

# Chapter 496

Qin Ming saw the visitor, wasn't it Yuan Haohua's fiancé Xia Ling? Why did she follow it?

He looked at this Xia Ling for a long time. This woman was dressed fashionable, wearing a black suspender, a big red skirt, showing a pair of fragrant shoulders, jade arms, and long legs. She was pretty decent and tender. But it doesn't come into the eyes of Qin Ming's method, but this breast is a bit ordinary. Qin Ming likes big breasts, like beauties like Liao Qingyu, Sun Changxi, Nie Haitang and others.

Qin Ming asked, "Miss Xia, what's wrong?"

Xia Ling leaned in softly and said, "Master Qin...you just left in such a hurry, did something happen to my dad?"

Qin Ming "has a lingering heart" and said: "The secret of heaven must not be revealed, otherwise I will lose my life."

Xia Ling didn't delve into this issue, and said softly: "Then you don't tell me, then... people haven't known you well. Master Qin is so capable, and people will also want to find Master Qin for fortune-telling in the future. "

Qin Ming smiled faintly: "Miss Xia, flying from the south to the north, and ruthless across the bank is the forerunner. I am a little learner, afraid of making mistakes, and not easy to tell fortunes with others, but if there is a destiny, we will see you again, maybe we can calculate it for you. "

After speaking, Qin Ming was about to get in the car, too lazy to deal with this woman.

But Na Xia Ling took the lead, and a scent flew past her. She was slender and sat in.

Qin Ming cursed in his heart, is this woman shameless?

But Qin Ming still had to smile. As a magic stick, he had to keep smiling. This is called restraint.

Ever since Qin Ming read Zhang Quanzhen's autobiography, he felt that Zhang Quanzhen's smile could often be a smirk. He has always felt amiable to people, but he may often explode in his heart, cursing other people's ancestors for the eighteenth generation.

Qin Ming also sat in, tilted Erlang's legs, snapped his fingers to make Along go around first.

Xia Ling reached out and leaned over and landed on Qin Ming's shoulder, and said, "Oh, Master Qin is still a lie. You are such a handsome guy who drives a Benz Maybach, but he is dressed like a bun, so low-key, really. It's rare. But isn't our meeting a fate arranged by God?"

Qin Ming was choked by the smell of Xia Ling's perfume. Qin Ming is not a casual person, nor does he think of others so casually.

But he now has a strong hunch, as long as he speaks, this Xia Ling will immediately be able to take off his clothes in the car to serve him.

Qin Ming was not tempted by her bending her shoulders and deliberately revealing it, and calmly said: "Miss Xia, are you going to eat me? Well, you say, what do you want me to do? I make an exception today."

Then Xia Ling had been looking at Qin Ming's eyes and expressions. Seeing Qin Ming looking down at her, she immediately moved away. Isn't this the shyness of an innocent virgin?

This is a young and rich little Taoist priest?

Xia Ling actually had contact with the children of some religious people. They studied abroad, and some show off their wealth. I think this Qin Ming is one of them.

What can you do at a young age? Mostly relying on the old father's ability, holding the family money to show off.

From the very beginning, Xia Ling heard about Qin Ming's hundreds of millions, hundreds of millions of helping her brother Zhang Luo's marriage, and then read Qin Ming's article about helping the Mu family tide over the difficulties, and then saw him driving a Mercedes, she already had an idea.

Wouldn't it be better for Yuan Haohua to cling to this young, rich, low-key handsome guy? It's better than Yuan Haohua who gnaws on the old.

Since you are looking for a man, of course you need to find a more money and more reliable existence.

Men are like goods, they are not afraid of not being out of stock, they are afraid of comparing goods.

She thinks she has beauty, and she has no worries that this rich little innocent handsome guy will not take the bait.

But Qin Ming was really bored. Qin Ming scored in his heart that she was not as good as Li Meng. Li Meng's figure was much better than her, not to mention some other stunning beauties he knew.

After all, you are used to the delicacies of mountains and seas, and suddenly let you go back to eat vegetables and white rice, can you bear it?

Xia Ling leaned against Qin Ming with a smile, screamed, stretched out her hand to hold Qin Ming's hand, and landed on her chest, and said, "Master Qin, help others to calculate, how can they develop here?"

Wiping, although there is no expectation, but after all, there is still warm.

Sneer... Suddenly there was a sudden stop.

Aaron, who drove, parked his car under the shade of a green road with few cars. He didn't know where to take out a box set, and then said without looking back, "Master, I'll go to the toilet. I will go back."

Wipe away! Along, what do you mean? Could it be that I will shake the car here?

And you're just smoking a cigarette ten steps away, you go to a hairy toilet?

"Young Master?" When Xia Ling heard the name of Qin Ming by Aaron, the bodyguard and driver, she felt more certain that Qin Ming should be the son of a religious tycoon and must be very rich.

