for the clerk to come in and help.

But no one answered. The two shop assistants were playing games on their mobile phones, and they were playing high, and they pretended not to hear Noila Mo’s voice. Poor girl, who cares about you!

Noila Mo increased the volume and shouted again. There was still no movement outside. A crisp female voice came from the fitting room next to it: “Don’t shout, I’ll help you!”

The heavy velvet curtain was lifted, and a young girl walked in. She was dressed very fashionably, but her makeup was a bit too heavy.

Seeing the dress on Noila Mo’s body, the girl had an amazing expression in her eyes: “This dress is too beautiful! What I wanted to try just now is that the skin is not white enough, I’m afraid it can’t match the color. You look so beautiful!”

The girl swiftly helped Noila Mo untie the hooked lace. She smiled slightly at Noila Mo, her eyes gleaming uncertainly.

Noila Mo always felt that smile and eyes were a little weird. But then he shook his head again, “It must be an illusion. I didn’t rest well last night, and the illusion will appear today.” Thinking of last night, Noila Mo’s face was blushing again. The damn Allen Chu didn’t even care about her identity as a pregnant woman, pestering her several times. It made her sore back today.

There was a full wall of mirrors outside, and Noila Mo walked to the mirror with her skirt hem.

The light is bright and soft. She sees herself in the mirror. The deep V neckline of the dress reveals large pieces of beautiful skin. The dark green color and the gorgeous and complicated hand-embroidered lace on the skirt make her skin white and delicate. porcelain.

The design of the high waist line makes the slight bulge in her lower abdomen completely invisible. Fresh and elegant, like the noblest princess.

The clerk stayed by watching. I didn’t expect that this poor girl could even afford this dress. This dress was almost tailor-made for her, everything was perfect.

Noila Mo stared blankly. Since my father’s company went bankrupt three years ago, she has not worn decent clothes again. They are all simple T-shirt denims, with their faces facing the sky. She has forgotten to wear beautiful clothes and stand in front of the mirror to appreciate how she feels.

The silk fabric is softly attached to her body, a bit cool, a bit slippery, delicate, and gentle like a mother’s hand.

Noila Mo’s nose suddenly became sour. The good mood became depressed in vain. When she was young, her mother often wore such a beautiful dress, holding her in

a pink princess dress in her hand, and went to high-end banquets with her father. A family of three, the father is handsome and handsome, the mother is beautiful and quiet, and the children are beautiful and cute. What an enviable family. But now...

Trying to hold back the sore feeling between her nose, Noila Mo smiled apologetically to the clerk: "I don't think it suits me very well. Could you please try that short white dress over there."

The clerk turned around to get the clothes, but he whispered in his mouth: "It's so good-looking and it's not appropriate. Don't come in if you don't have money to buy it. Try it again!" Noila Mo didn't care about it, disdainful and cold-hearted. She has seen too much. Her nerves have become extremely strong.

Going to the fitting room to take off the dark green long dress, Noila Mo put on this short white dress. Come out and look at yourself in front of the big mirror.

This is a tube-top dress, showing Noila Mo's beautiful collarbone and slender neck. It's a pity that the waist is tailored to fit, which makes the belly a bit showy.

Noila Mo shook his head and went back to the fitting room to take off the white dress and put on his own clothes. Feeling a little tired, Noila Mo carried her bag and prepared to go back.

This Allen Chu, why couldn't he come to pick her up! Noila Mo whispered, she was an unbelievable villain!

Carrying the bag, he was about to walk out of the store.

A sharp voice suddenly sounded behind him: "Stop! You thief!"

"Huh?" Noila Mo hadn't reacted yet, her arm was already tightly pulled. A clerk caught up with breathlessly, his eyes widened, gleaming fiercely, and gritted his teeth and shouted, "I want to go if I stole my clothes? It's not that easy!"

Her delicately painted face looked so hideous at the moment, and Noila Mo couldn't help but shudder, but she was misunderstood as fear, and a trace of triumph was in her eyes.

“You! Open the bag and let me check it!” She said fiercely, “Look at you so poor, you know you can't afford it! You can't afford it and you can't steal it! What a shame!”

Noila Mo is really a bit blinded, inexplicable, this is simply!

The clerk gripped her arm fiercely and it hurt her to death. Noila Mo's tone was not polite: “What are you doing! Let go of me!”

Seeing the trouble here, another clerk who seemed a little gentler ran over and explained: “Miss, the dark green dress you just tried is gone. You are the only one who tried this dress just now, so please. Open the bag and let us check it.”

Chapter 74

Noila Mo thinks this is the funniest thing he has ever heard: “I tried that dress, and then it disappeared. I stole this dress?”

The clerk holding Noila’ ai’s arm pushed Noila’ ai out fiercely: “I said you have a ghost in your heart! Why else would you not open the bag for us to check?”

The floor was very smooth, and Noila Mo was unprepared for a while. She was pushed to the ground, her hips hit the ground hard, and her heart was painful.

Noila Mo turned pale with fright, baby, the baby in her belly! The baby can’t do anything!

Hurry up and touch her belly with her hand, Noila Mo was so anxious that tears fell out of her eyes, “Baby, how are you doing? How are you? Mom is not careful! Baby, you can’t do anything!”

Noila Mo cried and talked with the baby in his stomach. The kinder clerk next to him was also shocked! Damn! Do evil! This woman is a pregnant woman!

The clerk who knocked Noila Mo down still kept yelling, “What are you pretending to be a pregnant woman! Hand over the clothes quickly, otherwise you would never want to step out of this door today!”

Noila Mo didn’t pay attention to her at all. He just stroked her belly with her hand, looked down at the slightly bulging abdomen, blamed herself and was afraid, tears streaming down her face.

“It’s so noisy here! Salmon, let’s go to another store!” A soft female voice suddenly sounded.

The name “Salmon” was like a spell, Noila Mo turned her head in surprise, her eyes met, and her eyes widened in surprise.

Salmon Shen actually stood in front of the store! Liang Nuanxin’s hand is still in his hand.

No! She didn’t want Senior Shen to see her so embarrassed! I don’t want Senior Shen to know that she is pregnant!

Noila Mo turned her head quickly, not wanting Salmon Shen to see her face.

But it was too late.

Salmon Shen threw away Liang Nuanxin’s hand and walked over in strides, his powerful arms gently lifted Noila Mo up, and his magnetic voice was full of care and distress: “Noila, what’s wrong with you? Who is bullying you?”

Noila Mo hurriedly wiped away the tears from her face, and shook her head indiscriminately: “It’s okay, I’m fine.”

Liang Nuan’s heart was alarming, who is this woman and why is Salmon so nervous?

When I came closer, it seemed a bit familiar, but I couldn’t remember where I saw it.

Pulling Salmon Shen’s sleeve, he quietly separated Salmon Shen and Noila Mo. “Salmon, who is this young lady?” Liang Nuanxin’s voice is still gentle, after all, he has a good education, and he has to maintain the dignity of the ladies.

“Heart-warming, this is Noila Mo. Noila, this is mine, fiancée Liang Nuanxin.” Salmon Shen introduced the two. Salmon Shen had a hard time saying the three words for fiancée.

Noila Mo? Liang Nuanxin suddenly remembered it! At the hospital that day, Salmon Shen ran out crazy looking for some old person by this name!

She later asked the nurse, and the nurse said that Salmon spent more than an hour in this woman's ward.

A man and a woman stayed together for more than an hour alone, saying that it was a pure fellow reminiscence, she didn't believe it!

Seeing Salmon Shen and Noila Mo's eyes, Liang Nuanxin knew that her big trouble was coming! Female instincts told her that between Salmon Shen and Noila Mo is definitely not easy!

With a faint smile, Liang Nuanxin stretched out his hand to Noila Mo: "Miss Mo, fortunately meeting!" But his eyes were a little bit mean, and he looked at Noila Mo all over.

Noila Mo reluctantly smiled at Liang Nuanxin. She was worried about the baby in her belly and was not in the mood to socialize.

"Senior Shen, Ms. Liang, I'm leaving now. Then, take your time to stroll around!" Noila Mo gently stroked his stomach, preparing to walk outside the door.

"Don't go! You can't go without paying for your clothes!" The fierce clerk stopped Noila Mo from going.

