Chapter 291

Smack!

Smack, smack!

Smack, smack, smack!

Andrius slapped Longman multiple times and snorted, "This isn't **your country, so don't** be so arrogant **You just need a beating!**"

***F*ck!**"

Longman was used **to throwing** his weight around. Now that he was beaten by Andrius, he immediately flew into a rage and stood up **to** fight back.

The **people** who came **with** him also cracked **their** knuckles.

Swoosh, swoosh, swoosh!

At **that** moment, a **group of people rushed out and** beat Longman and his entourage up on the ground.

The people **cried out for their** mommies and **daddies**. **They** were covered in bruises.

The **people** who appeared were **Fatty Frank, Angel**, and the other members of Team Five.

As they beat Longman and the others up, **they** also taught them a lesson. "**No, f*ck you!** You'd better watch your **mouth.**"

"How dare **you** act so arrogantly here?"

"**You're just a dog. Do you think you're** superior just because you're powerful?"

"How **dare you** strike a table when **you came to** New Moon Corporation? **Who do you** think you are?"

Team Five **only** felt **much** better after **dishing out the** beating.

Longman struggled **to get up and limped** away. When he walked to the door, he did **not** forget **to** look back and **say** bitterly, “Luna Crestfall, I’ll **remember** this!”

Then, he left despondently.

Andrius was **in a good mood** after **the** beating.

However, **Luna** felt **numb**

“**Now** that **you beat him up**, New **Moon Corporation** and Simon–**Tooke** will **be at odds**.”

Luna also knew **that** Andrius and **Fatty Frank** could **not be** blamed and said worriedly, “I’m afraid **that Longman** will **prepare to** move against New **Moon Corporation** immediately after **he returns**.”

Fatty Frank and **the** others **rubbed** their noses, not knowing how **to** respond.

On the other side, Longman returned **to his** office miserably.

“**No! I won’t** let **this** gor

His **eyes** flashed **as** he picked **up** the teacup **on his** desk and threw it **on the** ground, making it shatter **with**

a crash

“New **Moon Corporation** is **worth** nothing! How dare they go against Simon–**Tooke**? Luna Crestfall **and**

Andrius Moonshade I’ll make you regret this!”

Longman let out an angry roar and slammed his palm on the table.

When he was done venting, his female **secretary** came forward and said, “I h
ave an idea, sir

Longman said coldly, "What is it?"

The female secretary said sinisterly, "Destroying New Moon Corporation like that would be going too easy **on** them and that **b*tch Why don't** you start with the people around her?"

"Take care of all of Luna's friends first, then swallow up New Moon Corporation. Let **her** watch as she walks into despair step by **step.**"

A fierce light flashed **in** Longman's eyes as he heard the suggestion. That made sense.

The secretary continued, "According to the current information, Luna's best friend is Halle Fullberry She's the president of Fullberry **Group. Why** don't we start with her?"

"**Not** only will it make Luna sad, **but** we'll be able to eat up these small companies and strengthen Simon- Tooke

Longman's eyes slowly lit up at her words.

"That's a great **idea!**" Longman thought it was feasible **and ordered**, "I'll leave this matter **to you.** Investigate Halle Fullberry **first.** Go."

Then, he slapped the female secretary's bum with a loud smack.

"Oh." The secretary's body shivered as she let **out** a moan, and she wiggled her rear before getting to work.

Not long after, she came back **with** a **stack** of documents.

"Here is the information **on** Halle Fullberry, sir." Longman took the papers and looked at them.

Aside from the minor issue **of her having a** failed relationship before, this woman was simply perfect with almost **no shortcomings**.

“How **do you think** we should deal with her, sir?”

“Start **with him!**” Longman pointed **to a spot on** the paper **as a cold** light flashed **in his** face.

The **secretary** looked **over**.

The place that **he** pointed **at** was none **other** than Halle’s **ex-**boyfriend, **Levi** Bates.

“Go **to him now** and **let** him find a way to deal **with** Halle.”

The secretary **did** as **she** was **told**.

An hour later, she brought **Levi to** Longman’s office

The secretary **had** already **filled** Levi in **on the** way here. **Since** Levi came to Simon–Tooke, he was naturally willing **to** make **a move** against Halle.

Therefore, Longman asked bluntly, “**Mr** Bates, **do you** have any ideas on how to deal with your **ex-**girlfriend?”

“**10** million!” **Levi** asked **for** an exorbitant price as soon as he opened his mouth. He vowed, “As long **as you give** me 10 million, I’ll **help you** deal **with her!**”

10 million...

Although Simon–Tooke was a large business, they **did** not grow money **on** trees.

1 can give you 10 million, **but...**” Longman **did not** agree outright and curled his lips “**You have to** show me **that you’re worth that much.**”

Levi chuckled **and** said, “I have one **of** those **pictures** of Halle in my hands. It’s **enough to** make her obedient!”

“**Good!**” Longman was **overjoyed**.

