

Chapter 471

But she didn't turn to Tom.

Tom quickly caught up with Sunny and stopped.

If he had been the master of Extrinsic Peak, he would have been dead from exhaustion if he had run like this. However, it was only a piece of cake for him now, and he could recover easily.

He looked at Sunny's back. It was the first time he had been so close to Sunny and felt Sunny's faint breath. It was as if Sunny was not a real person, but a wisp of smoke or a blur. He was very confused as she was very unreal and seemed to disappear at any time.

For a moment, the atmosphere kept still. The two people were ten meters apart, and neither of them spoke. It seemed a little abnormal.

In the end, Tom broke the silence and said, "What should I call you?"

Sunny still didn't look back. She said coldly, "It's not yet time for us to meet."

Tom smiled. "When is the right time?"

Sunny said faintly, "It's not good for you to meet me early."

"Really? Then I have to say hi to you."
Tom laughed, then began to walk forward and keep getting closer to Sunny.

Sunny frowned. She was a little

surprised that Tom's strength had improved so fast that he could catch up with her that soon. At the same time, she was a little embarrassed. Tom was so bold and dared to step up to challenge her.

"Stop."

With three meters left, Sunny began to talk and stop Tom.

Tom did pause for a while, but then he continued to walk towards Sunny.

Sunny frowned even more. She walked forward, distanced herself from Tom again, and said, "When the time is right, I'll take you to your mother. It's no use forcing me now."

There was some dignity and anger in

her tone, thinking that Tom's behavior was disrespectful to her.

In her opinion, she could be considered as Tom's elder. Tom should respect her, not offend her so rudely!

Tom finally stopped. He believed Sunny, but she kept her back to him instead of looking at him, which was a great disrespect to him.

He didn't know what relationship between Sunny and his mother were, whether Sunny was his mother's servant, subordinate, or foster daughter. If she was a servant, it would be disrespectful to look down on him with such a proud attitude! Not disrespectful to him, but to his mother!

So he walked over to Sunny again. He decided that no matter what, he must see Sunny's face and what she really looked like today.

Sunny noticed that Tom was walking towards her again, and she frowned again. At the same time, her heart was inexplicably angry.

"Stop!" She scolded coldly.

But Tom did not stop. After a while, he had already walked behind Sunny and was about to cross Sunny to see what Sunny looked like.

Sunny sensed his intention and her face became even more unpleasant. He snorted coldly, turned her face to the other side and said, "Tom, I advise

you to stop. If you continue to be presumptuous, I will be angry."

"Really?" Tom smiled faintly. He suddenly sped up. Before Sunny could react, he was already in front of Sunny and finally saw her face!

At a glance, Tom was amazed.

This was an extremely beautiful face. He could not even describe Sunny's beauty in words. It was a stunning beauty.

Tom had met many top beauties, such as Phoebe, Amelia, Vanessa, Kaylie, Clarissa, and so on. He was calmer than ordinary people when met beauties. But now that he saw Sunny for the first time, he was deeply amazed. Even in

his mind, he had the idea of meeting a fairy.

Yes, Tom's first impression of Sunny was that she was a fairy, not human being.

Apart from Sunny's gorgeous face, what was more important was Sunny's extraordinary temperament, which no other beautiful woman had.

The reason was simple. Sunny was not an ordinary woman. She was an expert of Innate Realm, and reached the fourth stage. Her body had undergone subtle changes. Not only did she live longer, but her aura were completely different.

So Tom was really stunned. He looked

straight at Sunny and couldn't move his eyes off her.

When Sunny saw this, she was furious. She chided "how dare you?" and then attacked Tom.

Sunny was a cold and arrogant woman, and even in the eyes of ordinary people, she was an abnormal woman. She could protect Tom with her life, but she could not tolerate Tom being rude to her. Yes, in her opinion, Tom's direct gaze at her was rude and offensive!

She was Anna's adopted daughter. In a sense, she was Tom's sister, and Tom was disrespectful to her by acting like this, so she became hot-headed and attacked Tom.

Moreover, the strength of her hand was hard.

Tom felt her murderous intention, and he immediately regained his senses. His mind was racing and he leaned back immediately, avoiding Sunny's slap in time.

"You mean it?!" Tom said angrily.

When he took two steps back and looked at Sunny again, he found that Sunny had actually put on a white veil, preventing others seeing her gorgeous face, and only her beautiful eyes could be seen.

Sunny failed to attack him, and her eyes flashed with surprise. Obviously, she did not expect Tom to be able to

dodge under the circumstances just now. Although she didn't mean to kill him just now, her speed was also very fast. In a hurry, even if Tom was a master of Innate Realm, it was not so easy to dodge.

She snorted and did not respond. She continued to attack Tom, as if she really wanted to teach Tom a lesson.

Tom wanted to let it go when he saw her sneak attack since he had dodged her. However, he turned to be angry when Sunny didn't stop but continue giving him harder hit.

You forced me!

Tom gritted his teeth and began to fight back against Sunny.

Soon, they began to tremble. Tom realized that although Sunny was a woman, her style of attacking was especially strong, completely incompatible with her gentle look. Come on, at first, he almost suffered a big loss.

Sunny was also very frightened. Half a minute had passed and she had not taken Tom down. After all, she was the top master in the fourth stage, and her fighting skills were the most exquisite. Even if she had downgraded to the third stage, she was not someone easy to be challenged by some newcomer, like Tom who had cultivated to the Innate Realm in less than a year.

But the result now was that Tom could not only compete with her, but also

slowly gain the upper hand and suppress her, which made her even more shocked.

Tom was also very strange. He remembered that Sunny was a master at stage four. Why didn't he feel her strength?

However, he did not know that Sunny had just encountered a rare period of weakness in martial arts, downgrading from the fourth stage to the third, or else he was no match for her.

Finally, finding Sunny's holes, Tom suddenly sped up. His left hand popped out as fast as lightning, he grabbed Sunny's veil accurately and took it off.

So, Sunny's beautiful face was exposed

again.

Sunny felt a chill on her face. When she saw that the veil had been taken off, she couldn't help but be shocked.

Under the shock, her emotions fluctuated greatly, causing her to have a disordered breath. Her Qi suddenly rushed to her head, making her a little dizzy, and her footsteps drifted. She accidentally stepped on a pit under her feet, losing her balance, and was about to fall.

Chapter 472

Tom was startled. He did not expect that Sunny, such a top expert, would miss her step. Her face turned pale instantly. It seemed that she was very exasperated and disordered!

But what he did was just take off Sunny's veil. Why did she react violently?

Tom felt helpless, but now he should save Sunny first. After all, he couldn't just watch her fall down.

So he quickly reached out and caught Sunny's body when she was about to fall. As soon as he touched her, he found that Sunny had a hot figure, with a slender waist and tight skin.

When Sunny came to her senses, she found herself lying in Tom's arms. Her reaction became even more violent and she stared at Tom, "You... How dare you!"

She could not complete her sentence. The violent emotional fluctuations gave her an urge to vomit blood. And she angrily slapped Tom on his chest hard.

It was too sudden that Tom could not react at all with her in his arms. Therefore, he had to transfer all his strength to his chest and stand Sunny's slap!

In a blink of an eye, Sunny slapped Tom on the chest and Tom felt that his chest

was about to break by her huge force.

Sunny slapped him angrily without any mercy!

Fortunately, Tom was much stronger than before, and he defended himself in advance, so he was not seriously injured.

Still, he couldn't stand Sunny's slap and spat out a mouthful of blood.

He felt as if his heart had been shifted.

Sunny was stunned, and then she regretted what she had done. How could she slapped Brother Tom so hard!

Her breathing was rapid and she was full of guilt. At this moment, her Qi

finally returned to normal.

"Are you okay?" Sunny asked tentatively. She was nervous, which was rare, like a little girl who had done something wrong.