"What's the matter?" Salmon Shen's gentle voice became hardened, and he walked to Noila Mo's side and protected her behind him.

"She stole our clothes!" The fierce clerk pointed to Noila Mo's nose.

Liang Nuanxin walked over and pulled at Salmon Shen's sleeve: "Salmon, this is someone else's private matter. It's not convenient for us, right?"

She didn't want to help this Noila Mo rescue! Wish to watch her jokes! But on the surface, it is still necessary to pretend to avoid the privacy of others.

Salmon Shen ignored Liang Nuanxin's obstruction at all, and said in a harsh tone, "This lady can't steal your clothes. If you get entangled any more, you will only have to call the police!"

Salmon Shen's momentum shocked the clerk. This gentle man is terrible once he gets angry.

But she still didn't want to let Noila Mo go like this: "Should you call the police for such an obvious fact? Let her open the bag! The clothes must be in the bag!"

Salmon Shen had to say anything more, Noila Mo raised his hand to stop him.

Noila Mo felt very tired, very tired, tired of body and heart, and just wanted to end this farce soon.

Raising his hand to open the bag, Noila Mo handed it to the clerk: "Check it!"

The clerk looked into the bag expectantly, his eyes widened in surprise! There is nothing in the bag except mobile phone key wallet and the like!

Salmon Shen looked at Noila Mo with a tired face in distress, and said coldly to the clerk, "Can you let this lady go now?"

The clerk's eyes turned quickly. This dress was worth tens of thousands of dollars. If she let her go, she had to bear the loss. No, even if she didn't steal the clothes, they must be planted to her!

The clerk took the lead and firmly grabbed Noila Mo's arm: "Anyway, you lost it after you tried it. If the clothes are lost, I'll look for you!"

Noila Mo was stunned, why is there such a shameless person in the world? What an eye-opener!

Salmon Shen pulled the clerk away from Noila Mo. A trace of disgust flashed in his eyes, and he was much lazy to say to such an unreasonable woman!

He took out his wallet, swiped a few numbers on the check, and coldly threw it to the clerk: “Take it! This money is enough for you to lose two clothes!”

“Bah!” There was a loud noise, and the popping sound shocked everyone present.

Looking back, a tall and handsome man had stood behind them for some time. Just as if nothing had happened, he smashed the vase decorated in the store on the ground.

It’s Allen Chu! Why is he here, is he still afraid that this place is not messy enough?

Noila Mo looked at Salmon Shen and then at Allen Chu, foreseeing that a storm was coming!

Kicking away the glass slag on his toes, Allen Chu walked to the clerk, picked up the check in her hand and slowly, little by little, tore it to pieces!

The clerk was frightened by the brutal and bloodthirsty presence on him. I forgot to fight back.

Declaring sovereignty, Allen Chu hugged Noila Mo into his arms and said lightly, “My woman, it’s not the turn of others to send a check!”

The deep eyes looked at Salmon Shen, full of hostility.

Salmon Shen smiled politely at Allen Chu, with a gentle voice: “May I ask you who?”

Allen Chu ignored Salmon Shen at all. The arrogant eagle eyes swept across everyone present sharply. The two shop assistants were frightened suddenly.

I thought that the man just now was already terrifying, this man was even more terrifying, he was simply possessed by the devil!

Allen Chu let go of Noila Mo, walked to the murderous clerk, stood still, and fixedly looked at her. There is no expression on his face, but the blood red in his eyes is getting deeper and deeper.

The clerk was so hairy by him, he straightened back and looked at Allen Chu tremblingly: “I...I...I can’t help...She, she steals...”

Just as soon as the word “steal” fell, a heavy punch, with the momentum of thunder, had already hit her face severely, and the saleswoman suddenly fell to the ground.

Something came out of her mouth. She touched her mouth and began to wailing loudly: “Help! Kill someone! My teeth, my teeth...”

Allen Chu stood beside her arrogantly, raising his hand gently, “banging” with a thunderous explosion, and the glass partition where the clothes were placed was thrown on the floor by him, smashed to pieces.

Every time the clerk shouted, Allen Chu smashed something.

The entire magnificent storefront has been smashed into a mess.

Liang Nuanxin looked at Allen Chu who vented his anger for Noila Mo in the shop, and he was a little envious. Although this man is cruel and evil, he really knows how to protect his woman!

However, this woman is Noila Mo. A woman she hates more and more.

Allen Chu, the president of the Chu Group, the most handsome and powerful man in City C, unexpectedly turned out to be Noila Mo's boyfriend.

Maybe, she should try to make friends with him, after all, the Chu family is wealthy, and if the Chu family backs him, father's career will be smoother.

Liang Nuanxin walked up to Allen Chu and said softly: "President Chu, this little clerk has suffered enough, so let her be spared today. I invite you to dinner with Miss Mo, and I will be shocked for Miss Mo."

Allen Chu turned his head, a pair of sharp eagle eyes made Liang Nuanxin shudder.

"I teach the clerk, it's not your turn to interrupt!" Allen Chu's tone was as cold and domineering as ever.

Liang Nuanxin flushed with embarrassment, and the expression in Noila Mo's eyes became colder and sharper. For this poor little girl, Allen Chu made her foolish in front of Salmon Shen!

"Mr. Chu, please speak more politely." Salmon Shen said coldly, his handsome face turned pale.

He had heard of Allen Chu's name a long time ago. He was very mindful and skilled in the business field, and he was very courageous in dealing with things, and he was almost cruel.

He heard that he changed women like changing clothes, and the shelf life of each woman was no more than seven days. How could Noila be with such a caring man?

Noila Mo pulled Allen Chu's sleeve: "Allen..." Noila Mo just wanted to leave here quickly. The awkward four-person relative situation made her feel embarrassed.

Looking up at Salmon Shen, he was holding Liang Nuan's heart slightly, patting her back comfortingly.

There was a trace of pain in her heart, and Noila Mo dropped her long eyelashes. At this moment, she realized very clearly that Salmon Shen was Liang Nuanxin's fiance. It has nothing to do with her Noila Mo.

Senior Shen is just a memory, a memory that can't be returned.

Allen Chu threw out a vase and hit the last complete mirror from a distance. The glass shards splashed, Allen Chu took Noila Mo's waist and walked away!

Chapter 75

“Noila, get in the car.” Allen Chu opened the car door for Noila Mo. It is rare for him to have such a gentle time. Noila Mo gave him a surprised look. What is this man smoking today?

Moved his legs and got into the car. The moment he sat down, Noila Mo let out a low cry from the painful hip bone.

“What’s the matter?” Allen Chu turned to look at her, his voice a little nervous.

“It’s nothing, the clerk pushed me just now.” Noila Mo said lightly. Although I fell, there is nothing uncomfortable in my stomach except for the pain in my hip bone. The baby should be fine. She didn’t want to make matters worse.

Allen Chu paused and glanced at Noila Mo’s belly: “Is it okay?”

Noila Mo stroked her stomach: “It’s okay.” Noila Mo felt very strange that Allen Chu was too abnormal today and even cared about the baby.

He said before that this child is like a shiny green hat. Seeing her belly, he felt that his green hat was a bit darker.

Shaking his head, don’t think so much. Looking out the window intently. The car was racing on the wide road, and both of them fell silent and stopped talking.

The red light is on. There is a lot of traffic at this intersection and the red light is very long. Noila Mo stretched out his hand, trying to turn on the car stereo.

Allen Chu held his hand halfway. A small velvet box was handed to her.

“What?” It looked like a jewelry box. Allen Chu wants to give her jewelry? Noila Mo looked at Allen Chu with wide eyes.

“Open it and see if you like it or not.” Allen Chu’s voice was faint.

This was taken by him at the Sotheby’s auction. Just arrived this morning. Just to get it, I couldn’t accompany her to the dress shop. I didn’t expect something went wrong.

Noila Mo opened the velvet jewelry box. A ring, a dark blue diamond-shaped gem, without the brilliance of light, also exudes dazzling brilliance. In the center of the gem, heart-shaped ripples are looming.

Exquisite setting and perfect cutting make this gem priceless.

“Ah! Isn’t this the ‘heart of the ocean’?” Noila Mo let out a low exclamation.

