Part 2 Chapter 1

Part 2 of Their lycan queen

Nora's POV

I can feel that there is something happening as Aurelie and I stare at each other. It feels like we are merging together, like am becoming her and she is becoming me. It feels right and when I reach out my hand to touch her she melts into me.

And then every memory flashes before me, all of mine and hers. It's too much, I just want it to stop. I try to close my eyes but it doesn't work, then I hear a voice, it feels like I know the person but I can't seem to remember.

When the voices become quiet I remember one word "redemption" but whose?

Then everything becomes dark.

I blink my eyes but they feel so heavy, I am in a room, a large one and I slowly sit up and look around. I am alone and I am sitting

in a large bed with purple covers. The room seems lonely. Can a room feel lonely?

I move carefully out of the bed and I realize Tam fully clothed. Except that I don't have any shoes. I stand up slowly and I feel

refreshed, that's good I suppose. But where am I?

I walk towards the middle of the room and notice four doors. Why do they have to make things so difficult? I try the black one and

open it just to reveal a bathroom, well I don't feel like need to use it now so I close the door.

I turn to a purple door and go and open it just to step into a huge closet filled with clothes for a man. I close the door quickly,

where am I? And who does those clothes belong to?

I try the next door, it's white and made of.. glass? I

open it and step out onto a balcony that oversees a huge garden. It is so

beautiful out here but I shake my head and go inside the room again and close the glass door gently.

Then there is only one door left, the gray with black lines on it. I walk slowly towards it and reach out my hand to feel if it is

locked or not but it isn't so I twist the handle and open it. I see a corridor and I slowly go out.

I can't see anyone but I hear distant voices so I begin to go towards them. I look at the walls as I walk and some of the paintings

are really nice to look at and others aren't. As I walk towards the voices something inside me tells me to stop and when I do I see a pair of huge tree doors with patterns on them.

I touch the doors and I get this feeling that I have been here before but just as I was going to push them open a scream is heard and I turn away from the doors. It sounds like a woman in pain and I hear other people talking. Then I hear a loud scream but not from the woman, it sounds like a baby.

I follow the cries from the baby and I come to a staircase so I walk down on it and a familiar scent comes into my nose and I stop and turn my head. I notice an open door and I sneak over there and I walk into the room. Typical boy room but the scent here calms me down, I want to stay in this room and never leave here.

But I shake my head. I need to find them, wait, who are they?

I just know that I have to go but I take a deep breath before I walk out of the room and down the stairs again.

The very same scent comes from the stairs also and the smell of blood and then there is another smell, a baby?

I walk around the corner and stop, I can see a guy holding a baby, well I only see his back but I can see the baby, it's cute.

"Cute baby, is it yours?" I say and hope he will turn to look at me, he feels very familiar.

When he turns around and I look into his eyes, I see something similar to longing in them. I look around him and notice two more guys, they also seem familiar but I can't put my finger on it. Have I met them before?

"Who are you?" Where am I? Do you know who I am?" I try to ask but their smiling faces fall down onto the floor and they look confused and sad.

"Have I done something wrong?" I ask and look away from them.

The guy with the baby comes up towards me and his scent hits me even harder but it's mixed with another female and I feel jealous. But why?

"No, Nora, you haven't done anything wrong, please believe me. You have been in a coma for many months and perhaps because of that you have trouble remembering but everything will be okay. I promise" he says and he touches my cheek and I feel calmer in an instant.

I nod and then look at the baby, it's really cute and I smile at it. The guy holding the baby smiles too and then hands me the baby and by instinct I know what to do. I hold the baby close and sit down on the stairs. I reach out a finger and stroke the baby's cheek gently.

"What's its name?" I ask but the guy looks sad for some reason.

"He doesn't have a name since his mother had complications and never told me his name" he says and looks worried for a second.

"I like babies, they are pure and you can always tell babies everything and they won't judge you" I say and kiss the baby gently on the cheek.

"Yeah, I feel the same way" he say and I tilt my head at him

"What is your name?" I ask and he smiles.

But just as he was about to answer, a door opens and four people come out, they all have a lot of blood on them and I recognize the scent, it came from the baby as well.

"Hannah didn't make it. She is dead" a woman say and looks at the guy that held the baby and then her eyes wander down to

me and in one surprised look she gasps
“Nora?”

Part 2 Chapter 2

Nora's POV

The woman that said the name "Nora" seems to refer to me. My name is Nora? Cute.

She comes up to me and sits beside me and she studies me when she reaches out a hand and it starts to glow blue and I tilt my head.

"Who are you and what are you doing?" I ask and she smiles but she doesn't stop as she touches my head and I look into her eyes.

"My name is Melinda and I am just checking if you are okay and it seems so. But may ask you if you are okay. What do you remember?" she asks and I begin to think.

"I remember some bits like a girl's voice whispering and the word "redemption" but otherwise it's pretty dark. But I feel like I am missing something but I can't seem to remember" I explain and look down at the baby.

V

"Well, it seems that Mia's curse took effect and Nora lost all of her memories," Melinda says and I look up confused.

"Do you know who I am?" I ask her and she smiles warmly.

“Yes, your name is Nora and you are Prince Helios and Prince Ares’ mate,” Melinda says.

“Mate?” I ask and tilt my head.

“Yes, you are a lycan so you have mates, like soul bonds in a way” she says and I can’t believe it.

Lycans? Like in horror movies?

“Melinda, is it good to tell her all this stuff?” one of the guys asks and I look up at him.

“Yes, it’s better to be honest with her and not to hold anything back” Melinda says and I nod.

“I want to know so please don’t lie but first I think the baby is hungry” I say and look down at him.

1

“Yes, I believe so too. I wonder what we should name him?”

Melinda said.

“Doesn’t he have a father?” I ask and look around but everyone is shaking their heads.

