

Cruel Heart Lover Novel

Chapter 25

"yes."

Selena scratched her hair in embarrassment, "This...isn't suitable? If Rick wants to see me, I'll just come and see him anytime!"

Daniel pinched the center of his brows wearily, "There are too many uncertainties, especially at night. In case of emergencies, it would be too dangerous for you to drive here like this. As I am, it is not convenient for me to take Rick there frequently. Looking for you. I know this request is very difficult, but as Rick's father, I still want to fight for it. I hope you can agree."

Selena had a headache.

If Daniel used power to force her, she would definitely walk away, but with his status and status, he begged her so sincerely, especially in this age of beauty, with such a face, he really couldn't refuse. what!

At this time, Saul who was on the side was staring at his own brother with adoring eyes.

Absolutely!

I really didn't expect his brother to use such a high-end method, and he opened up a bloody road on the way to Selena that turned his disadvantage into an advantage.

The existence of Rick did not become his hindrance, but became his biggest help.

At this moment, with a “bang”, the desk lamp on the bedside table was knocked down, and Rick suddenly jumped out of bed in panic and rushed out.

It wasn't until he saw Selena that the fear in the little guy's eyes receded, and he threw himself at her leg like an arrow from the string.

Those eyes of incomparable fear are heart-wrenching and painful.

Selena hurriedly squatted down, “Honey, why are you awake?”

The little guy buried his head on her body, and his short soft hands hugged her neck tightly.

“Good boy, Auntie is here, don't be afraid...” Selena patted the little guy's back, smelling the sweet milky scent from the little guy's body, feeling very complicated.

She obviously hates getting close to children so much, why can't she hate Rick...

Selena could only put Rick to sleep again, and then gently closed the door and walked out.

I saw that the messy living room downstairs had been tidied up by the servants.

As expected of the servants of the Lu family, they are not only efficient, but also well-trained. Although they were all curious about Selena's arrival, no one gave her a second look, let alone whispering. Immediately left quietly.

Seeing her come out, Daniel just looked at her quietly, didn't speak, and didn't put any pressure on her.

Selena looked hesitant, but thinking of Rick's way of holding on to her clothes, she finally softened her heart, took a deep breath and said, "Okay, Mr. Lu, I'll do this favor, and I will repay Rick for saving her before I am going out."

Daniel looked slightly relieved, "Thank you."

"Little Treasure may wake up at any time, it looks like I won't be able to leave tonight, but my things are still at the apartment..." Selena was troubled.

"It's okay, I'll get someone to pick it up for you." After speaking, Daniel ordered the housekeeper to send someone to arrange it.

Saul, who didn't say a word from the beginning to the end, was dumbfounded watching this godlike development.

This... This is living together?

"Do you have anything else to do?" Daniel squinted at Saul.

"I'm going to get out!" The light bulb that was disliked by my brother flickered.

At first, he thought that Selena's strength was crushing, but now it seems that his brother is not a fuel-efficient lamp.

He finally realized that it's not that his brother doesn't know how to pick up girls, it's just that he hasn't lifted the seal in the past thirty-two years...

Daniel brought Selena into a room next to Rick's bedroom, "From now on, you will live here, what style do you like, I'll get someone to redecorate it later."

Selena waved her hands hastily, "No, no, I'll leave after a few days and I don't live all the time. Repacking is too much trouble!"

"No trouble."

Daniel took a large bunch of keys from the butler, and handed them to her, "This is the key to the house, you can go in and out anywhere you want. The door is a coded lock, and the code is 591414. This is the key to the attic, so keep it close to you, Little Treasure sometimes likes to take the key and hide inside. This one is..."

Seeing that Daniel was about to give her the keys to her safe, Selena hurriedly interrupted him, "Wait, wait...Mr. Lu, you are too relieved of me! You are not afraid that I will steal Your house was evacuated?"

"What do you want? I'll get someone to move it for you." Daniel was serious, not joking at all.