The heart of the sea is said to be the love gift given to his secret lover Catherine by King Louis XVI of France in the early 13th century. Blue gems are not uncommon. What is rare is that there is a natural heart-shaped ripple in the middle of the gem. This is caused by the rarest chromium ore crystals. Only this one in the world.

Louis XVI’s lifelong dotting on this not outstanding lover also makes this ring a symbol of eternal love.

And this peerless jewel, which has disappeared in the world for more than 100 years, was bought by a mysterious seller at the Sotheby’s auction a few days ago for a sky-high price of 80 million.

Noila Mo remembered the news report on TV that she watched the day before yesterday.

On the news, there are close-up photos of the Heart of the Sea. The beauty is dazzling.

Allen Chu took out the ring from the velvet box, and put the dazzling ring on Noila Mo's ring finger.

A flash of light flint.

Without even thinking about it, Noila Mo clenched his hand into an empty fist and avoided it. Allen Chu's hand holding the ring froze in midair.

"Huh? Don't like it?" Allen Chu raised his eyes displeasedly, and a trace of dark scorpion passed by his dark eyes.

"I..." Noila Mo stared at the ring, speechless for a while. She didn't want to anger Allen Chu. However, she really couldn't accept his ring.

Looking up at Allen Chu, Noila Mo's tone was very sincere.

"Allen Chu, do you know the meaning of the ring?"

Is this little woman telling him the meaning of the ring seriously?

Allen Chu's eyes gradually disappeared, and he raised his eyebrows: "Go on."

He was very interested in this topic, for some reason.

Noila Mo glanced at her bare ring finger and said seriously: "If you don't want to marry that woman, don't give her a ring, because the ring represents love and loyalty."

Allen Chu looked at Noila Mo's drooping eyes, and her long eyelashes cast a beautifully curved shadow on her face. He smiled without anger, and the corners of his lips evoked a curve of evil, and he looked in a good mood: "Noila Mo, do you want me to propose to you so much?"

“Huh?” Noila Mo was stunned.

Is there a problem with her way of expression, or is there a problem with his understanding?

Why would he understand what she said every time?

“The Chu family’s daughter-in-law is not so easy to become.” Allen Chu arrogantly pulled Noila Mo’s hand, put on the ring forcefully, and placed Noila Mo’s hand in his palm to admire, “But as long as you behave better, I won’t get tired of you so quickly.”

Noila Mo laughed blankly.

“President Chu, do I want to thank you for taking a high look at me? Compared to your other mistresses, I am really honored!”

Noila Mo didn’t pick up the ring either. He liked to give it. Then she would wear it. She is not at a loss anyway.

She is just a mistress. The gold master is happy and rewards a ring. She still talks about the meaning of the ring so seriously. It’s ridiculous.

Allen Chu didn’t seem to hear the irony in her words, and squeezed her face in a good mood: “You know it’s honour to be good. From now on, be good and keep your thorns together.”

Noila Mo was speechless.

The car drove straight to a private image studio.

In the hall, two rows of stylishly dressed men and women shouted in unison: “President Chu.”

“Yeah.” Allen Chu responded lazily. Tightened Noila Mo, who was daunting and unwilling to come in.

Noila Mo looked at the crowd of people standing in front of him, and looked at Allen Chu suspiciously. What tricks does this man want to play?

“Give you one hour.” Allen Chu said coldly, glanced at Noila Mo, and sat on the big sofa aside.

“Understood. President Chu, I promise you will be satisfied.”

Noila Mo suddenly felt cold in her back. Before he could react, a pair of people could not wait to rush towards her...

Watching them take out a lot of makeup tools and various costumes, Noila Mo realized that Allen Chu brought her to dress up for the dinner.

What a headache. Noila Mo was the most impatient to toss these. And she is so tired, okay, she just wants to lie on the big bed and get a good night's sleep.

Her long black hair was washed, blown and washed, and it took four people for half an hour before finally deciding to portray her as an elegant and noble female companion.

A casual stylist tossed her head, Noila Mo dozed off in the chair.

“Miss Mo, all right. Get up and see the effect.” The gentle female voice prompted.

In the large floor-to-ceiling glass mirror, sleepy-eyed Noila Mo wore a low-cut white and floor-length evening dress with a dazzling set of jewelry. Full of extravagance.

“Well, it's good. That's it.” Noila Mo only hoped to finish it quickly.

“Chu, what do you think?” The stylist proudly pushed Noila Mo in front of Allen Chu, who looked down at the newspaper.

Allen Chu raised his deep eyes, his eyes scanned Noila Mo’s hair and face, his expression seemed very satisfied. Her gaze continued downward, her eyes darkened suddenly after she came into contact with the looming plump ups and downs on Noila Mo’s chest.

He smashed the newspaper in his hand on the face of the stylist: “Change clothes! If you can’t do this, get out of here!”

The damn stylist, dressing up his woman so wickedly, making the men outside stare at her chest?

Allen Chu’s angry voice scared the stylists nodded and bowed and apologized.

Noila Mo rolled his eyes secretly, as for? However, the clothes were not chosen to his liking, so he smashed the newspaper on his head like this, and he was an uncultivated and inhuman person!

However, she chose silence very wisely. She didn’t want to hit Allen Chu’s gun.

“Chu, what style do you think is good?” the stylist asked cautiously.

“Not coquettish!” Allen Chu roared confidently, straightforwardly, and blatantly.

Noila Mo’s face flushed suddenly. What is not coquettish? Is she coquettish now? Isn’t the chest slightly lowered? Many of the dresses nowadays are designed in this tube top style. Many celebrities and upper-class daughters love to wear this dress...

The stylists were obviously as confused as her. They all turned around and stared at her. I want to verify where this dress is.

“All the male stylists get out of here!” Allen Chu roared and stood up. Murderous in his eyes.

The male stylists slid away quickly, for fear of angering the chief executive and losing their jobs.

The female stylists were trembling. Hundreds of dresses were held by them and hung on the shelves. They rumbling over in front of Noila Mo like a roller coaster, let her screen one by one...

Finally, a small shawl was finalized. The white breasts were tightly covered.

Allen Chu’s anger finally subsided. They looked around Noila Mo. The dress on her body fits very well, and Noila Mo has become a lot plump after pregnancy, and her whole body is slowly taking off the young girl’s youthfulness, and she has a somewhat sultry femininity.

The slight bulge in the lower abdomen is completely invisible under the ingenious design of the dress.

Presented in front of Allen Chu was a little woman who was a little charming in her beauty.

Allen Chu looked at Noila Mo with fiery eyes. He threw down his business card and asked the stylist to check out, and pulled Noila Mo into the car.

As soon as he got in the car, Allen Chu pressed the curtain button. The car suddenly became dark.

Noila Mo hadn’t figured out the situation yet, Allen Chu had already cheated over and k*ssed her lips.

It was as blazing as a fire.

Chapter 76

In dizziness, her body was suddenly let go. Noila Mo opened her big misty eyes and found that Allen Chu had left her body, and her dark eyes were looking at her narrowly.

“Noila Mo, you seem to be having fun!” Allen Chu joked.

Noila Mo wanted to find a hole in the ground. A small face flushed with anger, his chest rising and falling.

“Okay, don’t be ashamed! I will satisfy you when I go back tonight!” Allen Chu found that he liked to quarrel with Noila Mo more and more. It is a pleasure to tease her, watch her get angry and embarrassed.

Noila Mo turned her head away, ignoring Allen Chu at all. She has never had the upper hand in a fight.

Noila Mo was wearing a sleeveless dress. The air conditioner in the car was a bit cold, and Noila Mo shrank her shoulders. There were some tiny goose bumps on Bai Nen’s arm.

“Put it on.” Allen Chu took off his coat and handed it to Noila Mo, ordering.

Noila Mo took the coat and put it on her body. Allen Chu’s breath filled the tip of her nose, and the smell of Allen Chu’s body was cold, with the smell of cologne, as arrogant as his people.

Noila Mo thought of the faint mint fragrance on Senior Shen’s body again, feeling a little bored, and sighed.

“Sigh what?” Allen Chu asked with a frown, staring at the lane ahead.

“Nothing.” Noila Mo closed his eyes and pretended to sleep. She is not a fool, how could she tell Allen Chu the truth.

Allen Chu snorted coldly, “What is the name of Liang Nuanxin’s fiance?”