“But what about his mother’s name then?” I ask and the guy that smells familiar answers.

“The mother was called Hannah and I am Ares by the way” Ares says and I nod. It suits him.

“Then what about.. Hannes? ” I say and look down at the baby.

“That is a perfect name for him” another one says and I look up and notice another grownup man but this one has a powerful

aura to him.

“Hello Nora, I am happy that you are awake even if your memories are gone. I am the king of this kingdom as well as Helios and Ares’ father” he says and I nod.

“Hi. I am also happy to be awake but I don’t understand how I lost my memories and what is this curse and mate thing is all about. I am really confused by now” I explain with a sigh

“We will explain but perhaps somewhere else and I think you are hungry so perhaps some food first?” the king says and reaches out a hand that I take and he helps me up.

Melinda holds out her arms for the baby but I don’t want to give him away, he feels important but I sigh and give him to her.

“It’s okay Nora you can hold him again, I will just wash him and find some clothes for him” Melinda smiles and I watch her as she goes away with him.

I follow the king down the stairs but as I walk past Prince Helios I stop and look at him, he looks sad and avoids my gaze so I feel sad as well and I go to keep up with the king. We walk through a pair of double doors and at once there is so much sound around me and so many people.

The king hummed and everyone went quiet and turned their heads towards us and then it broke out, all their voices.

“Nora!”

“Oh goddess, Nora, you are awake

“How are you doing?”

“I have missed you so much”

“Nora, Lam here as well”

There were so many people that came over to me and I felt that everyone here was familiar, were they friends to me? I look up at the king and he smiles but sighs.

“everyone go take a seat and I will explain” the king says and everyone bows and takes their seat.

“What do you want to eat, Nora?” a lady asks and I look at her.

Familiar.

“I would love to try beef stew” I whisper and look down at my lap. The room went quiet and when I looked up I thought everyone would laugh but there were so many that tried to give me their plates.

“Eat up Miss Nora” the guy closest to me says and places his plate in front of me.

“But what about you?” I ask and he laughs

“I have already eaten two portions, so it’s okay” he says and smile

“Thank you” I say and pick up the fork and take the first bite.

“What do you think?” Ares asks and I look up and say what the first thing that came to my mind

“Wonderful” Now everyone is laughing but not at me but with

1.

I continue to eat and drink this bubbly stuff, it tickles in my nose but it’s sweet and good.

“So I promised I would explain and no matter how fun it is to see Nora eat a dish that she has wanted to try for some time now,

you are all here and you need this explanation” the king said and everyone went quiet.

“So as I and the army went for the borders to face off the witch, and the circumstances became so that the young

witch, Mia, died but right before that she cast a curse and bound it to her magic. So Maya couldn’t have her magic but the curse

she placed was on Nora.

Nora lost her memories because of the curse and I haven’t figured out what is the loophole or the solution to this one yet. But we

have decided and Nora wishes for everyone to be straight and honest with her. She already has heard about lycans and mates

so just be honest with her and everything will go well, I hope” the king says.

Everyone in the room looked so sad and I really want to know what I am missing in my missing memories. And why is Prince Helios avoiding me?

Part 2 Chapter 3

Helios POV

It's been three days since Nora woke up and I have been avoiding her. I could use an excuse like it will be too much for her and

me. Or that I don't want to embarrass her or something like that. But the truth is that I am ashamed of myself, I caused Mia to die and she cursed Nora as a revenge.

It is all my fault.

Today is another day when I am going to avoid Nora. I love her, no matter if she doesn't remember me, I love her so much that it

hurts. I watched her yesterday when she and Ares were sitting outside and they were laughing. I have also seen her with baby

Hannes.

She seems to like him a lot and before she fell into a coma we had this talk about babies. She told me that she wished to have a whole bunch of them. A lot of siblings since she is an only child. She wanted a big family together with me and Ares.

It looks like Anna and uncle Dave will adopt baby Hannes and make sure he will be raised well. Uncle Dave is still searching for baby Hannes' father, he is supposed to be a lycan. I am also helping them and since baby Hannes has a faint smell of pineapple and pinecone it should be easy enough to find him,

I hope. A baby lycan will have a mixed scent of both his parents until they are about three years old then it will fade over time.

Around six years old the baby scent is gone and they will smell ordinary.

Right now I will try to sneak out of my room and try not to bump into Nora but as I open the door my heart almost stops. There she is right outside my door, Nora. She seems surprised to see me herself as well.

"Hi" she says and I can feel my lycan peeking out.

"Hi, how are you doing?" I ask and I can see that she looks curious at my eyes

"It's my lycan that is peeking through my eyes" I say and shrug.

“Oh, I didn’t know that. Hi there” she smiles and I chuckle at her.

“Yeah, perhaps anyone haven’t explained this to you but a lycan isn’t like a werewolf, we don’t talk to our lycans. We are the lycan. Except for you and Daniel but your lycan was special as she was the first lycan ever created.” I explain and can see how she blushes but nods

“Okay, no one has told me this but I should have gotten it sooner because everyone looked at me strangely when I asked for their other name. But you said I had a lycan but I know for certain that I have a wolf. Ares taught me how to speak with her yesterday. Her name is Aurelie and she did say that her mother’s name was Artemis.” Nora starts to ramble probably to cover up her embarrassment from earlier.

“Yes, I know but you are still a lycan even if you have a wolf instead. It is hard to explain but you can always speak to elder William. Did you need something from me by the way?” I ask her and she looks up at me in confusion “Want? No, not exactly or well yes, I wanted to know why you are avoiding me. Aurelie wants to be close to you but she feels

rejected as well when you don't want to be near us so we are having a lot of arguments. And then this morning when I didn't think as I walked around in the castle she led me here to your door and I didn't even know where I was or what I was doing and she was refusing to help me back to my room or the kitchen for that matter." she still rambles and I find her cute.

