

## Chapter 621

Boom.

Hearing this voice, Amelia felt her mind explode.

This was Tom's voice.

She was completely stunned.

This voice was gentle. She didn't know how many times she had recalled it or how many times she had dreamed.

Thus, as soon as she heard it, she knew it was Tom's voice.

Suddenly, she was filled with ecstasy.

When she was about to stand up, she immediately rejected the idea.

No, no. It must be fake. Tom was gone. It was absolutely true. Everyone said that. And it had been so long. Tom had never appeared. How could he possibly come back from the dead?

It must be because she missed Tom so much that she hallucinated again.

Yes, during that time, she had heard Tom's voice a lot, but it was all an illusion, just her wistfulness.

However, this voice sounded real. If it was true, how good would it be?

Her tears welled up again.

In the eyes of the crowd, what they saw was that on the stage, a man suddenly appeared, standing beside

Amelia, looking at her affectionately, tenderly, and pitifully.

No one noticed that how this person suddenly appeared there. Even Maddox, who was beside him, did not realize until he was startled to hear the voice.

This person was Tom. With the current strength of the Major Perfection Realm of the Inner Realm, the distance of tens of meters was almost negligible for him.

He did come very early, but he didn't come out rashly.

Now, it was time for him to show up.

He saw everything just now and he already got angry in his heart.

However, he was not in a hurry. Whether it was the Cloud and Sky Pavilion or the Elixir Sect, in his eyes, they were just ants. He got thousands of ways to torture them.

Seeing Amelia squatting on the ground, who clearly heard his voice but couldn't believe it and denied it, Tom was heartbroken.

At the same time, he was angry. This obviously showed how much grievance and pain Amelia had suffered during this time.

He had let the Cloud and Sky Pavilion go once before. But he didn't expect that the Cloud and Sky Pavilion would not only be ungrateful but also went

too far. Since that was the case, there was no reason for it to exist.

Under the stage, many people finally saw Tom. Then, more than half of them were startled.

Because they all recognized that the person in front of them was Tom.

The face was so impressive that anyone who had seen it would never forget it.

He was the absolute legend of G State. Especially after he had snatched the Colorful Fruit of Essence in Lion Mountain a while ago, he emerged from the battle. Even though he eventually fell, there were still countless people looking up to him.

But now, Tom actually appeared in front of them. Did he come back to life in such a harmless manner?

They were all in a daze and could not understand why such a thing had happened.

As for the members of the Cloud and Sky Pavilion, when they saw Tom, they were shocked and dumbfounded. They couldn't believe it was true.

Dion, in particular, felt his toes curl in an instant and his face turned pale, his legs shaking, "Tom, Tom, Tom?"

His teeth were fighting and he was terrified. His mind was blank and he couldn't move at all. He was afraid, remorseful, panicked, and confused.

Wasn't Tom dead? He was besieged by more than 40 masters of the Innate Realm and then was hunted by the peerless master of Major Perfection Realm of the Innate Realm. He was killed in a huge explosion, without a burial ground.

How came he appeared alive only half a month?

Even with his temperament, his fifty years experience, his knowledge, and his calmness, he could not understand it, nor could he accept it.

Soon, he realized that why Rufus was arrogant and his action of getting himself killed because Tom told him.

The man, who was not at all

conspicuous but gentle, was at the stage. Tom looked like an ordinary person. But he was so scared that he sat down on the ground and muttered, "Impossible, it is impossible..."

The scene, after a brief startlement, exploded.

"Am I right? Isn't he Tom, Mr. Howard?"

"Oh my god, it's really him, the number one master in G State. In Lion Mountain, surrounded by more than 40 masters of the Innate Realm, he could escape easily."

"But how is that possible? Didn't everyone say that Tom was dead? He was chased and killed by a super master of the Major Perfection Realm

of the Innate Realm and died in the explosion which could be heard even a few kilometers away. The explosion could it could level a tall building to the ground. How could Tom survive such a big explosion?"

"The truth is that Tom really survived, unscathed. I finally knew why Rufus was arrogant, ignoring Cloud and Sky Pavilion and Elixir Sect seriously because of Tom's support."

"No, that's what Tom wanted to do. Tom is here to avenge the Cloud and Sky Pavilion and the Elixir Sect today. This time, we're doomed."

The people who could attend tonight's wedding banquet were all prominent figures in the circle. No one was stupid.

They immediately figured out the cause and effect. Now they only felt that it was really wise not to slander Tom during that time.

No one expected that Tom was hard and he could survive such a tough situation.

This also underlined that with his strength, Tom was the giant who was not definitely to be provoked.

Hearing what people said, Maddox's eyes were wide open now. It was not that he had never heard Tom. However. But he had never seen Tom before. Though he had heard a lot about Tom, he still didn't take Tom seriously in his heart.

