Chapter 791-800

Chapter 791

At this moment, Sean's body was exuding an icy cold aura, revealing a murderous look.

Candy lay in Sean's arms as if she had done something wrong, her little head huddled up in his arms, motionless.

"What's going on with her?"

Sean walked directly in front of Leah, reached out, and lifted Candy's clothes on the back.

"Oh my goodness!"

Willow exclaimed, stood up, and walked to Candy.

There were several bruises on the baby-soft skin of Candy's back.

Many of them even turned purple, indicating that they had been there for a few days.

Moreover, there were some red marks, which meant it was new injuries.

"Hsss!"

Willow wanted to reach out to touch it but she did not dare to do so. Her eyes were filled with tears in

distress.

[Chapter](#)

Candy was lying in Sean's arms obediently without saying a word.

As if she had used to it.

"Who hit her?"

Sean looked at Leah coldly.

It was entirely because of Candy, this innocent kid that he was nice to Leah.

Therefore, in Sean's heart, Candy was more important than Leah.

Sean even regarded Candy as his own daughter.

Even if Leah was Candy's biological mother and if Leah was the one who hit Candy, Sean would not spare.

her.

"Tell me."

Sean squinted slightly, pulled down Candy's clothes, sat on the sofa, and asked Leah again.

However, Leah just lowered her head and said nothing with tears kept falling.

"Leah, what's going on? Tell me!"

Willow also grabbed Leah's hand anxiously and asked.

"Uncle, don't scold my mother, it's not mother, i-it's grandma and aunt..."

Seeing Sean questioning Leah, Candy quickly explained in a low voice.

The Guardian's Sword By Talking Cigarette
Chapter

Crack!

A crisp sound.

A lollipop in Sean's hand was crushed into pieces by him.

"How can Faye be so cruel?"

"Why did she do this?"

Willow was also extremely angry and shouted through gritted teeth.

She knew that Leah's status in the Quinn family was even inferior to that of Sean's.

It was because although Sean was cold-shouldered by the Quinn family in the past two years, he still had Willow by his side.

Moreover, Sean lived together with Willow, so they had absolutely no need to be at the beck and call of the Quinn family, and the most he had to face was the cold shoulder from Fion Wilson.

As for Leah, however, she was just a daughter-in-law of the Quinn family, an outsider.

She lived in the house of her mother-in-law, depending on them for a living.

Leah's husband did not return home all the year-round, and her mother-in-law also blamed her for all this.

So, all the dirty work at home was done by Leah,

What she did every day was essentially the work of a maid, but in return, she was bullied even more severely.

Now, they even hit Candy, who was still a kid, so Willow was very angry.

The Guardian's Sword By Talking Cigarette
Chapter

“Since Candy’s dad left, my mother-in-law has been a little mentally ill. She vented all her grievances on me and Candy.

“Before, they only picked on me, but now they actually hit Candy, so I don’t want to stay there anymore.”

Leah let out a long sigh. She rarely told Willow about these things.

It was because she knew that Willow also had a hard time in the Quinn family.

“I didn’t take my aunt’s necklace, but she said I stole her things and said I was an ingrate....

“Candy is just an innocent kid!”

Candy huddled in Sean’s arms and looked panicked as she recalled those events.

Sean’s anger kept gushing in his heart when he looked at Candy.

He still vaguely remembered that the first time he saw Candy, that pair of clear and innocent eyes of hers was deeply imprinted in Sean’s mind.

Now, at a young age, she was suffering from such a nightmare.

Faye Quinn, that vicious woman, really deserved death!

“Leah, I just want to ask you, do you want to leave or stay in the Quinn family?”

Sean looked at Leah and asked directly.

Leah clenched her palm slightly, not knowing what to do at all.

Nominally, she was still the daughter-in-law of the Quinn family, so how could she just leave at will?

The Guardian’s Sword By Talking Cigarette
Chapter

Seeing that Leah did not speak, Sean directly gave her two options.

“Only you can choose your path yourself.

“Now, I give you two options.

“Number one, if you want to stay with the Quinn family, then you can go back by yourself. From now on, Candy will stay here and live with us.

“Number two, leave the Quinn family and dissociate with them.”

As for Willow, she also supported Sean’s decision immensely as there were limits to everything.

What Faye’s family did was unforgivable.

“I’ve given options to you.

“If you don’t know how to cherish it, then that’s your business.”

Sean waited for a minute. Seeing that Leah still did not speak, he immediately frowned and carried Candy, and was about to go out.

“Uncle...”

Candy called out but Sean still did not stop walking.

“Sean, wait a minute!”

Willow reached out to stop Sean, and then hurriedly looked at Leah

"Leah, sometimes when it's time to move forward, you have got to move forward.

"Women indeed have to stay true to their roots, but you also have to see if the other party is worth it for you to do so.

"You've got to think about Candy. Do you want her to grow up in such an environment?"

The words from Willow had hit a nerve in Leah.

'If Candy really grew up in such an unhealthy environment, what kind of character would Candy grow into in the future?"

Leah could not even imagine it.

"Leave! I want to leave!

"I want to leave the Quinn family with Candy!"

Leah was silent for a while, then she stood up suddenly, looked at Sean, and said seriously.

"Leave the rest to me."

Sean nodded, then put down Candy, turned around, and walked out.

"Sean, I'll follow you..."

[The Guardian's Sword By Talking Cigarette](#)
[Chapter](#)

Willow chased after Sean and wanted to go with Sean.

However, she was stopped by Sean.

“Just wait for me at home.

“I’ll be back soon.

“There are some things that we shouldn’t let Candy see.”

Sean touched Willow’s face, and after finishing speaking with a smile, he turned and left.

Willow had no choice but to nod and watched Sean leave in a daze.

“Willow, Sean... What’s he going to do?

“Please stop him from doing silly things. Hitting people is against the law.”

Leah was extremely worried. She was really afraid that Sean would end up being implicated by forcibly coming forward for them.

“It’s okay, I believe he’ll handle things well.”

Willow shook her head. Then, she quickly brought the medical kit and applied a thin layer of medicine on Candy’s back.

