Chapter 51

Maria POV

A puppeteer. This kind of magic is long forgotten and very dangerous but to think it is practiced inside the castle. What if it is

Mia?

But even if she had her pendant and full access to her magic, she isn't strong enough for a spell like this. If not.. blood magic.

But blood magic is even more forbidden and it leaves a trace. I contact Fan ny and she is on her way along with Carol and the rest of the elders of our coven.

"Maria, what is going on?" Fa nny ask as she opens the door

"A puppeteer spell is cast in the castle" I say and she sucks in a breath and stares at me

"What?" Carol's voice is heard but I just nod and gather my grimoire along with a bottle.

“Let’s go” I say and hold out my hand and when everyone has grabbed onto me, I use my own transportation magic and in a “whoosh” we stand outside the castle doors. “Maria, can you feel that?” Fan ny asks and I nod. This magic does not belong to Mia, it’s light magic, a very rare magic that doesn’t exist in our coven. “But who?” I begin to say but the door swings open and reveals the king himself.

r

“Thank the goddess that you are here Maria, we are in big trouble.” he says and I can see that he is not included in the spell.

I nod and we walk inside, the spell is powerful and everywhere but as I look around I notice a lot of bodies on the floor, unmoving and the smell of blood fills the air. I look at the king with an angry look.

“Hey, they aren’t dead Maria. But I needed to break a few noses along the way to the door” he says and I tilt my head. but nod.

“Maria, I think I know who did this. But I am confused as well because she is dead” Carol whispers.

I look at her and she looks at me with tears in her eyes. Oh,

her.

Well I will be da mned.

“Let’s go visit my foolish granddaughter then” I say and walk between all the unconscious lycans on the floor.

We walk as fast and quietly as we can towards Mia’s room. And when we get there, well the scene that is unfolding is scary.

Ares, the prince, leader of the top warriors and one of the strongest lycan’s that has ever been born.

Is lying on the floor with blood trickling out of his backhead andt there is a woman standing.. No

floating in the air with her vacant

eyes staring at Mia. Mia’s door is off its hinges and

Mia is staring at the woman with horror on her face.

I quickly gather my magic and send out a reverse spell that will make Mia speak again and when it hits

her, Mia draws a

2/5

breath and then she say:

“I will never be on your side, you psychopath”

Well to say I am proud of my granddaughter is the least I can say. I smile at her and she glances over at me and smiles back.

Now is the time to draw the witch out and I do it easily with a minor spell.

The floor is covered by fire as it is spreading rapidly from our side to the other. The floating woman turns around slowly, with a

hollow look on her face when she opens her mouth and blood is pouring from it.

“M.. a.. r.. i.. a..” she says and drags the letters out.

“Yes” I say and don’t take my eyes off of her.

“Wh.. at.. do.. you.. thi.. nk.. of.. th.. is..?”

“I am not impressed by this disgusting stunt of yours” I say and look disgusted by this.

“Ha.. ha.. ha.. It.. is.. not.. eas... y.. for.. me... to.. ma.. ke.. th.. is.. bo.. dy..”

“Let her go and come and speak with me then” I say impatiently and the floating woman closes her mouth and then falls down on the floor and a white orb comes floating up from her body.

I watch as the orb floats slowly against us and I step in the way of Ares’ body on the floor.

“Here, you can talk through me” Mia stretched out her hand.

I try to stop her but she looks determined by her decision.

|||

The orb floats in Mia’s direction and then she absorbs it into her body. She gains a white glow and her eyes become white and she starts to speak.

“Hmm, you were right it was easier to speak in a conscious body” Mia’s voice is distorted.

“Who are you?” I ask and she laughs

“Don’t you recognize my magic, my old teacher? You taught me for several years, just as my grandmother taught you” She says and stares at me before she tries to move Mia’s body but gets frustrated as she whines a bit.

“Mia let you use her voice and not her body and by the way I have created a barrier spell around her room so any second now..”

I explain and she looks at me confused.

“So your grandmother taught me, huh. Well in a sense she did since she is my mother as well, my dear daughter. How does it feel, using your own niece’s body to speak through her” I ask and finally it hits me

“Haha it feels just fine, after all she is my daughter, don’t you remember mother? I gave her to my sweet sister after you sent me on my way to rehab. Like I am an alcoholic or something else.” She says and I just sigh at her and shake my head.

“Lift the spell, Maya, or I will...” I begin to say when she disrupts me.

“Lift the spell, you say? No this is my revenge, but I am almost finished and everyone will notice me then but first” she says and I feel her magic as Mia screams.

|||

“Mia?” I ask as I see how Maya’s magic disappears.

“Hurry..” She.. is.. going.. to.. kill. No.. ra..” Mia is trying to speak but she is having a hard time.

“Now is not the time to stand around like idiots, hurry to Nora’s

room, now!” I yell at the king while I run toward Mia that slumps down on the floor as the exhaustion took a hold of her.

“Was she telling the truth, grandma? Was that my mother!?” Mia asks before she faints

Chapter 52

Daniel POV

I was by Nora's side when everything went down but I got updates from Prince Helios in the beginning and I also had fun about

Dave and Anna, they both needed someone and why not each other? I would love to meet my mate, perhaps I can do that when Nora breaks the curse.

But when Ares mindlinked me and told me that Helios was out cold, I was on high alert, I shifted into my lycan, Ari. Ari and I shared control as we guarded Nora, we stood between her bed and the door, silently watching her and listening for intruders.

After 30 minutes there was a knock on the door and I glanced in the direction but didn't say anything. It knocked again but this

time I growled and the knocking stopped so I thought it went away when the door blasted open. Witchcraft.

A thick white fog came into the room and Ari warned me so I backed up closer to Nora. Then I saw it or rather her, her eyes.

were blue and her hair black but she was solely focused on Nora but I choked as Ari was conflicted.

Ari was certain that the witch is our mate but I couldn't leave

Nora defenseless.

"What do you want?" I growled out and the witch turned her head towards us and seemed surprised.

"Where are you?" I can hear you but not see you.

Are we

1/4

playing hide and seek now?" her voice came out as a whisper.

What in the wide world? Is it the gift I got before?

She is truly looking for me as she can't see me but I need to focus on Nora

right now, I can deal with the mate thing later.

"Hmm, this is not good, why can't I see you? Are you protected by something or someone? But I can see the sleeping princess

right there and I took out her mates. That leaves..

the guard dog. " She mumbles out the words and I can't stop Ari in time as he

growls at the words “guard dog”.

