Chapter 61

Uncle Dave's POV

Finally the tournament is on and I am the one that will call out the names and if mine pops up someone else will judge the

tournaments, no actually we took me off the tournament since my lycan is bound to the curse.

So we decided to take away the challenges that I got so there won't be any casualties. But I have had fun being the judge,

seeing so many of the boys I have watched since they were little and now have grown up and can stand on their own.

The lycans that our future queen healed and saved also wanted into the fights but we had to make the heavy decision of taking

them away but all of them are here to watch. Cheers and a few "boos" can be heard from the audience as the guys fight.

I should talk to my brother about training some of the “warriors to be”, a small group that I want to pick out.

I used to train

warriors before the curse and I miss it, terribly much now. I don't do much now a days so I would like to do something with

importance once again.

But right now I need to talk to Anna and explain what happened that day. And I found her together with my nephews and

Melinda. So I go over there while controlling myself so as not to frighten her.

She flinches when I say hello to her and I feel sad by the fact she doesn't respond and that she got afraid.

She turns her

heel and walks away without saying anything and I feel sad.

Then she turns her head and asks if I am coming or not and with a silly smile I follow her. I would probably follow her to the end

of the world. Silly me, I think I am in love.

I follow her around the corner but I almost walk into her, that close to scare the life out of her. She turns slowly around and my

heart almost stops beating as I see the scars from my claws. I have scarred such a beautiful face because I couldn't control my lycan.

"Please don't look away from me. You did this to me and it was partly my fault. even though young Benjamin warned me I didn't care and I still went to you. So it's partly my fault so please showing that face when you see me" Anna says

"Don't" I begged her. I don't want to hear that she believes it's partly her fault as well.

"Then look at me. Can't you see? Haven't you noticed that I am in love with you, Dave!" Anna says and I look up so fast that I almost miss her facial expression.

I slowly put my hands on her shoulders and she lifts her face and I can see the frustration in her eyes.

"I am in love with you too" I say and she giggles.

"Well, yeah everyone knows that" she teases me but I grab her and kiss her and she responds.

My lycan is happy and urges me to mate and mark her right now here. I rip myself away from her and take a deep, deep breath and she has to do the same. She turns away from me and screams.

2/5

I look up and rip her behind me while I stare at the thing hanging out from the window. A fox? Not a cat, without its head.

I hear running footsteps and Helios and Ares are the first ones here and I just point at the window while Melinda gasps.

“Maya has sent us a warning” Melinda says while I take Anna away from there.

“Oh my goddess.” I am used to taking care of different

wounds and I myself have killed animals and butchered them but what in the world was that?” Anna mutters and I tilt my head.

What has she killed?

“A cat” I say and she looks at me.

“What color?” She asks with her eyes wide open.

“Black” I say and look at her with curiosity.

“Neko” Anna gasp and runs off. I am really confused. I mean who names a black cat to well cat?

I shake my head but walk after her into the castle and follow her to the very closet where the windows are but she stops. outside

and turns to look at me and I nod for her to step back.

I opened the door and now I understand why she was worried. The cats have had kittens and all of them are dead. A bloodbath

and even I am disgusted by it. I was about to close the door when I heard something so I took a step inside when I noticed one of the brooms moving.

I move the broom slowly to the side and see a little white. kitten tremble in fear so I pick it up and walk out with the tiny

creature in my hand. It is so small that it could break if I hold it too tightly.

I look at Anna but she has turned her back at me but she turns around as the kitten makes a sound. She puts her hands on her mouth and I can see her eyes becoming wet and I want to cry too.

Melinda walks inside, she looks around like she is searching for something. I notice a crystal in her hand that glows blue and

then green and blue again. Magical gps?

She turns her head at us and I point towards the door but she is focused on the kitten in my hand and she walks slowly against me.

“Close your eyes Anna and don’t open them until we say so” Melinda warns and Anna lets the tears fall freely now as she turns

away and walks out the door.

“What is it?” I ask her but she just holds up a finger in the air and holds the crystal over the kitten’s head and it makes a tiny sound. The crystal turns blue and Anna sighs in relief.

“The kitten is okay, Anna can have it now. It hasn’t a spell in its body.” Melinda says and smiles and I tilt my head.

“Anna?” I say and she looks at me and smiles even more now.

“You didn’t know that she has been raising the cats to kill rats in the castle? This cat is pure and white so Maya couldn’t cast a spell on it. But the other kittens were all black and they would have been perfect in Maya’s stupid spells” Melinda sighs and holds her head like she has a headache.

“I don’t know about spells and sh it but yes the dead kittens

4/5

are all black and I didn’t know that Anna had cats but my

greatest concern right now is the mother cat” I say and look at Melinda and she stops in the middle of taking a step and look at me with fear in her eyes.

“The head wasn’t there?” she asks and I shake my head slowly and she takes off running toward Nora’s quarters.

Chapter 62

Uncle Dave's POV

Melinda ran off to Nora's quarters and I just opened the door when Helio's and Ares came barging in along with Ben and my brother. Ben's eyes were red and I think there was blood coming out from them.

I found Anna quickly with Melinda's mother, Mariah and she looked rather angry. I nodded at them and handed over the kitten to

Anna and kissed the top of her head before rushing around the castle.

My instincts told me to go to the backside of the castle, that something was there in the back garden.

And I was right, in the

middle of the garden I was nearly throwing up, this time it wasn't a cat and her kittens. No this time it was even more disgusting, I

hate witches!

Rogue lycans in their shifted form, pinned up on the trees around 20 of them or more and all of them are missing their heads.

What is this? A blood ritual or something so I mindlinked my brother.

*Brother? I found the missing lycans well, some of them anyway. They are in the back garden and bring Melinda and her mother

with you. The mother is out the front with Anna.* I closed the mindlink after my brother answered that they were on their way.

I turn around when I feel them getting closer, it took them about three minutes to get here and I have searched for a way

to get the bodies down but they are protected by something. It's like a barrier of some sort.

