## The Man's Decree Chapter 317 - 318 ( The Man like none Other chapter 317 - 318 )

"It isn't a waste. Hurry, take a seat!" Zeke brought Yasmin to her seat hastily.

Yasmin wiped her hands with a wet tissue and glanced at Kai. "How do you feel after spending half a day here? Have you realized how ridiculous your demand is? I can't believe you asked for herbs that are over a hundred years old. Do you think it's that easy to get that? Though my cousin is rich, it doesn't mean you can spend her money freely!"

Hearing her words, both Zeke and Frida blanched in shock.

"Stop it!" Zeke glared at her before turning to Kai apologetically. "Kai, I'm really sorry. Yasmin didn't mean any harm."

Yasmin glowered at him. "Zeke, have you gone nuts? How dare you yell at me? Did I say anything wrong?" she demanded.

"Stop it, Yas!"

Frida immediately tugged Yasmin aside. Zeke went after them.

They both took turns to talk to Yasmin in a low voice.

Yasmin's expression changed as she glanced at Kai a few times.

Soon, they returned to their seats. Yasmin seemed a little awkward.

A corner of Kai's mouth lifted as he broke the silence. "Let's eat!"

They began enjoying their lunch. Yasmin's hand trembled as she deliberately looked away from Kai and Tommy.

After lunch, Kai gave Zeke a list of herbs and told the latter to prepare the listed herbs.

That afternoon, Kai remained in his hotel room. He gathered the snow lotus and the herbs over one hundred years old he got from Trinity Herbs to craft the energy condensing pill.

Kai remained impassive as he glanced at the herbs worth hundreds of millions. After pulling the curtains close, he gathered some spiritual energy in his core and directed it to his fingertip to create a tiny blue flame.

“Go!”

Kai gave a wave, and the blue flame intensified before covering all the herbs on the ground.

Closing his eyes, Kai started mumbling something under his breath. The blue flame flickered and burnt all the herbs. Slowly, the herbs turned to thick plumes of smoke.

Suddenly, his eyes snapped open as he roared, “Materialize!”

The smoke gathered together as though it was alive and gradually formed a round-shaped pill.

Half an hour later, Kai let out a long breath. The smoke promptly dissipated to reveal a green pill floating in the air.

“It’s done!”

Delighted, Kai leapt to his feet and took the pill.

His hands were trembling as he held the pill crafted out of herbs amounting to hundreds of millions!

Opening his mouth, he swallowed the pill.

Boom!

A huge burst of spiritual energy rushed to his head. Kai felt like his entire being would explode from the sensation.

He immediately crossed his legs on the bed and used the Focus Technique to absorb the intense spiritual energy.

Finally, Kai's eyes snapped open when the sun went down. His six senses were all invigorated, as he could even sense a small bug buzzing on the bustling street underneath his hotel.

"Oh, I've attained Level Nine Energy Cultivation! It's Level Nine!"

Kai took in the spiritual energy in his core and burst out laughing.

He never expected that one energy condensing pill would aid him to attain Level Nine Energy Cultivation. I didn't spend the hundreds of millions in vain!

Level Nine was the top level of Energy Cultivation. Once he achieved Foundation Phase, he could enter Nameless Island.

It was easy to rise through the ranks of one cultivation level, but it would be hard to attain the next phase. He would need an opportunity to achieve that.

After cleaning up the mess, Kai headed out of the room and saw Tommy waiting outside.

"Mr. Chance, Zeke's here with the herbs you requested for. We were waiting for you to have dinner together," he said after seeing Kai.

"All right. Let's go!"

Kai was surprised to learn that Zeke was efficient enough to gather the herbs he wanted in less than a day. He needed the herbs to craft one hundred revitalizing pills.

Downstairs, Kai saw Zeke supervising his employees unloading the herbs. The entire truckload of herbs was brought upstairs.

"Kai, I've prepared the herbs as instructed. I've also reserved two rooms on your floor to keep the herbs," Zeke reported.

"Okay, it won't take long. I believe I'll finish crafting them in around a day," Kai replied with a curt nod.

Zeke grinned. "Let's go. I'll bring you to try out Yeringham's signature delicacies this time. Frida and the rest are waiting for us!"

Clearly, he wasn't afraid of Kai and Tommy anymore.

"Let's go!" Kai responded with a smile.

The food street wasn't far away from the hotel, so Kai, Tommy, and Zeke walked there.

After a while, Kai suddenly furrowed his brows.

"Mr. Chance, did you sense something?" Tommy asked in a low voice.

"Yes. Someone's following us," came Kai's answer.

"What? Who is following us?"

Surprised, Zeke was about to turn at his shoulder when Kai's hand landed on his shoulder to stop him.

"Don't turn back!" the latter warned.

"Mr. Chance, why don't you leave? I'll take care of them!" Tommy offered as a murderous glint flashed across his gaze.

“They are extremely capable, and you might not be their match. Let’s ignore them.”

With that said, Kai stalked forward. Instead of heading to the food street, he entered a secluded alley.

Right after they went into the alley, five men appeared behind them. The leader of the gang was Alfred, the butler of the Whitaker family!

The old man was hunched as he stared at the alley intently.

“Alfred, should we follow them?” a man asked.

“Let’s head in. They must’ve discovered our presence and want to lure us in!”

Alfred exuded a murderous aura as he declared, “Let’s see how capable they are to force me to come here personally!”

He led the other four experts from the Whitaker family into the alley.

At once, they saw Kai, Tommy, and Zeke standing before them in the alley.

“Are you from the Whitaker family?” Kai asked coolly.

“Young man, you have the guts to stay put after finding out we’re from the Whitaker family, huh?” Alfred sneered, “How dare you break Mr. Whitaker’s leg? Your boldness can’t save you!”

“The Whitaker family? Does he mean the Summerbank Whitakers?” Zeke asked nervously.

“Yes!” Kai bobbed his head.

Zeke staggered and nearly fell.

Everyone in Jazona knew about the Summerbank Whitakers, for they were influential in both the corporate and political world.

Zeke couldn’t fathom what gave Kai the courage to break Tyrion’s legs.

Tommy might be a powerful figure in Horington and the surrounding cities, but he was a nobody before the Whitaker family.

Alfred flashed a smirk at the sight of Zeke's fear. "Today, I'm here under the orders of the head of the family to capture you. If you resist, I'll take your life right away. Those unrelated to the matter should stay out of this!"
