

Chapter: 371

“My brother is Liang Shaoyong. He is very responsive in school. You’d better not provoke us.” Liang Xiaohan was very arrogant with his hands on his hips, facing Gao Ping’s eyes. As a freshman, he was not afraid of this student union cadre.

“What? Liang Shaoyong? He?” Gao Ping listened, her face full of amusement and contempt. Liang Shaoyong, who was busy by the tent behind, was startled when he heard the noise. It turned out that someone from the Student Union happened to come over and asked Qin Ming and Sun Zhipeng to give priority to the international students. He became a little anxious. Why did he run into this situation?

He is not a man in college, just an ordinary person, but in order to be admired by his younger sister, and for the sake of saving face, since entering college, he has boasted to his sister how good he is in college, how leathery he is, and he also started his own business. Many younger brothers have to give face to anyone who meets them, and they even confess to their teachers and principals as brothers.

His sister believed it to be true, so she told a good friend how good her brother is, how much money she earns, how many younger brothers she has under her, and she has a lot of face in college, and she has become the backbone of the gang of girlfriends.

Liang Shaoyong also wanted to satisfy his sister’s vanity a little bit. After all, on the first day of college, he had an internship later, so he explained slowly. Who knows, I ran into problems when I first came.

Gao Ping laughed and said, “I know Liang Shaoyong. Who is the boss? He licked the dog, and at the end of the lick, his girlfriend also ran away with others. You ask him, how long has his girlfriend contacted him? He was dumped. I don’t know yet. What kind of boss is such a person?”

When Liang Shaoyong was thinking hard about a solution, Gao Ping suddenly burst into a horrible story.

After the summer vacation for so long, Zhao Menghua tweeted that he was busy looking for a job and why he did not meet him.

The reason turned out to be that Zhao Menghua cheated?

Liang Shaoyong’s heart shrank, as if he was stabbed by something sharp. He suddenly rushed up, grabbed Gao Ping, and asked in disbelief, “Gao Ping, what are you saying is true?”

Gao Ping angrily pushed Liang Shaoyong away, and said angrily: “Don’t touch me. Of course what I said is true. What do I lie to you? What are you? Or the boss of the school? Others dare not provoke you? Ah? I provoke. You, what can you do to me?”

Song Qiuyan said: "We have all met Zhao Menghua's new boyfriend. He is a rich man and drives a BMW."

Liang Shaoyong was dull on the spot, his mouth opened wide, unable to speak.

Qin Ming was speechless when he saw him like this. There are too many accidents today, right?

Gao Ping said immediately: "I remember that some of you received applications from registered student union volunteers? They were all to help welcome the new students, right? It turned out not to be here to help, but to pretend to be forced by my sister? Limited? Do not understand the arrangements of the student union?"

"Want to cheat credits and appraisal? You guys in the dormitory are really disgusting."

"Don't ask questions here. Hurry up and let a few freshmen carry their luggage. Qin Ming and Sun Zhipeng will move things to the dormitory for a few foreign students, and I will bring them with the female companion. They are visiting the school."

"In addition, foreign students in our school have school subsidies. You give me priority to complete these procedures. Send the money to them before noon. A monthly subsidy of 4,000 yuan. This month's study abroad subsidy can be received today. I'm asking you if I have one copy."

Gao Ping's Lianzhu Pao orders gave Liang Shaoyong no face in a daze.

Finally, she glanced at Liang Xiaohan's three daughters with disdain, and said, "Don't have any illusions. Liang Shaoyong is very ordinary in college, and the boss? At most the boss of the dormitory. Oh, I remember that the boss of their dormitory is Zhao Liniu."

Song Qiuyan also said: "Really, the people in this dormitory are all poor, fantasizing, and bragging. Zhao Menghua was blind before, but now he finally looks away. He finds an international student boyfriend. I heard that he is very annoying. It."

Liang Xiaohan, who witnessed the truth all the way, felt a little uncomfortable, and the two good girlfriends around her were also shocked.

