Part 2 Chapter 57

Nora's POV

"Oh hell no, I will not take you as my mate. I would rather die" Tristan says and steps back from Isaac and I feel that Isaac is sad?

"Tristan, please, don't say that" I say to him but Isaac just sighs. While Tristan shakes his head.

"No, Nora, he is a monster and I refuse to be mated to a monster" Tristan protests

"There are reasons for his past behavior" I try to say but Tristan refuses to listen so I do the only thing I can come up with.

I march past Isaac and over to Ares while fist ting my hand and knock Tristan out with one single punch.

Then I smile and turn

around to see Isaac's surprised face and I say one word before going.

"Oops"

Ares and Blake laughed at me and I just shrugged, Grey seemed amused as well. The other warrior, Anton, seemed unsure if he should pick Tristan up or not but when Isaac - growled he decided he would not pick Tristan up. "You have some strength in that punch but you also caught him off guard" Adam says and he seems impressed.

"Well I have been training since I was 16 so" I say and shrug. I noticed Adam looked at Blake and they both nodded.

"Well in that case, I want to challenge you in the upcoming friday fights" Adam says and looks rather excited about it

"Friday fights?" I ask and look at him and Blake and both nod.

"Yes, as you probably already know we have the best warriors in our kingdom and so instead of a pack run we have pack fights on fridays or more popularly called friday fights. Anyone can challenge everyone but you can refuse if you don't want to" Blake explains and I nod.

"Well, challenge accepted then" I say and smile. It has been a while since I fought and I can feel my body needs a workout anyway.

“Don’t underestimate her, Adam. Nora is one hell of a fighter and she grew up in a werewolf pack” Grey laughs and Adam looks

at me as Grey puts his hand on my shoulder.

“Have you seen her fight?” He asks Grey and Grey smile widely

“Hell yeah, even I want to fight against her ” Grey laughs and I slap away his hand.

“Even I want to fight you” Ares whispers.

I smile at my mate and he smiles back.

“Okay enough now love bird time to get you guys settled in and then you can have a grandtour and don’t forget the pack dinner.

It will be held in the big red tent beside my home”

Blake says and points at two tents, one red and the other one -is blue.

Adam shows us the guest house and we decide that all of us

can sleep in there. Me and Ares take the larger room with our own bathroom while Grey chooses a smaller one and Isaac takes

another one. Anton seemed confused but I pointed out one and he gladly went in there.

“Thank you, miss Nora” he said and I nodded at him.

After we had settled in, I changed clothes and then we went outside to a waiting Adam. Isaac had left for the meeting with Blake

and Tristan had just woken up.

“The hell is wrong with you Nora? It’s my choice if I accept him as my mate or not. You can’t just punch me to keep me docile.

and quiet, you know” Tristan yells at me and I just smile bright at him while preparing my fist again but he sees my intention as he runs away from me.

Annoying. Ares laughs at him or perhaps at my expression.

“Tristan, right now I really would love to punch you but right now I am getting a tour of this place so either you shut up and follow along or you stay put in your room, what’s it gonna be?” I say and Tristan seems shocked by me and he seems to think.

“I’m going with you guys” he says and hangs his head.

“Good let’s get going then.” Adam says and claps his hand together and we walk into the town.

There are tents everywhere and I have this feeling about going to a medieval festival. My dad once took me to another pack to

stay over at his friend and they had a similar festival then. It was fun actually.

But here it was bigger and more modern looking but it was

just as much fun. The people here are just as lively and I/ became happy over how much joy there was in the air.

I stopped by one of the tents where two girls were standing, selling jewelry.

“Excuse me, have you made these yourself?” I ask one of them and she looks up and smiles and nods at me.

“Well yes” she says and I nod while I take out a small box from my bag.

“Is there any way I can make this into a pendant?” I ask her and she takes the box and she gasps at the sight of the crystal.

The other woman comes over to look as well and she nods!

“Yes we can help you with that. Do you want to look at a couple of designs?” she asks and I shake my head at her.

“I have the design here” I say and take up the paper where I had drawn the pendant that I wanted.

“Oh my gosh, you are a natural in design” the first woman says.

“Give us a week and we will have it ready for you” she explains.

“Thank you so so much. How much do I owe you?” I ask happily.

“Hmm instead of money we would like for you to design a jewelry set for us, is that alright?” they ask and I smile and nod.

“You get free hands in the design but it has to be a necklace, a bracelet and earrings, is that okay?” she asks and I nod while

taking the paper again and write down my name and..

“Ares, can I borrow your phone number?” I asked him and turned around but he wasn’t there.

“Oh I will write down anyway, he is my mate so you can call him when it’s done” I say to the women and they nod happily. Little

did I know that this action would get disastrous consequences.

Part 2 Chapter 58

Ares POV

I watched how Nora looked around with so much awe and fascination in her eyes. I should speak with Helios and dad about

doing something similar to our town or village as Nora calls it. Perhaps it's more like a village compared to this place.

I watch as she makes new friends and I feel happy about it and at the same time jealous. Nora is a natural when it comes to talking to people. I also noticed that she really likes to design things, like bags and shoes and stuff.

I feel someone calling my name and at first I thought it was Nora but no its someone I had totally forgotten about. And before I can stop her she throws herself at me and kisses me and I hear Nora scream.

I push her away and rush to Nora's side, she is sitting on her knees on the ground and clutching her hands against her chest.

"Nora". I didn't know. The girl threw herself at me, I wasn't ready but I pushed her away, please believe me" I say to her and she nods

I lift her chin so I meet her eyes and I can see the ferocity in them. Uhu. A female that has marked her mate is now being challenged by another female. Sh it. The primal possessiveness that comes from that, it's something beautiful and at the sametime so scary that even I flinch back as she stands up.

Nora's entire aura has changed and she is furious, giving herself to her instincts that are primal, this will end badly. Nora walks over to the girl that kissed me and takes a hold of her hair while she growls.

"I challenge you" Nora growls and I stare at her.

“Nora, wait, I understand your reasoning but please let me explain to her” Adam comes over as the girl seems confused at why

Nora would like to challenge her.