After Sean left the villa, he made a few phone calls immediately.

Immediately afterward, he made another phone call to Soaring Wyvern Nightclub.

Flint Howard, who received the call, felt the anger in Sean’s words and was so frightened that he quickly put down everything in his hands and did things according to Sean’s instructions.

The Guardian’s Sword By Talking Cigarette
Chapter

After arranging everything, Sean drove immediately to Faye's house.

He originally thought that since Simon and others got their confidence from the Zimmer family, he would ruin the Zimmer family first, and then only discuss matters with the Quinn family afterward.

So during this time, he did not want to bother the Quinn family, nor did he want to have any interaction

with them

However, Faye had gone beyond Sean's limit.

After being a cripple for two years, apart from Willow's meticulous care, only Leah and her daughter of the Quinn family had never treated Sean badly.

Candy, that innocent child, her pure eyes had warmed Sean's heart over the past two years.

She always took the candies or chocolates that she received at school to give Sean some sweetness and

warmth.

Sean had remembered it all clearly.

He would not ignore Candy just because she was young.

Kindness was kindness.

Regardless of their identity or age, kindness was still kindness.

For Sean, hatred must be avenged.

The Guardian's Sword By Talking Cigarette
Chapter

Kindness, of course, would also need to be repaid.

Those who bullied the people around him would have to pay the price.

Faye Quinn's house.

Willow was also a member of the Quinn family but she lived with her family in her old house that was built more than ten years ago.

However, Faye's family lived in a detached villa in very lavish conditions.

In the living room, Faye and her mother, Liana Corbin, were eating snacks and talking.

"That little b*stard, she's quite stubborn. I've hit her so hard but she still didn't want to admit it."

Faye touched the necklace on her neck and snorted coldly.

Of course, the necklace was not stolen by Candy.

She was just looking for a reason to hit Candy.

"What's the use of having a baby girl?"

Liana also pouted. She did not want to admit that she was Candy's grandmother.

"Mom, do you know what they annoyed me the most?"

"They clearly know that we don't get along with Willow that b*tch, but they still look for her from time to

time.

The Guardian's Sword By Talking Cigarette
Chapter

“Did they do that to insult us?”

Faye gritted her teeth. This was what she was most angry about.

The reason she hit Candy was also because Candy was close to Sean.

However, when Leah met up with Sean, Leah did not mention this.

“Hmph! Since she’s so close with Willow, why doesn’t she stay at her house?”

“In the end, both of them still have to come back to us obediently.”

Liana picked up the TV remote control with a face full of pride.

“One word, b*tch!”

Faye pouted and said while eating potato chips.

“By the way, they went out again, I guess they went to look for Willow and that loser again.”

Liana thought for a while and said to Faye.

“Let it be.

“That little b*stard, maybe I didn’t hit her hard enough.

“I’ll make her suffer when she comes back.”

Faye was instantly furious when she heard the words from Liana.

Bang!

The Guardian’s Sword By Talking Cigarette
Chapter

Once her voice fell, suddenly there was a loud crashing sound outside.

At the same time, the alarm bell in the villa also rang rapidly.

“What’s going on?”

Faye and Liana were stunned for a moment, then they quickly ran out to look.

The iron gate of the villa was actually knocked to the ground by a black Wrangler.

The black Wrangler with a damaged front bumper rolled over the iron gate and drove directly into the courtyard.

Several maids in Faye’s house were so frightened that their faces turned pale and they fled.

The two security guards in black stepped forward with frowns.

Bang!

Once the car door opened, Zander Young, who had a brawny figure, got out of the car first.

Bang!

Smack!

A punch, a slap.

The two security guards in black were easily defeated by Zander.

“Wh-what are you trying to do?”

The Guardian’s Sword By Talking Cigarette
Chapter

Liana's eyes widened. She did not expect that someone would dare to do such a thing in broad daylight.

Someone just broke into the house without permission, got out of the car, and hit the security guards.

At this moment, Faye recognized Zander.

'When the Quinn family was looking for a bridegroom that day, wasn't this Zander guy a subordinate of Sean's?'

At this moment, Faye suddenly had a bad premonition.

Sure enough, in the next second, Zander opened the car door and Sean stepped out of the car.

His eyes were cold and his whole body was exuding a murderous aura.

The Guardian's Sword By Talking Cigarette Chapter 793

Chapter 793

Faye and the others were instantly stunned on the spot.

Sean was utterly furious right now.

His menacing look made people could not help but feel frightened.

As the highest-ranking commander of the army in the past, he killed countless enemies and his hands. were drenched in blood.

[The Guardian's Sword By Talking Cigarette](#)
[Chapter](#)

No people could resist Sean's imposing aura.

"Sean, w-what are you trying to do?"

Faye widened her eyes, pointed at Sean, and shouted.

Liana was also angry. She did not expect this loser Sean would dare to force his way through the gate of their house.

He abruptly used the car to crush the gate of their villa directly.

Was there no decorum in Sean's eyes?

Sean slowly raised his head and looked at Liana and her daughter.

Liana was acerbic and contemptuous.

Faye was dressed in luxurious and classy clothing with delicate makeup on her face.

In terms of appearance alone, this Faye was indeed good-looking. Although her appearance was incomparable to Willow's, it was indeed one in a thousand.

However, no matter how beautiful she was, in Sean's eyes, she was nothing but a poisonous snake.

Not to mention that Candy was her niece, even if Candy was a stranger's child, how could she be so cruel to her?

Thinking of the crisscross scars on Candy's back, Sean could not suppress the anger in his heart.

"Who hit Candy?"

Sean asked calmly as he stood in front of the car.

[*The Guardian's Sword By Talking Cigarette*](#)
[*Chapter*](#)

His voice was not loud but it contained an irresistible majesty.

“Haha...”

Hearing this, Faye sneered and she understood the reason why Sean came here.

Sean wanted to stand up for Leah and her daughter, so he came here to punish them?

“Candy is my family and what does it have to do with you?”

Faye folded her arms in front of her chest. She did not care how furious Sean was at this time.

