

Chapter 581

"What could be wrong with me?" Qin Ming was close to flipping open his clothes and revealing the scars from his childhood fights for Nie Haitang to see, that couldn't be fake, right? The novel was first published on the entire web

Nie Haitang said sourly, "You forgot your promise with me, and now you're getting with that Northern Film School girl Huang Shutong, not wanting to care about me at all, forgetting your vow at the beginning."

Qin Ming explained, "I didn't hear that you were going to participate in a sorority event, so I came to the school sports meet to join in the fun? You didn't really think I was doing it for that Tang Qiao, did you? As for Huang Shutong, how did I know she was filming here?"

Qin Ming pointed anxiously to the other side of the road and said, "I didn't know it was filming just now, I thought something had happened to you and I was scared to tears."

Nie Haitang smiled beautifully and hummed, "I know, I saw it all, humph."

Qin Ming rolled his eyes, "You little girl, teasing me again?"

Nie Haitang added, "So what's going on with you and that Bai Yuchun? Where did you make the little confession video, or did you use your real name?"

Qin Ming scratched his head and said, "This was the case at first"

Qin Ming then told him about when Bai Yuchun confessed to him before he left, Nie Haitang then suddenly realized that it was Qin Ming who had rejected it in the first place, and this time it was just an impersonation to satisfy a small wish of Bai Yuchun's heart.

"But even if you treat her as a good friend, to this extent, I'll still be jealous." Nie Haitang punched her pink fist and said with a grunt of anger, "No more of that, got it?"

"Mm, I know." Qin Ming laughed and reached out to take Nie Haitang into his arms, and asked, "Then why are you talking so happily with the boys in our class?"

Nie Haitang said, "How could I have done that? I was lying to him, specifically to get your attention. You're showing your foot on a daily basis, so I caught you, humph, you even lied to me at first, I'm going to be angry with you, you have to make it up to me."

"Sure." Qin Ming said with a smile, "Compensate you with a big fragrant kiss."

With that, Qin Ming cupped Nie Haitang's chin and nibbled on it.

Nie Haitang hugged Qin Ming's back with both hands, hugging him even harder, and kissed him with her neck held high, feeling Qin Ming's hot masculine energy, with her teeth open and her tongue raw, a French wet kiss under the night lights, by the waterway of the ancient town, listening to the sound of the water splashing, listening to the waves of people, it could be very romantic.

The lips parted and Nie Haitang gasped for air, her chest heaving beautifully as she bowed her head shyly and pouted: "Bad man, I don't want you to compensate for this. What if there are people around?"

When Qin Ming turned around, he saw an old people's group with a group of grandparents staring at each other, and when they saw Qin Ming looking over, each one of them looked back and looked around, pretending that they didn't see it just now.

"Young man, it's okay, moncler outlet I'm over here, you guys continue to KISS, there's still a lot to do back there."

"Hahahaha young people nowadays are so romantic."

"Ouch, don't look at it, let's go, don't hinder people's backwoods boys from falling in love since."

Qin Ming and Nie Haitang made a big red face, he hurriedly pulled Nie Haitang to go elsewhere.

Weaving through the crowd, Nie Haitang was silently dragged by Qin Ming's hand and followed behind him, looking at the familiar back, her heart leaping with joy, her face beaming with the most beautiful smile in the world.

Qin Ming didn't know where he had gone, he didn't want to go back to the boutique hotel anyway. He looked up and saw a pagoda in front of him that read Tanghe Ancient Cottage, and a special inn.

Qin Ming pulled Nie Haitang and walked inside.

Qin Ming asked, "Boss, are there still rooms here?"

The receptionist took one look at the two of them, a young man and woman, still holding hands, and said knowingly, "Yes, one is fine, right? But there's one thing to say, our inn is ancient style, so the soundproofing isn't very good."

When Nie Haitang heard this, she was obviously misunderstood to be here to get a room for? s, she instantly blushed and looked away, hiding behind Qin Ming.

She angrily reached out to pinch Qin Ming's arm and said, "We've booked a room over at the boutique hotel, why do we have to come out? Just go back when you're tired of playing."

The front desk boy laughed, "We don't have any hourly rooms here."

"Me!" When Nie Haitang heard this, she was even more depressed, where was this coming from? She actually didn't know why Qin Ming had dragged him to this kind of special B&B.

Qin Ming smiled, took out his bank card and said, "This, is all inclusive okay? Name a price."

The front desk boy shook his head and said, "That's definitely not possible, there are already three families of self-drive guests staying. Unless you're rich enough to use your money to get rid of them. Then you'll be fine tonight no matter how loud you toss it."

Qin Ming said, "Pay 100,000 each for moving out and ask them if they'll do it."

"....." The front desk boy was dumbfounded, this was too much of a tycoon, wasn't it? It's like they don't treat money like money.

The front desk boy immediately changed his attitude, nodding and rubbing his hands together with a smile, saying, "Boss, why don't I get rid of them all and you can give me this money?"

Qin Ming smiled lightly and threw his card away, saying, "Yes, go and do it, get rid of all of them, and pay by the head when it's done."

The young man at the front desk immediately replied in a loud voice: "Yes! Boss, please sit down for a moment, I will clear the place for you right away."

Nie Haitang looked on and said, "Qin Ming, you can't be so wasteful even if you have money."

Qin Ming rubbed his hands together and looked at Nie Haitang, saying, "There, now no one will laugh at us for kissing."

When Nie Haitang heard this, she rushed to escape and said shamefully, "Qin Ming, you, you mustn't do anything bad, I'm not staying here with you, I want to go back."

As Qin Ming chased after her, he laughed, "Humph, it's too late for you to escape now, you're the fish on the chopping block tonight, hehehehe."

The two of them chased and fled, and after playing around in the quadrangle of the B&B for a while, they got tired of running and found a random room to lie down in.

Nie Haitang snuggled into Qin Ming's arms and whispered, "Qin Ming, take me tonight. I want to get pregnant."

"Pfft" Qin Ming's heart spurted out a mouthful of old blood, what kind of strange request is this?

Can we take back the last sentence?

"Why?" Qin Ming said, "I remember before, didn't you say that the first time was reserved for the wedding night?"

Nie Haitang suddenly sat up and bit her lip as she questioned, "Do you want to abandon me? Not touching me gives you ten thousand reasons to ditch me, without the guilt and without the hassle of dragging your feet or anything like that."

The corners of Qin Ming's mouth twitched, what kind of divine reason was this?

Qin Ming asked, "What do you mean by that? You're such a beautiful woman, I, Qin Ming, have cultivated ten lifetimes of Yin virtue to meet you in this life, how can I let go of that?"

Nie Haitang listened to the words of love and was a little happier in her heart, she sulkily turned her back and said, "As long as I am pregnant with your child, I am not afraid that you will leave me behind."

Qin Ming's heart sank, this was because he couldn't give Nie Haitang a sense of security, and he had come up with the strategy of "marrying a child in marriage".

It was his fault, it was his fault that Qin Ming had been fooling around!

In the past, this would never have happened, but now that they have been through so much, Nie Haitang is beginning to worry that she will be abandoned, and she has gone out of her way to make such an absurd request as getting pregnant.

Qin Ming fell into a deep self-condemnation, at the same time reached into his pocket and touched the condom that the receptionist gave him just before he left, casually threw it away and looked up and said ambiguously, "So let's take a shower first?"