Tom glared at her fiercely, pushed her away, walked to the stone bench next to him and sat down. He rubbed his chest. His face was pale. And he was panting, unable to speak for a while.

Sunny's slap was really powerful. If he hadn't been strong enough, he would have died now. He really didn't expect Sunny to hit him so hard. Was she really on his side?

Seeing Tom in such pain, Sunny felt even more guilty. She walked over, bit

her lip, and said guiltily, "I'm sorry. I didn't mean to."

After a few breaths, Tom's breathing finally returned to normal. He waved his hand unhappily and said, "Come on, you want to kill me."

Tom smiled bitterly. He found that he was asking for trouble. Why did he provoke this woman?

Sunny was a very aloof and proud person. Ever since she was a child, she didn't like to owe people favors. And in her opinion, doing something wrong was more serious than owing people favors.

She bit her lip hard and said to Tom, "It was my fault for slapping you just now."

I know you won't forgive me. Why don't you slap me too? I promise I won't dodge. Then we'll be even!"

After saying that, she straightened her back, closed her eyes, and looked like she was not afraid of his revenge.

Tom was stunned at her words. He looked at her and thought this woman was insane and weird.

However, Tom followed Sunny's words and couldn't help but look at Sunny deliberately. Her hot body excited Tom.

He thought, "If I can slap Sunny too..."

"Stop! I can't do that. It's obscene."

Anyway, Sunny came to H City to protect him at his mother's order. After

thinking about that, he calmed down. He waved his hand and said helplessly, "Forget it. You can go. I'm unlucky."

Sunny opened her eyes and saw Tom stand up and walk away. She felt even more uncomfortable.

She chased after him, stopped Tom, and said seriously, "No, you have to slap me back! I don't want to be guilty!"

Tom was confused. What was she thinking about? He had already said he forgave her, but this woman insisted that he should slap her back. Was she masochistic?

He couldn't help but look at Sunny strangely and he found that she didn't seem to be joking. So Tom wondered

why his mother sent such a weird woman to protect him.

"No, I'm fine. I just need some rest." Tom said unhappily. After all, he was a man and should be magnanimous. Besides, he knew that Sunny didn't mean to hurt him just now.

However, Sunny was very stubborn. She stopped Tom again and said with a more serious expression, "No! You must slap me back, or I won't let you leave!"

Tom was even more confused. He was wondering why such a person could cultivate to such a high level.

Once again, he couldn't help but look at Sunny's boobs. If Sunny was a man,

he would take revenge. But Sunny was a woman. How could he slap Sunny on her chest? That would be taking advantage of her.

With a sigh, Tom repeated, "I'm really fine, and I don't blame you. You didn't mean it, so don't blame yourself!"

Tom felt that he had made it clear enough and as long as Sunny was not a fool, she would definitely give up.

However, he still underestimated Sunny's stubbornness. She shook her head hard and said seriously, "No, I hurt you just now. You have to hurt me too. I don't want to owe you a favor!"

Tom was about to go crazy. What the hell was she talking about?

Was a really a fool?

Tom wanted to run away, but he was injured and not a match for Sunny. Sunny stopped him immediately. He even wanted to cry. He had never expected this to happen again.

Looking at Sunny's stubborn face, Tom admitted defeat. He realized that if he didn't slap her back, Sunny would never let him go. "Okay, okay, I'll avenge myself. Are you satisfied?"

"Yes!"

Sunny nodded with a relieved expression. Then she straightened her back, closed her eyes, and looked as if she would not resist at all. She was waiting for Tom to slap her back.

Tom sighed again. He looked at Sunny's plump boobs and didn't know where should he slap.

Chapter 473

Because Sunny had such a nice shape. No matter where Tom slapped her, that was an indecent move.

It would be nothing if this was another woman. But this was Sunny. She was not an ordinary woman, but someone sent by his mother, and maybe his godsister. This was too awkward.

Sunny was a little impatient. She opened her eyes and frowned. "Hey, can you hurry up? You are a man. Be decisive."

Tom was shocked again. How could he not be hesitating?

But to be honest, he felt a little excited.

After all, Sunny was a master of the fourth stage of the Innate Realm. She was so beautiful, and if he could do something, it would be good...

"What are you thinking?" Tom despised himself.

Tom took a deep breath, trying to get rid of all these thoughts. Then he calmed down and thought of a solution. Anyway, Sunny just asked him to slap her. She didn't say how heavy the slap should be, so he could just fake a slap.

Moreover, he finally found a place and save him the trouble of touching Sunny's chest.

He made up his mind.

Tom suddenly struck out at Sunny.

He felt that he was a gentleman and had absolutely no intention of taking advantage of Sunny, but no matter what he thought, his action looked like he was taking advantage of her and looked particularly obscene.

And just then, Sunny felt his approach and the vibration of the air in front of her. Her eyelashes trembled, and she was quite nervous. She opened her eyes and saw Tom's hand coming at her.

She was clearly ready, but when she saw Tom's hand, she couldn't help but get nervous. Suddenly, she realized that she had slapped Tom on the chest, and now Tom was going to slap her in

the same place.

And that place had never been touched.

So she couldn't help feeling nervous and her body trembled, so Tom, who didn't want to touch her bosom, accidentally touch it.

It suddenly quieted down strangely.

Sunny widened her eyes and looked at Tom in shock!

Tom was also dumbfounded. He had already made up his mind on which place he was going to slap and he wouldn't touch Sunny's breast. But Sunny opened her eyes at the last moment, causing this to happen...

This was awkward.

Tom was a little slow and his hand was on Sunny's bosom before he retracted his hand.

"This is an accident, a pure accident..."
Tom saw Sunny's face turn red. He realized something was wrong and quickly explained it.

Now Sunny's face was extremely red as if she had drunk wine, and that kind of charm made Tom's heart beat faster.

"TOM HOWARD!!!" Sunny clenched her fists. She stared at Tom and said through gritted teeth.

She was especially shy and annoyed now. How dare this guy take advantage of her!

She had been pure and noble for all these years. Even when the people in the organization saw her, they showed much respect and no one had ever touched her. Most importantly, she had a serious obsession with cleanliness and was never willing to let a man touch her, even if this person was Tom.

Now, Tom not only touched her but also touched that place, which immediately pissed her off.

When Tom saw her expression, he felt his scalp was numb, and his mouth was bitter. He wailed in his heart. How did this happen? He was obviously very serious.

"It's none of my business. You opened

your eyes and moved. Otherwise, I wouldn't have been able to touch your..."

"Shut up!!"

Sunny interrupted him rudely and glared at him with gritted teeth before he could finish his words.

She was panting with anger, and her chest heaved violently. Even Sean did not make her so angry.

However, she couldn't hate Tom because Tom was her aunt's only son.

Sunny snorted heavily, glared at Tom, and then left.

She turned around and said to Tom, "Don't tell anyone about today!"

What else could Tom say? He could only nod immediately.

After confirming Sunny had left and wouldn't come back again, Tom breathed a sigh of relief and rubbed his chest. He exhaled a mouthful of air with blood. Fortunately, his body was very strong, or else he really couldn't bear Sunny's slap.

And most importantly, Sunny's strength seemed to have regressed from before, which was a little strange. Otherwise, with Sunny's strength, that slap just now would have destroyed his heart.

Back in the big villa, Tom found Elizabeth and James had already

woken up. After greeting them, Tom quickly went to take a bath and washed all his marks.

When he came out of the bathroom, Phoebe came out as well. Fortunately, Phoebe was an ordinary person and did not notice that he was injured. Otherwise, she would be worried about him.

This time, the injury was not too serious for Tom, but he needed some time to recuperate. He got injured for no serious reasons.

After Sunny returned to her place, her heart kept beating much faster than usual, and she couldn't calm down.

