Chapter 1351 - 1360

Chapter 1351

After all, what Old Madam Quinn said was true.

If Sean were only a soldier, he would not be able to build a billion-dollar company like Reach For Will Group.

Besides that, Sean fled River City just when someone came to investigate.

All this seemed to prove that Sean was guilty!

Still, Willow did not believe Sean was such a person.

"To tell you the truth, it's true.

"We know this because the people investigating Sean spoke to the Quinn family.

"Of course, we don't know where Sean went. Do you?"

Old Madam Quinn asked Willow as she tapped on the desk.

"I don't know."

Willow immediately looked up and said earnestly.

She did not know. Even if she did, there was no way she would rat out Sean.

"Willow, harboring is a crime.

"Not only you but the whole Quinn family will also be implicated. You better think it through!

“Your grandfather wouldn’t want to see the Quinn family destroyed.”

Old Madam Quinn curled her lips and mentioned Old Master Levi Quinn.

Willow was speechless, but she really had no idea where Sean was.

“I really don’t know where he is.”

Willow whispered in reply, shaking her head.

“Then call him and tell him to come back and face the music.

“Lest he troubles the Quinn family.”

Simon said with a frown.

“Yes!”

Old Madam Quinn and Faye nodded quickly.

“We never got in touch.

“We’ve never been in touch since Sean left.”

Willow shook her head and said again.

“This is no joke, Willow.”

Old Madam Quinn pondered for two seconds before warning Willow again.

“When I say no, I mean no.

“Take my phone and check if you don’t believe me.”

H

Willow simply unlocked her phone and left it on the desk.

“It’s not that I don’t trust you. I just don’t want the Quinn family to be implicated.”

Old Madam Quinn said she believed Willow, but she asked Simon to check her phone anyway.

There was no trace of any contact with Sean.

It was why Sean had not contacted Willow for so long.

Because the impact on him was secondary. The bigger reason was that it would bring unnecessary trouble to Willow.

Therefore, Sean put up with not contacting Willow after being gone for so long.

“Alright, since Sean can’t come back, there’s nothing we can do.

“But we can’t sit back and wait. We have to cut our losses.

“Lest we put the Quinn family in a situation where we can never recover from.”

Old Madam Quinn mused for two seconds before saying quietly.

“What do you want to do?”

Willow was not in the mood to hear what Old Madam Quinn and the rest had in mind.

All she could think about was Sean being a wanted man.

She wanted to find Sean and ask him face-to-face.

“First of all, Quinn Corporation must disassociate itself from Reach For Will Group.

“Otherwise, once Sean is found guilty, Quinn Corporation’s assets will also be seized.”

Old Madam Quinn was not exaggerating to scare them.

After all, 60% of Quinn Corporation's shares were owned by Willow.

Quinn Corporation was also a subsidiary of Reach For Will Group.

If Reach For Will Group were to be charged, it was inevitable that Quinn Corporation would be implicated. However, Willow shook her head.

"Sean never wanted to take over Quinn Corporation.

"So Quinn Corporation is now only working with Reach For Will Group. We're not subsidiaries.

"You don't have to worry about that."

Willow whispered, shaking her head slightly.

"But you're part of Reach For Will Group, aren't you?"

"Your cosmetics company is part of Reach For Will Group, and you are the legal representative of this company.

"Doesn't your share of Quinn Corporation represent it belongs to Reach For Will Group?"

Faye frowned and sneered at Willow.

Willow was speechless.

"Alright, stop arguing. Let's talk it out nicely.

"Willow, you should be able to see the situation in front of you.

"So give your shares of Quinn Corporation back to Uncle Sam.

“Then you can slowly dissociate from Reach For Will Group. It will be better for you and the Quinn family,”

Chapter 1352

Chapter 1352

Old Madam Quinn coughed and finally said what she wanted.

“No way!”

However, Willow rejected them flatly.

“Sean gave me the shares. I can’t give them away.

“Also, I can’t disassociate myself from Reach For Will Group.

“I will help Sean to look after it and live with it as long as he doesn’t come back!”

Willow got up and spoke with absolute determination.

It was as if nothing could change her mind.

“You! Are you trying to piss me off?”

Old Madam Quinn was so mad that she slapped the table.

However, Willow just stood there and said nothing to resist them silently.

“Willow, I’m telling you!

"You have to hand over the shares today whether you like it or not!"

"It's not up to you!"

Simon took a document from his bag and threw it onto the desk.

Faye took out a pen and an inkpad.

It seemed that they could not talk it out with each other and were forcing Willow to sign the document!

"It's not up to you either!"

Willow gritted her teeth and turned to leave.

"Stand there!"

Faye immediately got up and grabbed Willow's arm.

"Let go!"

Willow snapped and tried to struggle.

However, Simon also helped. How could Willow match their strength?

Old Madam Quinn sat on the couch and said nothing the whole time as if she gave permission.