Now he saw Tom and his eyes suddenly shrank. He began to look at Tom carefully, full of vigilance and hostility.

However, no matter how he looked at Tom, he could not tell how powerful Tom was. In his perception, Tom did not have any true spirit fluctuation. He was just an ordinary person.

Tom didn't mind their looks or opinions. In his eyes, compared with Amelia, these people were nothing,

He squatted down and gently stroked Amelia's hair, "Amelia, I'm back. It's not an illusion."

Amelia trembled again. But she still didn't dare to look up at Tom. Her body shook violently and she was crying,

"No, it must be fake. Every time you tell me this. And when I wake up, I find it's fake. You're gone. I don't want to suffer such despair anymore." She was crying.

## Chapter 622

What she said really brought him to tears. Tom felt worried. At the same time, he felt even more remorseful and guilty.

This time, he planned to seize Heaven and Earth's Spiritual Fruit, not taking Amelia into account. This was his fault. He did not even tell Amelia in advance, which made her think he was dead.

At the same time, he underestimated Amelia's deep feelings for him.

He sighed.

Tom felt sad, thinking that he was a jerk, he ignored Amelia's feelings and made Amelia suffer so much pain and

torture.

He held Amelia into his arms, "Amelia, I'm sorry. It was my fault. I didn't tell you the news in time and you suffered so much. I promise I'm back this time. This is not going to happen again."

Tom felt that Amelia had lost so much weight as he hugged her. Her body was extremely weak, almost on the edge of death.

Tom broke his heart, but at the same time, a torrent of anger rushed to his head.

Cloud and Sky Pavilion! Elixir Sect!

How dare they bullied his woman like this? If he didn't do anything, what kind of man he was?

Amelia felt Tom's hug, and she finally realized that this wasn't an illusion. Tom really came back.

Her body was trembling violently, and she suddenly looked up and saw the face in front of her, which she was familiar with. It was real Tom.

She was stunned and her mind went blank. For a minute, the whole world seemed to disappear, and she could only see the man in front of her.

Trembling slightly, she reached out her hand and cupped Tom's face carefully, afraid that she would crush the man she missed so much if she used too much strength. Her voice trembled, "Zi, Tom, is it really you?"

Tom nodded, "It's me. I'm back. Everything's fine."

Amelia covered her mouth, realizing that it was true, not her illusion. The huge surprise directly overwhelmed her.

"That's great. Finally you come back. You're not dead. That's great..." Amelia threw herself into Tom's arms and hugged Tom tightly, unwilling to part with him for a moment.

Even the most heartless person would turn into a tender man at this moment.

Amelia was sleepy and tired. Her nerves had been tensed up before. Now that she was in Tom's arms, feeling Tom's presence, and realized

that that was not her illusion, she immediately relaxed, closed her eyes, and fainted.

It became quiet again. Everyone's eyes were fixed on Tom and Amelia. No one dared to make a sound for fear of offending Tom.

Maddox was the first to react. He looked at Tom with hostility and dissatisfaction, "You're Tom? Nothing special."

Tom paid him no mind. He carried Amelia and walked down the stage.

His ignorance made Maddox even angrier. Today was his wedding day, and he should be the main character under the spotlight. But he was

completely upstaged by Tom's arrival. For an arrogant man like him, how could he accept this?

He snorted and cursed, "Hey! Stop right there! Who gave you the courage to act wild on my territory?"

With that, he attacked Tom to stop Tom.

Currently, he was at the peak of the second stage of the Innate Realm. He didn't think that Tom, who was much younger than him, was as powerful as the rumors said. It was just that those inexperienced bumpkins were exaggerating.

As for escaping from more than forty people of Innate Realm, it was nearly

impossible.

However, just as he jumped in front of Tom before he even touched Tom, he was glared at by Tom. Suddenly, he stopped as if he was attacked and his mind was blank, and fear appeared on his face.

This scene looked very strange. Obviously, Maddox was a powerful person who looked fierce. But he didn't dare to move by a look of Tom. It seemed like a witch.

If it weren't for the fear of waking Amelia up, Tom wouldn't have spared Maddox and would have killed him with one slap.

No kidding, with the cultivation of

Tom's Major Perfection Realm of the Innate Realm, his mental strength was incomparably strong. How could Maddox, an ant, be his match?

From Maddox, he had just felt the sent of destroying everything, as if as long as he took another step forward, he would be doomed forever.

Tom disdainfully said, "Ants." He didn't stop. He carried Amelia to the car to rest. After settling her up, he came back.

Maddox came back to his senses. He felt embarrassed. He was frightened by the look of Tom, which made him more hostile to Tom.

"Dion, you were very imposing just

now." Tom walked up to Dion and said with a half-smile.

Dion was already trembling with fear. Now, what Tom said made his toes curl and face pale. He trembled, "Misunderstanding, it's a misunderstanding, Mr. Howard..."