I close my door and reach out my arm for her to take and she looks at my arm and then at me and I smile and nod for her to take it. When she touches my hand with her fingers a small electrical jolt shares between us and I can feel those familiar tingles again. Oh, I didn't know how much I had missed them.

"I felt that when I touched Ares as well, what did they mean?" Nora asks and looks down on my hand.

"It's proof that we are fated to be together, as mates" I say and feel the guilt crawling over my skin.

"Hmm, yes, Ares and your dad told me about the matebond. And they also said something about a mark but I didn't get it." Nora whispers and I blush

“Oh, uhm, the mark is when the female goes into a heat and when the couple are having sex they will bite each other. Right here” I say and point at the spot on her neck. She touches it before I have time to react and she moans.

“Oh, I am so sorry, I don’t know why I reacted that way.” Nora blushes hard and my lycan is so happy and he wants to mark her.

“Sorry” is all I say and Nora looks at me like she wants to say anything but release her and walk back to my room Da mn, this was no good and when she sounded like that my instinct was to press her onto the wall and rip off her clothes and take her there and then. Horn dog..

I hear her footsteps and I hold my breath where I stand and I turn around when they have stopped but she surprises me one more time as she comes into my room and closes the door and even locks it.

I look into her eyes and notice that they are a dark purple, she feels lust and her wolf is in command when she jumps on me and / catch her. We land on the floor but before I have time to say anything she kisses me and I don’t do anything.

When she lifts her head I can feel something wet dripping onto my face, I look up and see that she is crying.

“Why don’t you like me?” she cries and opens her eyes, they are back to normal.

“I don’t want to force you into something that you don’t know about and when I saw your wolf were in command I didn’t want to take advantage of you.” I explain and the tears stop and she narrows her eyes on me.

“Aurelie took control for a second when she locked the door and jumped but the kiss was from me because I don’t understand. If

you are my mate, why are you avoiding me? Am I not good enough for you?” her frustration comes out and I am ashamed once

again. If only she knew it was me that caused her memory loss..

I sit up and try to stand up but she doesn’t let me so I do the only thing I can think of, I kiss her gently.

“love you”

Part 2 Chapter 4

Helios POV

“I love you” I say to her and she stops immediately. She looks at me confused.

“So why have you been avoiding me?” she asks and that is the hardest question she can ever ask me right now.

“I wanted to give you space, I didn’t want to overwhelm you” I say and try not to look away from her.

She leans in close and kisses me and this time I kiss her back. I don’t want to hold back anymore, I want her, I need her, Nora!

She begins to take off my shirt and I let her and then I tug at her shirt and she just rips it off. And she takes my hands and places them on her breasts. It’s like she is desperate after my touch, like she has this wild longing. I let her have the control she desires.

I knead her breasts and pinch her nipples and she gasps and I take the opportunity to break the kiss and even if she whines I don’t care. I lean forward and capture one of the nipples in my mouth and suck on it gently. Letting my teeth scrape it before I pinch it again and then I do the same on the other nipple.

Nora begins to moan and I speed things up a bit, I play with one breast and let my other hand slide down to her butt. I squeeze

her there hard and easy, making her throw her head backwards and moaning even more now. I chuckle at her and in one swift move I get up from the floor and she wraps her legs around my waist. Refusing to let go. I take a few steps to the bed and then I let her fall onto it and I sit down on my knees on the floor next to the bed. Nora squeals as I grab her ankles and drag her to the edge of the bed. I lick her legs all the way up to her shorts which I slowly take off of her along with her panties. Her breathing is getting heavier as she realizes what I am about to do. I stare at her and my thoughts of guilt creep back and I am uncertain of what to do and Nora senses that as she sits up completely naked. She smiles as she reaches out a hand and cups my cheek and I take her hand and kiss her palm. I don't want to let her go, never. I let her pull me up and what she does next surprises me, she begins to unbuckle my belt and unzip my jeans. She pulls them off of me and that little gasp tells me that she found out just how hard I am. I tilt my head as I watch her stare at it and with a trembling hand she slowly touches my dick. I can almost cum just as she

touches it but I hold myself back, not wanting to scare her. With a smile on my face I push her gently onto the bed and crawl right after.

But she does something that I wasn't ready for her to do. She moves so her head ends up beside my dick, a 69..

But I please her and lay myself down. I open up her legs when an idea hits me and I pull on her hips and lift her so she is on top of me. She gasps but I just chuckle at her and then I let my fingers wander and touch her pussy.

She is wet, and I let my finger play on the outside and find her clit. I play with it and pinch it lightly and she gasps. I continue to play with her lips for a while and I put one finger into her heat, she is so wet and I take out my finger and when she is looking at me I put my finger in my mouth and she stares and blushes hard.

Then I look at her and I smile and she turns her head and I can see that she is looking at my dick again and she touches it. I let her be and just silently watch her as she wraps her hand around my shaft and how she pulls her hand up and down. I groan at

the sensation and something in her changes as she lower her head and sticks out her tongue and licks the head.

I tremble and my di ck twitches, Nora glances back at me and I can bet that my eyes are black because all I feel right now is lust

for this little goddess. She wiggles her hips and I take that as a sign to continue playing with her pu ssy so I do that but first I need her closer to me.

I put my hands on her inner thighs and push them out and she seems to know what I want as she follows my movements and she is now laying on top of me. Now I have better access to her dripping pu ssy that is just waiting for me.

I do the very same thing that she did for me. I stick out my tongue and lick a straight line from her cl it and into her heat. She

moans like crazy and moves her hips so I stop, teasing her by just blowing lightly at her pu ssy.

When her hips are once again still I continue to lick and play with her p ussy. I find her cl it and lick at it.