Levi was Halle's **ex-** boyfriend. As long as he **tried**, he could **get** risque photos **of** Halle as easily as drinking water

Thus, Longman **did not doubt** him. He immediately agreed **and** said, "10 million **it is**. In **addition**, I'll grant **you a** small wish after **you** finish this matter. Just **go wild** You **don't** have **to worry** about anything."

Levi was also **overjoyed**. He **did not expect to** get 10 million with just some photos, and he even managed **to** build **a connection with** Mr. Longman, the president of Simon-**Tooke**.

It was like God himself was chasing him **to** feed him. He **did not** have **to** worry about anything from now

on!

Levi finalized his plan and sent a message **to** Halle

In Fullberry Group, Halle was working in her office

Ding...

Her **mobile phone** on the desk suddenly rang

Halle **picked it up to check**, and her **expression** instantly changed.

CS CamScanner

It was a text message from Levi, asking her to go **to** Springtime Cafe He said he wanted **to** break it off with her for good. Otherwise, he would give **her** a hard time.

They had both been very unhappy when **they** broke **up**.

Furthermore, Springtime Cafe was where they had met **for** the first time...

Halle had a very bad feeling. However, she still decided **to go**.

At **Springtime Cafe**, a small smile appeared on Levi's lips when he saw Halle appear, and he waved at **her** "Halle, over here!"

Halle walked **over** with a straight face. She put her branded bag on the sofa, leaned back **in** her seat, and said coldly, "Well? What **do** you want?"

"Tsk..." Levi could not help but **click** his tongue at Halle's expression. He said with a smile, "We used **to be a couple**. You don't have to look at me like that!"

Halle **did** not want **to** have anything to do with him and snorted, "My time **is** precious, Levi, **Get to the** point."

"I miss **you**, okay?" Levi smiled, but he **did** not look serious **at** all.

After saying that, he **stood up** from his seat, went over to Halle, and **tried to** sit beside her.

Halle immediately moved away in disgust and warned him, "If you have something **to** say, just say it. Also, please stay away from me. I'm allergic to scumbags."

Levi was instantly displeased. He stared at her face and smiled sinisterly. "Halle, **I advise** you not **to** be so **rude Don't** forget that I still have your photos."

Halle turned pale at the word '**photos**' It was as **if** he had grabbed her Achilles' heel

Her expression changed, and she gnashed **her teeth** and said, "Tell me what you want me **to do for you to** delete those photos"

Levi laughed and said, "That'll **depend on your** sincerity

Halle felt sullen.

However, it was like she was caught **by** a snake. She could only accept her fate and **ask** in a **heavy voice**, "I'll give **you** money **Is 500,000 enough?**"

She wanted **to** use her money **to** buy her photos. This deal was a loss to her no matter how **she** thought about it. However, she had no other choice

Unexpectedly, Levi said **casually**, “You’re not showing enough sincerity”

*500,000 isn’t enough?”

Halle secretly cursed him for being insatiable and said. “One million Will that work? Don’t push your luck.” “It’s not about money” Levi shook his head and **said** with a vague smile on his face. I don’t need **money** I’m not interested in money On the **contrary**

“As long as **you’re** willing **to listen** to me, I can give you money instead “He licked his dry lips and stared straight at Halle

“You’ll give me **money**?” Halle scoffed and sneered, “You clearly **just** idle around all **day** like a good-for-nothing What money **do** you have? Besides, who **do** you think I am? Do you think I’ll **sleep** with you just because **you** have money? **In your** dreams”

If not for the **fact** that Levi had her photos, Halle would have given him **two** tight slaps to sober up this scumbag

Levi did not get **angry** and chuckled “I don’t have money, but the person behind me does. You don’t think that **I’m** working **alone, do you?**”

Halle’s eyes widened slightly **at** his words. He had a partner

Levi continued, “I won’t hide it from you, Halle If you don’t listen to me today, then Mr. Longman from Simon-

Tooke will start **to** make a **move** against the Fullberry Group

“**They’ll keep** the **Fullberry** Group’s market value at its **lowest** and then forcibly buy it **at** a low **price** Can you guess what will happen next?”

Levi smiled **teasingly** at **his** own words.

Halle suddenly had **a bad** feeling and asked instinctively. What will happen?

“**Simon** Tooke will use the **cooperation** between **the** Fullberry Group and **New Moon** Corporation and use **every means to attack** **New Moon** Corporation They’ll make New Moon Corporation collapse completely

Levi laughed smugly

Back when he **was** still **dating** Halle, she **always cared deeply for** her best **friend**, Luna. He was confident that Halle would **give in** if he used Luna **to** threaten her

****ck you!****”

When Halle **heard** this, she immediately flew **into** a rage **and** kicked Levi **aside**. She **picked up** her bag and

CS CamScanner

was about to go out

“Think carefully, Halle Fullberry!” Levi suddenly spoke loudly behind her “if you dare to leave today, you can look forward **to** seeing your photos published in all of Sumneria’s headlines tomorrow

Halle instantly froze. She slowly turned her head. Her expression was hateful and fearful, **but** also full of despair. “What do you want me to do so that you’ll let me go?”