"Xiaohan, how could this be?"

"Your brother, your brother lied, and you lied."

"Xiaohan, we believe in you so badly. I said your family is quite ordinary. Can your brother mix well?"

"It's okay to be ordinary, there's no need to lie to us? It also causes us to lose face."

"Now it's okay. Even the ordinary benefits are gone, and I have to give it to foreign students. Our dormitory is on the fifth floor. On such a hot day, I have to put on my makeup."

The two girlfriends were whining in their ears.

But Liang Xiaohan couldn't speak, she felt uncomfortable, and the image of the "great" brother in her heart suddenly collapsed.

Moreover, the elder brother's girlfriend was cheating and was ridiculed by others. Her younger sister also felt hot on her face and burned uncomfortably, and she wanted to find a crack to get in.

Chen Muling couldn't help saying: "Qin Ming, look at the boys in one of your dormitories. They are not down-to-earth and speculative every day, and even their girlfriends can't help them, and they are pretending to be coercive, so their sisters will cheat?"

Qin Ming frowned and said, "What did we do wrong?"

Gao Ping looked at the four people in Qin Mingyi's dormitory contemptuously, and said: "Yes, you guys are rationed to carry luggage for overseas students. The last name is Li, Qin Ming, Sun Zhipeng, Liang Shaoyong, the three of you. All the salutes moved to the dormitory."

At the end, she added: "If you don't work for me anymore, or you will immediately give you a bad review, the volunteer credits here will be gone, and the evaluation of the subsidy subsidy is also the worst."

The student subsidy is mainly Zhao Liniu. Qin Ming also cared very much before. Once the student council commented badly, then there will be basically no student subsidy this year.

Gao Ping is abusing his power! Bullying deliberately.

Liang Shaoyong and Sun Zhipeng can't ignore Zhao Liniu's subsidy for education.

Qin Ming said dissatisfiedly: "Gao Ping, you are too much, this size is reduced to one size, what's wrong with us helping ordinary freshmen? These foreign students have a lot of hands and feet, why should we help him handle everything? This is Engage in privileges."

Gao Ping was furious and said, "I said, I remember you. When the student union meeting concluded, all of you had bad reviews, and don't even think about getting your volunteer credits and subsidies."

Qin Ming and the three people didn't feel much, and they didn't need it either, but Zhao Liniu, who was still receiving in the tent, immediately showed a "dead face". This is really a disaster.

"What are you arguing about?"

With a fierce rebuke full of the majesty of the teacher, Teacher Xiao, who is in the Qin Ming class's Introduction to Economics, is also accepting freshmen for admission today.

When Qin Ming and the others looked at Old Xiao, they felt a throb in their hearts, saying that it was over.

Old Xiao, who is an introduction to economics, is snobbish, dislikes the poor and loves the rich, and especially hates poor students like Qin Ming.

When Gao Ping saw the teacher coming, she immediately went forward and gave a small report, saying: "Teacher, some of them participated in the activities organized by the student union, and they didn't do anything. They didn't dare to go through the admission procedures and carry luggage for foreign students. They were lazy. ."

When Old Xiao glanced at Qin Ming and others, he was furious. The last time his associate professor's title was assessed, it was Qin Ming's relationship with this kid that caused it to disappear.

Was it in his hands this time? Qin Ming, you are done!

“Humph!” Old Xiao hummed heavily, and said, “Okay, Qin Ming, our school is an international university, especially when it comes to foreign students, we must deal with it well, otherwise we have to show jokes to others and affect our school. International rankings. Do you know how serious this is? Do you want to hinder the development of the school? This is a big mistake.”

Qin Ming said dissatisfied: “Mr. Xiao, these girls are also freshmen, so why are they inferior to others? Doesn’t this mean abuse of power?”

When Sun Zhipeng saw this, he immediately pulled Qin Ming and said, “Xiao Ming, don’t be impulsive. Remembering a big mistake is not a joke. Graduation is a problem.”

