Chapter 131

• • •

Part 2 Chapter 49

Ares POV

Yep, so it has been a week now since I felt Nora mark Helios, I bet she had enough of those horny female wolves at the blaze

kingdom. Well we have a promising time now in the sapphire kingdom. All of us are currently held hostage, yep, so much for going smoothly.

It seems that king Isaac has gone missing on his way back here so they have imprisoned us, believing it's our fault and I kind of understand how they are thinking.

We come knocking and want in when their king is out and after two days they hear that the car where their king was in has been smashed from the road and the king is missing while we are searching for something in their kingdom,

I would have believed we were the bad guys as well even if we aren't but it's easier to believe that than finding out if anybody else wants to harm their king.

So right now we are confined in a part of the castle. I wouldn't call it prison cells since I am a royalty so they can't treat me badly

and since all my companions are from my kingdom and with me to protect me even if they can't. The sapphire

kingdom's people can't harm us so they locked us up in the east wing.

It's kind of mediocre here, and I know Daniel is on the verge of losing his mind, by being so close to his missing mate and he

can't go to her. I think the sapphire people are waiting for any

of us to do anything but I have just simply told them to relax and wait everything out.

There is some sort of commotion outside and I hear them running past our wing when the door opens up suddenly just to reveal

king Isaac's beta, Todd. He stands there panting, like he has run around and not being able to take a break because of that.

"We need your help" he says trying to catch his breath.

"With?" I say and glance at him.

“The sapphire witches have begun attacking the lycans and wolves in this kingdom, they are burning down houses faster than we can put out the fire” he says and I see Mariah standing up.

Our witches still have the anti magic bracelets on and they have been losing their energy steadily over these past days.

“I thought the sapphire witches were all water elementalists” Mariah says and Todd nods at her.

“Yes, they are but there are two witches amongst them that wield fire magic” Todd looks scared and I understand him.

“Take off the bracelets then and you will have three witches that can defend against fire” I say and raise my eyebrow at him

“Prince Ares, even if he takes off the bracelets, we are too

weak to do anything,” Carol says and sighs.

“Melinda explained something to me before about energy and magic. She also said that you can borrow energy from things,

like lycans” I say and look at her and she nods with a smile

“Have Melinda given you lessons about magic?”

Mariah asks and I nod

“Yes, I was curious when she told me that even lycans can wield defense magic and then she gave me book to read and she have helped me by answering my questions and such” I explain and shrug

“Well, in that case we can help you, but on one condition” Fa nny says and smiles.

“Okay, anything” Todd answers and removes their bracelets.

We walk out of the wing and out of the castle and I shift, alongside Daniel, Grey, Andrei and Anton. Fa nny touches my hand and

I feel my energy being zapped and the feeling of getting a bit hungry washes over me.

*Huh, that was a kind of rush Kilian snorts and I laugh at him

I see Mariah and Carol zap energy from Grey and Andrei as well and I notice their auras growing brighter.

I look out over the villages and see the fire spreading rapidly. I tilt my head and concentrate on listening when I growl. Maya is here!

Helios POV

-Da mn Nora’s mark is effectively good. No female wolf has

approached me with their original intentions and I can finally go with Felix on his round around the castle without being afraid of being jumped on.

Nora has gotten pretty far in her training and Felix is happy

that she is a fast learner. Nora can now tell a lie from a mile away and she can see in combat when the opponent is lying when they try to lure her.

She reads body language better than anyone else and even I am a bit scared of her but I love her more than anything. I have

also been able to take a run with Felix and I have helped him with the kingdom. Political stuff and so on.

Soon it's time to plan another mateball and this time it is held in his kingdom and he doesn't look forward to it but he knows it's

best for him to hold it. Well Kara is the one with the problem, since she is Luna she will have to hold everything together and let me just say that she isn't that type of person to organize this stuff.

Nira laughed hard when Kara told the theme of the mateball and Kara became red as a tomato in the face when Nora had -

finished laughing her a*s off. Kara's theme was stars, literally, stars.

Nora instead gave her tips on themes and how to do the entire thing and put it together. And I was reminded it was Nora's theme at the last mateball and that she almost by herself put it all together.

So Kara sucked it all in and went over the themes with Nora and she likes two of them so now she just needs to choose. Felix

left when Kara tried to ask him about colors, saying that she is the one to decide and she pouted as she watched him go out of the room.

Then she turned to me and I took the two papers and read the themes and the colors on each theme.

The first was a fire theme, playing with their kingdom. I liked that one and the

colors were a mix of red, orange and yellow.

The other theme was pretty as well, ocean theme.

Whereas the colors shifted in blue, purple and green. I gave her this paper

and I voted for it as well and Nora tilted her head at me when I said that she could alter the theme.

I explained about giving it a shot with her stars and changing it to a galaxy theme instead and Nora looked surprised at me. But she agreed when I explained. The theme will be... Gone in the galaxies.