“Simple” Levi snapped his fingers and walked over with a smile. He leaned **into** her ear **and** said. “As long as you go to L’Amore Coastal Hotel and serve me well tonight, I’ll let **you go**”

“Remember 8 pm at L’Amore Coastal Hotel I’ll be waiting” After saying that, Levi’s gaze glanced **at** Halle’s curvaceous figure, and he walked away triumphantly

Halle was left standing there, feeling lost.

A **cold** wind blew and messed up her hair along with her heart.

She was completely listless along the way back. She did not know what **to** do

If she agreed to Levi, she had to go to the hotel. It was obvious what would **happen** tonight if she did.

If she did not agree

Levi would surely get mad and publish those photos of her. She would not be able **to** face her parents if that happened

CS CamScanner

Chapter 294

She would not **be** able to **face** Luna or Andrius.

Halle got into her Lamborghini and drove to New Moon Corporation.

“Halle, what **are you** doing here?”

Luna was at first happy when she saw Halle, **but** when she saw the latter's dejected and despondent expression, she realized that something **happened to** Halle.

“What happened? You look very **upset**.”

1. 1.

Halle wanted to tell Luna **about** what happened so that Luna could think **of** a way to help her. However, **she** did not **know how to voice** out the words that came **to** her lips.

“I... am fine.”

In the end, that was all Halle said.

“**You're** fine?” Luna stared at her and said, “Halle, we've been best friends for years. I can tell when something is bothering you. Go ahead. Tell me what happened.”

Halle really wanted to tell her. However, she could not

“I'm fine, really.” She **forced a smile on her face**. “Don't worry about me, Luna. I was passing by, so I came to have a look since **I haven't seen** you in a while”

Luna did not believe her.

However, she understood Halle.

Halle was very stubborn. Even if something really happened, if she refused to say it, then Luna had **no way of prying her mouth** open.

“Fine, but if **you** really think of me as a **sister**, then tell me if something is bothering **you**, okay?”

“I know...” Halle responded with a forced smile.

When Luna saw this, she felt that Halle’s issue was not minor and immediately **felt** worried. However, Halle did not want to tell her anything.

She could only sigh **to** herself.

Halle was great in every aspect, **but her** temper was hard to describe **in** one word.

Then, Halle staggered **out** of Luna’s office like a walking corpse without a soul .

Bam

She bumped into Andrius, who was walking over

Usually, she would **greet** Andrius when she saw him

However, now that something big happened that might even **affect** how **she** got along with Andrius in the **future**, she said, “Sorry” Instead.

Andrius was stunned.

Did **this lady** change her temper?

CS CamScanner

Andrius walked **into** Luna’s office and asked in confusion, “What’s up with your best friend?”

“I don’t know either”

Luna shook her head and said with a worried expression, "Halle was acting weird today. Something big must have happened, **but** she refused **to** tell me when I asked.

In the Fullberry residence, after Halle came back, she locked herself in her room for the whole afternoon.

In the **end**, she could **not** think of any good countermeasures. She only felt regret. She regretted how blind she was to have taken a fancy **to Levi**. She regretted being impulsive enough to take those photos.

After thinking about it, she made a decision: she would meet Levi

Thus, Halle drove **her** Lamborghini to L'Amore Coastal Hotel.

The person **who** Noir assigned to her saw this **and** called Noir

Noir immediately called Andrius. "Andy, Ms. Fullberry went to L'Amore Coastal Hotel. Longman, president of Simon-Tooke, is also at that hotel!"

It was him!

It was **no** wonder Halle was acting like that.

A light flashed in Andrius's eyes.

L'Amore Coastal Hotel was quite **far** from where he was, and it was rush **hour now**, so he **would not be**

able to find a scooter

Andrius immediately ordered, "**Noir**, contact a helicopter right away."

In L'Amore Coastal Hotel, Leni received a text message from Halle and immediately went downstairs to meet her personally

“Halle, you’re here

Le could not help but swallow his drool when he saw the beauty he coveted for a long time. His long chench with would be fulfilled today

Halle said expressionlessly, “I can stay with you for one night, but you have to swear *that* you’ll delete those photos after tonight. You can’t make things hard for me after this. Otherwise, I’d rather give in to your

Swear?

Levi suddenly laughed

Halle **was** so naive that it was adorable

than

He immediately raised his hand and said, “1, Levi Bates, solemnly swear that I will stop bothering Halle Fullberry and delete her photos after sleeping **with** her

“If I go back on my word, then I’ll be castrated and never touch a woman again

He looked at Halle with a grin and asked, “Is that enough, Halle?”