Nora nods at Adam but doesn't let the girl go.

“Hailey. You kissed Prince Ares but you see Nora here has already claimed him but he hasn't marked her back. Do you

understand the meaning behind the challenge now?”

Adam says as he crouches down to Hailey's level.

She nods despite that Nora holding her hair in a tight grip. Adam looks up at me and I move to Nora and put my hand on hers

and with my other hand I force her to look at me.

“Nora, let her go, I am here for you. I don't want her. I just want you, no one else” I say trying to calm her down and she closes

her eyes and lets the girl go.

“You and her? No way in hell. You said to me Ares that when you came back that you would take me with you to your kingdom”

she yells in frustration from the ground and Nora growls

“When the hell did I ever say that?” I ask her and she starts to cry as she stands up

“I accept your challenge, who re and when I have defeated you, I will force you to watch as I claim him as mine and then I

will kill you” Hailey says to Nora’s face and I sigh. Why did I have to be such a jerk before? I didn’t even remember her name until Adam said it and I still don’t

remember her. And why in the hell would I say something like that?

Everything is so f\*\*ked up.

Nora’s POV

A girl kissed my Ares and I challenged her and she accepted with a ridiculous threat. I will put her in her place if it’s the last thing

I will ever do.

\*You have a problem Nora\* Aurelie says and I can feel my lycan move around in my mind as well

\*Because I cant shift to my lycan form?\* I ask her confused

\*No, because when you accepted the moon goddess’ powers you basically gave a promise to never ever kill anyone not even in

self defense\* Aurelie says and I stop. What?

\*But how am I going to win this challenge then?\* I ask her in frustration. I just want to scream right now.

\*Knock her out\* My lycan growls.

\*That’s a good point\* Aurelie and I say at the same time.

\*Can I ask you a thing? Why can’t I shift into your form?\* I ask my lycan and she snickers.

\*You need your mates markings. Then I and Aurelie will blend together. It's not an easy process but we will help you when the time comes\* She says and I nod.

\*Wait, what is your name?\* I ask her and she responds.

\*Lillie\*

“Nora, what's wrong?” Ares' asks me and I shake my head.

“Nothing, I was just talking to Aurelie and Lillie” I say and Ares tilts his head.

Sh it. I haven't told them about Lillie just yet. Oh, whatever

“Well let's go back to the house and perhaps get changed and we can head to the pack dinner?” Ares says and I nod my head.

But what should I wear?

I noticed that Ares is holding a bag that he didn't have before and also that the surroundings have changed. It's darker outside now and we are sitting at a table.

“What?” I say and try to remember what happened

“Yeah, I guess you would be confused. It has been roughly four hours since the kiss and challenge thing. We have been walking around and when I noticed that you weren't really with us, we took seats at a small coffee stand.” Ares explains and I nod

confused.

“Grey has bought you a new sketch pad and Tristan has bought you a dress for tonight.” Ares says and points at his bag and nod. I was going to say thanks to them but I realized they aren’t here anymore.

“Tristan took off when he smelled Isaac’s scent and Grey, well he said he smelled something delicious so they went away” Ares shrugs as he helps me stand and we begin to walk back to the house.

Four hours have gone by, how in the world did that happen? Something isn’t right here.

\*It’s because of the moon goddess’ powers\* Aurelie yawns

\*You will get used to them\* Lillie adds and I nod.

Looking up we are already at the house and I sigh.

“Well, we have about an hour before the pack dinner and need a shower and you, my beautiful mate are going in with me” Ares

says as he takes me up in his arms and I giggle as he walks in the house and runs over to the room.

I hope everything will be easy at dinner.

### Part 2 Chapter 59

#### Tristan POV

Hell f\*\*king no. I refuse to be with him, of all people in the whole world. Nora doesn't even know half of the vile things he has done. If she knew I don't think she would be so understanding towards him.

Even my lycan is growling inside of me. I have known that he has been my mate for the past 20 years or so. When I found that cursed book in the library after I tried to hide from Ares and Helios one time.

I read my family line and I found my father but my hopes of talking to him were crushed when I learned that my very own mate had killed him after my birth. My mate is the reason why I don't have a father, he is the reason that I was completely alone after the curse killed my mother.

I hate him so much and not just because of my father but I just know that I don't want to be with him so I have been avoiding him like the plague or something a lot worse.

King Blake invited me to the pack's dinner but I realized that I had forgotten that "he" also was there so when I joined Nora and Ares up to the tent I smelled his scent and I stopped in my tracks.

King Blake walked into me as he came up behind me and he seemed confused as to why I was standing there frozen to the ground. But his chosen mate understood it in a matter of seconds.

"Tristan, would you like to sit beside me and Nora this evening?" she asked and I accepted.

I followed her and took my seat between her and Nora. Nora seemed pissed about something and I followed her line of sight until I found Ares' little fling back in the days. They glared at each other and I sighed.

"Nora, try no to glare so much or they will think that they have an advantage over you" I tried to speak with her when I tensed up.

He is here.

I didn't need to look around to know where he was, I knew right away as he sat down opposite of me. I could feel him watching my every movement. I tried to sit still and avoid looking up but I could feel myself getting annoyed by it and when king Blake

announced that the dinner was served, I ate some of the food there.

Nora nudged me, perhaps she said something and I didn't catch it so I looked up, my mistake as I looked right into his eyes. I

was stunned for a second but looked away pretty fast and I must have imagined it.

There is no way in hell he could have been hurt just because I looked away from him.

"Tristan?" I was wondering if you could show me the thing you wanted to tell me about tomorrow?" Nora asked and I racked my brain as I fought to remember what thing.

Then I felt it or more exactly I felt him. He had touched my leg with his foot under the table and I stood up quickly and told Nora

that I needed some fresh air before going out of the tent. She gave me a knowing smile as I left and she probably knew why I

needed to get out of there so fast but I didn't give a damn about that.

\*Excuse me, Blake, is it okay if I shift and take a run through the forest?\* I mindlink Blake and he answers that it was fine.

