Chapter 121

• • •

Part 2 Chapter 39

Nora's POV

So yesterday I woke up and now I am being treated as if I was made of glass and I don't have the heart to say that all my memories are back. I have kind of fun, but as I think back on the meeting, I really want to follow both Felix and Blake to their kingdoms.

I want to learn more about where I come from. How to get stronger so I can hold my own and if I am going to become queen one day I need the experiences and the allies. As far as I have understood it, none of the kingdoms are on good terms with each other.

And the blue king, Isac, I really want to punch him in his mouth so he never can speak again and all of his teeth fall out. I mean how much fun won't that be. Hehe.

Right now I am sitting in the dining room while everyone is walking around me carefully and neither one of my mates have left my side in the past 24 hours. Annoying but I get it, I have died twice, been in a coma, twice. I should stick to their side.

“What shall we do to save Melinda?” I ask out loud and everyone stops with what they are doing.

“What are you talking about, Nora?” Anna asks and stares at me and I tilt my head at her. Doesn’t she know?

I was about to open my mouth and tell her when I saw

Melinda coming out of the kitchen like nothing had happened.

I stood up abruptly and scared Anna, she screamed as I threw myself at Melinda and knocked her onto the floor. I straddled her waist and growled at her.

“Who the f**k are you?” I ask her and she seems surprised by my actions.

Nora, let me forward, she doesn’t smell normal Aurelie claws at my mind.

I let her forward and I gasp at what I am seeing. But before I could do anything about it I was ripped away from her by Daniel.

“What the f**k, Nora?!” He growls at me and I stare at him.

Helios and Ares came running in as well and they seem confused as to what is happening.

“What are you guys doing?” Helios asks and comes over to me and I am still staring at the imposter.

“Nora went crazy and attacked Melinda for no reason” Daniel growls and I take a look at him but I can’t see anything on him.

“Okay but you shouldn’t be so damn aggressive towards her for that.” Ares says and looks at me to see if I am injured.

Let me shift Nora, we are immune against magic so if I get my claws in her skin she will change into what she really is Aurelie snarls and I nod.

I shake Helios and Ares’ arms off and go out of the dining room but when I walk past Melinda and Daniel I grab Melinda’s hair and yank it. Making Daniel come after me with a look of fury.

I get out of the castle rather quickly and Daniel is hot on my heels and so are both my mates, Melinda and Anna. Daniel gets close to me and grabs my shoulder but I was ready for that so I grab his hand and twist his arm as I go around him and then I

kick out his legs under him and kick him in his back so he falls over.

Then I walk down to the training area, I ignore the looks from the kings as they are watching us. I take off my shirt and my

leggings and I shift quickly into Aurelies form. Now when I look at Melinda again I snarl at her.

She looks like a doll made of clay. I am sure there is a name for this sort of magic but I can't seem to remember it now. Daniel

shifts as well and attacks me but the magic in the bonding ritual holds him off so he can't harm me. But guess

what, he can harm me.

There is something wrong with the spell as I am being

punched down to the ground and I get up and attack Daniel- over and over again. But he and Ari attacked us relentlessly when I

suddenly remember, Ari marked me.

I force Aurelie to shift back and this time Ari gets a hold of me and lifts me up in the air and while my mates roar along with the

kings I caress Ari's cheek and show him my wrist.

He seems confused at first until I press his mark under his nose.

And he releases me, letting me fall down on the ground with a thud. I gasp for air and Aurelie takes over and shifts again. Ari stands there looking furious as he starts to claw at his chest and his head. The wounds on his body are bleeding profusely.

After a minute or so, both Helios and Ares have joined me and stand against Ari, he calms down and shakes his head.

Sorry, but it was a good thing that I marked you in the past, it saved both me and you. That stupid witch Maya and Luca locked me inside Daniel's mind and imprinted one single thought in his brain. Kill you if you ever touched the golem Ari mindlinked me and I blinked.

Oh right, a golem is a puppet made of clay to do anything its master tells it to do.

I look around Ari and notice that the fake Melinda has come down to the training area and she is holding on to a silver sword. But

I smile, I am immune to both silver and poisons but she doesn't know that and the most important thing is that I am immune to magic.

I snarl and attack her relentlessly, she tries to avoid my fangs but she doesn't but she does get in a kick and I am thrown to the

side but when I get up I see a light brown lycan rushing past me and rips off the fake Melinda's head from its body.

I stare at it as it rips away all the limbs and keeps it apart. I try to move my body but I feel the exhaustion coming my way, it

creeps inside my mind and I just want to close my eyes and sleep for the rest of my life.

But I can't, Helios and Ares come to my side along with Ari while I shift back. I throw my arms around Helios and sigh. He puts

his nose into my neck and licks there when I giggle.

"I am impressed but you have a long way to go to really learn how to fight in your wolf form, Miss Nora" Blake says and I glance

over my shoulder. He stands a few feet away with some clothes in his hands while he looks away.

I stretch out my hand and thanks him for the clothes.

I quickly get dressed when a thought suddenly hits me. But before I can say

it out loud I am startled by a familiar voice in my mind that I haven't heard in a very long time or for a very short

amount of time.

*Nora, did you really think that you could run and hide in time from me. Forget it, if I can't have you.

No one can. You. Are.

MINE!*

Part 2 Chapter 40

Nora's POV

It was just yesterday when the golem was destroyed that portrayed Melinda and I released Ari from the spell that had him locked inside Daniel's mind. I got a surprise visit in my mind by Luca, who told me that I was his and nobody else.

Ares told both me and Helios about his visit with Artemis and what she told him about the celestial event. Aurélie agreed with her mother so I guess we have to wait a bit more then. But I wonder what both Artemis and the moon goddess meant by that I will become more than a queen. Everything has really been messed up but I am certain of one thing, I can't tell anyone that my memories have returned. I need to keep that a secret.

"Nora, are you in here?" Helios asks and knocks on my door and I ponder if I should answer him or not.

"Yeah, come on in" I answer with a sigh at last.

He opens the door and I surprise him as I am sitting on the floor behind the door.

“Why are you sitting here?” he asks me and I shrug.

“Thinking” I answer and he nods.

”

How about a small table and some chairs here?” he asks and smiles and I nod my head.