Fortunately, Xia Ling leaned her whole body in Qin Ming's arms, and tried to figure out Qin Ming's strong chest with her other hand. She leaned close to Qin Ming's ear and said, "The path is long...you have opened your bare hands, and you will grow after touching them.?"

Qin Ming took the opportunity to touch it twice, then withdrew his hand, and said sternly, "We are not worshipping the Tathagata, what light? We are catching fairies, just like you."

Xia Ling hooked Qin Ming's staying power, and said, "Oh...hehe, this little fairy has fallen into the hands of the small Taoist leader, and the Taoist leader should love them."

Qin Ming never expected Xia Ling to be so active.

Qin Ming never expected Along to be so sensible.

But it is absolutely impossible for him to really happen to Xia Ling in the car.

Qin Ming said, "Miss Xia, please come down first. I'm curious, is there anything I attract you? Is my money?"

Seeing that Qin Ming was still so cold, Xia Ling was a little anxious. She had nothing to do, just because of her beauty and youth. If Qin Ming didn't eat her, she would be useless.

Xia Ling asked weakly and pitifully: "Master Qin, don't you like me? I fell in love with you at first sight, do you believe it?"

Qin Ming-ho-ho smiled, and took the Huawei 1000 yuan machine. The screen protection tablecloth was Mu Xiaoqiao, and the mobile phone application tablecloth was Nie Haitang.

He disdainfully said: "They are my girlfriends. Does Miss Xia think I can compare with them?"

Xia Ling was startled, looking at the photos on Qin Ming's mobile phone, whether it was Mu Xiaoqiao or Nie Haitang, her appearance, body and temperament were all over her, making her feel filthy, even if she was a woman, she could see that The beauty of these two.

The atmosphere became awkward, and Xia Ling's beauty plan failed, which made her situation immediately unstable.

Dudu... Just at this moment, Aomei, who was in charge of intelligence collection, sent a document, which was that of Xia Ling's family.

Qin Ming opened it up and looked at it. It's really hard to see. He sneered directly and said, "Tsk tusk, it's lively now. Miss Xia."

# Chapter 497

What did Qin Ming see? All information about Miss Xia's "family".

I have to say that Aomei is indeed an elite trained by the Universe Century Group, and the intelligence is found very quickly. It didn't take long for Xia Ling's identity to be searched out.

Qin Ming said with a smile, "Miss Xia Julan, I don't eat fast food, it's unhealthy."

The fast food in Qin Ming's mouth does not mean takeaway.

He said the name "Xia Julan" and the word fast food. The metaphorical meaning immediately made Xia Ling apply for a moment. She looked at Qin Ming incredulously and asked, "How do you know my original name?"

Qin Ming smiled faintly, and said: "How difficult is this? You used to be engaged in pornographic services and have been arrested five times by the Chaoyang police in Beijing. Hey, hey, I want to find a rich man and be a rich wife? This 'jump' seems simpler than imagined."

Qin Ming directly clicked on it, and Xia Ling became even more frightened. "Peng Peng" in her heart jumped quickly, suddenly turned her head, pushed the car door, and was about to leave.

But after two steps, Aaron pinched a stone and threw it away.

Whoosh~!

Along's wrist strength was also terrifyingly strong, and his accuracy was also high. He directly hit Xia Ling's knee socket and Xia Ling fell directly to the ground.

Qin Ming walked over without a hassle, and said, "You can do it? I'm cheating on marriage. Why? I think I'm like Yuan Haohua, so cheating?"

"Your father and mother are not biological parents. They are just professional liars. The police station has a record, and it will be revealed after an investigation. But you are really professional and pretend to be alike. I also want to exchange acting skills with you."

Xia Ling was so scared that she hurriedly climbed over, hugged Qin Ming's thigh, and pleaded bitterly: "Master Qin, please, don't expose me, I have decided to follow my good faith and stop doing that kind of flesh business. I, I know that I am greedy, and when I see you are richer, I want to hook up with you, but I know that I was wrong. Please let me go. The secret case is that Yuan Haohua has a grumpy temper and easily loses control of his emotions. He wants to know. , Will definitely kill me."

Huh~!

Along took out a knife, pointed the sword at Xia Ling's head, and said, "Master, shall I solve it?"

When Xia Ling saw Aaron pulled out a real knife, she wanted to kill her? She was so scared that she fainted.

Qin Ming frowned, touched her cheek, and said, "So unintimidated? Forget it, take it home first. I have to take a closer look at this matter."

In the afternoon, Qin Ming visited Big Brother Yunshanding's new villa and chatted with Wang Xiaoli's parents for a while, implying that as long as Qin Chaoyang and Wang Xiaoli get the certificate first, the \$100 million gift will be paid immediately.

Qin Ming didn't want the big brother's marriage to be delayed any more, because Qin Chaoyang was not too young, he was almost 30 years old, and his parents had been worried about the big brother's marriage all these years. He took care of this matter. I helped my eldest brother to have a family, a stable career, and a good wife, as well as filial piety for his parents.

After all, he has this ability.