Lao Xiao put on the teacher’s score and shouted: “Ho ho, you are wrong, and you still talk back? I will punish you now, even three of them and three freshmen together.”

When Liang Xiaohan waited for the girl to hear it, her face was so frightened that she came to school today, why did she even punished it?

Chapter: 372

Everyone heard that Lao Xiao even punished the innocent Liang Xiaohan three new students together. Didn’t that mean that he deliberately used his power to embarrass Qin Ming?

What a great teacher? No, the teacher is really amazing.
But this kind of public revenge is really hateful.

“Xiaohan, your brother, your brother should think of a way, we are implicated for no reason.”

“Teacher, what we don’t know is none of our business.”

“Yes, we’re gone, we’re going well by ourselves.”

Liang Xiaohan’s two girlfriends quickly picked up their luggage and walked to the dormitory by themselves. They didn’t want to be punished for nothing.

Liang Xiaohan looked uncomfortable. Normally, his best friends respect her very much and are jealous of her. Now they have left her behind and pretend not to know her.

But her elder brother is not a man of the school, and there is nothing he can do to face this kind of thing, except to admit it honestly.

Zhao Liniu came over and looked at Liang Shaoyong who was desperate, and Qin Ming who was excited. He shook his head and sighed, and said, “Ms. Xiao, misunderstanding, misunderstanding. They are waiting for me. They don’t recognize the way. Let’s go ahead. Help foreign students carry their luggage.”

Teacher Xiao waved his hand and said, “Zhao Liniu, you don’t need to intervene. In order to show our school’s friendly and warm reception to foreign students, let Qin Ming come in person. Is there a car? He alone is enough to carry the luggage of these six foreign students. .”

To be reasonable, even if there is a small car, Qin Ming can’t carry so much luggage alone. Isn’t this intentionally embarrassing?

Gao Ping, Song Qiuyan, Lao Xiao, Sun Zhipeng and others all looked at Qin Ming, and they vaguely felt that this was Lao Xiao deliberately targeting Qin Ming.

But Qin Ming may be forced to compromise because of his estimation of Zhao Liniu’s subsidy and voluntary credits.

Gao Ping and Song Qiuyan gloated at the misfortune, but Chen Muling was a little dissatisfied, this kind of thing is far from the level of remembering a big mistake, she wanted to say a few words to Qin Ming, but Gao Ping held her back.

Gao Ping said, “Mu Ling, what are you doing blindly? This Qin Ming just got fucked, and Nie Haitang left, and he was beaten back to his original shape. Isn’t it dependent on a woman? Eat soft food?”

Song Qiuyan also said: “Yeah, I have to find ex-girlfriend Li Meng to get back together this morning, and help Li Meng pay off his gambling debts. A good horse doesn’t turn around. This man is useless, lowly, and leave him alone.”

Gao Ping proudly held up her mobile phone to shoot, and said, “That’s right, let’s just watch the excitement and have fun, ah ha ha ha. This stupid Qin Ming is going to be embarrassed to grandma’s house this time.”

Although Chen Muling felt that there was some truth in what his best friend said, but one size fits one size, this teacher Xiao is doing a little too much now.

On the other hand, Zhao Liniu, he looked at Qin Ming very guiltily, and he felt that he had cheated Qin Ming.

There was a lot of movement here, and it also attracted many freshmen to join in the fun.

“What’s the matter?”

“I didn’t want to carry luggage for the international students, so I got approved.”

“Tsk tut, cowhide.”

“I don’t think it’s useless for this senior to have a backbone. He has to be deflated.”

“Hey, we also have a lot of luggage, so no one comes to help us pick up the luggage? It’s so hot to stand in line to go through the enrollment procedures, so no one gives us a cool breeze?”

Seeing more and more people watching, Qin Ming was very annoyed. He was not good to bully! Teacher Xiao pushed his glasses and approached Qin Ming. Yin and Yang said strangely: “How? Qin Ming, aren’t you very capable? In school, it’s the dragon, you have to hold it for me, it’s the tiger. You have to lie down for me. I am the administrator of the school. Last time I badly evaluated my associate professor’s title, I haven’t settled the account with you.”

