Chapter 71

Melinda's POV

Ares is in the castle somewhere but what about Helios then? Where is he? Perhaps Ares can trace him.. I hope so..

Mia sensed him and she went to look for him, she guided us up in the castle. we walked a lot of stairs and I looked at the

paintings on the way there and it was one painting I needed to remember. I need to look at that one again later on.

Mia stopped at a door that led to a tower, well the only tower in the castle.

“Are you sure he is in there?” the king asked and Mia nodded.

“Yes, I can feel his aura in there and..” Mia said but stopped as the door opened and a very confused looking Ares stood there.

It was just one problem though...

ARES POV

I tried to move around carefully and I discovered that I was still in the castle somewhere, I couldn't just figure out where.

Everything seemed strange here. I found a small hole and I looked out and noticed that I was high up. In the forbidden tower? Can it be so simple? A mage used to live in this tower, like a witch but he used potions to create magic or something like that. I can see some bottles over there and a few papers and a guy in the corner.

1/5

A guy in the corner?!

"Who are you?" I ask and I am suddenly surprised how my voice sounds.

"I am the greatest wizard of them all..." the guy says and I stare at him.

"If you tell me that your name is Merlin I will kick your a\*s" I say and my voice still sounds strange

The guy laughs and coughs

"No, no I was just teasing you. My name is Luca and I was the mage of this tower once in time"

"Wait but then you are over 500 years old!" I say excited.

"Oh has it been that long already?" Luca says and I sigh

"Well can you help and perhaps get some light in here?" I ask

“Sure I can do something about that” Luca says and I can hear him open a bottle and then there is a little ball of light inside the room.

It is indeed the tower now that the light is on and I can see more clearly. But as I look around I can see that everything is quite big. Even the mage, Luca, is quite large but he seems young for his age.

“So what is a kid doing in here and how did you come in here? There is a spell surrounding this tower. so not anyone can come in here” Luca says and looks curious at me.

“I am no child!” And I am one of the princes’ of this kingdom” I say and stand up just to discover that I am not taller than

2/5

“1

Luca even though he is sitting down.

I look down at my hands and see that they are small and so are the rest of my body. I feel my face and then I look around for a mirror and Luca points at one and I walk over to it, afraid to look in it.

But I have to see and when I open my eyes and go straight for the mirror I get furious. They changed me into a small child, it looks like I am about six years old.

“What in the hell?” I say and sit down.

“Oh this isn’t your natural look then?” Luca asks and stands up and I shake my head.

“No, I am a grown man already and I have a mate as well.” I say and shake my head.

“Oh that is good” Luca says and nods his head.

So how do I get out of this tower? I need to do that so I can protect my mate. And stop a bloody war.” I say and look at Luca.

“A war you say?” There are plenty of wars in the world and even if you and this kingdom manage to stop one there will always be another. “Luca say but shows me a door that leads to a staircase

“Come with me” I say and point downwards.

“I can’t leave this tower” Luca say and I shake my head

“Yes, you can, I have witches on my side that can help you out of this tower” I explain and I can see some hope in his eyes.

“Well I don’t believe that a simple witch can help me but let’s try it” Luca says and goes before me down the stairs.

and

We walk slowly as the staircase is old and some of the steps are missing and some of them break when we step on them. But in

any case we can climb down safely and we are met by another door.

“So this is the spell I was talking about, it is embedded inside the door and thus closing me inside ” Luca sighs and leans onto the wall next to the door.

I look at the door and it looks normal so I reach for the handle, it feels normal, a bit cold like metal usually does. But I twist the door handle and the door opens nicely just to reveal Mia and Melinda on the outside.

Dad and uncle Dave are also there and all of them looks really surprised to see me

“Shut up, I know that I am turned into a child so don’t tease me. Melinda can you help my friend out of the tower?” I say and look at Melinda and she nods.

Y

“Well I could have but you have already done it. You broke the spell since you are of royal blood. The spell was designed so it could only be broken from the inside by someone with royal blood” Melinda explains and Luca shakes his head

“Was it really that easy? Then I am free right now?” Luca asks and tries to take one step outside of the door and everyone holds their breath but nothing happens.

“Thanks to all of you. Let me repay the favor. Here drink this and you shall be in your normal size” Luca says and gives me a bottle with green liquid in it. It looks like puke. Yummy

## Chapter 72

### Helios POV

Hmm so this is the Blaze kingdom, yep it still looks nice but why am I here again? Right now I am in the dungeons of their castle

and the guards are ignoring me.

No matter what I try to talk about or if I release my aura, they don't care, like I am not existing. I have been here for three days

now and I am waiting patiently.

I hear a door open and close somewhere higher up and footsteps coming down fast at the stairs and they walk through the

corridor, perhaps it is another guard and perhaps this one is willing to speak to me.

"Having fun in here, Helios?" a familiar voice drifts into my small cell and I look up just to stare into a pair of purple eyes!

"Not that much, are you gonna let me out now? Felix?" I answer and smirk.

Felix is the current king of, this kingdom, after his father took suicide after losing his mate, Felix took charge of this kingdom and he is also a very good friend to me.

“Let him out now” Felix ordered the guard but he didn’t move and I felt that something was wrong and so did Felix.

The guard moved and almost broke Felix’ neck but Felix was faster as he ripped the guard’s heart out and dropped on the ground with a splat. Then he just picked up the keys and opened the cell for me.

“I just came back after an inspection at the northern border and so i didn’t know that you were here” Felix explains and shakes his head.

I get out of the cell and step over the body and scrunch my nose.

“So how did you find out that I was here then?” I ask as I follow Felix. I can feel that he is furious.

“My beta had heard from one of the guards and they were just as confused as me” Felix growled.