The meeting with Tom just now was

unexpected. If she had known, she shouldn't have gone to Tom today, and this wouldn't have happened.

She couldn't help but touch her face, looked at herself, and muttered to herself, "Tom seems to be mesmerized by my face. Am I really that beautiful?"

Then, she thought about what happened next. Tom offended her and took off her veil. She was so angry that there was something wrong with her Qi Circulation. Then she was held by Tom...

In particular, her breast was touched by Tom.

It was like an electric shock. She had never experienced it before.

Strangely, at that time, she did not seem to have the disgust she had imagined but felt shy, angry, and flustered.

The more she thought about it, the more inappropriate she thought it was. This was something she had never experienced before, and especially some thoughts made her feel scared and ashamed. She quickly got rid of them and began to sit cross-legged, beginning to meditate.

Soon, one night passed, and by the next day, she had returned to normal. There was only one day left before the weak period was over. As soon as today passed, she could return to the full bloom of cultivation, the fourth stage of the Innate Realm.

Moreover, after the weak period, she had a little bit of improvement in her cultivation. If she confronted Sean again, she would be able to beat him.

And soon, she could return to the organization and meet her aunt.

However, at this moment, she suddenly sensed something, and her face suddenly changed. She looked in one direction quickly.

In that direction, the sound of footsteps came...

She found the interval of the footsteps was three times longer than that of ordinary people. That was to say, this person was running towards her at a very fast speed. When Sunny realized

the danger, the sound of footsteps seemed to have reached the door!

Then, the door opposite her was kicked open and fell down with a bang. At the same time, a slender figure appeared at the door with a wicked smile on his face and stared at her maliciously. "I have long heard that Sunny, the most beautiful woman in the Western Territory, has a flaw in her skills. Every once in a while, she will be in a weak period, and her cultivation will continue to decline. I didn't believe it before, but now it seems that you have fallen to the second stage. The rumor seems to be true."

This person was Sean!!!

Chapter 474

When Sunny saw Sean, her expression changed and she was filled with horror. She never expected that Sean was so reckless that he would come to her!

Normally, Sunny was not afraid of him, but now her power was on the wane. Yesterday, she was still in the third stage of the Innate Realm, but now she had fallen to the second stage. That was her weakest moment.

Then, her cultivation level would fall even further to the first stage! Only after that low point did she slowly recover her cultivation.

This was both the flaw and the mystery of her martial arts. As long as she

successfully got through this period of decline, her cultivation was bound to be improved.

Nonetheless, the most important thing was that few people knew her secret. How could Sean know it?! The only possibility was that someone had betrayed her. Who was that person?

In an instant, many ideas occurred to Sunny.

The last few times when her power waned, she had gone through it perfectly by hiding herself away. But now, Sean found her. It was obvious that Sean was up to something evil.

Even with Sunny's composure, she could not help but panic.

She did nothing but turn around and run the moment she saw Sean!

However, she did not run towards the door, which was already blocked by Sean. With her current strength, she was no match for him. Therefore, she could only run in another direction.

She swiftly rushed straight to the balcony, jumped out of it with her legs bent and got directly to the opposite building like a huge spring.

Seeing that she was so decisive, Sean did not chase her immediately. Instead, the corners of his mouth rose and he revealed a playful and excited expression, "Sunny, I don't expect you to really be in your weak period. You have already fallen to the second stage.

In the next few hours, your cultivation will fall further... You can't run away. You are destined to be my woman... You have the ice element constitution the best furnace for dual cultivation. As long as I get you, I will definitely break through the fourth stage and reach the Major Perfection Realm!"

After saying this, Sean took a step forward and in the blink of an eye, he was already on the balcony. Then he bent one foot and jumped directly over. The distance of more than ten meters was easily crossed by him. He did all this much more easily than Sunny did.

There was no way. He was now the most powerful person in the fourth stage, while Sunny had fallen to the

second stage. Besides, her cultivation was still declining, so it was hard for her to escape.

Now she clearly felt that Sean had locked her breath. It was impossible for her escape this time.

Sunny was a very courageous person as well as a martial arts prodigy. She broke through to the Innate Realm at a young age, and her status in LT Organization was very high. Coupled with her cool personality, she rarely panicked. However, she was now really starting to panic because it was obvious that Sean was up to something evil. She would rather die than be bullied by Sean!

However, she couldn't die yet. She still

had a lot of things to do. Most importantly, she hadn't helped her aunt fulfill her long-cherished wish to see Tom. She had to survive.

She ran away with all her strength.

After all, she had been through a lot of trouble before. After a short panic, she quickly regained her composure. She understood that it was useless to panic at this time, and she had to find a way out.

Today was her last day of weakness. As long as today was over, she wouldn't have to be afraid of Sean tomorrow!

She could even join forces with Tom and find a chance to kill Sean!

Sean soon caught up with her. He

walked leisurely and looked particularly relaxed. Looking at Sunny, who was running away in a hurry, he was very proud. It was like a cat chasing a mouse. He could clearly feel that Sunny's cultivation was still falling!

He had a whole day to torture Sunny. He was in no hurry.

Moreover, over the years, Sunny had been doing well in LT Organization and often put on airs in front of him, so he had long disliked Sunny. Now that he had the chance, of course he would make fun of Sunny. When he saw Sunny's desperate and panicked look, he felt even happier and his despicable desire was satisfied.

"Sunny, you can't run away. You'd better give up and cooperate with me." Sean's voice, which was like a devil's voice, sounded behind Sunny, constantly disturbing her emotions.

Sunny clenched her teeth and said angrily, "Sean! I advise you not to go too far. You are trying to kill your colleague. I am from the Western Territory. If you kill me, the Saint King will never let you off when he knows it!"

However, Sean was not afraid at all. Instead, he laughed, "Sunny, I'm not going to kill you. I'm just in love with you and want to have dual cultivation with you. As far as I know, you're still a virgin and the Yin force in your body is very strong. If I'm the first man to have

sex with you, I will definitely reach the fifth stage of the Innate Realm, the Major Perfection Realm!"

After saying that, he quickened his pace and drew closer to Sunny. The distance between them was less than ten meters. He could even smell the fragrance from Sunny's body. He took a deep breath and was very intoxicated.

Sunny noticed that Sean was getting closer and closer, and she was even more anxious. At the same time, she was embarrassed and annoyed!

Sean was so annoying that he had the nerve to have designs on her. If it was at her peak, she wouldn't have to fear Sean at all. If they really fought, Sean

was no match for her!

But now, when she was going through a period of weakness, she was bullied by this bastard.

"Sean! You're risking your neck!!"
Sunny cursed, "Also, I don't have ice element at all. Even if you and I have dual cultivation, it will not work. Once you have sex with me, you will be my lifelong enemy. I will never let you go! Sean, you know me. Don't act recklessly!"

Sunny felt that her cultivation was constantly declining like an hourglass. In addition, she was running as fast as she could now, which consumed a lot of energy, making her cultivation decline faster.

She even started to pant.

If it was at her peak, this would not have happened at all.

Sean laughed even louder. Now his expression was even more playful and obscene. There was a perverted satisfaction in his expression. He could catch up with Sunny very quickly, but he didn't do it. Instead, he walked slowly and enjoyed Sunny's panicked escape.

"Really?" Sean smiled and said, "Sunny, it doesn't matter even if you're not of ice element. I fell in love with you at first sight. It will be a good thing if I can have dual cultivation with you. Thus, I think you'd better not run away and

accept my love for you obediently. Besides, with our good genes, our child must be an outstanding person."

When Sunny heard his words, she was so angry that her body trembled. Several times, she almost couldn't hold back her urge to fight with Sean desperately!

She simply did not say a word. She looked at the building getting closer and closer, and a glimmer of hope rose in her heart...

If she could hide in the building, she might be able to buy some time!