Halle snorted coldly in acquiescence

Levi was overjoyed and took her to a large room on a high floor

“Come in, Halle

He opened the door and gestured to her

Halle hesitated for a long time and walked into **the** room. Then, she immediately froze

Inside the spacious room were several men. They were all executives for Longman and Simon–Tooke!

Halle realized that something was wrong and immediately tried to **run**

However, **Len** was prepared and blocked the door, so she could not escape

“Your Halle was shocked and furious. Her heart pounded wildly as she stared at Levi, and she asked,” Who are they

Levi locked the door unhurriedly and said slowly, “They’re all your quests for tonight!

“As long **as** you serve them well. Discussing your photos and other matters will be easy” His **eyes** sparkled with greed

“Your” Halle pointed at him. She felt her head spin, and her finger shook with anger when she pointed at Levi Bates, you’re a beast! You’re an animal! Are you afraid of retribution?

After she spoke, she pushed Levi and tried to escape

However, Levi had locked the door. She would not be able to open it so easily. He grabbed Halle’s arm from behind and said with an insidious smile. “Give up, Halle. There’s no escape for you tonight Be a good girl and lay on **the** bed and take good care of all these gentlemen! Hahaha

Levi could not **help but** laugh as he spoke

CS CamScanner

When he was dating Halle, she was **always** very conservative In the end, he never got the chance to have her He could not help **but get** angry when he thought of her pure and innocent appearance

However, after tonight.

That layer would **be** completely **ripped** off!

Furthermore, he had also prepared an HD camera in advance. From now on, he could play with Halle however he wanted!

“**You beast! You’re inhumane**” Halle glared furiously **at** Levi

At that moment, **Levi took** out **a** pill and shoved **it** into Halle’s mouth. He covered her mouth firmly **and** forced her to swallow her **words**.

“Hmph Mm, **mmph-**

” Halle struggled desperately and hit him as hard as she could. However, **she**

was just a girl. **How could** she break free **from** the hands **of a** grown man like Levi?

the end, she swallowed **the** pill

Levi let her go **in** triumph.

“What what **did you** feed me?” Halle’s expression was frightened.

“Can’t **you** feel it yourself?” Levi said with a vague smile.

Halle froze

Soon, her body felt hot **all** over

Her face gradually turned red, **and** she gave off a seductive smell

“Y–you”

She instantly understood

Before she could finish speaking. **Levi** picked her up and threw her on **the bed**.

“Mr. Longman “Levi smiled **obsequiously at** Longman “Please enjoy **yourself** **if** and call me when you’re done

That flattering look was like a **dog** wagging **its** tail!

“Good work!” Longman **gave** him a thumbs–
up and promised, “**Don’t worry** I’ll transfer the **money to you when** we’re done!”

He **stripped off** his **coat** and walked **toward** Halle **step** by **step**. His lecherous appearance was frightening “No!”

“Don’t come over

There was a faint **sob** in Halle’s voice.

She wanted **to run**

However, because **of the** drug, **she** had no strength at all. How could she run when she could not even stand up?

She looked at **the ugly** men approaching her and how Levi was standing **to t** he side **with** a camera.

Halle **felt** despair in her heart. Her expression was like dying embers

It was over

Her life was over

She should never **have** trusted **Levi**. There was nothing that a scumbag like h im **would not do**.

Now, she was pushed **into** an endless abyss. She could only live in the shado ws for **the** rest of her life.

In that instant, Halle even thought **of** death.

‘Goodbye, Luna. **Goodbye, Andrius**. Goodbye, Mom and Dad....

The men **reached the** edge of the **bed**.

Two lines of tears **slipped from the** corners of Halle’s eyes. All the **color fad ed in her** world, leaving just a **pile** of ashes.

Crash!

Just **then**, there was a muffled sound **from** the **room’s** floor–**to–**ceiling **window**, and **the** whole **panel cracked** into **pieces**.

Bam!

Andrus rushed in from outside and **sent** Longman flying **with a** kick.

“F*ck!”

Longman flew into a rage when **he wiped** the **corner** of **his mouth** and saw **blood** on his hand. He **looked up and** saw Andrius, and let **out a** roar, “**You s** on **of a**—It’s **you** again! **Get** him! Kill **him!**”

The large men immediately **charged**

However...

Even a vicious **person** like **Hex** the Demon Monk was killed **by** Andrius. These men were nothing. They were just **adding to** Andrius’ kill **count**

Bam!

Boom!

Crash!

Andrius threw **a** punch **at each of** them.

He **finished** dealing with the men in the blink of an eye. They all lay on the ground, unable to **crawl** up. **They were no** different from dead **dogs**.

CS CamScanner

Then, Andrius **strode** over, picked Longman up with one hand, and threw him on the ground before **whaling** on him

Smack, smack, smack!

“How dare **you be** so arrogant in my country?”

Smack smack, smack!

“Who gave you the balls **to** target **our local** enterprises on **our** land?”

Smack, smack, smack!