"Don't touch it" Melinda warns as she comes to stand by my side.

"It's a bush" I say and glance at her.

"I get it that you don't like witches but please have some faith in me. I don't say that you should trust me because I know that you

don't but please, all I ask for is some faith" Melinda sighs and I give her some of it and back away.

She holds up her hands and a blue glow surrounds her hands and then she hisses like she burned herself.

"Stupid, little sister, you will get yourself killed this time" she curses and I raise an eyebrow at her.

"Mom, over here" she calls out and I can now see her mother and my brother walking over.

“It’s an offering” Melinda says and touches the barrier. It becomes dark red, even more so than the blood that covers the grass inside the barrier.

“Yes I can see that” Mariah answers and she doesn’t seem happy about it.

“What is this all about?” my brother asks and looks just as disgusted as I feel.

“A blood ritual or sacrifice is to harvest power, a forbidden power to achieve a high goal” Mariah says and looks distant.

“Maya was born without natural powers so she has to borrow from someone else and usually it would be me but when I caught her torturing animals a few years before she gave birth to Mia, I refused to lend her my powers again” Melinda explained and I watched her as she looked sad.

“Yes, unfortunately she was born without powers of her own and her daughter is almost the same” Maria says and bites her lip.

“So how do we deal with this?” I ask and Melinda glances at

1.

“I will summon Fa nny and Carol while you guys should look for a traitor amongst you” Mariah say and I stare at her

“Why do you believe that we have a traitor among us?” I ask and I can’t even think about it.

“Because of Melinda’s foretelling and that Maya couldn’t have killed those cats by herself, someone is helping her” Mariah

explains and I think back

I really hate witches. They always do spells and rituals and innocent people get hurt and everything just ends up in a boom and

everyone except the witches are suffering. Just like with the stupid, idiotic curse.

“I am going to find Anna and I need to talk with you brother later on ” I say and he nods at me and I turn on my heel and walk

back to the castle when I hear a whooshing sound.

+ glance back and see two more witches appearing beside Melinda and Mariah, so okay.

I walk back to the castle and meet Ares on my way around the corner, I grab his shoulder and turn him around,

“Nope, you are not going down there” I say and drag him with

me

“Nope I am not.” Anna was sad so I was going to go and get you but it seems we found each other so now you go and comfort

your girlfriend and I will try to not puke while I watch you guys” Ares explains and makes some strange sign which makes me slap him in his back head.

“Stop, I don’t know what that means but you look disgusting while doing it, I feel sad for Nora” I say and walk away from him and

I knew that I stepped over the line but I am not happy right now. I need to shift and run it off.

“Dave?” Anna’s voice comes out and I glance at her but shake my head slowly.

“It’s okay miss Anna, I and some other of the guys will take Dave to blow off some steam. We will be back later” Linus

dad comes over and I shake my head.

The tournament” I begin to say when Linus’ dad shakes his head.

“Nah we decided to take the second part tomorrow instead, one of the warriors broke his leg so the doctor was furious” he

laughs and I just shake my head and grunts.

I reach for Anna and smell her scent and whispers

“I will be back tonight. Make sure you are not alone”

“Yeah, I will be in Nora’s room.” Anna answers and I notice the

little white fluffball, sleeping in Anna’s hands.

“Name” I say and look down.

“I don’t know, I didn’t want to give it a name in case of..” Anna say and looks sad again

“Melinda said that the kitten is safe so think of a name” I say and give her a small smile

“You can decide” Anna say and I get surprised and think but my head is empty and then a name hits me

“Yuki” I say and wink at her and she giggles.

“Perfect” Anna says and we smile at each other.

“Blah, blah, blah, just kiss and we can go” Linus’ dad says and Anna blush hard.

Thit him and kissed Anna on her cheek and then we walked away from there. Along the way there are other guys that I

recognize, that are joining us. Now we are a group around ten lycans that are about to shift and run around like pups.

A bit childish perhaps but so much fun. All of us have been healed and saved by our future queen and we are extremely loyal to

her so when the witch said that we have a traitor among us I couldn’t believe it.

It has to be one of the others in that case.

Chapter 63

Anna's POV

(sexual contents)

Yuki. Perfect. I think Dave figured out that I like Japanese names. I pet the tiny kitten in my arms where I sit in Nora's room and drink my tea. Melinda made some calming tea for me while others are cleaning up from the castle and the castle grounds. I didn't dare to look in the back garden.

I have been in this kingdom for almost 20 years after I followed Jake here. I am a human but what not everybody knows is that my parents are werewolves but I am still human sigh.

I followed Jake here as he would take me as his chosen mate We had been seeing each other for about a year before decided to come with him but then everything broke down. When we stood there and talked to the king one of the guards pushed me aside and kissed Jake. They were fated mates, of course that is so much my luck. And just as I was happy I became unhappy. I didn't want to return to my family and pack and say

I couldn't even keep a chosen mate.

But the king was nice and asked me to stay, work like a maid and some other things for him. I accepted my fate instead of being cast away once again and even if the king summoned me to his room at night I didn't complain.

I worked diligently and when I first saw the biggest rat in my life I almost passed out from the shock. One of the guards told me that there was a cat here before but it ran away..

So I went out to check if someone had a cat or a kitten and I was lucky when I met Miss Mariah and I told her about the rats.

She laughed and her friend Dinah had just gotten a litter of kittens so we went there together and Dinah was nice and

understood my situation. She lent one of her cats to me and told me to come and get a kitten or two when they were old enough.

I thanked her and lifted the cat that I am about to borrow, it's orange red with white paws, Pumpkin was its name and he -did a good job and caught at least ten rats in a matter of a week. I spoiled him with some milk and some fish when he presented his gifts to me.

So when the kittens were ready to move here I took Pumpkin with me over to Dinah and I felt a bit sad over the fact that I would

have to give back Pumpkin. But as I came in and saw the kittens I fell in love with a black and white kitten and also a

gray.

