

Impulsive Vow to an Enigmatic Husband (Cornelia Stewart) Chapter 881

Chapter 881

Cornelia led Marcus and the others upstairs, stopping in front of the door. She tried to unlock it but found the lock had been changed. Instantly. Cornelia knew this was Robison's doing "Granny Luisa, wait here. I'll go sort it out"

Marcus immediately said. "I'll go with you"

"No need help me hold this" Cornelia carefully handed Granny Rebecca's urn to Marcus "Don't worry, I be right back"

Marcus was bound to worry if Cornelia went alone. But with Ayden around, Marcus was confident no one would mess with her, so he let her go

Cornelia came downstairs alone and saw Cristina still walking back and forth outside the elevator, just like a sneaky thief. Seeing Cornelia coming down, she quickly put on a fake smile. "You bitch, I offered to have you my house, but you insist bringing them upstairs What's the point?"

Cornelia didn't have the patience for chit-chat "Give me the key"

"The key is with Robison. Go find him if you want it, Cristina retorted.

Cornelia glared at her, "Are you really not giving it to me?"

Cristina played dumb, "What? What do you want from me?"

"I once sent Robison to jail for a few days Wouldn't mind doing the same for you" Cornelia shot back.

"Think you own the police, do you? Sending us to jail at your whim? Cristina scoffed.

"Do you realize breaking into someone's house is illegal? That changing someone's locks without their permission is a crime? If I press charges, it'll be more than a few days in jail Don't use ignorance to showcase your stupidity" Cornelia retorted.

"I'm not scared of you, Cristina sneered Robison is your granny's son. She's got one, so the house is his What's wrong with changing the locks?"

'Don't forget, when Robison refused to pay for my grandmother's medical bills, we cut ties. He's got nothing to do with my granny anymore, so this house can't possibly be his," Cornelia responded

Cornelia felt relieved that her granny had severed ties with Robison in time. Otherwise, this only house would have fallen into this shameless couple's hands

Cristina chuckled, "Whether Robison is your granny's son or not, that's between him and your granny. You have no say in this."

From Cristina's tone, it was clear she was trying to wriggle out of this.

But Cornelia wasn't worried. They had officially severed ties and it was legally binding. Cristina couldn't play dumb. Without saying another word to Cristina, Cornelia looked up a locksmith's number from a community ad and called him over to unlock her house.

After hanging up, Cornelia went back upstairs. She saw Granny Luisa still waiting at the door with everyone else, unable to get inside. Cornelia felt sorry. "Granny Luisa, you must be tired from standing so long..."

Before she could finish, Granny Luisa cut her off. I'm not tired. The real problem is why can't we open your door. Did someone change the lock? Was it Robison?"

Cornelia nodded, "Granny Luisa, I'm sorry for the trouble."

Chapter 882

Granny Luisa was truly distressed "Nelly let Marc deal with this. I promise, from now on, nobody will dare to badmouth you behind your back or bully you again." Cornelia chuckled, "I can handle it myself"

Granny

Luisa said, "Nelly, don't be so stubborn. They bully you because they think you're just a girl and have no one to rely on. But now you do have someone, you need to lean on us and we won't let them bully you"

Cornelia said, "I know Because I have someone to rely on, I'm not afraid of anything I won't let anyone mess up with me again"

When the locksmith arrived he was surprised to see Cornelia, "You're the one who wants to unlock the door?"

Cornelia said. "Yes, what's the problem?"

The locksmith said. "You don't know? Robison changed this lock. He told everyone that this house would be his. Anyone who dares to unlock his door, he will destroy their house. Plus, nobody here wants you back. You better stay away and don't embarrass yourself"

After saying that the locksmith turned to leave

Marcus suddenly said. "You think you can just leave without unlocking the door?"

His tone didn't change much, but it was enough to stop the locksmith in his tracks. Marcus commanded, "Unlock it now!"

As soon as the locksmith heard this, he put down his toolbox and took out his tools and unlocked the lock as fast as he could.

After unlocking the locksmith looked at Marcus tremblingly, "Can I go now?"

Marcus said. "Go back and tell the people around you. Anyone who disrespects Cornelia, speaks ill of her, or refuses to help her, I won't let them off easily"

The locksmith

didn't know who Marcus was, but he believed in his words, "Yes, I'll tell everyone not to mess with Cornelia."

Marcus said, "You can go now"

The locksmith left like a gust of wind

When the door opened, all they saw was a room full of clutter.

