

Super Rich Dad Chapter 277-278

Chapter 277 - You guys go now

Feng Pingping patted her accompanying small bag, her face overflowing with smugness.

She was deliberately doing this to Xue Yuning and Jiang Hao, she just wanted them to know that their tickets had been sold by herself and the money had been tucked into her bag, but there was nothing they could do about it!

'You' Xue Yu Ning smiled, her face suddenly changed, the other party was provoking, she said loudly with a face full of anger, 'Feng, you don't go too far!'

When Xue Yu Ning thought about this incident, she felt angry.

It was all because of this Feng Pingping that she and Jiang Hao had encountered so many unpleasant things.

And it was also because the tickets had been stolen by Feng Pingping that Jiang Hao had suffered so many unwarranted accusations and ridicule.

All the aggravation they had endured today, which they shouldn't have had to bear, was all because of Feng Pingping, because she was greedy for a bargain!

The more Xue Yu Ning thought about it, the angrier she became, turning her head to look at Jiang Hao: 'Jiang Hao, what on earth should we do, are you just going to watch her show off in front of us? It's infuriating!'

Jiang Hao looked at Xue Yuning's angry look, smiled slightly and said comfortingly, 'Don't worry, good and evil will be rewarded in the end, it's not the time for retribution.'

Jiang Hao's words were simple, but they were definitely not perfunctory.

If Jiang Hao still had a trace of goodwill in his heart for this Feng Pingping, then at least he would have persuaded her not to be arrogant and take the money back obediently.

But Jiang Hao didn't, and that was because he had already given up on such a boring and worthless move.

Jiang Hao knew very well that to deal with someone like Feng Pingping, he had to make her remember it thoroughly, so that she would have an engraved memory of it, and only then would she be restrained.

And since Jiang Hao had already made up his mind to pursue her, he wouldn't be in such a hurry.

Just let her dance for a while first, there was time to make her cry anyway.

However, Jiang Hao's words were a little uncomfortable for Xue Yu Ning to hear.

She didn't understand, Jiang Hao obviously had the ability to directly claim back the money Feng Pingping had sold for the tickets, so why didn't he want it?

Although she knew that Jiang Hao was not short of money, but even so, that much money could not be wasted on someone like Feng Pingping, right?

All in all, Xue Yuning felt uncomfortable in her heart, and she felt even more uncomfortable with Jiang Hao's mere words of indifference.

In fact, not only Xue Yuning was like this, even Feng Pingping heard Jiang Hao's words and puffed, not taking them seriously at all.

'Oh, what can you do with just beating your mouth? Have the guts to show some real action.' Feng Pingping patted her handbag and whispered, 'Look, the money is right here with me, if you have the guts to take it now, ah?'

Feng Pingping's action simply made Xue Yuning grit her teeth in anger, she really wanted to rush straight up and snatch the money back directly.

But Jiang Hao grabbed her to death and shook his head slightly, signalling her not to make a rash move.

After all, for something like cleaning up Feng Pingping, as long as Jiang Hao said something, there were plenty of people willing to do it for him, so why would he have to do it himself?

The two sides seemed to be at war over here, while Xu Qingqing at the side did not know what was really going on.

It was only when she saw Feng Pingping that she became nervous.

She was afraid that Feng Pingping would shake her out.

Xu Qingqing didn't want Xue Yuning to know about it.

'Alright, you guys should stop arguing!' Xu Qingqing suddenly shouted, and then pulled Feng Pingping over.

Then Xu Qingqing said, 'You guys should stop arguing! I'm a bit annoyed right now.'

Xue Yu Ning frowned and looked at Xu Qingqing and just sighed.

Feng Pingping, however, seemed unimpressed and looked at Xu Qingqing with an impatient face, exclaiming, 'Xu Qingqing, it has nothing to do with you, let go of my hand right now, don't blame me for being ungracious!'

Xu Qingqing didn't listen, instead she clenched her hand even tighter, she came up to Feng Pingping's ear and whispered, 'If you still want the 10,000 yuan, you'd better listen to me!'

Immediately afterwards, Xu Qingqing added, 'And I'm warning you, you promised me that you wouldn't tell anyone about this, if you dare to tell Yu Ning then don't blame me for not being polite!'

Xu Qingqing's words really calmed Feng Pingping down for a few moments.

Before, she could naturally hold Xu Qingqing, but now it was different.

For one thing, Xu Qingqing was now her own cow, and she should count on her to get the 30,000 yuan.

Secondly, she had already agreed with Liu Qiang that she would take Xu Qingqing over tomorrow morning.

If Xu Qingqing lets go at this time and suddenly has a change of heart and says she won't go, it will be a bolt from the blue for her.

In the future, Liu Qiang would probably have the heart to kill himself.

Feng Pingping gritted her teeth and glared fiercely at Xu Qingqing, 'Okay, Xu Qingqing, listen to you!'

Although Feng Pingping's tone carried a bit of defiance, she still didn't dare to say anything more.

She could only mutter a few words in her heart, saying, 'You gave me a chance to wait for my 30,000 yuan to arrive, you dare to threaten me now, so wait until I pay you back ten times a hundred times!'

After she finished speaking, Feng Pingping glanced at Jiang Hao and Xue Yuning, and before she could say anything, she turned around and walked into the dormitory.