In the future, if he has a long life and two shortcomings, with the career and money given by Qin Ming, the eldest brother will have no worries about food and clothing for the rest of his life. After all, Wang Xiaoli is a solid student who graduated from 985 school and will never be worse in the future.

The eldest brother has no worries about food and clothing, so parents and sisters will also have no worries about food and clothing in the future.

This is what Qin Ming cares most about.

His parents were too honest. He was afraid that giving his parents too much money would irritate his parents, and he would be self-defeating.

In the afternoon, Qin Chaoyang was encouraged by Wang Xiaoli's parents to get a certificate from Wang Xiaoli. Qin Ming directly made 100 million dollars to Lian's elder's account and never broke his words. This made the two elders happy from ear to ear. Strongly praised Qin Chaoyang as a good son-in-law.

Then they discussed about posting wedding invitations, choosing a date, and organizing the wedding.

Qin Ming didn't participate in these matters. He wanted to help Liao Qingjing resolve her "catastrophe".

In the large manor on the top of Yunshan Mountain, Xia Ling was awakened.

She was trembling all over, looking at the surrounding environment, it was obviously a small black room, surrounded by seven fierce men wearing only pants, she knew that she had fallen into Qin Ming's hands.

She regretted it in her heart. If it wasn't for greedy Qin Ming to be richer, her forged Baifumei identity and stupidly cheating on the old family Yuan Haohua would also be able to cheat a lot of money.

Greed is really harmful.

Qin Ming walked in and said, "Miss Xia, there are two roads ahead of you. Either let my brothers finish off. I will send you to Yuan Haohua, and you will explain clearly to him."

"Ah! No, please Master Qin, don't." Xia Ling was shocked.

Xia Ling cried and screamed: "I promise you, I promise you everything. He knows that I am not a wealthy daughter, I am cheating on the marriage, he will kill me, oooo..."

Qin Ming said again: "The second way, everything is up to me. I need you to fool Yuan Haohua into everything."

Xia Ling yelled: "I promise you, Master Qin, please let me go. I will do whatever I say."

Qin Ming said with satisfaction, "But you can't let the other two crooks know, understand?"

Xia Ling said: "I know, I will do it. That Yuan Haohua is so stupid, I was tricked into going round and round, he will give whatever I want, don't worry, I will do it."

Qin Ming nodded and said, "Wait for someone to send you away. You have to wait for my phone call at any time. If you dare to escape, I don't need to tell you about the end."

After intimidating Xia Ling, Qin Ming left the small black room and said to Song Ying who was standing at the door: "This kind of person is a professional liar. Knowing my background, I am afraid it will be a little troublesome in the future. After this incident is over, deal with her. ."

Song Ying glanced at Xia Ling in the door at random, flashing a trace of murderous intent, and said softly, "I see, Master."

Qin Ming used Xia Ling as a chess piece and dealt with it afterwards. He cannot be blamed for his cruelty.

He knows that his identity is very sensitive now. A professional liar like Xia Ling is still from Beijing. The ghost knows what kind of channels she has and what trouble it will bring to him in the future. It is best to leave it to Song Ying to deal with it.

Prudence can catch Qianqiu Zen, and be careful to sail the boat for thousands of years. This is the reason.

That night, Xia Ling and Yuan Haohua lived in a house in the urban Luda district. She contacted Qin Ming in the middle of the night. While Yuan Haohua was asleep, she stole the deceived bank card of Liao Qinghuang and secretly passed it to Qin Ming.

As for those fake dance training companies' mortgage files.

In fact, the company is still the same company, but Liao Qingjing was deceived by Yuan Bing. Yuan Bing could not take it away. He only defrauded the public seal and falsified many transfer files.

Xia Ling also stole everything out of his head and gave it to Qin Ming.

At this point, Liao Qingjing's deposits, company seals and important information have all returned.

This process was so easy, Qin Ming was very surprised, this seemed to be a trivial matter.

The next morning, in the villa in the community, Liao Qingjing got up early to make breakfast for Qin Ming, and complained while doing it: "Last night, my dad persuaded me to help my brother, saying that my brother would not take care of the company, my sister-in-law. My profession is not right, and I said that the company is my painstaking effort. Would I be willing to watch the company collapse? He asked me to take them hand in hand for a period of time. After they become familiar with them, I can leave. Tsk... After talking for more than an hour, Didn't even talk to me about salary. It's too damning. I'm still not his own? Is it that only the eldest brother is his own?"

Qin Ming said with a smile: "Sister Jing, your dad can't cope with the Xia family's sky-high gift money now. Naturally, he can save the money. It is because he thinks that you are your own life, so he will die, because he knows you won't do anything to him. ."

Liao Qingjing sighed and said: "Then our Master Qin, you said that after I have done the Fa ceremonies, my luck will naturally turn, and things will turn for the better. I have been waiting for two days now. How about the turnaround?"

Pretending to be mysterious, Qin Ming pinched a finger and said, "Well, it's not bad as I expected. Sister Jing, you count three times, and the turning point is here."