"Let me go!"

"Sean gave it to me. You can't take it!"

Willow struggled, but Faye and Simon forcefully grabbed her hand to put her fingerprint on the contract. "Haha, Sean?"

“Why will Sean have time for you when he can’t even protect himself?”

“He can protect you when he’s in River City. Try and ask him to protect you now!”

Simon grabbed Willow’s hair while his other hand forcefully grabbed Willow’s hand and pressed it onto

the ink pad.

“Hurry up!”

Faye immediately picked up the contract and pressed Willow’s finger on it.

“Don’t count on Sean to save you. We don’t even know if he’s alive.”

Faye curled her lip, grabbed Willow’s finger, and pressed it on the contract.

Bang!

Just then, the door was kicked open.

Swoosh!

Simon and the rest instantly turned to look at the door.

“Are you itching for trouble?”

Harry marched in with a grim expression.

Ten burly men followed closely behind him.

“You...”

Simon recognized Harry at once.

However, Harry had no intention to let him talk nonsense. He walked up to him and slapped him across the face.

Slap!

There was a loud slap, and Simon stumbled a few steps back.

Then Harry turned to look at Faye.

“You... I’m a woman. Are you going to hit me?”

Faye asked with wide eyes as she quickly let go of Willow.

Slap!

Harry frowned slightly and slapped her.

“So what if I hit you?”

“Do you have thorns in your face that I can’t slap?”

Harry slapped Faye to the ground.

“How dare you?”

Old Madam Quinn banged on the desk and snapped through clenched teeth.

“Old Madam, I don’t want to touch you because of your old age, but you’d better shut up.”

Harry turned his head sharply, a cold chill in his eyes.

That glance made Old Madam Quinn shut up.

“Listen.

"You can't do anything you want even if Commander's not around.

"I can still teach you a lesson!"

Harry pointed at Old Madam Quinn and the rest, his tone icy.

The Guardian's Sword By Talking Cigarette

Chapter 1353

Chapter 1353

The office fell into a deathly silence for a moment.

No one expected Harry to show up suddenly.

Besides that, he slapped Simon and Faye onto the floor as soon as he appeared!

"You! You!"

Simon pointed at Harry, his eyes full of shock.

Since Sean and Zander left, Harry also disappeared.

Vice president Qamar was in charge of Reach For Will Group, so they thought Harry had left with Sean.

However, they did not expect Harry to be here.

He seemed to be secretly protecting Willow.

"Ms. Quinn, are you okay?"

Harry turned to look at Willow.

"I'm fine."

Willow shook her head, dumbfounded for a moment.

However, it did not take her long to come to herself.

Sean might have left, but he must have asked Harry to stay behind to protect her!

Willow was touched by the thought.

She knew Sean would not leave her behind.

Harry nodded gently and looked at the contract in Faye's hand.

As soon as he got the news, he quickly brought his men over.

He did not expect Simon and the rest to force Willow to press her fingerprint.

Harry pointed at the three of them, his heart boiling with anger.

Since Sean left, Old Madam Quinn and the rest had been restless again.

However, Harry would leave them alone as long as they did not go after Willow.

However, they went after her anyway today.

Thud! Thud!

Harry walked slowly over to Faye's side.

"What are you doing?"

Faye was still sitting on the ground, her eyes full of horror.

Old Madam Quinn and the rest did not expect Harry, head of Reach For Will Group, to be such a good fighter.

“Give me the contract.”

Harry held out his hand without saying much.

“No!”

Faye immediately put the contract behind her.

After all, the contract was not only a piece of paper.

It represented 60% of Quinn Corporation’s shares.

Whoever got it would be the chairman of the Quinn Corporation and the new head of the Quinn family.

She went to a lot of trouble to get Willow to press her fingerprints on it. How could she give it up?

“I’ll say it again.

“Give it to me.”

Harry narrowed his eyes slightly. They were cold.

“What’s so tough about bullying a woman?”

Simon yelled through gritted teeth.

“So you’re tough for bullying Ms. Quinn?”

Harry asked in reply without looking back.

“And if you don’t agree, come to me.

See if I’m going to bully you all the same.”

Harry’s two-sentence left Simon speechless.

“I won’t give it to you!”

Faye’s eyes moved as she tucked the contract into her chest.

She deliberately behaved shamelessly by taking advantage of being a woman.

However, she was facing Harry today.

Who was Harry?

He was Zander’s right-hand man.

However, he was also a fearless soldier on the battlefield.

Gender did not matter to soldiers. All that mattered was whether you were an enemy.

If

you were an enemy, they would kill you regardless of your gender.

After all, there were also women on the battlefield.

Harry would show no mercy to the enemies.

1

Showing mercy to the enemy would be being cruel to yourself.

Therefore, Harry did not hesitate to bend over and pull away.

Faye had a good figure.