“That would be great I think” I say and smile at him. I

just want to throw my hands around his neck and kiss him but I can't do

that right now.

“Nora, did you listen?” Helios waves his hand in front of my face.

“Sorry, what did you say?” I ask him and he chuckles.

“Have you thought more about Blake's offer? Felix and Kara were also wondering if you wanted to

come to their kingdom as

well?” he asked and honestly I had forgotten about it.

“What about Melinda then?” I ask and he nods and smiles sadly

“Daniel and some of the coven are going after her right as we are speaking” Helios explains and I nod

at him.

“That is good, I miss her.” I say and Helios huffs at me

“You barely know her and still you miss her” he pouts and I smile at him

“It feels like I know her much more than I do. But yeah, I want to go with Kara and Felix to their kingdom.

Helios nods and seems to think when he suddenly says. “I will go with you to Felix kingdom and when you go over to Blake’s kingdom I will return here and Ares will meet you there

instead. We don’t want you to be alone until the trouble with Maya and Luca has been solved, is that alright with you” He says

gently and I smile at him

He and Ares are much gentler with me when I don’t have my memories, it annoys the hell out of me actually. I stand up and

look around in my room, remembering when Kara took me shopping for a bag.

I walk to the closet and I find all three of them and I think of which one that I should take with me but I can’t really decide. I hear

Helios chuckles at me and I turn around and glare at him.

“Take all three of them, trust me you will need them, all girls need a lot of bags” he says and winks at me.

“When are we leaving ?” I ask him and he looks down at the floor for a few seconds before he answers.

“Tonight” he says and I smile. I have never been on a trip before if I don’t count on the one that took me here of course. But I

have never been on a trip with my mate and my cousin.

Speaking of cousin, Tristan, I haven seen him for a while now, I wonder where he has gone?

I nod and begin to look through my clothes, when I find the pens and the drawing pad and I remember that I could design even

more things than just shoes and I smile at it.

“Nora?” Helios says my name with an uncertainty in his voice which makes me turn around and look at him

“I knew it, you do remember” he says and comes to hug me and I cave in and hug him back hard.

“You cant let anyone else know of this, I will tell Ares but no one else, okay?” I say to him with a serious tone of my voice and he

seems worried but he promises not to tell anyone.

I stand on my toes and kiss him. “I have missed you so much, Helios” I say.

He smiles down at me and kisses me more, I moan in his mouth as he slips his tongue in my mouth and we stand there for a few

minutes, just enjoying ourselves, being together again.

“Hey, you will have her all by yourself for a month, now it is my. time with her before tonight” Ares says and when I stop kissing

Helios and look at Ares in the doorway I can see he is pouting.

“Yes I know, she is yours now” Helios says and laughs while he pushes me towards Ares. I smile as Ares catches me and kisses me deeply.

But before Helios can go out of my room Ares closes the door and locks it. I tilt my head at him and he pouts.

“So tell me that big secret now” Ares says and tilt my head slightly and shake it.

“She has all of her memories back” Helios whispers and I watch as Ares’ eyes widens and then he seems sad.

“Oh is that so, I mean it’s good and all but..” Ares says and Helios sighs but I throw myself at Ares. He falls down onto the floor and before he can ask what happened I am already attacking him. Kissing him so hard that he can’t say anything. He takes a hold of my hips and holds me steady while I am kissing him.

“I thought you would be angry with me” He says when I let him go but I just smile

“Hell yeah, I am furious at both of you. You guys had sex with me when I had no memories. But guess what both of you can

70 239

make up for it right now. we have some time until tonight” I say and squeezes his di ck through his pants.

Both of the guys growl at me and Helios moves closer so I grip his di ck as well and then I smile and say..

“Hey careful now, so I don’t do something you guys will regret”

Part 2 Chapter 41

Ares POV

Yesterday I found out that Nora had all her memories back and then she left me here in the castle but she took Helios with her and Felix and Kara to go to their kingdom. I am going to be useful so I am currently gathering a handful of my warriors as we are

going to accompany Mariah and a few others from the coven.

We are about to search for Melinda and Daniel are going with us. Since they have bonded and marked each other they are drawn together and Daniel is our best chance to find her. But even if we find Melinda by ourselves, we need some magical help to subdue Maya.

And so I have chosen to take Grey, Andrei, Anton and Jack with me. Daniel is ready when I come downstairs after packing my bag.

“Ready, Daniel?” I ask and he nods but he looks torn.

“It’s okay, Nora has Helios with her and she told you yesterday that it was okay and she trusted you to find your mate,

remember?” I say and he sighs and nods his head.

We take our bags and go out just to meet with Maria, Fanny and Carol. They nod at us and I look around to just see the others when Carol swings her arm in the air and a door appears.

“This would be the fastest way to travel, if Daniel can point

out which direction Melinda is in?” Mariah says and nods to Daniel.

Daniel closes his eyes and I can tell that he is searching through the bond, like I have so many times.

“She is up north somewhere” Daniel says and opens his eyes.

“The northern coven then” Mariah says and Carol nods.

Carol grips the handle on the door and we watch how the door turns blue and Carol opens it and Fanny walks through it.

“Only the one who opens the door can close it so hurry up guys, walk through” Carol explains and I nod.

“Come on then guys, time to work. “I say and step through the open door. It felt like going through a cold shower but when you come out on the other side I am stunned.

“It’s strange the first time huh?” Fanny giggles beside me and nod.

“Yeah but it’s incredible, we think that a door is something that connects a room to a corridor” I say and Fanny nods.

“Well, what do you think of this then?” She asks and looks around.

I step away from the door and look around. It looks like we are -standing on a mountain, everything is covered in snow and I can

feel the cold. But everything here glitters, it's really cold here.

"Wow, snow" I hear Daniel say and I hear this plop sound as he comes out from the door.

"Yep, I think we are somewhere in the mountains" I say and Fa nny nods.

Daniel screams like a girl and I turn around just to growl at it. The snow is moving and Fa nny is laughing so much like she will die from laughter any minute now.

The snow figures move and I realize it's humans in white clothes. Stupid.

"Hello Fa nny, witch from the silver coven" a voice comes out from a snow pile.

"Hello to you, I am sorry I don't know your name" Fa nny says smiling but before she can answer I hear two more plops.

"Snow!" I hear Andrei say.