Liao Qingjing pouted cutely and said, "You bad boy, fool me? Are you so godly? I just don't believe it, I'll count, three, two, one..."

As soon as the voice fell, Liao Qingjing's cell phone rang. She looked at Qin Ming in surprise and then at her cell phone, and said unbelievably, "Qin Ming, you are such a god? No way?"

Qin Ming smiled faintly: "Mysterious."

# Chapter 498

“Hello? Mom, what’s the matter?” Liao Qingjing was surprised that his mother called early in the morning.

Principal Liao said, “Your brother is going to get married. I heard that he came to Guangzhou and lived with you last night, right? I’m almost at the gate of your community.”

Liao Qingjing hurriedly said: “Eh, eh, mom...I don’t live in the suite on the second floor now. I live in the courtyard of an independent villa in the community. The entrance is the villa with sweet-scented osmanthus trees.”

Principal Liao was startled, and said, “You just started your career. What do you spend so much on renting a villa for? Didn’t you say you want to buy a Ferrari last time? Qingjing, it’s not that your mother said you shouldn’t be too extravagant and wasteful. , How big a hat to wear. Have you forgotten that you used to owe hundreds of thousands of credit cards to enjoy luxury goods?”

“Hello? Mom... I found the signal here is not good, hello... Do you know how to leave? I hung up.” Liao Qingyong hung up the phone quickly, sighed, and said: “I’m going to blame me again, my mother Ever since I was a child, I’ve been scolded day by day. I take care of me and that. My dad is different. My dad doesn’t care about me.”

Qin Ming watched and laughed. The more he knew Liao Qingyi, the more he felt that Liao Qingyi was inadequate to clean up and had poor self-control. It was also due to Principal Liao being an educator who knew how to seduce him in Liao Qingyi’s ears, but Liao Qingyi still felt verbose.

Not long after, the doorbell rang, and Liao Qingjing walked to the door to open the door, only to find that his parents were here, as well as the brother who defeated the cock.

“What’s going on?” Both sides asked in unison.

Liao Qingjing asked, "Why did you come here together?"

Yuan Bing said: "I just ran into it when I went downstairs. Your mother said you live here. I don't believe it, so I followed."

Then Yuan Bing looked at the independent villa in front of him in horror, with a private garden, and a big ben at the door was particularly conspicuous. He went on to say: "Xiao Ying, you, your house? Do you have such a big villa?"

Principal Liao was also surprised: "Xiao Ying, you rented it and bought it? Why didn't you say it earlier?"

To be honest, Yuan Bing was jealous, and he did not have such an independent villa with a garden in Beijing.

The daughter gave up the commercial house, but she lived in a big villa. His old father felt sad.

Liao Qingjing held his mouth flat and said emotionally: "I have taken up my house. I can only rely on my friends. This is Qin Ming's house. I'm just staying temporarily."

The mention of Qin Ming made Yuan Bing's heart suffocated for a while, the rich but low-key rich and young seemed to be difficult to cling to.

But her daughter climbed up.

Yuan Haohua's expression on the side was even more ugly. He stood at the door and didn't want to go in, but he had nowhere to go if he didn't go in.

The lobby of the villa is luxuriously decorated. It is more stylish than the luxurious mansions in the TV series. The various antique collections make the house very literary and artistic. It seems that when you walk into it, your arrogant temperament has been nurtured.

Qin Ming was fiddling with the skeleton of the prehistoric creature Dodo. Seeing President Liao's arrival, he enthusiastically stepped forward and hugged: "President Liao, welcome."

Principal Liao asked: "Qin Ming, aren't you a poor student at school? How..."

Qin Ming said in a low voice, "How can it be mine? It's my boss. The boss of my intern company. He moved to another place. His villa is for me to watch. I have to watch it for a year and a half. Just brag about me, so that Teacher Liao can live more comfortably. Doesn't she have nowhere to go now?"

Principal Liao did not say anything about Qin Ming, but thanked Qin Ming for taking care of his daughter, gave him a thumbs up, and said, "Thank you for this teacher."

Qin Ming laughed and said, "Where does Principal Liao say, he used to listen to your teachings in class, and those who help others are often helped by others."

Principal Liao looked at Qin Ming. He invited the city leaders to come to enroll new students. He also heard about some of her. Knowing that Qin Ming has found a good job, and seeing Qin Ming's achievements, she was also honored as the old principal and praised her. Said: "Good boy, good job."

Liao Qingjing saw Yuan Bing and lost her previous good face. She was worried about her being deceived and asked, "Where is my sister-in-law? But come?"

Yuan Haohua said dissatisfiedly: "Don't mention that bitch."

Liao Qingjing was shocked. How could he become a bitch in just one day? Wasn't it still very affectionate yesterday, discussing about going to the Maldives to get married?

“What’s the matter?” Principal Liao, who didn’t understand the situation, frowned, “Since Haohua is going to get married, won’t the girl bring me to see?”