In other words, she had no idea how serious this matter was.

Sean glanced at Faye, then shook his head slightly.

Some people would just wait till the fat lady sang.

When you talked to her nicely, she would think that you were afraid of her.

That being the case, Sean did not want to talk too much nonsense anymore.

Tuck!

Sean stretched out his hand to adjust his clothes and then walked toward the door.

Zander followed Sean closely.

The maids in Faye’s house started to step back one after another.

Even animals had an instinct to avoid danger, let alone people like them.

At this time, Sean's expression was as if he was going to kill people, which really frightened many people.

However, Faye stood on the steps with her mother with their arms folded in front of their chests as if Sean did not deserve to be in their eyes.

She really did not believe what this loser dared to do to them.

Sean walked steadily in front of Faye and started speaking lightly.

"I was asking you a question but you were ignoring it.

"If that's the case, then there's no need to answer.

"Now, please kneel before me."

Faye was stunned when she heard the words and then she cursed.

"Loser Sean! Are you seeking death now?.

"Do you know whose house is here?"

"Slap her."

Sean said lightly with an expression that remained unchanged.

"Yes!"

Zander responded immediately and came toward Faye.

However, Zander hesitated after raising his hand.

After all, the person in front of him was a woman!

“Come on, hit me if you dare! You’re insane!”

Faye was a little scared at first, but after seeing Zander hesitate, she immediately snorted and shouted.

Zander frowned slightly. He still could not do it.

However, he did not dare to disobey Sean’s order, hence, he was in dilemma for a while.

“Who gave you the guts to hit me?”

“Come one, hit me now if you dare!”

Faye pouted and sneered with a proud face.

Swoosh!

At this moment, a hand was stretched out and pulled Zander aside directly.

The next second, a strong wind seemed to blow, making Faye unable to stop her eyes from squinting.

Smack!

The next second, a loud slap landed crisply on Faye’s face, which was covered with expensive cosmetics.

Thud thud thud!

Thud thud thud!

Faye received a solid slap and fell backward. Her high heels stumbled on the ground and made a clattering sound.

It was Sean who slapped Faye.

Straightforward without any hesitation.

Zander obediently stood aside. He was not as straightforward as Sean.

"As you wish.

"I've hit you, so what?"

Sean asked calmly.

Liana was stunned on the spot and did not respond for a while.

This loser Sean actually dared to slap Faye?

"A-are you crazy?"

Liana widened her eyes and shouted at Sean.

As for Sean, he did not even look at her. Everything had to be resolved one by one.

"Loser Sean, have you lost your mind? You're really a loser!

"How dare you hit a woman?"

Faye covered her face with one hand, gritted her teeth, and cursed at Sean.

"Woman? Do you think you're qualified to be a human?"

"You can beat a five-year-old little girl until there are scars all over her body.

"How dare you say that you're a human with such beastly behavior?" Sean asked indifferently.

"You! How dare you hit me! I'm gonna kill you!"

Faye could not accept this. Abruptly, she shot up in a frenzy as she pounced at Sean.

Smack!

Another crisp sound.

Faye fell backward after being slapped by Sean again.

The delicate makeup on her face was also instantly smudged.

This time, Faye completely stayed down and no longer dared to pounce on Sean but just looked at Sean with gritted teeth.

Those vicious eyes seemed to want to tear Sean into pieces.

"Loser Sean!

"How dare you hit my daughter! Do you know where this is!

"No matter what, I'm your aunt too!"

[The Guardian's Sword By Talking Cigarette](#)
[Chapter](#)

Liana originally wanted to help her daughter to hit Sean but now she was a little panicked when she saw that Sean slapped Faye mercilessly.

“Whose aunt are you?”

“The Quinn family and I’ve already dissociated with each other, so whose aunt are you?”

Sean sneered and threw a question back at Liana, making her speechless.

She was also involved in the matter of driving Sean away from the Quinn family.

Sean had now dissociated with the Quinn family. Hence, he naturally had nothing to do with Liana.

The Quinn family was now like strangers to Sean.

There would not be shown the slightest bit of kindness.

“If it weren’t for this matter, I wouldn’t be interested in coming here at all.

“Now, Candy has been hurt, and I’m here to ask for an explanation.

“Since you can’t explain it, then I’ll use my own way to seek justice for Candy.”

Sean said calmly as he straightened his clothes.

“That’s our family business, what right do you have as an outsider to intervene?”

“Candy is my granddaughter and I’m her grandmother!”

Before Liana could finish speaking, she was interrupted by Sean.

“Are you worthy?”

The Guardian’s Sword By Talking Cigarette
Chapter

Just these three words made Liana turn red.

She had also hit Candy in the past but it was not as serious as this time.

Later, Liana also did stop Faye when she hit Candy, but soon Faye convinced her to stand aside.

Originally, they thought that Leah was just the daughter-in-law of the Quinn family and she had no other

family members, so there was no one to support her, and they could just do anything they wanted to her

However, how could they have thought that Sean would come to seek justice for Leah and her daughter so forcefully?

This made Liana uncertain about what to do for a while.

If she were to fight, she would definitely be unable to defeat Sean.

Then she could only use another way to solve this matter.

Seeing that Liana did not speak, Sean slowly retracted his gaze.

"I saw someone made a call just now, right?"

"No problem!"

"Don't say that I didn't give you a chance."

"You can make as many phone calls as you want, and also call as many helpers as you want."

"I, Sean Lennon, want to see how capable the Quinn family is today."

The Guardian's Sword By Talking Cigarette
Chapter

Once Sean finished speaking, Zander had already held a chair and placed it behind Sean.

Sean sat down unceremoniously and slowly, without the slightest intention to leave.

This clearly meant that he wanted to fight with the Quinn family to the end.

Was the Quinn family's background strong enough or Sean was stronger?

Today, Sean was going to compete with the Quinn family.

"Sean, you'll regret it, you'll definitely regret it.

"No one has ever dared to hit me! I'll make you regret it!"

Faye put down the phone, pointed at Sean, and shouted.

"Oh, I wanna see how you're gonna make me regret it."