"Why are lycans here?"

"What is happening?"

"Where is elder Mariah?"

"Okay, we will explain everything but can we go away from here so the others can come through as well?" Fa nny says and

I nod.

We move away and the snow people are guiding us around in the snow until we come to something that looks like a stair in

the snow.

“Oh come on now, I thought lycans were adventurous creatures” Fa nny says and laughs and I just stare as she boldly takes one step right out in the air and she disappears.

I stare at the spot where she disappeared and I stretch out my arm and I see my hand disappear as well so I take my step of faith and follow her and my heart is at risk of stopping when I see the world inside the barrier.

It looks like a magical winter village. It’s beautiful. I follow the stairs down, they look like they have been carved out from the mountain. But the sight of the village is

breathtaking, I bet Nora would love to see it.

Perhaps I should take a picture?

“Oh so this is the prince then?” a woman says and I look to my left and notice an elderly lady, looking at me.

I smile and nod at her

“Yes, I am prince Ares” I say and she smiles at me.

My name is Sophie, I am this covens priestess, it is nice to meet you” she says and I shake her hand,

“Mate” Andrei growls and I look back at him and hope this old lady isn’t his mate but rather the goddess who is holding one of the

snow piles in his hand.

“Andrei you are scaring her” Grey says and tries to reason with him.

The person takes off the hood and it’s a young girl with brown hair and brown eyes. Cute,

“Yes, believe I am,” she smiles at him.

“Fine, Andrei found his mate but before you make out with her can we go down the steps?” Grey

wonders and it seems that he is

jealous of Andrei’s new found mate.

I smile and shake my head at them, they have been inseparable since they were kids and now one of

them has found his mate,

this will be fun.

I watch as all the guys go down the last steps while Andrei and his mate are talking to each other.

“Finally everyone is here” Mariah says and she and Sophie hug

each other.

“Daniel, can you feel her?” Mariah asks and he shakes his head.

“She isn’t here, she feel like she is that way” Daniel says and points

“East from here” Fa nny says and nods.

“Well then, I will gather some storm wielder that will go with you” elder Sophie says and smiles.

Just as I was about to thank her a girl came running. She is cute as well and I step out of her way but to my surprise she throws her arms around me and kisses me on my lips while screaming.

“Mate”

Part 2 Chapter 42

Nora's POV

The car ride was terrible, the road was uneven and then out of the blue I got sick. I mean really da mn sick. They had to stop the car so I could get out and throw up. I told them that I was fine, that I was not used to cars.

You are used to cars, right? What is happening, Nora? Helios voice flits through my mind.

I am not sure but it felt like someone punched me in my stomach and then took a grip around my heart and squeezed real tight

I answer back and Helios growl at my answer.

*Nora, I am so sorry to tell you this. But the pain you felt was because of Ares. He cheated on you, well he probably kissed

another girl since it didn't last very long* Aurelie explains and I throw up again because of it.

"Nora, are you okay?" Kara rushes out from the car and is standing beside me while I cry my heart out. She helps me up and I hug her so hard that I was afraid that I was going to harm her but she just comforted me.

“Come on, let’s get you in the car with Helios” Kara says and I -nod

“No, I need to speak with Felix, can you and Nora take this car instead?” Helios asks and I look at him. He kisses me on my cheek and then he stares into my eyes.

0.00%

“I will never betray you and I will kill my brother for you if he does something like this to harm you further, okay” He says and I dumbfounded nods at him.

“Yay, girls talk all the way” Kara claps her hands and we get into the car again.

I take another seat this time, I don’t want my old seat and Kara understands that so she sits beside me and she hugs me for a while.

“You know, I did meet my fated mate but he f**ked another girl right in front of my eyes and he commanded that I should watch and then when they were done he told me to kiss his feet and clean up after them.” Kara tells me and I just stare at her.

“Well, I did something else entirely, I rejected him and then I kind of bit.. his.. thing.. off..” she says and looks away..

“You rejected him and then chomped it off? Haha I would have loved to see that, go Kara ” I say and laugh my a*s off and I see that her cheek tints red and I giggle at her.

“I haven’t told Felix that yet but he does know that I will never suck him off, I just can’t handle it” Kara confesses and sighs

“Wow, you are so open with sex talk” I say and tilt my head at her

“Oh I am so sorry, I can stop if you want me too it’s just that I have always been open minded and I haven’t gotten close to any of the other girls in the kingdom yet” She says and smiles sadly

“Well for starters, I like talking about everything and secondly, you and I must meet other girls so we can have more friends to brag with” I say and giggle at her and she giggles as well.

The mood comes brighter in the car when I suddenly get a mindlink from Helios.

*I have talked with Ares, stupid piece of shit, he told me that a strange girl ran up to him and kissed him. Claiming to be his mate but they have sorted all of that out. I wanted to let you know and remember that I love you, Nora

I sigh and I feel nothing, not even jealousy, just annoyed. I will slap Ares silly the day we meet again. Just because I had to throw up, uh I hate that.

I and Kara spent about six hours talking and laughing about everything but mainly about sex. Then the cars stopped and I looked outside while Kara chuckled.

“It’s time to eat, Nora. We will be home in about another day or so.” Kara says and I blush but when she said the word eat I feel now that I am really hungry.

“What do you like to eat?” Kara asks just as the car door opens and I see a hand and I take it but I realize pretty fast that it isn’t Helios.

“It’s okay, it’s just me, Felix” I hear him say and I grab him again and let him help me out of the car.

“Thanks” I say and go to Helios that are leaning against their car.

“So what do you want to eat, princess?” Helios asks and kisses me on the forehead.

“I don’t know,” I said, confused.

“How about trying hamburgers?” Helios suggests and Felix coughs and we turn to him

“She has eaten burgers before right?” Felix says and Kara tilts her head.

“I am right here and no I haven had the chance yet” I say and pout.

“Then burgers it is. You guys need to try this special menu in that case” Kara says and points to a restaurant.

We go there and I notice the car drivers are staying behind so I stop and turn around to go get them.

“Hey, guys, you are eating with us too and I will not take a “but” or a “no” for an answer, understand?” I say to them and they seem shocked but they nod and follow me to Helios.

“Always so nice” Helios chuckles and we follow behind Felix and Kara.