Chapter 132

• • •

Part 2 Chapter 50

Dave's POV

The days float into each other and I feel like everyday is the same. I start the morning with Anna by my side and the day ends with Anna by my side. Training the warriors on the day and trying to find comfort in my mate. She keeps the violent side locked in myself.

But lately I can feel my control slip bit by bit and I am afraid that it will break totally and I will lose myself and my lycan will take over again and I am so scared that it will happen. I don't want to be swallowed by that same darkness again that was a big part of my life for so many years at the end But I feel my lycan more closely and it all started when Noral went away, she seemed to take her light with her on this trip. and I

feel this crazy thing. I want to follow her. I want to be by her side so bad that I want to keep her locked up somewhere I only know.

But I know that my thoughts are irrational as well, she isn't mine, I can't do what I desire with her but I don't feel so well when I don't know where she is.

So I bury myself within work, like that guard that is baby Hannes father, Anna fought so hard to keep baby Hannes but his father didn't give in and so he took baby Hannes with him and even changed his name. My brother gave out the order that the father couldn't leave this kingdom with baby Hannes.

But there was one thing he didn't say to the father, he could still leave this village that surrounded the castle and two nights ago that was the first thing he did. He left with baby Hannes and we have no idea as to where he is. Anna has been devastated about this and I can see her sorrow on the outside and feel it on the inside.

Baby Hannes was something more than another lycans baby, he was Anna's baby. I learned that day that she had lost two

babies and that she really loved baby Hannes as her own. The grief from a mother that has lost her babies is strong but their love will never die.

My brother has been thinking about sending us away on a small trip and I think I will take him up on his word right about now. So

I went to find him, it wasn't that hard as I heard his voice coming from his office, loud and clear.

I knocked on his door and he told me to come in so I opened it and saw that he was speaking on the phone so I went and sat

down on the sofa while waiting for him to hang up but instead he crushed the phone in his hands.

Oops.

"So I assume that wasn't what you wanted to hear?"

I say and he nods while pouring up whiskey for both of us.

He hands me a glass and I take a sip of the burning liquid and I enjoy it.

"The sapphire kingdom is holding Ares and the others. hostages because king Isaac fell off the world and cant be found right

now" my brother says and sighs as he sits down.

"Hmm, yeah, I would have gone in those thoughts as well but still isn't it a little bit harsh? Are they in the dungeons or cells or

whatever they have there?" I ask him but he shakes his head

25.86%

"No, they have the east wing for themselves" he says and I nod.

Good, since Ares is still a prince and should be handled with care even if he kills their king or something like that. But to a king to disappear without a trace?

"What did you want to talk about, brother?" he asks and look up at him

"You know, ever since baby Hannes was taken away from Anna and me, we have been missing him and something bigger. Anna is just doing things on routine, she doesn't even see me anymore.

I can be right in front of her and she can't see me. So I thought about that gift you gave us when I marked her. Going away you know" I say and I feel Anna's sadness bleed into me and I knew she was crying again.

"That is a good idea and guess what, I know where that ba stard took baby Hannes." he says and I look up and smile.

"Where?" I ask him and I feel a new hope bloom up
"Nora's old pack" he says and I smile.

“Well then, it’s time to invite her parents to come over here and I will go find my son on the same route” I say and drink up everything in my glass in one sweep.

“Go, find him and bring him back” my brother says and I nod and stand up.

“Wait, take this. It is all your money on this card.” brother says and gives me a black card which I take and nod at him before I leave his office.

I let the bond take me to Anna and I found her in our room sitting on the floor next to our bed. She had her eyes closed and didn’t even move when I closed the door. I started to look for my overnight bag and hers as well. Finding them I also found the baby bag that Ben had bought for baby Hannes.

I fought with myself for a second but I left it in the closet and instead began to take down clothes for both of us. I heard Anna move around until she came into the closet and I glanced over my shoulder at her.

“What are you doing?” she asks with some curiosity but I just shrug.

“Don’t, please don’t leave me” she says and I look at her while I tilt my head and then I shake it slowly while I walk up to her and hug her.

“No, Anna I am not leaving you but you are coming with me. We are going to travel to Nora’s old pack and meet her parents” I

say and she tenses in my arms and I thought it was weird but I didn’t care about that.

“Nora’s old pack?” Anna says and I kiss her forehead.

“Yes, silver stream, I think it is called” I say and Anna gasps

“But that is my old pack as well” she says and stare at me and I stare back

Oh sh it!

Part 2 Chapter 51

Melinda POV

It feels like several years have gone by since the last time I saw Daniel and when I finally am in his arms again, I can't move my

body or talk at all. My mother and Fanny and Carol were there when they found me and they have tried several things to "wake"

me up.