Qin Ming said without flinching: “Teacher Xiao, you will regret it.”

Teacher Xiao Hoho smiled: “Yeah, I regret it, I regret imparting my knowledge to you such a bad student who doesn’t respect the teacher and respect the teacher. This time there is no Liao Qing to help you, because she is on a business trip, and Liao Qing is missing for you. Support, what are you in front of me?”

Qin Ming smiled coldly: “Teacher Xiao, I can’t move so many surnames by myself, can I ask some helpers?”

Old Xiao Hehe smiled: “Why? I’m softened? Okay, you guys will go together. Oh, you have spent so long, neglecting people, wasting their time, you have to apologize to them, and you have to help them move the dormitory. Clean it up again.”

Qin Ming picked up the phone and immediately called Qi Minghui, saying, “Qi Minghui, I am in school. The school teacher asked me to greet a few important new students, including luxury cars, salutes, red carpets, music, and emcee. The more thoughtful you are. By the way, the leaders of the Ministry of Education and Guangzhou City, please come here. If you want to be more grand, you can be more grand. You are limited to three minutes.”

After Qin Ming made such a call, the surrounding atmosphere changed.

What’s the matter little brother? You pretended to be too much, didn’t you?

Why did you even invite the leaders of the Ministry of Education? Why don’t you invite the mayor? three minutes?

Zhao Liniu couldn’t help asking: “Xiao Ming, what medicine is in your gourd?”

Sun Zhipeng was a little timid and wanted to admit his counsel, and said, “Xiao Ming, should we forget it? Shall we apologize and admit our mistakes?”

Gao Ping laughed and said, “Apologize? It’s too late. Look at you a few bears. You have been in a stalemate for so long. In the end, didn’t you obey the order obediently? Useless.”

When a few people were worried, several helicopters flew over the sky suddenly.

Immediately afterwards, ten brand new Audi a8 sedans drove outside the school, and a large number of black suits rushed in. They dispersed the crowd, made room, threw on the red carpet directly on the ground, and put flowers all the way to the door of the dormitory. Arranged in teams, armed with salutes, everything looks so fast and professional.

“Boom boom boom, boom boom boom...” Then a group of honor guards walked out of the school, leaning over while playing music, and seeing them sweating profusely, it was probably enough.

Suddenly, the school road with people coming and going became an empty road with only Gao Ping and the others, with red carpets, honor guards, flowers, and salutes welcoming each other, which can be described as super high-standard.

Just as everyone was confused, a few more cars were carrying leaders of the Education Bureau at all levels, and even the Mayor of Guangzhou City rushed over.

Teacher Xiao licked his dry lips, which is the cause of trouble? So many leaders have come? She suddenly felt flustered.

Qin Ming called over by a phone call? How good is he, so many big people please? Helicopter transfer?

Gao Ping was even more dumbfounded, feeling that things were starting to be wrong, should she leave first?

When all the leaders arrived, Qi Minghui took the hands of Director Li of the Education Bureau and Secretary Zhao of the Party Branch, rushing all the way, but still talking and laughing.

After Qi Minghui arrived, he wiped his sweat and invited several heavyweight leaders to do their best in a short time.

He said to the people on the scene who didn't know what was going on: "Uh... Director Li, Secretary Zhao, and Mayor Wang, I am very honored to invite you to come and observe. Our President Qin is a freshman in his school."

After speaking, he cast his eyes on Qin Ming.

Everyone's eyes followed Qi Minghui and fell on Qin Ming.

I saw Qin Ming slowly walking out of the queue, walking on the red carpet, with his eyes focused, he seemed to be a performer.

He bowed slightly to the leaders and the freshmen who were rushed to both sides of the road to join in the excitement, as a gesture of courtesy.

Then, a sly smile hung on the corner of Qin Ming's mouth: "Next, start my performance."