Cornelia was a bit embarrassed, “Granny Luisa, Bri, the apartment is too messy. Let Marc take you to a hotel first. After I clean up. I’ll come and get you”

Marcus raised an eyebrow, “You think we would leave you here alone and go to a hotel?”

Granny Luisa said, “Marc is right. It’s our first time visiting your home, we should stay here, not in a hotel.”

Briana rolled up her sleeves and started moving stuff around, “Even though I’m usually pampered and taken care of, I’m actually quite capable.

Marcus, being strong as an ox, immediately cleared the big items blocking the entrance so everyone could get in.

Chapter 883

Cornelia first moved her grandma’s urn into the room, found a place for it, then started to tidy up

At that moment, some people arrived one after another outside the apartment and asked, “Are you Mr. Artis?”

Marcus answered. That’s me.”

The one who appeared to be in charge said, “We are the staff of the housekeeping company and we are now at your service”

Marcus turned to Cornelia and said, “Cornelia, what things do you think need to be cleaned? Let them take care of it”

Cornelia replied, “Everything in the living room is junk that Robison dumped there. Have them take it all out.”

Marcus then instructed them, “Clear out everything in the living room”

With all hands on deck from the cleaning service, the mess in the living room was quickly cleared out, providing them with a space to settle in.

Cornelia asked Marcus. "When did you call the domestic service?"

Marcus answered, "When you went downstairs"

Cornelia continued. "How did you know there was stuff to clean up?"

Marcus tousled her hair lightly and said, "The house has been empty for quite a while. It definitely needed a clean-up I just wanted someone to do the cleaning didn't expect they could double as movers."

Cornelia then said, "Robison was a child my grandma adopted. She always treated him like her own son, but he was ungrateful and awful to her. When she fell ill, he didn't lift a finger to help her, even wanted her money. She was so angry, she cut ties with him. She wanted me to sell this house, but I didn't because it was her home. I didn't expect it to be taken over by that couple."

Marcus comforted her, saying, "Don't worry, I won't let them win."

Just then, the sound of Robison wailing came from the doorway, "Mom... your death was so tragic! You bitch, my mom was doing fine, then you took her out, and now you bring back her ashes. What did you do to her?"

Robison brought a whole crew with him, obviously here to raise hell, "Who opened the door? Who moved my stuff out? These are precious treasures, you won't be able to afford them if anything goes missing"

Cristina also started wailing, "Mom, your death was so tragic. You were fine when you went out with her, but a few months later, you're reduced to ashes. Cornelia, you ungrateful wretch, what did you do to your grandma for her inheritance?"

Cornelia gave Marcus a wry smile, "Looks like you'll have to step in again."

Marcus pulled Cornelia into his arms, holding her tight, saying. "Let me deal with those two. Stay inside."

Cornelia replied, "I can handle them with legal measures"

Marcus answered, "Legal measures might not work on such shameless people. You might need something more direct."

Cornelia said worriedly, "Just don't get hurt."

Marcus reassured her, "I won't."

Granny Luisa chimed in, "Nelly, you probably don't know this, but Marc has been learning Taekwondo since he was a kid. He's quite a pro now. He can handle himself"

Cornelia asked, "Marc knows Taekwondo?"

She had been by Marcus' side all this time, but had no idea he was a martial arts pro. No wonder he handled that guy who tried to bully her so smoothly last time.

Granny Luisa continued, "Marc has many skills, you'll get to know him better over time. The more you know about him, the more you'll like him."

Marcus interrupted Granny Luisa, "You and Bri take Cornelia back to her room. I'll handle the situation outside."

Granny Luisa, "Alright, dear."

Chapter 884

Just as Robison was about to charge in with a group of people, he was stopped by a towering figure "Who are you?"

Marcus didn't say a word, just gave him a cold stare that sent Robison taking a few steps back in fright.

Gathering his courage. Robison yelled, "Cornelia Stewart, come out! You think hiding behind a man will excuse you from responsibility for your grandma's death?"

Marcus, "Ayden!"

At his call, Ayden emerged His nearly two-meter-tall stature made him look

like a giant, and the scar on his face didn't help either.

Robeson was a person who was afraid of the strong and bullied the weak. He recoiled again and said "Who the hell are you guys? I'm telling you, this is my family business, mind your own damn business"

Ayden flexed his hand, "Get the hell out now or you'll regret it."

Robison wasn't afraid of a beating. If this guy dared to hit him, he had every means of bankrupting the person who did so, "Where are you from? You dare to talk to me like that? You know where you are? You know who I am?"