But they all have agreed that I am catatonic, I am trapped inside my mind and my body is a shell, I see them and I hear them but

I can't do anything. No matter how hard I try I can't do anything. Gosh, I have come to realize that I really hate my sister by this

point.

Even when she killed my Mia, I couldn't come to hate her, she is my sister after all but now? Forcing me to watch and hear how life is going on but I can't do anything? Yep, I hate her.

I don't understand why Daniel is still by my side even after all this time. I love him so much that it hurts but am just a burden to him by now.

I am a bystander, watching through my lifeless eyes, the surroundings are shifting, spring, summer, fall, winter and then it begins

again. I feel Daniel, he is trying so hard as not to break down in front of me. My mother and the coven are also trying to find a

way for me to come out of my shell that is my body but I can't seem to grasp the situation.

Watch as the kingdom is blossoming as Nora is taking her

rightful place beside her mates and I also see the kingdom fall

0.00%

when Nora dies. Immortality is a myth, all will die, it's just a matter of time.

I watch the world come to life after everything is burnt to the ground, I hear laughter and screams, I feel their happiness and

sadness. Life and death. I just sat there in my chair and watched as Daniel finally broke down and he killed himself. I watched how Ares and Helios killed each other. I watched how Samantha killed the king after he killed Ben. I watched the hidden people come to life, I saw them take over everything. I watched how the world became black as darkness seeped in everywhere. I watched as everything became chaos. I watched through these eyes of mine how a vampire tore my throat open and I cried. I cried as I felt the vampire slice my stomach open and I saw it kill my unborn child in front of me and then I died.

Daniel POV

Melinda is right there, there in the town surrounding the sapphire castle. She is a wind witch so spreading the fire is no... problem for her. But her movements are stiff, like they aren't her own, as someone is controlling her. Ari is furious as he doesn't understand how someone can do this to another person and he forces our shift. Prince Ares takes control of the sapphire army and we begin to move through the town down to the witches that are adamant in killing every living being here.

I see children out of the corner of my eyes as I rush head into the fire. I need to find her, my Melinda, she is everything for me and she is Mine. I will not let anyone take her from me, not even my lycan.

I growl at the people that are in my way and I jump over the fire wall and land right in front of her. Melinda. I hear Prince Ares yell as he and the others can't pass through or over the wall of fire. But I don't care as I am standing right in front of my mate. She stands there with lifeless eyes, like she is there but not in control of her body. She moves towards me and I can see a mini tornado in her hand but I ignore it for the time being and I approach her carefully. When I finally caress her cheek I see a lone tear slide down from her eyes and I use my thumb to wipe it off her. "Melinda, sweetie, come back to me, please" I whisper to her as I gently put my nose against hers. I see her eyes widen and she looks up at mine and I see it. She is struggling, as she is trying to answer me or do something to let me know that she is still in there. I am trying to decide if I should knock her out or let

her battle whatever it is that is blocking her from coming out. *Don't knock her out, she can be trapped inside her mind forever* I

hear Mariah's voice inside my mind. *How did you do that?* I ask her and she chuckles.

Melinda's father showed me a trick or two she says with amusement.

Melinda's father, she never speaks of him, who was he? I ask her and I think the information can be vital this time.

Does that matter now? But sure. Melinda's father was a Tycan, but he couldn't shift so I don't think his genes was so strong Mariah says and I tense.

That is impossible I say back to her.

I know Mariah answers.

I focus on Melinda again and then I enter her mind. Everything in Melinda's mind is beautiful, colorful, flowers and birds, animals and even stars and then I see her. She must be a child here and by her side is a puppy.

Hello, Melinda I say to her and she lifts her head and I take a step back. She has no eyes.

Hello, Daniel the puppy answers and the child/puts her head down again.

What? I ask and I can't wrap my mind around what I just

saw.

Melinda's mind are scary isn't it, look again at all the colorful things, if you dare The puppy says and looks at a bird above my head and I look up.

I feel sick as I notice the gaping hole in its chest as it flies over my head. It looks like its heart has been taken out or something

else. I look around and notice different things now. Even if her world here is colorful, it's missing something and I know what it is.

Life. Her mind is literally missing the life piece.

Where is Melinda? I ask the puppy and it tilts its head at me

I am Melinda, dummy It laughs at me

*Did you know that I was a stillborn when mother had me, because of the curse so she and the coven did something

bad. They killed off my wolf and ever since then they killed me. All my emotions and the very being of myself* Puppy Melinda

says and I nod.

*I understand that Mariah thought that she was saving you by killing off a piece of you in the process. It is not something to be

happy for but let me tell you that Tam happy that she did. I met you and I love you my beautiful mate* I say and she opens up her

mouth to say something when I am shoved out of her mind.

I shake my head and notice that Maya is standing behind Melinda and she throws a fireball at me.