“Will I be able to meet your lovely mate now then?” I ask and he glances back with a smile.

“Sure but don’t take her away” Felix answers and I snicker at him.

When we get out from the dungeons, Felix' beta is waiting for us and he has four guards on their knees in front of him.

"These guys let in the witch in the kingdom and they knew that Prince Helios was in the dungeons." his beta Pete says and I feel Felix getting angrier.

"What witch?" I ask confused.

"They said her name was Maya" Pete says and the guards nod.

"She wants a war between our kingdoms" I say and sigh.

"Why?" What does she win on that one?" Felix asks me and I shrug.

"We better not talk about that here with these spies" Pete says and growls at them.

2/5

"Nope, Pete-kill them and then join us in my office" Felix says and I walk after him into the kitchen where this wonderful smell hits me.

And as I stop in the kitchen to find where that wonderful scent belongs to I find a woman, with raven black hair and green eyes that are making some food.

Felix chuckles and walks up to her and puts his arms around her waist and kisses her on her neck. She giggles and I could have

sworn that I have heard her voice before but when she turns around in Felix arms I just stare at her. She glances my way and smiles and I don't know what else to do than run out of the kitchen. It can't be, it's impossible, who the hell is that woman?

Felix and the woman come out behind me, Felix pats my shoulder and I glance back at him and her. "Who are you?" I ask her and she looks confused now.

"My name is Kara" she says and even her voice sounds just like hers. She is a freaking copy of Nora except for her eyes.

"How?!" "I say and just stare at her which makes Felix growl at  
1.

"Sorry but she looks exactly like my mate except for her eyes. But my mate's name is Nora" I explain and I can't stop looking at Kara.

"Nora?" Oh my goddess. She is okay? What is she doing right now and where is she?" Kara jumps on the spot.

"She is in my kingdom but she fell into a coma after losing her.. wolf.. "I say and Kara looks sad.

"Nora and I are cousin's. Our mothers are twins so we do look alike don't we" Kara smiles sadly.

“She never mentioned you” I say confused.

“Hmm we have met once and we were little at that time, perhaps seven or eight years old” Kara laughs

“She was so da mn cute at that age” Kara giggles and she looks sad once more.

“So shall we go and talk about the other more urgent business?” Felix says and I nod.

About what?” Kara asks and I look at Felix.

A lot of leaders don't tell their mates about all that happens and some involve their mates in every matter. It seems Felix is

involving Kara just as I and Ares' are planning to do with Nora.

We walk into Felix's office and I take a seat in the armchair while Kara and Felix take the couch and Pete comes in with some food and coffee and sits down in the opposite armchair.

“So as I said this witch, Maya, she has created troubles in our kingdom and we have gotten over information that she wants to start a war between our kingdom, Blaze kingdom and Knight kingdom but we don't know why” explain and Felix nods while he is listening.

“Nora and I have bloodlines from Blaze and the Knight kingdom and it's very unusual and we have abilities from both kingdoms.

Can it be to try to wake him up? No that can't be. I mean he is locked up, hidden away." Kara says and looks

down in confusion

"Who is locked up?" I ask and she looks up

"I believe that Nora is the reincarnation of the woman that married the first wizard. Artemis son and he is locked into a tower with

a mighty spell that only a royal of the purest bloodline can break" Kara says and I think back to Mariah's

story.

"What is his name and where is he locked up?" I ask and Kara seems to think

"He is locked up in the forbidden land and his name is.. Luca"

Chapter 73

Daniel POV

“Right now there is chaos in the castle, Nora. Helios are missing and Ares released some mage from the tower and in some freaking way, the very same tower disappeared the moment he went out of it.

I am always sitting here you know, not that I complain or something but I would love to spend some time on the outside, with you

and Melinda of course. Perhaps when you wake up and are feeling better we can have a picnic and Anna can make her famous cupcakes.

They are unbelievably good, the cupcakes melt in your mouth and the taste is .. well yummy.

I know you loved the pancakes that she made for you with maple syrup but the cupcakes are a class above. Perhaps I can ask

her to make some and bring them here straight from the oven so you can smell them

I heard from Helios that you can hear us and smell things even if you are in a coma so that's why I am talking to you, right now.

I wanted to talk to you before but I didn't know if you could hear me so I didn't say anything. But perhaps you heard me crying, I did that a lot because it felt like you were going away.

I love you, Nora. I fell in love with you the first time I met you even if I didn't understand why I felt that. But I did and then it developed into actual love.

I met Melinda, my fated mate and I love her so much but at the same time I know it's because of the bond but anyway I can't forget about my love for you, Nora.

It's bad I know that but I truly love you, a love that is forbidden and it hurts so much to think about it. I don't know what to do about it either. I want to kiss you when you wake up but at the same time-I don't.

I am sorry that I am rambling here but my feelings are all over the place and I really wish that I could have talked to you for real.

"I can do that for you" Melinda says and I turn my head.

She stands in the doorway and smiles at me.

"I know of your feelings for Nora and this bond is a supernatural thing that binds us together whether we want it or not but I can help you talk to her" Melinda explains.

"You are not angry?" I ask her and stand up from the chair.

"I was but at the same time I know it's not your fault or mine for that matter. I love you Daniel. Not because of the bond but because you are you. And I want to help you" Melinda says and walks to me and kisses me on my lips.

"I would love for you to help me" I say and she smiles.

"Then you better lay down on the bed over there and Ben will take your place in guarding Nora" Melinda says and I nod.

I lay down on the bed and Ben opens the door and nods at me before he sits down at the chair next to Nóra and I close my eyes.

I feel Melinda's hand over my eyes and she says something that I didn't understand then I feel her warm magic inside my head and everything drifts away.