Ayden had no patience for this, "F*ck off!"

Cristina fell to the ground dramatically, "He's going to hit someone! He's going to kill us! Someone call the police, Cornelia brought men home to beat us up!"

This commotion reached the ears of Cornelia and the others inside. Even after numerous encounters with Robison and his wife's shameless acts, they managed to lower Cornelia's expectations even further.

Granny Luisa held back Cornelia who was about to go out, patting her hand gently. "Nelly, don't mind them. Let Marc handle it."

Cornelia, "Granny Luisa..."

Granny Luisa held Cornelia close, "Nelly, we're family. Don't feel like you're burdening us or owing Marc. Marc is your husband, your closest one, the one you'll share your life with. It's only right he does this for you."

Cornelia, "Granny Luisa, that's not what I meant."

Granny Luisa, "Then what did you mean?"

Cornelia, "I just don't want him to see these people, these problems. I don't want my chaos to affect him."

Granny Luisa, "He's your husband, so your problems are his problems."

Cornelia, "I know, but..."

Granny Luisa, "Just trust in Marc"

Comelia, "Alright!"

Comelia didn't know how Marcus handled Robison, but the commotion outside quickly died down.

Before long, Marcus came back in, leading the team to continue cleaning up the apartment. With the large number of housekeeping staff, the house was cleaned in no time, all unwanted clutter cleared away.

Comelia took out Granny Rebecca's clean bed sheets and quilts. They were all washed and stored in the cupboard. She spread these bed sheets and quilts on the beds in

two rooms

Granny Rebecca's master bedroom faced south, it was spacious and well-lit.

Cornelia decided to arrange for Granny Luisa and Briana to stay in this room.

Chapter 885

Cornelia was bunking in the other bedroom, a bit small with a single bed It would be a squeeze for two, but she planned on having Patricia stay with her for the night. If Patricia found it too cramped, she could make use of the window daybed in the room, throw some quilts on it and turn it into a makeshift bed Back in her student days, Comelia loved doing her homework on the window daybed Once done, she would clear her little table away and he down for a rest

As for Marcus, Cornella thought she could either send him to a hotel or rig up a temporary bed for him in the study for the night. Of course, she would need to ask Marcus opinion on that

Just as she thought of Marcus, he showed up. Busy bee Marcus was always on the move, helping Cornelia with the bedding, adjusting the mattress, hasically doing all the heavy lifting Cornelia couldn't manage

Cornelia shared her plans with him, "I'm thinking Granny Luisa and Bri could stay in my grandma's room, Patricia and I in this one. We've only got two beds, so how about you head to a hotel for the night?"

Marcus replied, "How about Granny Luisa and Patricia stay in your grandma's room, Bri bunk with you, and I'll just crash on the floor in the study or living room"

Comelia. "You're okay with crashing on the floor?"

Marcus, "Why wouldn't I be? I've done it for a month once."

Comelia. "You're the CEO of the Hartley Group, always living a life of luxury. I didn't know you'd be okay with sleeping on the floor"

Marcus said, "There were times when the Hartley Group expanded into less developed countries, and living conditions were tougher than you'd imagine. Having a spot on the floor to sleep was a luxury"

This was news to Cornelia. As his assistant and as his wife, she felt she hardly knew him. She made a m***I note to spend more time getting to know him. But the thought of him sleeping on the floor made her uneasy. "The weather in Rosenberg is quite humid, and the floor can get cold. Can your body handle that? If you don't want to stay at a hotel, how about staying over at Zack's place tonight? He lives in the same neighborhood, just a different building. It's only a few minutes away"

Marcus, "I'm not as frail as you think."

He could go to a hotel, but he didn't want to be too far away from her. He

wanted to be there for her, to be there when she needed him. Even though Cornelia was acting as if nothing was wrong, what was going on in her heart? Maybe she was falling apart inside, just putting on a brave face. At a time like this, Marcus couldn't let his guard down.

Briana poked her head in from outside. "Patricia, Abby and Zack are back from shopping. They're in the parking lot and could use some help with the stuff

Cornelia, Tll go check it out."

Marcus, "You stay here. Ayden and I will go."

Cornelia grabbed his arm, calling out softly, "Marcus!"

Marcus turned around, his gentle gaze falling on her, "What's up?"

Cornelia sniffled, fighting back tears, "Thank you!"

Without him by her side, she might have been harassed by the people watching her the moment she set foot in the neighborhood.