Tsuck her cl it inside my mouth and suck hard and I feel her juices spill out, lick it up, loving her taste. I need it all. She

puts my di ck inside her mouth and starts sucking and I need to hold back so I put my tongue inside of her and lick around inside of her.

She copies my movements and starts to lick my di ck when she has it in her mouth. I am so close to c um in her mouth so I

speed up and start licking her more and put two fingers in her and pull them in and out in a steady rhythm and I can feel how she squeezes my fingers.

She sucks harder, and pumps her hand up and down my shaft until I explode at the same time that she does. She squirts all over my face and I cu m directly in her mouth.

She sits up and I see her swallows it and then she says

“This didn’t taste good either”

Part 2 Chapter 5

Helios POV

“Either?” I ask her and she looks at e with a confused expression

“I don’t know why I said that” Nora-looks confused.

“That is okay” I say and smile. I sit up and take Nora in my arms and hug her.

“I know it’s your-fault that I don’t have any memories” she whispers in my ear and I push her backwards.

“How?” I ask

“Kara. I met her yesterday, it was like looking into a mirror and when I asked her to tell me about you she mentioned the border and the witches and then it slipped out of her” Nora says and looks at me.

I look at her and she doesn’t smile but she doesn’t look angry either. So I look away from her.

“No, don’t you dare look away, I need to know” she says with a firm voice.

“Mia demanded that I would give her something in return and it was a sort of grimoire. But it’s more powerful than that. And I said it wasn’t mine to give away, that I couldn’t. So when Maya killed Mia, she cast a curse because I wouldn’t give her that dam ned book” I say and huffs in frustration

“Then what did she need the book for?” Nora asked and I looked at her and gave her a sad smile.

“You need to understand that Mia and Ares were a thing before you came into our lives. And Ares promised to take Mia as his

chosen mate if he didn't find his fated mate before I would take over the throne after dad.

Mia was promised to be the crown princess as well the high priestess. They are two high titles someone can own. With the title

high priestess she can read the grimoire but the pledge in the title makes it so she can't use the book for its purpose" I explain

and Nora seems to think for a bit before she answers.

"So this Mia, was promised if I didn't appear and when she couldn't have this book she gave her life to curse me?" Nora asks and I nod.

"Yes, more or less." I say and get up from the bed and I walk to the bathroom. I leave the door open in case she wants to follow me.

I turn on the shower and feel the temperature before I get in and shower. It takes about a minute before I hear her in the bathroom. I stretch out my hand and she doesn't hesitate to take it.

I pull her into the shower and help her wash, kiss her on the shoulder and I trace her scar. She sighs when I put soap in my

hands and massage it all over her. Over her shoulder and to her breasts, I slide over her flat stomach and down to her hips. She turns in my arms and looks up at me and I bend down my head and we kiss.

Then Nora takes the soap and starts washing me slowly and

teasingly. I let her explore my body as she seems to desire but when she comes down to my dick I don't have the patience

anymore to stay still so I push her gently on the wall and capture her hands and hold them over her head and then I kiss her hard.

"We shouldn't do this now. I would love to take you here and now but this isn't the right time or place for that, Nora" I huff when I

break the kiss and I look at her and she gives me a small smile and nods.

We rinse off the soap and then we get out of the shower and dry ourselves and when Nora looks into the mirror she has this concerned look.

"What's wrong?" I ask and she turns to the side and looks at the scar.

"Nora, you have been a warrior for half your life. You told me that you got this scar when rogues attack your former pack and one

of them had a silver knife and slashed your back open. Just like this scar but this was from an alpha that you defeated in a duel” I say and kisses her shoulder where the scar is located.

She looks up and meets my eyes in the mirror, and I can no longer see the concern but I notice that her lust is back and I

wonder why. Is her heat close by?

“Can you show me the book?” Nora asks and I smile.

“I was just going to ask if you would like to see it.” I say and this time she smiles too.

We look at each other in the mirror until Nora shivers and I chuckle and go out and into the closet. I pick a shirt for myself

and a pair of jeans and for Nora I take out a dress. I remember the day when she and I went out

shopping and I took one of the

dresses and put it in my closet. She had laughed and asked me why and I had answered that one day it would come in handy.

I guess I was right. I go back to her in the bathroom and she looks surprised over the dress but I kiss her on the forehead.

“It’s yours, you don’t have to worry” I say and she smiles and nods. She puts it on and I help her zip it up in the back. She really

is beautiful.

The dress is blue with purple stripes and the skirt goes down to her knees. So even if she bends over no one will see anything.

I dress myself quickly and then I follow her out of the room and guide her back to the library.

“I was here earlier” she says and I nod.

“This is the library” I say and nod

“What about the doors, what are they made of? I could have

sworn that the girl was on the other door when I passed here earlier” Nora say and I tilt my head at her

“What girl?”

Part 2 Chapter 6

Nora's POV

All my feelings and thoughts had been put into a
blender and got mixed around. I know I shouldn't
have done that with Prince

Helios but it felt so good and I wanted more but when he said stop. It wasn't the right time or place. And he was right, why did I do that?

He guided me up to the library and I noticed that the girl on the right door now was on the left.

"What girl?" Prince Helios asked and I looked at him confused and pointed at her.

"There is no girl there, there is only wood" Helios says and I shake my head and reach out my hand and touch the girl and it feels like I am sucked in somewhere.

Inside the door

Hmm so where am I this time?

"Hello" I try to yell

"Don't scream so much, you are hurting my ears" a voice behind me says and I turn around just to stand face to face with the girl carved onto the library door.

"Hi, my name is Dara. I was a tree dryad once upon a time. But when the king decided to kill the forest a witch saved me and sealed me inside these doors." Dara explains with a smile.

"But is this in between the doors?" I try to understand what she explained.

“No this is a world inside the wood so to say” Dara says and giggles.