Noila Mo was shocked. Although she still closed her eyes, her long eyelashes trembled. Allen Chu could see clearly from the corner of her eyes.

“Why do you suddenly ask about this?” Noila Mo tried to pretend that nothing had happened.

Allen Chu turned his head and glanced at Noila Mo, his deep eyes flashed with a sharp cold light, “Do you know him?”

Noila Mo was so frightened that she shot up from her seat: “If I don’t know him or not, how can I know him?”

Allen Chu’s eyes were colder, and his voice was harsher: “Noila Mo, you better be honest.”

Noila Mo muttered, “Why are you so fierce?” She shrank her body into Allen Chu’s jacket again, and whispered, “He and I are both from City A. I have seen them before.”

“I’ve just seen it so simple?” Allen Chu’s eyes became more angry. Noila Mo, do you treat me as a fool? The man’s eyes were not right at Noila Mo!

Knowing that Allen Chu was not that easy to deceive, Noila Mo had to honestly say half the truth: “He, he used to be my neighbor.”

Allen Chu twisted Noila Mo’s chin with one hand, and a pair of eagle eyes stared at her sharply, as if studying whether she was lying.

Noila Mo tried his best to make her eyes naive and innocent.

After a while, Allen Chu released his hand, and his voice was cold and merciless: “The fifth rule of love. Without my permission, you are not allowed to talk to other men casually.”

“You are crazy!” Noila Mo swears to Tian, she really doesn’t want to anger Allen Chu. But is Allen Chu too outrageous!

“I know! I’m just a mistress! But a mistress is not a human? Even the most basic freedom of human beings is gone? If I say a word to other men, I will give you a green hat?”

“Have you ever put a green hat on me?” Allen Chu glanced at Noila Mo’s belly. His face was extremely ugly.

“You!” Noila Mo was completely speechless, and there was a tingling pain in her heart. This was her biggest scar and pain, but was uncovered by Allen Chu so vividly.

He pulled off Allen Chu’s coat and threw it on him: “Return it to you!”

Allen Chu slammed the brakes, and the tires made a harsh rubbing sound on the ground. “Noila Mo, don’t irritate me!” Allen Chu’s eyes were as cold as a knife.

Noila Mo raised his eyes to look at Allen Chu’s face. He was also a little scared, closed his eyes bitterly, and continued to pretend to sleep. I didn’t let myself see Allen Chu’s hateful face again.

There was a suffocating silence in the car.

The car was driving fast on the boulevard. Noila Mo fell asleep quickly despite the slight bumps.

Allen Chu glanced at Noila Mo from the corner of his eyes, and found that the little woman was actually asleep. There is another nameless fire in my heart. This woman is really heartless, she was so noisy just now, she fell asleep in a blink of an eye!

Slender fingers stretched out, trying to poke Noila Mo's face to wake her up, but suddenly stopped in midair.

Noila Mo slept soundly. It was a bit cold in the car. She hugged her arms tightly and shrank her body to a small size. Her small white face was tender and clear, her long eyelashes cast a charming shadow, and her ruddy mouth opened slightly, making her sleepy. A trace of infant innocence.

Allen Chu stared at Noila Mo, his angry eyes became softer and softer, and finally turned into a touch of pampering. Put the coat Noila Mo back on him just now. Seeing that the little woman satisfactorily pressed her chin on the warm coat tighter, Allen Chu didn't know that the corners of his lips had already curled into a smile.

It's time for the dinner party. Famous cars gathered in the parking lot, and the ladies and well-dressed men came and went, adding a lot to the rich banquet.

Noila Mo was still sleeping. Allen Chu stopped the car steadily and turned off Yinche. Lower the seat, put your hands behind your head, and stare at Noila Mo's sleeping face quietly.

The sharpness and hostility in his eyes faded. At this moment, anyone who saw a scene in the car would think that this was a loving couple.

This little girl is still cute when she is good. Allen Chu's eyes slid to Noila Mo's delicate white fingers on his coat. On the finger, the heart of the ocean was shining with bright brilliance.

Suddenly remembered Noila Mo's sentence: "Do you know the meaning of the ring?"

There was a smile at the corner of his mouth. Is this little woman forced to marry?

As if feeling Allen Chu's gaze, Noila Mo in his sleep suddenly felt cold all over. A Ji Ling woke up, opened his eyes, and found an enlarged face in front of him.

"Ah!" With a sharp scream, the man who was peeking at her in front of him frightened back.

After reacting, a burst of chestnut bullets on Noila Mo's little head: "What are you screaming?" Allen Chu covered the tenderness in his eyes, and his eyes became cold again.

"Why peek at me to sleep! It's so scary!" Noila Mo patted her chest, being careful that she was still plopping.

"What is peeking? I think you still use peeking? Up and down of your body, where I haven't seen?" Allen Chu said solemnly.

"You..." Noila Mo's face flushed with anger. This man has this ability, and he doesn't blush when talking about nasty things.

"Hurry up and wipe your saliva, and don't embarrass me when you get to the banquet!" Allen Chu looked at Noila Mo with disgust.

"Huh?" Noila Mo was embarrassed, thinking that she was really drooling when she fell asleep, and quickly pulled up the clothes on her body and wiped it to the corner of her mouth.

"Noila Mo, you pig!" Allen Chu was finally mad! What Noila Mo used to wipe his mouth was his coat!

Although you won't really get saliva, this action is enough to make people sick! He Allen Chu is a man of cleanliness!

“Haha...you let me wipe it!” Finally, the game returned and Allen Chu was also mad. Noila Mo was in a very good mood and deliberately handed the coat he wiped to Allen Chu's eyes: “Taste It's pretty good, you taste it! Sour, sweet, nutritious, and delicious...”

Before Allen Chu had an attack, Noila Mo jumped out of the car. At the beginning of the night, the lights cast soft shadows on her face. The smiling little woman was as happy as the simplest child.

Allen Chu also bent his lips, locked the car, walked outside and grabbed Noila Mo's hand, “Go, scruffy woman!”

The magnificent hall was brightly lit, red men and green women shuttled back and forth. Noila Mo helped her forehead, really a headache. She hates all kinds of duplicity entertainment, with a hypocritical smile on her face, pretending to be interested in other people's topics, this is really the most boring thing in the world.

“What's the matter?” Allen Chu glanced at her.

“I hate socializing. I said I want to sleep at home. You have to let me come.” Noila Mo pouted and complained.

“You don't need to socialize, you can talk when you want to talk, and don't talk if you don't want to talk. No one dares to do anything to you.” Allen Chu's tall figure with a breath of kingship, said to Noila Mo disapprovingly.

In his dictionary, there is never a talk about entertainment. It is his consistent creed that he does his own way and doesn't care about the eyes of others.

However, since he was a child, everyone around him has been loyal to him, holding him like a prince. Everything is going well, where does he need to agree with others, with a hypocritical smile on his face?

Noila Mo sighed, this kind of person who was born with a golden spoon and died with a golden spoon since childhood will definitely experience the pain of socializing. Because other people always entertain him. He just needs to do whatever he wants.

“Wait.” Taking her to the hall, Allen Chu suddenly stopped, staring at the top of her head, and frowned slightly.

“What are you doing?” Noila Mo asked puzzledly. What is this about?

Allen Chu ignored Noila Mo’s question, looked around, and finally stayed in the flower garden next to him.

“Wait for me here.” Allen Chu gave Noila Mo a word and walked to the flower garden.

Chapter 77

The night was getting darker, and I couldn't see what Allen was doing at the flower garden, but saw him bending over as if picking flowers.

What the hell, Noila Mo pouted. Is it about picking a rose or something for me? So naive, so old fashioned! Noila Mo muttered, she must laugh at him when she comes back soon!

Allen Chu walked over, pinning his right hand behind him.

“Hey, I don't like roses!” Noila Mo raised her head arrogantly and decided to take a good blow to Allen Chu.

“Really? What about this one?” Allen Chu took out his right hand from behind him, his movements extremely elegant.

A blooming iris lay quietly on the palm of his hand. The beautiful butterfly shape and dark blue color match her blue jewelry very well.

“Huh?” Noila Mo was a little surprised. Is there a single iris flower?

