

Chapter 38 We are over

Elena didn't know what he was thinking. But that holding-the-trump-card look on his face stung her.

She said coldly, "Mr. Rivers, I've already rejected you before. I think I made it very clear that there is no future between us, and, shouldn't you be very glad that I'm finally not pestering you?"

Alston frowned, "Elena, don't say that, the two of us would have been married for a long time if everything follows accord."

He was still thinking about what happened before, and couldn't listen to a single word that Elena was saying.

Elena was a little annoyed when she heard this. She did not want to waste more time explaining to him, and just said: "Alston, you listen to me carefully, we are finished. Don't come to me, and I will not come to you. From now on, we are over."

After saying that, she turned around and strode to her company.

Thinking about the past, Elena felt a little unbelievable that she actually endured that kind of life for more than ten years.

Fortunately, she has now opened her eyes to the reality, and completely and utterly stripped Alston from the bottom of her heart. Although the pain was

excruciating, it was worth it.

Elena thought of this, giving herself a thumb-up inwardly.

She went in, not noticing that Joey did not follow her, but stayed behind.

Joey said to Alston: "Mr. Rivers, this is the second time we meet, you are still looking good."

Alston frowned, "I know you are the college student that Elena has kept. I can give you more money on the condition that you leave Elena. Of course, if you need anything else, just say it."

Hearing these words, Joey snorted, "Mr. Rivers, I didn't hear wrong, right? These words are actually coming from your mouth. Don't you think there is something wrong?"

Alston's face darkened, "You are not qualified to negotiate with me. If you still want to hang around in this place, you'd better listen to me."

Joey laughed, "Mr. Rivers, you know what you look like now? A jealous husband. Why do I have to listen to you? I already work in Elena's company. She will personally look after me, so you do not need to worry about us."

The words "jealous husband" carved into Alston's heart. He was almost losing control. If not for his image, he would have already punched him.

"Think twice before you speak." Alston's words

were eerie, but Joey was not afraid at all, because Elena was behind him.

Moreover, it is said that to seize a person's heart, we must seize a person's stomach. Joey felt that he had accomplished the saying well.

Look at Elena's drooling face, and you will know.

Joey waved his hand in a good mood, "Bye-bye, Mr. Rivers. Your rose is really pretty, but you do not seem to understand Elena at all, because she hates roses the most!"