I shifted into my lycan and took off, we ran quite deep into the forest until we came to a stream and I shifted back as I went into

the water. I stood there with water to my waist, just listening to the forest as it was still awake in the night.

I felt him getting near and then he stopped, did he lose my scent because of the water? Or is it something else? I was thinking about whether I would go check but I decided not to. So instead I got out of the water and just as I looked up, he showed me against a tree and kissed me deeply.

I showed him off and thought that was done way too easily, Isaac must have been heavier than that. I look at him and realize it isn't Isaac but Ian, a guy I have had a fling with since the second day in this kingdom.

He is leaner in size compared to Isaac as he is a mountain of muscles. Not that it matters, Ian smiled at me and I grabbed his neck and pulled him against me and answered his kiss but then I showed him away and I felt his confusion.

"Not tonight" was all I said and he didn't like that answer

"What do you mean by that? Have you found another?" he asks and I shake my head laughing "I wish that was the case but no" I say, chuckling at the irony in his question.

“Then I want you and I will have you, Tristan. I want to take you as my chosen mate” he says and I stare at him and furrow my brows.

“Nah, I don’t like you that way, you know. It was fun and you are an easy going guy but I don’t have any romantic feelings for you” I explain and start to walk towards the stream again to wash my butt that has tree bark on it. I know he is hurt but right now I don’t want any trouble as I can still feel that “he” is out in the woods. But I don’t have time to turn around until I am hit over the head with something hard. Black spots dance before my eyes as I fall down on the ground next to the stream.

I blink my eyes as dizziness grabs a hold of me and I can both feel and hear Ian suck my di ck as he tries to get his fingers in my a\*s at the same time. He doesn’t know that I am still awake and I grip his head with my knees and was about to knock him on the head when I noticed that my hands were tied to a tree.

Dam nit..

“Nah ha Tristan, you are mine and I am going to f\*\*k you silly and then mark you before that blue king can do it” Ian speaks and I

just tilt my head as I see over his shoulder that Isaac's lycan has come up right behind him and I release a sigh.

"Oh, you are getting hard here. Are you more willing now?" Ian chuckles and I feel myself blushing by his comments. I didn't get

hard for him but I did for my mate. His piercing gaze on me and I was wondering what he was thinking when he suddenly gripped a hold of Ian's hair and flinged him into a rock across the stream so he blacked out.

Isaac shifted back and looked down at me where I was laying on full display, naked and so damn ready to be f\*\*ked.

"You are mine now, no more running away"

Part 2 Chapter 60

Nora's POV

I watched as Tristan went out of the tent and Isaac sighed and looked down on the table, I touched his foot with mine to get his

attention. He looked up at me and I tilted my head, and pointed at my head so he would know I was mindlinking him.

\*Sh it, sorry, Nora. My walls are always up\* he says through the link and I just smile.

\*It's fine. But how are you?\* I ask him and he shakes his head slowly.

\*I don't know, I have finally met him and he is running away from me. I was stunned when I saw him, he looks so much like another man that at first I thought I saw a ghost\* he says and I get confused.

\*Who?\* I ask him but I can feel his confusion as well

\*I don't remember his name but I can show you he says and projects a memory in my mind.

It's an older version of Tristan and Isaac is talking to him when suddenly the Tristan version gets his head severed from his neck as they are attacked.

I look at Isaac and then at Ares and I send the image to him.

\*Nora, why is Tristan's father in your head?\* Ares asks me and I gasp.

\*Are you sure that it's his father? I got this memory from Isaac\* I ask him

\*Well, yes, Tristan and his father could be twins. And I thought you knew that Isaac killed his father?\* Ares says confused

\*Isaac, the man you showed me were Tristan's father and they think that it was you that killed him\* I say sadly to him and he looks at me and I can see the little ray of hope vanish from his eyes.

He stands up without answering me and he walks out of the tent but Blake grabs his arm and says something that I can't hear.

Isaac nods and goes out. I hope everything will go well.

"Hey, Nora, I heard about what happened with Hailey, I hope you win tomorrow" Laura says to me and winks and my stomach sinks at the thought.

"Wait, tomorrow isn't Friday?" I say to her and she blinks.

"Oh, no, but a duel like that is always held the day after, since it's about a grave matter about mates." Laura explains and I nod my head.

I dread tomorrow but I don't let it show. I was chatting with Laura through the dinner when I was approached suddenly. A young boy came over to me with a piece of paper.

I thanked him and he blushed before going back. I opened the paper and read it. Then I stood up and walked out of the tent.

Ares followed me and I showed him the note and after he read it he stormed inside the tent again. Blake and Laura came out and Laura hugged me and whispered.

“Now we will have one hell of a show”

“What do you mean?” I say and look at the tent when Laura waved her hand and the tent disappeared and I saw Ares standing above two women and talking to them.

Then for some reason a fight broke out and I just stared at them.

“This is the second part of the pack dinner,” Blake said and shrugged. I stared at him totally confused.

“What?” I say and look over at Ares.

“Yeah, we eat dinner in peace and then everyone can challenge each other or deal with their dispute anytime” he says like it’s perfectly normal.

“You guys are crazy” I say and shake my head

“Nora, can I talk to you?” I hear Tristan and I turn around to see him almost naked.

“Sure” I say and I go with him just to meet Isaac on the way.

“Hello Isaac” say and smile largely and he nods.

“Good, I need to speak with both of you” Tristan says and I look at him confused.

But before I can answer there is a guy coming behind Isaac and he holds something in his hand. A knife made of silver and he aims it at.. Isaac.

I move without thinking as I suddenly rush around Isaac and the guy drives the knife right into my left shoulder, all the way through. Ouch. Someone should forbid silver, already.

I hear Ares howl, I bet he felt it as well but I just stand there looking at the knife handle. It doesn't hurt as much as thought it would. It more stings.

Isaac and Tristan react as they kick the guy while Tristan pulls the knife out of my shoulder and then he gasps as both of us watch how the wound closes in about three seconds.

"That was a strange feeling" I say and look at him.