Harry reached for the contract without glancing at her. Rip! Rip!

Without hesitation, he tore them into pieces and threw them onto the ground.

Simon, Faye, and Old Madam Quinn were heartbroken when they saw the contract torn to shreds.

After all, it was 60% of Quinn Corporation's shares!

They went to a lot of trouble to get Willow to press her fingerprint.

Harry had now torn it all up.

Their plan to regain control of Quinn Corporation was in ruins.

"I'll only say it once.

"Commander gave Ms. Quinn the shares.

"Unless Ms. Quinn hands them over willingly, I'll kill anyone who goes after them."

Harry threw away the pieces of contract and glanced coldly at Old Madam Quinn and the rest.

"Why... Why are you so arrogant?"

Simon pretended to look fierce, still defiant.

"Come here. I'll tell you why I'm so arrogant."

Harry reached out and grabbed Simon to his side like grabbing a chicken.

"In the business circle, Reach For Will Group is River City's number one. Nobody dares to challenge us.

"In terms of power, Damian, the director of the River City CIA, respectfully addresses Commander as Mr. Lennon whenever he meets him.

"River City's underworld ruler Flint also calls him Mr. Lennon.

"Tell me why I'm so arrogant.

"At least we can do whatever we want to the Quinn family in River City."

Harry said and threw Simon aside.

"Commander?"

"You can't hide that Sean is a wanted man anymore.

Old Madam Quinn snorted coldly and said as she looked at Harry.

She said that because she was confident Harry would not lay a hand on her.

"A wanted man?"

"Who told you that?"

Harry frowned slightly.

"If you don't want people to know, don't do it.

"We know because someone told us."

Old Madam Quinn snorted coldly as if she was confident.

"Haha... Ridiculous. How ridiculous!"

Harry was silent for two seconds before suddenly shaking his head and laughing.

“Why are you laughing?”

Old Madam Quinn frowned when Harry laughed.

“I’m laughing at the Quinn family for being fools.

“Commander has been with the Quinn family for two years and has done a lot for the Quinn family, whether on the surface or under the table.

“However, what he said isn’t as useful as what strangers told you.

“I’m laughing at you because you’re ridiculous.

“I’m laughing at you for letting go of the chance of success but blindly following and finding trouble!”

The Guardian’s Sword By Talking Cigarette Chapter 1354

Chapter 1354

Pointing at Old Madam Quinn, Harry said something that left Willow and the rest dumbstruck.

Harry had been holding it in for a long time.

However, Sean used to talk directly to the Quinn family in River City.

His subordinates such as Harry and Zander dared not mess around.

However, now that Sean was not around, he asked Harry to protect Willow.

He had the right to criticize the Quinn family, of course.

“You! You! Don’t you make things up!”

Old Madam Quinn banged on the table with a complicated look in her eyes.

“Forget it. Just think of me as making things up.

“Do you know that Brother Zander and I made up our minds when we came back?

“We left the army and returned to the Commander’s side. We have money and power, and we can kill whoever we want.

“If the Quinn family behaved themselves, all this will be yours. If not, the Quinn family will be destroyed. “Do you know that the Quinn family would have vanished in River City if Commander hadn’t stopped us?” As soon as Harry spoke, Old Madam Quinn, Simon, and Faye widened their eyes.

There was shock, horror, and some anger in their eyes.

Sean never said he would destroy the Quinn family in front of them.

Today, Harry bluntly told the truth.

The truth was that Sean was powerful in River City a while ago. If he wanted to take out the Quinn family, he probably would not have a problem doing that.

After all, Sean was already rich, powerful, and at the top of River City before he left.

It was not hard for him to wipe out a family.

The Zimmer family of River City was a precedent.

Therefore, they could not refute Harry’s remark.

“I admit that Sean’s capable.

“But there’s no smoke without fire. Someone said he’s wanted by the army.

“Why did he flee if he’s not?”

Old Madam Quinn was silent for a few seconds before bringing it up again.

“Does the Commander have to explain everything he does to you?”

Harry snapped back with a sneer.

“What about you? Will you come with me and confront those people?”

Old Madam Quinn also asked Harry with a sneer.

It made Harry speechless.

1/3

Of course, he dared not do that.

The people Blaze sent dared not lay a hand on Willow and the rest.

However, they would dare to lay a hand on Harry.

Maybe they would even use Harry to blackmail Sean into coming forward.

However, how could Sean just show up if he was not done with his plan?

Therefore, Harry dared not do it.

“I knew you wouldn’t dare.

“So, what else do you have to say?”

Old Madam Quinn instantly sneered when Harry said nothing.

"I have nothing to say.

"It's your business whether you believe it.

"But I'll kill anyone who touches Ms. Quinn."

Harry was already impatient when he heard this.

He had said all the things he needed to say.

If the Quinn family still refused to listen, he had nothing else to say.