Melinda raises her hand and

the mini tornado moves out to me, effectively capturing the fire surrounding my body and I feel that I am burning.

I feel and smell my burning flesh but I refuse to scream and look-Melinda in the eyes instead. I can see her horror in them.

“You are stronger than her”

Part 2 Chapter 52

Ares POV

The air is shifting, a storm is coming, everyone can feel it. It's about to hit everywhere and everyone. But what will happen and

where is Nora. As we are walking and Helios is leading us in a specific direction I notice that the sky is turning black and lightning bolts are marking up the sky.

It looks like nature herself is preparing for a war. A war between heaven and hell, between every living creature on this earth. But

for some reason it feels empty and not just through the bond, it feels empty everywhere. I glance at Daniel and Melinda.

She has been unconscious for a while now and I think this weather thing has a part in that as well.

“Prince Ares, your brother seems confused. Perhaps we can help with finding Nora” Fa nny whispers to me and I turn my head in Helios direction again.

He walks in a big circle muttering to himself, I can feel that he is lost somewhere. I nod at Fa nny and Mariah takes out a small bag from her pocket. Carol comes forward with a tiny knife for me and points at Helios.

“Since Nora have marked Prince Helios, they have a blood band, stronger than yours” Carol explains and I nod and walk to Helios

Helios mutters something about the right path and mountains, confusing. I grab his shoulder and his hand and plunge the knife through his hand. The witches scream and I can see Helios returning to his senses. He is staring at the knife and at me like I had grown an extra head or something.

Helios shakes his head and then smiles while punching me in the face._____

“Thanks for the wake up call” Helios says and helps me up from the ground.

“Sure, what is brothers for anyway” I say laughing

“You, guys, are so strange” Fa nny says and takes the knife from Helios and we just shrug at her.

She goes to Mariah and they do some spell and Mariah opens the small bag and drops the blood from the knife in it. Mariah

turns the bag inside out and small seeds drop out and nothing happens and I sigh.

“Huh, why flowers?” Helios asks and I look at him and he points at the ground.

Sure small dark pink flowers are growing out of the ground and follow Helios footsteps and past us, in a straight line. I look at

Mariah and she smiles.

“And there is our path to find Nora” she says and walks past us and we stare after her.

its

Helios grunts but follows Mariah and so do I when Fa nny has gone past me as well. I look up in the sky and I feel the wind pick

up pace. Da mn if there is going to be a tornado, hate those things.

Nora’s POV

I could feel so much power inside my body, it felt like I was overflowing with it but I didn’t know how to use it either. I looked at

Artemis and she looked happy and I also noticed another lycan that I had seen before, but I couldn’t place it exactly.

“Who are you?” I ask it and it seem to laugh at me

“My name is Lian” it says and I tilt my head. His name says nothing but he feels really familiar.

“Sorry but I don’t recognize your name but you feel really familiar to me” I explain and he laughs

“That is not something that you need to worry about now, Nora. Lian will help you in the future” the moon goddess says and I

look at her. She has shrunk back into a child again.

“My energy and powers are dwindling that is why I gave some of them to you and when you are ready you will get all of them

and take my place as the new goddess” she says and I stare at her.

“what? I can’t take your place” I stutter and she giggles at me

“Of course you can but not now, I am talking about after your death, sweet Nora” she says and waves me off.

I turn to look at Artemis again when I see absolutely nothing, only darkness. Oh time to wake up again huh?

But no I don’t wake up, I was marked by force and because of that I get plunged into Isaac’s memories.

I sincerely hope that one

of them will tell me why the hell he is so stupid.

The first memory I come into is when he was around seven or eight years old. He is running in the forest like he is being chased by something, he runs past me and climbs up a tree while I stand there watching. He seems so scared for some reason.

I look at the same way that he came from and first there was nothing but then I could hear them.

Wolves, five of them snarling and growling through the forest, are hunting him. I stare at them when they come running in here and one of them sniffs the air and finds Isaac sitting in the tree and all of them start to jump on the tree. Isaac is crying as he doesn't want to get caught. A person comes out from behind the wolves and I can tell that he is Isaac's father. He looks like Isaac when he is grown up but his father has an even colder aura to him.

“And what are you doing up there? A ba stard like you, climbing a tree instead of fighting like a man. I should have killed your mother after I had f**ked her.” He growls out and Isaac whimpers.

The memory changes and this time I have to hold my hand on my mouth so as not to throw up.

I see Isaac sitting on the floor a few years older than the first memory, I guess he lost control of his lycan? But he shouldn't be able to shift yet.

He sits on the floor with a lifeless body beside him and his father comes in with a big smile on his lips, he claps his hands and nods.

“Good Isaac, you did good this time around. It is a cruel world out there. It's either to kill or be killed. I guess you have earned yourself dinner now then” his father says and I stare at him in horror.