Nora POV

I have been listening to Daniel these past days as he has told me different things, about Melinda mostly. I am so curious about her and grateful as well. I have listened to her stories as well, I think she is Mia's aunt and the woman that raised her.

But she has told me secrets that she has never shared with anyone else. She once compared me to a baby, as I can't tell the secrets she speaks of and she feels comfortable in my presence.

I feel that we would have been friends if I weren't in this coma thing. I would love to wake up and eat something. I would love to try Anna's beef stew, she had made some for Daniel the other day and the smell..

Well I think my stomach actually made some sounds because of the smell. I heard Daniel and Anna laugh and say that I am so cute but I don't care about that. I just want to have a taste, please!

"Haha I can ask Anna to make some more and I can carefully spread some of it on your lips" I hear Daniel laughing in my brain. I

am gonna hit him if he keeps teasing me like this.

"I am inside your mind" Daniel teases more and I growl.

"Cute but ugly, growling without a wolf" Daniel laughs more and in pure frustration I shoot out my arm and hit him.

I

Thit him? I turn around to see Daniel standing there with a silly

smile on his face. I squeal and jump on him, he catches me

and hugs me hard and I hug him back.

"I have missed you so da mn much" I say and laughs

Daniel puts me down and cups my cheek.

"I have missed you too and I love you" Daniel says but before I can say anything he kisses me. I am stunned beyond surprise.

and my brain isn't functioning.

But I am lucky as Aurelie does, she jumps on Daniel and stands in a defensive position in front of me growling like hell. Daniel

gets up and looks surprised at Aurelie.

“Who is that?” he asks and I pat her on her back

“This is Aurelie, my wolf and she is also Artemis’ daughter” | explain and Aurelie stood growling but she holds her stand

“Where is Artemis?” Daniel asks and I look down at Aurelie

“She has gone to the moon goddess land and Aurelie chose to take her place” I explain and I sink down to my knees and hug

Aurelie.

Aurelie calms down and sits down but is still watching Daniel.

\*She is not your mate, no kissing\* Aurelie says and huffs.

Chapter 74

Nora POV

“Where is Helios? Do you guys have some clue?” I ask, still sitting next to Aurelie,

“No, the witch took him and we still haven’t found him yet but they did some trace magic and found him in the blaze kingdom.”

Daniel says and I look at him.

“The Blaze kingdom” I say and remember what my parents told me.

“Yes where you come from, well one of the kingdoms anyway.” Daniel says and sits down.

“Hmm.. I would love to visit there sometime and the Knight kingdom as well” I say and play with Aurelie’s fur.

“Yeah, Aren’t you angry?” Daniel asks and I smile shyly

“No, I heard your debate even though I was confused by it. I don’t feel the same way, I love you but it’s more like a friend or family. I love Ben in the same way” explain and Daniel sighs but nods.

”

Okay, I am sorry that I pushed my feelings onto you” Daniel says and looks away.

“It’s fine Daniel but I would really love to hear more about this Melinda from you” I say and he lifts his head and smiles.

Helios POV

I sit in the armchair and drink coffee while staring off into the fire. Maya is preparing for a war and this mage Luca is Artemis’ son.

I wonder where the forbidden land is, and then it hits me.

“Felix, what do you say about faking a war?” I smile and he looks at me surprised but then gives me a wicked smile.

“To lure the witch out you mean?” Kara asks and looks between us and I nod at her.

“Yes, lets create a fake war and lure her out and then kill her and the mage” I explain and Pete nods

“That would be a good idea actually, and we can eliminate another enemy at the same time” Felix say and I tilt my head

“What other enemy?” I ask and Felix looks at me seriously before nodding at Pete.

Pete gets up and opens a drawer and takes out a folder which he gives to me. I look at Felix before opening it and I almost throw up at the pictures inside it.

“What the hell is this?” I ask and look at Felix in horror

“That is what we wonder as well, these disturbances have shown up all over our territory for a few months back now” Felix says

and I look down again and I shiver,

“Something similar was found in the back garden a few days ago also” I say and shiver at the memory

“But this.. this is.. I don’t know what to say about it” I feel disgusted

say and

“No this isn’t much to say other than the mothers are crying

blood right now” Kara whispers and looks sad

“Literally?” I ask and they look at me and then they nod

“How did you know?” Felix asks and Pete stands up and looks at me suspiciously

“I have heard something like that before. Have you found a head of a black cat by any chance?” I say and Kara gasps

“How did you know about the cat?” She asks and looks at Felix.

“Because the very same witch that took me here chopped off one of our cats’ heads and left the body to be found” I say and shake my head.

Kara started crying and Felix hugged her and I felt a pang of sadness inside me.

“This is why she brought me here” I say when it suddenly hits me

“What do you mean?” Pete says

“She probably thought I would take Kara away from here or mark her on the spot because she and Nora are so much alike and

then Felix would have killed me and successfully my kingdom would have started a war with yours” explain. It all makes sense by this.

“That makes sense but what do you believe about the things in the folder?” Felix says and tilts his head at me.

“It looks like a blood sacrifice, a witch does this to gain the magic from the blood of her sacrifices but I don’t understand why she would sacrifice children.” I say and try to think about what Melinda had told us about the rituals.

“They draw power from it? What the hell is wrong with witches nowadays?” Kara says and looks like she is about to throw up.

“Kara, may I ask what you are?” I ask her and she looks surprised and Felix growls. Kara slaps Felix on his shoulder.

“Hush, Felix.” I am a werewolf actually but I do have some talents from my bloodline” Kara says and Felix huffs

She is the one that decides in this relationship, haha.