Yuan Bing sighed and said, “It’s gone this morning. The house was looted and everything was taken away.”

Yuan Haohua scolded fiercely: “The phone can’t get through. We have to rush back to Beijing immediately to investigate the situation at their home.”

The words of the two fathers and sons directly killed the sky.

Liao Qingying mother and daughter looked at the father and son in shock.

What is missing? Is the home robbed?

This is too scary, right?

Liao Qingjing asked loudly: “What’s the matter? What about my money? Where is my car? Where is my company’s official seal?”

Principal Liao was stunned again: “Xiao Ying, did you pay? What’s the matter? You still have to use your money to get married? Yuan Bing, don’t you have any money yourself? If your son gets married, it’s fine if you can’t make money by yourself. , Are you out of money? Xiaoying finally got a career, are you going to kill her?”

Yuan Bing hurriedly said: “What are you arguing about, maybe there is some misunderstanding in it.”

Yuan Haohua suddenly cursed: "Is there anything else to say, I was cheated, and I was surprised how horrible she was last night, satisfying my various postures, and even pouring me into drunkenness and playing tricks. It turned out to be my money. Take it all away."

Yuan Bing said solemnly: "The other party may be a fraudulent marriage. Anyway, let me call the police first."

"You guys, did you make a mistake?" Liao Qingyong didn't believe in the nonsense of the two fathers and sons, and yelled out of control: "From the beginning, I said that my dad's company had a difficult turnover and needed a large amount of capital, so that my deposits were all the rhythm. Later, I had to mortgage my company to get a loan. Then I said that my brother was married and the money was not enough to buy a house. Later, I said that the company had no mortgage and asked me to temporarily give the company to Yuan Haohua, and I was asked to work for my brother to support him. Facade, you can't lose face."

"Now tell me that all sister-in-laws are fake and deceptive."

"You don't come here, I don't believe you." Liao Qingjing collapsed completely, yelling hysterically: "My money and my house are all returned. I won't believe your words anymore."

Principal Liao listened and became more and more frightened: "Yuan Bing, you bastard! Patriarchal! Did you cheat everything about your daughter for the sake of your son? I, I, you..."

The two divorced couples fought with each other.

Qin Ming looked at the bottle, but didn't touch it. He sent Song Ying a message and said, "Notify the police and get the person back. That Xia Ling handled it better."

Soon Song Ying would have a message: "Yes, Master."

The two father and son and the two mother and daughter quarreled for a long time. Yuan Haohua didn't care, Yuan Bing's sad face was scratched with scars, Principal Liao's anger, Liao Qingjing's despair and crying were all in sharp contrast.

Qin Ming watched the two sides pause for a while, and said, "Uncle Yuan, do you know why I suddenly ran away when I told Boss Xia yesterday?"

Yuan Bing was startled. Although he was also curious, he did not delve into it. Now when Qin Ming talks about it, is it related to the matter here? He asked: "Why?"

## Chapter 499

Yuan Bing was actually very curious as to why Qin Ming told Boss Xia yesterday and left suddenly in the middle of the calculation.

Now Qin Ming mentioned suddenly, is there any metaphor that is impossible?

Qin Ming said with a smile: "I see Boss Xia, although he is dressed upscale and luxuriously dressed, but his face is stern, the Yintang is raised, his hands are even more gloomy, and his bad luck continues. I expected that he should be a liar. Maybe I'm still a wanted criminal. I was afraid that bad luck would be passed on from him, so I took sister Jing and left first."

amount.....

Yuan Bing was startled, this is too speechless, right? He lived in the same room last night and stayed for another day. Isn't it because of bad luck?

Qin Ming guessed Yuan Bing's thoughts and deliberately said, "Uncle Yuan, it is better for you and me to keep the distance between five steps."

This means you don't pass the bad luck to me.

Yuan Haohua also subconsciously distanced himself.

Yuan Bing is so depressed, he is innocent.

Yuan Haohua said: "I said, that should be a liar, otherwise I stole my bank card and some decorations in the house."

Yuan Bing was exhausted and shouted: "You shut up."

He actually hopes that Boss Xia is the real boss. If Boss Xia is a liar, then he has lost a lot this time.

Yuan Bing sat weakly on the sofa, his face haggard, and now he was more than ten years old. He thought his son could marry a Bai Fumei. He also went to the Xia family to see it. That big villa would never be fake. Right?

But if someone is serious, will they defraud the bank card and take away the company's important files and official seal?

Yuan Bing didn't know how to face this fact, the money was cheated, and the other party's name might be fake.

Liao Qingjing gritted his teeth fiercely and said: "Call the police, I want to call the police!"

Qin Ming said: "Sister Jing, let me come. I have acquaintances at the police station. Maybe it is too late. After all, there is surveillance at the gate of this community. It should be easy to find where they have gone."

Liao Qingjing seemed to have picked up the life-saving straw, and hurriedly took Qin Ming's hand, and said, "Okay, Okay, Qin Ming, this matter is up to you."