Isaac killed a child. A boy his age and his father is proud of him. The thought sickens me. I look Isaac in his eyes but they are hollow like he can see right through one but I notice that single tear rolling down from his eye.

I turn away from him and the view changes again and this time I scream out.

“Who are you?”

Part 2 Chapter 53

Nora's POV

“Who are you?” Isaac asks and at first I thought it was me he was talking to but I was standing next to a girl in this memory.

She is blurry so I think Isaac didn't really care for her, but she came into his room anyway and without clothes as well.

“Your father, the king, said that you needed to make heirs so here I am. I am coming from an alpha so my genes are strong and hopefully I will give you a boy and your father will release my mate so we can be together.” she says and she seems sad about all of this.

Well nothing strange about that I guess, who would want to have a baby with someone other than their mates?

Isaac gets up and he is smiling scary again. He takes a hold of the girl's neck and twists it, I hear her neck break and she falls down dead on the ground. I stare at her and then I look up at him again just to see him look right at me with those eyes.

“I asked, who are you?” he says and I turn around to see if there is someone else there but I can’t see any.

“What are you looking at? Shall I kill you just as I killed that?” he says and points at the dead girl on the floor and I take a step to the side, still confused.

He follows me with his eyes so I step forward so I stand in front of him, perhaps a meter away. I raise my hand and wave it in

front of him. and he tries to grab my wrist but his hand goes through mine like I was a ghost

“Witchcraft” he says and stare down at me

“Nope, but this is your memory and I am inside it.” I say and he looks surprised at me.

“Nora?” he says and I smile and nod at him.

“I remember, I think,” he says and holds his head.

“ISAAC” his father yells and the door is opened with a bang.

I jump and turn around to see his father storm into the room and he shifts the moment he sees the dead girl on the floor. He

raises his claws and is about to attack Isaac.

“Think of another memory fast” I say in panic and Isaac just looks at me and closes his eyes

The room is changing again.

“Where am I now?” I ask out loud, hoping that Isaac can hear me. But he doesn’t answer me and instead I hear moaning and I hope I haven’t stumbled into something I shouldn’t see.

“Please, watch” I hear Isaac’s voice and I look at the direction and see the current Isaac that I myself have met

“I bet you want to know how and why I am such a jerk. My father made me this way. Sending me whores and virgin, anything for me to produce an heir. I am his bastard son and his first born was my half sister. But my mother, who was my fathers true mate, became jealous so she killed his daughter and her mother.

Father then killed my mother and when the curse came to life, he realized that he needed me since he couldn’t have more children. So he tried everything to get me to give him an heir but I wasn’t just interested” Isaac explains and I just stare at him. Shocked that any parent could do such a thing.

“Wait, you weren’t interested?” I ask when his words sink into my head

“Look on the bed” Isaac says and points

I walk over there. It isn't so bright so I can't see so much but when I come closer I can understand why he isn't interested. On the bed is Isaac and his lover who is also a man. "I understand" I say but Isaac looks at me with hollow eyes.

"No you don't but you will soon" he says and points at the door and I look there when I hear footsteps. The door opened with a bang and his father came in and he stopped staring at Isaac and the man in his bed, he roared so the windows shattered. Isaac jumped up in bed and the guards came into his room and pressed him down onto the floor while his father took the man and tore out his throat with his claws.

I gasped at the sight and I turned around, I saw Isaac just watch the scene unfold before him without doing anything.

"Hey, Nora, look now." Isaac says and I do it and then I throw up.

His father bends down on the corpse of the man and slices off his dick and then shoves it inside Isaac's mouth. This sight will haunt me forever.

"Please, Isaac, release me" I pleaded with him.

“Yes, Nora but I want something else in return” He says and I nod my head.

“Your mate’s name?” I ask, my eyes still shut closed
“Yes” he breathes out.

“I know who it is” I say and I feel our surroundings change and when I open my eyes.

I stare right into his eyes, Luca. I fist my hand and hit him straight up on the nose. He screams while I quickly stand up just to realize that I am naked. What the f**k?

“Good morning sleeping beauty” Luca says and I growl at him.

I notice a movement at my right and I turn just to see Isaac standing there silent. I tilt my head at him and he makes eye contact with and holds up a dress that I take. I get dressed rather quickly and see now it is a white dress. What now then?

“We are getting married, Nora” Luca said and opened his arms for me and I stared at him.

“Hell no” I say and his eyes darken.

“Yes, Nora. You and I are getting married.” he says again and I shake my head at him.

“I have my mates” I say and he laughs and shakes his head.

“You forget one thing, sweet Nora. When Isaac marked you, your bond to those two vanished.” Luca laughed and I laughed even more.

“I have already marked Helios, I can feel him” I say and Luca’s face falls and fear settles in his bones.