Xu Qingqing also forced a smile and said, 'Aren't you guys going to dinner? Go on, I'm really fine, alright, you guys go now'

With those words, she then headed towards the dormitory building as well.

Chapter 278 - Dumbfounded

Jiang Hao and Xue Yuning looked at each other with blank stares.

Just then, Jiang Hao's mobile phone suddenly rang.

Jiang Hao hurriedly picked it up and heard an anxious voice coming from the other side.

'Hello, is this Mr Jiang Hao? Something bad has happened, please come to Cloud Mist Villa quickly.'

The person who came to the phone was the receptionist of Cloud Mist Villa, and there was a hint of panic in the other party's tone, so Jiang Hao knew that things must not be good.

Because just now Cousin Xue Yu Ning and Fan Deng had left the stadium unhappily and probably went back to the hotel, right?

Those two people were furious just now, so they would probably go back and take their anger out on others.

At this moment, what Jiang Hao was worried about in his heart was whether these two people would have injured someone, right?

Xue Yu Ning looked at Jiang Hao and hurriedly asked what had happened.

Jiang Hao shook his head, 'I don't know, but it seems like your cousin and cousin's husband got into trouble!'

'Huh?' Xue Yuning's face suddenly changed at his words and she hurriedly said, 'Then let's get going!'

Of course, Xue Yuning knew exactly what kind of goods her cousin and her cousin's husband were, and if they really spilled their guts, they might stir up something.

As they spoke, they were already on their way, heading for the Cloud Mist Villa without stopping.

The two of them had been holding their breath ever since they left the stadium.

On the way back to the car, Cousin Xue Yuning couldn't stop cursing: 'Fuck, this son of a b*tch, look at him pretending like he's so serious! What the hell, it's the two of us who are still foolish enough to think that people are so powerful, and we don't even know that we've been tricked!'

Fan Deng also felt that he was ashamed today and really didn't have any face.

In the past, in his old home, he had been the existence of calculating others, but no matter what, he never thought that today he would lose his horse and be calculated by Jiang Hao.

'No, I'll hurry back and call that son of a b*tch and ask him to pay me back for that 300,000 bottle of red wine!' The more she thought about it, the angrier Cousin Xue Yu Ning became and said, 'And the money from yesterday's dinner, since that idiot cheated us, we can't let him follow and dilly-dally for nothing, we have to ask for money too, or at least half of it, damn it!'

Listening to his wife muttering incessantly here, Fan Deng couldn't help but frown.

Finally he sighed and said, 'Come on, this kind of thing, just think about it, and let him pay for it, look at his poor loser look, can he afford to pay for that 300,000 bottle of wine, or for the meal he had yesterday?'

Fan Deng's words were a kind of wake-up call, as Cousin Xue Yu Ning thought about it and couldn't help but get even angrier.

Yes, Jiang Hao, that poor bastard, was simply a good-for-nothing liar, how could such a person afford to pay out so much of his own money?

Once she thought about this, Cousin Xue Yu Ning couldn't help but get even more angry.

'This son of a b*tch must have deliberately known that he couldn't afford to pay back, so he came to screw us over!' Cousin Xue Yuning said with a few tears, 'He's a pest, I'm so angry. No, no matter what, I have to make him pay me back, if he can't afford it, then let Xue Yuning be okay!'

Cousin Xue Yuning suddenly had a bright idea and muttered, 'Hum, yes husband, didn't we come for the house of Xue Yuning's mother and daughter? Now that Jiang Hao has poured our wine, we can rightfully ask Xue Yuning and her mother and daughter for the house. Let's see what they have to say this time!'

'But it's a bit cheap for that bastard Jiang Hao, I still feel a bit uncomfortable not being able to punish him,' Xue Yuning's cousin muttered to herself.

Hearing this, Fan Deng laughed at the side and said, 'Hey, it's not that easy to get back at him? Honey, I'm afraid you've forgotten, that hotel was booked by Jiang Hao, and all the expenses we incurred from staying at the hotel were borne by him!'

After Fan Deng had shed some light on the matter, Cousin Xue Yuning was suddenly enlightened, and a sinister smile soon appeared at the corner of her mouth as she muttered, 'Since that's the case, huh, then just wait and see how I play him to death!'

As she spoke, Fan Deng had already driven the car into the Cloud Mist Villa.

As soon as Cloud Mist Villa entered, there was a modest side of celadon water spraying landscape.

It wasn't big, but it looked extremely exquisitely crafted.

'Husband, do you think this is worth some money?' Cousin Xue Yuning sneered, and before Fan Deng could reply to herself, she casually copied a landscape pebble stacked on the side with her own hands and violently smashed it towards the celadon water spray.

'Boom,' after a crisp sound, the originally exquisite landscape had now become a pile of porcelain fragments.

'Oh, husband, do you think which one is better for us to deal with next?' Cousin Xue Yu Ning looked at Fan Deng with a smile and enquired.

Fan Deng also looked around and suddenly saw at the front door of the hotel, erecting the disgusting wooden plaque

And the sound just now had directly attracted the attention of the hotel staff, and two female attendants soon ran out from inside.

And when they saw the broken celadon spouting water later, the whole lot of them were dumbfounded.