But Dinah said that I could take Pumpkin with me again since the kittens need a mentor and teacher and she also said that

Pumpkin had found his home with me in the castle. I was so happy about that so I actually hugged Dinah and kissed her.

The one that was more surprised was me as Dinah deepened the kiss and when she released me I just stood there staring at her.

“That one was from me and if you want to continue, just let me know” she said with a smile and winked at me.

It wasn't the first time I had kissed another girl but it was definitely the first time when the other girl wanted more from me. So I

did the first thing that came into my mind, I kissed her again and I felt her smile against my lips.

Then slowly we made a way to her bedroom while stripping each other's clothes, leaving a single trail through the cabin. I

pushed her gently onto the bed when we came into the room.

She looked up on me like I was some goddess and I felt power from that look in her eyes. She slowly reached her hand up and

wanted to kiss me more but I didn't let her and she pouted. I bent down and kissed her forehead and she did exactly what I wanted.

I was in control and I liked it. she licked my nipples and bit lightly at them and I moaned. I grabbed her hair lightly and forced her head back and I licked her lips before I kissed her. The control was mine and she let me have it. It was our

moment, my moment to take control and her moment to give it away.

I wasn't a virgin but it was my first time with another woman and I liked it. The control she gave almost made me lose it but she

was good and brought me down to her before I ...

I blinked as I noticed that I was almost sitting on her, riding her face as she licked me frantically. She worked her mouth so hard

on my lower mouth that I almost came right away so I got up on my knees. And she whined a bit but I just giggled. I turned

around so I could watch her, she was blushing and her nipples were standing up, red, waiting for me.

I crawled over her slowly and then I slowly, teasingly lowered myself over her mouth again and she moaned happily. She

began sucking and licking and I moaned, she was so damn good at this. I can come at any second now.

I licked her nipples, sucked on them and released them with a "pop" noise. she moaned like crazy and moved her hips at me but

I caressed her stomach really slowly and she moved her hips even more and I stopped.

She noticed what I was doing as I stopped every time she moved her hips. There was no need for words between us, just

movements. when she laid still I licked my way over her stomach and then down to her clit oris.

She bucked her hips and I stopped, I could feel her frustration at me but I don't want to let go of the control that I had. So when

she laid still again I continued to lick and suck and slowly put in a finger inside of her. There was no resistance, she was so wet for me.

I rubbed my heat onto her face faster as I was chasing my orgasm and I could feel hers coming.

We had our orgasms at the

same time but believe me I stopped hers from coming a few times but damn that felt good.

As we laid on the bed catching our breaths she said something that made me smile but I can't remember it

anymore.

But when I was about to walk out of her cabin with the three cats in a basket that she had made, she had made a spell over it so the cats wouldn't jump out of it.

She kissed me as I was about to step out of the cabin and then she said

“Next time, I will be in control and I will make you scream my name in pleasure, Anna”

Chapter 64

Ares POV

Witches! And because of this stupid stunt I don't know if Melinda will put me out like she told me earlier. I really wanted to see

Nora if only for a few minutes but I got it, this threat is more real than what I wish for so I do the one thing that pops into my head.

I go take a shower.

I look around in my bathroom, it's dark purple mixed with black. My shower is big enough to fit like four people or so. I strip off my clothes and turn the water on, perhaps a cold shower can wake me up but I turn on the hot water instead. I need it hot, it feels

like I am freezing inside of me, like I have been frozen solid.

I feel the water but I can already tell that it is hot since there is a thick steam inside my bathroom or more like a fog. Oh shi t! turn around and almost slip on the floor when I see her eyes and then I am out cold or hot.

In the darkness... There is light...

What the hell? My thoughts are hell. It's chaotic here.

"It is your mind" a voice said and I sigh in frustration. Now I can't be alone in my mind, the hell

"I can go if you want me too but I would be sad, and I thought you and Melinda already agreed on this" the voice fades with sadness in her voice.

Her? Wait. Nora!

"Norá, please stay. I was confused, please come back"

"I never left you" her voice seemed to hide a giggle and I felt embarrassed. Can I feel embarrassed in my head?

"Don't think so much Ares, this is your mind, you can do anything here" Nora say but I can't see her

"Ares, reach out your hand" she say and I do what she ask of

me

Then I feel her, she is touching me slowly like she is afraid of something.

“Open your eyes” she says and honestly I didn’t even know

that I had them closed.

I open them and I see her, Nora. My Nora, no. Our Nora.

“I am so happy to see you” I say and look at her.

“I am happy as well, well perhaps I am more happy since I am just walking around inside my head day in and day out” she says and I feel sad for her.

Helios and Nora didn’t talk like this.

“Are you mad at me?” I ask and she looks at me

“What do you think? You let your mark stick itself on to that bi tch and then you killed my lycan. I am furious at you. If I could I

would have rejected you once and for all. “I hate you Ares!” she screams and I turn my face away in shame

“I am sorry” I whisper but she just scoff at me

“If you really are sorry, Ares. Can you do me a favor and then I will take back my rejection” Nora says and I nod.

I just want her nothing else, I won’t protest at all, I will be anything that she wants.

I watch as she stands on her toes and kisses my cheek softly. I turn my head towards her and she pulls my head down so she can kiss me on her lips and I let her. I kiss her back. "What do you want me to do?" I ask her

"Helios is in the way for our happiness, can you do something about him? Tristan is already helping me but he needs your help

as well. You are the only one that Helios drops his guard around. Please, Ares, I don't want to be away from you anymore" she

pleads with me and even though I logically know that something is wrong I can't protest.

"Yes, I will do anything for you" I say and I want to do everything that Nora asks of me

Nora kisses me again and I kiss her back and I can feel that all my doubts are floating away.

Helios POV

Ares disappeared after Melinda said she couldn't help him right away and I know he felt disappointed and I know that his top

priority is Nora but right now we need him and I will go search for him. I use our twin bond and I know he is in his

room.