Chapter 475

In front of them lay Master Chou's headquarters, in which located a secret room. If Sunny could successfully enter before Sean arrived, then she still had hope of delaying it until tomorrow.

The key now was to let Sean off guard and took advantage of this opportunity!

She was getting closer, and there were less than a hundred meters left.

Even with Sunny's calm character, her heart was beating faster with turbulent emotions.

Sean noticed something was wrong.

Sunny's speed increased sharply, and she was actually tens of meters away from him in an instant.

"Something's wrong..." Sean frowned. Soon, he realized it. He sneered and said, "Sunny, you're still struggling at this point. Do you think you can escape from me?"

As he finished speaking, Sean's speed increased dramatically. He was planning to take Sunny down directly.

Sunny immediately felt tremendous pressure. She clenched her teeth in an instant and burst out with all her potential. She planned to borrow all strength she could, which was suddenly all focused on her legs, making her speed to soar. She actually

pulled away from Sean and rushed towards Master Chou's headquarters like an arrow. In less than two seconds, she had already entered.

Just then, Master Chou came out and saw this scene. He widened his eyes and heard Sunny's voice. "Put on the level one defence and help me hold Sean off. He's going to hurt me!"

As soon as she finished speaking, Sean had already come over. He laughed out loud with his eyes brilliant and sharp, and he gathered a powerful strength as if the advent of a monarch, he smiled ferociously at Sunny. "Sunny, you can't run away! Just now, when you tapped your final potential, you have already fallen to the first stage of the Innate Realm. Nobody could be able to stop

me even God!"

Sunny went mad. She had no other choice but to trust Master Chou to hold Sean off. Even if it were just a few seconds, she could enter the secret room; till then, Sean would not be able to do anything about her.

Master Chou was stunned for a second by such a drastic change. He had never seen Sunny in such a mess, nor had he thought that Sean would be so bold to attack Sunny! After all, Sunny was from the Western Territory, let alone Sunny was one of the most powerful masters in the fourth stage of the Innate Realm.

But things had already happened, and he had no other choice but to make a

decision. He immediately shouted, "Enemy attack! Everyone defends, take this man down!"

In any case, Master Chou was the underground emperor of H City. He had a lot of underlings and hundreds of thugs were guarding the headquarters. When these people heard his order, they immediately began to approach Sean.

They reacted extremely fast. Soon, they got the weapon, showing great professional qualities.

Master Chou himself also took out a piece of a soft sword from the hilt hanging his waist. He flung the sword that immediately straightened up and stabbed to Sean.

Master Chou was not a master of the Innate Realm. His strength was only close to the Extrinsic Peak. The gap between him and Sean was infinitely large. His challenge to Sean was nothing but seeking death.

But he still did it, because he had been loyal to Anna all his life, and she sent Sunny here, who could also be regarded as his master, so he did not think much to attack Sean, just like a flying month darted into the flame, burning his own life.

When Sean saw the person who was merely close to the Extrinsic Peak dared to attack him, he was so angry at once with his eyes widened, he snorted heavily and scolded, "You're looking

for death!"

Facing Master Chou's attack, he did not dodge at all. He directly slapped the soft sword with his strong strength, the soft sword, which was hardened with special materials, could not withstand his injecting strength, as if it was broken glass, shattering inch by inch and falling to the ground like ice!

At the same time, Sean also hit Master Chou's chest with his hand. With a loud bang, Master Chou's chest obviously dented, and his whole body flew out like straw. He was slammed into the wall, and spat out a mouthful of blood.

Instead of screaming, he smiled. He had bought Sunny at least three

seconds, and the rest was left to his men.

At this moment, a large group of thugs surrounded him, being ferocious when they saw that Master Chou was injured.

"Master Chou!!"

"Fuck you! How dare you hurt Master Chou? You're screwed!"

"Brothers, beat the hell out of him!!!"

These thugs all were powerful young men. One by one, they saw that Master Chou's chest had hollowed and was dying. Their eyes turned red with wrath. Not only were they not afraid, but they were full of hatred and murderous intent towards Sean.

When Sean saw this, he frowned slightly. In his opinion, even if there were a hundred people in front of him who surrounded him completely, they were just as powerless as ants.

"Get out of me!" He didn't mean to fight with these thugs and scolded them directly. The overwhelming inner strength emanated from his body, scaring them away. He only wanted Sunny.

Six seconds had passed. According to Sunny, he didn't have much time left. If Sunny ran to the secret room to hide as she said, there was nothing he could do about her.

His strength was imposing, putting a

lot of pressure on these hundred thugs, but they did not retreat because of this, as the dying Master Chou said a sentence: "Take revenge for me, kill him.."

Master Chou was the underground emperor of H City, not by his force, but by his personality and charm. He had a talent that no one else had in using people. All his men were loyal to him, just like he was to Anna.

"Go ahead! Take revenge for Master Chou!!"

"Kill him!!"

"Kill him.."

In an instant, hundreds of people rushed towards Sean like pumped with

adrenalin, submerging Sean in instant.

Sean became extremely depressed with his face suddenly changed. He was not afraid of these people. No matter how many people came, they were just a group of ants. However, he was delayed for a long time. No matter how immense his strength was, it was impossible for him to subdue so many ordinary people who faced death unflinchingly in a short time.

This meant that Sunny was going to escape.

And this was not the result what he wanted!

He immediately became angry, and a murderous intent appeared in his eyes.

"You are looking for death!!"

He began to fight back at an extremely fast speed, almost beyond the extent that ordinary people could capture.

Bang...

He made a series of attacks with his fists and feet together, and every time he hit a thug, the hit person would be seriously injured, or even die on the spot.

In the corner, Master Chou, who had completely lost his ability to fight back, was unable to move, looking at this scene, his eyes were full of hatred, anger, and shame...

He said, "Bros, I'm sorry for you all..."

Tears streamed down his face, and his heart ached painfully.

Then, with difficulty, he reached into his trouser pocket, took out his cell phone, and made a call. After waiting for a few seconds, fortunately, the phone was connected, and Tom's voice came from inside. "What's the matter?"

Master Chou's tone was weak and he clearly choked. "Young Master, Sean comes to us. He knows about Master Sunny's weakness. It's dangerous..."

Chapter 476

"What?!"

In a luxurious private room, several people were having dinner. They were all big shots from all walks of life in G State. They specially invited Tom to come to this dinner.

When Tom received Master Chou's call, he was so shocked that he stood up abruptly, scaring everyone present!!!

Tom was in a good mood today, so he accepted the invitation of these big shots to come over for dinner. However, he never expected to receive such a call from Master Chou!

In particular, Master Chou's dying voice on the phone was something he had never heard before. In addition, what Master Chou said made his blood freeze, and his anger burned from his chest to his forehead!!

"Where are you? I'll be right there!" Tom said in a low voice.

Master Chou's weak voice came from the phone, "H... Headquarters!"

At the same time, Tom heard the cracking sound of fighting on the spot, which sounded so thrilling.

"Okay! Wait for me. I'll be there in five minutes... No, I'll be there in two minutes!" Tom said, more seriously and decisively than ever before.

Master Chou's relieved voice came from the phone, "Okay, young master, we'll wait for you..."

With a snap, Tom crushed his phone. Then, he took a deep breath and said to the people in the private room who were looking at him in surprise, "I'm sorry. Something happened to my friends. I need to deal with it right away. Excuse me, but I must be leaving now."

From Tom's serious expression, they could tell that something terrible must have happened. They did not dare to detain Tom. They quickly stood up, waved their hands, and cupped one hand in the other. They told Tom it was okay.

Tom nodded and did not say anything more. Time was money for him now.

He didn't choose to take the elevator as it was too slow. It was also slow to go down the stairs. The fastest way was to jump out of the window.

Thus, he made a move that made everyone in the room dumbfounded and even scared!