“Prince Helios said that you weren’t there, on the doors I mean” I say and tilt my head.

“Hihi of course I am but not everyone can see me” Dara giggles even more.

“Then why can I?” I ask and she tilts her head.

“I am not sure about why but you should get back to your mate because he looks like he will destroy my door” Dara shrieks and pushes me out of the door and I trip over my own foot and land on Helios.

He catches me and I notice that he has fur and is ridiculously large, I mean larger than he was a minute ago. So I look up and I scream. It releases me and I stagger backwards. I try to make sense of what I am seeing but no matter how long I look at ... whatever that is, I am not sure what it is.

Then Ares comes running but as I turn around I scream again and this time I actually run into the library.

How did I know that it was Ares? What are they? I am going crazy.

“Hello, Nora” a voice says and I turn around so quickly that I almost lose my balance but I find it again.

When I can see again after everything went dizzy after the spin, I notice Melinda and Daniel sitting at a table.

“Hi, we need to run, right now” I say distressed and Daniel gets up immediately and comes over to me. “What’s wrong, what are you running from?” he asks and I feel relieved with him being here.

Melinda gets up as I can’t speak right now and she walks to the door and opens it and then she glances behind and tilts her head before she gives off an expression that says that she gets it.

She goes out for a minute and then comes back and tells Daniel and me to go out there. I try to say no but Daniel walks with me outside and I close my eyes.

“Nora?” both Ares and Helios say and I peek and see them both standing there.

I look around, trying to find those things.

“Nora, listen closely to me, do you remember when we told you about lycans and werewolves? Well Helios and I are lycans and I will shift into mine now so please just watch” Ares says slowly and I nod my head.

Helios moves away from Ares and Ares huffs and then I see golden brown fur covering his arms, chest and face. He gets taller

and bigger, more muscular but he gets ears on his head and his face shifts. Instead of a nose and mouth he gets a snout instead.

“I..” I.. he.. “WHAT?” I scream and I feel frustrated as I still don’ t get it.

Helios reaches for my hand and I let him, he stands behind me and captures both my hands.

“Easy there, Nora, it’s just Ares” Helios says and we slowly walk up to him.

Helios moves our right hands and places my hand on Ares’ chest and I can feel him breathing and I see how he lowers his chest

and I look up just to notice that he is looking at me.

I see it now, it is Ares in another form. I turn and look at

Helios.

“Show me please?” I ask and he smiles and steps away from me and I notice now that the shirt Helios was wearing is gone.

Helios stands still and then nods and his skin gets covered in a lighter golden fur, he grows taller and not as muscular as Ares

but still looks yummy.

I watch as his snout comes out and the only thing I can think of is “ouch” that gotta hurt.

I slowly walk toward him and reach out my hand and lay it onto his chest and I feel his heartbeat, I smile and look up at him.

“I am so sorry that I freaked out but when you guys said lycans and werewolves I was thinking of big furry dogs. “Not like this.” I blush while Ares makes a sound which makes me jump.

“It’s okay, Nora. Ares didn’t like that you compared us to dogs” Daniel chuckles and I look at him.

“They can’t talk in this form? And can I ask how you look in this form?” I ask him

“No, we can talk in lycan form but we don’t sound nice and

sometimes we growl a lot so.. And yes I can shift but not right now. There is enough of alpha pheromones in here to kill me, if I

shift as well I will probably be killed” Daniel say and I feel confused again

It’s because alpha lycans are very possessive and protective of their mates

A voice in my head says and I go and scream again.

“What’s wrong?” Helios growls out and I stare at him

“In my head”. There is someone in my head. I heard it” I say and I feel myself tearing up

“It is your wolf Nora, her name is Aurelie” Melinda say and smiles Aurelie?

Part 2 Chapter 7

Nora's POV

Aurelie?

Yes, Nora, I am your wolf and my name are Aurelie

“Wow, how long have you been in my mind?” I ask her

Since you woke up, I guess. I am Artemis' daughter. Artemis was your lycan but when she died I took over instead Aurelie say

“So I had a lycan at first and then she died and you entered my mind instead? Can we shift as well?” I ask all excited but Aurelie just laughs along with all the others.

“Nora, when you are talking to your wolf you don't need to speak out loud. Just talk in your mind”

Daniel says and I feel my cheeks start to burn.

“Sorry” I say and turn away.

It's okay, Nora, Not everyone knows about this. You and I will learn together. Aurelie says in my mind and I nod.

I turn around just to see that Helios and Ares are standing beside each other and a very fun idea pops up in my mind.

I smile as I walk towards them and Melinda chuckles and drag Daniel away with her. No matter how much Daniel tries to protest but Melinda doesn't give in.

When they have gone I try doing the thing that I wanted.

"Sit" i said very firmly and both of them obeyed.

I chuckle at them and both of them sound funny again, almost like they are pouting.

"Hmm what should I do with the two of you now?"

You scared the sh it out of me, I really thought that you guys would hurt me. So

how will you make it up to me?" I wonder and look at them and both of them hang their heads down.

I go up to Ares and crawl onto his lap and hug him, he is so warm and he slowly hugs me as well. I like to be close to them, I feel

safe there but at the same time something is missing. If I have a wolf instead of a lycan then I can't be with them, right?

"Hmm I got fur all over me, I should change my clothes and take a shower" I say as I get up.

I turn to Helios and reach out my hand and feel his fur between my fingers. He takes my hand and I notice that my hand is really

small compared to his lycans.

He sniffs my hand and then licks it making me moan and then he sniffs the air and makes a strange sound. I feel myself becoming wet and I stand up quickly, it feels like I am burning-

1.

Ares stands quickly and growls and I pant, all I can think of is to rip off my clothes and let them gobble me up. I want them inside me, I don't care how or where, just now.