I walk up to him and my lycan is growling like hell when I stand outside his door. Something feels off but I open the door anyway.

I thought there would be something in his room but everything looks fine but my lycan is still growling so I do the one thing my instincts tell me to do.

Dad? If you have time can you come to Ares room and bring Melinda, it feels wrong in here and my lycan is warning me from going inside without backup I mindlink dad and he answers immediately..

*Yes, I am coming with Melinda right now. Wait for us before you go in Dad answers.

Oh did you send Tristan? I will go inside with Tristan. I say and dad thinks that's a good idea.

"Hi Tristan" I say and nod at him and he smiles.

"Hello, are you also looking for Ares?" he asks and I nod

Tristan walks in first and I can feel that my lycan is still on edge but he has stopped growling now. We looked around in Ares'

room before I felt the heat from the bathroom and I pointed at the door and Tristan smiled.

He put his finger on his lips and told me to be quiet while he sneaked towards the bathroom and slowly opened the door. Thick,

white fog came out from the bathroom and Tristan jumped away from the door and even I backed away but not quickly enough.

Ares had shifted into his lycan and came out with his claws raised at me, he pushed his claws into my chest and I was so surprised that I didn't have time to react. He slashed my chest open and my mind didn't have time to reel in to understand.

I saw Tristan jump and shift and he landed on Ares back and pulled him off. I tried hard to breathe but my vision turned red as I felt my blood leave my body and I could only think of one person. Nora.

I felt myself drift away but before I was surrounded by darkness my brother had thrown Tristan into a wall and he attacked me again but a blue magic ball made him freeze in the middle of the step that he took.

I saw my dad and Melinda coming inside and she held Ares while dad knocked him-out before I closed my eyes and drifted away.

Chapter 65

Melinda POV,

Ugh all of this is so messed up. My sister is even more crazy than before. Perhaps it's because she never had a magic core herself or perhaps it's because she is just crazy. I don't get it. We have never been close to each other, Maya and me. But people often compared us. Maya was a good girl, she did everything that people asked her to do while I stayed in her shadow.

I helped her overcome magical troubles so no one would suspect that my mom had a powerless witch for a daughter. didn't mind staying out of sight, people thought I was shy just because I didn't say anything.

But then Maya and I turned 16 and Maya moved out and she was gone for four years when she suddenly came back with a newborn baby girl in her arms. She was devastated, told us that she almost killed her daughter to get her magical core and that she wanted help.

I took Mia and raised her as my own daughter while mom took Maya into some sort of self help thing. It is a very closed thing and those who don't know they don't need to know either.

Mia was a gifted child but I could see that she was very much like Maya except Mia's magical core was strong. Her magic was a dark color so I started to suspect that Maya had done something stupid while being pregnant. Perhaps she thought she had discovered her magical core and borrowed magic from Mia when she was still inside her mother's womb. It's pretty disgusting and sad to think about. Maya's daughter gave her energy and magic and then when she was born and Maya became depraved enough that she considered killing her own daughter just to get that little flare of magic back. I taught Mia to never hold anything back, no secrets and to always tell us how she felt and if there were any difficulties. She often complained that I was boring, I didn't take her to parties and such stuff that children at her age would go to but I guess I never was that kind of girl to start with. I tried to explain to her that I didn't like that and that she would need some friends to discover things with so I met some of the other witches that had children around Mia's age. and Mia got herself three best friends in a matter of 10 minutes.

Mia used to go over to them and sometimes they would come over to us but as Mia came up in her teens the interest for boys started and she had a clear goal. She told us that she had seen him on the castle walls and she had felt him attractive but he never looked at her.

I thought it was a childish crush on one of the guards so T chuckled and told her to try harder. A few weeks later one of the castle guards knocked on our door and he told me to go to the castle with him.

At the castle I was furious, Mia's childish crush was the prince. Helios, She had tried to make contact with him but he didn't care for her and she wanted to make him see her so hard that the spell she sent him went a bit wrong.

The spell clearly said "you will see none other than me" and

then the spell took effect and blinded the prince It was a

petty spell and I forced her down on her knees while I took away the spell.

Her punishment from the king was lenient, she wasn't allowed to speak for a month and she wasn't allowed near the castle for

another month at that. Then she met prince Ares when he had shifted and ran through the forest.

Then the real troubles started. Ares and Helios are identical twins and Mia fell in love again kind of. Ares took Helios place and the bad boy he was, he had no problem playing around with Mia. But one good thing came from Mia, she drove other girls away from the twins.

So here we stand now, Mia's mother and my crazy sister are on her way to start a war between her and the kingdom. But I

suspect that she has some alliances with another kingdom and this kingdom has a traitor or two.

This Tristan boy that mom was suspicious of, his father was not a banned prince, more like a playboy prince. He knocked

Tristan's mother up and left her later on, bastard.

This is the fun part now, he came from the same kingdom that Nora's grandparents did, the blaze kingdom.

Tristan and Nora are cousins on his fathers side. I wonder what she will think of that later on. I don't think he is a traitor though,

it's impossible for him to lie and he can spot a lie from a mile away.

So while I was talking with the king and mother I watched Tristan walking toward the back garden but turned around and looked

pale and nauseous. I walked up to him and

touched his shoulder to heal him before he threw up.
“Thanks” he said but still he looked pale.

“Don’t like blood?” I ask and he shakes his head.

“Nope, I even have a hard time with my lycan when he is hunting” Tristan says and shivers.

“Go take a hot shower and if you want I can make some calming tea?” I say to him and he nods.

“Oh I would like to try your tea but please not the same tea as the one you made during the oath” he laughs and I snicker as well

“No, I promise,” I say and smile. I watch him walk away

towards the castle and then I turn towards my mother who looks concerned.