“Oh you are in here then but I don’t feel any ill intentions coming from you. Strange, after all I am here to kill the princess..” she says and I can feel that Ari is conflicted.

“Hmm this was fun, if I succeed in killing her, will you come after me then?” she wonders as she moves slowly closer towards Nora.

I try to move my body but it’s like I am frozen to the ground. No matter what I try, I can’t move my body.

“Oh please, don’t try to move I paralyzed you, the protection hinders me from seeing you but it doesn’t hinder me from paralyzing you.” She taunts me with her sweet voice.

I watch as she walks slowly towards Nora and she looks at her and then puts her hand over Nora’s nose and mouth and

suffocates her slowly. Nora begins to twist her head in a way to get away from her but she can’t.

I send out a mindlink to everyone so somebody can come and help us and right on time the king shows up but he too becomes

paralyzed by the fog and can’t move. All we can do is stare at Nora as she loses her life.

Nora POV

So alone in the darkness again and all I am doing is floating around like I am nothing. Nothing, alone in space. Aurelie took some time alone and hid somewhere in my mind.

My body still feels heavy but I can hear them speak to me and sometimes I enjoy listening to them but other times I just want to

crawl into a ball and cry. Cry because I also want to be there with them. I don't want to be in this bottomless

darkness anymore. I am tired of crying, tired of hearing them laugh and telling me that they miss me.

I want to wake up and eat pancakes again and kiss my mates, I will never reject them, I love both of them and I want to be with them. Only them and no one else.

That is the problem, Nora Aurelie huffs from somewhere

"What do you mean Aurelie?" I ask her with a sigh

*You aren't alone but you refuse to see it and so we are stuck, in the darkness together, forever. Don't you think I want to be let

out as well. I want you to shift into my body and then we can run alongside with your mates and we can hunt and play.

Feel the ground under our paws, smell the earth and jump over rocks and logs inside the forest. Chase rabbits or a deer. I want out as well but that won't happen if you don't accept me for me.

I am not my mother and neither are you, so just accept the truth, accept yourself and me and you can wake up and we can be together. Stupid human girl Aurelie yells at me with sorrow in her voice.

r

I stare in her way in the darkness and I am lost for words, while I ponder over everything she said I feel strange. Like I want to jump out a window or something. Something feels wrong like I am in a burning house or I have been diving too deep into the water. It feels like I am suffocating.

"Aurelie, do you feel that?" I ask her and she whines in response

Yes, something is happening to your physical body but I thought your friends were protecting it? Aurelie answers

I strain my ears and I can hear Daniel growl in warning. "What do you want?" he asks and I get confused. There must be an

intruder in the room. But it feels familiar.
Then there is an unknown voice, taunting him,
playing with him. Then it says it is going to kill me.
Oh da mn and I can't do
anything but lay there on the bed. Yay for me.
I feel a cold sensation over my face and I try to fight
back this invisible thing as it tries to kill me and I
hear the king from a
distance but I think he can't do anything as my
surroundings die out and my final thought is that I
miss Aurelie.
I really wanted to merge with her, I bet we would be
wonderful together.

Chapter 53

Melinda POV

My stupid sister is back in town as I heard from Fanny when she sent me a signal, sure Maya is crazy but as her older sister I

have responsibility and I must stop her and her stupid behavior. Sigh. I took care of her daughter and raised her as my own. I

love Mia but she is a copy of Maya.

Greedy and wants things that she can't have, bratty children. I use my own magic and transport myself into Nora's room by searching for her aura.

I plop out next to her bed where I can see my crazy sister trying to suffocate Nora. Stupid, idiotic, girl. I send out a warning which stops Maya and she slips her hand off Nora, so Nora draws in a big breath and I smile down at her.

Sleep now.

“What do you think you are doing here? You promised me to never interfere with my doings ever again!” Maya screams at me but I just sigh and look at her tiredly.

“You know very well what I am doing here. I am stopping you from doing things on your own again like I have done so many times in the past, little sister.” I say and touch Nora, to feel if she is hurt by any chance but she feels alright so I send some healing magic to her wolf.

“You have no right to interfere in what I am doing here” Maya tries to defend herself when I realize that the guardian and

|||

the king are in here, paralyzed by the look of it. I gather my own magic and release it in the room, reversing Maya’s paralyzing magic but as I do Maya disappears. The king and the guardian stumble forward when they are

released from the fog and I go over to them and help them from falling over completely.

“Are you okay, my king?” I ask as I tap him on the hand and stabilize him.

He nods while looking at me and then looks at Nora and I smile at him.

I walk toward the guardian but stop myself as he is still in his lycan form.

“Can you please shift back, I am not here to harm any of you. Please have some faith” I say and he nods slowly

I turn my face away as he shifts back but as I turn back I notice that he is almost naked and I blush by the sight and he smirks at

me. I touch his hand to draw back all the magic that Maya poured over him but as I touch his skin I feel a small static chock and I

quickly draw my hand back.

“Mate” the guardian whispers. He said it so low that if I wasn’t standing beside him I would have missed it but I pretend that I didn’t hear it.

“So my stupid sister is gone and Nora is okay so I will go and see my mother right now and my niece, bye bye” I say and quickly

turn on my heels and go out of the room.

Mate? I am supposed to be mates with a lycan that happens to be the guardian of the future queen, the young woman.

that can break the curse? What in the world is going on?

I quickly run down the corridors in case he is following me and I am correct. I can hear him run after me down the corridors and up the stairs. I take the first door to my right and discover an office of some sort and an elderly man sitting behind a desk.

“Hello” he said and looked at me surprised.

“Hi, where am I?” I ask confused.

“This is my office, I am a doctor here” he says and smiles at me.

“Oh, that’s good. Do you have anything that I can use to knock out a lycan by any chance?” I ask and he laughs at me.

“Nah but perhaps you can help me with my patients?” he asks and I tilt my head at him in confusion as I could not see any beds or patients for that matter.

“There isn’t anyone here” I say and look around while the man laughs at me again.

“No, they are spread around the castle actually. A witch has put a puppeteer spell over my patients and they are.. well, you know..” He says and scratches his head and I just smile and nod.

“Yes, it was my sister and I can reverse her magic, shall we go then?” I say and point at the door but I make no move against it in case the guardian is out there.

“Who is it you are hiding for, by the way?” the doctor asks and I blush a bit.

|||

“The guardian of our future queen, he called me mate and I kind of ran away” I say and look down at the floor.

“Daniel?” Oh that will be wonderful, he has longed for his mate for the last few years. He is a good man, you know” the doctor said but I looked away.