Sean did not even look at Faye. If it was not for Candy, he did not want to have any interaction with the Quinn family at all.

However, since it happened today, he thought of dealing with everything today.

He would definitely take Candy away from this place..

If things were not handled well today, Faye would definitely try to make things difficult in the future.

It would be better to directly give them a chance to let them use all the means at their disposal.

That way, it could be settled with once and for all.

No matter what means Faye came up with, either money, power, or force, Sean would deal with it all today.

At this moment, Sean was sitting imposingly in the center of the living room with the stairs in front of him.

The entire courtyard of the villa was silent.

Only Faye was holding a mobile phone and kept sending messages.

Soon, a group of people quickly made their way over.

Looking at the clothes on them, they turned out to be the security guards of the community where Faye's house was located.

They were the closest to here and naturally they would arrive first.

A group of ten security guards, who were all tall and sturdy with black rubber batons in their hands, looked imposing.

Seeing these people coming, Faye and Liana immediately became spirited and gained some confidence.

"What are you guys doing here?"

"Why did you break into the mistress's house?"

A security guard, who led the group of ten security guards, looked at Sean with a frown.

Anyone could see that Sean was the star of the show.

"Mr. Quest, knock them down first.

'They broke into our residence and assaulted our people.'

The Guardian's Sword By Talking Cigarette
Chapter

Faye pointed at Sean and shouted.

Mr. Quest frowned and looked at the two security guards who were knocked down by Zander, and then directly walked toward Sean, followed by a few security guards.

“You are to come with us.”

Mr. Quest snorted coldly at Sean.

Crack! Crack!

Zander cracked his wrist and made an ominous crackling sound.

“Who do you think you are? How dare you speak to Mr. Lennon like that?” Zander walked directly toward Mr. Quest with a cold expression.

“You asked for it!”

Mr. Quest directly raised the black rubber baton in his hand and slammed it toward Zander’s head.

Swoosh!

However, Zander avoided it with great ease. Then, he grappled and countered Mr. Quest instantly.

Bonk!

[The Guardian’s Sword By Talking Cigarette](#)
[Chapter](#)

It was followed by another ruthless punch, which directly knocked Mr. Quest to the ground, clutching his abdomen.

Zander, a steel-boned tough soldier, was second only to Sean in terms of combat power among the army.

Not many people could withstand his punch.

If he was not strong enough, he would not be qualified to be Sean's personal guard.

The remaining nine security guards rushed towards Zander when they saw their captain being beaten.

Sean sat still with no intention of helping.

If Zander could not even defeat these few people, then he was not qualified to stay by Sean's side.

Bang!

Thump!

Sure enough, Zander could fight nine security guards by himself without breaking a sweat.

He was like a tiger entering a flock of sheep and his movements were fast and ruthless, leaving these security guards unable to resist.

Anyone who was hit by Zander could hold up to two punches at most and then fall to the ground.

That pair of iron fists seemed to have endless power, knocking these security guards down.

The Guardian's Sword By Talking Cigarette
Chapter

Just over a minute later, Zander stopped and stood up.

Ten security guards were knocked onto the ground and had lost their strength to fight on the spot.

Faye, Liana, and their maids were all dumbfounded on the spot.

Sean's bodyguard was so fierce and tough?

Ten people fought against Zander together with weapons but they could not even touch the hem of Zander's shirt?

Moreover, Sean just sat still with a relaxed expression.

He must have known in advance that these people could not defeat Zander, right?

"Call the police! We're going to call the police!"

Mr. Quest sat on the ground and took out his mobile phone.

Zander snorted coldly and was about to step forward to stop him.

"Let him **call!**"

"Make as many phone calls as you want.

"Call as many helpers as you wish.

"I'll wait here."

Sean leaned back in the chair and took out a nail clipper to trim his nails very leisurely.

His attitude was expressed very clearly.

The Guardian's Sword By Talking Cigarette
Chapter

He would let them call as many helpers as they wanted.

When they had no one left to call, Sean would then talk with them again about the matter.

This was Sean's usual style of dealing with things in the army. Only after the enemy were convinced, then only they would be open to talking.

"You can call anyone you like but you all must stay on the ground obediently.

"Whoever moves, I'll beat them up."

Zander pointed at the ten security guards on the ground and said in a deep voice.

"Do you know which company we are from? You're seriously asking for trouble now!"

A hot-tempered young man beside Mr. Quest suddenly jumped up and almost wanted to identify himself.

Bonk!

Zander took a step forward and punched the young man's jaw until it was dislocated directly.

Then, Zander grabbed his arm and twisted it, causing the young man to scream like a pig.

"I don't care whatever your background is.

"Now, before Mr. Lennon speaks, you all have to stay on the ground obediently.

"Do you understand?"

Zander said calmly with coldness flickering in his eyes.

The Guardian's Sword By Talking Cigarette
Chapter

“Yes, we understand! We understand!”

The ten security guards nodded and shut their eyes obediently, not daring to move.

After these security guards were knocked down, Faye had become a lot more obedient.

She finally knew that what Sean said before did not seem to be joking with them, nor was he simply frightening them.

Today, he really intended to stand up for Leah and her daughter!

Faye and Liana glanced at each other and now they finally knew the seriousness of the problem.

Perhaps, this matter today might not be resolved peacefully.

However, the Quinn family was an established powerful family.

How could the connections of the Quinn family lose to Sean?

Vroom vroom vroom!

Not long after, there was a sudden roar of a car engine outside.

The sound was chaotic and rapid.

It sounded like there were several cars close by.

Sure enough, through the gate of the villa that was crashed by Sean, everyone saw six black SUVs parked

outside in unison.

The Guardian's Sword By Talking Cigarette
Chapter

Once the car door opened, Simon Quinn was the first to get out of the car.

Immediately afterward, several brawny men, who looked fierce and vicious at first glance, also walked down one after another.

Simon and Faye had always joined forces to bully Willow and her family.

Now that Sean was making trouble at Faye's house, Simon naturally would come to help.

"It's you loser again!

"You really have the guts huh!"