“I should head back to Mia, she isn’t doing well, come visit your niece soon, Melinda.” mom say and I frown at her

“She is my daughter, mom. I raised her” I say and glared a bit at her.

“I know but technically” Mom begins to say but she doesn’t finish the sentence when she sees my face. I watch as my mom disappears in the sun and I turn to speak with the king when I feel it. Maya’s magic and I look up at the castle with a tilt of my head. I look at the king and notice that he is mindlinking someone now.

“We need to go now. Helios thinks that there’s something wrong in Ares’ room. His lycan is warning him from going inside. But Tristan is there with him now but I would like it if you came along with me” he says and I nod. I was going to find Ares tonight to perform the spell by linking his mind to Nora’s anyway. We walk rather fast through the castle and towards Ares’ room but I stop the king as I feel my sister’s magic. It is strong here. “Magic” I whisper to the king and he nods. But as we stand in the doorway and look inside the room we are shocked at the scene itself. Ares has shifted and is attacking a bleeding Helios that lays on the floor so I send out my magic to stop Ares from hurting his brother even more and I fling him into the wall while I throw myself onto the floor next to Helios.

Chapter 66

Helios POV

Well this was fun, I guess. Melinda said that her sister got into Ares' mind and played around in there so Ares thought it was okay to kill me but his lycan was rational as he recognized me.

Ares lycan recognized me and he gave me shallow wounds over my chest, a lot of blood was spilled of course. But it was for show, he had hoped that Ares would realize what he was doing if he saw me bleeding on the floor. Dad came and helped me along with Melinda but what was surprising was Tristan. We thought he was a traitor at first but he can't be. He saved me from Ares and he told me the truth that Maya had contacted him but for some reason he couldn't be controlled. He explained it like her magic was ping pong balls, they just went off of him. The tournament went on so the other guys had something to do. My wounds healed overnight and I will soon go into a fight against Linus. He has courage to challenge me but I know that he wants to protect Nora and he wants to show that he is worthy of the future queen's warriors. But I think Nora will find it frustrating since she can probably even beat me in a fight if it comes down to it. Sigh, I really want to fight against her, to see who of us are stronger. Ares is confined down in the dungeons where no magic can take him over. He woke up this morning and complained about a headache and when he remembered he was furious.

Maya had played Nora's part in his mind and manipulated him.

So he said he wanted to be in the dungeon for the time being, to repent for what he did to me but I told him that I was angry and I demanded an apology. But not for me but for Nora. Then I told Melinda to link them today so he could apologize.

"Helios and Linus". Your turn, come down to the arena" uncle Dave called and I happily got up and down in the arena.

ARES POV

I was manipulated, me?! Gosh, I hate that I can be so weak.

"You are not weak Ares" Nora say and I look at her Now I can clearly spot the differences between them. Our Nora has much gentler eyes and her voice is nicer.

"It feels like that right now." I say and look at her.

"I get it". But you wanted to meet me so much that you let your heart guide you instead of your lycan. And that is okay too,

sometimes." Nora say and I stare at her

How can she be so calm in this situation? I almost killed my brother.

Like I would let that happen, idiot my lycan growls at me.

“Your lycan is right, you know” Nora says and takes my hand and I feel warmth spreading from her tiny hands.

“Fine, but I need to apologize to you. I promised Helios that I would” I say and look into her beautiful purple eyes.

“Apology accepted. Come on now” Nora says and pulls me along with her to a memory.

The picnic memory.

“I thought this was a perfect setting for us now or if you want to do it in your bedroom?” Nora says and I shake my head.

“I love you, Nora and I will do anything that you want” I say and she giggles.

“Make sure that you say it to the right person this time” Nora giggles

“Well, I hope that I am ” I say and glance at her and she keeps on giggling while nodding her head.

“Yes, Ares I am the real Nora. Can’t you feel it when I touch you?” She wonders and I nod and smile.

Tingles across our skin.

I bend down my head and kiss her softly on her lips and when I draw back my head I can see that she is pouting.

“More” she demands and I lift her up and kiss her more.

I lay her gently on the grass and kiss her even more, my hands slowly, teasingly exploring her body. She lets out a little moan as

I squeeze her breasts. She moans like crazy and then I feel her hands when she explores my body.

+ feel her hands under my shirt, caressing my stomach. I have

quite hard muscles there and I can feel her trace the edges of them and then she touches my chest and I sit up.

She pouts but her eyes widen as I take off my shirt so she can see me, I watch as her eyes look at me, I can see the lust in

them as she watches me and makes me hard just from her

gaze.

“Like what you see?” I ask and I see the blush creeping up on her cheeks.

I bend down and capture her lips and I let my tongue slide in between them, I let my tongue dance around hers even though she

doesn't seem to know what to do she copies my movements.

So when we break free from each other, we pant heavily. But she surprises me again as she slowly reaches for my pants and

I freeze. Wanting to see what she will do or not do.

But she knows what she is doing when she pulls them down and releases my di ck, it's hard and quite big and she has realized that as well as she gives me a small gasp. I try not to laugh at her and instead of standing above her I lay down next to her on the grass.

She sits up and stares at my di ck while biting herself in the lip, I touch her lip and she looks at me. "You can touch it if you want, I wont do anything that you don't want to do" I reassure her and she nods. I can see the determination in her eyes as she slowly reaches out her hand.

F

The moment she touched me, I came. Oh so embarrassing but I don't move as she keeps on exploring. She feels my cu m on her fingers and then begins to stroke my di ck, up and down and when I moan at the sensation she does it faster.

I am nearing my second org asm when she suddenly bends down and licks at it and then she opens her mouth and sucks on my di ck. I try so da mn hard not to lay my hand on her head

Chapter 67

Ares POV

The next day

I woke up with a smile on my face and both Melinda and

Daniel greeted me with coffee and breakfast. Helios came into Nora's room with roses and the entire room was filled with the scent of the roses.

"She really liked the scent of wildflowers and she wanted me to tell you Daniel that she is happy for you and Melinda" I say and stretch my arms.