“You’d better watch your mouth. **You** said you won’t let New Moon Corporation go, right?”

Smack, **smack**, smack!

“**You** even dared **to** touch Halle She’s the one who took my first kiss **She’s** not someone a monkey like **you** can touch

Smack, smack, smack!

“**You’re** still f*cking around with me, aren’t **you?**”

Smack, smack, smack!

Andrius rained down blows while listing Longman’s crimes.

Unfortunately, the man **only** looked big. In reality, he was **empty** inside and could **not** withstand the beating. He passed **out** before Andrius could finish beating him **up**.

Thus, Andrius **turned to Levi** instead.

Levi saw **that the** situation was **bad** and immediately ran to the **door**, trying to escape

However

He **had** locked the door earlier in order **to** prevent Halle from escaping, so he was unable to open it He could **only** watch as Andrius approached him

Swoosh

Levi pissed himself in fright when he saw the murderous Andrius come closer

“I heard that **you have** something you’re using against Halle

A cold light appeared in Andrius’ **bright** eyes. He smoothly grabbed **a** glass shard and appeared in front of Levi. He already learned everything from Noir on his way here

Levi trembled in fright **and** handed his phone **to** Andrius **7–** it’s **in** there On the phone

Andrius **took** the phone.

Levi quivered **and** said, “I gave **you** the phone **C** can you let me

Before **he** could finish, **Andrius stabbed** him with the glass shard

“Arghhh

Blood instantly flowed from Levi’s lower **body**. The intense pain hit him like an avalanche, **causing him** to let out a mournful **wad**. His cries **echoed** through out the room, sounding miserable yet comical

Earlier, he had sworn **in** front of Halle that he would **be** castrated if he lied **to** her.

Now it came **true** He was really castrated

CS CamScanner

What goes around comes around!

Levi’s voice gradually trailed off, and he fainted from the pain.

Andrus opened the phone. He wanted to see just what Levi had on Halle for **her to** resort to this method to solve it

CS CamScanner

Chapter 297

He opened the photo album.

Andrius was stunned.

It was **just pictures**.

Although **the** photos were slightly revealing, **they** were not to the point of being lewd. **The** most revealing picture was just **of her** wearing a bikini on a beach . Although **her** figure was quite mesmerizing and would cause **people’s** Imagination **to go** wild, **it** was **not** considered obscene or vulgar at all!

Andrius was speechless. He went through all that trouble and even brought in a helicopter

In the end, it was just **a few** pictures.

Even celebrities and car **models** looked more risqué than her!

Please!

The Wolf King was very busy.

Did this silly woman have **to be so** uptight?

Andrius looked at Halle, who **had** passed **out**, and had no energy to grumble at her. He deleted the photos. and smashed the camera into smithereens.

He picked Halle up, kicked away Levi, Longman, and the others who had fainted and left the hotel.

He could arrange for a helicopter since **he** came in a hurry, but going back...

He had **to** take a cab.

Andrius waited **by** the roadside.

Screech.

Just then, **Luna's** car stopped **in** front of him.

Andrius was about to ask Luna to send Halle back, but before he could say anything, she got out of the **car** angrily and slapped him.

Smack!

The crisp sound was extremely loud

Andrius was stunned.

He was the Wolf King! However, he was hit by someone else. Furthermore, he was hit in the face!

A stinging pain came from his face. It was clear **that** Luna had not held back at all.

“Andrius Moonshade!” Luna’s anger did not subside even after slapping her. Her pretty face was icy and cold. I didn’t think **that you were** such a beast! How dare **you do** this **to** Halle?”

After saying that, she helped Halle **to** the **car**

1. 7.

Only then **did** Andrius snap **back to** reality and **try to** explain himself.

Vroom!

However, Luna did not give him a chance **to** explain at all. She slammed **the door** shut, **floored the**

throttle, and left angrily

Andrus was left behind with **a trail of exhaust** fumes.

“What the hell is this?!”

His mind **exploded** on the **spot**.

That woman

She did not **know** how to use her brain at all. It was simply unbelievable!

Andrius huffed in anger and grabbed a scooter **to** go to Noir’s auto repair garage.

“Andy! Your face...” Noir was **shocked** and angry when he saw the swollen palm print on **Andrius’** face. Who did this? I’m going to teach him a lesson!”

“Mr. Moonshade, **you..**”

Sonia happened **to** be there too. Her lips could not help but **twitch** when she saw Andrius’ swollen face, and she had **a** vague guess after looking at his **expression**.

In Sumena...

No, **in** the whole **of Florence**, there was no one who could slap the Wolf **King**. The **only exception** was if the person closest **to** him **suddenly struck** him, and he was caught off guard.

Thus, she instantly thought **of** Luna. However, this was not something she should say out loud, so she **turned** around and went inside to **get** towels, rubbing alcohol, **and** so on.