Chapter 886

*Without him, she'd have to rely on the law to deal with that scumbag Robison
But in a small place like Rosenberg, sometimes the law didn't always work pro
nto. If there was no man in the house, they would be bullied*

*Over the years, with just her and Granny Rebecca, they'd had their fair share
of shit.*

*Marcus pulled her into his arms, held her tight, and his response was simple a
nd straight. Tm your husband!*

Comelia. "Okay, I got it."

Marcus. "You wait here, I'll go help move the stuff."

Cornelia, "Okay"

*They did a lot of shopping mostly food items, and they also didn't forget to buy
some daily necessities. They also bought everything needed for Granny Reb
ecca's funeral.*

Zack, panting while carrying stuff, said, "President Hartley I saw Robison before I drove into the underground parking lot. I gotta tell you, he's a total asshole, he's capable of all kinds of shitty stuff I suspect he might get someone to hassle Nelly, you gotta get more people to protect Nelly"

Marcus, "Got it."

Zack, "What do you mean? Whether you help her or not, give me an answer If you're not helping her, I'll figure something out I'll have my parents camp at Nelly's door if they want to mess with Nelly, they'll have to get through us first"

Marcus. "Cornelia is my wife, taking care of her and protecting her is my business, I don't need your reminder, and I don't need your family to make such a sacrifice"

Zack, "You're just jealous, aren't you? You think you should be the one saying this kind of stuff to Nelly?"

Then Zack said, "Nelly and I have over twenty years of history How long have you and Nelly been together How can you compare?"

Marcus was pissed by this comment but calmly replied, "We have decades to build our relationship. For the next few decades, she'll be with me, not you."

Zack, "So many couples are getting divorced these days, who knows how long you guys can last."

The word "divorce" instantly changed Marcus' expression, his body radiating anger.

Zack realized he misspoke, "I misspoke, you and Nelly will definitely be together forever."

Robison and his wife, who were chased downstairs by Ayden, didn't really leave the community. They were furiously cursing downstairs, "Bitch, just you wait!"

Cristina was a little worried, "The guy she brought back doesn't look easy to mess with, we have to think this through. We can't have a direct confrontation with them again, or we'll lose"

Robison sneered, "What's so great about that guy? No matter how tough he is . Rosenberg is our turf. What can an outsider do? Once I'm ready, I'll make him pay"

Cristina tried to dissuade him. That family looks rich, maybe we should try to get some money from them. Getting money is the key. You shouldn't always think about fighting"

Robison responded, "Rich? I doubt they're really that rich"

Chapter 887

Cristina, "Why do you think they're not loaded?"

Robison, "Granny Rebecca's house is stuffed with garbage and junk, it's so dirty that there's hardly any place to stand. But they still refuse to book a hotel room nearby. Does that sound like something rich people would do? I bet they're broke, that's why they're all squeezed into that dump"

Cristina, "Did I get it wrong? Their family's appearance and demeanor all seem like they're rolling in dough."

Robison, "I hear people in Riverton like to play rich They all dress to the nines when they step out, but their pockets might be empty"

Cristina, "True, no fat cat would marry a girl from a small town. Even if he did marry her for her looks, there's no way they would all accompany her back to Rosenberg"

Robison, grinding his teeth. "That guy had the audacity to push me, I need to figure out how to teach them a lesson."

Cristina, "If they really don't have a dime, you can do whatever you want with them. That junk they threw out, even if it's worthless, when they tossed it, it becomes valuable. We should demand at least a few grand in compensation"

Robison, "Whatever they've got, I'm gonna make them cough up. They're not leaving Rosenberg with a penny."

Cristina. "Ill get my brother on it right now I don't believe we can't deal with those jerks."

Robison, "Get your brother to mound up more guys. I'm gonna find Orlando"

Cristina, "Last I heard, Orlando made a bundle, sold the house and moved

into a mansion”

Robison, “He’s dodging me now that he’s made a buck. If he doesn’t share with me, I’m gonna spill the beans about his past

Cristina, “What good is spilling the beans? Orlando will just say you’re the girl’s family and you’d definitely take her side. You’d be screwed

Robison. “You think I’m as dumb as you? I have video proof of how Orlando framed Cornelia, how he drugged her and took her to bed”

Cristina, “How come I didn’t know you had evidence?”

Robison. “How could I say it? The fewer people know, the better”

Cristina, “Then we can use this video to squeeze a hefty sum out of Orlando.”

Robison, Definitely It’s perfect timing that the b****h is back.”

Cristina, “What does the b***h coming back have to do with us getting money from Orlando?”

