After getting Xiaozhao's permission to go, Tang Gong nearly cried. He didn't dare to say anymore and bowed as he carefully made his way out. He was afraid of doing anything that might affect the staff and make Jiang Ning unhappy.

Even in the elevator, his heart was still in his mouth and he felt anxious and uneasy.

It was only when he reached the first floor and stepped onto solid ground did Tang Gong finally feel really alive.

"Let's go! Let's go!"

He quickly walked off and didn't dare to stay one moment longer.

Upstairs, Jiang Ning took his share of the food into Lin Yuzhen's office.

"Didn't you say someone was here to make trouble?"

Lin Yuzhen took a mouthful of soda and felt so refreshed.

"They came," said Jiang Ning calmly. "But I suppose they changed their minds at the last minute and came with supper instead."

He picked up a paper napkin and wiped Lin Yuzhen's mouth.

"Don't drink so much, you'd grow fat."

Lin Yuzhen immediately put the cup down.

NH

“But of course, I’d still like you even if you were fat.”

Lin Yuzhen laughed and picked the cup up again. She grinned and said, “I’ll take two last mouthfuls.”

Then she took two huge mouthfuls, as if she wished she could fill up her entire mouth with each mouthful. Then she quickly put it back down and looked so gleeful.

Jiang Ning didn’t know what to do with her cheeky and adorable face and just picked up the cup that was left with only a little soda.

“Fine, drink it, drink it...”

.....

Meanwhile.

Li Genhong was at the headquarters of the Chinese Chamber of Commerce waiting for news.

He just found out that everyone in Lin Group was all working overtime tonight so that they could get into the groove of things as quickly as possible.

But they weren’t going to get the chance to do that anymore.

Tang Gong and his men were all vicious ones. They were famous for being aggressive and cruel while they were part of the Dragons!

As long as they were the ones cleaning out Lin

NH

Group, he would be able to see nothing but blood in Lin Group's office tomorrow morning!

Jiang Ning...Lin Yuzhen!

They all had to die!

BAM!

Li Genhong's office door was suddenly kicked open from outside.

Li Genhong got a shock.

"Who is it?!"

He looked up and shouted to see that Tang Gong was the one who kicked the door open. Tang Gong stormed in and looked rather upset.

"Tang Gong? Have you settled the matter?"

Tang Gong didn't say anything and pulled a grim face. He walked to Li Genhong, used one hand to grab his collar, and the other hand went PAK!

The loud and crisp sound of his slap sent Li Genhong into confusion.

"What...what are you doing?!"

PAK!

PAK!

PAK!

NH

Tang Gong seemed to have gone mad as he continued to slap Li Genhong's mouth wildly without saying anything.

After some slaps, Li Genhong's mouth was filled with blood.

"What on earth...are you doing?!" shouted Li Genhong. "I'm from the Li family! I'm the one feeding you!"

PAK!

Tang Gong became even angrier. He raised his palm and slammed it on Li Genhong's chest.

CRAAACK!

He broke a few ribs!

"AHH!" Li Genhong howled in pain.

"You're the one feeding us?" Tang Gong yelled at him, "You've just paid us a bit money and you think you can send us to die? I'm going to kill you first!"

Li Genhong paled. He could see the murder in Tang Gong's eyes and he started to panic.

"Stop it! Stop!" he started yelling. "Don't kill me! Don't kill me!"

He had no idea what just happened. He told Tang Gong to kill Jiang Ning and Tang Gong was the one who said that it wouldn't be a problem. Why was he now turning around to kill him?

NH

It was dangerous to keep such ferocious people in the house!

These damned ungrateful brats!

“What the hell is going on?” Li Genhong gritted his teeth and his entire body was shaking. “Tang Gong, I’m from the Li family, so if you kill me, you’re never getting out of Las Vegas alive!”

Li Genhong didn't even know what was happening. Tang Gong was supposed to be working for him, but now he was trying to kill him!

Li Genhong was going to break down soon.

Since Tang Gong looked like he might kill him anytime, he had to use his identity as the heir to the Li family to make Tang Gong calm down.

And just as he expected, Tang Gong scoffed and didn't try to kill him anymore.

They were in the headquarters of the Chinese Chamber of Commerce, so even if they did kill Li Genhong and the Li family found out about it, it wouldn't be too hard for them to just escape Las Vegas.

But this Chinese Chamber of Commerce had a lot of influence across the country, so the Li family wouldn't let them off so easily if they really killed their heir.

"Young Master Li, you must not go too far as a person," said Tang Gong as he stretched his hand out to pat Li Genhong hard on the face. "We all have parents and we all only have one life. How could you send us to die?"

"Send you to die?"

Li Genhong really didn't get it.

He only told Tang Gong to kill the employees of Lin Group. How could that be a death mission?

NH

Those were just ordinary office staff who couldn't fight back at all. It would be so easy to kill them off.

“You're right, you're the Young Master of the Li family and we can't just kill you like that. Otherwise, even if we can get out of Las Vegas, our lives will still be in danger.”

Tang Gong scoffed and stared at Li Genhong before smiling coldly. “Young Master Li, come and have a walk with me then.”

He had thought about it carefully.

Las Vegas was not a good place to stay in.

Lin Group had opened a branch here, which meant that Jiang Ning might come here from time to time. He didn't want to see Jiang Ning ever again.

He wanted to leave this place and he was going to bring a large sum of money along with them!

He had so many brothers with him, so as long as they went elsewhere, they would definitely be able to survive anywhere they went.

In fact, they could possibly make a comeback and live better lives than before.

And of course, he was going to get this money from the Li family!

“As long as you don't kill me, everything is negotiable.”

NH

Li Genhong gritted his teeth. He had happily groomed Tang Gong and his men for some time now, and he thought that they would be loyal to him. He didn't expect them to turn out to be a bunch of ungrateful brats!

"Relax, we just want money." Tang Gong glanced at Li Genhong. "Don't try any tricks, otherwise we won't just want your money, but also your life!"

He just wanted to leave Las Vegas with a large sum of money as quickly as possible. He wanted to go as far away from Jiang Ning as possible, and he didn't care where.

As long as Jiang Ning was in this place, he didn't want to be anywhere near that place.

Tang Gong got his men to bring Li Genhong to a hidden place, then he made a call to Li Zhengshang.

"I want US\$100 million, otherwise you can spend a few thousand to choose a nice grave for him!"

His words were simple, but they were extremely sinister.

Li Zhengshang never thought things would turn out like this.

The Li family had been attacked over the past few days.

Their businesses had been attacked by the various district bosses continuously, so they had made quite some losses on that front. On top of

NH

that, the Chinese businesses that were under the Li family in the Chinese Chamber of Commerce terminated their contracts.

This caused such a terribly adverse effect on the family.

And now, even Li Genhong had been kidnapped!

And the kidnappers were actually people the Li family groomed and fed.

Li Zhengshang was going crazy with his fury.

He already told Li Genhong before that he should keep a distance from the remnants of Qing Sect and not trust them too easily.

They weren't their own people after all, so even if the Li family paid them well, they might not be truly loyal to the family.

But Li Genhong didn't listen to his father and even wanted Tang Gong and his men to become an important part of the Li family's fighters!

And now the worst thing that could happen actually happened!

"Men!" shouted Li Zhengshang immediately.

A few highly skilled fighters immediately stood up. Two of them were even advanced grandmaster level fighters.