Helios shook his head and continued to replace the flowers in the vase and he kissed Nora on her forehead.

"So now when I have helped you with speaking to Nora and other things.. Can we proceed with the things that my idiotic sister has done" Melinda says and I nod.

"I updated Nora about recent events and she overheard your sister" I say while getting down from bed

"Well tell us!" Melinda said:

"Nora said that she doesn't want to kill Nora but more she wants her daughter back and start a war and the best action would be

to kill Nora so we can blame it on the witches and the knight kingdom." I shrug while getting dressed

"The knight kingdom?" Melinda asks.

‘Yeah, Nora’s parents are from that kingdom. But I don’t understand why that kingdom?’ I say and look at Helios.

“Do they want her back? Perhaps they realized that the curse breaker came from their kingdom but then the blaze kingdom also needs to be involved” Daniel says and looks up at Nora.

Just as I was about to say something we heard a growl from Nora. We all looked at her as she continued to growl and Melinda walked over to her.

“She is growling but she isn’t awake. Perhaps she is trying to say something to us.” Melinda says and tilts her head.

“Well we are talking about her kingdoms and a war here, it is a huge deal” Helios says and I nod.

“What about Tristan then?” I ask and look at Daniel and Helios.

“No he is from the blaze kingdom so Tristan and Nora are cousins in a way. Tristan can’t lie and no one can lie to him” Melinda says and waves it off.

“But our cousin isn’t the only one here that has the name Tristan” Helios says and I think. Huh one of the guards names is Tristan as well.

“When your sister told me to get rid of Helios, she said that Tristan would help me but she never said which one. I just assumed..

I can't believe I doubted my best friend” I and put my head in my hands, ashamed of my thoughts.

say

“War isn't easy, Ares.” Melinda says and I look up at her. She is standing in front of me with a cup of coffee that I take. I touched her hand and she gasped.

I look up just to see her eyes turning white, like they did once before. I take the cup before it smashes into the floor.

“Melinda?” I say and touch her, she grabs onto me and then says

“Up and down, rain falls, the ground is black and the light is green, then the sleeping queen will wake up” Melinda's eyes turn back to their normal color and I still hold her steady and she holds on to me.

“Da mn, I said something, didn't I?” she asks and looks frustrated.

“Don't you know what you said?” I ask and she shakes her head.

“Up and down, rain falls, the ground is black and the light is green, then the sleeping queen will wake up”

I recite to her and she

stares at me, fear shows in her face.

“What is it?” Why are you scared?” I ask of her.

“There is this story more of a legend but the content goes like this. A princess falls asleep and while she is sleeping the kingdom breaks down. Fire licks the earth and then turns green by all the witches that are stripped of their power when nature itself dies.

The princess wakes up in a dead world, and alone she walks and calls herself queen” Melinda explains and sits down on a chair.

saw the fire in Anna’s blood before” Helios says and I look at him.

“The vision that my sister sent your way? Tell me everything!”

Melinda say-and Helios sighs

“Okay, I saw a fire that was alive of some sort. Like it has a mind of its own, It burned everything, the nature, the castle and even people and lycans. Then I saw her, Nora, still sleeping on her bed. When the vision turned dark, I saw eyes, a lot of them, staring at me. Green, brown, blue and purple.”

Helios explains and I stare at him.

“We should write stuff like these down in one of Elder William’ s books.” Daniel says and Melinda laughs.

“Yeah he and my mom can do that” Melinda says and Helios makes a disgusting face.

Lam missing something here and I don't want to know what it

1.

"So the guard Tristan, what shall we do about him?" I ask Melinda.

"Well we will trail him for now and then we will stop him if he does something strange but right now I think it is best if I plop back

home, alone" Melinda says and actually disappears in a

blue dust cloud.

"Haha what did you do last time, Helios?" I ask and Helios looks away.

"I saw Mariah, naked" Helios says and I stare at him in disbelief.

"Yes, Melinda said that and she had real fun that you threw up after that you had seen Mariah" Daniel laughs.

"I threw up because of her magic and then when I saw Mariah it just became too much and I couldn't hold it back." Helios shrugs while I and Daniel laughs at him.

"Yeah, yeah, what would you guys think if it was you and not me then?" Helios say and Daniel and I look at each other.

"Well, that doesn't matter since it was you that saw it" Daniel laughs and Helios looks angry,

"Children".

Chapter 68

Unknown POV

These days have been peaceful. The jealous little witch has been doing perfectly according to our plans. All I need is to wait for the witch to do the last plan and succeed in it. So the king will take the bait and start the war that I need. But I have to admit that it looks peaceful, this kingdom.

e

A big castle on a hill and the castle wall that surrounds it and then the village below. It looks like something out of a fairytale but it isn't. In a fairytale everyone would feel happy and feel good. Here they are mostly unhappy and rogue and violent.

To think that one little girl could be everyone's hope and now that hope is sleeping forever. A sleeping princess that will never wake up.

If only the witch can shake things up and the king will take the bait, only then will my plan be finished and I can start the ritual in bringing back my master.

Evil laughter

Dave POV

I don't understand how this is going to work. Ares and Helios along with Melinda have just briefed me and my brother about what has happened and what they discovered. I don't believe that one of the other kingdoms is involved in this thing. It feels more personal.

"Shall we summon for a grand meeting then?" I suggest and everyone turns to look at me.

"Is that a good idea? What about Nora?" Helios says and looks at me but I just smile.

"Daniel won't leave her side and perhaps Melinda and her mother can use a spell to hinder anyone from entering the room?" I say and look at Melinda.

"We can do something like that, yes" Melinda answers

"So a grand meet, does that involve all the kings from all the kingdoms and then all the alphas from the werewolf pack?" Ares asks and I nod.

"Yes, the kings and their mates, if they have any, and the alphas in one room" my brother says and everyone stares at me like I have gone crazy.

