

“Alright,” Xiaozhao could only nod and walked out of the office to get the reports.

She returned to her desk and gathered everything together before sighing out loud.

“CEO Lin is working too hard and she’s not taking care of her body. How heartbreaking.”

“What else can I help her with?”

Lin Group was always in need of talents. Even though they had hired many of them already, their business was expanding faster than the number of talents could come in, so they never had enough!

As a result, Lin Yuzhen had to continue to shoulder much of the burden.

Xiaozhao took a deep breath and carried a huge stack of documents as she headed for Lin Yuzhen’s office again when someone stood in her way.

“Move aside, I need to...” She had just opened her mouth when she looked up in delight. Jiang Ning put a finger on his lips to tell her not to say anything.

“I’ll bring these in.”

“Ok!” whispered Xiaozhao immediately. “CEO Lin has been working very hard lately, so if you didn’t come back earlier, she might die working!”

“This is very important information. I’ll reward you for it later,” said Jiang Ning.

Then he took all the documents from Xiaozhao and walked into Lin Yuzhen’s office.

Lin Yuzhen was leaning back in her chair as she shut her eyes to take a quick nap. She heard footsteps entering her office but didn’t open her eyes.

“Just leave everything on my desk,” she said quietly. “I’ll look at it in a while.”

Jiang Ning put everything down, then walked behind Lin Yuzhen and placed both hands gently on her shoulders.

Lin Yuzhen immediately opened her eyes and was as sensitive as a little lion!

She spun around and her eyes immediately reddened when she saw Jiang Ning’s face.

“When did you come back? Why didn’t you tell me!”

“Sit still,” said Jiang Ning. “I’ll massage your shoulders for a while.”

“If I don’t come back secretly, I wouldn’t know that you would keep working so hard behind my back.”

“So you’ve learnt to put up an act in front of me, huh?”

Lin Yuzhen was a little embarrassed as she said, “That’s not true.”

“Didn’t I say before that you just work as much as you can handle, then delegate everything that should be delegated? And didn’t I say that if there aren’t enough people, you can go ahead and hire more and give them whatever salary is required?”

“You did.”

“And didn’t I say before that I let you take charge of Lin Group because I wanted you to be able to fulfil your dreams and not to tire yourself out?”

“You did.”

“And didn’t I also say before that if you became too tired, I’d shut Lin Group down?”

“You...did...”

Lin Yuzhen became anxious. “But don’t do that!”

She knew that Jiang Ning was concerned about her and never liked seeing her too tired out.

But if he threatened to close the company, he might really do that!

“I’m not tired! I’m really not tired!” Lin Yuzhen quickly turned around and grabbed Jiang Ning’s hand as she put on a pitiful looking expression.

“Don’t close Lin Group, ok?”

“There are so many employees working for the company, so if you close the company, they’ll have to look for a job all over again and that’s so hard on them.”

“Lin Group is developing so well and we’re even a multinational corporation now. We’re the pride of Donghai, so you can’t just close it down!”

Jiang Ning remained silent.

“Hubby...My wonderful hubby...”

“I was wrong and I won’t work through the night or work overtime anymore, ok?”

“I’ll change, ok? Hubbyyyyyyy...”

The way she dragged her words to sound cutesy made Lin Yuzhen feel embarrassed by herself.

She had never been this coquettish before.

“But this company has made my wife work too hard,” said Jiang Ning. “Is it worth it?”

“It is!”

Lin Yuzhen did not hesitate and even her gaze was different from before.

“It’s very worth it!” She grabbed Jiang Ning’s hands and said very seriously, “This is a dream that’s worth sacrificing my life to fulfil.”

Lin Yuzhen was extremely serious now.

Jiang Ning looked at those eyes and knew that if he seriously shut Lin Group down, Lin Yuzhen would immediately lose her goal and lose her motivation and direction in life.

## Chapter 1910 My Dream

This woman worked so hard, but it was for others and not for herself.

How many people worked so hard all their lives to fulfil a dream that served others?

“But you are my dream.”