"Misunderstanding?" Tom smiled more brightly, "If I accidentally slap you to death, it's a misunderstanding too."

Dion's face was cadaverous and he kept begging for mercy.

Not only him, but also many members of the Cloud and Sky Pavilion were frightened to death and knelt to kowtow.

This scene looked quite shocking. The

hundreds of members of Cloud and Sky Pavilion were kneeling in front of Tom, completely impressed by Tom.

"Master Fann. What's wrong with you? With your strength, why should you beg for mercy from this clown?" Maddox spoke. Now he was so imposing and remarkable. He jumped down from the stage and came to Dion in two or three steps, "How dare you act presumptuously in front of Elixir Sect? You seemed not to know your place."

At this moment, Maddox was incomparably domineering and ambitious. He did not take Tom seriously at all, even looking at Tom with disdain.

As soon as he finished speaking, a lot of people of the Elixir Sect flooded in and surrounded Tom and Rufus.

Only then did Dion and the others reacted. Yes, the Elixir Sect was here, so they needn't be afraid of Tom.

So, Dion straightened his back and stood behind Maddox, reminding him worriedly, "Maddox, Tom's strength is good. We can't underestimate him."

Maddox burst out laughing, "Everyone is saying that he is the number one master in G State. How remarkable he is as he defeated Peter and May! In my opinion, he is also an ant. Peter and May are all my defeated rivals. If I hadn't been in a good mood, I would have slapped them to death. Now Tom

cropped up nowhere, thinking that defeating Peter and May will become invincible? He just lives in his small world."

His face was full of contempt. He didn't take Tom seriously at all.

Seeing that Tom remained silent, he thought that Tom was afraid. The smile on his face became more and his posture became more arrogant, "Come on, are you afraid? Don't dare to speak? But I'm not a cruel person. As long as you kneel and kowtow to all of us and admit your mistake, I can spare your life."

Tom looked at him with a look at the fool. His eyes went past Maddox and said to Dion, "Is this retarded whom

the Cloud and Sky Pavilion trying to  
butter up?"

## Chapter 623

Dion was embarrassed. He didn't know how to answer Tom.

His reverence for Tom was almost carved in his soul. So he investigated through many ways to check if Tom was really dead. He was 100 % sure that Tom was dead before he dared to attack Amelia. Otherwise, he wouldn't have dared to do so even if he were as brave as a tiger.

But he couldn't figure out why there would be an accident when he was assured that he would succeed!

Fortunately, with the support of the Elixir Sect, the Cloud and Sky Pavilion avoided being eliminated.

Blaise, the leader of the Elixir Sect, was the top expert in the fourth stage of the Innate Realm. Even if he couldn't defeat Tom completely, Tom would finally have to surrender in face of so many experts in the Elixir Sect.

After thinking about this, Dion relaxed a lot.

Maddox was so angry when he heard Tom humiliate him. "Well, I think you're tired of living! Don't you know where you are? How dare you be so rude here! You're dying! Even Jesus can't save you!"

Dion added, "Tom, I admit that you are a talented person and made great achievements at a young age.

However, there's always someone more powerful than you. No matter how strong you are, you are only a young man under thirty years old. There are many people in this world that you need to regard with reverence!"

Dion became bold. He knew that he had already offended Tom. Even if he begged for mercy, Tom would not spare him. So it would be better for him to come over to Maddox. Since he relied on the Elixir Sect now, he did not believe that Tom would be able to harm him!

Tom shook his head and said, "Do you think you guys will definitely defeat me?"

Maddox burst out laughing, "Haven't you seen it yet? I'm going to win you over!"

Now Maddox thought he was in the bag, and he even felt excited when he looked at Tom. He believed that he would definitely have a sense of accomplishment if he could kill the big shot, Tom!

Tom sighed, shook his head and said, "It seems that you are looking for death. In this case, I will fulfill you."

As soon as he finished speaking, he began to slowly roll up his sleeves, as if he was going to teach a group of naughty children a lesson.

Maddox's brows twitched fiercely. His

patience had run out and he said fiercely, "Fuck! Such an idiot! Since that's the case, I don't mind sending you to the Western Heaven."

After that, he waved his hand and ordered his men to attack Tom.

Facing the attacks of these masters, Tom did not fear or even blink. He also began to move. A thud sounded from his feet, and the whole ground shook violently, as if there was a big hammer pounding on the ground.

Almost in an instant, Tom moved to Maddox and grabbed Maddox's neck with one hand, lifted him up, and hit him hard on the ground.

Tom was so fast that Maddox did not

react at all before he was strangled by Tom.

Bang!

Click, click...

On the hard ground, a large human-shaped pit appeared, and Maddox was sunken inside.

This sudden and loud sound startled everyone present. No one had expected Tom to strike so suddenly, nor did they believe that arrogant Maddox would be unable to fight back.