“Isaac” I say and he huffs

“I, Isaac, king of the Sapphire kingdom, take back my mark and claim on Nora, the future queen and goddess” Isaac’s clear

voice comes out

and a burning sensation feels on my neck and I feel his mark disappear.

“Now then, what shall I do with you, now?” I laugh at Luca and he raises his hands and shoots out his magic.

A shield comes up from the ground as flowers cover the ground where I am standing. Dark pink flowers. Pretty.

I felt Helios getting near and I just needed to stall and I guess I was right as Luca tries to run away but is surrounded by our coven witches.

Mariah, Fanny, Carol and Melinda. Melinda!

They raise their hands and the flowers surround Luca’s body and turn him into a .. a..

Ouch, that has to hurt but I don’t hear his screams.

Luca got turned into a pink cherry tree.

“Hmm that won’t hold him very long, shall we go?”

Part 2 Chapter 54

Nora's POV

Everything happened so fast and I was thrilled to see Helios and Ares so I tried to run over to them but Isaac was faster than me and he took a hold of me around my waist. He pulled me against him and he whispered in my ear.

“What is my mate's name?” he asks and I notice that Ares is tensing up and Helios are on the verge of attacking.

I hold up my hand towards my mates and turn around in Isaac's hold, he looks at me uneasy but I smile and he bends down his head and I whisper his mates name. He looks so surprised at it that he even cries and I hug him. Well, until Ares rips me away from him and takes a defensive stance. and growls.

“I am sorry, I didn't mean to take her from you, I just wanted to know” Isaac says and smiles a small smile.

“Ares, it’s fine. I am alright. I have missed you” I say to Ares and hug him from behind and he turns around to face me.

He grabs my face between his hands and kisses me hard. I chuckle but kiss him back, I gasp as he licks on my lower lip and he takes the chance to slip in his tongue in my mouth and we play.

I feel his hands travel lower, down to my hips and under my butt and as he lifts me I wrap my legs around his waist and just as he is about to rip my dress off someone harkles.

“So how da mn hot this is to watch we need to go” Mariah says and chuckles and Ares rips himself from me and I pant, trying to catch my breath when I notice that Helios are right behind me.

I smile and turn so Ares lets me go and Helios takes me from him in a hard hug.

“Don’t you ever disappear from me like that again. I have had enough of this now, okay?” he said and I nod.

“Well, doesn’t miss Nora have plans to go to the knight kingdom?” I hear Grey say and I turn my head to see him, Andrei and another warrior that I have forgotten the name of. And three others that I didn’t know.

“Yes, I am still going over there, why?” I say and tilt my head at him.

“Then I am coming along with you if that is okay” Grey says and bows and I nod happily at him.

“Perhaps we should move from here and talk things over and I think this king should return to his kingdom so his people can stop worrying” Mariah says again and I nod, looking back at Isaac.

“We are in the outskirts of my kingdom and walking back to the castle will take about a day and a half” Isaac says and I sigh.

“Not if I portal us there” Fa nny says and laughs and I smile.

So Fa nny made a portal and everyone stepped through and we walked out of the portal to find ourselves just outside the castle doors. I look up at the castle and remember Isaac’s memories as I shudder.

“Isaac, what happened to your father?” I ask him and he glances over at me just as Ares drapes his arm over my shoulders.

“I killed him” he answers quietly and a shadow comes over his face. I simply nod as I am at a loss of words.

Isaac pushes the doors open and I am amazed by the inside of the castle. I thought it would be a cold foreign feeling in here but

no. It's very modern looking and there are flowers everywhere and it smells nice as well.

"What the hell has happened here?" Isaac says in shock.

"It's pretty" I say and look around.

"Oh, do you think that?" Isaac says and tilts his head at me and I nod.

"Then I will leave it as it is then" he mumbles but I heard it.

"My king!" You are back" a voice comes out and a younger man comes rushing over.

"Yeah, whatever" Isaac says but the man doesn't hear the sarcasm or perhaps he is used to it but he doesn't give away that he has heard it.

"And you must be Princess Nora, the very last female lycan" he says and turns to look at me but Ares growls and he takes a step back.

Sheesh, Ares, he was just trying to say hello, no need to be so upset about it I mindlink him but all I am met with is whining.

Are you Ares' lycan? What is your name? It finally clicks for me

Kilian Ares' lycan answers and I smile.

I lean my head on Ares and try to stifle a yawn but I wasn't fast enough.

“Prepare rooms for everyone here, our guests are tired” Isaac says and the man nods his head but looks vary at us.

“Not the same wing you put us in last time” Ares says and I glance at him and the man stares horrified at him but shakes his head.

“No of course not, I will prepare another room for you” he says and runs off and I look at Isaac who seems just as confused as me.

“That guy is my assistant of sorts.” Isaac says and I hums

“What about your beta?” I ask and Isaac shakes his head.