Qin Ming called Sun Changxi's cell phone, and soon he heard Sun Changxi's unhappy voice, saying: "Qin Ming, what are you doing? My mother hasn't left yet, do you want to be fine?"

Qin Ming looked puzzled, why should he make an inch?

Qin Ming said the matter and hinted that Sun Changxi was going to find "Xia Ling's family" somewhere. After making it clear, Sun Changxi knew that she had misunderstood, and said, "Oh, this, you are good, I'm okay. I can't get rid of my mother, hahaha, don't worry, I'll get it back for you right away."

Qin Ming didn't know why, but if Sun Changxi went out, there should be results soon.

After Qin Ming made a phone call here, he comforted Liao Qingjing's mother and daughter, and then everyone went to the commercial house on the second floor to take a look.

I was really taken aback at this sight. The house that was in trouble, the famous paintings on the walls were also stolen, and the sofas were turned over, so there was such a big movement that Yuan Bing and his son did not notice last night?

Many valuable decorative collections of Qin Ming's house were also stolen, which was a heavy loss.

Qin Ming suddenly said: "Mr. Yuan, I remember that we have signed a rental contract. Once I lose something in this house, you have to repay it at ten times the price. Moreover, you were renting for one year at the time. Gold."

The corner of Yuan Bing's mouth twitched, his face was extremely ugly, and he said, "Xiao Qin, you and our Xiao Ying are good friends. Just call me Uncle Yuan, you can call me Mr. Yuan to see the outside world. Eh, don't talk about this now. Xiaoying, together with Dad, clean up the house first."

Qin Ming smiled slightly, Yuan Bing should be scared this time, right?

Liao Qingjing didn't shake his face and said, "Don't disrupt the scene. When the police arrive, you may have to collect fingerprints and other evidence."

In fact, it didn't take long for Qin Ming to receive a message from his subordinates that Xia Ling had been dealt with by Song Ying, and the scammers, Boss Xia and his wife, were also caught by Sun Changxi.

Then the police came to tell the situation, but the company's seal and files were retrieved, but the bank card with tens of millions in it was not there.

A group of people has been busy for a long time and didn't come back until the evening.

In this incident, Yuan Haohua, a gnawing old clan, was a poor one. The money was all the expenses of the old father. Apart from learning that his fiancée turned out to be a nightclub "lady" or a liar, there was nothing to lose except that he was hit.

Yuan Bing also lost some investment money that was fooled by "Boss Xia," but not much.

The worst loss was Liao Qingjing, who lost tens of millions of deposits in vain. The only thing left was the company's important contracts and files. Those were all too naive before and were deceived by Yuan Bing.

In addition, Xia Ling was told that she had not been found and was missing, and that Xia Ling did not act with the “Boss Xia and his wife”. Boss Xia and his wife were the culprits of stealing precious jewelry from Qin Ming’s house.

This time, Principal Liao knew that her daughter had been cheated and suffered a big loss. He was extremely angry. She had been arguing with Yuan Bing. Angrily, she helped Liao Qingjing get the car back and the house back, so he directly took Yuan. The soldiers drove out of the house.

Principal Liao pointed to his ex-husband’s nose and kept cursing: “Yuan Bing, you are a pig. You have harmed your son, and then you have harmed Xiao Huang. Look at the son you have educated. Apart from nibbling the old, he is nibbling the old. Is he like a man? Qin Ming was born in a poor family and was born in a rural area, but he didn’t know that he was a thousand or a hundred times better than Yuan Haohua, who had been pampered since he was a child. Now that he is relying on his own ability, he is also very prosperous?”

“Yuan Haohua, why didn’t you grow up? You are almost thirty years old. To get married, you have to rely on your sister’s career and money to save face. Is it important to have a family member?”

“Now that people and money are empty, when will you grow up. Can’t you just listen to what I taught you before?”

Principal Liao sighed and was angry, wishing to pinch off the heads of the two fathers and sons.

Yuan Bing still wanted to refute, but Song Ying had already waited for him with the contract signed, and went straight forward and said: “Boss Yuan, according to the content of the contract, the precious decorative paintings, antiques, and sculptures that our house lost There are seven pieces of art collections, with a total price of 700,000. According to the contract, once the loss is compensated ten times, you need to compensate 7 million. If you don’t pay in accordance with the contract, we will bring a legal action against you.”

Upon seeing this, Principal Liao cursed: “Sue him, tell him that he will be bankrupted.”

Seven hundred thousand sets of seven million, isn't this a pit?

Moreover, the dirt is still in the police station, can't go back? Your secretary is too unkind, right?

Song Ying's words put the haggard Yuan Bing under even more painful pressure. He wanted to have a good chat with Qin Ming, but Qin Ming had dragged Liao Qingyong upstairs, and Principal Liao had been blocking him to prevent him from seeing his daughter again. Up.

In the room upstairs, Song Ying sent someone to clean up the house. Qin Ming handed a glass of water to Liao Qingjing, who was emotionally unstable, and said, "Sister Jing, don't you have online banking for your card? Check it, maybe the money is back. in."