“I am older than him and I have not.. you know..” I begin to say but I can't finish it as I am ashamed of myself.

“We can discuss the age thing later and the other thing will work itself out, trust me.” the doctor said and guided me out of the office just to discover that the corridor was empty.

I sighed with happiness and then we walked up the stairs to find my niece in the arms of my mother and of course one of the princes and the guardian and I cringed.

“Hello, mother” I say and try to avoid the guardian called Daniel.

“Hello, sweetie.” Can you wake up the prince for me while I try to wake up Mia and then I need your help with this woman over here” my mother Mariah says.

I nod and walk slowly towards Daniel and the prince, I make sure that I don't touch Daniel and I crouch down next to the prince and I stretch out my hand and let my magic flow out. and into the prince.

He coughs a bit but sits up slowly and then I stand up and go to the woman on the floor and I can see traces from a lycan in her face. It looks like the lycans claws slashed down her face but I shrug and stretch out both my hands and start to heal her when I suddenly feel my sister's magic that still resides inside this woman.

|||

r

It takes a steady grip on me and I am sucked under Maya's magic and I feel myself scream before I manage to cast it away from

me. I breathe heavily and feel dizzy when I get up from the floor.

But before I fall on to the floor, this guardian, Daniel lifts me up in his arms and kisses me softly on my lips.

“I’m impressed”

Chapter 54

Ares POV

Wow. I was knocked out cold for a minute there or more like an hour or so.. So when I wake up I see Mia's stepmom, Melinda, after she woke me up. Or well she is her aunt but I have never told Mia that as I promised Melinda to let her tell Mia by herself.

I watch as Melinda crouches beside Anna and holds out her hands when she suddenly screams and Daniel moves way too quick

for me to understand what has happened. But a second ago he was by my side and now he is holding Melinda in his arms and

kisses her softly on the lips and I chuckle at him and say:

"I'm impressed"

Everyone turns their heads towards me as I stand up slowly.

“I am not sure what has happened but I am not easily defeated by a simple blow on my head so I am rather impressed by it” I say and laugh a bit before going to Maria that has Mia in her lap.

“How is she doing?” I ask and touch Mia.

“She is fine, Prince Ares. She had too much magic in her and it caused an overload but with plenty of rest, she will be just fine. Is it okay if I take her home now?” Mariah asks while stroking Mia’s hair.

“Yes, take her home” I say and nod.

|||

www

I turn towards Daniel who has now put Melinda down onto the floor and he stares at her with awe and she tries to look everywhere else but at him.

“So Daniel, can I take it that you have found your mate then?” I teasingly say and Daniel looks at me and blush but nods.

Finally! Then we don’t need to hear him moping around the next 100 years to be.

“Well, Daniel, can you show Melinda where my brother is? I will take Anna to the infirmary so the doctor can keep her under check then. “Doctor?” I say and turn around to see the doctor looking at Anna already.

“Yes, that would be good, I need to put in a drip and give her some other medicines so..” The doctor answers and I see Melinda move slowly toward Anna again.

“Wait, I need to wake her from the spell first” Melinda says and holds out her hand and a warm blue color surrounds Anna and all of us can hear Anna cough.

Thank the goddess, I wonder how uncle Dave is, they took him to the dungeons, I think.

I go and pick up Anna and tell Melinda that my brother and a lot of warriors are down at the entrance and that they need help.

She smiles and I earn a growl which makes me snicker a bit.

“Hey, Daniel, shut it, I have a mate of my own” I say and Daniel huff.

I walk away with Anna and the doctor but stop as I remember that my dad isn't here.

2/5

|||

<

“Daniel, where is my father?” I ask him and he turns his head and immediately looks conflicted.

“The king is with Miss Nora” Melinda answers and I smile and nod.

“Thanks” I say and smile.

I watch as Daniel blush as Melinda touches his hand with a gentle smile and he guides her to my brother.

Helios POV

The thing I saw in Anna's blood will haunt my dreams for months to come. Our kingdom was burning, Nora never woke up and the curse started to burn everything. Starting with the castle grounds and the fire was black, it ate everything, even stone.

We couldn't stop it, no matter what we did and I saw everyone that I loved die, a terrible death.

But in this nightmare I saw something else, a pair of purple eyes watching me like they wanted to tell me something.

He.. os..

"Who is there?" I ask and find it really ridiculous to think there is someone else in my head except me and my lycan.

"Id.. t.. He.. i.. os! N.. r.. a..*

"Who are you calling an idiot? "Wait, Nora?" I ask my head and drop my shields and in a swoosh, like a storm, I could see Nora standing in front of me.

|||

"You are an idiot, Helios," Nora says and giggles.

“I have tried for some time now to get into your mind since you became unconscious but your shield was so strong” she says and huffs.

“Yeah, sorry. I was watching all of this I guess” I say and show her the vision I saw in the blood.

“Ugh, that can’t happen. I will wake up Helios, I promise but right now I am way too weak for that. But I need you to thank that witch for me, she sent healing magic to me and Aurelie so she helped us in a matter” Nora smiles at me and I smile back. Then a thought hits me.

“Who is Aurelie?” I ask and she looks down

“She is Artemis’ daughter. I couldn’t return from the moon goddess’ land without a counterpart. Aurelie said she wanted to take Artemis’ place and Artemis thought it was a good idea.” Nora says and faintly smiles.

“Okay” I say since I don’t know what to say. Then there is silence.

“I missed you” I say to her and she hugs me. We can touch. each other

“I have missed you so much” I say and kisses her. I surprised her as she gasped and I put my tongue in. I couldn’t help it, I love her so da mn much.

She moans and kisses me back. We stand there for a while, it feels like forever but I don't know how much time passes in my head.

O

When I release her, I can see that she truly has missed me too. I kiss her on the forehead and then I hug her again.

“Okay tell me now. I mean you haven't said many things when you sit by my side in the room. Which room is it by the way? But please talk to me more or read a book or something. Perhaps play some music and tell Anna that I liked that sweet, fragrant tea that she brought last time. I would like some flowers to smell next time.” Nora says and blush a bit.

“Wait, you can hear us?” I ask and look at her and she nods.

“Yes and smell things, but the room doesn't smell like a hospital room” Nora wonders.

“No, you are in the room that we prepared for you, with your little garden.” I tell her and she smiles.

“My garden, what has happened to that?” she asks and looks almost afraid.

“Anna has taken care of that part. Have you thought more about a handmaiden by the way, I think Anna would be a wise choice.”