"Who is that by the way?" I ask them and look down at the guy that Isaac had knocked out cold.

"That would be the guy that I have been having a fling with Tristan shrugs and fusses more about my shoulder.

"Okay, why can't you guys stop having flings with everyone that looks at you?" I ask frustrated.

"Good question" Isaac grumbles and I look up at him.

I finally notice the mark on his neck and I lift an eyebrow as I look at Tristan.

“Yeah that’s what I wanted to speak to you about” he says and plays with his fingers.

“I guessed as much” I say when I am suddenly ripped backwards and into Ares arms.

“What the hell, are you okay?” he asks and hugs me tightly and I nod.

“Yep I healed in a matter of three seconds.” I say and he sighs.

“That was one weird feeling you know. I felt the pain and then it was gone in an instant” he says and drops his nose in my neck, inhaling my scent.

“Yeah I know and it only stung a bit” I say and chuckle as he places a light kiss on my neck.

“The marking is different for us by the way” I say to Tristan and he nods.

I turn around in Ares’ arms so I can look at Tristan properly.

“Kara said that to mark us, our mate has to mark when the heat dies down but before it ends. Do you even have a heat?” I ask

him and he sighs and shakes his head.

“I am not a girl you know” he says and I blush. Of course not.

“It has to be a celestial event. Like a fullmoon, lunar eclipse or so. There is a meteor shower in two days”  
Laura comes over and  
tells us and I feel Ares’ tense and I smile.  
“Perhaps both of you will end up getting marked  
then” Blake teases and Isaac smiles.

Part 2 Chapter 61

Nora's POV

Today is the day I am fighting the girl called Hailey. Laura told me yesterday that she is a werewolf but she is incredibly strong for being one.

I get up and have breakfast with Isaac in silence. Tristan walks in without noticing us, mumbling something about his a\*s and I look at Isaac who is grinning like an idiot. I was happy that they were doing well. I was hoping Tristan would give in so both of them can be happy.

\*Tristan? Have you spoken about your father with Isaac?\* I mindlink him and he growls out loud. I noticed Isaac looking over at him and then at me. But I just shake my head at him.

\*Stay out of it, Nora.\* Tristan says

申

\*I know the truth I answered and he shattered the glass he was holding as he squeezed.

\*What truth? What did you do, Nora\* Tristan speaks again.

\*Isaac's memory\* I say and I look at Tristan.

\*What ever\* I could feel his burning anger.

“No, you guys must speak about this before it ends up as a misunderstanding and both of you will get hurt” I say out loud which makes Tristan turn around and he accidentally steps on the broken glass.

“Let it be, Nora” Tristan growls at me but I shake my head. I walk up to him and slap him across his cheek.

He stares at me in shock and I feel Isaac getting up as well.

“I mean it, Tristan. Don't you dare take my words lightly” I growl at him but instead of backing away he takes a grip on my hair and I feel them.

Not really tingles but it stings as his claws sink into my skin. I don't say anything, I just keep staring at him.

“Woah, Nora, Tristan, break it up you guys, way too early in the morning” Grey comes in but he doesn't catch up with the moment.

“They aren't playing around” Isaac says and Grey looks over at us and he comes to our side.

“Tristan, Nora, stop, both of you. This isn’t like any of you to do this kind of thing” Grey tries to calm us down.

“How would you know though? You have known her for a few months or so.” Tristan says, making Grey gasp.

\*Nora, now\* Aurelie says and I grab a hold of Tristan’s face and I kiss him right on his mouth. I hear Isaac growl and I hear Ares wake up but I am way too busy to knock Tristan’s walls down and enter his mind. Connecting our minds together.

Tristan POV

I don’t believe that Nora had the guts to do this to me, everything was working perfectly, I got to mark Isaac and then he was going to mark me and I would kill myself and effectively bring him down into despair but somehow. Nora sensed what I was about to do and she, of course, took action.

She entered my mind through a kiss to throw me off guard and she succeeded so now I am locked inside my own mind along with my lycan. But I can’t see Nora or her wolf, where are they?

\*Tristan\* I hear Isaac has entered my mind and a loud sound there after.

\*Good now all key players are here\* I hear Nora as well.

\*The hell, Nora. What is the meaning of this?\* I ask her when I finally see her and Isaac.

\*Isaac, show him the memory that you showed me. Because Tristan will do something awful otherwise and I refuse that\* Nora says and I look away as Isaac looks at me confused. “King Isaac, I am here to talk to you about a truce between our families.” my father says and I open my eyes and see a memory. Isaac’s memory.

\*No, stop I don’t want to see this, please stop I try to tell them but the memory plays out.

“Fine then, how would you want the truce to happen?” Isaac asks him and he smiles.

“I know who your mate is but your mate is too young to see it just yet” father says and I tilt my head at him. How did he know?

“So I will just get a name then without any proof?” Isaac says. and I look at my father through Isaac’s eyes.

“Yes, because he is..” father doesn’t get to finish that sentence as I watch someone take off his head clean from his shoulders.

I watch as Isaac shifts into his giant lycan and kills the person that killed my father. Isaac gets a sword in his stomach. because of it. The same sword that took my fathers life. The memory ends and I stare at the same spot where my fathers head touched the ground, unable to speak.

\*show me who it was\* I growl and I see Isaac shake his head with a sad smile.

\*No\* he says and I growl.

\*I will reject you otherwise I threatened him.

Then he just leaves my mind and I look at Nora and nod at her, and she too leaves my mind.

I blink my eyes and notice that Grey is sitting beside me. I lay on the floor in the living room, looking up at the ceiling.

“Did you have fun?” Grey asked me and I groaned.

“Where is Isaac?” I ask and he points over his shoulder and I sit up and notice him standing against the wall. Looking directly  
\_at me.

“Ares is pis sed at you, by the way and they are heading to the fight between Nora and Hailey. Will you guys be alright if I also go there and watch?” Grey asks and I nod at him.

“Yes, everything will be fine” I say and smile.