He walked towards the window and soon stood on it.

"This..."

Everyone in the room was stunned and dumbfounded when they saw him do this. They couldn't understand Tom's behavior for a while.

It wasn't that they didn't have enough imagination. They were now on the twenty-eighth floor, which was nearly a hundred meters high. Even if the strongest person jumped from here, he would die.

"Mr. Howard, ugh, the door is in that direction..."

Before he could finish his words, Tom jumped down.

In an instant, there was an uproar in the room. Everyone was scared and their blood froze!

"Oh my god! What is Mr. Howard doing!!"

"Is Mr. Howard crazy?"

"Something bad happened. Mr. Howard jumped off the building..."

All of them exclaimed, including Elliot, who came with Tom. Now he was also stunned. He quickly walked to the window and looked down, only to find that Tom didn't die.

Now Tom was running fast on the opposite tall building at top speed. After a while, he was getting further and further away, becoming a small black spot. Finally, he disappeared.

Everyone in the private room walked to the window. When they saw this scene, their blood froze. Their faces were much paler, and their expressions were full of horror, as if they had seen a ghost!

They knew that Tom was very good at fighting and was known as the top fighter in G State. However, they were now on the twenty-eighth floor, which was nearly a hundred meters high. People with acrophobia would be scared and their feet would tremble if they looked down.

Tom jumped down like this, but he was safe and sound. He sped through the city's buildings and was out of sight in a dozen seconds.

This kind of thing was too shocking for them!

It could be said that it completely overturned their previous understanding.

At the same time, they had a deeper understanding of Tom and were more in awe of him. They almost regarded him as a god.

Tom was not a high-profile person, and he didn't like to show off. If he had enough time, he wouldn't jump out of a window.

However, this was a matter of some urgency, which didn't allow him any delay. Thus, he could only rush to the headquarters where Master Chou was in the shortest time.

He didn't know what exactly happened, nor what Sunny's period of decline was. Nonetheless, he was sure that Sean had launched an attack and Sunny's condition was very critical.

Besides, Master Chou was seriously injured, and even his life was in danger. He had to rush over to rescue them.

"Sean!!"

Tom gritted his teeth and shouted the name. Now he was extremely angry with Sean. He hoped that Master Chou was still alive and Sunny was not killed. Otherwise, he would kill Sean, the bastard, with his own hands!

He kept picking up speed.

He used all his strength to run quickly. He was now dressed in white, jumping from building to building in the city. After finding the location of Master Chou's headquarters, he ran straight to it.

Only in this way could he get there as soon as possible.

Otherwise, it would take an ordinary person at least half an hour to drive there.

If those so-called parkour masters saw what he was doing now, they would be struck dumb with fear. They would throw themselves down at Tom's feet in admiration. In front of Tom, all parkour masters were trash.

Every step Tom took now was a distance of more than ten meters. As he passed between two buildings 30 meters apart, he dived with all his might and landed perfectly.

This was already his fastest speed.

Fortunately, there was no one on the roof. Otherwise, his behavior would definitely cause a commotion or even panic.

However, even he was on the roof, someone noticed him.

They saw him through a few windows on the side.

"Mom, look, there's a white superman flying!"

"Sweetheart, there's no superman in this world. You've watched too many cartoons."

"Mom, I'm serious. If you don't believe me, look!"

This was a conversation between a

child and his mother.

A white-collar worker in an office building also noticed him. He spat out a mouthful of coffee and widened his eyes, "Superman, superman! Look, superman!"

His strong reaction shocked everyone else in the company.

"Hey, this trick is so old-fashioned that I stopped playing it in junior high school."

"Yes. There's no superman. Why don't you say you've seen Santa Claus?"

"I'm serious. I'm not lying to you! On the opposite building, there is a superman dressed in white moving at high speed. He's faster than

Spiderman!! If you don't believe me, see him for yourself!"

The young man was so excited that his face turned red. He pulled two colleagues near him to look outside. But by this time, Tom had already left and had long disappeared.

Similar things happened in several places. Even those who were walking along the road saw him when they looked up.

However, because Tom was so fast that no one could take a picture of him. This led to a legend about superman in H City...

Tom did not know that he had caused a disturbance. He was now in a

mysterious state and kept running forward. His speed had reached more than 300 yards per hour. The wind gave him great resistance. He had to squint his eyes and move forward with his arms tightly pressed against his body. Only in this way can the resistance be reduced and the speed be increased.

He ran much faster than when he chased Sunny the other day. He could feel the rapid depletion of his physical strength and the burning of all the cells in his body.

Finally, a minute and a half later, he arrived, looked down, and saw the headquarters opposite...

Chapter 477

A minute and a half passed quickly for Tom. He didn't even feel the passage of time.

But for Master Chou, it was an unprecedented ordeal.

He watched with his own eyes that his men rushed towards Sean like flying moths which darted into the fire, and then Sean knocked them down. His men had no ability to fight back.

In the end, all of his loyal men fell, and more than a dozen of them died on the spot.

There was nothing they could do. They were too weak when they were

compared to Sean. Even if they had weapons in their hands, they were no match for Sean.

After a while, all men of Master Chou lied on the ground in a mess. The scene was very pessimistic.

Sean didn't get injured. At most, he was sweating on his forehead as he exerted some strength. However, as he took a long breath and exhaled, he was back to normal.

He lowered his head and glanced across the room, showing a disdainful look. "Hmph, you ridiculously overrate yourselves. You are over-confident. The number of men means nothing to me!"

When Master Chou heard Sean's words, he sighed heavily. He was extremely angry and painful. He closed his eyes and felt more helpless. There was no other way. Sean was so powerful that Ye couldn't be stopped by a small person like him.

The only thing he could count on now was that Tom could come over in time.

But he knew that the possibility was not high.

Sean simply tidied up his clothes. When he saw that there was some blood and dirt on his clothes, he frowned deeply and was very angry!

He was a clean freak and cared about his image much. Now, he was stained

with the blood of these ants, which made him very angry!

"Damn it! You ants!"

Sean said fiercely. Then, he frowned as he couldn't feel Sunny's breath. She ran away!

As he thought about this, he became even angrier. He punched the wall next to him and a hole was made!

"Sunny, I know you're still here. You can't run away! Come out now, or else, don't blame me for killing!"

Sean said coldly, his face full of coldness.

However, Sunny did not come out. Only the screams and wails of Master

Chou's men were heard at the scene. This made Sean look even more ferocious. He thought about it and began to walk towards Master Chou with a grim smile. "You're Sunny's man. She told you to hold me back just now. You must know where she hid!"

Almost instantly, Sean walked up to Master Chou, stepped on Master Chou's foot. Ye stared at Master Chou condescendingly as he said.

Master Chou was in pain, but he didn't scream or beg for mercy. He closed his eyes and even smiled. He said, "Sean, you can't find Master Sunny. When she comes back tomorrow and recovers, you will die... Ah!"

Sean stepped hard. Master Chou

couldn't stand it and finally he screamed.

"You're looking for death!" Sean's expression was ferocious, and his eyes were filled with murderous intent. He glared at Master Chou fiercely. "I'll give you one last chance. Tell me, where did Sunny hide? Otherwise, I..."

Before he could finish his sentence, Sunny's voice suddenly came from a horn in the corner of the wall. "Sean, you beast, how dare you kill your fellow disciples! When I go back to the organization and tell the Saint King, you will die!"

When Sean heard this, he suddenly looked in the direction of the horn. His eyes were as sharp as lightning. He saw

a camera beside the horn, and he immediately understood that Sunny was still here. Through the camera in the corner, she could see the scene in the hall.

"Sunny!" Sean stared straight at the camera and said, "You're still here. I'll count to three. Come out, or I'll kill him!"

As he spoke, Sean opened his right hand and grabbed Master Chou's head. As long as he exerted his strength, Master Chou's head would explode.