I say and smile.

“Well I like Anna, so I guess but can you ask her as I am in.. well, you know” Nora says and I nod at her. We are disturbed by Ares, he sends a mindlink with a laugh.

“Hey brother, I have something funny to say. Daniel and Melinda are mates”

Chapter 55

Daniel POV

Melinda is so much more than I deserve, how in the world will I be able to keep up as her mate? Sure, she looks older than me

but I guess I have some 50 years or so more than her. I have wanted to meet my mate for so long now and now that I have, I don't know what to do.

I saw how Helios and Ares were with Nora but I don't want to be like them. I want to be with Melinda even if she runs away from

me. I guide her through the corridors as we come to prince Helios first and I watch Melinda as she performs her magic.

Healing him without even breaking a sweat and she just walks over to one of the other warriors and

heals him. I look down at

Helios when he suddenly sighs and says her name. Nora.

Oh sh it, I left Nora's side the moment I found Melinda and I have felt so conflicted about this. My own mate but I have a duty toward Nora and I have let her down to chase my own emotions. Nora was everything for me until I touched Melinda.

I sincerely hope that Maya isn't my mate as well because I am not so sure that I will want her as my mate after she tried to kill

Nora. No matter what Nora's safety is my top priority but with Melinda, I don't know anymore. Ari, my lycan, is keen on keeping

Nora safe and then Melinda's safety.

Perhaps it's because Ari has always been in Artemis' shadow,

1/5

always protecting her and Melinda is a witch that can protect herself. But the matebond tells me that Melinda is my top priority

and Nora is my second. This is so frustrating. I growl at my thoughts and instincts which makes Melinda flinch and stop what she is doing.

"Is everything alright?" Melinda asks and I look at her.

"No" I say and turn away.

"Is it because of me?" Melinda asks and I sigh

"Yes and no" I confess and she sighs as well

“Daniel. I know that you lycans only have one mate and that you never get any second chances. So finding your mate is a big deal and all but we really need to talk about this. I don’t know if I am ready to accept being a mate to a lycan. Not even a regular lycan, but the future queen’s guardian as well”

Melinda say quietly

But I can’t respond as I close the distance between us in a few steps. I stare down at her and then with a little force I take her and press her against me and kiss her as softly as I can on her lips.

She tastes of strawberries and rain and I am howling in my head. I back her up against a wall and start touching her all over. I

am letting my hands roam her body freely and when I squeeze one of her breasts lightly she moans and I can smell that she wants more.

I move slowly with my hands down, taking time and yet trying to hurry, exploring her body. She isn’t thin but not fat either, her curves are on the right places and her hips are wide. I let one of my hands down to her butt and give her a light clap on

2/5

it. She moans even more now but she doesn't stop me at all.

I continue and gently, testing, put my hand inside her jeans, caressing her butt and slowly touch her heat, between her legs. She gasps and I smirk but continue to kiss her and she responds eagerly. I touch her pussy slowly, teasingly, feeling her getting wetter by the second, pinching lightly on her clit. Letting two of my fingers rub over it and down between her lower lips, rubbing, building up the friction and I feel her body tremble and I know by instinct that she is near, so near and I..

"Ahh" she moans and tears away from me as her orgasm causes her to twitch and she needs air from all of my kisses.

I take out my hand from her jeans, still wet from her juices and I lick my fingers while she looks at me with lustful eyes.

"Do I.. taste good?" She gasps and blushes hard and I just smirk

"Heavenly" I say with a low voice which makes her moan

"Well, that was a bit envious to watch but can you please help me now?" a voice says and I turn my head to see the king's

brother standing in the doorway to the dungeons.
Looking exhausted and bloody.

“And who did you kill?” I ask and look at him.

“No one, but I can still feel that damn witch’s spell
over my mind and I don’t want to hurt anyone else”

Dave says and looks

away which makes me wonder who he has hurt.

“It was you that slashed that woman’s face, wasn’t
it?” Melinda asks as she stands up from the floor.

“Anna?” I ask and look at Dave and I can see that he
is

|

ashamed of himself

“I lost control” he says and I look at him.

“Melinda.” Dave, here was one of the rogue lycans,
crazy from the curse but Nora healed him, brought
him back. Can he lose

himself again?” I ask Melinda and she looks at him
with curiosity.

I watch as Melinda walks slowly toward Dave and
touches him. lightly with her blue magic and then
she gasps and smiles.

“No, the future queen’s magic is strong, you won’t
fall back into the craziness where you were before.

And I will now take back

my sister’s magic...” Melinda say but looks confused

“There is no magic huh?” Dave says and I look at him confused now and Melinda looks up at him and shakes her head slowly.

“No, this seems to be your and your lycans doing. He is violent by nature. Oh, it’s a part of the curse, it has to be. Wait, I will give you something.” Melinda says and puts her hand into the air next to her jeans.

“What are you doing?” I ask and tilt my head.

“Uhm my bag, it’s invisible except for me so” Melinda explains and in the next second she holds up a pendant with a dark blue stone in it.

“Keep this with you and when the stone turns white, I will come right away. It’s better when the stone is dark, black even because then you and your lycan are in harmony with each other” Melinda says and smiles at Dave.

“Thank you miss Melinda but what did you mean it’s a part of

the curse that my lycan is violent.” Dave asks and I wonder the same.

“Well, your first mate was the queen, right. But then SHE broke your bond and your wounded bond latched itself onto another

woman. But when the curse came and ripped away your bond again it sort of latched itself onto the curse. So if I have right when the curse is broken, your bond will repair itself and your lycan won't be so angry anymore” Melinda explain

Chapter 56

A couple days later

Ares POV

I have been so da mn angry these days, Nora and Helios talked while Helios was unconscious. I wanted to talk to her also but no, she didn't come to me. Perhaps she never has forgiven me and never will. Helios has been telling me that she has forgiven me a thousand times over but I don't believe him. I can't forgive myself so why in the world would she?
Punch

"Haha, son, don't think of other things in the middle of a fight. It was your idea to have this fight thing and now you can't even concentrate?" My father said and I glared at him. Right after everything with the crazy witch we began with the fight tournament and my first fight was with my father. And my

thoughts are in the way so I will lose? Never.

I duck under his next punch and hit him on his back, which makes him stumble and growl at me.

“Good, boy,” father says and I smile. I have always wanted our dad’s attention.

“Come on Ares, you can do better” Helios screams and laughs.