Liao Qingjing shook his head and said discouragedly: "It's useless. My card was specially issued for my dad. I didn't activate online banking. I lost my card all night. I was at the police station today. I guess it would be useless to report the loss. Now, Xia Ling is a professional liar. There are a hundred ways to transfer money, and it's too late."

Qin Ming sighed and said, "Really? By the way, when cleaning the house today, the workers said that they found something that didn't belong here, including a bank card. Sister Jing, please see if it was yours."

Liao Qingyong was taken aback, and saw Qin Ming handing over a plastic bag, and in the thought of flipping through it casually, she suddenly picked up a bank card and exclaimed: "Why, why are you still here? This card, this card It's my bank card. Tens of millions are here. Where did Qin Ming find it?"

Qin Ming also "surprised" and said, "Is it? Sister Ying is so good, the worker said it was found under the stall at the door. So, even though Xia Ling cheated the card last night, it fell off again. "

"Yes, it should be, it's this number, my God, this can be retrieved, it's amazing." Liao Qingjing jumped three feet high with joy.

Liao Qingjing went from a depressed mood to an extremely excited state almost instantly, and the overflowing smile on his face was very beautiful.

Qin Ming looked at Liao Qingjing who was so happy, and he was also happy in his heart. He did a lot of things secretly. Later, if he cooperated with some of his magical words, then his name of God Operation Yuan would be confirmed.

Suddenly, the excited Liao Qingjing hugged Qin Ming, then stretched out his jade arm, hooked Qin Ming's staying power, and kissed Qin Ming.

“Boom”

## Chapter 500

With this mouth, Qin Ming was shocked.

Although Liao Qingying's soft lips just pecked his left cheek like a splash, Qin Ming still felt electrified, especially when Liao Qingjing suddenly hugged him, the friction between her body, her thin coat, The squeezing sensation of that bulging chest made Qin Ming feel charming.

This was too unexpected. Qin Ming never expected that Liao Qingying would be so excited that she would kiss him back to express her happiness.

Although it was kissed on the face, Qin Ming still had sweat and oil on his face all day, which was actually a bit dirty, but Liao Qingjing didn't mind.

Qin Ming was worried that Liao Qingjing would fall, and hugged her slender waist. It felt very thin and soft. It was indeed a dance practitioner.

Qin Ming hugged Liao Qingjing around for a while, then put her down and said, “Old Liao? Master, be careful.”

“Hehehe...” Liao Qingjing happily kissed his bank card again, and said, “Qin Ming, you are so accurate. I don’t seem to have lost much now. My mother helped me get back the company, car, and house. This deposit was also unexpectedly lost and recovered. You said that the Xia family is a liar, really a liar, tusk, it seems that your guess is right.”

Qin Ming stroked his hair with his hand, and said, “No, sister Jing, I’m not bragging. If you do the ritual for you, your luck will naturally be strong. If you are lucky, then you can go. Good luck. You go out now and calm down the relationship between your dad and your mother, but not to mention that you have already got the lost money. Not only does it seem that you are sensible and generous, but it also makes your dad feel guilty about you. There is more concern.”

Liao Qingjing was still angry on his head, flat mouth said: “I am not, he is too patriarchal. I don’t ask him to treat me well, but at least don’t be too partial to my brother. But he hasn’t been able to do it for so many years. .”

Qin Ming could see that Liao Qingjing did that, but he still looked forward to the old father’s concern for her. After all, who can be ruthless than the grass and trees? She has been missing her father’s love since she was a child, and she has always been a hurdle in her heart.

Qin made preparations tomorrow morning, and he provided the last insurance for Liao Qingjing.

Ye Jing was deep, and with the help of Qin Ming, Liao Qingjing moved all his luggage back to the original two-room house, and finally could sleep peacefully.

And Qin Ming deliberately strolled around the community. Based on his beginner psychology, he knew that Yuan Bing and his son would definitely come to him.

Sure enough, Yuan Bing and his son leaned forward as soon as they saw Qin Ming.

“Master Qin...” Yuan Bing grabbed Qin Ming’s hand when he met and said, “Master Qin, save me.”

Qin Ming was taken aback, and said, “Oh, Mr. Yuan, what’s the matter?”

Yuan Bing sighed: “That rental contract...can you accommodate it?”

Qin Ming said, “How can it be? Mr. Yuan, you lost all the precious collections in my house before even paying the deposit and the first month’s rent. I guess you won’t live there anymore, right? Of course, if you continue to pay the rent, the penalty will not be charged. Just collect ten times the price of the lost collection.”

Yuan Haohua said angrily: “Where to live? We are from Beijing, who will come to live in Guangzhou? If you don’t live, you will pay your rent. Can you live in it? You have a good calculation.”