“Ugh, **don’t** ask...” Andrius looked **exasperated**. “I rescued Halle from the **h**otel and wanted **to** call a cab back **to** the Royal Gardens, **but I** bumped **into** Luna. That **girl...**”

He felt anger well up inside him at the mention of **Luna**. **When she** saw me **holding the** unconscious Halle in **front of a hotel**, she thought that I was going to **do** something **to** her. She came up **to** me and slapped

me

“Then, she drove away **without even giving me the** chance **to** explain. She’s too rude. She’s **too** unreasonable. It’s simply unbelievable!”

Andrius gritted his teeth, **incredibly** upset.

“It’s so hard to **be a** man, and even harder **to be a good** man...” **Noir** did **not** know what **to say** **He just** shook his **head** and sighed deeply.

He **added** in his heart, ‘It’s even harder to two–time successfully.’”

Of course, he did **not** dare to say that **out** loud, lest **he** get beaten up.

“Mr. Moonshade, I’ll help you wipe your face.”

Sonia **walked out** with a towel and **other** items and heard part **of what** Andrius said. It was **not too** far off from her guess, and **she had a few** new thoughts in her mind.

Apparently, the Wolf King **and Luna** did not **get along** that well. In that case, she still **had a** chance. **However**, this matter could not **be** rushed.

What kind of woman had **the** Wolf King not seen before?

He had seen women who were beautiful, had svelte **figures**, **had good** temperaments, and were from affluent families..

As long as she silently **did** whatever **should be** done, it would **be** enough. Sonia helped Andrius wipe his face and bring **down** the swelling.

Sonia's movements **were delicate**, gentle, and careful, **so** much so that fine **beads** of sweat formed **on** her **forehead**

After it was **done**, **Andrius'** face did not hurt as much, and the anger **in** his heart also mostly dissipated

"Ms. Timberland, are you here because something happened with the new company?" Andrius took the initiative **to ask**.

"**No.**" Sonia came **to report to Noir** about the new company.

Since Andrius was here, she simply said, "The new company has **been** founded. It's called Celestial Enterprise

There's an idiom that says, 'just as **the** celestial bodies above never **stop** orbiting, so should we always strive **to** better ourselves' **Thus**, I chose **the** name Celestial so that **the** company will run smoothly in **the** future. What **do** you think?"

"Sure." **Andrius nodded** with a smile and made a decision.

There were **too** many companies and partnerships under his name, so he **never** asked **about their** names. However, the idiom **that Sonia** mentioned **sounded** good. It referred to how the **country's** people would always **keep** on fighting in **spite of** setbacks. It described their brave soldiers who emerged victorious in **every battle**.

Andrius liked **it**.

"**At present**, everything **is going** well **with** the Crestfalls **and the** Millers. **Their** industries have all been **gathered together**, and **the** vacancies **in** the market are ready. **We're just** waiting for **the** order, and everything will fall **into place**."

Sure **enough**, Sonia's capability was **not** just for show.

Andrius **nodded with** satisfaction. "**Good**, then **do it**."

"Okay." Sonia **agreed** and said, "Mr. Moonshade, it will **be** Celestial Enterprise's opening ceremony in a few days. We'll be **having a** ribbon-cutting ceremony. Do you **want to** come over?"

"Yes, **of course**," Andrius answered without hesitation.

"Okay, then I'll **go back and** arrange **for it now**."

When Sonia **got** an affirmative answer from Andrius, she responded and **quickly** left **the** garage.

In Centro Hospital, Longman gradually came **to** under the care **of** the medical staff.

Bam!

The first thing he did when he woke up was **hit** the railing beside him, startling **the** nurse who was looking after him as well as his female secretary who **was** waiting.

"That son **of a b*tch**" Longman heaved **with** anger as his eyes shone with a cruel light. "It's **Andrius** Moonshade again! **That prick ruined my plan again! Go! Execute** my orders **and go** after New Moon **Corporation**. Longman could not wait **any** longer **and** immediately ordered his secretary.

However, **before** she could respond, he **got a** call from HQ.

"Longman, put aside **your** beef **with** New Moon Corporation for now." A **voice** full of anxiety **and gravity sounded on the other side of the phone** "**S-** something **huge** has happened in Sumeria!"

"Just **today**, a company **called Celestial** Enterprise was founded. **They** gathered **all** the Industries **the** Crestfalls **and** the Miller Group left behind **and** occupied the vacated market shares **with** lightning **speed**."

Longman's expression instantly changed with those words.

Of course, **he** knew what that meant. It meant that the meat In Simon–**Tooke’s mouth** was **robbed by** someone else!

The one behind Celestial Enterprise is the daughter **of the** Timberlands, Sonia Timberland. **Hurry** up and deal with this matter immediately. **You** can’t delay this

Longman immediately **responded**, “**I** know!”

He hung **up the** call with **a gloomy** expression and immediately called **Bruce**.

How dare the Timberlands fight with Simon–Tooke?