We walk inside this restaurant where the owners have chosen a color theme on it. Lavender and white, stripes. I am going color blind if I stare too long. Helios puts his hand over my eyes and I sigh in relief.

“Come on, let’s go to the table and take a look at this special menu, Kara talked about” Helios chuckles and guides me to the table.

We sit down and this waitress comes over with the menu and she smiles way to friendly against Felix and Helios. They both look uncomfortable but don’t say anything.

Nora, want to play a prank on the waitress next time she comes? Kara says in my mind and I smile

Sure what did you have in mind? I ask her and she giggles.

“Wow, the special menu is big, you didn’t kid with me.” Helios say and he shows it too me.

Wow, is the right word.

Two sets of burgers and fries. Huge burgers to say.

Two milkshakes. Two carbonated drinks. What is that?

And a huge bowl of ice cream for desert.

“I am up for the challenge” I said and laughed.

Helios calls for the waitress and she comes over to us swaying her hips and pouting with her lips. Helios and Felix ignored her

but me and Kara glanced at each other and then we did it.

I grabbed Helios neck and kissed his cheek and he chuckled and then he tilted his head and sneaked his hand behind my neck

and kissed me deeply with so much passion that thought I was going into heat by just a kiss.

When we stopped I glanced at Kara and she stared wide eyed at us and I noticed that the waitress had gone away.

“She got embarrassed when she saw the two of you trying to eat each other. But way to go, Nora. Put the female wolves in their

right place” Felix says and I look at Kara and she just shrugs.

You knew I say to her in the mindlink

Well, duh, we are on our lands, of course I knew. But damn that was hot She answers and I wiggle my eyebrows at her.

How hot do you think I have with both of them at the same time? I tease her and she becomes flustered and she grabs her glass of water and splashes it on me.

“My turn ” I say and stand up while she flees from the table.

Part 2 Chapter 43

Ares POV

The girl were crazy, I can't be her mate, Nora is my mate. Daniel helped me to get the girl off of me but the priestess, Sophie, didn't like how I refused the girl.

"I already have a mate and my lycan doesn't recognize you as my mate" I assure the girl and she looks strange at me and then she runs off crying.

"Sorry" I say to priestess Sophie.

"It's okay, she will have to deal with it, she is my granddaughter but if your lycan doesn't recognize her then that's it" she says and seems to think about something.

“Can we get inside somewhere so we can send the lycans before us?” Mariah smiles and Sophie smiles as well

“Of course, I will ask who is going with you” Priestess Sophie said and she signed for us to follow her.

We all went after Priestess Sophie and Grey grunted and huffed all the time. At last I got enough and turned around just to see that Andrei and his mate were eating each other’s faces.

“Enough, Andrei!” I bellow at him and he jumps away from the girl and straight down kneeling by my feet.

“Sorry” He says and doesn’t lift his head.

“Think about your actions here until we are ready to leave and you are forbidden to lift your head.” I say and let my aura out so

his lycan can’t protest and he hang his head down in submission

“Wait, this isn’t just his fault, I mean I could have walked away as well” The girl protests and I turn to glare at her and she looks away.

“It doesn’t matter if it’s your fault as well. I have set up a punishment for ignoring my orders and he will remain there until I say

otherwise and it's best for you not to touch him in the meantime" I warn the girl and she nods.

"But we can talk then?" She says and glances up at me.

"Fine, but you are not allowed to be closer to him than 2 meters" I say and she smiles and nods happily.

"I will agree to that" she says and smiles largely.

Strange girl, I shake my head and glance at Andrei but he remains in the same position. I tell the others to follow me and they do

but I can feel Grey's hesitation about leaving Andrei there. But he sighs and follows me in the end.

Priestess Sophie had a little house prepared for us so we can put our bags down and take a rest before we are moving out

again. A girl comes in after knocking and she lays out a map on the table along with a crystal.

"Which one of you is a mate to the missing witch?" she asks

and Daniel reaches up a hand and she nods.

need a drop of your blood then" she tells him and takes out a small knife and hands it to him.

Daniel pricks his finger and touches the crystal, effectively smearing blood on it. The girls seem surprised but nod.

“So let’s see, you said east of here..” she begins to move the crystal and when it comes further east it starts to glow.

“Just in case I will try the other directions” she says and moves the crystal north, south and west but it doesn’t glow.

“East, how far east?” she mumbles to herself but we can hear her since we have very good hearing.

She moves the crystal slowly in the direction of east but when it begins to fade in its glowing she moves it back and it starts to glow again.

“Oh, sh it” she says and looks up at us.

“What is the problem?” I ask and try to understand the map. It is different from ours. Instead of kingdoms it shows witch covens.

“She is around the cerulean coven and trust me you don’t want to fight with those witches and they aren’t friendly either” she explains.

A knock on the door makes us turn towards it and the girl opens it and Mariah comes in.

“Hello, I have a more specific map with me and all of you are staring at the other map like you have seen a ghost or something”

she laughs and then she looks down at the map.

“Oh hell” is all that she says.

She takes forward one map and gives it to the girl and she nods in return.

“This is a more close map of the water covens, lets see where she is exactly” Mariah explains and I nod. “You are her mother?” the girl asks and Mariah nods and smiles.

The girl holds the crystal in front of Mariah and she touches it with her own magical energy. Then she puts the crystal over the map and we see it glow brighter and brighter when it lands on the center of the map.

“Oh my goddess, we will need all the help we can get,” Mariah says and I look at her with confusion. “This coven is the main coven in the sapphire kingdom” Mariah explains and I stare at her in shock.

We are so f**ked!

Helios POV

I watched as Kara splashed Nora with water and it took Nora about five seconds to chase Kara down in the restaurant and I laughed when Nora got a hold of her. But I did choke on my laughter when I realized what Nora did. She licked Kara in her ear and Kara looked like she was gonna throw up and Nora laughed her heart out. I have missed this side

of Nora, no one can believe that she is supposed to be 20 years old when she can be really childish at times. But I love this side of her.

It took about ten minutes and then lunch was served. I remember Nora's shocked expression when she realized that she had slept through almost the whole ride over. I chuckled at her silly expression.

But the food was great, we had no problem eating up everything. But I have to remember that Nora doesn't like pickles and ketchup on her burgers. Onions and mustard was fine though, strange girl but whatever.