Anyway, it did not matter whether the Quinn family believed in Sean.

"So is he wanted or not?"

Willow suddenly looked at Harry and asked.

Harry turned around and looked at Willow in disbelief.

"Anyone can ask that.

"But you shouldn't have asked that."

Harry looked at Willow, disappointed.

He knew that a lot of what Sean did was for Willow.

Sean would waste a lot of time and money to arrange everything for Willow.

However, Willow's question meant she did not trust Sean!

Harry felt sorry for Sean.

"It's not that I don't trust him.

"I only want to know the truth.

"I'd rather have him tell me himself. I'll believe whatever he says!"

Willow looked at Harry and said after biting her red lip.

"Then wait for Commander to tell you when he comes back."

Harry nodded gently and said no more.

"Willow, don't be so stubborn.

"If you voluntarily hand over Quinn Corporation's shares now, we can still save the Quinn family.

"If you want to be involved with a wanted man, it'll be the end of us all!"

Simon took a step back and said to Willow.

However, Willow shook her head and stuck to her guns.

Whether Sean was a wanted man, there was no way she was giving up her shares to Simon.

"Simon, remember what you said today.

"When he returns, we'll see who he is!

"Hopefully, the Quinn family won't regret it, and you won't be asking him for forgiveness!"

Harry looked at Old Madam Quinn and the rest with a hint of pity.

"Haha. We'll regret it?

"Whoever he is, we won't regret it.

"If I regret, I'll only regret taking him in!"

With a cold snort, Old Madam Quinn got up and headed outside.

There was no point in her being here since nothing could be done.

"Ms. Quinn, we're leaving too.

"You can call me anytime you need anything.

"We'll be ready for you 24/7."

Harry put down a business card and turned away with his men.

Willow sat on the couch with her eyes glazed over.

Looking at the phone in her hand, she wanted to contact Sean but eventually put it down.

She did not even know what Sean's new phone number was right now.

"I'll wait for you!

"Tell me the answer when you come back."

Willow slowly looked

up, her

eyes determined.

7.50 p.m.

Joules Towns' Green Hunter Hotel.

The owner of Rose Real Estate had set up a dinner for the elites of Joules Town's real estate industry.

Usually, Sean would have disdained attending such parties.

However, there had been a change of plans, so he was here to check it out.

After all, if you wanted to gain a foothold in Joules Town, you could not avoid socializing.

The Guardian's Sword By Talking Cigarette

Chapter 1355

Chapter 1355

By the time Sean and Zander arrived, there were already plenty of early arrivals.

The outdoor parking lot was also filled with luxury cars. Any one of them could cost millions of dollars.

If it was on the streets, it might stand out if it was a million-dollar car.

However, million-dollar luxury cars were common here. It would be eye-catching if an ordinary car were parked here instead.

These guys are making a lot of money."

Zander sighed as he looked for a parking space.

"The real estate industry's business boomed a few years ago.

Any pig riding on the trend can be successful."

Sean's words made Zander want to laugh, but he was scared. He could only try his best to hold it in.

Ding!

Just then, Zander got a text on his phone.

After a glance, Zander covered the phone and put it in his pocket.

Sean, who was about to get out of the car, saw Zander's movements and slowly stopped.

"What is it?"

Sean asked quietly, looking at Zander.

"It... It's okay..."

Zander's expression looked unnatural as he was about to get out of the car.

However, how could Sean not notice something was wrong when he knew Zander so well?

"Stop right there."

Sean's quiet words caused Zander's body to freeze before slowly withdrawing his hand.

"Is it about something at home?"

Sean paused before asking.

"Yes..."

Zander was silent for two seconds but still dared not lie.

"Say it."

Sean uttered softly.

“Simon forced Ms. Quinn to sign the share transfer contract.

“Old Madam Quinn and Faye are involved in this.”

Zander reported quietly as he watched Sean’s face warily.

Sure enough, Sean’s eyes were cold as his face darkened.

Willow was the first woman Sean had ever had feelings for.

She was also his Achilles heel.

Zander knew Sean would get angry, so he tried to keep it a secret earlier.

“Don’t worry, Commander.

“Harry has already stepped in to sort it out.

“Besides that, having warned them, they should behave themselves in the future.”

Zander quickly said.

However, the chill on Sean’s face did not diminish at all.

“I can’t believe they’re still the same.

“You’ve only been gone two days, and they’re already itching for trouble.”

Zander sighed, speechless at the way members of the Quinn family had behaved.

“If this happens again, I’ll go back and crush the Quinn family myself.”

Sean’s voice was icy.

Zander nodded and dared not say more.

“By the way, Commander, the Quinn family is doing this because you are rumored to be wanted by the army.

“That’s why they’re so bold.”

Zander said quietly as he pulled the car door open for Sean.

“Okay.”

Sean nodded gently.

It was beyond doubt that Blaze was behind it.