“I think we should make up war plans right now. And attack my kingdom. “I say and laugh

“Did that feel fun or wrong to say?” Pete asks and I shrug

“A little bit of both I guess” I say and Felix laughs

“We should set up a room for Helios so he can rest comfortably before we attack his kingdom then” Felix says and Kara nods and gets up.

“I will set up the blue room then” Kara say and I blush

“Ohh, did something happen in another blue room now, Prince Helios?” Felix taunts me and I growl at him playfully-

Felix and I laugh as we get up and Pete shows the way downstairs again and I found that none of the dead guards are lying dead on the floor.

“Da mn, you guys clean up faster than ever” I say and look around

“Well, we have had our share of cleaning experience these

days” Pete shrugs and guides us to the dining room. I blink at the table, a lot of different food are on top of it and a lot of people are sitting around the huge table.

“Excuse me now.” This here is Prince Helios from the grand kingdom and my esteemed guest, you will treat him as you treat me.

Now let’s give him a warm welcome.” Felix say with a loud voice and everyone cheers!

## Chapter 75

### Ares POV

Luca is a strange one, he has been sitting outdoors ever since he came out from the tower. He said to us that he had been in there for the longest time and he wanted to see the world but he promised he would look over what that witch has been doing.

But he helped me to grow again and I am grateful for that and Melinda and Mariah made some sort of spells or something to check if someone was in my head except for my lycan.

“So now I am sitting here beside you again and I can in fact tell you, Nora. Helios is alive and he is in the Blaze kingdom but that’s okay since the king over there is a friend to Helios.. Sure I know him too but we don’t like each other.” I tell Nora as she is sleeping.

“What do you honestly think of this Luca guy?”

Daniel ask me and I turn to look at him

“I don’t know, I don’t trust people easily but he helped me “I say and shrug

“Sure, after you helped him. I feel that he isn’t trustworthy and Lam not letting him inside here either” Daniel say and stare at me

“Wait, has he tried to come in here?” I ask Daniel and he nods “Four times already” Daniel answer with a growl

“The first time he was curious and the second time, he said he was lost, the third time he wanted to talk to me and the fourth he

didn’t have an excuse” Daniel say and I stand up

“I will go find him and ask him what the hell that is about” I say and Daniel nods.

“I am here but please let me know how it goes” Daniel says and it’s my turn to nod.

I meet dad outside Nora’s room and I am surprised as he is talking to Luca.

“Why do you need to go in there? There is nothing for you to see in there” dad say to Luca and Luca looks at me in surprise like

he didn’t think I was going to be in there

“You know when I lived in this castle, that room used to be mine and I just wanted to look at it, nostalgic you know” Luca shrugs

and I come to stand next to dad

“Right now that room is used for an exiled witch, she is in need of our protection for the time being so please don’t approach the

room” dad sighs and I look at Luca

Luca looks at the door and totally stares it down but sighs and shrugs.

“Of course. I give up, perhaps another time when Miss Nora are safe then” Luca say and I tilt my head

“I never mentioned a name” I say and Luca smiles cruelly

“Oh trust me you wouldn’t need to. Nora is mine and she will always be” Luca says and I throw myself at

him but he disappears in a black mist.

“Damnit” dad says and I turn around just as an explosion is heard. Again? |

“It came from Nora’s room” I say and sprint over there, the guards that were outside are unconscious and the door is ajar

But luckily Daniel is holding his ground as well as Melinda and Mia. They hold each other’s hands and are chanting. I spot Luca

as he tries to attack Daniel but the girl’s powers are different from his and they succeed in keeping him abay.

While I shift and .. No, I don’t shift?

“Haha what do you think of my little gift for you, prince? I put your lycan to sleep, since he was too strong to kill so I put him into a

coma just like you did with Nora. “Fitting right?” Luca laughs and I stare at him but my dad comes to my place.

He shifted fully and took on Luca along with Daniel but the girls raised their heads and threw their hands against Luca and

screamed. Luca screamed as he was bleeding all over and then disappeared in a dark blue mist.

I thought everything was over when Melinda suddenly fainted and Mia started crying.

“She took my magic, to perform the spell. I am so sorry, mom,— please, wake up. Please” Mia pleads and Daniel growls as he

turns around and picks up Melinda from the floor.

“Mate, wake up” he whines and I slowly take a step inside but he hears me and I put my hands in the air to show him that I am

no danger to him

“Mom! ” Mia wails.

“I will get Mariah, she is in the kitchen” dad says as he has shifted back and he was out of the room in a second.

Dad and Mariah came back within a minute and at that time I was in a tight grip as Daniel wanted to kill me but I needed for him

to let go of Melinda so Mia could take back her magic and wake Melinda up.

After some studies with Melinda she told me how her family magic works, and they can give some of their magic to a relative but it works like a poison and only the one that lent the power can take it back.

So I gave Mia time to take her power back from Melinda and it worked just as dad and Mariah stepped inside the room. Melinda gasped and Daniel looked over at her as she slowly sat up.

“Yeah, I won’t be doing that again, in a while” Melinda said and Mia threw herself at her.

“Daniel, Ari, let me go please” I say and he looks at me and with a whining sound he lets me go and sits down on the floor.

Melinda crawls over and hugs him and he shifts back, he hugs Melinda back and they just sit like that for a while.

“Who is Luca?” and why does he think that Nora is his?” I ask and look at Melinda but what Mia says makes me roar in anger.

“More importantly, where is Nora?”

Chapter 76

Helios POV

Now we are marching toward my kingdom and with Felix' armies, towards a fake war but with one simple goal, kill Maya and I

have the perfect choice to who it is going to be to kill

her.

As we march towards our border I can feel some tension in Felix and Kara, something is off there.