Robison, “She’s stubborn as a mule Back then, she kept looking for evidence to take Orlando down legally. She didn’t find any evidence or witnesses and everyone shamed her at her school, forcing her to give up on legal protection. If she knows we have video evidence now, how do you think she’ll act? Do you think she’ll let Orlando off the h*k**?”

Cristina, “If she knows we have evidence, she’ll definitely try to get it to put Orlando behind the bars. But should we give her the evidence?”

Robison, “Depends on how much she’s willing to fork over”

Cristina “Are we going to sell it to her?”

Robison, “I plan to let Orlando know I have video evidence, then let Cornelia pay for it. If Orlando knows we’re selling the video to Cornelia and he’s going to jail, do you think he’ll pay for the evidence?”

Cristina, “Are you planning to sell to the highest bidder?”

Robison, “I’m not selling to the highest bidder. I’m going to sell to both.”

Cristina, “If Orlando pays for the video and finds out you also sold it to Cornelia, won’t he deck you

Chapter 888

Robison. “By the time that jerk, is behind bars, do you think he’ll still come after me?”

Cnstina, “Honey, you’re so s***t to think of a way to make money like this”

Robison chuckled smugly. That’s why I’ve been keeping these videos, to use them when the time is right. Now, I want to sell them not only to Cornelia and

Orlando, but also

to Cornelia's husband"

Cristina, "Do you think he'll buy it?"

Robison. "Cornelia won't spill the beans about her past scandals to her husband, but I'll tell him about his wife's dirty laundry No man can take that, right? If he doesn't believe me. I'll tell him I have videos. If he wants to see them to confirm, he'll have to pay up By then, not only will I have made a ton of money but I will also have destroyed Cornelia's mamage

Cristina, "Yes, I can't stand to see her living it up. It p****s me off to see people being so good to her."

"Do you guys really have the videos?"

A gloomy voice suddenly came from behind them, followed by a burly figure emerging before them. The sunset was shining on him, but he still seemed ominous, especially that centipede-like scar on his face, which looked terrifying.

Robison and Cristina backed off a few steps in fright, "What do you want?"

Ayden, "I'm asking if you have the videos?"

Robison. "Of course I do. If you want them, bring the dough."

Ayden, "How much?"

Seeing his straightforward question, Robison said, "Twenty thousand dollars!"

www

That was a ton of money for them. He figured this guy wouldn't be able to cough up that much, or even if he could, he might not be willing to fork it over. He was prepared to haggle, but wouldn't take less than five grand.

What Robison didn't expect was Ayden's immediate response, "Let me see the videos first, then I'll pay you."

Robison, "Are you kidding? If I take you to get the videos and you don't pay me, and I can't beat you, what can I do?"

Ayden took out his phone, "Give me your bank account number, I'll transfer twenty grand to you first."

Twenty grand

This guy was ready to wire the money straight away. So, twenty grand was small change to him.

Robison quickly schemed, "Twenty grand is just the down payment. If you want all the videos, you'll need to pull out your wallet a bit more."

He held up his hand, sticking out one finger, "One hundred grand!"

One hundred grand was a king's ransom for them. Their hearts raced as the words left their mouths.

Chapter 889

If they could really bag a hundred grand, they could kick back and enjoy life from here on out.

Ayden looked at their greedy faces, gave a faint smile, and said, "Fine" A hundred grand, and he agreed just like that! Could Cornelia's husband be a mega millionaire?

Suddenly, Robison and Cristina felt like a hundred grand wasn't enough. They should ask for more, at least try to squeeze half a million out of that family.

Just as Robison was about to up the ante, Cristina quickly pulled him aside.

"Honey, we need to think this through. We can't just ask him for money like that. After all, Cornelia ain't worth that much. If we ask for too much, he might back out, and then we're out the hundred grand"

Robison's heart was set on more cash, but he was afraid the hundred grand deal might go belly up. "Let's probe his bottom line"

Cristina shook her head, "I think we shouldn't risk it. If we end up with nothing, we will be left high and dry"

"Aren't we gonna give it a shot? What if he's richer than we think? Wouldn't we miss the chance to strike it rich? Robison looked at Cristina She also wanted more money but was afraid of losing the hundred grand, so she just shook her head.

Robison hesitated for a moment, then said to Ayden, "You give us the cash, then we'll give you the video."

Ayden said, "I can give you the money, but I need to make sure you really have the video."

Robison was a sharp cookie, he wasn't about to make a bad deal. "You give us the money first, then you get the video."