She liked the fries and the fuzzy bubbly thingy which is normally called soda but she was really cute when she drank it for the first time. She formed a little "o" with her lips and when she swallowed it she said she had a cold bubble bath inside her mouth.

Cute, right?

Ares called me when we took our seats in the car again but now I had Nora back with me since Kara ate too much and Felix was the only one that could help her with the pain in her stomach.

Ares told us that they had located Melinda but when he told us where she was, we groaned. Well we do know one thing that Isaac wants, and that is Nora. But I will never allow her to sacrifice herself to help Melinda but perhaps we could offer something else. And this thing I know he has chased for years and years at end. The name of his fated mate!

Part 2 Chapter 44

Anna's POV

The castle has been quieter since everyone left and it has been nice but also lonely. It reminds me of when Dave was still a rogue lycan and the king used to.. No, don't let the thoughts run there.

I am currently down in the kitchen and making lunch, and while I am here I feed the kitten. Baby Hannes is with Dave, he has begun taking strolls with him. Even though it isn't our baby, Dave seems fond of him.

But otherwise Dave has chosen a handful of lycans and is training them. He has taken over the role of training the warriors while Ares is out and searching for Melinda.

I think it is going well and Dave likes it. He is happier and more balanced and I am happy watching him. But something feels wrong and I can't put my finger on it. But everyone knows of this feeling, like the calm before the storm. It feels exactly like this. But right now it's peaceful and I will make the best of this time as long as it is just like this.

Dave's POV

I am in the training area with baby Hannes in the stroller, Anna was going to make lunch so I took him outside. I believe that kids should sleep outside once in a while, better air out here and he can get used to sounds around him while he is sleeping.

"Oh come on, get up Linus" I yell at the pup.

This time I train my handful of warriors along with the lycans that

were healed by Nora. But we still have a problem, there are still rogue lycans left in the forest that are surrounding the village and the castle.

They are just waiting for something, they don't come into the village anymore, it's like they know that Nora isn't here and they can't get her help.

“Dave, what about a break? Baby Hannes seems hungry” Linus’ father suggests and I nod and hear baby Hannes’ stomach sound very cute.

“Let’s take a break everyone, 15 minutes” I whistle and everyone breaks off from the hand to hand combat.

I smile down at baby Hannes as he wakes up and makes a cooing sound at me. I pick him up gently from the stroller and I notice that he has gained weight again and he has grown a bit taller as well.

But then again he is about four months old and he is a lycan, so he is more like a six months old baby. I picked up his bottle from the bag on the stroller and popped it in his mouth and he started to eat at once.

“Can I feed him please?” Linus comes towards me and he seems to really like kids and I nod at him.

“Sit down first” I say and nod at one of the rocks and Linus sits down and I place baby Hannes in his arms and he smiles at him.

“I like kids” Linus tells me and I chuckle

“I have noticed” I say and stand beside him.

Dave, where are you? Anna mindlinks me and I smile

Training field, why? I answer her and she sighs

Oh, then it must be your brother she says but I know that my brother isn’t in the castle today.

Anna, what is going on? I ask her and I can feel that she is nervous through our bond.

It was just a guard but I don't remember seeing him before she answers

I turn away to look at the castle when I hear her scream. I glance at baby Hannes but Linus nods and I run off. Linus' father and two others are coming with me as well. We run into the castle and skids on the floor to get into the kitchen as fast as possible.

I see Anna is being pinned on the floor by a guard, he is strangling her while she fights with all she has.

I roar and the guard

flinch as I jump at him, landing on his back and ripping him off of Anna.

Anna starts coughing and I make a mistake as I glance at her and the guard gets the perfect opportunity to hit me in my face. I

let go for two seconds and he flings me off, but Linus' father hits him on the neck.

He falls down unconscious and I nod at him. Then I get up and walk to Anna and scoop her up in my arms. She puts her arms around my neck and nuzzles into my neck and I smile.

Typical female werewolves, they are always seeking comfort in their mates scent. Not that I am complaining at all.

“I think he is the father of baby Hannes” Anna whispers and I stop and look down at the guard.

“Who do you think that?” I ask her and shake my head.

“His scent, it’s almost the same as baby Hannes.” she whispers and I stop beside the unconscious guard and sniff in the air. She was right, he does smell like baby Hannes, almost.

“What should we do with him?” Linus’ father asks and I tilt my head.

“Take him down to the cells” I say and he nods, hauling the guard up and carrying him down to the dungeons.

“And you, my incredible mate, I will need to heal you before we go and fetch baby Hannes” I say and she blushes but nods her head.

I take her up to my room and I feel my lycan is restless and he wants to hurt the guard just the same way that he has hurt Anna.

But I know if I do that she wont forgive me.

“Dave, how about Linus and his father borrowing baby Hannes for an hour or so more?” Anna says and I look at her confused.

When it clicks what she wants I chuckle and mindlink Linus' father and he laughs as well and tells me to take care of the lady of the house.

"Well, now my fair lady, it's just you and me, let's try to make a baby of our own" I say and wink at Anna.

Part 2 Chapter 45

Nora's POV

We have been in the blaze kingdom for three days now and I both love and hate it for good reasons. I love spending time with

Kara, getting to know her better, actually she tricked and lured me into remembering her and I was so surprised by the memory.

I thought she was a boy and asked her to marry me when we were kids..

Anyway the air here is so refreshing, the blaze kingdom is between two high mountains, like in a valley. But I figured out that one of the mountains is actually a sleeping volcano but the nature here is so magical. Everything feels bright and new around here.

Like earth herself has just woken up and started to live, the colors are more vibrant and even sounds her feel more fresh. It's a

paradise, truly. But the difference here from our kingdom is the female wolves.

Felix and his family have tried so hard to protect them that all unmated females are living in the castle and the mansion is where Felix and Kara live.

Sure no problem with that and me and Helios are also staying in the mansion as we are guests but it's those unmated females I am getting crazy over. They drool and stalk Helios everywhere. One of them even surprised him by laying naked in our bed.

But Kara found it funny how the wolf kind of flew out of the window after I came into the bedroom and found her naked on the bed while Helios took a shower. Many females think I threw her out of the window but Felix made them shut up after one of them tried to push me down the stairs the other day.

