Impulsive Vow to an Enigmatic Husband (Cornelia Stewart) Chapter 158

Chapter 158

The thing Marcus was worried about happened as soon as the plane arrived in Riverton

Cornelia told Zack she was coming back to Riverton today and brought a female friend So. Zack drove to the airport to pick them up.

When Cornelia came out of the airport, Zack not only gave her a hug but also naturally took her suitcase, just like an old friend would

All of this happened right in front of Marcus!

In front of

him, Zack told Cornelia, Theard you were bringing a friend back, so Abby immediately booked a table with great food and drinks at Savor Symphony” “Abby knows me too well” Cornelia immediately introduced them, “Skyler, this is my good friend Zack. Zack, this is Skyler. Treat her just like you treat Abby and me

Zack responded right away. “Your friends are my friends. Skyler, don’t worry, I got your back in Riverton”

Skyler laughed, ‘Nice to meet you!’

President Hartley Skyler and I will take Zack’s car back to the city” Cornelia informed Marcus and then walked towards Zack’s affordable car with them, laughing and chatting without noticing Marcus’s mood change

Marcus lit a cigarette, silently watching Cornelia walk towards Zack’s car.

Dr. Dawson looked at Marcus, feeling sorry for him, "Marc, Cornelia is your wife! Can you stand another man taking your wife away right in front of you?"

Marcus didn't rush, calmly taking a puff from his cigarette, "Skyler is still weak, you're the doctor."

He was so subtle that Dr. Dawson understood, but couldn't this man be more direct in pursuing his wife?

Dr. Dawson immediately stopped them, "Cornelia, Skyler needs to rest well these days. She better not eat outside food."

Dr. Dawson mentioned Skyler's health, so Cornelia didn't dare to take it lightly. She had heard that miscarriages could cause great harm to a woman's body

So, she said, "Alright, we won't eat out then Zack just take us straight back to the Blueshell Mansion."

"Skyler is used to fancy cars. Will she get used to your friend's car?" Dr. Dawson didn't say it outright, but everyone understood that she thought Zack's car was too cheap and uncomfortable

She didn't mean to look down on Zack's car, she just wanted to find a way to get Cornelia into Marcus's car. But it turned out this way.

Skyler felt a bit awkward. "I'm fine"

Zack also felt uncomfortable, "What's wrong with my car? Does it have two fewer wheels than your boss's car?"

Dr. Dawson looked awkwardly at Marcus, who was still calmly smoking. "Let her go."

"Dr. Dawson, see you at the Blueshell Mansion." Cornelia still got into Zack's car, "Zack, let's talk to Abby about whether we should change to another official car. It would be more convenient for you to go out for business"

This car was purchased by their studio and was shared by the three of them. Usually, Zack needed to go out for work, so he drove most of the time.

Zack said, "As long as the car can drive, that's fine. Let's buy a house for the three of us first. Correct, Abby and I checked out a lake house. Apart from the slightly high price, everything else is pretty good. When you have time, let's go take a look together."