Maddox let out a shrill scream, feeling his whole body falling apart!

Even if Maddox was a strong man in the second stage of the Innate Realm,

he couldn't stand such injuries. He suffered internal injuries and didn't know how many bones broke.

"How dare an ant like you show off your strength in front of me? Such a fool." Tom stared down at Maddox without concealing his contempt.

Maddox was so angry that he spurted a mouthful of blood. As the second-in-command of the Elixir Sect, apart from his high cultivation, his status was incomparably high. He had never suffered such humiliation. So at this moment, he was so angry that he went crazy and shouted, "Tom! You bitch, how dare you!! I swear, I will kill you!"

Those Elixir Sect experts could not suppress their fear when they saw this

scene. They knew very well how powerful Maddox was, but such a powerful person had no ability to resist in face of Tom. That meant that even if they attacked Tom together, they would be defeated.

Tom stepped on Maddox's neck with a little force, making Maddox unable to speak.

When Dion saw this, his brows twitched wildly and felt frightened! He found that Tom was more terrifying and unfathomable than the last time he met him!

Dion knew that Maddox was not a country bumpkin, but a noble second stage master of the Innate Realm, who was much stronger than May.

However, such a powerful person was easily defeated by Tom, which showed that Tom's cultivation had reached an incredible level!

Gulp!

Now that Tom was staring at him, Dion felt his scalp numb. He couldn't help swallowing and his face turned pale.

"Mr. Howard, I..."

However, Tom ignored him and looked at a place with a meaningful smile on his face.

Soon, a loud voice came from afar. It sounded far away, but it was especially clear.

"Mr. Howard, please spare him!"

As soon as that man finished speaking, he appeared in front of everyone. It was a tall man who looked like an immortal. He was dressed in a white coat, like a doctor, and also like a knowledgeable literary expert.

When all the Elixir Sect saw this man, they half-knelt down and shouted, "Boss!"

Obviously, this person was Blaise, the first-in-command of the Elixir Sect, and Maddox's biological brother, the top expert in the fourth stage of the Innate Realm.

He looked very ordinary on the surface, without any fluctuations aura of the strong, looking like a university

professor who was intellectual.

But Tom could tell at a glance that Blaise was the most powerful person in the fourth stage of the Innate Realm. He had more majestic power and higher cultivation than Redford and Will.

There was a faint smile on his face, making people feel like being comforted by the spring breeze.

However, Blaise could hide his true personality from many people through his gentle appearance, but not from Tom. Actually, Blaise was cruel, bloodthirsty, and cold. He was a real murderous demon and had killed hundreds of people.

When Dion saw Blaise, he was relieved. He quickly stepped forward and gave Maddox a fist as a sign of respect.

"Mr. Howard, I'm Blaise, the head of the Elixir Sect. What happened just now was Maddox's fault. I wonder if Mr. Howard can spare Maddox for my sake..."

However, before he could finish his sentence, he heard a click. Tom stepped on and broke Maddox's neck and said politely with a smile, "No."

## Chapter 624

At that moment, the smile on Blaise's face froze!

He did not expect that Tom would humiliate him by killing Maddox in front of him!

And he knew that Tom had already found out about him. It was not until he came that Tom trampled Maddox to death.

In an instant, he felt a sudden surge of anger. He had never been so angry.

"Tom, you're risking your neck!!!" He let out a terrifying roar.

His voice was so loud that it caused a sound wave attack, which made so

many people's ears hurt and they had to cover their ears.

Others did not expect that Tom would humiliate Blaise so much that he trampled Maddox to death. Tom brought ruin upon himself.

Although Tom was good at fighting, he was alone. However, Blaise had the entire Elixir Sect. This sect not only had many masters, but also had great influence. It could be said that it was very powerful!

Dion's pupils suddenly constricted. He looked at Maddox, who died miserably in the pit, and gave a strong shudder. He was already extremely scared.

And now he regretted it to the

extreme!

If he had known that Tom was not dead yet, he wouldn't have dared to attack Amelia.

His mind was in a mess now. He couldn't figure out how Tom survived. It was completely unscientific!

Blaise was already overwhelmed by anger. Maddox was his biological brother and the only family he had left in this world. Now Maddox was killed by Tom. He had to kill Tom and avenge Maddox!

"Tom, go to hell!"

Bang!

He leapt and shot out like a cannonball.

Almost in the blink of an eye, he was already in front of Tom and launched a fierce attack on Tom.

He was so angry that he didn't hide his strength and showed it all. He had to kill Tom in the most fierce and cruel way to vent his hatred!

Rufus, who was standing next to Tom, immediately felt Maddox's murderous aura. His imposing manner was as powerful as a mountain, making Rufus overwhelmed.