However, there was nothing Sean could do about it except keep it in mind for now before settling the score with Blaze when the time came.

“Yo, isn’t this Mr. Lennon?”

Sean had just reached the hotel entrance when a bitter voice rang nearby.

Zander behind Sean frowned slightly and turned to look in the direction of the voice.

Weston looked at Zander with a sneer.

Zander’s eyes narrowed slightly. If he remembered correctly, the man was a henchman close to the chairman of Billion Trees Real Estate.

The Guardian’s Sword By Talking Cigarette Chapter 1356

“Mr. Lennon, you never miss a party.”

Weston sneered as he stepped forward in his suit and tie.

“Are you looking for trouble?”

Zander asked, frowning nearby.

“Forget whether they’re looking for trouble.

“I wonder if Mr. Lennon’s project is going well.”

Weston’s eyes were full of amusement when he asked.

After all, they were in Joules Town. Billion Trees Real Estate’s connections and influence far exceeded the newly established Lennon Real Estate.

Therefore, they had drawn up a plan against Sean.

It was why Weston was so smug in front of Sean.

Sean glanced at Weston before heading inside.

Sean had no interest in dealing with someone like Weston.

“Mr. Lennon, did you skip dinner? Why are you in such a hurry to get in?”

Weston burst into laughter, his face full of sarcasm.

There was a saying, “If you don’t look for trouble, you won’t have anything to worry about.”

However, you could not deny that a lot of people were looking for trouble in this world every day.

Henchmen like Weston were good at it.

“Come here.”

Sean stopped, turned, and motioned at Weston with his finger.

“What’s the matter?”

Weston narrowed his eyes slightly.

Swoosh!

The next second, Sean stepped forward and slapped him backhanded.

Slap!

There was a loud slap, and Weston was slapped until he spun twice before rolling down the hotel stairs.

“Do you think I skipped dinner?”

Sean asked condescendingly on the stairs as he withdrew his hand.

Zander looked on, wanting to laugh. Could he be this strong if he skipped a meal?

“Sean, you got balls!

“Do you know what this place is? Billion Trees Real Estate owns this hotel. How dare you slap me?”

Weston got up and pointed at Sean as he bellowed.

1/9

“Do I need to check the place to slap you?”

Sean shook his head and chuckled.

At the same time, two security guards picked up the intercom and started calling.

Soon there were a lot of security guards coming toward the door.

“Sean, don’t you think you’re too arrogant?”

Just then, another voice rang.

Sean then saw Jimmy, the chairman of Billion Trees Real Estate.

“Mr. Lidell!”

The security guards at the entrance greeted Jimmy.

They did not recognize Weston, but how could they not know Jimmy?

Sean glanced at Jimmy and confirmed that he owned the place.

“If you want the hard way out when I’ve made it easy for you, I’ll make sure you can’t even enter this hotel.”

With a solemn expression, Jimmy walked slowly up the stairs with two bodyguards behind him.

At least 20 security guards had gathered at the hotel entrance by now.

These people worked for Jimmy, so they listened to him.

“I taught your lackey a lesson since you’re not doing a good job at controlling him.

“You should thank me.”

Sean was already upset about Willow.

Since Weston offended him first, how could he let him get away with it?

“Haha, I think you just want the hard way.

“Why don’t you try touching him again?”

Jimmy was confident as he was on his own turf, and he confronted Sean.

As he spoke, he pulled Weston in front of him.

Slap!

As soon as Jimmy finished speaking, Sean slapped Weston again.

Poor Weston had just climbed up the stairs when he was slapped down them again.

The Guardian’s Sword By Talking Cigarette Chapter 1357

Chapter 1357

“You!”

Jimmy had no idea that Sean would slap his staff here.

“I’ve done it now.

“What can you do?”

Sean smiled indifferently as he put his hands behind him.

His slightly irritable mood earlier had calmed down after slapping twice.

The attitude made Jimmy angrier.

More than 20 security guards were eager to try.

However, Jimmy considered himself posh and did not like to solve problems with violence.

He preferred to use some other devious means to make Sean lose everything and beg for mercy in pain.

“Are you serious about going up against me?”

Jimmy took a deep breath, his voice was icy.

“Go up against you?”

“Do you deserve it?”

Sean said with a disdainful smile.

“You!”

Jimmy gritted his teeth again.

He realized he could not make sense of Sean.

The young man in his twenties in front of him looked utterly unreasonable.

Therefore, Jimmy’s tactics were useless in front of Sean.

“Listen here.

“You’d better be obedient where I’m around.”

Sean reached out and touched Jimmy before turning to leave.

“Stop!

“Are you just going to walk away after slapping my man?

“Do you think of this place as your home?”

Jimmy immediately stepped up the stairs and looked coldly at Sean.

“What do you want to do about it?”

Zander asked with a frown as he stepped forward.

“What does this have to do with you? You’re only a lackey.”