After Simon got out of the car, he saw Sean sitting in the center of the living room.

As he spoke, he led more than 20 brawny men toward the courtyard.

Seeing the ten security guards lying on the ground, Simon was slightly stunned but he did not care.

Only Sean and Zander were here, what could they do?

"Sean, you really have the guts to make trouble here.

"Today, I won't let you leave alive."

Simon stepped forward and walked straight toward Sean.

Swoosh!

At this moment, Zander took a step forward and stopped in front of Simon like a tower.

"You think the likes of you will have the ability to not let Mr. Lennon leave alive?"

The Guardian's Sword By Talking Cigarette
Chapter

Zander sneered, stretched out his hand, and grabbed Simon's collar.

"Let go of me!"

Simon frowned. He almost wanted to reach out and pull Zander's hand away.

However, Zander's hand did not move at all, while Simon's body slowly began rising in the air.

He was lifted by Zander with one hand.

Everyone was stunned on the spot.

"Mr. Lennon, what should I do with him?"

Zander grabbed Simon with one hand as he asked Sean.

"He's not qualified yet.

"Let him get on the ground together with them."

Sean said lightly without raising his head as he cut his nails.

Since Faye was not convinced, so Sean just let her call as many helpers as she wanted.

However, Simon was obviously not qualified as a helper.

Once Sean's voice fell, Zander grabbed Simon and threw him to the ground as if Simon was a little chick.

"Sean, how dare you hit me! You must have some sort of a death wish!"

Simon gritted his teeth and cursed at Sean although he was knocked down to the ground.

"I think it's not the first time I hit you, right?"

"But what can you do to me?"

Sean retorted with a mocking face, causing Simon to be stunned for a moment.

Since Sean regained his consciousness, he had beaten Simon at least twice.

Simon had no way of refuting this.

"I don't know if you still remember.

"There was one time the Quinn family was having dinner at the hotel.

"I said before that the Quinn family had better pray not to let the day when I, Sean Lennon, stand up come to pass."

Sean blew on his nails, then put away the nail clippers and slowly stood up.

Swoosh!

Faye, Liana, and their maids took two steps back in unison.

The Guardian's Sword By Talking Cigarette
Chapter

This was an act done **in** a haze.

It meant that they now had a kind of heartfelt fear toward Sean.

Even if they did not want to admit it, their movements said it all.

“Tell me, who do you think you are.

“You dare to interfere in what I’m going to do?”

Sean stood at the top of the steps and looked down at Simon condescendingly.

“You! I tell you!

“Before, I saw you as a cripple and didn’t want to lower myself to your level.

“And I gave face to you because I see you as a member of the Quinn family.

“Now that you’ve dissociated with the Quinn family, I can kill you whenever I like!”

Simon stood up and stepped behind the 20 or so people he had brought before he pointed at Sean and cursed.

“Come on, kill me now.”

Sean stretched out his arms with a calm expression.

“Go get them!

“Take both of them down now! I don’t care if they’re dead or alive!

“You trespassed on private property and assaulted the owner, killing you is now considered self–defense!

The Guardian’s Sword By Talking Cigarette
Chapter

Once Simon spoke, the 20 or so young people immediately pulled out a metal rod from their waists in

unison.

“Go get them!”

The 20 or so young people rushed toward Zander in a swarm.

Seeing this scene, Simon sneered while Faye and Liana also showed disdainful smiles.

Even if Zander had good fighting skills, what he could do?

Not even Hercules could contend against two-on-one!

Now he needed to face the 20 or so young people by himself, and these 20 or so young people were all armed with metal rods.

They did not believe that Zander could still defeat these people.

Today, both Zander and Sean would definitely be knocked down to the ground by them.

“Soon, I’ll have you kneel and plead for mercy and then crawl away.”

Simon sneered while staring at Sean.

However, Sean did not even look at him but looked at Zander.

“Can you do it?”

Sean looked at Zander and asked softly.

“Even with twice the numbers, none will be able to touch you either.”

The Guardian’s Sword By Talking Cigarette
Chapter

Zander smiled slightly without the slightest nervousness on his face.

Sean was once the highest-ranking commander in the army, how could the people serving him be so weak? 1

Zander Young was Sean's personal guard, his strength was at the very least terrifying.

Not to mention these were ordinary people, even if they were the special forces in the army, Zander could also easily defeat them.

The people Simon brought were just little shrimps in his eyes.

"Bragging! Beat him now!"

Simon did not believe a single word Zander said.

As for Sean, he just stood quietly in the same place. Since Zander said he could defeat them, then Sean would naturally believe him.

"After two years, I can finally fight for you again."

Zander loosened his collar and suddenly let out a sigh.

Since Sean left the army, Zander placated Blaze Lake with fair words so he was quickly promoted to a three-star commander by Blaze.

Since he had reached this position, he did not need to handle many things in person because the people around him would handle everything for him instead.

Only Sean was qualified to make Zander, a three-star commander, willingly be his personal bodyguard.

After two years, he seemed to have regained the feeling he once had.

After two years, he seemed to have regained the feeling he once had.

At this moment, Zander was so spirited that the upsurged fighting spirit in his eyes seemed to contain endless majesty.

Simon and the others were all slightly confused.

'Who was Zander?

'With such a strong aura on him, he must not be an ordinary person.

'But he's willing to be Sean's thug?'

As soon as Simon thought of this, he saw Zander suddenly shot out his hand and grabbed a young man's wrist in an instant.

Immediately after twisting the young man's wrist, the young man's hand was in pain, and the metal rod in his hand immediately dropped from it.

Swoosh!

Zander reached out and grabbed it, and the metal bar was firmly caught in his hand.

The Guardian's Sword By Talking Cigarette
Chapter

Clang!

Immediately after, Zander swung the metal bar to the left without even looking, blocking the attack of another young man.

Bonk!

The metal bar that he violently swung directly hit a young man in the side of the face.

That formidable force directly spun the young man upside down.

The Guardian's Sword By Talking Cigarette Chapter 797

Chapter 797

When the young man was still in the air, he had already spit out two teeth.