Allen Chu pulled Noila Mo over and pressed her body very closely, Noila Mo's chin was almost touching his chest.

“Hey, what are you doing! This is a public place, don't go into estrus!” Noila Mo was startled, thinking that Allen Chu was going to do something excessive, and quickly put his hand against Allen Chu's chest.

“Woman, are you too nasty? You think it's crooked?” Allen Chu stopped Noila Mo's movement. He lowered his head and carefully inserted the iris flower in Noila Mo's long hair.

To be ridiculed by Allen Chu's eroticism, Noila Mo wanted to die. These years, is it the turn of the bad guys to despise the good guys?

I was about to open my mouth to refute, but when I looked up, I saw Allen Chu's angular chin. The chin was cleanly shaved, but I could still see the green stubble under the epidermis and the faint taste of cold cologne. With the look in his eyes and the slender and flexible hands, Noila Mo suddenly discovered that Allen Chu was a sexually sexy man.

With a slight fever on her face, Noila Mo pushed Allen Chu away.

Allen Chu looked up and down her body, and a smirk appeared at the corner of her mouth: "It looks like this, in fact, you are not ugly."

"What's not ugly? It's clearly as beautiful as a fairy! Especially with your green leaf standing next to me, it sets off my bright eyes and white teeth, otherworldly!" Noila Mo counterattacked unceremoniously. Big eyes stared at Allen Chu fiercely.

A pair of water eyes are shining with lights, and the waves of the eyes flow, making people can't help but indulge in it. A delicate and beautiful iris flower in full bloom beside the dark cloud temples, even more lining the skin against snow, Allen Chu couldn't help but become more possessive.

A strong k*ss on Noila Mo's lips gave her his own mark. The voice threatened: "It's good to know how beautiful you are. Don't go to the dinner party for a while and don't go around. Remember, you are not allowed to talk to other men without my approval!"

"You are not boring... hey..." Noila Mo was dragged into the hall by Allen Chu before she finished her words.

In the hall, the clothes were fragrant and the shadows on the temples. As soon as Allen Chu appeared, people frequently greeted him.

“President Chu, are you here today too? What an honor!”

“President Chu, I heard that your Chu family bought another leading enterprise? Congratulations!”

All kinds of flattering voices kept coming, but Allen Chu didn't pay any attention at all, let alone nodding his head in return, he didn't even sweep the corners of his eyes. But these people are not embarrassed. People on earth know Allen Chu's cold, arrogant and domineering.

“Allen!” A magnetic male voice came over.

Allen Chu heard the sound and stopped, Noila Mo raised his eyes to see that it was Pei Jun.

Pei Jun, as always, with an unruly smile on his face, stretched out his right hand to Noila Mo, ready to shake hands politely: “Miss Mo is so beautiful today!”

Allen Chu opened Pei Jun's hand: “Don't stretch out your paws!” He pulled Noila Mo closer to his arms.

Noila Mo lowered his head and ignored Allen Chu's words and Pei Jun's greetings.

Pei Jun glanced at Noila Mo in surprise. The Noila Mo in his impression was a very polite and accomplished girl. Why is it so rude today?

Allen Chu raised his eyebrows, and raised Noila Mo's chin somewhat puzzledly: “Why don't you speak? Are you feeling well?”

Noila Mo stared at Allen Chu: “I feel very comfortable.”

Allen Chu's thick eyebrows frowned, and his deep eyes narrowed slightly: “Then why don't you speak?”

Noila Mo shrugged and said confidently: “I would not dare to talk to other men without your approval.”

After listening to Noila Mo’s words, Allen Chu’s expression could no longer be described by words such as shriveled, ugly, etc.!

Hahaha... Pei Jun, who was surprised for a long time, burst into laughter. This little lover of Allen Chu is really interesting! Too much hate! Finally someone can cure Allen Chu!

“Small thing! I’ll settle accounts with you after I go back tonight!” Allen Chu gave Noila Mo a fierce look, and lowered his voice threateningly.

Noila Mo was in pain and stared at Allen Chu dissatisfiedly: “You are too difficult to serve!”

“Oh! Who is this! I dare to say that our President Chu is hard to serve, and ambitious, right?” With a strong fragrance, a coquettish and charming woman appeared on the stage.

Noila Mo recognized that this woman with exquisite makeup and wide-split dress that stretched all the way to her belly button was Liu Zichen who performed a live erotica with Allen Chu that night.

Recently I made a new film, and the limelight is healthy. Her propaganda is everywhere.

Noila Mo turned to the beginning, too lazy to respond. The irony in Liu Zichen’s words can be heard personally. If she picks up the conversation again, wouldn’t she just slap her in the face!

Seeing Noila Mo ignored her at all, Liu Zichen’s pretty face flushed with anger. The place where her Liu Zichen appeared was the focus of the public, and now

with the addition of Pei Jun, the president of the Chu Group and the helm of the entertainment circle, everyone in the hall looked over here. If Noila Mo didn't answer her, wouldn't it be that she couldn't come off stage in public?

Hidden in the eyes, there was a fierce flash in the eyes, Liu Zichen gently twisted the willow waist, walked to Allen Chu, white and tender arms wrapped around Allen Chu's waist: "Allen, long time no see, have you forgotten everyone?"

From the corner of his eye, Allen Chu looked at Noila Mo who turned his head and pretended to see the scenery, and then looked at Liu Zichen who had actively posted it. He let go of Noila Mo's hand and wrapped Liu Zichen's waist: "Why, miss me?"

Noila Mo's shoulders trembled, and there was a chill. Unexpectedly, Allen Chu would still have such tender affection. Too bad!

Since Allen Chu and Liu Zichen want to complain so much, then she will make room for them!

He opened his legs and was about to walk back, but Allen Chu moved his body calmly, blocking Noila Mo's path. The show just started, how could he let the heroine leave?

I don't know why, he just likes to tease Noila Mo, like to see her jealous for other women-but Noila Mo seems to have never been jealous of him. Thinking of this, Allen Chu frowned a little unhappy.

Pei Jun stood by with a smile, and had a panoramic view of everything. Seeing Allen Chu blocking Noila Mo's way, Pei Jun leaned over and whispered in Allen Chu's ear: "Don't overplay it! I don't think Miss Mo is easy to provoke."

After finishing speaking, quickly flashed away with the goblet. For fear of taking a step late, Allen Chu's sharp gaze was cut to pieces.

Liu Zichen noticed that Allen Chu was wrong, and also recognized that Noila Mo was the audience who watched her performance that night, and suddenly felt a little uncomfortable. Allen Chu has many lovers, but this little girl film obviously has a different position in his heart.

Liu Zichen looked at Noila Mo with a critical look. His face was fair, but his figure was not flattering. He was so thin and even had a small belly. Such a bad figure dared to stay by President Chu's side. It was shameless and irresponsible!

I feel that I have a greater chance of winning, and Liu Zichen's voice is sweeter as honey: "President Chu, will you accompany Zichen to the terrace to admire the moon? The moonlight is so beautiful tonight!"

The plump body rubbed against Allen Chu's body as if nothing.

Allen Chu turned his eyes and found that Noila Mo was looking at the painting on the wall next to him, not paying attention to what he and Liu Zichen were talking about.

His eyes became cold and he snorted coldly. Allen Chu deliberately increased the volume: "Zi Chen, go, I will accompany you to enjoy the moon over there."

From the corner of his eye, I watched the little woman's reaction. The little woman didn't respond, her eyes were still staring at an oil painting hanging on the wall, she seemed fascinated.

Allen Chu was more angry in his eyes, put his arms around Liu Zichen, deliberately walked past Noila Mo's sight, with anger in his eyes, but with a smile on his face, looking down at Liu Zichen, it seemed that he was really happy to see Liu Zichen .

Hanging on the wall is a portrait of Princess Margaret painted by Italian realist oil painting master Anigoni. She had seen this painting in "World Art Appreciation",

and she sat with Salmon Shen under the cherry blossom tree on the campus, side by side, and saw it together.

It was three years ago, when the breeze blew, cherry blossom petals fell on the book, on the ground, on her hair.

Salmon Shen gently helped to remove the petal from her hair and smiled at her. His eyes were brighter than the stars.

Noila Mo suddenly felt that his eyes were sore and full.