“Good, call me if something happens” Grey says and pats my shoulder but flinches as Isaac growls at him. I watch Grey almost run out of the house and I watch as Isaac walk over to

me and sits down beside me

“I know that you thought that I killed your father but I didn’t. I was curious and attracted by his scent. I was really shocked the day

we came here, I thought I saw a ghost when you looked at me and then I showed Nora my memory and she told me what you

believed all this time” Isaac explains and hangs his head.

“I don’t understand and at the same time I do, such a contradiction, right?” I say and laugh.

Isaac doesn’t say anything so I look at him and then I grab his face and force him to look at me. I kiss him softly and look into his eyes.

“I was planning to let you mark me and then kill myself so you would go through that kind of pain like I did when my father and

mother died but I realize that I was an idiot. I

understand if you want to reject me. I will go to

watch Nora’s fight. And you can

make up your mind of how you want this to go” I say and I stand up.

I thought he would say something so I glanced back when I was in the hall but he was already gone so I sigh and walk out to go to the fight.

What have I done?

Note.

Sorry for the slow update but life is pretty awful right now. My uncle died last month and I just found out that my step sister killed herself. But I try to update as fast as I can but I beg of your understanding as well.

Being a single mother of five kids all of them are under 8 years old so it can be hectic sometimes.

But I wish all of you the very best! Love

Part 2 Chapter 62

Ares POV

Sh it, when Nora kissed Tristan it felt like my heart would jump out of my chest and Helios called at the same time so I heard him wince in pain as well. But I explained to him what it was all about and he seemed to understand Nora's reasons.

What I can't understand is how Nora can be so damn forgiving towards king Isaac. He said he would mark and rape her and put her on her place and that was beneath him. But something happened between them, something she isn't telling us. Helios reminded me to trust Nora's decision so I will try to do that.

Nora is getting ready for her fight and almost the entire kingdom is here to see which of the girls that are stronger. I already know that Nora is stronger but something tells me that she can't kill the other one. I don't know how to describe this feeling but Helios had the same one so this is something that our beautiful mate hasn't told us.

I watch as Nora goes down to the middle of the training field where Adam is waiting and that other girl comes and walks past me with a smile on her lips but I just growl at her and she flinches from my aura.

I walk and stand besides Blake and Laura. Laura seems to see what is about to happen so I look at her curiously. "Well, Nora, will have some problems out there" she says and I look down at her where she is standing opposite of the other

“This challenge is between Nora and Hailey. They are fighting to the death or if any of them yield. The fight is over the rights of Nora’s fated mate and Hailey claims to be his chosen mate. And just to be clear Nora has already marked him but still Hailey claims him” Adam yells out and Hailey seems pissed off at his explanation.

“What?” He is marked?”

“If he is Nora’s fated mate, shouldn’t Hailey just give up?”

“Stupid girl”

I heard a lot of whispering through the audience but they all went silent as king Blake raised his hand.

“Let the fighting begin” he said and Hailey wasn’t slow as she punched Nora in her face.

Nora shook her head before she kicked Hailey in her stomach, making her fly a few meters away from Nora. Nora stalked

towards her but Hailey got up and attacked but just as Grey and Helios had told us, Nora seemed to know where her opponent’s

blow would land as she avoided all of them. I

watched her dance away from Hailey’s attacks and I heard king Blake hum.

“She is pretty good but Hailey has more experience since she was born in this pack” king Blake says and watches the fight

seriously.

“Perhaps, but Nora took down an alpha werewolf, has Hailey done that?” I ask him and he looks at me surprised and Laura giggles.

“This fight will be really interesting now”

Nora’s POV

I watched Hailey as she started to walk near me, I got to see all those small details. Like in the blaze kingdom, body language can lie but it also shows all your tells. And this girl didn’t even try to hide them. Perhaps it will be unfair but I won’t step back when she has thrown so many insults my way.

\*Gosh, this is boring. Can’t you just take her down already?\* Aurelie yawns.

I didn’t have to use their strength as Hailey is kicking and flailing around like a child.

\*You know that I am just waiting for her to shift into her wolf\* I say and watch Hailey as she swings her right fist but stops in the middle as she kicks with her left foot and I yawn.

I grab both her fist and foot and smile at her. I can see the horror in her face as I kick her right in the center of her chest making her fly backwards and into a tree. She gasps loudly as she lands on the ground but she shakes it off as she rises up and glares

at me.

“Come on then slut, why won't you talk to me?” she yells and I hear Ares' growl.

I sigh and shrug. Clearly bored by her little tantrum. I could hear her so called “friends” they are telling her to back down that she

has no claim to Ares whatsoever but she just growls at them. Refusing to give up.

Hailey shudders suddenly and I can see her skin ripple as she tries not to shift.

\*Excuse me, Adam, but aren't we allowed to shift?\* I mindlink him and he seems surprised at me being in his head.

\*Well, no. Actually you're not. If you shift you will lose. I thought you knew that\* Adam excuses himself.

Hmm shit, what am I going to do now then? I can't command her wolf to yield if she isn't allowed to shift.

My thoughts were interrupted by Hailey's kick on my knees. I gritted my teeth as I fell down on the ground. I looked around at my surroundings and found the perfect spot to take her down without killing her. I just needed her to dance after my lead.

I got up but she kicked me in the back so I hit the ground again a few meters from her but that's okay, she is doing exactly what I

want. I turn around and sit on the ground while I glare at her.

\*It's okay Nora, you are already healed, let's get her there.\* Lillie says and I nod my head

"Haha, the great mate is losing to a werewolf. How does that feel, huh?" Hailey laughs but I can tell that no one else is and this pisses her off as she turns her head to the audience after kicking me in the head.

"What the hell is wrong with you guys. I am beating her. Why aren't you happy?" she yells for her friends but I can see them shake their heads.

"Haha, not even your friends stand by your side as they think that you are in the wrong," I say and stand up slowly. Letting her think that I am injured.

"Shut your mouth, Prince Ares is mine" she growls and I anticipate the punch on my nose but I get up and take a few steps back.

I tilt my head and smile.

"Who re" she screams at me and I glance behind.