Jimmy sneered without glancing at Zander.

Zander’s face was a little furious.

Yes, he could be Sean’s servant or lackey.

However, he would never allow others to insult him like that.

Zander glanced at Sean before gritting his teeth.

“Alright, what are you going to do about it?”

Jimmy asked, looking at Sean.

“I’ve slapped you. How else can we solve it?”

Sean’s tone was nonchalant.

He was already impatient.

Jimmy calling Zander a lackey upset him even more.

Only he could hit and scold his men.

The others could not say anything about them.

“Before punishing someone, you should look at who’s behind them.

“Are you looking for trouble, Sean?”

Jimmy’s face darkened as his eyes were full of threat.

However, something no one expected happened.

Slap!

Sean suddenly raised his arm and slapped.

This time, it hit Jimmy in the face.

Jimmy had been to so many social events that his health had deteriorated from all the wine and s*x.

How could he handle Sean’s slap?

Thump thump thump!

Jimmy tumbled down the stairs from the slap.

“Before punishing someone, I should look at who’s behind them?”

“I prefer to beat whoever’s behind them too.”

Sean’s tone was playful and disdainful.

Everyone was shocked.

More than 20 security guards widened their eyes as they looked blankly at the bottom of the stairs.

Jimmy and Weston were both slapped onto the ground by Sean. Blood even came out of their nostrils. They could forget about Weston.

Who was Jimmy?

He was the chairman of Billion Trees Real Estate!

Billion Trees Real Estate was valued at more than two billion dollars.

In Joules Town's real estate industry, Billion Trees Real Estate was no small company.

Jimmy was also a prominent figure in Joules Town.

When had he ever been treated like this?

However, his little billionaire status was useless with Sean.

The slap knocked him onto the ground.

As the saying went, "Before punishing someone, you should look at who's behind them."

Sean not only punished the lackey but also the person behind them.

Could he not be mad?

"Do you admit your defeat?"

Sean asked as he looked condescendingly at Jimmy while standing on the top of the stairs.

"You're dead meat!"

Jimmy slowly pointed at Sean and yelled.

The anger in his eyes was like a volcano, ready to erupt at any moment.

“Why are you still standing there? Get him!

“Kill them all!”

Jimmy had lost his mind.

He never thought someone dared to slap him in Joules Town.

Sean not only slapped him today but also did it at his hotel.

How could Jimmy survive in Joules Town if he did not make it clear that this was his territory?

The surrounding security guards seemed to have just come to themselves now.

Swoosh! Swoosh!

A

Two dozen security guards pulled out black rubber sticks from their belts and were about to rush toward Sean.

“Whoever moves will get beaten.”

Zander stepped forward and stood in front of Sean like an iron tower.

He looked as if he alone could handle countless men.

These minions did not need Sean to fight them himself. Zander alone could handle them.

The security guards were dismissive at first.

Zander was alone. How easy was it to take him out?

However, they soon found out how ridiculously wrong they were.

Zander stood next to Sean, feet still and arms moving.

One punch sent a security guard flying straight down the stairs.

Another slap made another security guard's nose bleed as he fainted on the ground.

In less than a minute, Zander alone had knocked down seven security guards.

The rest were too frightened to come forward.

"Is that all you can do? How embarrassing."

Sean put his hands behind his back as he looked relaxed.

"Sean, who the h*ll do you think you are?"

Jimmy looked up slowly and wiped the blood from his nostrils.

"Do

you think you can do whatever you want just because you're a good fighter?

"In this world, money overpowers violence, and power overpowers money.

"You're dead meat!"

Jimmy reached out and pointed at Sean, his tone threatening.

Indeed, Jimmy was right.

Money might not be able to solve some things, but it would be easy if you have power.

Powerful people in this society were not pushovers.

“Mr. Lidell, I’ll call and get someone here.”

Weston got up and pulled out his phone instantly.

“Stop.”

Just then, a voice suddenly came from behind him.

The Guardian’s Sword By Talking Cigarette Chapter 1358

Chapter 1358

The crowd looked back and saw a man in government uniform step forward with several staff members.

Who else would it be if not Ray?

“Mr. Simmons...”

Weston immediately put down his phone and greeted Ray respectfully.

After all, Ray was the government official responsible for land development.

None of these land development businessmen dared to offend Ray.

“Mr. Simmons, you’re here too.”

Jimmy also greeted Ray.

“How long are you going to keep on looking for trouble if I don’t come to Billion Trees Real Estate?”

Ray asked indifferently after glancing at Jimmy.

That question made Jimmy confused.

He had already heard from Weston that Ray and Sean seemed to know each other.

However, Jimmy thought it was only because Sean came to Joules Town with a lot of money.

Therefore, he was given special attention.

However, judging from Ray’s tone, it seemed his relationship with Sean was not as simple as Jimmy thought.

“Mr. Lennon, are you okay?”