“Why is Miss Mo here alone? Oh, yes, I just seemed to see your boyfriend Allen Chu and Liu Zichen on the terrace over there!” A soft and ironic voice pulled Noila Mo back. To reality.

It's Liang Nuanxin. Noila Mo was shocked, and subconsciously looked next to her. There was no one else beside her. Salmon Shen did not show up.

The lifted heart was immediately returned to its original place. Noila Mo nodded and smiled at Liang Nuanxin, preparing to go elsewhere.

“Miss Mo, I heard you are Salmon's school girl?” Liang Nuanxin didn't give up at all. While Salmon went to the car to help her get things, she must inquire about it.

“Yes.” Noila Mo replied briefly. She didn't want to see Salmon Shen on this occasion. She didn't want to let Salmon Shen know that she was not Allen Chu's girlfriend at all, but just a mistress who was taken care of!

“Miss Mo, you must know that I am engaged to Salmon. If you have any thoughts about Salmon, I advise you to give up soon! Although President Chu didn't take you seriously, you shouldn't worry about other people's fiance! “

Chapter 78

Noila Mo bit her lower lip, she really wanted to say: “Miss Liang, you better worry about yourself.” But she gritted her teeth and held back.

Forget it, Liang Nuanxin is the fiancée of Senior Shen after all. For the face of Senior Shen, please spare her this time!

Biting his lips, turned and left. He didn’t notice how gloomy Liang Nuanxin stared at her.

On the terrace, Liu Zichen tried his best to capture Allen Chu’s attention firmly. He kept smiling and complimenting, but Allen Chu didn’t seem to care about it. The dress was originally a deep V, and she secretly removed the chest sticker while Allen Chu was not paying attention. Now, her entire upper body is in a vacuum state.

Back then, she relied on this pair of chests, step by step, from a bar to accompany singing to promote to a first-line star. Today, with this, she will definitely be able to conquer Allen Chu!

“Allen, what are you thinking about?” Liu Zichen rubbed himself into Allen Chu’s arms.

Allen Chu’s eyes were fixed on a man walking on the lawn.

A slender, tall, fair and elegant man, Allen Chu frowned slightly. Isn’t this the man who signed the check at the dress shop to pay for the dress? Mayor’s daughter Liang Jinliang’s heart-warming fiancé. Noila Mo said it was her neighbor.

He later investigated and found that this man was indeed from City A and came to C City for development not long ago. Noila Mo shouldn’t lie to him. But I don’t know why, Allen Chu didn’t feel very comfortable seeing this man.

Noila Mo, if you dare to lie to me, you are dead! Thinking of Noila Mo, Allen Chu looked in the hall, and there was no figure of her in the hall. In a blink of an eye, the little woman didn't know where she went.

Her own man and other women were on the terrace with each other, she didn't even come to take a look, stare at it? Heartless woman!

Noila Mo, do you have me as a benefactor in your heart? Allen Chu almost roared to the sky. The gloomy eyes narrowed slightly, and it seemed that he was going to teach this unbehaved little slave!

This thought made Allen Chu a little hot.

Liu Zichen had been observing Allen Chu's expression, and seeing Allen Chu seemed a little moved, thinking it was his own credit.

Putting his body closer to Allen Chu's body, he deliberately lowered his voice and said softly in his ear: "Allen, I'm a little tired, let's go to the private room upstairs and drink something!"

After speaking, he deliberately blew into Allen Chu's ears.

Because Noila Mo was pregnant, he never dared to move her. Even if he did, he didn't dare to use too much force and was always not happy enough.

Now that Liu Zichen has been so provocative, Allen Chu really feels a little uncontrollable.

...

When the cloud disappeared, Liu Zichen decided to go to the bathroom to tidy up.

Shaking long wavy hair, Liu Zichen was very happy, humming and walking to the bathroom. Seems to see a bright future beckoning to her.

A girl in white clothes was standing in front of the sink in the bathroom, washing her hands. Liu Zichen glanced around, and was about to take out the powder box from her handbag to touch up her makeup. He felt that something was wrong, and then looked back at the girl.

Oh, isn't this the little maid of Allen Chu's family? Allen Chu was next to her just now, and she didn't have time to teach her. I didn't expect to meet her here!

Liu Zichen's exquisitely drawn big eyes flashed with a trace of triumph, and he deliberately twisted and walked to Noila Mo's side.

Noila Mo stepped to the side and concentrated on washing his hands without paying attention to Liu Zichen. It seems that I never saw such a person next to him.

Liu Zichen was furious, she was also a big star anyway, and wherever she went, she was not Zhongxing Pengyue. Such a little maid, relying on her own beauty, didn't even put her Liu Zichen in her eyes!

Liu Zichen walked to the sink to wash his hands, but his brain was running fast. We must teach this little girl who doesn't know what to do! Glancing at Noila Mo's obviously valuable dress, Liu Zichen shook his hand, deliberately pressing the water outlet of the faucet and turning the water column sideways to Noila Mo.

Stabbed, the slender water column was under pressure and all rushed to Noila Mo's side, and the chest of Noila Mo's dress suddenly became wet.

Liu Zichen's big charming eyes looked at Noila Mo triumphantly. Today she came to find the ballast. What is it? See what this little girl can do to her!

Noila Mo was startled by the sudden attack of the water column, and widened his eyes to look at Liu Zichen. Only seeing Liu Zichen looking at himself provocatively, he didn't mean to apologize at all.

Deliberately found ballast. Noila Mo felt funny in her heart. Ms. Liu Zichen was also in her twenties. How could she want to take revenge on her personal means so naive?

Shaking his head, Noila Mo picked up the paper towel on the sink and slowly pressed it on the dress, hoping to absorb the moisture.

Liu Zichen waited for a long time, and saw that Noila Mo didn't get angry, and didn't look at her more at all. The anger in the heart is even more flaming. This is obviously ignoring her Liu Zichen. Ignoring is more hateful than counterattack, because it shows that the other party didn't take her seriously!

Liu Zichen snorted coldly: "Aren't you the little maid from Allen Chu's family? Why, climbed onto the master's bed and became a mistress?"

Noila Mo didn't bother to say more to Liu Zichen's harsh words. The moisture on the clothes was almost absorbed, Noila Mo picked up the tissue and threw it into the trash can next to it, preparing to leave.

Liu Zichen's frustration deepened when he saw that Noila Mo had not been successfully stimulated for several times. Big eyes blinked, and he blurted out: "Guess who was with me in the VIP lounge just now?"

Noila Mo paused. Just now, she looked at the famous paintings hanging in the banquet hall, and when she was about to look for Allen Chu, she found that he was not seen everywhere. Also disappeared at the same time, and Liu Zichen.

Biting her pink lips, Noila Mo didn't speak, and after a second pause, she continued to walk outside the door.

She didn't want to say a word to Liu Zichen at all, this kind of woman, the more you take her seriously, the more energetic she becomes.

Seeing Noila Mo paused, Liu Zichen, knowing that his words had worked, decided to continue to cheer and stimulate Noila Mo, "Guess what we are doing in the lounge?"

Turning her back to Liu Zichen, Noila Mo's eyes widened in surprise. Is this woman too shameless, even afraid that others will not know her love affairs, crying and crying to tell her?

This world is crazy! Noila Mo shook his head, didn't bother to pay attention to Liu Zichen, and walked straight to the door.

"Stop! I tell you, Young Master Chu is not something a woman like you can afford! You'd better stay away from him! Otherwise, you look good!" Liu Zichen's pride can no longer be maintained, seeing Noila Moyi With an upright appearance, she really wanted to tear up her white tender face!

Chapter 79

What's going on today? Why do all the women come to warn her and keep her away from their men?

Noila Mo suppressed the anger in his heart, turned around, and looked at Liu Zichen with big cold eyes: "Miss Liu, I really want to stay away from Allen Chu. If you can find a way to let Allen Chu let me go, I will thank you very much!"

After finishing speaking, straightening her back and holding her head up, Noila Mo turned and left this suffocating bathroom.

Liu Zichen flushed with anger, grabbed the green plant next to the sink, and slammed it to the ground with a bang. Noila Mo's words are clearly provocative! Relying on Allen Chu's kind of love for her, she doesn't even know who she is! It seems that it is necessary to teach her a lesson!