He had long heard that Blaise of the Elixir Sect was a top expert. There were few men in the world who could defeat him. It was because of his existence that the status of the Elixir Sect was so high.

Now, Rufus personally felt Blaise's horror, and an uncontrollable fear and awe arose in his heart.

Rufus had no doubt that if Blaise had attacked him, he would not have been able to take any of Blaise's moves.

Not only Rufus, but everyone present felt Blaise's horror at this moment. His strength was beyond their imagination, and he was comparable to superman in science fiction movies.

At that moment, everyone thought that Tom was going to die, and he was definitely no match for Blaise.

However, in the face of Blaise's attack, Tom was not afraid at all. Instead, he smiled and said with satisfaction, "Very

well, you've surprised me."

The person who could feel Blaise's power most was Tom.

Blaise surprised him this time. In the past, he thought that Blaise was just an ordinary master of the fourth stage of the Innate Realm, but he didn't expect Blaise to be a top master of the fourth stage.

This was good as Blaise could be used to test his current level of power.

In his opinion, Blaise's cultivation was similar to his before he was injured. When he was fighting against Blaise, he felt like he was fighting himself when he was not hurt.

Almost in an instant, Blaise's fist was

already in front of Tom, which was extremely powerful. If it were Redford or Will, they would have run away in a hurry and dared not take the punch. However, It was nothing to Tom.

Tom did not step back at all and took Blaise's punch.

With a bang, their fists collided. Tremendous force passed from their fists through their bodies to the earth, causing immediate and dramatic destruction that the ground cracked!

Blaise took four steps back, while Tom remained motionless. It was clear who was stronger.

"That's impossible!" Blaise was shocked. He was already at the peak of

the fourth stage of the Innate Realm. It could be said that he was unbeatable except for those who had achieved the Major Perfection Realm. How could he not defeat Tom with his fists?

A crazy idea popped up in his mind, "Has Tom already reached the Major Perfection Realm of the Innate Realm?!"

However, he quickly thought that it was impossible because it was too strange. Tom was still very young. Even if he started to cultivate in his mother's womb, he couldn't reach the Major Perfection Realm of the Innate Realm at this age. It was impossible!

Tom could tell that Blaise was shocked, and he knew what Blaise was thinking.

He smiled with satisfaction and was satisfied with his strength.

At the same time, he thought that the Major Perfection Realm of the Innate Realm was really powerful. The top master of the Major Perfection Realm could easily defeat those of the fourth stage of the Innate Realm!

No wonder he was so miserable when he fought with Fausto that he had to run away.

When he looked at Blaise now, he finally understood the contempt Fausto had felt when Fausto looked at him. There was a huge gap between them.

These thoughts flashed through Tom's

mind. He did not stop and immediately launched a counterattack against Blaise.

"Show me all your strength. If you can stand three blows from me, I'll spare you." Tom said casually and lazily, but it was heard by all present, and it made Blaise suddenly furious.

He was the person in charge of the Elixir Sect, and was revered and admired by many people. No one had ever been so arrogant in front of him!

"You're getting far too cheeky!" He roared and took a deep breath. At the same time, the blood in his body began to boil and run wildly, making his skin turn red all of a sudden.

His anger was rising so high that he looked bigger.

He was using a secret method. He brought all potentialities into full play in a very short time to have 150% of the strength!

This was equivalent to the cultivation of Major Perfection Realm of the Innate Realm, enough to crush everything.

Tom looked at him with interest and did not interrupt him. Tom even stopped the attack. When Blaise finished, Tom began to say, "You are doing something similar to the ancient Buddha. It makes your blood boil and raises your strength to 150%, which can be comparable to the strength of

the Major Perfection Realm of the  
Innate Realm. Good for you.  
Unfortunately, you still don't know  
how terrifying the real Major  
Perfection Realm is."

"This is the first punch. Be careful."

## Chapter 625

"What an arrogant bastard!"

Blaise roared, and a huge sound wave burst out of his mouth, forming a storm that swept around. It was very frightening.

Now, his face turned red and his hair stood up. He looked like a war god. The gentle and refined look he had shown before disappeared.

Moreover, his eyes were red and he was filled with the aura of tyranny and cruelty. He looked like the devil. Ordinary people would feel terrified after taking a glance at him.

Everyone ran backward and quickly

made a way of their seats, afraid that they would be hurt.

Contrary to Blaise's madness, Tom seemed much calmer. He looked indifferent. Even faced with such a Blaise, he did not retreat.

He started punching.

He moved forward his left foot violently as if he had created a river. His speed was as fast as an arrow. In an instant, Tom surpassed Blaise, and then Tom punched him.

Blaise's pupils constricted and he exclaimed in his heart. How could Tom be so fast!

He had reached his peak level. Even if he met a master of Major Perfection

Realm, he was confident that he would win, not to mention Tom, he thought he would crush Tom easily.