Even Anthony Henderson, who was formerly the richest man in Sumeria, had to tread carefully.

Sonia Timberland was quite bold.

The phone soon connected

“You’re the head of the Timberlands, Bruce Timberland, **correct?**”

Although Longman was asking, his tone was **very** certain. His voice obviously **sounded** cold “**Did** you know that your precious granddaughter is leading yo ur family **into** the abyss of **doom?**”

I advise **you** to behave yourself and immediately spit **out** all the industries from **the** Crestfalls and the Miller **Group** that **Celestial** Enterprise **acquired**, then publicly apologize to Simon–Tooke.

“Otherwise.. the Timberlands will be the next Millers!”

On **the other** side of the phone, Bruce could **not help** but laugh when he heard **those** words. “Where did **you** come **from?** Did **you** eat **so** much shot that y our brain became full of it?”

“You have no right **to** dictate what Celestial Enterprise does. **If** you have nothi ng **to** do, you can **go to** Centro Hospital and register at **the** neurology **or** psyc hiatry department.”

Celestial Enterprise **had the Wolf King** behind it. Bruce would **not** be afraid **even if God** himself came down, **let** alone someone like Longman.

“You! Bruce Timberland, **you**. “Longman was Instantly furious **and** wanted **to** threaten Bruce.

However, what **he** heard was the **beep** of the line being cut. Bruce **had hung up** on him.

“Smash!”

Longman could not **help** it any **longer**. He threw his phone on the ground and smashed it.

“Argh! New **Moon** Corporation, Celestial Enterprise, and the Timberlands. Just you wait! I won't let you off! Arghhh!” Longman was furious as he roared. His eyes were **bloodshot**

Beep, beep, beep.

A sharp alarm sounded from the **monitor** beside him.

One of his men came over **and reported**, “Mr. Longman earlier, Celestial Enterprise distributed invitations and invited many celebrities **and** dignitaries to attend their opening ceremony

“Opening ceremony?”

Longman's **eyes** glowed fiercely **as he** ordered sinisterly, “Go and prepare the manpower as soon as possible The more, **the** better.

Chapter 299

On the other side **of** town, Luna brought Halle **back** to Dream's Waterfront. She helped take Halle's coat **off** and placed her **on** the bed.

Luna's thoughts were hard **to** guess as she looked at Halle on the bed. She planned **to** part ways with Andrius before the little actions that Belarus made.

However, Belarus **had** seemed **so** eager that day. She was afraid that **he would** be very sad if she **divorced** Andrus at this time, **thus** she could only suppress the **idea** temporarily

However, after what Andrius **did**...

Luna was furious. She had to think **about** how to explain it to Halle when **the** latter woke up. Halle never liked Andrius, so this would be adding oil **to** the fire ...

The next morning. Halle slept through **the night** and woke up **in** a **daze**.

Luna stayed **by** her side **and quickly** asked, "Halle... are **you okay?**"

"Mm..." Halle hummed reflexively and realized that it was Luna beside her. The memories suddenly flooded **into** her **mind**.

She remembered that before she fell unconscious, **Andrius** had broken through the floor—**to—**
ceiling window and beat up the men. He was like **a** knight in shining armor!

It was much more effective than praying for salvation.

He was super **cool!**

Thus, she asked, "Where is **Andrius?**"

Luna thought that Halle was about **to** curse Andrius **out**. **Her** heart suddenly skipped **a** beat. However, **there** was no escaping it.

She quickly said, "I'm sorry, Halle. Andrius must have been possessed by something. I've already taught him a lesson, so..."

"Wait, stop!" Halle felt something was wrong and interrupted her directly. "Why are you apologizing about, **Luna?** **!!** Andrius **hadn't** saved me yesterday, I would've **been** ruined by those men!"

Huh?

Luna suddenly **froze**.

In other words, she was wrong about Andrius?

Luna did not understand and asked, "Halle, tell me exactly what happened yesterday"

Halle **told** the story from beginning **to** end, **from** when Levi asked **her** out to Andrius' appearance.

"That's " After speaking, she asked, "Didn't he tell you? Did **you falsely** blame him?"

She was a little confused.

According to Andrius' **style**, he would have taken her back **to** the Royal Gardens. However, she woke **up** at Luna's place instead. Something must have **happened** along **the** way. **Combined** with Luna's words **earlier**, **she** could make an educated **guess**.

"Well..." Luna bowed her head **and** said with shame. "I thought **he** wanted to do something bad to **you**,

50...