“Kara, is something wrong?” I ask her and she smiles and shakes her head.

“No, everything is alright, Felix didn’t want me to join you guys but I believe it’s my duty” Kara explains and I nod

“Well, a male lycan is possessive over his mate and very over protective” I say and she giggles.

Felix growls at us and I step away from Kara and she sighs in defeat. “Sorry” both I and Felix said at the same time.

I hope that my dad will understand my reasoning for this but this is the only thing I can think of and as I pass over our border I

shift and run straight for the coven.

And as I come there I am met by Fa nny and Carol.

“Prince Helios? “Are you okay?” Fa nny say and I nod

“I am fine but I need Mia, do you know where she is?” I ask

“Mia” Carol yells and at once Mia comes out.

1

“I need your help” I say to her and she nods in confusion.

“Great, come with me and I will explain. It’s time to put an end to this. But, Fa nny and Carol can you prepare the coven for a binding spell” I say and grab Mia while Fa nny and Carol walk off.

I take Mia over my shoulder and run towards the border again to meet with Felix. Mia throws up when I stop and I snicker.

Someone else should know how it feels to get motion sick.

“So this is, Ares little toy then I presume” Felix says and looks at Mia down at the ground and I nod as I shift back.

“Yep, the witch that clings to his side and thought she would be queen one day” I say and Felix laughs “A witch for a queen? Haha then I would just start a war just to help you get rid of her” Felix laughs and I can see Mia’s face turn red.

“I am more than just a witch you know” She says but doesn’t deny the fact about being Ares’ toy.

“Whatever, I need your help now to stop your birth mother before she ends the entire world” I say and crouch down beside Mia.

“And what do I win on that?” Mia asks.

“well your freedom” I say and Felix nods

“I want more than just my freedom, Helios. I want Ares’ back. I want the position that I was promised or I might do something that you will regret” Mia laughs and I growl

“Ares doesn’t want you. And you will never be queen” I say and Mia laughs

“I never wanted to be queen, too much work for that. I want the priestess title that comes with being married to one of you” Mia says and I blink at her and then it is my turn to laugh.

“Even if you married Ares, you won’t have the title of priestess that easily. Only the king can decide that and that will be my dad and I will inherit the throne as Ares have already said no to it” I explain and I can see the devastation in Mia’s eyes as she realizes the truth

“Fine, but I know that you can give me one other thing” Mia smiles but my smile dies out.

“No, I can’t do that, Mia. That book is forbidden” I say and stare at her

“What book?” Felix asks and I stand up, still staring at Mia.

“A sort of grimoire, like a witch spell book but it’s more than that. This book involves all kind of magic including the lycans” I say and turn to look at Felix

“But I thought lycans don’t have magic?” Kara is confused and Mia looks at her with a surprised face. “You look like Nora” Mia says and we sigh at her. “Well we are creatures of magic in a way and our core as everyone has one is embedded with the moon goddess magic, like when she created the first lycans. The purer bloodline, the purer and more powerful core.” I explain and Kara tilts her head as she is trying to grasp what I just said but Felix nods “All lycans are taught this in early years” Felix says to Kara and she nods.

“That is my price, Helios or I won’t help you or Ares for that matter” Mia say and break the silence

“What have Ares done now?” I ask with a sigh

“He probably did something huge and now your mate can’t forgive him” Felix say and laugh

“Oh you haven’t heard huh. Ares let out a mage called Luca and he kidnapped the sleeping Nora”

Mia say and I stare at her

“What?!”

“Oh but this Luca guy, put Ares’ lycan to sleep or like in a coma or something so he is basically a human right now” Mia giggles

and I take one step and let my hand wrap around her neck and I squeeze just enough for her to keep breathing.

“What did you just say? If that is true I will force you to do as I say or I will break your ugly neck right here and right now” I growl

at Mia and my aura slips out and I can hear everyone around me whimper.

“Helios is a direct descendant from the moon goddess so his aura is more powerful than mine”

Felix wheezes out to Kara I presume.

Mia’s face is turning pale and then purple and then black ish, and I release her after she musters enough energy to nod at me.

“I will help” She coughs and I growl. I will kill this Luca person after I have found him but right now I am more than happy to see that my plan worked as Maya approaches us.

“Let my daughter go, dog”

Chapter 77

Helios POV

Maya comes out of the shadows and stands just by  
the border and demands that I let her daughter go  
and I just laugh at her.

Taunting her as much as I can to stall the time.

\*Dad, are you on your way here?\* I mindlink dad and he responds

\*Ten/minutes out, try to stall a bit. The witches are here too and are preparing the binding spell.\* Dad answers and I smile

“Why should I give your daughter back? All she has done is insult me” I say and Maya looks angry.

“Mia, stop doing nasty stuff and just come over here and we will disappear forever” Maya tries but Mia just stares at her.

“What?” Are you crazy? You abandoned me, I was just a baby and yet you dumped me and let your sister raise me” Mia screams

as best she can. Hmm perhaps I won't be doing the entire stalling, good.

“No you don't understand, Mia. My mother took you away from me and then she sent me away to some crazy thing and I was there for several years. But when I finally was able to get out of there I came here to get you but I couldn't find you.

Mom and Melinda had made you invisible for me so that I wasn't able to find you. They were afraid that I would harm you but you

are my daughter, I can't harm you!” Maya desperately tries to convince Mia.

But not even + believe her words right about now.

“You are a liar.” My mom said that you got high on my magical core and when I was born and you became crazy from the loss of my magic but in some way or instinct you knew that you needed to protect me and went to hand me over to my real mom and then you went away but not because of love” Mia rambles like she has gone crazy.