To think females can be so scary and childish sometimes but I am used to it from my former pack. Imagine the twins and Emily when they really wanted to bully me, they could be my worst nightmare sometimes.

So today I am going to be with Felix beta Pete, he is training their warriors today. Since this kingdom's trait is honesty, kind off,

they have a very strange training method. I asked if I could join and Pete looked happy that I was interested in it.

So for today, training clothes, leggings, sports bra and a tank top, no shoes. I left for the training area and noticed that some of the female wolves also joined in for the training and I was surprised as the training group was mixed.

There were more females than males here and no one seemed to care about that. I shook my head at my former alpha who

believed that females shouldn't be warriors. Idiot.

I sat down on a spot where no one else was, just watching the others, I noticed a few things in their behavior and such that I

needed to remember. Two hot guys came and sat down next to me.

"Hi, I am Dee." One of them says and I look at him, blonde hair and green eyes.

"Nora" I say and nod

"I am Arty. Can I ask you about one thing?" the other one asks and I am quite shocked to see that his hair is red and his eyes are ember.

"Sure, ask away" I say and smile

"Is it true that Mina, put herself naked on your bed and tried to seduce

your mate and later you scared her so she jumped out of the window by herself?" he asked and I could see the curiosity in his eyes.

"Umm, yes, you could say that my wolf scared her half to death for her to jump out of the window" I say and look away.

The entire training area went quiet and I looked up when Arty and Dee started laughing.

"What am I missing?" I asked them and one of the girls answered further away from us.

"Because Mina has been strutting around telling us that you hit her and she fell out of the window or that you threw her out of the window because you couldn't stand her beauty" she giggles.

"Oh, I didn't get a good look at her though" I say and shrug.

The girl that answered stood up and came over to me and smiled.

"I didn't mean to not believe you, it's just that Mina is a huge slut and a liar so everyone just wanted to know the truth about the incident. My name is Amilia by the way. I hope we will be friends" she explains and I could feel that she told the truth.

"Oh, I understand, my name is Nora" I say and smile back.

“Well, Nora, if you want too you can join us over there so can these two mo rons stay by themselves” she winks at me and the guys pouts.

“Sure, I will come with you, not because I know they are mo rons but because I need friends and you seem nice” I say and she stops and blinks at me.

“You don’t have any girl friends?” she asks me and I shake my head.

“I have three friends, but one of them is my cousin, the other one is mated to our king’s brother and the third is mated to our gamma” I say and tilt my head and I can see the thoughts running in her head.

“Well then Nora, consider me your fourth friend” she says and hugs
1.

I smile big and follow her to the other girls and I am introduced to all of them. I feel that I have just gained a lot of friends and I would miss them when it’s time to leave.

The training began when Pete came out and he began to explain about truth, honesty and lies and I had a question so I stretched up my hand.

“Yes, Nora. Do you have anything you want to ask?” he said and I nod.

“If someone truly believes their own answer but you know it is a lie but this gift doesn’t detect it since the belief emotion is strong, what shall we believe then?” I ask and he looks surprised at me and so do the others.

“That is an excellent question, Nora. I am happy that you took it up actually.” he says and seems to think “Lets try it on each other, can you differentiate between a lie and a strong belief?” Pete says and waves at us to stand up.

Amilia and I get paired and she smiles.

“Why this question?” she asked.

“Because I know you lied to me when you said that we could become friends, earlier” I tilt my head and smile and she looks angry

“How in the world did you know?” she snarls and Pete comes over to watch

“Instinct”? And I trust my wolf when she says that something isn’t right” I say and shrug.

I feel sad over the fact but happy at the same time.

“And I also remember you from the first day, when you told Mina to lay naked in our bed so you could comfort me later and mark

Helios when I wasn't watching after you had earned my trust" I say with a low growl.

She huffs in annoyance and Pete seems a bit irritated by Amilia.

"That was very good, Nora, your counterpart, listen to him or her always, they can save your life" Pete says and when he turned

around I felt Aurelie pressing forward but I wasn't fast enough as Amilia shifted and attacked me.

I screamed as Amilia's claws raked down on my face and she grabbed my upper arm in her jaws and flinged me back and forth as a ragdoll. Why, me?

Part 2 Chapter 46

Helios POV

Female wolves are scary beings, except for the one laying naked in our bed the first day I have been bombed by them. It doesn't matter where I go, they are there, smiling and flirting. I told them to back off but they aren't listening, they just keep coming back.

Kara had enough earlier today as we walked together to the market and two females started fighting over my attention. Kara released her aura as the luna of this kingdom and the girl whimpered while showing submission. But it was far from over as there was another set of girls approaching right after Kara took in her aura again. I sighed and Kara looked like she wanted to rip their heads off. When we were done shopping and on our way back to the mansion I felt that Nora was upset over something and I told Kara that I would go see her.

Kara told me that Nora was on the training ground so I jogged over and just as I was close I felt Nora's pain. Her face and arm hurt and I whimpered in the pain. I could feel through her.

I reached the training ground and Haze was furious at what we were seeing. A female wolf had shifted and grabbed Nora by her arm and trashed her around like a ragdoll. We watched as she was thrown about but I realized that /Nora couldn't shift so I did that instead.

Haze took control as he released a roar and kind of jumped the distance to the female wolf and Nora. He grabbed the wolf by her

neck and lifted her into the air. The wolf let go of Nora and Pete caught her before she crashed down into the ground.

Haze felt like a raging inferno as he saw all the blood over Nora's face and in that moment I felt myself slipping away from the control. Next thing everything went black as he shoved me out of my mind. Now I am stuck where Haze usually is, way back in my mind. I can't watch what he is doing but I can hear the surroundings.

I hear him growl, and I hear whimpering, Pete is trying to talk to Haze but he doesn't listen. I hear both Kara and Felix but Haze is going on a rampage. Felix will have to take him down and fast. Then I hear the sickening crack, like when someone's neck is broken. Someone died and then I hear Nora's voice. "Please, stop, I am fine"

Then I felt something hard against our head and this time they took Haze out as everything vanished.

Nora's POV

Amilia thrashed me around and I felt that the blood was flowing too much and Aurelie had to fight to heal the wounds. When

Amilia grabbed my arm she severed some blood vessel and I felt my blood draining fast from my body and I felt lightheaded.