Indeed, Sunny had not left yet. She hid in a secret room, which she had asked Master Chou to make especially. It was made of thick steel plates. Even a

master at the Major Perfection Realm of Innate Realm could not demolish it violently.

Even with a laser gun, one could not shoot it through. Only the legendary master at Immortal Realm could break through it.

Now she saw Master Chou being held in Sean's hand. Her heart ached so much as she saw that Master Chou was at his last gasp.

Just now, she saw how Master Chou had helped her to get more time. No matter how cold and heartless she was, she couldn't help but be moved as she saw that those subordinates, in particular, were like moths who darted to the fire and risked their lives.

At the same time, her hatred for Sean became stronger.

Facing Sean's threat, Sunny's lips were about to bleed as she bit it tightly. She cursed angrily, "Sean! He is also a member of the organization and a servant of the previous Saintess. If you kill him, you kill your fellow disciples. The Saint King will definitely not let you go!"

When Sean heard this, some fear flashed across his face, but it disappeared immediately, and he burst out laughing. "Sunny, you're dying. How dare you scare me? Saintess? Anna is a sinner now! She brought shame to the organization! If it weren't for the Saint King's nostalgia, he would

have killed Anna long ago! As for Anna's servant, he is nothing. Even if I kill him, I'm not killing my fellow disciples, but cleaning up the scum for the organization!"

As he spoke, he exerted more force. Master Chou was trembling with pain.

But he still held back and did not scream out, and he even shouted, "Master Sunny, you don't have to care about me! Take care of yourself, and avenge me when you recover tomorrow! Unfortunately, I can't see the day when the Young Master becomes really powerful..."

Two lines of regretful tears streamed down the corner of Master Chou's eyes.

Sean's expression became even uglier. In his eyes, Master Chou was just an ant, and this ant dared to resist him. Master Chou really didn't know the difference between life and death.

"Since you want to die, I'll make it happen!" Sean said this in a cold voice, and then he was about to do it. He wanted to crush Master Chou's head directly.

Master Chou closed his eyes. There was no fear or panic on his face, and he looked very calm. One could see that he looked a little reluctant and ashamed. He muttered in his heart, "Miss, I am incompetent. I can't finish the task you gave me..."

"Enough!!"

Just then, Sunny couldn't bear to see it anymore. She said in a hurry, "Sean! You want to improve your cultivation and reach the Major Perfection Realm, the fifth level of Innate Realm, by having sex with me! I promise you!"

In the secret room, Sunny gritted her teeth and said this. After saying this, she seemed to have lost all her strength. At the same time, her current cultivation also fell directly below the Innate Realm...

"Hahahaha..." Sean was overjoyed. He let go of Master Chou and laughed. "Sunny, if you make this decision earlier, nothing will happen..."

Suddenly, he felt something. He turned his head abruptly and looked towards the door. Suddenly, he saw a tall and slender figure standing there. The man at the door was staring at him with a murderous look in the eyes.

It wasn't anyone else but Tom.

He finally came!!!

Chapter 478

Yes, Tom made it. He saw the mess on the ground and hundreds of people lying on the ground groaning in pain. They were seriously injured and were very miserable, and more than a dozen of them were dead.

Master Chou was the most miserable. His chest was dented and he was dying. He seemed he was about to die at any moment. Sean grabbed his head and kept tightening his grip. He wanted to break Master Chou's head.

When Tom saw this, a torrent of anger swept over him!

He clenched his fists, which were tighter than ever. Even a piece of

stainless steel could be crushed by him.

This anger rushed straight into his mind, making his eyes red and bloodshot. He stared at Sean. If eyesight could kill someone, Sean would have been cut into pieces by him.

Sean was stunned when he saw Tom. Then he let go of Master Chou and said with a smile, "Oh, it's Mr. Howard. You came just in time. It seems that bitch Sunny tipped you off."

Master Chou turned to look at Tom. He smiled happily and whispered, "Young Master, you're here..."

In the secret room, when Sunny saw Tom coming, her heart immediately

rose!

"Oh no, why is Tom here?"

Sunny's face was full of worry. She could not calm down because she had fought with Tom and Sean. She knew very well that Tom was not Sean's match at all with his current strength.

The gap between each stage of the Innate Realm was not small. Especially after the third stage, the gap became even bigger. Tom was only in the third stage. No matter how talented he was at fighting, he couldn't defeat Sean.

"Tom, go. You're no match for him!"

Sunny shouted.

Tom heard her voice and looked up at

the camera on the wall. He shook his head and took a deep breath. In an instant, he suppressed his anger and regained his composure. He said, "I won't leave. I swear I'll destroy Sean today, or I won't have the face to live!"

After saying the last word, Tom's eyes widened and shone brightly, like two dim oil lamps, which suddenly turned into two high-power headlights, making Sean unable to open his eyes.

Of course, Tom's eyes would not light up. He brought such an illusion to Sean through mental interference. In fact, the people present who didn't fall into a coma felt Tom's eyes shining with a terrifying light, and his body containing terrifying energy that was enough to destroy the world!

Sean's expression changed. He didn't expect Tom would interfere with his mental world and even bring him a sense of danger!

This was something he could not tolerate.

He roared and soon returned to normal. Tom attacked, and he did not dodge, but chose to fight hard and defeat Tom with a crushing force!

At that time, he could threaten Sunny with Tom again. He wouldn't have to be afraid that Sunny wouldn't come out.

He had a good idea, but he underestimated Tom's strength.

Tom felt his blood was boiling all over.

In fact, Sean's actions had greatly aroused his desire to kill. If he did not kill Sean, he would spend the rest of his life in regret.

He knew that Sean was in a higher stage than him, but so what? Ever since he stepped into the Innate Realm, his every opponent was of higher cultivation than him.

So he was confident that he could defeat Sean.

Although Tom was in the third stage of the Innate Realm, his strength was already infinitely close to the fourth stage. In addition, a while ago, on the precipice, he was constantly refining himself in situations concerning life and death, and he had such strong

willpower that ordinary people could not have.

To put it bluntly, the pressure Sean was putting on him now was far less than he had experienced on the cliff.

So he was able to bring out his full strength without any fear of Sean.

Tom's fist technique was marvelous and suitable for close combat. It was combined with some traditional skills, but not all of them. The speed of the fist was very fast, and the strength was extraordinary. Each punch contained tens of thousands of pounds of energy, which was very scary. Even Sean felt a lot of pressure.

His fists were as fast as arrows. Tom

pounced on Sean and attacked him ferociously!

The corner of Sean's mouth rose and a teasing smile appeared. "It's interesting. It seems that I underestimated you."

Then Sean also began to fight back. His fist was more subtle. Facing Tom's countless fists, he was on defense. And now he was like a quagmire, which could absorb Tom's fierce attacks.

Tom immediately felt all his attacks seemed to hit the mire. He was also affected by Sean. He felt as if there was a whirlpool in front of Sean, an invisible resistance, which cushioned his attacks a lot.

Tom knew that this was Sean's brilliant skill.

No matter how ferocious his attack was, Sean was able to resolve it calmly. In this way, he had to exert too much strength, while Sean didn't have to. Over time, he would use more his physical strength than Sean. When it was time, Sean would launch a fierce counterattack, and by that time, he would be defeated!

It had to be said that Sean was really a top player, and the most powerful people Tom had met so far. Peter and May could not last two rounds in front of Sean.

Tom tried to crack Sean's skills, but his several attempts failed. He even felt

that his physical strength was more exhausted. Sean was like a whirlpool, constantly absorbing his physical strength.

Sean laughed. "Tom, you bastard, is that all you can do? You can't even break my defense, haha."

Tom did not say a word. His brain was running wildly. Every skill had a flaw or two, and Sean's was no exception.