"Ehh come on it will be good and if there really is a traitor, I guess we will know then, when we have everyone gathered" I shrug

and my brother nods.

“Yes, that is a good idea, we have a lot to plan then and by the way Dave, I think that your idea last time was good as well. Pick a team and train them, we will probably need a small force like we had before” my brother says and I smile.

“Will you train warriors again, uncle Dave?” Helios asks and I nod.

“Yep, a small force that will only do as I say. And I will also train all the lycans that Miss Nora has healed.” I say and Ares smiles.

“You know uncle, it is because of you that I wanted to be a warrior. And now I have my own army of top warriors so I think this is a great idea” Ares says and looks genuinely happy.

“Then Ares’ will show you the other warriors. I am guessing you will want to pick from the training warriors? Ares has had a few warriors to be Nora’s bodyguards but she doesn’t need those right now” my brother says and I nod.

“You are right brother, but I think that Ares should train a small group to be MissNora’s bodyguards later on but am really curious to see Miss Nora fight. I have heard that she is good in the arena” I say and smile

“She could probably take me down,” Helios mutters and pouts.

“Well she is strong and I would be excited to have her push me down in the grass” Ares says and winks at his brother.

“She has already done that” Melinda says and Ares turns red as he looks at her

“How do you know? Wait. Last night? Did you see?” Ares rambles and Melinda just rolls her eyes at him.

“Ohh something good happened then ” My brother says and smiles.

“Since Nora is stronger than I take it that she was in charge. I didn’t take it that you would be submissive, mjao” Helios is teasing his brother.

Ares roars and Helios runs out of the room with Ares tight on his heel. I can still hear Helios taunt him as he runs from him.

“Well shall we get going then?” I ask my brother and Melinda walks out, leaving us.

Melinda POV

I can’t believe that I unlocked my prophecy gift. My mom and grandmother have been the best seer’s since ever and one of our ancestors was the grand oracle. So the gifts have been in our family for a long time but I never have been able to do this before and now my foretellings are strange.

Mom said that I shouldn't worry but it seems that I am telling parts from a bigger prophecy but since I haven't developed the entire gift I can't tell the entire prophecy either.

I think about the words that I have said and then the story about the princess that became a queen of a world that was destroyed. But I never told them the end of that story or the beginning because of that.. No, it is too sad to speak about.

I will need to focus on finding Maya and I know how, this guard named Tristan, I need to find him. So I walk outside and the first guard I find is right outside the door.

"Hi, I am looking for a guard named Tristan" I say and Took at him.

"Tristan?" No, that is the cousin to the prince's " He says confused and I turn around to see another guard.

"I heard, I think I know who you mean but I haven't seen him since last week. He lives in the village along with his little brother."

the other guard says and the first one looks confused.

"You are new here so you don't know much, yet"

"Well there is time to know everything" I say and walk out of the gate, towards the village below.

Chapter 69

Maya's POV

I just want my revenge, they threw me aside the moment I came home with a baby in my arms. That place that my mother dropped me in was boring and rather scary. They put a bracelet on me that would restrict my powers but since I never had any the bracelet wouldn't have done anything for 1.

But it made me dizzy since it was magic in the bracelet and I constantly heard a buzzing from it. It made me dizzy and sick to my stomach so many days I just spent by lying on a bed after vomiting.

Then they forced us to group therapy and trust me sitting and listening to stories where other witches had to give up their powers and now they have withdrawal symptoms.

Then there's medicine, created of nature and trust me that doesn't go well with the dizziness. I escaped at last with a little help from a stranger. He also had no magic to speak of but he was tricky and good at manipulation.

He manipulated one of the maids in giving him herbs and he created an explosive which was used as a distraction. And then we escaped but I didn't understand why he would help 1.

He asked for my cooperation in creating a war between the kingdoms so he could find some sort of ritual to bring back the one he loved. And since none of us have magic we have to plan this carefully.

And so we did it. At first I thought of killing Nora but my sister stopped me and HE got furious as Nora has to be alive for his plan to succeed. So fine the brat must be alive, fine.

So the next step would be to harvest magic and my daughter would be the perfect goal for that but in the meantime a blood

sacrifice would do good and I found the perfect one.

A black cat, a witch's best friend because they have a magical core as well

and it was perfect as the cat had black kittens as well.

Then it was easy to take some rogue lycans that Nora had blessed and I took her magic inside of them. Now I had enough

power to gain control over Ares and manipulate him. into killing his brother but that plan didn't go as well as I thought.

I seduced one of the guards with the same name of the cousin to the prince's and I planted a seed of doubt. That was fun to see

how they started to doubt him and themselves.

Then the perfect opportunity came as the brother of the king suggested a grand meeting. All kings and alphas will gather in one

spot and then we can, finally start working and ..

Helios POV

A grand meeting? Discussing witchcraft and Nora? I don't know about this, it might be a political good thing but personal and

emotional? Perhaps it's best that Ares stays with Nora during the meeting this time.

I need to talk with both Ares and dad about that. and where should we hold this meeting? If we should include alphas

from the werewolf packs in each kingdom then we need something bigger than the castle to gather in..

Perhaps the summer

palace, no it's too small, what about ..

"Helios?" Hello, I am talking to you" Ares interrupts my thoughts and I look up.

"Yeah?" I said to him.

“What are you doing?” Ares asks and I scrunch my eyebrows.

“I am trying to find a suitable place for the meeting. I am not comfortable holding it here in the castle. And the summer palace is too small.” I explain and Ares nods.

“We would need a neutral place and witch free” Ares thinks out loud.

“Yes, but we should have a barrier around the meeting, so no surprises occur and I was thinking that you should stay here with Nora” I say and look around in the library.

“Really? I was actually going to suggest that” Ares says and I smirk.

“Of course you were. Anyhow, what do you think would be the best location?” I ask and he seems to think as well.

“Well everything here is divided by territories, do you have a map?” Ares asks and I shake my head.