Sorry, Nora, but if I shift now, you will get harmed even more, your body is weakening fast Aurelie whimpers but it's okay I can feel that Helios is close by.

A few seconds later I can hear Helios roar and Amilia's grip on my arm and I feel myself fall but someone catches me before I fall to the ground.

is gone

"Nora, it's me Pete, I will help you speed up the healing but I must have your consent in this" he says and my eyes flutter and I

can see him through the blood that stains my face.

"Pete, no, I will help Nora" I hear Kara's voice and I wonder what they will do.

"Nora, I will help you now but Pete will hold onto you, okay" Kara says and I try to nod and she sighs. I feel her shift and then I feel her tongue run over my wounds and I feel Aurelie become a bit stronger.

Kara, is licking your wounds, making them stop bleeding and I can begin to heal you. But I just have one thing to suggest Nora, mark Helios! So we can be over with the female wolves and we can draw on his strength as well and he is ours anyway so come on Aurelie growls at the end and I chuckle.

I feel her heal my wounds and I can finally sit up with Kara's help. I blink my eyes and Kara helps me wipe my face. Then I hear

Amilia whimper and I look up to see Helios lycan standing in front me.

He is furious and with one hand on Amilia's neck he has lifted her up in the air and it looks like he will eat her. When he suddenly

grab her throat with the other hand and a sickening crack is heard and he let's Amilia's lifeless body go. He broke her neck!

"Help me up, Kara" I say and she and Pete help me stand and I walk slowly towards Helios.

"Please, stop, I am fine" I say and touch his arm. He tilts his head and look down at me before he huffs. He shifts back and then he falls unconscious on the grass. I raised an eyebrow in confusion, he never faints no matter how much strength he is using. Strange

Ah he woke up his lycan and then his lycan took control and burned a lot his energy so he fainted, kind off Aurelie explains

How do you know that? I ask her and she giggles

Because I talked to his lycan before you touched him. His name is Haze by the way she says and huffs.

I feel so tired and so exhausted.

“You need to rest Nora, we will help you and Helios back to your room” Kara says and I cant help to hear the other female wolves giggle.

I look down at Helios as he is totally naked and he isn't small there and I turn to glare at the female wolves.

“Enough of this.” Nora and Helios are my guests and you will show them respect.” Felix raises his voice and picks Helios up and puts him over his shoulder.

Pete took a hold over my back and behind my knees and I was about to ask what he was doing when Kara pushed me backwards. Pete chuckled at my expression as he caught me in his arms and carried me back to the mansion.

“Look at the wolves, Nora” Pete says and I look over his shoulder just to giggle.

The female wolves that Felix told off are all sitting on their knees on the ground, showing their necks in submission.

Part 2 Chapter 47

Ares POV

We finally know where to go and this time we'll take it slow. I contacted dad but he told me that King Isaac was on his way back to his kingdom so we decided to simply go there and we prepared our journey over there.

"There are five covens in the sapphire kingdom and we have a connection to one of them" priestess Sophie said and I tilt my head at her.

"My niece belongs to it. She is mated to a lycan in the sapphire. kingdom and joined one of the covens there so I have contacted her and she seemed shaken. Because she had seen this mage you have been talking about and Maya but not Melinda." she explains.

"But we will go there" I say and Mariah nods.

"Yes and my granddaughter will accompany you" priestess Sophie says and I sigh.

I glance at her granddaughter where she is sitting and staring at me. She still claims that I am her mate and I deny it.

"Before that can we make a blood spell" I ask them and they look terrified at me.

"Hell no" Mariah said and I tilted my head and looked at her.

"My lycan and her blood" I say and point at the girl.

“Oh, yes of course” priestess Sophie laughs and her granddaughter looks up.

“What kind of spell?” She asks and I huff

“It’s a spell to see if you guys are really bonded or not” Mariah says and the girl nods so much that I thought her head would fall off.

I

go out of the cabin as it’s too low for me to shift in and I take off my clothes. The girl gasps as I strip and I growl at her and she looks down. When I only have my briefs on I shift and of course I tear them but right now I don’t care. I raise my body up and stretch, finally able to shift, it’s so nice and I feel more right in this body. The girl takes a sharp breath in and starts to cry and I turn to look at her and Mariah touches her, wondering what’s wrong.

“It isn’t him”. He isn’t my mate” she cries and I feel confused.

First she is adamant that I am her mate and now I am not, I shake my head and Priestess Sophie comes closer and I crouch down and hold out my hand. She takes out a dagger and pries my finger and I let the blood flow down before my wound closes itself up.

“Thank you, prince Ares,” she says and smiles.
I nod at her but I am still confused about the girl.
Why is she doing this?
I stand up and look at the village, it’s cute and homey, it looks like a winter wonderland. I think Nora would really like it here.
“Prince Ares? I have made the spell and you guys aren’t mates but do you want to know your lycans name?” Priestess Sophie comes out again and I look at her.
I quickly shift back and grab my pants and put them on.
“My lycans name?” I ask her and she nods.
“Not all lycans have names” I say confused.
She smiles and shakes her head.
“No, that is a wrong belief. All lycans have a name but the first lycan puts up a boundary spell on the lycans so they can’t reveal themselves to their human counterpart unless a strong emotion is behind it or a spell or simply looking into “that” book” she explains and I nod.
That is so typical Artemis to do something like that, sigh.
“Okay, I am ready, what is his name?” I say and smile and so does she.
“Your lycan name is Kilian” she smiles and looks me in the eye and I feel it at once.

*Finally, I am released. I shall bite Artemis in her a*s next time I meet her* My lycan rumbles and I smile.

*So Kilian, was it. Except for biting Artemis in the a*s, is it something else you want to tell me, like something about that girl that prompted that she was our mate until she saw me shift into your form?*

I ask him and he growls.

I have a lot to say to you, boy. Like what the hell were you doing with the little witch and that girl wasn't entirely wrong. My last counterpart was her soulmate Kilian says and I nod.

Now I understand, she felt Kilian's presence in me. "My lycan was your granddaughter's soulmate in their former life" I explain to priestess Sophie and she nods.

After that went down we prepared everything and Mariah opened up a portal this time and Daniel went in first along with Carol.