Chapter: 373

Qi Minghui wiped the sweat, thanking him for his ability to cope with daily crises.

After all, the Qi family is also a big business man in Guangzhou. Although Qi Minghui has a shallow foundation, it is not a big problem to invite individual leaders. His Xiaoqi still has a little face.

Mayor Wang asked curiously: "Boss Qi, didn't you mean to participate in the ribbon-cutting of your new supermarket opening? Why did you come to the school? Who is that Qin always?"

Qi Minghui pointed to Qin Ming and said with some reservation: "Mr. Qin, Mr. Qin is my leader, who has donated one billion yuan to our city's environmental protection fund. It's not yet noon, we wait a moment for President Qin."

Director Li of the Education Bureau exclaimed: "Oh! That President Qin. Oh, Mayor Wang, last month, President Qin who donated one billion yuan at the Nanshan Manor held a charity fundraiser for "Protecting the Pearl River's Mother River for Environmental Protection.", I was there at the time, but unfortunately there were too many leaders at all levels and I was too far away. I also wanted to talk to President Qin about our investment in higher education in Guangzhou."

Mayor Wang moved in his heart and said: “Really? I didn’t go on a business trip last time. Today is just free. Later, you have to introduce President Qin to me. I didn’t expect that the colleges and universities in this city can train President Qin so much. Young entrepreneurs are really rare, Secretary Zhao, your school is really amazing.”

Secretary Zhao, the party branch of the China University of Science and Technology, looked dumbfounded.

He came here temporarily when he heard that there was something wrong with the enrollment. Principal Liao was on a business trip again. He wiped off his sweat and wondered when there was a young entrepreneur who could donate one billion in our school, President Qin? Why didn’t you listen to President Liao?

Director Li and Mayor Wang were invited by Qi Minghui. After all, Qin Ming said that whoever can be invited will be invited. Other leaders are either in meetings or work. Only these two are free.

And some other division chiefs and section chiefs were all here to join in the fun. They heard the leaders talk and donated one billion at every turn. They couldn’t even cut their mouths and watched.

Several leaders had calmed down and sat chatting on the sidelines.

On the school road, Lao Xiao’s whole person is not good, he hasn’t seen this battle, wow. Director Li of the Education Bureau did not say that Mayor Wang was really invited. He laughed at Qin Ming just now, and was beaten in the face.

This is not the point. The point is that Lao Xiao didn’t know Director Li and Mayor Wang, and he couldn’t speak to the leaders, so he was embarrassed to walk over.

And Secretary Li of the party branch made him even more uncomfortable. That was the leader above him.

He looked at Qin Ming with some trepidation, when did this Qin Ming be so capable? Make things so big with just one phone call?

A sly smile hung on the corner of Qin Ming’s mouth: “Next, start my performance.”

Qin Ming took a big loudspeaker and said, “Hello every freshman, I am your senior Qin Ming. There are too many new students enrolled today. Our senior, Liang Shaoyong, Lord Yong, can’t bear to see you in the heat. Waiting in line here. As soon as Master Yong summed up, he ordered my little brother to invite some familiar people to help you carry your luggage, assist in enrollment procedures, collect supplies, and guide you to introduce the style of the school.”

As Qin Ming said, he pulled Liang Shaoyong into the crowd, and said: “Young Shao, I’ll look at you next, and you can’t let your sister down.”

Liang Shaoyong was stunned. Is Qin Ming doing so much just to maintain this glorious image of “brother” in front of his sister?

How did Qin Ming do this for him? He has a sore nose, a good brother for a lifetime. He looked at so many people around him, and the man couldn’t persuade him, he also gave it up.

He ignored his angry expression and wanted to stop his old Xiao. He took the big horn and said: “School boys and girls, I am Liang Shaoyong. As a senior, I will participate in an internship

soon, leave our school, and enter the society. . And your college life has just begun. I want to give you an unforgettable entrance ceremony. This is called a sense of ceremony. Every year, how many students enter the university, everyone is exposed to the wind and sun.