However, Tom's hit shocked him.

He had no choice but to take Tom's punch in a hurry.

Another bang!

Blaise took the punch from Tom with his arms, but his body retreated more than ten meters, leaving a clear ditch on the ground.

There was a fist mark on Blaise's arm, and Tom's sharp force like a knife frantically scraped his arm!

The punch was so strong that his bones cracked and it was even harder to lift.

If Blaise was only surprised by Tom's strength during the fight just now, then he was shocked, unbelievable, and even a little scared now.

Tom's performance was completely beyond his expectations, and even in his peak state, he was obviously no match for Tom!

At this moment, he had the idea of running away.

However, he immediately squelched the thoughts, because he was at the helm of the Elixir Sect, and there were still so many members watching. If he ran away like this, his reputation would be ruined.

Moreover, nobody could lead the Elixir

Sect.

Tom showed some appreciation in his eyes and nodded, "That's great. I didn't expect you to be that strong. You can take my punch without getting hurt. Very well, I'm very satisfied. Since that's the case, then take my second punch."

Blaise's pupils suddenly contracted, and he was about to cry. Tom was a pervert!

But after all, as the head of the Elixir Sect and a strong master at the peak of the fourth stage of Innate Realm, he had experienced countless battles in his whole life, so he had extremely strong psychological quality. He took a deep breath and made his blood boil

again!

If his blood was boiling at a hundred degrees celsius just now, then it was a hundred and fifty degrees celsius now!

In this way, he could stimulate nearly twice his potential, but with great side effects. He would have to recuperate for at least three years before he could recover!

If it were normal times, he would never do this, because he had to make a long-term plan. But now, he had no choice but to do like this. Otherwise, the consequences of his failure were not something he could bear.

Tom felt interested to see that he could stimulate his potential again. As usual,

he did not kick Blaise when he was down but wait until Blaise reached its peak before he struck again. His calm voice sounded in the crowd, "Now, it is the second punch."

His second punch was about to collapse and crack the whole sky! There was nothing in the world that could go against the power of this punch. Even a mountain had to be smashed to pieces.

Tom's current state was like the magic sword without an edge, and all the flashy moves were too much. Only the most direct and straightforward way to punch was the most destructive!

Tom's punch didn't seem to be very fast, about the same speed as an

ordinary person's punch. Most people could see how his fist move clearly.

However, on his fist, there was an air current, like a tornado, lingering on his fist.

Blaise's heart beat faster when he saw this punch, and the fear in his heart became stronger.

Because in this punch, he felt the coming of death!

This was an incomparable punch. Even with twice his strength now, it was hard to bear.

"What kind of monster is he?!" Blaise screamed in his heart. Now he had the idea of running away again, but he couldn't let it come true. Tom came in

front of him again, forcing him to take his punch.

"Ah!!!"

He let out an earth-shattering roar as if he was venting his anger to God and expressing his strong desire to live.

His body was tense to the extreme and he defended Tom's punch with his strongest state.

In fact, Blaise's mind changed when he saw this punch. He realized that he was no match for Tom.

He confirmed that Tom was not just a master of the fourth stage of Innate Realm, but a peerless top master of the Major Perfection Realm!

This was not something he could fight against.

So now he only had one idea. He did his best to survive Tom's three punches. He believed that a strong man like Tom would never go back on his word.

Bang!

There was another loud noise. Tom punched Blaise in the arms, and without pausing, his fist broke Blaise's defense, hitting Blaise's chest directly.

This immense power poured into Blaise's chest and knocked him down!

Blaise's huge body, like a kite with a broken line, flew out heavily. After more than 30 meters, he fell heavily to the ground like a parabola.

Blaise spat out a mouthful of blood in the air!

His strong aura became weak at this moment.

He had already suffered a serious internal injury. Tom's last punch broke his chest directly, and the strength rushed into his body, his internal organs in a mess.

After the fall, he spat out blood again.

There was an instant silence among the entire audience. Everyone was stunned and completely dumbfounded.

Especially Dion, he was scared out of his wits now...

## Chapter 626

"Unfortunately, you can't even bear two punches from me. I overestimated you." Tom shook his head in disappointment. When Blaise heard that, he vomited another mouthful of blood as the sigh was a heavy blow to him.

"No, don't kill me..." When Blaise saw Tom coming over, his face was ashen, completely devoid of the king's demeanor just now. The contrast was huge.

Tom felt quite emotional to see Blaise like this. It was as if he had seen the scene when he was facing Fausto on the Seven Mountains. At that time, Fausto probably thought of Tom as an

ant.

He wondered how Fausto would react if he found out that not only did Tom not die, but he had broken through to the Major Perfection Realm. Would Fausto be surprised?

"Here comes the third punch," Tom said calmly.

"No! Please!" Blaise's pupils suddenly constricted in fear. He was hysteric.