I growl at him and then kick our father but as I thought I would win, I was wrong. He took my leg and twisted it and I landed hard onto the grass. Ouch.

|||

“I believe that I will win this fight then” father says but I try to get up, but da mn, that hurts.

“Five seconds, Ares.” Uncle Dave shouts.

“I give up” I say and hold up my hand.

“D amn, father. That move really hurts.

“Haha, yeah, I know your uncle did that on me when we were younger and I couldn’t move for two days.”

Father laughs and

looks down at me with a pained face.

I huffed but took his hand when he reached down for me and I let him help me up but as I put my weight on my leg I whined. Da

mn, that really hurts.

#

Go to Melinda and she will help you.” Dad says and I nod as Gray comes over and helps me over to Melinda.

Daniel was true to his promise, he is sitting by Nora’s side when he isn’t fighting. It has been a rough couple of days where Daniel has been conflicted about Nora and Melinda but Melinda helped him yesterday.

She punched him so hard that he broke his nose and then she screamed at him so he sat like a little boy on the floor, with his head hanging. She said that his first priority is towards Nora and she would never be his mate if he ever put her first over Nora.

Da mn, Melinda is strong. Daniel agreed and then they went up to his room and .. no, I don’t want to think about what happened later between them. I shake my head and Gray laughs.

|||

“I bet you thought about Melinda yesterday when she put Daniel in his right place? Under her heels” Gray laughs and so do I but we stop quickly when we see Melinda’s face.

“I don’t wear heels” she said and I swallowed hard and I almost cried when Gray ran off after helping me down onto the chair.

“I didn’t mean anything by it, Melinda. But it was fun to watch as you literally brought him to his knees and made him ashamed of himself” I say and snicker and I watch as Melinda blush.

“Yeah, I don’t know what flew in me but I was so angry at him that time. Even if I am his mate, Nora should be his first priority” she says and smiles.

“Daniel has told me stories about her and I am very curious to meet her properly and talk to her, she seems to be a very nice girl”

Melinda says and smiles.

“She is and I think she would like you. but..” I say and let my words die out.

“I can help you with that if you want to?” Melinda says and I tilt my head at her.

“Helios and Andrei, please come to the center of the arena” uncle Dave’s words sounded over the entire place.

“With what?” I ask after clapping my hands.

“Talking to Nora, like Helios did” Melinda says while she examines my leg.

“Really, you can do that?” I ask way too eagerly.

“Yes, I will put you under with magic and help Nora by guiding

her into your mind” Melinda laughs as I blush by my eagerness

“Please, I want to do that, when?” I ask and almost kisses her with joy.

“Don’t kiss me but after the fighting today, you can spend the night in Nora’s room and I can connect you two. Does that sound

okay?” She asks while she holds out her hand above my leg and I can feel her healing magic.

“Oh.” Yes, that would be so great. Thank you so much” I say and smile at her.

“Of course.” If I had thought of it earlier I would have done. that but I have been occupied these days.”

Melinda shakes her head

“Hehe, it’s not so easy with lycans around, are you and Daniel okay then?” I ask and she blush lightly but nods.

“Yes, it’s going well but I have decided that this ceremony won’t happen until you, Helios and Nora have done it. So Daniel is a bit .. you know..” she explains.

“I get it, but when will you mark him then. By the way, can you mark him? How does that work anyway?” I ask with genuine curiosity

“Oh I actually asked my mother and I have to mark him with magic, so basically I will infuse my magic into him and he will have

like a tattoo on his neck” Melinda says and it sounds.

cool.

“Cool.” Can you do that on others as well?” I ask and I don’t mean a mark, I hope she understands that.

O

“Yeah, haven’t you noticed a small rose on Nora’s hand?” Melinda says and points at my hand.

“Yes I did see one this morning. “Was that you?” I ask her.

“Yes, it will work as a barrier. If anyone with or without magic will try to harm her it will send out like a signal to me and I can just transport myself there and help her out.

“Like protection magic then?” I ask and she seems surprised that I know that much.

“Yes, you seem to know some things about magic”
Melinda
says

“I listened to Mia a lot even though it didn’t seem like it but I am curious about the whole thing.” I say and shrug.

“Hmm, if you want to learn more, I can give you some books,” Melinda says.

“It would be interesting but I can’t learn magic, you know” I say and look away.

“That’s a myth actually. everyone especially lycans can learn defensive magic” Melinda say and I look at her

“Please teach me!”

Chapter 57

Helios POV

After I met Nora inside my head, the days went a little better and now it is time for the tournament. I watched on the sidelines

when it was dad's and Ares' turn but I could feel that Ares was still sad and angry about me having Nora in my head.

could see Ares' got his a*s kicked and I tried to cheer him on but I don't think I succeeded since he told me to shut up in the mindlink. Oh f**k, I think he will get his revenge when it's me and him in the tournament so...

Well dad defeated Ares with a leg twisting move, ouch that really hurts and I send Gray down to help Ares to Melinda. Uncle

Dave calls out my name along with Andrei and I can see that he is happy to finally fight.

We take a stand in the center and wait till uncle Dave tells us to begin and as I anticipated Andrei started with a kick and I

avoided it. I spun around and grabbed a hold of his arm and bent it behind his back, kicked his knees and forced him down onto the grass.

I tried to put my arm against his throat but he anticipated my move as he grabbed my arm and flinged me over his shoulder so it was my turn to land onto the grass. Ugh.

“Da mn, you were close” Andrei laughs and I laugh as well

Then I get up and swing a punch at him and I actually hit him

In the chest. But he took it back and kicked me in the back and so the fight went on. We kicked and punched and

avoided each other as best as we could.

Until I got a hold of Andrei’s head and rammed him into the grass, the blow made him unconscious and I won the fight.

I could hear cheering and Lukas came down to help me with Andrei. Next up is Linus and Gray, interesting.

help Andrei up towards the resting area and I see Ares and Melinda talking. Ares seems happier and I am happy for him. I hope he won’t hold a grudge for long this time.

I shake my head at them but I am happy at the same time. I wonder how happy Daniel will be when he hears about this though.

“Hi, Helios, so what, who do you think will win this?” Ben asks as he comes to stand by my side.

“Haha I think Linus will have a tough time with Gray actually.” I say and nod at them in the arena.

Gray just stood there watching while Linus tried to walk around him, looking for an attack angle. I

smiled when Gray suddenly

surprised Linus by throwing his arm right out and hitting Linus on his head. Ouch.

I laughed with Ben and a few other guys but it was not because it looked funny but because Linus was actually laughing himself.