The damage caused by the two of them was great. After a while, the place became a mess. Those who had been lying on the ground also used all their strength to hide in a place far away, afraid of being affected by the fight.

Master Chou was also moved aside by

his two men. His eyes were fixed on Tom and Sean. He was extremely nervous. Suddenly, he regretted calling Tom. If Tom was no match for Sean, then he was the one that got Tom into trouble.

He didn't think it through.

But for now, he could only put his hope on Tom and pray that Tom could have an invincible might and defeat Sean!

Bang bang...

Their fight was more intense than the one between Tom and May. In a short while, they moved to a small warehouse opposite them while fighting. In less than a minute, the entire warehouse collapsed, bringing

huge noise and dust all over the place. The two of them quickly ran from the ruins.

They were both injured now and looked like a mess.

There was some blood oozing from the corner of Tom's mouth. Just now, he was punched by Sean, and Sean was kicked by him.

They stopped for a moment and looked at each other. Sean looked down at a footprint on his stomach and his face was a little pale. Tom's kick just now had caused him a lot of damage, and he felt his intestines were about to be broken. He could feel the Qi Tom used was circling in his stomach. He spent a lot of time "digesting" it.

Tom was punched in the shoulder. His shoulder was dislocated and he twisted it back. Even so, he was also injured, which affected his strength.

The two of them stopped in tacit agreement and quickly adjusted their state so as to give each other a fatal blow!

Sean stared at Tom with hatred in his eyes and said, "You bastard, I have underestimated you. I didn't expect you to grow to this level! However, your good days are over. Today is the day of your death!"

Tom was angry at Sean calling him a bastard several times. He said, "Sean, I heard that on the day your mother

gave birth to you, none of your many fathers came. Your mother still doesn't know who your father is. Because the men she had had sex with were as many as the stars in the sky. That's why your given name means "stars." Sean, no wonder you often call other people bastards. You are the biggest bastard. You have as many fathers as the stars in the sky."

Tom's words were so vicious that Sean exploded as soon as he heard them. He shouted, "Tom, fuck you, you are going to die for this!"

He was so angry that he didn't want to rest anymore. He wanted to kill Tom with a slap.

Tom sneered when he saw that Ye Tom

was enraged. Now that he had restored his strength and Sean's Qi Circulation was ruined because of anger, he was definitely no match for him.

Chapter 479

Sean's technique was exquisite, but he had flaws, and Tom had a way to deal with him.

Through the fierce battle just now, Tom had roughly figured out Sean's tricks in Kung Fu.

Sean's technique was similar to a non-newtonian fluid. The greater the external force, the tougher and more indestructible he became. Some non-newtonian fluids with strong characteristics could not even be penetrated by bullets. On the contrary, if the external force was weaker, the non-newtonian fluid would be softer and could be easily broken. It was truly wonderful.

So the more ferocious Tom's attack was, the more relaxed Sean became. If Tom could not break Sean's defense he would be exhausted in the end.

Fortunately, Tom was smart enough. He quickly found a way to deal with him. That was why he could hurt Sean just now.

So he had to become passive rather than take the initiative. In this way, Sean couldn't use his subtle technique. Instead, Tom could copy Sean's technique!

Sean grew up in LT Organization, so he thought that he was the noble descendant of god in this world but Tom was just a mortal. Even if Tom

broke through to the Innate Realm, he was still a nobody. The difference between him and Tom was like a prince and a beggar!

But now, he was insulted by a nobody, which was absolutely unacceptable to him. After all, he was an arrogant man!

His movements were very fast. Instantly, he crossed eight meters to be in front of Tom. Then, with a punch, he was no longer soft, but unparalleled. He did not hesitate to consume his physical strength to crush Tom, to trample Tom's face under his feet, and to humiliate Tom as much as he could!

Tom also felt the pressure when he faced Sean's attack. No matter what, Sean was one level higher than him,

who had been in the Innate Realm for a longer time than him. The gap in experience was not so easy to erase.

"Good!" Tom burst out laughing. At this moment, he was brave. His black hair stood up, and his clothes were puffed up by his momentum. In an instant, he seemed to have grown several meters higher out of thin air and became a giant.

Of course, that was an illusion. The fact was that Tom's momentum was constantly rising.

Now Tom was in a state of excitement. It was rare for him to meet an opponent like Sean. Therefore, he was going to have a good fight with Sean.

Sean began to attack Tom fiercely.

Tom began to defend. He copied Sean's tricks directly and absorbed all Sean's fierce attacks.

At first, he seemed a little rusty. He almost failed to defend himself several times. Fortunately, he reacted quickly. After a dozen moves, he mastered the technique and seemed to have a whirlpool in front of him, absorbing all Sean's attacks.

When Sean saw this, his eyes widened and he cried out in horror, "That's impossible!"

Tom smiled. "There's nothing impossible, Sean. You're nothing more than that."

In fact, Sean was shocked by Tom!

Actually, his whirlpool technique was one of his best moves. He had practiced it for many years before he became proficient in it. But when Tom was fighting against him, Tom was able to learn his best move. And the move was put into use by him in a smooth way. No wonder Sean was startled.

He even developed a trace of fear and deep jealousy. He realized that Tom's fighting talent was abnormally great. After all, it was extremely difficult to replicate one's opponent's skills in battle.

But now Tom did it...

For a moment, Sean's intention to kill

Tom became even greater. He could never allow such a person to further improve. He had to kill Tom once and for all.

Tom felt Sean's intent to kill him. He sneered. Sean wanted to kill him, but he also wanted to kill Sean.

"Sean, if you have any other trump card, just use it. Otherwise, you won't have a chance later." Tom said.

Sean looked gloomy. He was a little anxious now and snorted coldly. "Little trick. I'll let you see what's really powerful!"

As he spoke, his eyes began to darken, as if they had been embellished with ink. Even the whites of his eyes turned

black strangely. At the same time, Sean retreated his right fist, and spun, directly driving the air around him and forming a small tornado. He received it from his lower abdomen and then rushed towards Tom.

Whoosh!

The speed was so fast that even Tom couldn't see him clearly, and he felt an unprecedented danger that his scalp tingled.

What a strong punch!

In an instant, the idea of avoiding it appeared in Tom's mind.

He saw that Sean had used some kind of secret method to stimulate his potential. At this moment, Sean's

deep. After six steps back, Tom stopped.

Tom looked shocked. He didn't expect Sean's punch to be so powerful. Fortunately, his fighting instinct was very strong and he made the most correct reaction in time. Otherwise, once the punch hit his body, he would lose his fighting ability directly.

But Sean was even more shocked. He did not expect Tom to be able to escape his punch. He had already reached the level of the Major Perfection Realm. Even he himself was unable to bear it with his own strength.

"Damn it!"

Sean couldn't help but curse, and his

cultivation directly broke through the fourth stage of the Innate Realm and reached the Major Perfection Realm!

His development of the brain's capacity went directly to 25%. So Tom could not bear it, and he chose to back off immediately.

However, Sean's speed was too fast for him to dodge. In a hurry, he quickly raised his arms and blocked his chest.

Bang!

The punch hit him right on his elbow, and it hurt so much. The huge impact made him retreat continuously. Thump, thump, thump, thump... He stepped on the ground, leaving a footprint at least five centimeters

breathing began to quicken. He gasped heavily, and a lot of sweat broke out on his forehead. After all, the punch cost him too much physical strength. Even though he was an expert in the Innate Realm, he couldn't bear it.

He looked at Tom, gritted his teeth, and cursed in his heart. What kind of freak was he? Tom was merely a loser at the third stage of the Innate Realm, but he was excellent in fighting!

Tom realized that Sean was exhausted. His eyes blinked. Then he shook his arms and was about to grab the good opportunity. Then he rushed towards Ye Xicheng and fought back.