I look up and see that Maya has got angry as she knows that she can't deny that fact, since it's true. And I also see my dad with our army standing behind her on a small hill. I turn to look at Felix and he nods at me and nod back. I

look towards my dad again but this time I notice that Ares' aren't here.

“Whatever you witches say and have done, this is about now. will kill your daughter if you don't stop attacking our kingdoms right this instant” I say and stare at Maya She begins to laugh, a crazy laughter.

“Oh tiny baby prince, it is true that I have hurt your kingdom but not his. That was a friend of mine that helped harness the blood energy” Maya says between the fits of laughter.

“Whatever stops right now or I will kill her” I say and grab Mia from the ground and shift my hand into my lycan claws.

I put my claws over Mia's chest and I pressed the tips into the skin. She hisses and I can smell her blood.

"Don't!" Maya screams and uses some spells just like I wanted.

She pulls Mia into her arms and I nod at Fa nny. All the coven's

elders place themselves into a circle around Maya and Mia and start to chant. Binding Maya in place but she does the one thing I couldn't foresee.

"I do love you, Mia. My wonderful and beautiful daughter. But it is as you said I was blinded by your power and now I will take it

back" Maya says and drives a dagger into Mia.

Everything after that happened in slow motion.

Melinda screamed and the witches stopped chanting but the barriers were too

strong for her to break and I watched as Maya took Mia's power away from her and then she disappeared.

Leaving Mia to bleed out on the ground. I looked at her in horror when Melinda suddenly broke the barrier and I came into our

kingdom as well and I sank next to Mia.

"Mia, please don't leave now. You are my daughter and I love you the most, Mia, can you hear me?"

Melinda says and Mia

smiles.

“I know mom”. You are my mom no matter what that bitch says” Mia coughs up blood and I don’t know where the plan failed.

“Haha but I will tell you one thing, Helios. As you tried to

sacrifice me and refuse what I wanted I will give you a gift or more like a curse so you and Ares can run around and chase your

own tails.” Mia says and draws a breath.

look at her confused. Mia takes some blood from her wound and draws something on the ground with it and then she says

“The future queen will wake up but my curse will doom her and her mates. She will lose something important and only redemption will regain it. ” she whispers in her final breath

3/4

and then the blood on the ground starts glowing.

“Oh Mia, what have you done?” Melinda whispers but still hugs her daughter

“What did she mean by that?” I ask Melinda but Melinda just shakes her head.

“I am not sure but she paid with her life to make sure the curse will come into place and in some pure luck my sister won’t have

Mia’s magic if the curse is set in place.” Melinda

answers.

“Mia’s curse has taken effect” Mariah says and sits down on the ground next to Melinda.

“How do you know?” I ask and she points at Mia’s body.

Mia’s body starts to glow, like a light and then even brighter and brighter, just like the sun so I must turn away as it becomes too strong for my eyes, blinding me.

Then the light went down and I looked back just to notice that Mia’s body was gone but in her place were flowers, blood red roses.

“The curse is in place” Melinda says and a scream can be heard echoing over the forest.

“I think Maya noticed that too”

Chapter 78

Ares POV

I heard everything and saw everything that happened at the border through uncle Dave's eyes. Mia died by the hands of her biological mother and then she cast a curse on Nora that would hurt us as well but something is bothering me.

Luca has been attacking the castle since my dad and the army left for the border. If he attacks he must think that we still have Nora here but we don't. So he couldn't have taken her away and Mia seemed surprised by the fact that she was gone but..

Melinda was so calm about that matter, did she hide her? If so then I trust Melinda for keeping Nora safe. But right now we are still under attack and I have mindlinked dad about that and they are on their way home again with.. Felix, ugh..

"Prince Ares, the fountain in the garden has been destroyed and for some reason it's raining fire" Anna comes running to let me know.

I turn and look out of the window and see that she is right. Fine, when will the water turn into blood and where are the freaking toads?

Dad and Helios are an hour away and I have no ideas for what to do. I wish that Nora was here, I really want her calming words and I need my lycan to wake up. I don't like to feel weak.

Melinda's barriers around the castle are strong but there are still people in the village and the packs in our kingdom. The witches

are all at the border except for Maya but I want to break her neck if she comes here. No, I will break her neck if she dares to step foot inside this castle.

“Prince Ares?” Anna says-and I sigh and shake my head slowly.

“All we can do is to wait him out and deal with the aftermath later on” I say and shrug

“Is that really all?” Daniel say as he comes walking slowly towards us

“Are you still here?” I ask and lift an eyebrow.

“Yes, I can’t leave the castle” he say and I tilt my head

\*Is Nora still here?\* I ask him in the mindlink and Daniel smiles and nods

\*Yes, Melinda hid her but I am not sure where, I just get a general feeling\* Daniel says and I look around.

\*You won’t find her that easy, trust me I have already tried\* he snickers

\*Actually, Melinda taught me how to seek out others auras even when they are invisible or using a cloaking spell\* | answer and this time Daniel tilts his head

Is-she teaching you? But you hate lesson and studying\* he answers and stares at me like I have grown an extra head.

\*Never said I did but I do hate politics and internal affairs and other boring stuff. I have studied only things that I'm interested in.

Like warrior stuff and some other things\* I answer and chuckles at him as he nods for himself. Ah, I found her. Nora.

\*You found her? You have a silly smile on your face\* Daniel says and I look at him and give him a mini nod.

I walk towards the kitchen and notice a crystal in the kitchen lamp and I smile. Melinda did a good job in hiding Nora. I make

some coffee and Anna comes in with Daniel.

"You guys hungry? Oh, who am I kidding, you are always hungry" Anna laughs and Daniel snicker.