This fight tournament is mostly for fun so the fights are taken half-heartedly. We fight with all that we got and it's a serious fight

but it's not like we fight for ranks or something.

as you remember Nora? How did she fight against that alpha?” Ben asks and reminds me that Nora has a unique way of fighting.

“Gray did win” Ben says and I look up and see Linus laying face down onto the grass and Gray sitting next to him while laughing and clapping on Linus' back.

“So it’s your turn next, huh?” I say to Ben and he just shrugs

“I hope so. I am beginning to feel restless.” Ben sighs but he jumps up as uncle Dave calls out his name.

“Ben and Daniel, walk into the arena please”

“Bank the crap out of him, he needs it” I growled. Still feeling pissed that the gamma, protector of the queen put his mate over his duty.

“I promise you I will do worse than that” Ben says with a growl too.

Yesterday was so much fun and so f**ked up actually.

Yesterday

Helios POV

I spent the night in Nora’s room, ever since the attack we have put in an extra bed in her room and a sofa so there is always one that is sleeping in her room and one to stay guard inside and two outside.

Too much, Melinda said that apparently put a magical barrier on the room or something but I didn’t care neither did dad. We put extra security and we feel not as ashamed over the fact

But as I wake up and look around, I see that I am the only one in here, guarding Nora. What in the.. I get up and go to kiss Nora and say good morning then I open the door and the guards glance at me and I tell one of them to get into the room until I come back.

The guard closes the door and goes back to look straight ahead. But he does look concerned and I was just about to ask him

where the hell the other one was. When I heard a loud bang and a whole lot of screams.

Both the guard and I looked at each other in surprise but I told him to stand still and he nodded while I glanced at the door before running towards the noises.

“I TOLD YOU!” a female screamed.

“I know but I can’t help it” I heard Daniel say. Aha there he is, I will kick his a*s for not being in Nora’s room when I woke up.

I run towards the gamma quarters and I get joined by Ares, Tristan and Ben. As we run through the corridors our dad comes out and so does uncle Dave from their rooms and they yawn and walk behind us.

When we finally get to the gamma quarters I see Daniel run in our direction and a ball of fire is chasing him. He looks relieved

when he sees us and we stop as we see a furious Melinda behind him.

“Oh, Goddess help me” Daniel mutters but I don’t help him.

Instead I make a fist and hit him right in the face and he falls down on his knees and before he can stand up the ball of fire hits him in the head. And let’s just say that it really looks funny

as his head is burning.

He screams and the smell of burning hair sticks into my nose. I walk past him and walk towards Melinda, she glares at me and I nod at her.

“I guess he was here then?” I say and look at her

“You guessed correctly. He stupidly thought I would be happy when I woke up and found him in bed beside me.” She tells me

and I can see that she is furious.

“So shall we punish him together or would you rather do that honor by yourself?” I ask her and she turns her head to me and smiles wickedly.

Oh, Daniel, you are in for a whole world of different kinds of pain. Never mess with a witch, especially if your mate is a powerful witch.

Chapter 58

Helios POV

Still yesterday

I watch as Melinda gives me a smile that tells me that she will be doing the punishment and I let her.

Daniel is escorted back by

Ares, Tristan and Ben. Dad and uncle Dave don't look that impressed at all.

"What is the meaning of this? Aren't you supposed to be guarding Nora" Dad yells at Daniel and he twitches by dads

aura.

"It's okay dad, Melinda will take charge of this" I say and smile. Dad nods and he takes uncle Dave with him and they walk back.

I watch as Daniel stands before Melinda with no hair on his head (laughs).

"You, you stupid.. gah.. how could you? You promised me to put Nora's safety first hand! Are you going to break your promise to

me? If that is the case then I will not be here!"

Melinda says and I can literally see her seethe.

Daniel whimpers and falls down to his knees.

“But Melinda, I was watching her but the security was big and Prince Helios was in her room the entire night and I felt that she was guarded enough so I came back to you. I don’t want to leave you alone.”

1/5

r

enough Who was it that spent all of his time in her room before he met me?” Melinda responds and Daniel shrinks

“But that was before, the mate bond is forcing me to go to you and... No, that was not what I meant.”

Daniel said and tries too

smooth over the shit he said

“The matebond forces you? So you don’t want to be with me? What the hell Daniel! I have even told you about my past and now

you are saying that it is the bond that is forcing you to be with me. Like you don’t want to be with me if the bond isn’t forcing

you?!” Melinda screams this time and I look at her with pity when Ares comes to stand beside me.

“She has a point. If the bond didn’t recognize Nora, she wouldn’t have been here. We wouldn’t be in this situation and I wouldn’t

have killed her” Ares says and I shake my head.

“No if the bond didn’t exist, Nora would have turned rogue by now, well actually Daniel would have taken her as his chosen mate and she would still be here. But then Mariah would have created a safe marking and then Daniel would have met Melinda and cast Nora aside. What do you prefer in that situation?” I explain with a low growl which Melinda heard and Daniel lifts his head and stares at us.

“He would have done what?” Melinda asked and pointed at us.

“Oh well, you know that a lot of the guys went to Nora’s old pack for the mate ball, including me, Daniel and Helios. Well I arrived first so I knew Nora first actually.. But anyway when Daniel got there it was like “love at first sight” and Nora felt also some attraction and so they became very lovey dovey with each other.

2/5

And when Nora said that she couldn’t shift so her old alpha would kick her out the night after the mateball but we protested and said we would bring her here and talk to the king about this sh it. Which we haven’t, we need to do that actually.

But anyway Daniel said he would take Nora as his chosen mate if she would be willing to come with us here to the lycan kingdom but then at the ball when they were dancing and kissing, Helios showed up and well, the rest is history I guess” Ben explains.

We all looked at him and Ares released a roar. I forgot about telling him about the kiss and so I didn't stop him from going forward and giving Daniel a punch which made him fall onto his back onto the floor.

“You kissed my mate? Should I kiss yours perhaps?” Ares saici and looked at Daniel but that was his mistake.

Daniel tried to get up and probably hit Ares but Melinda was faster as her magic hit Daniel in his chest and he flew upwards into the air and then straight into the wall.

Ouch. Melinda held Daniel there by magic and Daniel seemed to give up as he stopped fighting. Or perhaps it was Melinda's magic?

“I am so pis sed off right now. I can't think straight. I just want to go home and never return!” Melinda says in frustration.

“What about a blood oath then?” I say and she looks back at me and I raise an eyebrow.

“That could work, binding his words and promises to an oath, that’s good but to perform that I need another one as well,

3/5

but not the prince’s ” Melinda ponders.