"You Sigh. "Halle **was** suddenly speechless but did not say much

It's fine' it **just** apologize to him later" Luna did not **think** much of it and said, "You **slept the** whole night. so you must be hungry Let's **go** have breakfast"

"Okay"

The two watched **the news** as they **ate** breakfast

"Breaking news! **The newly** established Celestial Enterprise **in** Sumeria has already amassed all of **the Crestfalls** and the Miller Group's industries as of **yesterday**. They have also seized all **the** market there

“Now, they are **giving** out bids **for working** together with major local enterprises

“**Celestial** Enterprise’s move not only blocked foreign funded enterprises from snatching the shares **but** also stabilized **the** economic situation in Sumeria and even in the **South** East Domain. They *are* simply a model among companies

When Luna saw this news, she was so shocked that she almost dropped her fork she snapped back to *her* senses **and** said excitedly. “Halle, Andrius told me about this company yesterday morning Do you think he knows some sort of insider information?”

“He must have heard some gossip” Halle **came** up with some nonsense

When she saw **this** news, she already guessed **that** it had something to do with Andrius, but **she** did not want Luna to know about him

“Oh. “**Luna** nodded and said. “That makes sense How could he have insider information?”

She soon dispelled her thoughts

After eating, Luna went to New Moon Corporation in a hurry he wanted to make **arrangements** for Celestial Enterprise as soon as possible

Halle went to the Royal Gardens and found Andrius she said gratefully, “Andries Thank you for last night if you hadn’t appeared in time, I might have to live in the shadows for the rest of my **life**”

Halle felt a lingering fear at her **words** it was hard to imagine what kind of nightmare would play out something really happened last night

“**Mm**”

Andrius had saved many **people before** and did not take it to heart. He simply **hummed** in response

Halle was not bothered I was enough if she remembered it in her heart she asked, ‘Are you the one behind Celestial Enterprise?’”

“Yes

Chapter 300

"I knew it!"

Halle's expression **reflected** her **words**. She stared at Andrius with her **large eyes**, trying **to see through** this man. "Andrius, just who are you? I **find that I understand you** less and less!"

Andrius could not **help but** laugh.

How **could a** little girl see through the great Wolf King?

He shook his **head** with a smile. "You're still **not** qualified to know my true identity.

"Tsk." Halle snorted, **and a** cunning light flashed in her eyes. I'm not qualified now, but

"Once we sleep **together**, **I'll be your** woman! I'll be qualified **to** ask then, right?" She **acted like a rogue and** leaned forward domineeringly.

"What **are you** doing?" Andrius was **suddenly** stunned

He **had tons of** ways to deal with an enemy. However, he was helpless when dealing **with** women!

Soon, he was **backed into a corner by Halle**

"Andrius..." Halle **leaned** closer **and** whispered **softly into his** ear, "**Look**, you're a grown **man**, **but you've never been** with a **woman before**. I'm **telling you Sleeping** with me is incredibly fun **and** pleasurable Are **you sure you don't want to try?**"

Halle **acted directly**. Her **left** hand hooked around Andrius' **neck**, **and** her **right hand** started **to** wander She **stood on tiptoe**, puckering **her lips to** cover his own.

It was a two-pronged attack!

Damn it.

Who would be able to resist?

Andrius almost lost control

Beep, beep, beep

Just as Halle was **about to** succeed, Andrius' **phone** rang in his **pocket**. He took **out** his **phone** and saw that **the caller ID** was Luna!

Jesus Christ!

Andrius was **not** the only one startled.

Even Halle **got** a fright, thinking that **her** best friend caught **her** cheating. She **quickly** let **go** of Andrius **while** blushing **fiercely and could** not help but look around.

“Andrius Moonshade, what time is **it now? Why** aren't you **at the office yet? Do you not** want the remaining half of **your salary anymore? Hurry up and** come **to** the office. Come **directly** into **my office when you** arrive.”

Luna's voice **sounded as soon as he** answered the **call**

“I'll be right there!”

Andrius took the opportunity **to escape** from Halle's clutches. He **grabbed** a scooter and disappeared **in the blink of an eye**.

“Andrius, oh, Andrius

Halle looked **at his back**. The more she **looked** at it, **the more she** liked it. He

eyes shone as she said, **“T'll get you** sooner or later!”

In New Moon Corporation, Andrius went straight **to** Luna's **office**

“You're here.”

Andrius was surprised that there was **no** reproachful tone in her **voice**.

She **took out**

a card **and handed it to** him, saying sincerely, “**I heard from** Halle what **happened**. I was wrong about you. There’s 50,000 Inside here. Think of it as **my** apology.”

I don’t need it.” Andrius had wondered what was up. He refused somewhat exasperatedly.

Luna thought that he was angry at her and looked at him with **her** beautiful eyes. She said, “That’s fine. In **that** case, **hit me back**. I don’t want to owe **you**.”

As she spoke, she turned her **face to** the side and motioned **for** Andrius **to** hit her, rendering him speechless

“Fine”

He had no choice but **to** take the card.

Luna added, “Also, I’ll give you three days off as compensation.”

“Mm.”

“That’s all. **You** can **go** now.”

After leaving Luna’s office, Andrius **prepared to go to** Noir’s place for a drink.

Unexpectedly, before he could leave the building, Noir called him. “**Andy**, something’s happened to Ms. Timberland