Sean felt bitter and agitated. He had never expected that he would have

wasted so much of his energy on Tom but even couldn't take him down!

"What kind of monster is this bastard?!"

Facing Tom's attack, Sean did not dare to fight back and began to retreat.

He wanted to use the whirlpool technique again to absorb Tom's attack. Unfortunately, Tom had already figured it out and did not give him a chance to do it at all. After a few moves, Ye wasted more energy.

Sean was now completely at a disadvantage. Seeing that he was about to be defeated by Tom, he looked panicky and regretful. However, when Ye lowered his head,

Tom did not notice that Ye was
planning on something evil...

Chapter 480

Tom broke through Sean's defense, kicked him in the waist, and kicked him out hard. Sean fell heavily into the headquarters and fell right in front of Master Chou.

This kick was so hard that although he was very strong, he couldn't help but spit out blood.

Tom fully vented his spleen. He had completely got the upper hand now, so he was not in a hurry.

Tom took deep breaths twice and exhaled. He had spent a lot of energy just now. Now, with his mental support, tens of thousands of pores opened all over his body to lose heat,

vaporizing the sweat on the surface of his body and turning it into mist, which spread out in all directions.

This scene looked very shocking.

In those few seconds, Tom had regained much of his strength, and he began to walk towards Sean.

"Sean, you're a dead man."

Tom walked over and stared coldly at Sean.

Sean's face was full of fear and panic. He struggled to get up and begged Tom for mercy, "Tom, I'm from LT Organization. You can't kill me."

"Really?" Tom sneered. He was thinking of killing Sean.

Sean seemed to be even more flustered and said quickly, "Tom! I know where your mother is. If you don't kill me, I'll take you to see your mother!"

Sean's words immediately shook Tom's faith.

At this moment, Sean also realized this. A gleam of pride and malice flashed in his eyes. Suddenly, he took out a few darts from him and threw them at Tom. In an instant, he blocked Tom's way from all directions!

By the time Tom realized it, it was too late...

"Damn!!"

Tom's pupils contracted violently. He had never expected Sean to be so despicable. Sean deliberately showed the white feather to get him off guard, and then used hidden weapons to hurt him!

For the first time he felt that he was in great danger. He could even feel death coming.

Sean had been planning to use these hidden weapons, which had already blocked Tom's way. In this case, Tom could not dodge at all.

At the critical moment, Tom once again brought out the best in him. In a second, he seemed to have reached the fourth stage of the Innate Realm. His mental strength was increased

sharply, slowing the darts to half of their speed.

He made the most correct response subconsciously. He dodged most of the darts, but unfortunately, one of the darts came right into his thigh and went halfway into it. The intense pain made him couldn't help but snort.

"Sean!!!"

Tom gritted his teeth and shouted his name. His hatred for Sean reached an unprecedented level.

Master Chou's eyes widened and his face was filled with shock. Originally, he thought Tom was going to win, but he never expected that there would be such a reversal. Sean was so despicable

that as a top master, he used hidden weapons.

When Sunny, who was in the secret room, saw the darts on Tom's thigh, her expression suddenly changed. She realized that these darts were coated with poison!

Tom pulled out the dart inserted in his thigh and was about to pounce on Sean. When Tom intended to kill Sean at one fell swoop, he realized that as soon as he exerted his strength, his thigh hurt so much that he almost fell down.

Sean immediately burst into laughter, "Tom, you're a dead man. Don't try to launch an attack as you've been shot by my poisoned dart. Let me tell you,

the faster your blood flows, the more deadly it will be. Soon, you'll be killed by the poison!"

When Tom heard this, his expression suddenly changed. He did feel pain and numbness in his thigh, and the sensation slowly began to spread all over his body.

He stared at Sean and cursed with gritted teeth, "Sean! You despicable and shameless man! How dare you use a hidden weapon!"

Sean stood up straight and was no longer alarmed. Now his face was full of pride and impudence. He looked at Tom as if he was looking at a piece of trash.

"Haha, you're so funny. All's fair in war. Tom, you don't even know this. How can you fight me?" Sean said proudly. He was so despicable that he needed to be taught a lesson.

Tom was angry, but there was nothing he could do. He let his guard down just now. He didn't expect Sean to be so unruly!

He was also distracted by Sean's mention of his mother.

His mind was racing and he tried to suppress the poison in his thigh with genuine Qi. However, he found that it was too difficult. He was highly poisonous. In a short while, he felt half of his leg numb.

Just as he gritted his teeth and decided to die with Sean, a passage suddenly appeared behind him. A red figure showed up, shouting at him, "Tom, come here, come in the secret room with me!"

Tom immediately turned around and found that it was Sunny.

Now Sunny's strength was obviously much weaker. She had fallen straight out of the Innate Realm, and she only had the strength of the Extrinsic Peak!

Her sudden appearance surprised both Tom and Sean.

Tom came to his senses first. By this time, he had no other choice. Without thinking at all, he used all his strength

to rush towards Sunny.

Soon, Sean also figured out what had happened. His expression changed and he rushed in Sunny's direction.

However, a pistol appeared in Sunny's hand and she shot him a few times.

When Sean saw Sunny shoot him, his blood froze and he sensed a great sense of danger. If he didn't dodge, he would definitely be shot! He didn't reach the Immortal Realm yet. Once he was shot, he would die. Thus, he reacted as fast as he could. He stopped chasing them and kept dodging.

It had to be said that his reaction was really fast. Sunny fired a few shots at him, but he dodged them in advance.

There was even a bullet that narrowly missed his face.

It was a pity, but Sunny was not surprised. After all, she had fallen to the Extrinsic Peak. Therefore, both her reaction and mental lockdown had been reduced by at least ten times.

However, even if she didn't hit Sean, she successfully stopped him and bought Tom time.

At this moment, Tom was already in front of Sunny.

Sunny didn't say much. She grabbed him and rushed to the passage behind them. Immediately, the passage was closed.

"Damn it!!" When Sean watched the

two of them disappear in front of him, he was so angry that he kicked the table in front of him. Then he rushed over and kicked the iron door of the passage open.

He chased after them all the way.

Sunny pulled Tom to run, racing against time. When she heard Sean kick the iron door of the passage behind them, she felt nervous and sped up again!

Fortunately, the time she had just bought was enough. Soon, they entered the secret room and locked the door as fast as they could.

She sat down and panted heavily.

This secret room was carefully crafted by her. It was surrounded by half-

meter thick alloys that machine guns couldn't penetrate it.

They were absolutely safe here.

Soon came the sound of Sean kicking the door outside. However, the sound of kicking at the door was hardly heard in the secret room.

Tom lay on the ground and breathed a sigh of relief, but immediately, he began to smile bitterly. His leg was badly injured. After a short while, his injured leg was swollen and black, and black blood was continuously flowing out of the wound.

Sunny's expression changed when she saw his wound, "You're poisoned! This is Eastern Territory's famous poison.

Once you get poisoned, you will die within an hour!"

When Tom heard this, his eyes flashed with intense pain, unwillingness and despair. Then he revealed a relieved smile, "Really?"

He closed his eyes and tears flowed from the corners of his eyes.

He was not afraid of death, but he was afraid he would die of no value.

He still had too many unfinished things and too many people he cared about in this world. He could not imagine how sad Phoebe and Amelia would be if he died... Besides, he hadn't seen and saved his mother out yet...

When Sunny saw his despondent look,

she bit her lips tightly. Her breathing was rapid and her eyes were twinkling. In fact, she had a way to save Tom, but that would be too great a sacrifice for her!

At this moment, Tom opened his eyes and smiled at Sunny, "Sunny, should I call you sister? Sister Sunny, when you see my mother next time, please tell her that I really miss her. I miss her so much... Unfortunately, I will never see her again..."

When Sunny heard this, her whole body shook violently and she was deeply moved. At the same time, she made a tough decision!