\*Now, Nora do it both Aurelie and Lillie yell in my mind.

I grab a hold of Haileys arm and throw myself on the ground so my back hits it first and then I kick up my leg in her stomach and

flings her over my head. I could see where she was landing without looking and as I sat up I heard the crack as she landed on the stone with her head first.

I listen closely and I can hear her heartbeat and her breathing. Everything went quiet as time stood still. waiting for her to either

get up or not. I glance over my shoulder and see that she isn't getting up.

Adam walks past me and checks on Hailey and turns to me and he smiles and nods.

"Nora wins". Hailey is still alive but I bet that she wont wake up soon" Adam yells and at first it was quiet and then it came a thunderstorm of cheers came and Ares was suddenly by my side and kissed me deeply.

"You are mine forever"

Part 2 Chapter 63

Helios POV

I was furious but I calmed down as Nora talked about her fight against that werewolf girl. Furious as to why Ares didn't tell me about the fight and that Adam didn't tell Nora that they could not shift and a bit pissed off at her, when she kissed Tristan. But mostly I was happy that she was okay.

I am sitting in the dining hall with dad and Linus' father as they are eating and I speak with Nora through my laptop. She looks fine but she looks like she needs to rest when she suddenly talks about this celestial event that is coming. tomorrow night.

A meteor shower and I just knew that she will let Ares mark her then. I felt my dad look at me and I felt his worry but I just smiled at him. Sure, I was sad but I knew my time would come and I was planning to do it under a fullmoon anyway. Not just any fullmoon but a blood moon when our lycans are the strongest.

I say goodbye for now and I turn to dad to see him watching me and I tilt my head when I realize that he is mindlinking someone right now. I wonder who it is?

When I came back here, I heard that uncle Dave and Anna had left for Nora's former pack in a search of her parents and for baby Hannes. I got so shocked and furious when I heard that his father had run off with him.

Andrei and his mate are happy but I am getting annoyed by the girl as she follows me like a lost puppy or something and one more thing. Another girl from the same village has also come

here and is stalking me.

She seems young and when I told Andrei and Daniel about her, they laughed. That girl thought Ares were her mate and since we are twins we look the same and now she is following me around instead.

I walk out of the castle, getting ready for a run with Ben and Daniel. It seems the rogue lycans have noticed that Nora is gone and they are causing a ruckus and so we need to do what we have been doing before. Cleaning the borders.

Daniel and Ben are already waiting for me, Melinda and Sam are sitting together under the sun and I hug Melinda before I go over to Daniel. I take off my clothes and so do the guys and then we shift and I feel my lycan stretch and I give him -control.

He howls and then takes off deep into the forest. Ari is far behind and Ben has already caught up with me. We run towards the border and we meet three rogue lycans at once. We take them and chase them away before we split up and I step over the border towards the nearest werewolf village. I shift back and take out a pair of shorts of a hollow tree nearby.

Then I walk on the edges of the village. I have been here before and the older wolves know me by this time. There is a pair of young girls that are on the outskirts of the village and I hear one of them crying. I walked over to them when I caught the scent of blood.

“Are you hurt?” I ask them when I get closer and they look up at me.

“Not me but she is. A monster chased us and it scratched her leg” the dark haired girl said and I nodded and crouched down.

“Can I see the injury?” I ask the red headed girl and she nods.

She pulls up her skirt and I click my tongue when I see the nasty wound.

“Can you describe this monster for me?” I ask them and they look at each other. They are maybe eight years old.

“It looks kind of like a wolf but more evil and it stood on its back legs but its back bended, like this” the dark haired girl showed me and I nod. A rogue lycan.

“Do you remember where you saw it last?” I ask when both girls suddenly stare at me with horror in their eyes and I sniff the air and sigh.

I look behind me and notice five rogue lycans approaching,

“Okay girls, they are lycans and I am one too but don’t worry I will call your alpha but please don’t move I try to protect you” I say

and they seem more confused than scared now.

“We aren’t from this village. The monsters, I mean they kidnapped us from our village about a month ago or so” the dark haired girl said and I stared at them. Da mn.

“Okay, but I will protect you and I will call on my friends so please listen to me and stay here, okay?”

I say to them and they nod. I

turn around to watch the rogues and then I shift and rip the shorts.

I growl at them and they stop momentarily, I let out my aura when they try to get closer. I make two of them drop to the ground

but the other three struggle but they don’t drop.

\*Ben, Daniel, I am at the first werewolf village right outside the borders. I need your help, I have five rogue lycans and two wolf

children to protect. They’re Not of this pack by the way\* I mindlink them and they respond at once that they are on their way over

to us.

I take one step against them and let out a roar and smash out my aura. Making two more drops but the one in the middle is littered with scars and he seems unaffected. He growls and runs towards me and I jump up on him. Taking him down with my weight.

He growls and takes a bite out of my thigh and I growl back. I notice the girls and that there is one lycan stalking towards them but I get off this one and attack the one that is approaching the girls.

But before I can reach them the lycan that bit me buries his claws in the wound on my thigh and rips me backwards, roar but as I land on the ground I see both Daniel and Ben come running towards us. The lycan above me doesn't seem to care that they are coming and he drives his claws into my chest and I feel it.

My heart. His claws penetrated my heart. I hear Ares scream through our twin bond and I hear Nora roar through ours. I hear the girls scream but everything fades out and so does the world..

-Goodbye.

## Part 2 Chapter 64

Nora POV

Everything was fine when I was talking to Helios through the laptop that I borrowed from Laura and after that I was just lazing around. Trying to rest from the fight but then I felt Helios getting angry and then he was hurt. Pain radiated from my thigh where he had gotten hurt.

Ares came to my side as well, he could also feel that Helios was hurt. The pain intensified and then it stopped until I felt the worst pain of them all. It felt like someone was trying to rip me apart.

\*What is happening? I ask Aurelie and Lillie.

\*Helios is wounded badly, someone has nicked his heart but he is still alive. The bond is still in place but we must hurry to his

side. \* Aurelie answers

\*Nora, go now!\* Lille roars inside of me,

“Nora, we must go,” Ares says and I nod as I stand up.