“I will do it” Tristan says and I look at him. He sits on a chair and looks at us and I smile and nod.

“Fine then it will work.” Melinda says and releases Daniel from the magic so he falls down on the floor with a loud thud.

“Now we will go to Nora and perform the ritual and you! You will not talk to me and not touch me for the rest of the day,

Understood?!” Melinda says and points at Daniel as he stands

1.

He nods dejected and we walk down to Nora’s room.

And just then I remember the promise I made to

Nora so I tell them to wait

for me in the room and Melinda smiles. She probably knows what I am about to do as she suddenly stops.

“Wait Helios. I will come with you and the rest wait in Nora’s room and make sure Daniel doesn’t go anywhere.” Melinda says

and Ares nods while grabbing hold of Daniel, hard.

“Sure, let’s go to the kitchen first” I say and Melinda nods and takes my arm, which makes Daniel growl and Ares laughs.

“What did you have in mind for breakfast?” Melinda asks.

“Well Nora, likes tea but I am more of a coffee person so I will make coffee and a cup of tea so the aroma will spread in the room and then some toast and I need fresh flowers” I explain and Melinda nods.

“Leave the tea and the flowers to me and I will meet you in her room” Melinda says and walks towards the entrance.

I shrug but let her be so I go into the kitchen where I met the

maids and I tell them about the breakfast plans for Nora and they happily get going with everything. I tell them how many we are and they do their best. When they are done I take one of the trays while one of the maids comes with me and we meet Melinda outside Nora’s door.

She held a bouquet of beautiful wild flowers and a cup of tea in her hands and the guards outside were about to open the door

for her when they saw me and the maid.
“Prince Helios” they both said and opened the door
for us to go inside.
So let’s get this oath ritual going!

Chapter 59

Helios POV

The blood oath.

It sounds scary or not as scary as it sounds.

Something like that. But it's life binding and serious like your own heartbeat.

Melinda started by drinking the herbal tea that she made and she forced Daniel and Tristan to drink it as well and then it was

Nora's turn and I thought it would be a problem but Melinda solved it wonderfully.

Then she took out a small dagger that she told us she had used while making the tea. So the blade had touched the herbs and

now they would share their blood for this oath.

I and Ares watched fascinated as she took the blade and gave it to Tristan and he pricked his finger and gave the dagger back

to Melinda. Melinda took the tea cup and Tristan dripped some of his blood into the cup and watched as the tea became purple.

“Hmm do you have royal blood?” Melinda asks and we look at Tristan and then at dad.

“Why do you look at me?” dad asks

“No, but my mom was the sister of the late queen” Tristan says and Melinda nods.

“Okay that’s fine but we need to look into your bloodline later” Melinda mutters

1/6

|||

“Will it disturb the oath?” I ask her and she looks up but shakes her head slowly.

“No, Tristan is here to make sure Daniel will uphold his promise” Melinda explained but she looks concerned.

“Can I join as well or is there too many people?” Ben asks and Melinda looks at him.

“Elder William’s son right?” she asks and Ben sigh but nods

“Yes” he answers and prepares for a no from her but she looks happy and nods.

“Well that’s good, I needed another keeper anyway” she says and laughs a bit.

“Shouldn’t Ben drink the tea too then?” Ares asks and I look at the cup.

Melinda looks at Ares and then the cup.

“No the keeper doesn’t drink the tea but he will put his blood inside it and then when everyone has done that I will bind him to the

magic of the oath itself” she mumbles but she still looks concerned.

“Daniel, your turn.” She says and looks at him and he takes the blade and cuts himself on the finger and drips the blood into the cup and the new color blends into a warm orange.

“Good” Melinda says and looks happy.

“Then it’s Nora’s turn and I will need help from the keeper” Melinda says and gives the dagger to Ben but he just stares at the dagger.

2/6

“Uhm can the-king please hold his sons back while I try to take a drop of blood from Nora?” Ben says and refuses to look at me and Ares and I understand him.

I have a big problem with handling my lycan right now and I can feel that Ares is trembling beside me.

“Why?” Melinda asks and I am surprised that she can’t feel

that I am about to rip her head off of her body along with Ben’

1.

Uncle Dave sighs and grabs a hold of me and dad takes a hold of Ares.

“Do it” dad said and when Ben got up slowly and took Nora’s hand I roared along with Ares.

Melinda jumped by the sound and almost dropped the cup, Daniel helped her and when the scent of Nora's blood wafted through the room my lycan couldn't be controlled and I started to shift.

"Stop, calm down " Melinda says and holds out her hands and there is a blue flash that distracts us and the next minute or hour?

We sit down again and Melinda is cutting herself in the finger. Daniel growl lowly.

"You guys okay there?" Melinda asks and I look at Ares and see that he too seems confused.

"It will feel like a hangover for a couple of minutes then the memory will come back to you two."

Melinda explains and we nod.

3/6

r

Sorry, are you okay? Ben asks and I notice him across the room, keeping his distance from us. I nod and hold my head, bloody magic gives me a headache.

"So now I will take these two crystals and Nora will have one and Daniel will have the other, they are linked together. So I will dip them into the tea and then Ben will drip one blood drop on each crystal." Melinda explain but Tristan coughs

“What, that’s it? I thought it would be saying some stuff like, I swear on my name to always.. blah blah blah” Tristan laughs and I am reminded that he never liked witches that much. “No, not really but you will see in a minute” Melinda smirks at him.

She dipped the white crystal in the tea and then Ben dropped some blood on them and when Melinda took them in her hand and her blue magic surrounded her hand everything went quiet.

Melinda’s eyes went crystal white, she looked scary crazy and then she said with a voice that was so dark that it sounded like it came from a void.

“One shall betray and another shall rise. The future queen will doom us all.” Melinda blinked and kept going like nothing happened.

She put one of the crystals under Nora’s pillow and handed the other to Daniel.

“Let the blood oath be finished. Daniel and Ari swear their promise to always keep Nora and Aurelie’s safety over his and everyone else’s first” Melinda says and I see them.

4/6

r

Ben, Daniel, Tristan and Nora draw in a breath and they tremble a bit before the room becomes black.

What? Just? Happened? Huh?

The light turns on again and now I see it, around Nora, there is a blue aura and one alike over Daniel that connects them to each other. It would be beautiful if I didn't think about what

Melinda had said.

"Okay, why in the world are you staring at me? I made the oath and now Daniel will always put Nora first" Melinda sighs but she misses the point.