Helios gets up and grabs me and then he takes off running and Ares is chasing us. We come to Helios' door but Helios shakes his head and takes the door opposite of him.

My mind is hazy and Aurelie whines like she is in pain or something. Helios helps me into the bathroom, he rips off my dress and starts the water. Ares comes in but he has shifted back to his human form and he tells Helios to go outside.

Helios walks out and Ares takes me in his arms and goes into the shower still wearing his pants. He sits down with me in his lap.

The water is cold and it feels nice on my skin.

I rub myself against Ares, trying to be as close to him as I can, he groans as I rub myself on his dick and I try to get my hands

inside his pants but he captures my hands and holds them behind my back. Instead he captured my nipple in his mouth and started to play with it between his teeth.

+begin to rub against his d ick even more, trying to chase my

own release. Oh, what is going on with me? I hear Helios coming back and feel him sit down behind me and he grabs my hips, forcing me to sit still.

I moan and Ares groans, I try to fight my instincts but I throw that thought away when Helios lifts my hips and slides in his hand

underneath me. He started to play with my cl it, rubbing and pinching lightly. He let a finger slide into me and then another one.

He kisses my shoulder and licks at that spot where the mark would have been placed, then with the other hand he takes my

hands away from Ares and Ares takes the opportunity to massage my breasts. Pinching and flicking at my nipples. He Teaned in and licked and sucked on them.

Helios held my hips in place while he pumped his finger in and out and he held onto my arms and even when I threw my head

backwards he didn't let go. My body started to tremble

and I felt it coming my way, the release. I screamed so it echoed between the walls and the water drowned most of my screams but it just so right. Helios lifted me up and helped Ares to turn off the shower. Ares helped Helios with drying my body and I moaned as he dried between my legs. Ares chuckled and Helios snickered. "What is happening to me? I felt so hot but now I don't feel it so much. Is there something wrong with me?" I ask and look at them.

"No, Nora." Nothing is wrong with you, you are having your first heat. And this was the first wave. Now you need to rest before the second comes and then the third will come. We will try not to mark you since you haven't shifted yet." Helios explains but I don't get it

don "I thought that mates want to mark one another, and you t want me because I can't remember anything?" I say, trying to rack my brain in understanding their reasons.

"No, it isn't because of your memories, it's because of your shift. If we mark you and you haven't shifted, you will never be able to shift. We will lock Aurelie in your human form forever." Ares say and I stare at him

Part 2 Chapter 8

Nora's POV

Lock Aurelie in my mind forever? Hell no! I nod at the guys so they understand that I understood them and I put my arms around Helios neck and lean on his shoulder.

He carries me out of the bathroom and into the bedroom. Now I noticed that this is a luxury guest room. Helios places me on the bed and I yawn, I am so tired that I need to rest a bit. Helios chuckled and kissed me on the forehead but as he was about to go from me I reached out for him.

“I am just going to take of my pants and dry then I will come back to you” Helios say and I nod and drift off..

Dave POV

Anna have decided to adopt baby Hannes and truth to be told, he is really adorable and I would lie if I said that I didn't care.

Anna have agreed to be marked and I was so happy but so scared.

I think of Miss Nora that have lost her memories, I know she is still Nora but there are some things that are different. Anyway, it

has been a week now since Nora went to heat and the first wave was over. She is still sleeping and only Anna and Melinda can go into that room without being attacked by Helios and Ares.

The boys are having trouble with leaving the room as Nora's scent is getting stronger by the day and they think that soon she will wake up and the second wave will start. I asked Melinda the

other day if there is something she can help with so the boys don't mark her when the third wave hits.

Melinda said/she would think about it and then she went home for a day and came back with good news. She had made a potion

that Helios and Ares needs to drink every day until the heat is over. It is a kind of potion that makes their fangs to never pop out during the time they drink the potion.

So they began drinking it, they called it the devils poison. I bet it doesn't taste so good then but Melinda just laughed when she heard about it.

Hmm, the scent is getting stronger, I can smell a faint smell of flowers and honey. Oh sh it, she is going to wake up any minute now.

Ares POV

To think that my lycan woke up after sensing that Nora went into heat. At first I thought it was because Helios had scared her half to death but after the shower my lycan paced around in my mind horny as a horn dog.. I suppose. Since then there have been a lot going on, Nora is still sleeping, resting and preparing for the next wave so she isn't in any danger. Then Melinda came with the devil poison, it feels like acid is poured down my throat when I drink it. Ugh. I shiver as I feel a new and stronger fragrance wafting into my nose, roses and honey. She is waking up. Me and Helios were sitting on the balcony with a glass of poison and we just had finished drinking it when the scent hit us. Then the sound of Nora moving in bed and her soft voice when she moaned. Both me and Helios smiled and we went into the room but we stopped and enjoyed the scene in front of us. Nora had taken off the cover and now she was naked, laying on her back and her legs spread out. She was touching herself in her sleep. The heat had woken up her body but not mind and we stood there watching as she

played with her breast and the other hand playing with her cl it. She put in one finger in her pu ssy and started writhing and moaning, she licked her lips and her hips started twitching but we couldn't let her have an org asm without us.

We nodded at each other, we have promised not to take her virginity right now but we can prepare her. This will be so good.

I crawl between her legs without her noticing it and Helios sits beside her and as he bends over he licks at one of the nipples,

and Nora moans. I take the opportunity when I see her take out her finger and start to rub her cl it. I lick at her inner thigh and all the way up to her pu ssy.

Her scent get stronger with every moan she lets out and I send a warning throught the mindlink, telling everyone that the second wave is here and I will rip off anyones head tíf they come to close off here.

I lick at her pu ssy while she still plays with her cl it so I lick at my finger and stick it slowly inside of her but she is so da mn wet that it goes inside without problem. So I try another finger and I see no problem with putting in a third finger. I can feel her

squeeze my fingers as I pump them in and out of her.