However, Tom did not let him go. He punched Blaise directly. With a bang, Blaise's body was pierced. Then a huge hole appeared on the ground, and dust was flying.

Blaise was dying.

Tom's fists were stained with blood, but with a random shake, all the blood was shaken off and his fists became clean.

There were thousands of people present but no one spoke. It was quiet as hell.

Everyone looked at Tom in fear, who actually killed Blaise in front of so many of them. Especially for the members of the Elixir Sect, it was a devastating blow!

Before tonight, the Elixir Sect was a buster, revered by countless people, but now, not only Maddox was killed, but even the key member Blaise was killed by Tom.

The Elixir Sect collapsed...

Killing Blaise was just an easy thing for Tom. Tom didn't even change his expression and turned around to walk towards Dion.

All that was left was the sound of Tom walking, as if the sky and earth had stopped moving.

And the one who broke the silence was Dion. Now that he was scared out of his wits, he knelt down in front of Tom and kowtowed desperately. Dion didn't care about the gravel on the ground at all. He didn't care if his forehead was bruised.

"Mr. Howard, I was wrong, Mr. Howard! Please let me go. Mr.

Howard, I'm willing to be a dog beside you. If you let me eat shit, I'll eat shit, Mr. Howard..." As the leader of the Cloud and Sky Pavilion, Dion no longer had any dignity. He just wanted to survive.

Tom lowered his head and looked down at him. "Dion, the last time you betrayed me, if Amelia hadn't begged for mercy for you, I would have ruined your Cloud and Sky Pavilion. However, not only were you not grateful to Amelia, but you took revenge and pushed her into the fire instead. I was very angry, and the consequences of my anger were very serious."

Dion kept slapping his mouth, breaking his mouth. He cried out, "It's all my fault. Please, Mr. Howard, don't bother

about an ant like me! I promise, in the future, I will treat Amelia like my own mother, and I will never disrespect Amelia again."

Other members of the Cloud and Sky Pavilion also knelt down and begged Tom for mercy.

Tom's eyes were cold. He was never an indecisive person. Last time, if it weren't for Amelia's sake, he would have killed Dion.

Now, of course, Tom couldn't let him go.

With one kick, Tom kicked Dion away. By the time Dion fell down, he became a corpse.

There was still fear and regret on his

face.

The rest members of the Cloud and Sky Pavilion were all lying on the ground, bowing to Tom and begging Tom to spare their lives.

Tom was not a murderous maniac. He was sensible. These people were innocent, so he would not make things difficult for them.

However, even if Tom wouldn't kill them, they had to receive punishment. After all, these people did a lot of outrageous things with Dion, so Tom would not let them go easily.

"Dion is dead, and I'll eradicate the Cloud and Sky Pavilion. Now, I will give you a chance to leave the Cloud and

Sky Pavilion and submit to me. I can spare your lives." Tom said concisely.

The members of the Cloud and Sky Pavilion who were crawling on the ground were shocked and disbelieved when they heard this. They thought they were going to be killed and buried with Dion, but they didn't expect Tom to be willing to spare their lives and give an offer to them. This was a great good thing!

They had seen how powerful Tom was. If they could follow Tom, it would be much better than following Dion.

So more than 90 % of them, without any consideration, agreed directly and bowed to Tom.

The remaining 10 % were Dion's cronies, and they had some hesitation. But immediately, when Tom glared at them, they all gave in.

Rufus looked extremely excited. How powerful was the Cloud and Sky Pavilion! If it was all owned by Tom, then Tom's power would be even stronger!

Soon, Tom's words made him even more excited.

"Rufus, I'll leave these people from the Cloud and Sky Pavilion to you. Take good care of them. Don't disappoint me." Tom said meaningfully.

Rufus was stunned. The next moment, he knelt down on one knee in front of

Tom and said solemnly, "Please don't worry, Mr. Howard. Rufus will not disappoint Mr. Howard! Otherwise, I'll take my own life!"

"Okay." Tom nodded with satisfaction.

At this moment, Rufus asked again, "Mr. Howard, what should we do with these people from the Elixir Sect?"

Tom seemed to have just remembered these people from the Elixir Sect. He frowned slightly and said calmly, "Kill them all."

Rufus was shocked.

The hundreds of members of the Elixir Sect were scared out of wits. They all knelt down and begged for mercy.

"Mr. Howard, please give us a chance.  
We are willing to follow Mr. Howard!"

"Yes, Mr. Howard, we've long hated  
Blaise and Maddox. Today, Mr. Howard  
killed them. You're enforcing justice on  
behalf of Heaven. It's a great pleasure!  
Please take us in, Mr. Howard!"

"Mr. Howard, please take us. From now  
on, as long as Mr. Howard says one  
word, no matter what it is, we will  
abide by it!"

"Mr. Howard..."