Ayden added, "Just let me see a glimpse of it from afar"

Robison was adamant, "No way!"

Ayden asked, "You don't want the hundred grand anymore?"

Robison answered, "That hundred grand is mine. Why wouldn't I want it?"

Ayden said, "Yours? Unless I give it to you, it's not yours."

He had been around Marcus for many years and had seen all sorts of people, but he had never seen someone as shameless as Robison,

Robison was such a flawed and shameless person.

Cristina gently nudged Robison, "Honey, if he wants to see the video, let him see it. What's the harm in letting him take a peek from afar?"

Robison was always overthinking. "I already said, money first, then you see the video. Otherwise, no deal"

Ayden had seen their true colors. They were only interested in money. To

them, a problem that could be solved with money was not a problem at all. "In that case, there's no point in continuing this conversation."

Upon hearing this, Cristina immediately became anxious, "Robison, if we don't get this hundred grand today, we're through."

Seeing how angry Cristina was, Robison got a bit scared, "Fine, I'll let him see the video."

Cristina immediately turned to Ayden, "Don't go. He agreed to let you see the video."

Ayden said. "Alright —

Robison took a few steps back to keep his distance, pulled out his phone, played a video, and held it up high, "Can you see it?"

Ayden replied, "I can't see clearly, and I can't confirm if the girl in the video is Cornelia or not."

Cristina couldn't help but snatch the phone from Robison, holding it up close to Ayden, "See, take a good look. Look at this girl's eyes, her figure, if she's not Cornelia, then who else could she be?"

Chapter 890

Ayden said, "It's really Cornelia'

Cristina replied, "Since you've confirmed it, then make the payment "

Ayden asked coldly. "What value does this video have for me? Why should I transfer money to you?"

Robison was stunned and unable to speak

Cristina was seething. "Are you playing with us? If you don't pay today, you won't be able to leave this neighborhood"

"Then let's see if I can leave here Ayden looked at them coldly, turned around and left.

Cristina was so angry that she wanted to grab Ayden, but fortunately, Robison stopped her, "What are you doing? The two of us are definitely not his opponents. Be patient, we'll deal with him when all of our guys are here."

Cristina swung her fist and hit Robison hard, "One hundred thousand dollars! One hundred thousand dollars gone. Robison, you have to compensate me for this money. You have to pay me one hundred thousand dollars!"

Robison curled up in pain, trying to fight back but didn't dare to. She had two strong brothers. If he fought back, her brothers would definitely beat him up.

“Stop hitting me. It hurts too much,” he said

Cristina said, “Give me back my one hundred thousand dollars, and I won’t hit you anymore.”

Robison said, “I still have the video, and only I have it. Anyone who wants it has to pay me. Are you afraid that we won’t make money?”

Cristina said, “That b****h and Orlando don’t have much money. They can only give us a few thousand dollars at most. Who would be willing to spend one hundred thousand dollars to buy this video?”

Robison had a bad idea, “Granny Rebecca’s ashes haven’t been buried yet. They will definitely stay in Rosenberg for a few days, so we have a few days to figure out a way to make that person pay”

Upon hearing that there was still a chance to get the money, Cristina immediately stopped hitting him, “I’ll give you another chance. If you can’t get the money, don’t bother coming home.”

Robison said, “I’ll inform Orlando first, then tell Cornelia I must get these two payments first.”

Cristina said, “Don’t forget my money.”

Robison said, “Don’t worry”

After watching the video, Ayden immediately went to see Marcus, “President Hartley, I accidentally overheard Robison and his wife talking about Cornelia Robison said he had a video that recorded the entire process of that man violating Cornelia. So, I managed to watch it and confirmed that the girl in the video was Cornelia.”

Marcus asked, “Did you get the video?”

Ayden handed his phone over to Marcus, “Robison demanded that I pay one hundred thousand dollars before he was willing to give me the video. Of course, I didn’t give him any money, but I still managed to get the video ”

Marcus took the phone and opened the video. The content of the video was very long, about half an hour. From Orlando drugging Cornelia in the water, to him making Cornelia unconscious, and then bringing her back to his house. Just as he was about to rape Cornelia, his wife suddenly came back. Before he even started, the whole thing was exposed. So, he pushed all the blame onto Cornelia.

Throughout, Cornelia was unconscious, she didn’t even know how she got from her own home to her neighbor’s.

When she was awakened by a bucket of cold water, there was a group of people around her cursing her. She was confused and became the infamous homewrecker.