Without waiting for everyone to react, Zander was like a tiger entering a herd of sheep, brandishing the metal rod in his hand menacingly.

Bang!

Bonk!

Thump!

Every time it was swung, it would definitely hit a young man somewhere.

An ordinary weapon used by Zander seemed to be endowed with an invisible force, which could cause huge damage with a casual blow.

[The Guardian's Sword By Talking Cigarette](#)
[Chapter](#)

All the young men who were hit by the metal rod were injured on the spot and began retreating.

Some of them even suffered fractures on the spot.

The sound of metal on bone rang on and screams followed one after another.

The 20 or so young men attacked Zander at the same time, not only did they not even hit Zander once, but because the scene was too chaotic, they also accidentally hit their own people instead.

Zander far surpassed them by far in speed and strength.

This could not even be called a battle at all.

Zander stood in front of Sean alone and no one could pass through him to reach Sean's side.

He defeated the 20 or so young men in front of him all by himself.

The expressions of Simon, Faye, and others gradually turned stiff from the initial disdain.

Until the end, they were speechless in shock.

Zander was really strong!

Such a powerful person was only Sean's subordinate?

Then how terrifying was Sean's strength?

Simon's eyes widened and he glanced at Sean in horror.

'How strong is this former cripple?'

The Guardian's Sword By Talking Cigarette
Chapter

Bonk!

Zander knocked down another young man again.

At this time, more than a dozen people had been knocked to the ground.

As for the remaining young men, they kept retreating and then they threw away their metal rods in their hands, turned around, and fled for their lives.

They got into their cars and escaped without looking back.

“That’s it? I haven’t even warmed up yet.”

Zander flexed his shoulder, making a crackling **joint** sound.

Simon made a huge gulping sound. He was speechless.

Thud!

Thud!

Sean slowly walked down the stairs and came toward Simon.

At this moment, Simon really had the urge to turn around and run away.

However, when he made eye contact with the fierce look in Sean’s eyes, it was as if someone cast an immobile spell on him, he was rooted to the spot.

Even his legs had turned to jelly and trembling constantly.

“Now, tell me, how do you plan to interfere in my business?”

“How are you going to stop the person I want to hit?”

The Guardian’s Sword By Talking Cigarette
Chapter

Sean said calmly as he glanced at Simon.

He originally intended to let things be if he did not have to make a move. Since he decided to make a move, now he must thoroughly convince Simon about the situation.

“You can continue to call more helpers to come.

“What I have got the most today is time.”

At this time, although Sean was looking at Simon, he gave people the feeling that he was looking down at Simon.

“Sean, y-you stop being crazy...”

Simon gritted his teeth and still wanted to say a few harsh words.

Smack!

However, before Simon could **finish** his words, Sean suddenly slapped him across the face.

This slap directly made Simon swallow his unfinished words.

His body could not help but retreat backward.

Swoosh!

However, Sean reached out and grabbed his collar, not letting him retreat backward at all.

“I’m crazy but what can you do to me?”

When Sean asked this question, his eyes were full of scorn.

It seemed that Simon Quinn, the eldest son of the Quinn family, was like an ant in his eyes.

“Y–you...”

Simon widened his eyes and covered his bruised face with one hand, trembling with anger.

Smack!

Sean gave him a backhanded slap again.

“I’m being crazy today, what can you do to me?”

“When I gave face to the Quinn family, you should have been grateful.

“Since you didn’t appreciate it, now there are no more chances for regret.”

“You wait!”

Simon took out his mobile phone and quickly made a few calls.

However, he did not notice that Sean had already taken out his mobile phone and sent a few text

messages.

If Simon and others were convinced to stop, then this matter would end here.

If they were still not convinced, Sean had prepared a lot more surprises for them.

Soon, the roar of car engines came again from outside the villa.

This time, more than ten cars came.

Two of them were luxury supercars that were worth millions.

Simon, as the second generation of the Quinn family, naturally knew a lot of idle rich heirs of River City.

These were the new group of people that was called by him.

Once the car door opened, around five or six rich heirs, who were wearing brand-name clothes, came over under the protection of a group of young men in black.

You could tell that these young men in black were not someone to be messed with at first glance. All of them were ferocious and they were also holding machetes with sharp edges in their hands.

Extremely sharp with a cold gleam.

40 or 50 young men entered the villa.

When Zander saw this scene, he finally frowned slightly.

Simon instantly perked up, pointed at Sean, and cursed again.

"Hah, are you afraid now?"

"When two trash gathered together, it's still trash."

The Guardian's Sword By Talking Cigarette
Chapter

"I want to see if the two of you still can cause trouble today!"

These 40 or 50 young men were all arrogant and contemptuous.

They directly spread out and surrounded Zander and Sean.

Zander was a little hesitant.

Obviously, he could not defeat so many people by himself.

However, seeing the calm expression on Sean's face, Zander felt a little at ease.

"Sean, I'll give you a chance now. If you leave here on your knees, perhaps I won't hit you too hard."

Simon took a machete and pointed **at** Sean with the tip of the knife and shouted.

"How dare you!"

Zander took a step forward and was about to hit Simon.

Sean used to be a nine-star commander in the army, who would dare to point at him with a weapon? **2**

This was definitely a capital crime!

Simon gritted his teeth and ordered directly.

"Shut up! Hack him to death first!"

Swoosh!

The 40 or 50 young men in black rushed over in a swarm.

The Guardian's Sword By Talking Cigarette
Chapter

“Whoever moves, I’ll chop them up and feed the dogs with them!”

At this moment, a loud roar suddenly came from outside the villa.

Everyone was stunned for a moment, and then they stopped rushing forward.

Before they could react, they heard the roar of car engines sounding one after another.

Swoosh!

When everyone looked back, they saw another off-road vehicle of the same model and color had arrived outside the villa again.

10 vehicles, 20 vehicles, 30 vehicles!

No less than 50 all-black off-road vehicles directly blocked the entire gate of the villa.

Before the vehicles stopped completely, the doors were kicked open, and then several burly men that were tall and sturdy stepped out of their cars one after another.