"How about some leftovers? We have a lot of those these days. Beef stew and rice, tomato soup, ribs, pancakes, waffles, pasta

bolognese.." Anna starts counting things in the fridge but me and Daniel don't say anything and just like the entire population

inside the castle heard her, they are starting to gather inside the kitchen.

"We will set the table" four guards say and start to take the plates and glasses out of the cup boards.

I smile and hop up and sit on a kitchen island, watching over everyone as they gather to help Anna with the food. It feels

pleasant as everyone was 'scared just a few moments ago and now it's a happy and homey feeling in the kitchen.

"Hey, Daniel, what about you and I go and look if there is someone upstairs hiding?" I say and Daniel nods.

We walk out of the kitchen and start to walk around the castle looking inside every room for more scared people. We find the doctor in his office and he is happy to come and eat so we send him downstairs.

3/5

I feel like Daniel is hiding something so I simply ask him.

"What is going on with you?" I ask Daniel and he stops and sighs.

"You are probably gonna hit me but when Anna connected me and Nora in her mind...I kissed her" Daniel confessed and I looked at him. I feel angry but at the same time I don't have a say in that.

"That's it?" I say and shrug before I keep walking.

"You are not gonna hit me?" he asks and tries to keep up with me.

"Nah, that's between you and her. Helios told me about you and Nora before he took her away from you. So I guess I have just

been waiting for your emotions to explode. But does Melinda know about this?" I say and turn my head to look at him.

He looks stunned but nods his head." She heard me talking to Nora and she said that I should tell Nora that directly and linked

us together" Daniel explains and I smile and nod. We keep on walking but we stop as we hear a small noise from one of the rooms. It is a guest room and Daniel slowly opens the door and we walk inside. It's nothing in there but on instinct I open the bathroom door and I gasp.

A young girl is in there, she smells like a werewolf and she is heavily pregnant. She covers away from me but I crouch next to her.

"Who are you?" I ask of her and she looks up at me with her big brown eyes with tears in them

"He will come back and hurt me if he knows that I have talked to you" she whispers and looks frightened.

"Who will hurt you?" Daniel asks and she looks up at him.

"He is a lycan, I think I heard someone call him "elder" she whispers and trembles.

I look over at Daniel and he looks just as confused as I feel. Elder William?

## Chapter 79

### Ares POV

The young woman is a werewolf from a neighboring pack and she was one of the guards chosen mate but when he discovered

that she was pregnant he cast her away and this “elder” took her in. But instead of treating her right he has only abused her.

Mistreating someone in our kingdom is punishable and the punishment is even worse if it comes down to women and children.

And this young lady is pregnant. I will find out who it is and punish by law.

I and Daniel managed to move her into my room even though she was terrified that the “elder” would come back. But I reassured

her that only I and Daniel are allowed into my room and no one else dares to go in there.

She hid herself in my bathroom, she felt safe there.

So I and Daniel went down to the dining room where the smell of food made

my stomach grumble. I looked around and noticed Elder William and studied ‘him for a minute or two before I shook my head.

Then I went into the kitchen and found Anna with one of the guards and it seemed as if I got there just in time. Anna whimpered

as the guard was holding tightly around her arm.

“And what in the heil are you doing?” I ask him and he jumps by my voice.

“Prince Ares” he bows and releases Anna.

Anná runs over to me and I gently push her out of the kitchen.

“What were you doing to Anna? You should know that my uncle Dave has chosen Anna. She is taken”

I say and glare at him

“It wasn’t like that. I thought that she knew where my sister was. ” he say and I stare at him

“Sister?” The curse isn’t broken you know” I say and he looks at me, he knows I caught him with a lie.

“I mean that she is like a sister to me, a very good friend that i considered to be my chosen mate but she is pregnant with

another man’s child” he says and I tilt my head.

“And that has to do with Anna?” I ask him

“I thought that she had seen her since she wasn’t in my room he say and glance behind me but I already know that Daniel are standing there

“What is your name?” Daniel asks

“William” he says and now, it clicks into place. “Elder William” haha good imagination this one has.

“Okay William, will you tell me her name so we can get some of the guards to come with us and search the castle?” I say and he

shakes his head.

“No, I can’t bother you with that, my prince,” William says but I shake my head.

“Yes, you can.” Tell me her name” I say to him

2/5

But he growls and tries to throw himself at me but Daniel moves quickly and actually protects me from the idiot.

“I did it for Nora” he said and glanced at me.

I nod and smile at him and he hits William over the head and then lifts him up and walks out in the dining room and I go after. We

go to the dungeons and the guard there nods and walks before us to open a cell for the idiot.

Daniel throws him inside and then the guard locks the cell door.

“Let me know when he wakes up” I say to the guard and he bows.

“So now we should take up some food for our guest and perhaps Anna should come with us” I say and Daniel agrees.

When we come back to the dining room, the chatter goes quiet and everyone is looking at us.

“Attention please. I and Daniel found a young pregnant werewolf in one of the guest rooms. She has been abused here in the

castle and the very guard that we put in the dungeons just now. Pretended to be Elder William as an excuse to mistreat her.

She is currently in my room and very frightened so if we could just take it easy with her and start with some food that is suitable

for her. I don't know when the last time she ate was." I explain and almost everyone gasps.

"I will pick some appropriate food for her and come with you" Anna says and I smile.

"Yes, that would be good, I believe." Daniel says and I nod.

Anna walks back into the kitchen while Daniel and I take some food and eat as fast as we can without feeling sick.

\*Ares, we are almost at the castle. You didn't say anything about the fire rain\* Dad mindlinked me and I almost forgot about that detail as I was occupied with the young pregnant woman.

\*Sorry, I am dealing with an situation here\* I answer and I can feel my dad's frustration but I know he will understand.