Liu Zichen picked up the phone and dialed a number. He lowered his voice and said a few words.

The person on the other end of the microphone replied: "We do things, you can rest assured that the gods are not aware of it." Liu Zichen hung up the phone, a sullen smile appeared on his face.

Noila Mo walked out of the bathroom, thinking of blowing on the lawn.

There are too many people in the hall, all of them are hypocritical entertainment and polite words, she finds it very boring. Just walking to the corner, I ran into Allen Chu head-on. There were several people standing beside him, men and women.

"Noila Mo, come here." Allen Chu shouted. The tone is intimate, but more like calling a servant.

The men and women around Allen Chu looked at Noila Mo.

Noila Mo whispered in her heart, “What a bad luck!” But there was no way, so she walked over slowly.

A woman standing next to Allen Chu, with red lips with a smile, but a little contempt in her eyes, asked Noila Mo: “You are Miss Mo? I heard Shao Chu mentioned you just now. You are Chu Less girlfriend?”

girlfriend? Noila Mo suddenly felt that the word sounded so... weird.

This is an upright word, full of all kinds of good results, not as dark, insignificant and humble as the mistress sounds.

But it's a pity that Noila Mo couldn't use this term.

Noila Mo raised his eyes and glanced at Allen Chu with a little smile on his face. He didn't answer yes or no. Just silent.

Seeing that Noila Mo didn't answer, the woman with red lips was a little embarrassed, so she turned the subject away.

The faint smile on Allen Chu's face completely disappeared, his eyes were covered with heavy haze.

After a few more greetings, the few people walked away. Only Noila Mo and Allen Chu faced each other alone.

Noila Mo remained silent. He refused to look at Allen Chu, just looking at the lawn. The breeze blew, and the petals on the tree fell to the ground. Sadly beautiful.

Allen Chu's hard arm squeezed her arm fiercely, turned her body around, and faced him, "Why didn't you speak just now!" His voice was cold and ruthless.

"What? I'm sorry, I'm not a real girlfriend? Say I'm just a mistress?" Noila Mo looked at Allen Chu and even smiled.

But this smile completely angered Allen Chu: "What? It's embarrassing to be my mistress of Allen Chu?" Noila Mo felt that her arm was about to be broken, but she stubbornly refused to ask for mercy. It was still pinched tightly by Allen Chu.

"How can a mistress who is President Chu be ashamed? That is the supreme glory. I don't know how many women are squeezing their heads to fight!" Noila Mo lowered his eyes and said lightly.

"Since you know, why do you still have an expression of shame?" Allen Chu's strength on his arm was a little weaker, and he raised Noila Mo's face and looked straight at her eyes.

"Puff..." Noila Mo was really angry. This is satire, is it satire? My President Chu, you are really naive! Naive enough to hear the sarcasm of others!

Seeing Noila Mo smiled, Allen Chu's anger slowly dissipated. But his eyes were still sharp, and he said to Noila Mo: "Answer me. Why did you look like a shame?"

Noila Mo frowned, "President Chu, does this question make sense? If you are bored, you can go to Liu Zichen. She must be happy to communicate with you in depth."

A small flame flashed out of Allen Chu's eyes, staring at Noila Mo closely, and his voice was warm: "You mean Liu Zichen?"

The small flame in Allen Chu's eyes was too warm, and Noila Mo felt that he was uncomfortable with him. She turned her face away and escaped his sight: "In the lounge just now, didn't you have an in-depth exchange, and the exchange was very pleasant?"

"Hahaha..." Allen Chu suddenly raised his head and let out a string of laughter. Noila Mo bit her lip in panic. What is she doing? Why are you talking about this?

Sure enough, Allen Chu lowered his head and looked at Noila Mo, with a smile on his face, his eyes gleaming with joy: "Noila Mo, are you jealous?"

His lips were close to her ears, and the heat hovered in her ears, his voice was contented and teasing. It seems to be in a good mood.

Noila Mo raised her head, her voice was as calm as water, and a sweet smile appeared on her face: "Of course not. If Liu Zichen can make you happy, that would be great."

"Then should I thank you?" Allen Chu's face instantly became gloomy, and his voice was terribly cold.

Before Noila Mo could answer, Allen Chu's body suddenly overturned, his big palms held her tightly in his arms, his hot lips pressed against hers, and she bit her lips with punishment. The flexible tongue stirred in her fragrant little mouth, with domineering power!

How can this man come into estrus anytime, anywhere!

Noila Mo wanted to push him away with disgust, but his hard chest bound her tightly. She was trapped in his arms and there was no way to escape. Can only be forced to endure his violent k*sses.

Thinking that Allen Chu was still in the lounge just now with Liu Zichen's love lingering*, his lips were also on Liu Zichen's red lips just now, right? He has the smell of other women! Noila Mo suddenly felt sick, so sick!

Struggling desperately to turn his face away, to avoid his k*ss.

The intention to dodge is extremely obvious.

Allen Chu's several entanglements could only k*ss her face, Noila Mo dodged like avoiding germs, her eyebrows wrinkled tightly, as if trying to endure inhuman torture.

Allen Chu stopped his movements, his eagle eyes showed a little scarlet, and he violently pulled Noila Mo away from his arms, and roared, "Get out!"

Allen Chu's roar was so loud that people nearby looked over here.

Noila Mo felt very embarrassed. With Allen Chu, she always became the focus of everyone's attention. She hated this feeling!

She looked at Allen Chu, and Allen Chu was also looking at her. The handsome face is now terribly cold, his lips pressed tightly, his eyes staring at her terribly, bloodthirsty, wanting to bite her to death.

Noila Mo frowned in her heart, this man was so weird every time he got angry. Where did she offend him? He likes messing around with other women, she just smiled and blessed him, she was not jealous, what is he upset about!

I couldn't figure it out and didn't want to think about it anymore, Noila Mo responded flatly and pushed him away: "I know, I'll get out."

She longed to go back to rest soon. After a day of tossing today, she was so tired. Let him continue to hang out with women from all walks of life in Fengyuechang! I wish him a happy mess!

Turn around and leave without hesitation. As soon as I got out of the hall, I realized that the wind was blowing outside, and the night wind blew on my body, making it bitterly cold.

Noila Mo hugged her arms tightly in fear of the cold, and walked outside the gate. Looking around while walking. There seems to be a villa area, and there are no taxis at all.

I saw on the terrace just now that there seemed to be a small road leading to the main road behind. There should be a taxi over there. Noila Mo turned and walked on the path.

Seeing Noila Mo leaving without looking back, Allen Chu felt a nameless fire burning fiercely in his chest. This woman didn't even say begging for mercy!

She didn't even notice why he was angry!

If it weren't for Liu Zichen's sudden irritation, if it wasn't for his attitude that he wanted to try Noila Mo...he didn't know that after so many days, Noila Mo still didn't pay attention to him at all.

She never cared about him.

Even if she groaned and groaned under him, barking like a kitten. Even if she quarreled with his lovers, and went shopping hand in hand after reconciliation. Even if he put aside all the big and small things in the company, he sticks to her 24 hours a day, taking all her time domineeringly. She still can't see him.

Noila Mo, never fell in love with him.

Hands clenched into fists, veins violently violently, and knuckles white. Allen Chu stared at Noila Mo's back, his eyes bursting with fire. Noila Mo, you have a kind!

Turned around and walked hard towards the hall. There are so many women in the world that Allen Chu is not Noila Mo!

At this moment, there was another man staring at Noila Mo's figure. Salmon Shen.

With the roar of Allen Chu just now, Salmon Shen turned his head and looked over, and saw Noila Mo's familiar figure. Against the background of the light, she looked so beautiful. The white dress made her look like a pure little fairy, and a blue iris flower on the sideburn made her pure and pure.

Seeing Noila Mo and Allen Chu quarreling and leaving alone, Salmon Shen wanted to catch up. But Mayor Liang, who is standing next to him, is chattering about his latest achievements, and it is always impolite to interrupt the elders. Salmon Shen had to endure his impulse desperately and tried to pretend to listen carefully to Mayor Liang's speech.

Seeing Noila Mo go further and further, she was about to disappear behind the woods, Salmon Shen couldn't hold back anymore, and hurriedly said to Mayor Liang: "Uncle, I have a very important thing. Let me lose my company for a while." After that, ignoring the strange eyes of the people around him, he ran down the trail.