Grey comes in alarmed and so does Tristan, they must have felt it through the bond as well. Lycans have a different bond to their pack than werewolves do.

“Get to Blake and Laura, now” I command Grey and he nods.

“I am coming with you” Tristan says and I look at him.

“But” Ares says confused

“Isaac has left me anyway so I am coming back with you and Helios is my cousin as well.” Tristan explains and I nod at him.

Grey comes back with Laura and he finds Anton on his way there.

“Nora, I have opened a portal. All you need to do is to get through it and you will be outside your castle. Melinda is waiting for you there but please hurry” Laura rushes out her words.

We practically run out of the house and I see the portal and I walk through it just to walk into Melinda’s open arms.

“Where is he?” I ask her and she points at the castle.

I nod and rush inside when I hear Ares call for me to wait for him but I can’t. I must see Helios, I feel through the bond that he is alive but probably not for long.

I run up the stairs and let the bond guide me when I find myself outside the doctor’s office and I knock before I enter. We need a

hospital or something like that, something bigger. I stop as I see the king, the doctor and both Ben and Daniel standing around the bed. I can hear Helios breathing getting slow. I tremble as I walk in and Ares comes in behind me. I reach Helios and I see the wound right above his heart and the one on the thigh.

“Nora” Ben says but I just hold up my hand and he quiets down.

I bend over Helios and kiss him softly on the lips.

“It’s your turn to come back to me now” I say before doing the

only thing I know how to do. I enter the realm of the moon. goddess.

Helios POV

So.. Where the hell am I?

It looks like I am standing on the bottom of a lake but I don’t have any trouble breathing under the water.

“Hello Helios” I hear someone giggle my name and I try to look around but I am still under the damn water.

“Technically you are in the water and not under it but that is just an illusion as well” the same voice giggles,

“Who are you?” I ask and I am surprised as my voice comes out clear in the water but I got more surprised as the water started

going up.

Literally going up, the water became high walls around me and I could see a path for me to get away from there and I walked to get to a beach.

“This looks nice” the giggling voice says and I sigh as I turn around.

A small girl with white blonde hair and the clearest blue eyes I have ever seen is standing there. She is wearing a silver dress and behind her is Artemis standing and watching me.

“Artemis?” I ask and stare at her and she nods.

“Then you must be—” I say as I try to wrap my head around it.

“Yes, Helios, I am the moon goddess. I hope Nora has told you about me” She giggles and I nod.

“So, what were you thinking when you got wounded by a rogue lycan?” the moon goddess asks and I tilt my head.

“All I was thinking of was to protect the wolf girls from them. They told me that they had been kidnapped but I thought I had shut that thing down” I say and look at her.

“Good answer.” But no, you shut down half of the organization, they have come back stronger now” she answers and looks sad.

I nod my head, trying to understand that I left something half finished. I need to take them down again or everything will be more difficult in the future.

“You haven’t asked the most important thing yet, Helios” the moon goddess says and I tilt my head at her.

“Oh right, is my mother and sister here?” I asked her, hoping that I could see them.

“Uhm..” Well. No.. I thought you would ask if you were dead or not” she says and I can see that I confused her with my question.

“I know that I am not dead. I can feel her, you know. Nora, mean” I say and look at her.

“So perceptive of you. Yes, you are still alive and I believe that she is really happy that you are” the moon goddess says and points at something behind me and I turn around.

“Nora?” I say when I lay my eyes on her. She seems to be crying.

I run over to her and she meets me halfway and we hug each other.

“So this is your first mate, Nora” the moon goddess says as she approaches us and Nora nods.

“First mate?” I ask confused.

“Yes, you are born first right?” she giggles and I nod.

“Please, how can I heal him?” Nora suddenly asks and the moon goddess tilts her head and laughs before she says.

“You already have”

Part 2 Chapter 65

Ares POV

I watch as my twin brother is laying in a hospital bed and our mate is beside him, laying her head on his chest. I can feel this cold sensation through the bond and I don't like it. I feel empty again. He is my brother, my other half of myself. I will not lose him.

Ben and Daniel walk out of the room, leaving me with my dad. I walk slowly towards the bed and touch Nora's head but she doesn't move. I take a few strands of her hair and move them away when I see that she isn't awake. I feel through the bond and I chuckle when I suddenly know where she is. The realm of the moon goddess.

"Bring him home" I whisper to her and kiss her cheek.

“Ares?” dad says but I just smile and shake my head.

I bring a chair and place it next to Nora and then I wait. I wait for both my brother and my mate to come back to me.

Anna’s POV

Finally, after so many days in that stupid car, we are finally here. The silver stream pack, mine and Nora’s birth pack. I hate

them, all of them. Here the women should stay beside the men and be quiet. Annoying like hell.

Dave and I went straight for the pack house to introduce ourselves but something was terribly wrong here. There was

no one out, it used to be children and pack members out and about but now it’s deserted.

Dave knocks on time at the door and opens it and I gag by the smell. Dave steps in but he shoves me out. I take his warning and stay outside until he comes back out.

“They are dead”. All of them are dead” he says and shakes his head.

“All of them?” I ask and open the door, not letting him stop me.

As I walk in I begin to let my tears fall. There on the floor are so many bodies on the floor and they have been dead for awhile

now. Men and women but not the children.  
I see the alpha and the luna laying dead beside each other but what made me scream for Dave wasn't them.

"Is something wrong?" Dave asks as he comes inside and I point at a couple on the floor.

"Nora's parents, I think that they are them" I say with a slight tremble in my voice.

Dave sighs and walks over to them and I watch him. The woman was dead for awhile now but she resembled Nora. Or is that something my mind is thinking because I thought it was Nora's parents from the beginning.

-Dave takes out his phone and takes a picture of them, just to

be sure when I suddenly hear a noise coming from the kitchen and Dave nods at me so I go to investigate.

In the kitchen there are no dead bodies and I listen closely but

I can't hear anything. Dave comes in and points to a broom closet but I froze in fear and shake my head at him. Dave

understands as he squeezes my hand and walks over there and opens it.