Ray stepped forward and respectfully asked Sean.

The attitude made Jimmy and Weston freeze.

Although Ray did not hold a very senior position, he was important in the government.

In particular, all the projects in his district had to get his approval first.

At least that status had no problem holding them down.

However, Ray turned to Sean and greeted him respectfully.

Did that not mean Sean was more powerful than Ray?

Jimmy and Weston gritted their teeth at the thought.

It seemed their plan against Sean today had gone down the drain.

“Where’s your power?”

Sean asked indifferently, looking at Jimmy.

Jimmy and Sean glanced at each other before looking away.

Jimmy could not do anything with Ray on Sean’s side.

“Mr. Simmons, Sean beat up my staff.”

Jimmy was still unwilling to give up.

Ray could not help but shake his head and smile at that.

He beat up Jimmy’s staff?

Sean could fight anyone he wanted.

They should be honored that he beat up Jimmy’s staff.

“Please move to Tyson Road, Mr. Lidell. The station there is dedicated to dealing with these civil disputes.

Ray shook his head before turning and heading into the hotel with Sean.

He left Jimmy and the rest looking at each other.

They had no idea that Ray and Sean were so close.

Ray even utilized his own identity and image for Sean. He blatantly protected Sean.

"I thought too lightly of him."

Jimmy gritted his teeth as he watched Sean leave.

He found that Sean could put on a suit, offer an exorbitant five billion dollars at the auction, and communicate with various big shots.

However, Sean could also dress casually and strike like a hooligan.

Jimmy was baffled by how quickly his identity had changed.

"Mr. Lidell, we can't let this go.

"It's already the second time he hit me!"

It was even more depressing with Weston around.

He did not need to get slapped in the face.

However, Jimmy challenged Sean to try and slap him again.

Sean did not hesitate to slap Weston backhanded, leaving him dumbstruck.

Therefore, he was suffering and could not even talk about it!

"It's not the end of this!"

Jimmy gritted his teeth and walked into the hotel with a solemn face.

Dinner venue.

It was already lively.

Socialites, real estate magnates, and billionaires were everywhere.

Many people were talking enthusiastically while holding glasses of wine.

Perhaps they had made deals of tens of millions or billions of dollars while they talked. Therefore, the point of these high society parties was not to eat, drink, and have fun.

It was a rare networking opportunity.

Since these people are here, they were not going to pass up such a good opportunity.

After Sean and Zander walked inside, the crowd froze slightly before gathering around them.

“Mr. Lennon, you came too?”

“Mr. Lennon, you’re young yet brilliant!”

“I didn’t expect you to be here, Mr. Lennon. It’s a good thing I came today!”

The crowd gathered around Sean and greeted him warmly.

The five-billion-dollar bid had already made Sean famous in Joules Town’s business circle.

He spent five billion dollars and made himself famous.

Without putting on airs, Sean responded with a smile before sitting down in a chair.

The people did not leave but gathered around Sean instead.

They were not familiar with Sean.

However, they would never be familiar with Sean if they did not take the initiative.

These rich people were usually full of pride and liked to show off in front of ordinary people.

However, they were humble and dared not act recklessly in front of Sean.

Jimmy's face darkened when he came in and saw that.

He had no idea that Sean would have so many supporters.

Jimmy thought he was well-connected and knew many more people in Joules Town than Sean.

Therefore, he wanted to embarrass Sean at today's dinner party.

However, he now found it impossible.

A dozen real estate tycoons and real estate businessmen were sitting next to Sean.

What it meant was self-evident.

"Hmph!"

Jimmy snorted and sat down.

Only a few of the businessmen around Jimmy greeted him.

"You can talk to my assistant.

"Zander handles everything related to Lennon Real Estate."

Sean slowly waved his hand, stopping the crowd who wanted to talk to him.

They turned to look at Zander when Sean said this.

Zander coughed slightly and could only talk with them.

The dinner party quickly started.

The owner of Rose Real Estate, who hosted the dinner party, also got on stage and spoke.

However, Sean did not listen to a word he said.

Who would go to so much trouble if they were not gaining anything from it?

Sean knew what Rose Real Estate was up to without even thinking about it.

They were only fulfilling their own agenda.

The whole dinner went on smoothly in a relatively good atmosphere.

It soon came to an end.

Many people came over to toast Sean during the dinner party.

Sean was already wealthy. With Ray at his side, no one dared to offend him.

Jimmy's side was pretty much deserted.

It caused Jimmy to become angrier.

Jimmy soon went up to Sean with a glass of wine.

The crowd looked away, not wanting to participate in it.

After all, it was no secret that Sean and Jimmy had bad blood.

The crowd already noticed it on the day of the auction.

“Mr. Lennon, would you like a drink?”

Jimmy raised his glass and said to Sean.

“Who do you think you are?”

Sean said bluntly.