I shake my head and Anna comes out of the kitchen with a tray/which Daniel takes from her and we start to walk up to my room.

The young woman is still in my bathroom and she jumps as I open the door but she doesn't say anything. She tilts her head at Anna though, she seems surprised that she is here as well.

"Oh, sweetheart, you must be starving. I brought some light food that will be good for you and the baby. Please, eat slowly and if you want to we will call the doctor so he can examine you" Anna says and sits down opposite of her.

She looks scared when Anna mentions the doctor and she doesn't touch the tray.

"Please, no doctor, not now. I would love to eat but more to drink some water if that is okay" she whispers and I look at her in shock.

"Of course, sweetheart, I have brought water bottles for you so you know that it is safe for you to drink and I made some porridge that is easy to digest and some salty crackers if you feel sick" Anna says and smiles.

I feel way too confused and it probably showed on my face as Anna chuckles at me.

"I was pregnant once but I lost my baby" Anna says and I nod once. I didn't know that.

"What is your name, miss?" Anna asks and I am hoping for an

answer  
"Hannah"

## Chapter 80

### Helios POV

Ares' mindlinked dad that Luca are attacking the castle but Melinda's barriers are strong and keeps the castle safe. She also told me that she has hidden Nora so no one except me or Ares can find her.

But as we run back I notice that the witches are also coming with us but they are using nature for help to get there faster. And

they got to the village about five minutes before me and it showed in the sky like fireworks.

And it is raining fire as well, I glance at dad and I see that he is mindlinking someone. Probably Ares.

Mariah shows up beside

me and is looking out at the castle and the village as well.

"We need to hide Nora's presence but I need your help" Mariah says and I nod.

Mariah takes my hands and starts to chant. I have never heard those words before but I trusted Mariah.

I felt my bond to Nora fade a bit but I could still feel her but I suppose Luca couldn't as he stopped attacking the castle. A large bolt of lightning came down from a clear sky and at once Luca disappeared.

"He will be back" Mariah sighs and I nod.

We walk down towards the castle but my lycan is restless, like something is amiss.

Melinda opens up the barrier so we can get inside the castle and in there it's chaos, utterly chaos.

Ares POV

Hannah, cute name, it fit her so well. She seems about to burst with how huge her belly is.

"Hannah, how long do you have left?" Anna asks and Hannah looks down and strokes her belly gently with a smile.

"I think I should give birth in a week or so but lately I have had a huge pain in my belly and in my back"

Hannah whispers and looks very tired.

"Yeah, I am carrying you to the doctor and I will be by your side the entire time, okay" I say and actually lift her from the floor before she can protest.

"I am also coming" Anna says and gets up.

We walk down to the doctors office and we are in luck as it seems that he just got back up here after eating.

“So this is the young lady. Yes, she looks like she is ready to burst anytime now.” doctor says and I nod. I put Hannah down gently on one of the beds and I gasp as I notice that my bond to Nora faded a bit but I can still feel her and she is in the same place.

The doctor approaches Hannah slowly and shows her all the tools and he leans into her stomach and listens.

“The baby’s heartbeat isn’t as strong as I wished it to be but it could be because you are due soon enough. How long have you been pregnant and what species is the father?” the doctor asks and Hannah seems to think.

“I have gone over seven months and the father is a lycan” Hannah whispers and all of us gasps

“That can’t be, if the father is a lycan you are supposed to be pregnant for about six and a half months at the longest. I need to see the baby now” the doctor says and tells Hanna to pull up the dress while he takes out an ultrasound thing.

He usually uses it on us when he sets broken bones in place but I guess he can use it to see the baby as well.

The doctor prepares Hannah and uses the ultrasound and looks at the little monitor.

“Yes, I was right, we need to take out the baby right now but we need to wait for Mariah, I will need her help.” the doctor says and Daniel rushes out of the office.

“We have just heard that my dad is back and so are the witches” I explain and we hear some small explosions outside.

I guess they are here and then everything went quiet and I can hear the castle doors open and then it seems to be chaos downstairs.

Hannah gets down onto the bed and lays down and spreads her legs widely while Anna puts on an apron and helps the doctor prepare and I ask if I should go out of there but Hannah grabs me and growls.

“You brought me here so you will stay and I will squeeze your hand until it falls off” she stares into my eyes and I feel a small amount of fear of pregnant women.

I nod my head and take out a chair and put it next to the bed right beside Hannah. I talk to her while Daniel will get Mariah and then the doctor gives Hannah a shot and after a minute the labor started and she began squeezing my hand.

I truly believe her words now, if she squeezes even more it will fall off. Help.

Mariah and Melinda come into the office and they know what to do without even asking. Melinda takes out a bottle with a red liquid and tells Hannah to drink it and she does. "It's for the pain, it will be dulled a bit" Melinda says and I sigh, which makes everyone lift their eyebrow at me and I smile awkwardly.

The entire labor went fine except for the screaming, my broken hand and the baby was born, a big boy, Hannah was happy but just as she held him something went wrong. Melinda handed me the baby and threw me out of the room. as Hannah started bleeding profusely.

I looked down at the baby in my arms that were wrapped into a blue blanket, he looked up at me and smiled. Big brown eyes, just like Hannah's.

"Cute baby, is it yours?" A voice behind me said and I looked up just to see Helios and Daniel standing in front of me staring at something behind me and I turned around just to see the very person that we have all longed for. Nora.

Nora looks at the baby and then at me, she tilts her head and smiles.

“No he isn’t mine. How are you feeling, Nora?” I say to her and smile back but I can see her smile wither as she looks behind me and then at me again.

“Can I ask ..” Do I know you?” Nora asks and I just stare at her in horror and confusion

“Do you know where I am?”