Qin Ming spread his hands together and said helplessly, “Then you pay the rent and you just live in, right? The penalty is ten times the rent. Do you pay ten times the penalty or pay the rent? What? You guys. Do you have any contract spirit? Are you in business? Oh, I forgot, Master Yuan is cheating on the old family and does not do business. As long as there is a father, you can go back on everything.”

“You!” Yuan Haohua was furious when he heard Qin Ming’s yin and yang weird ridicule, and stepped forward with a punch.

Bang!

Qin Ming caught it with one hand!

Don’t look at Yuan Haohua’s big cow, but in terms of strength, he was not half as good as Qin Ming, and was easily blocked by Qin Ming with his hand.

Qin Ming twisted with a little force, Yuan Haohua's wrist twisted, and the pain was so painful that he yelled, "Let go, ah, murder, ah... it hurts, it hurts me to death."

Yuan Bing was anxious when he saw this: "Master Qin, keep people in his hands. My son has been spoiled by me since he was a child. You have a large number of adults."

Qin Ming gave him a push, smiled faintly, and said, "Uncle Yuan, you can compensate as much as the contract is written. Seven million per son is not enough for me. As for renting a house, you can rent a house for your daughter for one year. To make up for the rift in your father-daughter relationship, you see, I have thought for you so well."

Yuan Haohua said uncomfortably: "Why? My sister has her own company and she can make money."

Qin Ming angrily rebuked: "Just relying on your pig, gave that important bank card to a nightclub lady! I don't know if I was deceived. I am proud of myself. In fact, you are no different from a pig in everyone's eyes! Don't you know you're a rubbish? You've lost your dad, what do you think about you? Ah? I lost tens of millions to Liao Qinghuang, it's all right, ho ho, scum. Now let you pay less than 100,000 You are not willing to rent a year to your sister? Your dad bought you a house in Beijing. What are you not satisfied with?"

Yuan Haohua was blushing with Qin Ming's scolding and couldn't speak. He knew that his father was patriarchal, but he was the one who was valued. Naturally, he would not have any opinions. Just enjoy his father's love for him. Why? Think so much?

"Ahhhhh~!" Yuan Haohua broke down and shouted and yelled, hitting the trees on the roadside with one punch, venting his inner anger and incompetence, like a fool.

Qin Ming stroked his mind, patted Yuan Bing's shoulder, and said: "Mr. Yuan, I am a teacher of Master Tiger Longshan, and everyone who knows me calls me the truth of my youth. , You don't need someone to speak, you know good and bad. To solve problems and solve problems, I counted the Xia family yesterday, and I knew that they were weird, liars, and they didn't work today?"

“Meeting is fate. If you look at the face of Sister Jing, or I will calculate it for you for free, and calculate your old age, whether it is a double enjoyment of Fu Lu, or a violation of Tai Sui, how?”

Seeing that Qin Ming didn't want to exempt him from the compensation, Yuan Bing didn't feel in the mood to make a fortune.

Seeing that he didn't think too much, Qin Ming gave up, and said, “You said, Mr. Yuan, sister Jing has asked me to do things for her to improve her luck. She will soon come out of this matter and have a career. It is getting better and better. The so-called annual luck is coming together, the three flowers gather at the top, and the wealth and glory are coming.”

Yuan Haohua said with disdain: “Cut, she has no money now, and the company is about to start a salary, how can she do a show if she has no money? She can only find the next company to buy the company, and she can give her back. My mom It's not much money, so I can't help much.”

Qin Ming smiled faintly, lowered his head and said in Yuan Bing's ear: “Actually, Uncle Yuan, you don't need me to know your own situation. Such a son can give you the end of life for you? Isn't that a joke? Uncle Yuan, you star When Tai Sui leaves the nest, this year's luck will be exhausted, and it can be said that the time comes with more trouble.”

Yuan Bing was startled and asked curiously: “What does Shidai Bijie mean?”

Qin Ming pretended to say: “The Book of Changes has a saying: Time and belt are not good for money, raising children is difficult, old luck will be less Antai, fate will be weaker and sicker and wealthy, and the dead tomb will be more terrifying. Uncle Yuan, I advise you, I pay the rent for my house, and say a few good things to Liao Qingjing, let her live, as a way for you to leave, there will be a ray of life in the next year and a half. If you just do it If you leave, Immortal Daluo can't help you either.”

After speaking, Qin Ming didn't wait for Yuan Bing to appreciate the meaning of the words, so he left directly and did everything he could. He also tried his best to help others, but he couldn't help it.

Later, after Qin Ming learned that Yuan Bing had paid 7 million in compensation for the collection, according to the contract, he continued to pay the rent, saying that it was for Liao Qingjing to live, but Liao Qingjing did not appreciate it. Instead, he felt that Qin Ming lied to her father's money and looked for it. Qin Ming settled the accounts.

Qin Ming has no time to deal with these trivial matters, so these people temper his abilities.

Because Feng Dongxiang, one of the four elders of the group, is here again, he wants Qin Ming to attend the engagement ceremony of Qin Ming and Zhao's children, Zhao Xinran.