“I won’t take a beta” Isaac whispers and I feel confused at first then it hits me. His lover must have been his beta or was going to be..

The man comes back and waves at us to follow him. Ares picked me up in his arms as I wobbled a bit, getting marked and rejected was tiring but what I and the moon goddess did was exhausting and I knew that I needed to tell Ares and Helios about it but first I needed to rest..

Part 2 Chapter 55

Ares POV

Nora has been sleeping for three days now. When she didn't wake up the first day, Helios and I panicked but Mariah told us to calm down since it had taken a great toll on her body and she also mentioned that Nora's second heat was beginning.

Helios have been strangely quiet for these past two days and I know that something is up. But I wonder what it is. And not to

speak about king Isaac, he has been strange as well, everyone in his kingdom is tripping on their toes as not to set him off.

I really hope that Nora will wake up soon, I miss her and I am so sick of watching Andrei with his mate.

Grey seems sick of it as

well, they have been best friends for years so I can understand him as well. I was actually jealous of Helios for many years too,

what if he would find his mate and leave me?

But then it so happened to be that Nora was meant for the both of us. And she is so da mn perfect as well. Perfect for us both,

sure she has her flaws but that doesn't matter.

"Ares, I am going home, together with the witches and Daniel and Andrei as well" Helios interrupts my thoughts and I look at him.

“Really? I thought you would wait for Nora to wake up since she is close to her heat?” I say and look at him.

“Nah, I know that she wants to mark you and you need to let her and we can’t mark her yet anyway and she also wants to go to the Knight kingdom. And I think you should escort her there just as we planned from the beginning.

Mariah said that Luca won’t be held down as a tree for a very long time so I thought about going home with them to find a solution for that problem” Helios explains and gives me a letter.

“I understand your reasoning, say hi to dad for me” I say and put the letter in my pocket, Nora’s name was written on it.

“Thanks brother” Helios says and waves.

I watch him go through the portal which Mariah had opened as well as the rest of them and I sigh.

“So now it’s only us left” Grey sighs as well and I nod at his words.

“So what do you think of the knight kingdom?” I ask Grey and he seems to think for a moment.

“I think we will find something there” he says and I nod. I have the exact same feeling.

“Excuse me, Prince Ares, your mate is awake” one of Isaac’s men came out to tell me and I smiled..

“Hurry up now before she gets cranky” Grey laughs and I shake my head at him

“Soon, you will be the one that has to run here and there” I say and he laughs.

I rush past everyone on the way to our room and when I open the door I am met by a furious Nora.

“Ares” she says and I know it was my fault somehow. So I do the only thing I can think of, I give her my most charming smile and back out through the door again.

“Come back here” Nora calls out and I come in again and swallow this hard lump of forgiveness.

“You are mine this time and I will mark you, is that clear?” Nora growls at me while grabbing my shirt and pulls me towards her.

“Yes, I am yours, Nora. I have always been and I will always be” I say and she stops growling. I close the door and lock it and take off my shirt when she lets it go.

“Take it all off” she demands from me and I nod. I am so willing to accept everything she tells me to do. I take off my jeans and underwear, slowly so she can really take a good look. And when I am finished she comes closer to me and gently with just her fingertips she touches my chest.

I try to stand still even though I just want to grab her and push her against the wall and take her there hard and fast.

“Do it” Nora whispers and I tilt my head at her. She looked me right in the eyes as she removed her dressing robe, revealing her naked body.

I looked at her body slowly, taking in every centimeter of her and when I was done I reached out my hands and grabbed her shoulder back into the wall and kissed her with so much passion I thought I would feel dizzy.

I took both of her hands in mine and held them above her head, she pushed her body against mine but I just chuckled at her. I

touched her breasts, played with her nipples and let my hand slide down and cup her pu ssy.

I played with her lower lips and felt her heat and her wetness and I put two fingers inside of her and that is when I could smell the

sweet scent coming from her. Her second heat.

I flipped her around so now she is facing the wall and I took her hands and placed them above her head again. I pulled on her

hips and pushed her legs apart, then I positioned myself at her entrance and I felt her push against me.

I slapped her a*s and she gasped and she moaned so I did it again and as I got the same reaction, I did it two more times and as she threw her head back I drove my di ck into her wet and warm pu ssy in one single thrust.

She screamed my name as pleasure wrecked her body and her org asm came the moment I pulled out and into her again. Da

mn she is tight and mine. I growl as I pound into her faster and harder. I let go of her hands and grip both of her hips and hold her while I go out and in.

I felt my release coming and I chased alongside with her second and as I came so did she. I slipped out of her, still hard, I turned her around di ck and lifted her up in my arms and she positioned herself over my and I helped her slide down on it.

She moaned like crazy and when I looked at her I noticed that Aurelie was there and looking at me, her fangs slipped out of her gums and I tilted my head at her, giving her access to mark me and she didn't even hesitate as she sank her fangs through the skin and right down in the bone. Locking the bond in its place.

