

The Charismatic Charlie Wade Chapter 3868

However, she still very earnestly said: "Vice President is right. This is indeed everyone's work. Although it is not comparable to the top calligraphy masters of Wang Xizhi, it is definitely one of the best in the land and water of Aurous Hill. NS."

Jacob approached Chairman Pei at this time, pretending to ask her casually: "Chairman, how much are these eight characters worth?"

President Pei said seriously: "Compared with many top-notch people, Lincoln's words are not expensive, but in recent years, the auction prices of excellent works have been more than one million, and you know in the collection industry that the more complete the things are. The more expensive it is, and the more a single set, the more expensive! So if these eight characters are really sold for auction, tens of millions are still needed!"

Jacob was secretly speechless, and couldn't help taking a look at Fei Kexin, thinking, "This girl must be very rich in her family, otherwise, why would she donate tens of millions of things?"

President Pei had already opened the eight characters one by one at this time, and the more he looked at them, the more he became more delighted. He couldn't help asking Fei Kexin: "Miss Zhan, these eight characters are really going to be donated to the Aurous Hill Painting and Calligraphy Association. ?"

Fei Kexin said without hesitation: "Of course! If President Pei has no comments, I can sign the donation letter at any time and confirm the donation in writing!"

President Pei was extremely excited and trembled: "Oh! Thank you very much, Miss Zhan! Aurous Hill Batan returned to Aurous Hill. It must be an extremely sensational event for the entire Aurous Hill painting and calligraphy circle! I represent the Aurous Hill Painting and Calligraphy Association, and All the painters, painters and calligraphy lovers in Aurous Hill, thank you for your generous donation!"

Fei Kexin smiled and said: "Chairman Pei is serious, these eight characters are the heart of the elderly in the family, I just donated them on behalf of them."

President Pei gratefully asked: "Miss Zhan, I don't know what the old people in your family call? I will go back to promote the Aurous Hill calligraphy and painting circle, so that everyone can remember his contribution to the cultural cause of Aurous Hill!"

Fei Kexin said seriously: "Chairman Pei, my grandfather acts relatively low-key, and does not want to reveal too much about his identity, but the elderly in the family have always been concerned about the promotion and development of Aurous Hill's history and culture, so this time he also instructed me, Aurous Hill organizes a local art exhibition in Aurous Hill. In this matter, we have to ask the two presidents to help Oscar. As for the event funds, our family sponsors them. When the exhibition starts, he will definitely come to Aurous Hill to participate, and there will be Opportunity to communicate with you two face to face."

President Pei nodded and said seriously: "Then wait for the exhibition to start, and see the old gentleman again!"

After speaking, he asked tentatively: "Miss Zhan, what is your family's budget for the art exhibition?"

Fei Kexin said casually: "We will initially set 50 million yuan, if it is not enough, we can add more!"

President Pei felt dizzy when he heard the number of fifty million.

Most of the funding of the Calligraphy and Painting Association depends on financial allocations from higher authorities, but the funding for a year is only tens of millions. When the funds are insufficient each year, President Pei will lead everyone to generate income to ensure the smooth operation of the Calligraphy and Painting Association.

Therefore, I got used to the tight schedule. At first I heard that an art exhibition had a budget of 50 million yuan, and I couldn't adapt to it all at once.

Jacob was very excited. He couldn't help but said to Chairman Pei: "Chairman, with these fifty million, we can make a big vote! At that time, the show will be more grandiose, and other art associations in Aurous Hill, including Take a look at the old college guys!"

Seeing that the time was right, Fei Kexin hurriedly said, "Two presidents, should I invite two of you to have a potluck at night, and let's talk about the art exhibition?"

Chairman Pei was naturally very excited to agree. Jacob saw Hank's show off at the exchange meeting today, and his heart was a little suffocated. When he heard that he had the opportunity to do something big, he was naturally very excited, so he didn't want to. He hesitated to agree to Fei Kexin's invitation.

It's just that these two old men, who are over a hundred years old together, couldn't see that the little girl in her early twenties in front of her was simply a drunkard who didn't mean to drink!