"Oh, what is your name?" I hear him say and I hear crying.

“Dave, I know that crying” I say and walk closer and peek inside to see a boy about eight or nine years old clutching a baby in his arms. Baby Hannes!

“Hello, there. You can come out now. We won’t harm you” I say and he shakes his head looking terrified at Dave.

“Dave, can this be the cause of lycans?” I ask him and he seems to think over that one too.

“I will meet you outside” he says and kisses me on my head before calling someone and walking out. Hid brother I would guess.

“Is he gone now?” The boy asks and I nod my head. The boy crawls out and I look down at baby Hannes in his arms.

“Can I hold him?” I ask and the boy nods.

“He likes you” he says after baby Hannes giggled at me.

“I hope so, I took care of him for a few weeks” I say and smile at him

“Are you also a lycan?” he asks and looks scared of me now.

“No, I grew up in this pack. but my mate is a lycan, he was here just a moment ago but went outside.” I explain and he nods.

“Why do you ask?” I ask him and he looks uncertain, if he should answer that or not.

“It was about ten lycans that came here a few days ago and they killed every male but my dad told me to hide in here with the baby. He said that if the baby would cry they would kill me and him. But I guess they got busy with the resistance they got and when they killed the males that had been mated, the females died as well and they clearly didn’t like that. They took all unmated girls and boys, but only the boys that haven’t gained their wolves yet. But I hid and I hid him as well.” the boy says and I can tell he is one brave little boy.

“I understand but we need to get out of here, do you know if the kitchen has another door to the outside?”

I ask him and he nods.

I go to the door which he pointed to and open it slowly but almost cough up my heart as the door is ripped open just to reveal Dave.

“Da mn, Anna, you scared me there” he says and looks happy as he sees baby Hannes in my arms.

“Well you scared me as well, can you take him?” I ask and hold baby Hannes out for him to take.

When Dave has him I turn around and reach out my hand to the boy.

“It’s okay we will get you to safety. What is your name?” I ask and he tilts his head towards us when he answers.

“I am called David”

Part 2 Chapter 66

David's POV

They came one night about ten large and scary lycans but there was something wrong with them. I had seen lycans before but

they moved funny like there was someone that forced them to move with the help of strings.

I was sleeping when they barged into our house and my dad yelled as they killed my mom and my older brother. My dad threw

me out of the window and handed me the baby. A man came to us a week before and asked my mom and dad to raise his baby.

He would come back for him later but I could tell that he was lying. So dad gave me the baby and told me to run and hide. That

they would kill us if they found us. I ran to the pack house to warn our alpha. I got there in time and warned our ga mma couple.

They woke up the rest of them and the beta female, Jéssica, showed me the broom closet so I could hide in there with the baby.

I heard fighting and yells, growling and I heard them being killed one by one.

The baby started crying and I thought it was the end of us but the door opened and it was the gamma female that looked at us

before she gave me a letter that was addressed to her daughter. Then she locked the door and went away again. I felt so many of my pack die, I felt their deaths inside my heart and I hated the lycans.

The lycans took my family away from me. And now I am sitting inside a car and one of them is driving it. I was

surprised when the female wolf said I would be safe if I came with them. She did grow up in my pack so I knew I could trust her and the baby liked them both.

But I am still uncertain of the lycan. They had a baby chair for the baby in the trunk so he was safe when they drove around the

pack to see if anyone else was alive. They stopped by the school but it was empty and then I remembered. The arena was big enough to hide in and a difficult place to chase us down in.

I told her that and they drove down there. I got out with the lycan but I was angry at him. Does he really believe that they will

come out if they smell the scent of a lycan? But I wasn't willing to let him stay with the baby either. "You should stay with her in the car, in case some bad ones come here again." I say and walk into the arena. He doesn't follow me and I feel happy that the female and the baby are safe. They have killed people inside the arena as well but I heard someone sniffing so I followed that sound until I found a pair of siblings.

A girl and a boy, I recognized them.

"David?" The girl seemed shocked when she spoke my name.

"Yeah, they are gone now and there is a couple here that will take us to safety. Come on now. Do you know if there is anyone else hiding in the arena?" I ask and they nod as they get up.

"A few children are hiding at the rose gate" the boy says and I nod.

They follow me and I find three more children. We look through the arena and we find one more. A girl that is barely a year old was laying on the ground next to her dead mother. I pick her up and then we go back to the car. The female wolf and the lycan seem surprised by how many I bring back with me.

“Oh, my” the female wolf says and I nod.

I gave her the little girl as she was a bit heavy and she held her in her arms and looked at the rest of the children.

“Good thing I took the bigger car then” the lycan says and opens the back door and does something inside the car.

“He is just popping up the extra seats” she says and I nod. I take the girl’s hand and I try to pull her with me but she refuses to leave her brother.

“It’s okay they are good people, they have promised me that they will take us somewhere safe or do you want to stay here where everyone is dead?” I ask her and she shakes her head.

“David, I know that you are frustrated but please try to be gentle” the female wolf says and I sigh at her.

“If I am then they will never snap out of the shock. They are terrified of him and if we can’t get them to understand then they will starve to death here” I say and point at the lycan.

“He has a point Anna” the lycan say to the female wolf.

“Your name is Anna?” I ask her and she smiles and nods.

“Yes, I had a sister in this pack but she died for a very long time ago” She says and looks away

“Amanda?” The girl and I spoke at the same time and Anna looked surprised at us.

“Yes, that was my sister’s name. But how do you know?” she asks and the girl smiles.

“Amanda was my grandmother and she used to tell me stories about her sister Anna that was born without her wolf. Like the gamma’s daughter Nora.” she says and I see Anna’s eyes bringing forth tears.

“Don’t cry” I say and become nervous.

“Hehe, Anna is easily tear stricken, nothing to be helped there. But now kids, get in the car and we will drive away from here” the lycan says and I nod.

I helped all the kids to get into the car and I took the seat in the front as Anna wanted to sit with the babies.

I hope we get somewhere we can be safe.