10 people, 50 people, 100 people, 200 people!

At least, more than 200 people had gathered and walked toward the villa in unison.

When the people Simon called saw this scene, their faces turned pale.

You could tell at first glance that these people who had come at this time were the real people from the underworld.

The aura on them was definitely not comparable to that of mere delinquents.

Every burly man had a sturdy look and walked at a steady pace.

The Guardian’s Sword By Talking Cigarette
Chapter

When these 200 or so people gathered together, it instantly gave people a feeling of suffocation.

“Tell me who wants to hit Mr. Lennon?”

“Is it you?”

A middle-aged man frowned slightly and looked at Simon and the others.

It was none other than Bill Wallace.

He used to work for Flint Howard and was his top dog.

Anyone from **the** underworld in River City had to greet Bill Mr. Wallace whenever they saw him.

The moment they saw Bill, Simon’s and the others’ faces turned even paler.

Bill represented Flint Howard!

Sean could actually order Flint Howard to do things for him?

Those rich heirs, who used to be arrogant all their lives, were all behaving like meek sheep and remained silent at this moment. They did not dare to answer at all.

“Mr. Lennon...”

Faye gritted her teeth slightly. Perhaps she already knew who Mr. Lennon mentioned by this middle-aged man was, right?

“I’m asking you! Is it you who wanted to hit Mr. Lennon?”

Bill took a step forward, grabbed the hair of a rich heir, and threw him aside.

The Guardian’s Sword By Talking Cigarette
Chapter

Still, no one said a word.

Everyone obediently kept their heads low and did not dare to raise their heads.

They indeed were rich heirs but when facing Bill, they did not even dare to breathe.

Who was Bill Wallace?

He was the boss! Mr. Wallace!

The person who was backing him was Flint Howard! 1

Flint was the new kingpin in the underworld of River City.

How would dare to offend him?

Not to mention that rich heirs like them, even the powerful Reach For Will Group would not dare to confront a scoundrel like Flint.

“Mr. Wallace, w-we didn’t know that Mr. Lennon was your friend...”

Among the thugs Simon called, one of the young men who led the team explained carefully.

Smack!

Bill directly gave him a backhanded slap.

“Friend?”

“You’re f*cking blind! Mr. Lennon is my boss!”

Bill’s words made everyone present stunned again.

The Guardian’s Sword By Talking Cigarette
Chapter

In the underworld of River City, who did not know the name of Mr. Wallace?

At this time, he publicly stated that he was not even qualified to be friends with Sean.

Sean was his boss!

Simon's legs instantly went weak and he fell to the ground with a thud.

At this moment, he had finally understood that no matter who he called over, it was useless.

Sean had a close relationship with the most powerful force in River City's underworld.

Who else could Simon ask for help?

Who would still dare to help him with this?

The Guardian's Sword By Talking Cigarette Chapter 799

Chapter 799

Simon's face turned extremely pale.

Faye and her family trembled uncontrollably.

[The Guardian's Sword By Talking Cigarette](#)
[Chapter](#)

They could not believe that this loser, who had to rely on the Quinn family to survive for two years, was so powerful!

In just a few days, he had become a big shot in the underworld of River City?

Even a kingpin of the underworld like Mr. Wallace had to greet him as Mr. Lennon respectfully.

This was incredible.

“Mr. Lennon, what should we do with these people?”

Bill turned his head and asked Sean submissively.

These rich heirs, who were arrogant before, were now behaving obediently like little sheep, keeping their heads low and waiting for Sean’s judgment.

If it were not them, but their parents who were here instead, they still had to be obedient in front of Bill.

Bill might not be that scary, but how many people dared to provoke Flint, the person who backed Bill?

No one **would** believe that Flint was able to reach his current position without the protection of a big shot.

With Flint’s current power, it would be easy if he wanted to ruin any small company.

These rich heirs, who were arrogant and always like to bully ordinary people at will, had finally met their match today.

The faces of the 40 or 50 young men in black, who were called to help, were even paler and bloodless.

These rich heirs still had some background, but these young men were just delinquents at the bottom of

society.

Bill could easily kill them with just one word!

Whether they would live or die was entirely up to Sean to decide at this time.

Thump!

The young man in black who took the lead directly knelt before Sean.

“Mr. Lennon, Boss Lennon, a great man rarely stoops to pettiness or harbors grievance for past wrongs. I’m sorry for being too ignorant to recognize you, please don’t lower yourself to my level...”

The eyes of the young man in black were filled with pleading.

Thump! Thump!

As the people he brought over did not dare to hesitate and knelt after seeing their boss do so as well.

There was the sound of knees dropping to the ground one after another, and in an instant, a large crowd. of people knelt in front of Sean.

Originally, the 40 or so young men in black were armed with machetes and were arrogantly preparing to knock Sean down.

However, since they came to the scene until now, Sean had been sitting in the chair without moving.

The Guardian’s Sword By Talking Cigarette
Chapter

At this moment, these people were like the humblest ants, kneeling on the ground obediently, begging for

Sean's forgiveness.

They were all on their knees, not even daring to breathe.

The few rich heirs were still concerned about their dignity, so they stood still with gritted teeth.

"You've more brains than them?"

Bill stepped forward and slapped a rich heir on the head.

Although Zander was also very fierce, he was educated in the army before, so he would not be too

aggressive.

As for the underworld people like Bill, they would not care about manners, right?

In Bill's world, people with low status had to be looked down upon by others.

Therefore, Bill could be rude to these rich heirs.

After a few slaps from Bill, several rich heirs knelt obediently.

Simon still maintained a slumped posture, looking at this scene with a dazed look.

Bill glanced at him, hesitated for two seconds, then stopped walking.

After all, Sean had also stayed with the Quinn family for two years before, so Bill would definitely not take action against the Quinn family without permission.

The Guardian's Sword By Talking Cigarette
Chapter

At this time, the entire scene was once again controlled by Sean.

The people who came to deal with him all kneeled on the ground obediently.

Simon, Faye, and the others were all trembling with pale faces.