I glance up and see that Nora is fully awake and Helios are taking care of both her breasts so I continue with playing with her clit. I cover it with my whole mouth and suck in both her finger and her clit in my mouth.

Nora squeales and starts to writhe beneath us, I take my other hand and put it on her hip. Holding her in place. effectively and instead she takes out her finger from my mouth and I chuckle.

I glance up and notice that Helios are kissing Nora and massaging her breasts at the same time. I feel her squeeze my finger even more and I think her first orgasm is coming. I move my fingers in a faster rhythm and I lick and suck harder and faster on her clit.

And in a matter of seconds I can hear a cute noise and she squirt all over me, I lick it all up from her when I take out the fingers from her. She pants heavily and I sit up and so does Helios.

“Awake now, Nora?” I ask and she nods.

“Good, don’t fall asleep just yet, we aren’t done with you” Helios say and her eyes widen with excitement.

Part 2 Chapter 9

Nora's POV

They weren't done with me yet? Yeah well after they made me cum four times more they just went ahead and fell asleep and

here I am very much awake and very much horny. I try to take a shower and cool myself down but it doesn't work and Ares told

everyone to get away from this part of the castle.

So I should be able to sneak down to the kitchen and find something yummy to eat. I take a bathrobe and put it on and sneak

open the door and slip out before any of them wake but they are sleeping so hard so I don't think they would even get up if an elephant walked around in the room.

And once again I realize that Helios never showed me to the kitchen so I guess I will have to try a stair then. I know Helios said

downstairs, so I tried to walk in the opposite direction of the library and I guess I was right as I found a stair leading downwards.

I see a window and I notice it's pitch black outside and the moon is up in the sky, almost full.. Then I go further down, stopping

sometimes to listen but I don't hear anyone so I keep going.

I find the kitchen at last and I walk to the fridge and find nothing that looks good enough to eat so I try the freezer and find ice

cream, perfect. I take it out and find a spoon and then I hop up on the bench and start to eat.

I was just about to put the spoon in my mouth for the fourth

time when I heard someone open the door to the kitchen and I almost screamed until I caught their scent. Melinda.

"Oh, I am not the only one that needs Ice cream in the middle of the night" Melinda says and before I can answer her there is another female voice.

"Nope, I am here too but Nora, here, came in just five minutes before you, so grab a spoon and let's eat ice cream" Anna says

and turns on the lights and this time I actually jumped down from the bench or more properly, I fell down.

"D amn, Anna, you scared the living shi t out of me" I say and try to find my spoon that I dropped on the floor.

"Oh, Nora, girl shouldn't you be up in the room and doing naughty things with your mates?" Melinda asks teasingly.

“No, my stupid mates are asleep, idiots” I mutter and both Melinda and Anna giggles.

“Typical boys” Anna says and I snort.

“They were so cocky saying “don’t fall asleep, Nora, we are not done yet” and then a couple of hours later they were out cold. I

mean what the f**k?!” I complain and Anna laughs but as I look up at Melinda I notice that she is blushing.

“I would like to laugh or something but since I am a virgin I don’t know much about it other than that I am afraid of sex” Melinda

says and bends down and picks up my fallen spoon.

“Yeah, but I am also a virgin, Melinda” I say and shrug and Melinda turns to look at me so fast that I thought she would get a whiplash.

“You are?” Melinda asks and I nod.

“What size are you, Nora?” Anna asks suddenly.

“I don’t know actually” I say and shrug

“Let’s see” Melinda says and steps closer to me when she suddenly opens my bathrobe and looks at my naked body.

“Oh perfect.” Then I will run up to my room and I will be right back” Anna says and walks out of the kitchen with a bright smile.

“Why did you do that?” ask Melinda and she just smiles.

“You will see, Anna has an impressive collection,” Melinda giggles.

I and Melinda had almost eaten up the ice cream when Anna came back with a full bag. The bag was beautiful, brown leather and chain details. But when Anna opened it I didn't care how beautiful it was.

Melinda looked through the bag and Anna said that she couldn't choose so she took a little bit of this and that. Melinda nodded

and then smiled as she picked up something pink and Anna nodded. “Perfect” Anna said and when Melinda turned around I just stared at the item and then on both of them.

“And how in the world is that supposed to sit?” I ask and stare at it.

“We will help you” Melinda smiles and I feel creeped out but I let them help me.

A pink lace s*xxy thing. A thong pantie and a bra thing that

didn't even cover my belly button but the lace kind of flared down at the sides of it. And on the bra there were these

ribbons that went on top of my boobs. Then they put these round lacey things on my legs around my thighs and kind of fastened the lace on the bra to them.

Way too complicated for me to understand but fine Helios and Ares will probably rip it off anyway. But when Anna shows me a full length mirror I actually blush, I look s*xxy and I feel myself becoming wet again

“Oh my, we’ll take this bag and just put it in the closet or something. No wait, I will come up with it later for you. Now step through

the mirror” Melinda says and I tilt my head at her.

“Can’t you just make the portal into the closet and just throw the bag in there or if Nora holds it?” Anna says and Melinda seems to think and then nods.

Melinda touches the mirror and mumbles something and then the mirror changes reflection. This is the closet of the room that

me and the guys are staying in. Melinda nods for me to go inside and I take the bag from Anna and step inside the mirror.

At first I thought it was a joke but no I actually went through the mirror and into the closet. I put the bag down and turned around

just in time to see Melinda and Anna wave at me before the mirror turned back and I just saw myself in it.

open the closet door and see that both the guys are still sleeping but I will not give in this time. I stand on the floor by the foot of

the bed and I slowly put a finger inside my pu ssy and then I take it out and in just a few seconds both guys are sitting up in the dimly lit room.