Lin Yuzhen's face immediately reddened.

She turned herself around and pulled her arms around Jiang Ning's neck as she said gently, "Then doesn't that mean your dream has already come true?"

She purposely went close to Jiang Ning's face with a cheeky smile and her breath smelt wonderful.

"Your dream has come true, but there's still a little more to go for mine to come true, so I need to work harder." Lin Yuzhen came close to Jiang Ning's face and looked at him indignantly. "Giving up halfway is not my style."

"You are terrible." Jiang Ning couldn't do anything about her.

He pinched Lin Yuzhen's face gently. "Don't tire yourself out!"

"If you were to collapse from being too tired..."

"That won't happen," Lin Yuzhen quickly shook her head. "I know myself well and I won't let myself collapse."

"I'm not going to let other women have the chance to sleep with my husband, or attack my

child...”

“Hmm?” Jiang Ning’s eyes immediately lit up and spotted a shy look on Lin Yuzhen’s face. His breathing even became more hurried now. “You’re expecting?”

“I...I wanted to give you a surprise...” Lin Yuzhen bit her lip.

She had been retching for several days, so she finally went to get herself checked at the hospital the day before. She wanted to tell Jiang Ning immediately but she was afraid of affecting his work. So she thought she would wait for Jiang Ning to return and give him a surprise.

She hadn’t even thought about how to tell him yet.

Jiang Ning felt blood rush to his head and his head was about to burst!

He wanted to hug Lin Yuzhen hard, but just as he opened his arms, he didn’t dare to anymore.

He gently pulled his arms around her waist, as if he was afraid of hurting her if he exerted too much force.

He looked at her up and down, and his eyes looked like they were gleaming when they rested on Lin Yuzhen's tummy.

“And you actually thought of hiding this from me!”

Jiang Ning squatted down and gently stroked Lin Yuzhen's tummy. He felt like he could feel the little one growing inside interact with him.

“It's only been two months, and it's the norm to tell other people only after three months.”

“And I'm considered 'other people'?” Jiang Ning didn't know whether to laugh or cry and reached out to scratch Lin Yuzhen's nose but didn't dare to. He was so careful around her now. “I'm the child's father!”

Lin Yuzhen burst out laughing. Jiang Ning wouldn't have noticed anything if she didn't tell him anyway.

But she felt so blissful when she saw Jiang Ning's reaction.

The husband's reaction to finding out that his wife was pregnant was an indication of whether he was a good husband or not.

Jiang Ning's mind went completely blank.

He wasn't that incredibly powerful War of God of the East now.

Neither was he that terrifying person who could kill anybody and anything in his way.

He was most certainly not that super highly skilled fighter who could defeat anyone and conquer the world either.

Jiang Ning was now like an ordinary man. He didn't even know how to describe the way he felt when he first heard that he was going to become a father.

Suddenly, Jiang Ning stood up and pressed for Xiaozhao to come in.

Xiaozhao quickly came in.

"From today onwards, stop all of Yuzhen's work."

"What?"

Both Lin Yuzhen and Xiaozhao's mouths hung wide open.

"CEO Lin...have you been fired?" Xiaozhao felt

dizzy.

“Then what do I do with all her work?”

“It doesn’t matter.” Jiang Ning glared at Xiaozhao, then gently rubbed Lin Yuzhen’s tummy. “I can’t tire this little one out.”

Xiaozhao’s eyes widened and started breathing more quickly when she saw how Jiang Ning was rubbing Lin Yuzhen’s tummy. Her mouth was wide enough to fit an egg.

“CEO Lin!” she quickly started reprimanding Lin Yuzhen. “Why didn’t you say so? And you even worked overtime?! You went home past midnight last night! I...”

Xiaozhao immediately spilled the beans and Lin Yuzhen couldn’t stop her in time at all.

“I’m going to inform all the directors to take over your work,” said Xiaozhao as she turned to walk out. “No need for you to do the handover, I’m familiar with the work so I’ll do it!”

How could she let Lin Yuzhen work overtime?

Are you crazy?!