“Mine”

Part 2 Chapter 56

Nora's POV

It has been roughly a week since I marked Ares. Finally we are going to the knight kingdom. Helios left for our kingdom and he got a new phone so he called yesterday and we spoke to each other. I can't really get used to having a phone and talking on it.

Kara sent over my things and I opened my sketch pad and decided to draw some things. King Isaac showed me his kingdom and now I understand why they are called good swimmers. The water here is crystal blue and so nice to look at but it's freezing cold.

The sapphire lycans have really thick fur and can withstand the freezing water. I tried swimming to the bottom since Isaac wanted to show me something but I couldn't. It felt like I was about to freeze to death.

So instead Isaac took the treasure up. It is a crystal that can only be found in these waters. It's cerulean blue and when the sun

shines through it, it mirrors a rainbow all around it. So now I am designing a pendant with the crystal in the middle of it.

But soon we are going to the Knight kingdom where Blake is waiting for us to arrive. I take my bag and head down to Ares as he is waiting for me. I noticed that Isaac is also dressed and has a bag over his shoulder.

”

‘Are you also coming?’ I ask him and he smiles and nods

“Yes, I and Blake have a meeting so I thought why not go with you” he explains and I smile.

He was a dickhead from the beginning and I can somewhat understand how he was formed that way but now I can sense that he wants to change himself, he is trying to change his ways.

I look at a woman that is dressed in a dark blue dress and her hair is blonde, her eyes are light blue. Oh a Sapphire witch,

“My name is Zafira and I will open a portal for you to the knight kingdom, I hope it will go smoother this time” she says and I feel confused by her words and she notices as she giggles.

“I am sorry for laughing but your expression was so cute. I am a water witch and our portals are a bit different from earth witches”

she says and I think I understand so I nod.

She raises her hand and waves it in the air and a rainbow shows up. She touches it and shows us how to get through it. I am jumping inside with a childish happiness, I have always wanted to feel the rainbow.

I take the first step towards it with Ares holding onto my hand and I stretch out my other hand and through the rainbow and I giggle at the warm feeling of it. We step through and I feel my expression fall.

I thought the knight kingdom would be some dark and scary kingdom where everyone would be sad and there would be actual knights running around in armors with swords or something. And dragons breathing fire, flying in the skies.

“Haha what is the matter Nora? Not what you were thinking

of?” Ares asks and pulls me away from the portal and I just shake my head.

“I can pretty much guess what she was imagining” King Blake said and I turned my head at him to see him stand there with another male lycan.

“Oh this is Adam, he is my gamma ” King Blake introduces him and I nod.

“I am Nora” I say and smile at him and he smiles back.

“Finally, I am happy to meet you, Nora” Adam says and I am surprised as everyone I meet usually addresses me with “miss” or “princess” or even “queen”.

“Hey, Adam she is my mate you know” Ares tells him and Adams eyes light up and his smile broadens.

“Ares, gosh I have missed you. It has been pretty boring without you around here” Adam says and he and Ares do this strange

boy hug where they are more patting or dunking each other’s backs.

“Yeah, so I will officially show you and Nora around the kingdom and tell her about our history and such things. And since she is

actually a part of this kingdom, I can show her almost everything” Adam explains and I smile, but his face falls and pales a bit when he looks over my shoulder.

I turn my head and look at king Isaac that has just stepped through along with Grey.

“Isaac, finally you are here” Blake says and both of them smile and I had this hunch that something has happened between them.

Isaac sensed my stares and he coughs and nods at the castle. No, calling it a castle would be rude this is a fucking palace. I bet that everyone that lives in the center of the kingdom actually lives there.

“How many live there?” I ask them and Blake chuckles.

“Well everyone here in the center of the kingdom but the witches like to live by themselves so I just let them do that but don’t worry I have a few guesthouses for my guests.” Blake explains and I nod stupidly.

He leads everyone toward the palace but I totally stop as I see the village, if you could call that a village. It’s more like a huge marketplace with small tents everywhere and the feeling here. is nice. There is color everywhere and I can hear laughter and feel the joy in the air. I smell something sweet and delicious in the air and I really want to go and explore.

“Nora, let’s put our bags in place then we can go look around” Ares tells me and puts his hand on my back and I just nod. I don’t want to look away from this.

“So Nora, what do you think of my kingdom so far?”

Blake

I

asks but before I can answer I notice someone coming fast and tackles me to the ground. I get up and am suffocated in a hug. What the hell? "Okay, Tristan you are choking her" Ares says and helps me up to my feet. I look and see it is Tristan and I hug him again only to be ripped away from him by none other than Isaac. He stands tall and I thought he looked at Tristan as a threat When he suddenly growls "Mate" it a spine chilling word and I smile.
