Chapter 2562

Cyrus's black face turned back to normal in an instant.

Cyrus: "I think so too. No matter what the result is, I will try first."

"Well! Second young master, try it! I support you."

Siena continued to encourage, "If you can become the son-in-law of the Foster

family, your father will definitely be proud of you and everyone in your family will be proud of you, and they will look at you

differently."

Siena's words reached Cyrus's heart.

"Who did you borrow the money from? Tell me his contact information, and I'll help you pay it back."

Cyrus was very happy, so he decided to help Siena repay the debt.

The main reason was that \$20,000 was not worth mentioning to Cyrus. But this time for helping Siena, Siena could be grateful to him for the rest of his life.

Cyrus had always been submissive at home, watching people's faces, so he enjoyed the feeling of being admired.

“Second young master, it’s really not necessary. If I need your help in the future, I’ll tell you again, okay?”

Siena sent Cyrus to the gate of the main building courtyard, “Second young master, go and submit your resume! Waiting for you News!”

Cyrus was not as excited as he was when he saw the marriage news, but he still had some confidence in himself.

After all, he was talented, and he was willing to sacrifice many things that other men cannot sacrifice.

For example, he could marry into Foster’s family!

When the time came to write this in the resume, red and bold, it was estimated that it would add a lot of points!

Thinking of this, Cyrus clenched his fist and strode into the courtyard of the main building.

Siena turned back to the auxiliary building.

Siena did not know when Lucas came out of the bedroom, and stood at the door of the auxiliary building. Lucas was watching her walking step by step.

Siena: “Young Master, are you hungry?”

Siena ran to the door of the auxiliary building, quickly entered the room, and closed the door.

“The second young master came over just now, I know you don’t want to see him, so I sent him away.” Siena explained with a smile.

The chill on Lucas’s face dissipated: “Did he say what he was doing here?”

“He has nothing to do, just come and sit.” Siena changed her shoes and walked towards the kitchen, “Your father and your eldest brother went to work, and your sister has also left. I guess he is bored at home alone!”

“I didn’t admit that Paulina is my sister.” Lucas and Paulina were the same age, but their identity information was smaller than Paulina’s.

“Young Master, have you seen the news on the Internet? The one from Aryadelle.” Siena began to prepare the dishes.

The area of the auxiliary building was relatively small. Siena was in the kitchen, Lucas was in the living room, and the two can do their own things and chat unimpeded.

“What’s wrong with Aryadelle?” Lucas said, obviously not seeing the news.

“Do you know Elliot, the boss of Sterling Group?” Siena talked about this gossip with him, “He has an only daughter named Layla

Tate. Today they released a global marriage recruitment, and they are recruiting a husband for Layla Tate. The age requirement is 20 to 30 years old.”

Lucas pretended not to hear it.

It’s none of his business for Layla Late to recruit her husband?

“The second young master wants to apply.” Siena continued to gossip with him, “I think the second young master will definitely not be able to apply.”

Only then did Lucas become a little interested: “The toad wanted to eat swan meat.”

“Actually, I don’t blame the second young master. I saw Layla Tate’s photo, she is really beautiful. There is no man who would not like her.” Siena complimented.

Lucas: “I do not like.”

“Young master, you didn’t even look at her picture.” In order to let Lucas know more about her, Siena dried her hands, found

Layla Tate’s picture, and showed it to Lucas, “Look, she really so beautiful!”