Both of them growl when they notice what I am wearing and I crawl on all four on top of the bed and then I sit on my knees, and widen my legs so they get a peek of my dripping pu ssy.

“Since you guys just decided to fall asleep on me and left me so da mn h orny I will not let you guys off the h ook this time. This time I am in charge and you guys will do what I say, understand?” I say and bring out the little pink whip that I also found in Anna’s bag.

“Yes” both of them said and looked at me with hungry eyes.

Let the game begin!

Part 2 Chapter 10

Ares POV

I fell asleep after giving Nora four more org asms, I was so pent up and tired that I couldn't keep my eyes open. But trust me

when I say that she got her revenge on both me and Helios but damn what a s*xy revenge. She held us from getting or gasm for so long that thought my di ck was gonna explode. It was even purple when she finally let us off the h ook and then she just laughed and went to sleep.

*

Flashback*

Nora woke us up with her strong scent and we sat up at the same time in bed, confused as to why we were sleeping and then

we noticed our mate in a very s*xy lingerie and she crawled upon the bed and sat on her knees and showed her pu ssy to us.

And with a whip in her hand she decided it was time for our punishment.

Usually I want to be the one in charge but I was happy to give it to her, just this once. She thought that we had wronged her and now we will pay for it.

She started with playing with herself, squeezing her breasts and pinching her nipples and she watched us watching her. She

enjoyed it but when Helios tried to touch her she used the whip and smacked his hand.

“No touching, just watch” she said with a smile.

Then she began again, letting a hand slide down to her belly button and down to the lining of her panties, but she stopped just above. Daring us to move but we sat still, holding our breaths and then she giggled before letting her hand slide down over her panties and down to her pussy. It was then I noticed that the panties were open down there and she smiled when she noticed that I noticed it. I think Helios noticed it as well because he gasped when Nora lifted her hips and began playing with her clit. Giving us soft moans. and then she pulled the hand away and stretched out the same hand towards Helios and Helios opened his mouth. She slowly put two of her fingers in Helios mouth and he started to suck on them. She moaned but she didn't let him touch her with his hands. Then she pulled out her fingers and Helios licked his lips, she giggled and pushed on his shoulder so he fell backwards onto the bed. She turned towards me and did the same, then she took off the cover and revealed our very painfully rock hard dicks. I snickered

when I noticed that I was bigger than Helios but Nora just lifted an eyebrow at me and then she stood up in the bed and placed her feet on each side of my chest.

Helios got up and layed down on his side and waited for Nora to say something but she had full concentration on me. But she did let him help her down on her knees by supporting her so she wouldn't fall down.

"Ares, since you care so much about size and other things. You will watch from a close distance but you will not touch me in anyway" Nora declares and all I can do is nod at her and she smiles.

"Good boy." These are the rules, for both of you. I am in

charge and you will obey my every word, you are not allowed to touch me if I don't say so or I will walk out of that door dressed

just like this." Nora said and both me and Helios growled but we nodded.

Then Nora starts over and plays with her pu ssy and just then I realized what she meant by not touching her, I am so close to her

pu ssy that if I just stick out my tongue I will touch her. I want her to sit on me so I can bury my tongue inside of her and then lick and suck out all of her juices.

Oh, she is dripping and she tells me to open my mouth, I do it in a heartbeat and just then she lets a drop fall and it lands on my tongue. She tastes so da mn good.

She fingers herself and plays with her nipple and at last as she is chasing her release she is rocking her hips over my face and

just as she finds her release she screams out and she squirts all over me. Her hands find the headboard so she doesn't fall on me, and she stands there panting like crazy.

I lick my lips trying to find all the drops of her. She glances down at me and smiles and then she looks at Helios and smiles even wider.

She backs away from me and then turns around so we can see her butt and then she spins so she is sitting on her butt and

takes up one finger and waves Helios to her. He crawls over to her instantly and she kisses him and then she takes a hold of his hair and pushes him down to her dripping pu ssy.

“Lick” she commands him and he does it.

She moans and writhes under his tongue and she even squeals as she is close to another or gasm, she starts to rub herself

against Helios face and she lets out a small scream as

she squirts all over Helios' face.

She pants like she has been running a marathon.

Helios sits up and does exactly what I did, he tries to find all of her on his face and drink it all up.

"Mmm that was so good" Norá says and sits up and licks her lips.

"Now I will have fun" she added and I felt confused. Fun?

I watched as Nora climbed between my legs and reached out her hand and grabbed onto my shaft but released as I groaned

and let my head fall backwards. She chuckled and then I felt her hot breath against the head and I could have cum then and

there but she didn't let me. I felt frustrated and groaned and she giggled at me. So this is her fun then?

She did the same with Helios but he got a bit more manhandled as she grabbed his dick and pulled a bit for him to stand on his

knees next to us. She bent down on him and licked the tip of his dick but he didn't let anything happen.

I know he is still a virgin as well but I thought he would come before me, and I feel like an idiot for almost cumming before she

even touched me. Stupid lycan, horn dog.

She licked around Helios di ck and then took his di ck inside her mouth and by the sounds that came from Helio, she was doing a very good job. But as he was about to touch her I shook my head and then she started to push her hand that was still on my shaft, up and down.

But she stopped as she felt me start to twitch and rock my hips. She released Helios' di ck with an audible "pop" and then she looked at me.

"Still" she said and I bit my lip and nodded.

"Or else?" Helios said. And I was thinking of ripping off his head but she just laughed.

She let us go and walked away from the bed. She walked into the closet and I glared at Helios but he looked so ashamed and I realized it must have been his lycan.

Nora came out and when I looked at her I felt my eyes widen, no way in hell.

"Then I will bind you guys to the bed" Nora said and held onto silk ropes with a wicked and s*xy smile.