He must catch up with Noila. Just now Allen Chu shouted at her fiercely, Noila must be heartbroken now. He wanted to comfort her. If there is only one person in this world whose tears Salmon Shen wants to see most, that person is Noila Mo.

Chapter 80

This trail is really not ordinary difficult to walk, it is all bumpy dirt road, wearing high heels, Noila Mo walked very painfully.

“How can these rich people be so stingy! Anyway, pave the road a little more concrete, and walk easier...” Noila Mo whispered and turned around the grove.

Suddenly, a powerful arm grabbed her from behind. Noila Mo thought it was Allen Chu, “Don’t you want me to get out of here!” As soon as the words fell silent, a big hand was put on her mouth.

wrong! It’s not Allen Chu, Allen Chu smells of cologne. The man behind him only smelled of sweat. Who the hell is it!

Noila Mo screamed in fright, her mouth was covered tightly, her scream was held in her throat, turning into a dull “Uh...uh” sound.

“Don’t yell, you will scratch your face!” The cold iron tool touched her neck, and Noila Mo knew it was a sharp dagger without guessing.

Shut up wisely, Noila Mo remembered the self-defense class taught in the university. When encountering a kidnapper, don’t provoke him, but be wise. This is a forest, and there seems to be more than one person on the other side, and it’s useless for her to break her throat.

The kidnappers seemed very satisfied with Noila Mo’s cooperation. The dagger was taken back, but then a thick hemp rope tied Noila Mo’s wrist, and his mouth was firmly taped.

Noila Mo’s brain was spinning fast. She was just a mistress, without power and influence. What did they kidnap her for? Is it used to threaten Allen Chu?

Noila Mo smiled bitterly and shook his head. It's impossible. She Noila Mo didn't have such a big face. She threatened Allen Chu with her. How could Allen Chu take this seriously?

Noila Mo was stuffed into a black RV. There were two roads beside the woods, one of which was a small road leading to the main road outside. The other road is wider and leads to Qingfeng Mountain behind the villa.

Noila Mo was thrown in the trunk and couldn't see the situation outside. She put her ears up desperately, hoping to hear the sounds of cars and people on the street.

It's a pity that there is silence in my ears, only a clear voice. Noila Mo's heart sank, and it seemed that this car was going to take her to Qingfeng Mountain. Qingfeng Mountain is very remote, this group of people is not as simple as kidnapping!

Tears flowed out all at once. Baby, her baby hasn't had time to take a look at the world, will she leave the world with her mother for unknown reasons?

Noila Mo's heart was pulled tightly, and the pain was piercing.

Salmon Shen rushed on the small road, but after all, he was too far behind, watching Noila Mo turn a corner and disappear behind the woods. There is a small road behind the woods leading to the street outside. Noila Mo probably took a taxi in the past.

Salmon Shen ran faster. The sound of the wind whispered in his ears. For some reason, he suddenly had a bad feeling. Although the security here is good, she is a girl who walks alone at night and is always not safe enough.

Turning around the woods, you can see the street outside. Salmon Shen opened his mouth and wanted to call Noila Mo's name, but the shout was frozen in his mouth: There was no shadow of Noila Mo on the empty street!

Noila! Noila! Salmon Shen's anxious forehead began to sweat, where did Noila go! Why can't I see her shadow!

His shout echoed in the air, looking so cold and unclear.

Salmon Shen looked around desperately, hoping that this was just a joke that Noila Mo made with him. She was hiding behind which tree, and after a while, she would burst out with a crisp laugh, "Senior Shen! I am here!" Just like three years ago.

However, Salmon Shen's wish fell through. His voice was almost hoarse, but Noila Mo hadn't appeared yet!

Suddenly, his eyes were caught by something! Under the street lamp, on the road leading to Qingfeng Mountain, there was a blue iris lying quietly.

Salmon Shen knelt down and picked up the flower. There were messy footprints on the ground, high heels, and the footprints of a few men's leather shoes.

wrong! Noila must have had an accident!

Salmon Shen turned and ran towards the garage frantically...

In Qingfeng Mountain, the scarred kidnapper tore off the tape from Noila Mo's mouth and smiled grimly: "My dear, let's say a last word! Otherwise, it won't be done!"

Noila Mo resisted the fear full of heart, and made her voice sound a little calmer: "Who instigated you?"

Scar kidnapper grinned and said, "It doesn't matter who instructed it, as long as you know that today is your death date!"

Another skinny kidnapper stared at Noila Mo obsessively, reached out his hand and touched her chest, and said lustfully to the scar kidnapper, “Second brother, don’t look at this little lady who is thin, she is quite unexpected. It’s a shame to kill her just like that if I want me to say, or we...hehe...”

Noila Mo only felt goose bumps all over her body. If she were to be ruined by such two people, she might as well die!

The Scar Kidnapper shook his head: “There are many dreams at night, and the client has confessed that it must be clean and beautiful without leaving any traces!”

The skinny kidnapper shook his head regretfully: “Such a tender little girl, just so dead, what a waste!”

Noila Mo became more and more frightened as she listened. No, she can’t just die without knowing it. She has to procrastinate for time, maybe there will be a turnaround.

“Brother, have you seen the jewellery I am wearing? This set of jewellery is worth a lot of money. The ring on my hand is worth tens of millions. All of these are given to you, OK?”

Scar kidnapper laughed: “You are dead, these are naturally ours.”

Noila Mo felt a chill, and it seemed that these kidnappers would not let her go anyway. I really don’t know who it was, who was so vicious that he was determined to take her life.

“Baby, mother, I’m sorry, mother failed to protect you. If there is an afterlife, I hope you can still be my baby, mother must protect you well and not let anyone hurt you.” Noila Mo said to her heart. The child muttered to himself.

“Quick! Kill her!” The Scar Kidnapper ordered the skinny kidnapper.

The skinny kidnapper raised his dagger and ran towards Noila Mo. With a flash of cold light, Noila Mo closed his eyes resignedly.

“Bah!” With a shot, the skinny kidnapper fell heavily to the ground. Before the Scarab kidnapper had time to react, there was another gunshot, and his body slammed forward and fell to the ground.

Noila Mo opened her eyes fiercely, her eyes shining with tears, and she looked at the man who rushed over not far away inconceivably. It’s Salmon Shen, her Senior Shen!

The tight nerves finally relaxed. Noila Mo’s legs softened and fainted. He was firmly supported by the man desperately rushing over, and hugged tightly in his arms.

When she opened her eyes again, Noila Mo found herself lying in a strange room.

This is a cool and pleasant room exuding a light fragrance. Ten meters in front of the bed, there is a workbench. Salmon Shen is sitting with his back to her, working on the computer.

Noila Mo wanted to talk, opened his mouth, but only said something dry and dumb: “Um...”

Her weak voice still alarmed Salmon Shen, and he stood up and walked towards Noila Mo. A clean shirt, two buttons scattered at random, a light brown coat, a gentle temperament, a pair of brown eyes gleaming with surprise, and pale pink lips with a smile: “Noila, you are awake.”

Noila Mo’s tears burst out suddenly.

Almost at the same time, as Salmon Shen stretched out her arms, she fell into Salmon Shen's embrace.

Grievance, fear, as well as the guilt and self-blame for the baby, made her tears flow torrentially, and she couldn't stop.

What contract, what Allen Chu, what mistress, let's die! At this moment, she needs an embrace, let her cry to the fullest, let her grievances and fears be released.

Senior Shen's embrace was so warm and warm, exactly the same as she imagined.

Noila Mo put his face on Salmon Shen's shoulders, crying thoroughly, heartbreaking. Salmon Shen patted her back gently: "Okay, don't be afraid, don't be afraid anymore, with Senior Shen here, don't be afraid of anything..."

Being softly coaxed by Salmon Shen like a child, Noila Mo's fear finally disappeared slowly, and the earth-shaking cry slowly became smaller, and finally turned into sobbing.

"Senior Shen, am I very embarrassed now?" Noila Mo buried her head in Salmon Shen's shoulders, regretting that she just cried in spite of her image.

"No. My Noila will always be the most beautiful..." Salmon Shen's voice sounded in her ears, gentle, low, with comforting power.

...