They found that the current Sean was really very different from the past.

He had a pair of fierce eyes with a strong aura and his background was even terrifying.

They knew that they really could not defeat such a powerful Sean.

“Let me think, what did you guys just say you wanted me to do?”

“Let me get out of here on my knees?”

Sean touched his chin lightly and said in a bantering **tone**.

Hearing this, Bill suddenly widened his eyes and thought to himself, ‘Who dares to say such a thing to Mr. Lennon?’

‘They’re really a snobbish pig!’

“Mr. Lennon, I got it.”

Bill reacted immediately, and then looked at the 40 or so young men.

Swoosh!

Seeing Bill’s eyes, everyone was shocked and hurriedly knelt and straightened their upper body.

“Since you’ve all chosen the ending for yourselves, do you still want me to show you what to do next?”

Everyone trembled even more after hearing this.

“Mr. Lennon, Mr. Wallace, I’ll get out of here now, we’ll get out of here right now...”

The 40 or so young men left the villa on their knees without any hesitation.

The other rich heirs also followed suit on their knees with aggrieved feelings and anger towards Simon.

They hated Simon so much now.

They could not wait to chop Simon into pieces in order to relieve their anger.

The Guardian’s Sword By Talking Cigarette Chapter 800

Chapter 800

If they knew that Sean had such a formidable background, how would they dare to interfere in this matter, right?

In short, this matter was not over yet. They were waiting to get even with Simon.

After these people left, Bill waved his hand and motioned to the 200 or so people to disperse and stand in the courtyard of the villa and wait for Sean’s order at any time.

Simon, Faye, and others all were silent. They did not even dare to breathe.

[The Guardian’s Sword By Talking Cigarette](#)

"You can keep calling more helpers to come."

Sean said calmly while leaning back in the chair.

Simon and others all remained silent.

To find more helpers?

Who else could they find now?

In this society, there were three ways to settle things.

Money, underworld, and politics.

Sean did not stand up for Leah and her daughter for money at all.

As for **the** underworld, Sean had a close relationship with a big shot like Bill. Hence, those rich heirs Simon knew were of no use at all.

The only thing he could count on was that people from River City's government office would come to punish Sean.

Hence, Simon was now waiting for the people from the government office to come.

Although he knew that Sean knew several people in the government office, the Quinn family was not without connections with the government office.

The most important thing was that Sean first trespassed on private property and wounded the security guard of Faye's house.

He did not believe that he would not be able to convict Sean of trespassing on private property and creating trouble along with intentionally hurting people.

Sean glanced at Simon and noticed the change in Simon's expression.

The Guardian's Sword By Talking Cigarette
Chapter

It seemed that Simon had not given up yet!

That being the case, then Sean did not mind waiting a little longer.

Today, if Simon was not conquered, there would be a lot of troubles in the future.

During the business war between him and the Zimmer family, he did not want the Quinn family to get in the way.

Ten minutes had passed.

Two cars approached outside again.

Moreover, the special number plates hung on these two cars were very different from ordinary license plates even in color.

1

A middle-aged man in formal clothes, followed by two attendants, a man, and a woman, walked into the courtyard of the villa.

“Mr Zedric, here you are!”

When Simon saw the person coming, his eyes immediately lit up with excitement, got up and walked over to greet him.

“Mr. Lennon, **this** person is a little difficult to deal with.”

Bill frowned slightly and whispered beside Sean.

This middle-aged man was called Thomas Zedric. Strictly speaking, his position was slightly higher than Hayden Luke, the head of the government office.

The departments under Hayden’s jurisdiction dealt with many complicated matters.

[The Guardian’s Sword By Talking Cigarette](#)
[Chapter](#)

As for Thomas, he specialized in managing the public security of River City.

Even a big shot in the underworld like Bill would lose to him.

“Really? Then I really want to see what he can do to me.”

Sean said calmly and he still did not get up.

Simon knew that Sean was acquainted with Hayden, so he invited Thomas. It seemed he was well- prepared!

That being said, how could Sean not have any preparations?

Simon came up to Thomas and complained and exaggerated the matter.

“Mr. Zedric, this person’s name is Sean Lennon. He used to have some relationship with the Quinn family.

“But I won’t talk about those things now, I’ll just tell you what happened today. He crashed the gate of my

cousin’s house with his car.

“And after coming in, he assaulted two security guards and threatened us. He asked us to call the police, he said he’ll wait for **us** to sanction him.”

Thomas nodded slowly, then looked in Sean’s direction.

“You really have the guts huh!”

At a glance, he saw Bill standing beside Sean.

“Bill Wallace? You’re here too?”

The Guardian’s Sword By Talking Cigarette
Chapter

“Why are you here?”

Thomas coldly looked at those brawny men in black standing in the courtyard again.

As for those brawny men in black, their expressions were a little unnatural when they faced Thomas.

Thomas specialized in the management of River City’s public security, including the governance of the

underworld.

Among these people present, many people here were arrested by Thomas before.

Thus, they subconsciously felt fear when facing Thomas.

“Mr. Zedric, you must get justice for us!

“Bill and those young men are all helpers that Sean called over!

He even threatened us that he’ll kill our family!”

Faye’s mother, Liana Corbin, rolled her eyes twice, then suddenly stepped forward and started complaining tearfully to Thomas.

“Bill, is it because I didn’t talk to Boss Flint for the past few days, so you guys started to make trouble again?

“If you’re doing business seriously, I wouldn’t have bothered about you, but what are you doing now?”

Thomas snorted coldly, looked at Bill, and asked.

“Well...”

The Guardian’s Sword By Talking Cigarette
Chapter

Bill lowered his head slightly and was lost for words.

Seeing this scene, Simon and Faye both showed smugness on their faces.

Were Sean and Bill not pretty presumptuous just now?

Now that Thomas was here, why were they not being presumptuous anymore?

When Bill met Thomas, it was more like a mouse meeting a cat, and he did not even dare to speak loudly.

“Now, leave immediately with your people.

“Otherwise, I’ll have someone come over and invite you to my office.” Thomas said lightly as he glanced at Bill.