Several real estate tycoons could not help laughing.

Jimmy’s face reddened and paled. He did not know what to do.

“I’m just going to tell you today.

“If Lennon Real Estate can get a foothold in Joules Town, I’ll write my name backward.”

Jimmy slammed his glass down on the table and turned to leave.

“Stop right there.”

However, Sean stopped Jimmy just then.

“Isn’t it too late to make promises?”

Jimmy turned around slowly with a sneer on his face. He thought Sean was giving in to him.

However, he saw a sarcastic smile in Sean’s eyes.

He looked at Jimmy like he was looking at a fool.

“Believe it or not.

“I’ll make Billion Trees Real Estate mine in two days.”

Sean slowly picked up a glass of red wine and swirled it gently.

His posture was languid as he spoke casually.

It was as if what he had said had come true.

“Bullsh*t!”

Jimmy could not stop himself from swearing.

He tossed his manners aside when facing Sean.

“Let’s bet on it.”

Sean said indifferently as he shook his glass gently.

“What are we betting on?”

Jimmy was in a dilemma, so he accepted without backing down.

“Let’s bet if I can bring down Billion Trees Real Estate in two days.”

Jimmy did not hesitate when Sean said that.

Billion Trees Real Estate had been in Joules Town for more than a decade.

It was no exaggeration to say that many people would be involved if anything went wrong with Billion Trees Real Estate in Joules Town.

Not only Sean, but even the head of Joules Town’s real estate industry was also not an easy target.

Therefore, Jimmy thought Sean's speech was only drunken nonsense.

The others thought the same.

They knew Sean was wealthy, but Billion Trees Real Estate could not be brought down easily.

Therefore, few people believed what Sean said..

"Ridiculous!

"I'll give you two months.

"If you can bring down Billion Trees Real Estate, I, Jimmy Lidell, will write my name backward!"

Jimmy said and turned away.

Sean shook his head slightly before drinking his glass of wine slowly.

"We'll see."

With that said, Sean slowly got up and left the dinner party with Zander and the rest.

"Don't you think Mr. Lennon's..."

A middle-aged man with a slicked-back hairstyle looked at the others.

"Too young and arrogant."

“He thinks too simple of things.”

Someone nearby commented immediately.

“That’s right.

“Although he’s wealthy, he doesn’t know a lot of things can’t be settled with money.”

The middle-aged man with a slicked-back hairstyle nodded again.

“And who do you think will win?”

A wealthy lady nearby asked quietly.

“I don’t need to think about that.

“Billion Trees Real Estate, of course.”

“Yes, Billion Trees Real Estate is an established company in Joules Town after all.”

“It’s well-connected and rich. Lennon Real Estate is wealthy but new!”

Everyone shook their heads. Most people thought that Sean would lose if he wanted to go against Jimmy.

“I think there’s more to this handsome boy than meets the eye.

“He must have had a plan in mind if he said that.

“What if he has something good to overpower Jimmy?”

The rich lady with a pearl necklace said after taking a sip of red wine.

“Haha! Youngsters take things too easily.”

“Let’s just watch him lose badly in the end.”

The crowd laughed when they heard this.

They wanted to be friends with Sean.

However, they found Sean’s behavior childish.

It was all right if he was capable. If not, Sean would fail miserably in the end.

The night passed quietly.

That night, Zander, Jeffrey, and Ray were not idle.

Sean had arranged something for Zander and the others to do after leaving the party.

Originally, Sean thought he would wait until his side was more stable before taking on Billion Trees Real Estate.

However, Sean noticed Jimmy was a little overeager.

In that case, Sean would not hesitate.

There was a saying that an ant overrated its strength by trying to shake a big tree.

It was true.

However, who could determine in advance which side was the tree?

The ant in the other’s eyes, Sean, wanted to take on the tree, Billion Trees Real Estate.

8 a.m.

Billion Trees Real Estate's headquarters building.

Jimmy looked solemnly at the information in his hands.

Weston was waiting quietly nearby.

"I've pulled some strings.

"Lennon Real Estate can never do anything with this land."

A few minutes later, Jimmy revealed the information slowly as a deep sinister smile appeared in the corners of his mouth.

"Mr. Lidell, what can I do?"

Weston was also excited.

He knew even Ray could not protect Sean if Jimmy went all out.

Knock knock knock!

Just as Jimmy was about to speak, there was a rapid knocking on the door.

"Come in."

Weston frowned slightly as he shouted at the door.

Bang!

A female secretary in a black business suit walked in hurriedly.

"Mr. Lidell, Mr. Willard, we..."

"Look at this..."

The secretary stammered as she placed a stack of papers in front of Jimmy.

“What are these?”

Jimmy frowned slightly as he picked up the documents to look through them.

With one glance, Jimmy’s eyes widened as he continued looking through the documents.

The more he looked, the darker his face grew.

By the end, he was already shaking with anger.