“Uncle Dave has the maps.” I say.

“Then let’s go there” Ares say and I follow him out We walk through the corridors and down the stairs while talking about nothing and I just stop and stare at Ares. Ares

felt that I stopped so he turned around.

“What happened to us?” I ask and Ares looks away.

“I don’t know what you are talking about” Ares answers and I sigh.

“You do know what I am talking about. Sure I did things dad wished me to and you trained your body instead of your brain and hung around with Mia. But why did we drift apart? We are brothers. “Twins!” I say and feel the frustration creeping inside of me.

“Yeah, I know. I guess it was time to just drift apart but I would like to fix it and be brothers again.

Perhaps not like we were as children but we can build it up in our way as we are now” Ares says and I stare at him.

“Who are you?” I say and back away.

“What do you mean, it’s me Ares?” he say

“Nope, my brother would never say it like that and just now in the library I didn’t feel your presence at all and my lycan .. I can’t

feel my lycan. “Who are you?” I say and feel nervous about this.

I watch as Ares starts to laugh and change his appearance, his hair becomes reddish and he shrinks into a smaller woman with crystal blue eyes. Maya!

“Hello Helios, I need you to come with me now. You are the head character in my plan. “Now sleep!”

Maya says and blows some sort of powder in my face and the last thing I see before I faint is Maya laughing.

Chapter 70

Ares POV

The air felt suffocating and I blink into the darkness. Ah a headache, my head hurts. It feels like someone is using a hammer and is hammering inside my head. D amn.

I try to remember what happened right before the darkness but my memory is blurry. I was talking to someone, who was it?

Helios? or dad?

But then I was walking towards Nora's room with some wildflowers that I had picked and someone was blocking the way. A guard? No, I didn't recognize him and my lycan was growling.

But I think I have seen him before. But I can't remember, stupid head. Something isn't right here. Lycans can't use magic like that.

Can someone hear me, help I send out a mindlink to everyone everywhere.

But no one answered and I sigh.

I reach out my hand slowly and feel nothing so I try to sit up and I can, I feel around and I can feel the floor under me. Stone. I try to sniff the air but my lycan is sleeping so he can't help me.

Suddenly there is light as someone opens a door and a scream is heard and I blink my eyes quickly. What the hell?

Uncle Dave PQV

So right now both my nephews are missing, Melinda said that she could feel her sister's presence in the castle and now they are missing.

Both me and my brother are searching through the entire castle but we can't find them. It's just like magic.

"Excuse me, Dave?" a guard approached me and I nodded for him to come closer.

"I found this in the place where prince Ares disappeared." He says and gives me a piece of paper and a black feather.

The prince's is mine. Trade him for the princess and I might send back one of them alive

What the hell, I look up just to see that the guards are gone. Strange I didn't even hear him walk away. Nora!

I run down the stairs and barge into Nora's room and Daniel jumps up from his place and looks confused to see me.

"What is happening?" he asks and I see Nora is still laying in her bed, sleeping.

I show the paper to Daniel and he looks at Nora as well.

“I shall go to my brother, keep an extra eye on her, I don’t know what is going on right now” I say to Daniel and in a few seconds he has shifted into his lycan form.

“We will keep her safe” he growled out.

I nod and go out and try to find my brother but I found him rather quickly as I heard his loud voice. Yelling again.

“Where in the hell are my sons!” my brother yelled and as I walked around the corner I saw who it was that he was yelling

at

Mariah stood there calmly and waited patiently for him to

calm down. She glanced at my way but didn’t say anything. I walked up to them and put my hand on my brother’s arm.

“Calm down.” Your sons are strong.” I say and he calms down and nods.

“I am so frustrated,” my brother said and shook his head.

“I should have killed her the moment I knew who she was and then nothing of this would have happened” he says and a ringing of growls is heard.

“Take it easy, I will not kill her, I can’t. She saved me.” he says but everyone present looks at him warily.

“This would have happened even if you had killed Nora. This is bigger than her and us. I feel that someone else is pulling the strings. Not Maya. Someone with more power and it seems whoever this one person is has a goal in their mind and I am quite curious about what it is” Mariah explains.

“Whatever it is, I don’t care right now. I want my sons back. I can’t lose them as well” my brother declares and leans on to the wall.

I don’t think I have ever seen him this broken before.

“So what do you think we should do now?” I ask Mariah and she looks at-me surprised.

“You are asking me?” she ask me back,

“Well the things we have done are nothing and as lycans we often rush in blind so why not. Perhaps you have something better in mind?” I say and shrug.

Melinda stands up and I noticed that I hadn’t noticed her before or the niece for that matter.

“I can trace Ares” Mia suddenly say

“How?” I ask her.

“We can trace them both but Mia would be able to pinpoint Ares” Melinda says and my brother looks up

“How?” my brother asks and looks hopeful

“Blood magic” Mia says and everyone looks at her.

“No, that is dangerous” I protest but Mariah has already slapped Mia on her cheek.

“I told you, not to mention anything like that ever again” Mariah say and Mia looks shocked

“I didn’t mean the forbidden magic, just a blood drop on a map” Mia whispers and I look at Mariah in confusion

“Have you been able to figure out how it works now?” Melinda asks with a gentle smile.

“Yes, it was like you said.” Mia says but doesn’t smile.

“Do you have a map?” Melinda turns to ask me and I nod

I go and fetch a map and lay it on the table in the dining room. Melinda takes out a dagger and pricks my brother in his finger

and he drops it on the map. Mia starts to chant a spell and we watch as the blood kind of moves over the map.

Sliding across our land and into another territory then the blood divides into two lines.

“They are at two different locations, Helios are at the knight kingdom and Ares are at the blaze kingdom ”

Melinda says as she

reads the map.

“Wait” Mia says and puts her hand on the map and she holds a crystal in the other.

Then the blood that showed where Ares’ are changes

direction and comes back into our kingdom and lands.. here.

He is here.