Grey and Anton were after her and I looked around to see Andrei in the same place where I had left him so I put my fingers in my mouth and whistled.

"Andrei come on, we are leaving. Take your girl with you and hurry it up, you have thirty seconds. 1.. 2.. 3.." I started counting and I heard him grunt and groan.

He and his girl came to my side with three seconds to spare and we went inside the portal just to find ourselves at the border of the sapphire kingdom.

“Lucky us that you didn’t portaled us to the water” I say and Mariah chuckles.

“I should do that the next time then to see if you can still swim” she says and I pout

“I can swim and that one time is not worth mentioning, I forbid you” I say and put my arms across my chest.

“I don’t need to listen to you, boy” she says and I huff at her.

“Ares, I found the border guard” Daniel waves me over and I go to him.

The border guard waited for me and he bowed to me before he smiled at us.

“Prince Ares, I assume. Our king isn’t here at the moment as you probably know but his beta has told us that you are welcome into our kingdom. “he says and shows the way.

“Wait a minute, I have friends with me including four witches, is it okay for them to come along as well?” I ask him out of politeness and I see him mindlink someone, probably their beta.

“Our beta says it’s fine if they are willing to put on these” he answers and holds up a small black pouch. I take the pouch and open it, anti magic bracelets. I nod and give it to Mariah, she sighs but puts it on and I steady her as he loses her balance. When everyone is ready we step over the border and into a beautiful hell. “Welcome to the sapphire kingdom” the border guard says with a wicked smile.

Part 2 Chapter 48

Nora's POV

I woke up later that evening after getting enough rest and Aurelie had enough strength to heal me. Kara's scent was stronger in

our room so I searched for it and found that she had brought food in here. I looked at the bed and noticed that Helios was fast

asleep, snoring hard and I chuckled at him.

I remembered what Aurelie said about marking him but I need to eat first. I lift the lid and look down at the plate, steak and

potato, perfect. I ate it all up but left Helios food because! have a hunch that he will be hungry afterwards anyway.

Then I went to shower and when I came out I noticed that he is still asleep but now he lays on his stomach instead. I bite my lip and ask Aurelie.

How should I do it? I don't want to wake him either I say to her and she answers a few seconds later with a laugh

Haze says that he is sensitive on his left hip and you can also reach his balls when he lays like that she tells me and I blush but

walk up to the bed and look at my mate.

I reach out my hand and let my fingertips caress his skin on his left hip and Helios shivers and turns around, laying on his back

this time. I tensed but I also saw that he is still asleep so keep going. I gently climb on top of him and giggle quietly, I have always wanted to do this.

lean over him, making sure that my towel won't fall open as I

kiss him gently on his cheek and lick him on the neck. He groans but doesn't wake up.

Keep going, Haze is helping you, he's trying to prevent Helios from waking up too soon. Aurelie whispers and I wonder why

she would whisper since I am the only one that can hear her anyway.

I shake my head lightly and keep licking my mate, he tastes good, I keep going until I find his nipples and I remember what he did to me so I lick one of them and bite it gently. Scraping my teeth against it and I can hear him groan.

I pinch the other nipple lightly at the same time as I blow on the one that I bit. Then I trace my round and fingers down his hard abs, I love the feeling of them under my hands. He is hard and yet soft and I try to stifle my giggle as I feel his di ck against my thigh.

I move so I can get a full view of his now very erect di ck, I blow on it and it moves slightly. I stretch out my tongue and touch the tip with it and Helios moans but without waking up. I let my tongue slide from the tip all the way down to his balls. I tried licking them too, it was a different feeling from them but I didn't care about that right now. I begin to touch his di ck with my fingers and I look at it, feeling every vein on it at the same time as I memorize the feeling of it.

I let my hand slide down the shaft and I grip it gently, squeezing it and moving my hand down and up, a few times before the

feeling overwhelms me and I open up my mouth.
and take him inside my mouth. I notice him bucking
his hips when I have him
inside my mouth.

laugh around him but keep going, I take my other
hand and

massage his balls while I lick and suck on his di ck
inside/my mouth. I remember that I couldn't get it all
the way so I took Kara's
advice and relaxed my muscles in my throat and
breath through my nose.

Then slowly I lean over him and take his d ick further
and further back and I stop when I feel my gag reflex
but I remember to

breathe and then I put it in deeper. Letting all my
drool come over him, not holding back. Relaxing my
tongue and my jaw and

when I open my eyes I notice that am all the way
down on his shaft and I hear Helios groan.

He is awake, I can feel his hand in my hair and I lift
my head slowly so I don't gag over him or something
worse. I look up at him

and notice that his eyes are completely dark from
lust. I smile and take his di ck back into my mouth.

I bob my head up and down on it at the same time
as my hand -runs-up and down on his shaft. My
tongue works on his di ck

inside my mouth, licking and swirling around him in a tempo that makes it more pleasurable and when I feel him twitch I slow down.

“Nora, I will come if you don’t stop.” he pants my name and I love it but the memory of the taste makes me shudder.

So I pull away my head and instead I sink myself on top of his dick, he helps me guide him inside of me and I moan as he fills me up completely.

“I would love to wake up like this every morning” He says and

I chuckle as he sits up and grabs my neck.

He kisses me even when I try to protest but he doesn’t seem to care about that. I feel his tongue inside my mouth as he tastes

me everywhere, but shouldn’t he taste himself in my mouth as well?

Then he opens my towel that I was still wearing and he attacks my breasts, kneading and squeezing them. Pinch and twist my

nipples when I begin to rock my hips and he grabs them. He takes a hold of my hips as he lays himself back on the bed. He

helps me ride him first at a slow pace but when I feel my own release.

I begin to go faster but in a steady rhythm, up and down, back and forth. I feel it build up and Helios grunts, I touch his shoulder and he grabs me and twists us around so now I am laying on the bed under him and he plunges into me again hard. In and out and I scream his name as the orgasm wrecks through my body and I pull him down. He groans loudly as I feel him come inside of me and I feel Aurelie press forward and my fangs come out of my gum. I lick his neck and he turns to the side, giving me access and bite down hard until I hit the bone and the bond snaps in place. I felt Ares' shock through the bond but I just smiled and thought that he is next. Helios chuckled as he pulled out of me and kissed me on my lips. "One down, one to go"

. . .