"One shall betray and the other shall rise. The future queen will doom us all" I quote her and she looks surprised at me.

"Where did you hear that?" she asks and I get it now. She had no idea that it was her that said it.

"You said it, your eyes turned white and in a creepy voice you said that, word for word" I say and she looks scared for a second.

"Oh sh it I better call for mom. No, I should go over there." Melinda says and is about to go out but I follow her and take her arm.

"I am coming with you" I say and I nod to Ares and he smiles.

"Go and find out what the hell that was all about" dad says and sighs.

Brother, ask Mariah about Tristan as well, I didn't like that Melinda became concerned about what happened with his blood in the tea Ares mindlinked me and I nodded.

5/6

I took Melinda's hand and she used magic to transport us into her mothers house.

What I saw there made me throw up, literally.

Chapter 60

Helios POV

At Mariah's

I literally threw up and Melinda jumped out of the way.

"Are you okay? I bet you weren't ready to see my mom naked huh?" Melinda laughs

"No and that's not why I threw up actually. Your magic made my stomach turn. "I say and cough.

"Oh right my transport magic is a bit different since I use air and electricity, sorry. I should have warned you" Melinda pats on my shoulder.

"It's okay but your mom seemed surprised enough" I say and notices that Mariah hasn't moved an inch.

“She is never surprised and when she is up to something she doesn’t stop for anything in the world. She seems to be in a trance anyway.” Melinda say and I look away from Mariah. “So you have unlocked your seer powers, finally” Mariah says but I refuse to look her way. “Yes, mom.” And I think I foretold something sinister” Melinda says and leaves my side. “Hmm, I will go and get my bathrobe since the prince is uncomfortable with nakedness” Mariah says and walks away while Melinda comes back.

1/6

|||

r

Here, some water” Melinda says and I take the glass and drink.

Úgh. Some aftertaste huh.

“Thanks” I say and give the glass back just to notice that the glass is full again but with a blue liquid. I look up at Melinda in confusion.

“It will help when I take you back to the castle” Melinda say and I nod and drink everything in one go and Melinda just stares at me

“What?” I ask her and she just shakes her head

“Nothing, it will be fine, I hope” she says and takes the glass from me.

“You should have drunk that slowly but it will be fine” Mariah says and I dare to glance at her just to see that she has a dress on now.

“Yes, yes, you are happy now that I am not naked anymore” Mariah says and waves her hand at me.

“So what was this sinister prophecy then?” Mariah asks and looks at Melinda but Melinda looks at me.

“One shall betray and one shall rise. The future queen will doom us all” I say and Melinda sigh

“Oh, that was one hell of a prophecy, my daughter,” Mariah says and sits down.

“Well it’s rather simple. One will betray someone and another will rise from the betrayal and then the future queen will doom us all ” Mariah say and shrugs

“And you think that is good?” I ask her

“Are you crazy?” But the prophecy doesn’t tell who it is that is betraying us or who will rise and who the future queen is. It doesn’t

even say if it’s now or in the future. Prophecies are tricky little things you see” Maria says and I nods

So basically the prophecies are humbugs, urgh.

“Tristan!” I say and Melinda looks at me funny.

“Your cousin?” Maria asks.

“Yes.” We made the blood oath where Daniel will always put Nora’s safety in first hand but when Tristan put his blood in the cup, the tea turned purple and then Daniel did it and it turned warm orange” Melinda explains
Mariah’s face turned white
“PURPLE?” she almost yells
“Please tell me you didn’t go through with the oath?” she asks and looks at me
“Well, we did, Ben went in and became a keeper?” I say with even more confusion
“Mom, is something wrong?” Melinda asks.
“I need to meet this Tristan boy” Mariah says and looks like something is destroyed.
“Sure he is in the castle right now” I say confused
“What kind of herbs did you use?” Mariah asks
Melinda and she looks down.

3/6

<

“Lavender, chamomile, fennel, basil and lovage and a pinch of cin namon” Melinda say and I look at her disgusted

“That’s good but it shouldn’t make the tea purple. Your cousin is he..?” Maria asks

“No he isn’t royal from this kingdom but I thought about it and I think his father is of royal blood from another kingdom.” I say and think.

Tristan's dad died before Tristan was born so it's hard to say who he was but I remember asking my aunt when I was smaller and she answered that he was a banned prince from another kingdom.

"Tristan's mother said once that his father was a banned prince from another kingdom" I say and look at them.

"Well since you probably used royal blood in the oath but you said you had a keeper, this Ben?" Mariah says and looks at us and Melinda nods.

"He is elder Willam's son" Melinda says with a wink and I see Mariah blush.

Yuck.

"I will come by later to talk with this Tristan person but now go back and have fun tomorrow. Oh Helios by the way, watch out on your left side, nasty bruise otherwise" Maria warns me with a smile

Right, we decided for the tournament to be held tomorrow.

"Come on now Helios, we should get going now" Melinda says and holds out her hand and I swallow and reluctantly take it.

— Back to the tournament

Uncle Dave decided on a break for some food and drinks and that was needed. There have been ten pairs now. And everyone has had a winner. And now for the break, sandwiches and water, perfect to keep going later. I go over to Melinda and Ares at the same time that Daniel comes over and we just look at him and he sighs. He takes a water bottle and a sandwich and goes back into the castle. “He doesn’t seem that happy about the oath” Tristan comes over laughing.

“But Miss Melinda, I have a question about it. What happens if one of us can’t uphold the promise?”

Tristan asks and I look at him and then at Melinda

“Easy, the one that can’t uphold the oath will get punished” Melinda shrugs

I wonder what she means by punishment. But she didn’t say anything more. I look up and notice that Anna has come outside with a book in her hand. She looks so happy even though her face has scars.

But the scars only give her a look of experience and she looks more wise in a way. Melinda said that she would be a bit

different after the puppet spell but not that different. Sometimes she can stand and stare into a wall like she sees something that isn't there.

Uncle Dave walks slowly towards us and Anna flinches but stands still and smiles at him. They have had a strained relationship since then but they can talk and laugh together but she flinches when he is too close and he can't touch her

without getting a scream.

"Hello miss Anna" uncle Dave says and Anna tilts her head. She opens her mouth to say something but not a sound comes out and she turns on her heel and walks away.

Then she stops and turns her head to look over her shoulder.

"Dave, can you come with me please?" she say with a nervous smile

Dave walks after her and we smile at each other and shake our heads but a good five minutes goes by and a high shrill scream is heard.

Oh come on, give me just one day off!