But we are freshmen of the University of Washington , Unlike them, you are the best. Come on, get in the car!”

***** ...

The guard of honor began to play and sing again, followed by one after another Audi luxury cars, and extended the welcome route from the entrance of the university city under the bus to the entrance of the student dormitory, eliminating the need for new students to travel more than ten times. Minutes away.

Flowers responded all the way, accompanied by a band, and a luxury car pick-up. Every freshman felt like he was promoted and raised to the pinnacle of his life.

Everything is in order. A group of Audi cars pass by, and every freshman has experienced a handful of special treatment, and they also packaged luggage upstairs.

Years later, these freshmen may forget how they came to the university, but they will never forget the two seniors named Qin Ming and Liang Shaoyong, who warmly received them just for a sense of ceremony.

However, a small number of the parties understood that it was to protest against the privileged treatment of foreign students.

Qin Ming’s approach is very simple. You ask me to serve them. I don’t want to. I will serve the local freshmen and pay super-standard treatment. Money means willfulness. What can you do with me?

Teacher Xiao, Gao Ping, Song Qiuyan and others from the Student Union stood by the school road dumbfounded, watching the luxury cars coming and going, and people in black were busy going through various procedures and sprinkling flowers.

How much does it cost?

Some of the accompanying parents watched the battle with great surprises.

“Oh, son, your college cowhide, this is the entrance ceremony, your dad will see you for the first time, wow, and even take Audi to the door of your dormitory, our house will be auspicious, can we go for a drive? Okay? Wow, too. Thoughtful.”

“Senior, are you missing a girlfriend? Senior... Hey, wait a minute, don’t push me, Senior Liang and Senior Qin, look at me, I’m here...”

“Then I have a lot of luggage, what? I helped carry it upstairs? Thank you, thank you senior...”

Some freshmen wanted to court Qin Ming and the others, but they were all blocked by the men in black.

Soon, freshmen in the university were enrolled in an orderly manner, and nothing happened.

And everyone has this kind of freshman treatment, but Gao Ping and Song Qiuyan didn’t have what they asked for, Qin Ming deliberately.

The people in Qin Mingyi’s dormitory naturally did not listen to Gao Ping and Teacher Xiao’s request, and gave priority to foreign students. They put a group of them aside and let them watch

and see how Qin Ming helped the local freshmen.

Isn't this just slapped? Teacher Xiao is standing here, as ugly as it is, but it's not easy for him to leave.

Teacher Xiao's teeth were itchy with anger, and his face mask was cold.

Gao Ping's legs were even weaker. She felt that things were going to happen, but she couldn't tell what was wrong.

She and Song Qiuyan wanted to drive off, but they couldn't move their legs.

If this is for ordinary people to resist the order of the Student Union, that would be to simply quit the burden, then Gao Ping will do whatever it takes to take advantage of the Student Union's convenience.

But it's different now.

Qin Ming raised the matter to a higher level. It is as if you suddenly hit a child on the side of the road, and you hit the child of the President of Country X. They are all hitting children, but can the result of the matter be the same?

Didn't see the school leaders, the Education Bureau leaders, and even the city leaders here?

The school leaders next to the key are all waiting, who are they waiting for? Teacher Xiao first ruled out himself. He was not waiting for him 100%, let alone an ordinary student like Gao Ping.

That was Qin Ming. They thought it was Qin Ming, but they couldn't believe it was Qin Ming.

The metaphor behind this is not Qin Ming telling them that if you can afford Laozi? If you dare to wear shoes for the brothers in their dormitory, come and try one to see who is unlucky.

Qin Ming's battle directly suppressed Teacher Xiao, Gao Ping, and Song Qiuyan, the student union dare not act rashly.

Seeing that after having been busy for a long time, the freshman enrollment order was in good order, and Qin Ming knew that the finale was about to be on.

Without this bad breath, he Qin understood that he had been reading books for so many years.