Tom looked at them and said calmly,  
"Are you sure you don't hate me?"

"How dare we hate Mr. Howard! Mr.  
Howard did a good job. Mr. Howard  
will be our great benefactor from now

on!"

"To be honest, we've been thinking about opposing Blaise and Maddox for a long time. Today, Mr. Howard killed them. Mr. Howard is our benefactor!"

They rushed to speak ill of Blaise and Maddox, completely devoid of moral integrity.

Tom smiled calmly. The Elixir Sect was also a big organization, with many experts and skilled doctors. If the Elixir Sect could be incorporated, it could greatly expand his power.

Now Tom's thoughts had changed. He had more worries than before. He could not protect his people just by himself alone even if he was strong. He

had to have his own force.

Besides, he had to have his own force to fight against the LT Organization in the future.

This night, Tom achieved a great success. With absolute power, he took the Cloud and Sky Pavilion and the Elixir Sect into his own, and his strength was greatly improved.

However, he was also very clear that neither the Cloud and Sky Pavilion nor the Elixir Sect really belonged to him. They were just surrendering to his power for the time being. As long as he died, they would immediately run away. There was no cohesion.

He was not worried about this. As long

as he had the strength, these were not problems. There were numerous ways to make them truly submit.

At the same time, the news that Tom was still alive spread like a virus.

Tom was not dead. He was still alive. Now he was back.

## Chapter 627

Amelia felt like she had a long, long dream.

In her dream, she had experienced many things.

She dreamed of her unhappy childhood and the changes after she went to the Cloud and Sky Pavilion. Moreover, she had once lost interest in life until she met Tom and fell in love with this shy and decent married man.

The days of her and Tom together were very happy, but soon, everything changed and she heard the news of Tom's death. That kind of heartache made her life worse than death.

Many times, she wanted to die.

But she could not be so selfish. She still had her family, so she had been suffering.

Finally, in her darkest moment, Tom reappeared, and he was still so gentle, so charming, but also so unreal.

Just as she was about to burst into tears of joy and fall into Tom's arms, suddenly, the scene in front of her became as broken as a mirror, broken into pieces, and nothing else existed.

"No!!" She screamed in pain, trying to catch Tom who had disappeared.

The next moment, the scene in front of her became real.

She woke up and breathed heavily.

"Tom, don't leave me..." She burst into tears and found that there was only an empty room. She was in endless pain again, covering her face and crying.

Just then, she heard the sound of the door opening and a familiar voice came. "Amelia, what's wrong with you?!"

Amelia was stunned. Then she looked over and saw a familiar figure and the face she had been thinking about day and night.

Tom was outside. When he heard Amelia's scream, he was startled and rushed in. When he saw Amelia's tearful face, he felt ashamed. He

thought he should have been by Amelia's side, so she would have seen him first when she woke up.

"Tom?" Amelia was stunned for a moment, then she immediately stood up from the bed and threw herself into Tom's arms.

Feeling that it was real, she slowly calmed down.

The memories in her mind slowly came back. It was not an illusion. Tom was really not dead. He was back. He was back...

Tom held Amelia and felt calm and happy. He gently stroked Amelia's hair. "Honey, why are you crying? I'm already back."

Amelia still held Tom tightly, being afraid that he would disappear from her arms again. She hugged him so tightly that he could not even breathe well.

Finally, hugging him for a full minute, she confirmed that it was real, not an illusion. She came out of Tom's arms. "I really miss you. I'm afraid you won't come back forever..."

Tom smiled and said, "You don't know how powerful I am. How could I die?"

"But that's what people say outside. They say that you were surrounded by more than 40 masters from the Innate Realm, and chased by the top masters from the Major Perfection Realm... Tom, is that true?" Amelia looked up

and asked nervously.

Tom nodded gently and said, "Yes, it's true."

Amelia held her breath. She could imagine the danger at that time!

She quickly pinched Tom's body to see if he was injured or not. She even lifted his clothes, which made Tom feel embarrassed. He smiled bitterly and said, "Amelia, what are you doing? It's daytime."

"You are not injured?" Amelia said worriedly. She was afraid that Tom would have a secret illness.

Tom said with a smile, "I've been fine for a long time. Amelia, stop pinching me. It's itchy. I'm fine now. I'm fine."

"Really? You can't lie to me!" Amelia worried.

"Of course it's true. When did I lie to you?" Amelia breathed a sigh of relief and patted her chest, "It's good that you're fine. Tom, don't do such a dangerous thing again. You're scaring me to death!"

Tom nodded, indicating that he would never do it again. Just now, he was attracted by her much.

Amelia was really sexy. She lost so much weight, but still sexy.

Amelia immediately noticed his gaze, and her face flushed with her heart beating faster.

Although they had been with each other, they still did not have sex. In her opinion, if she did not make love with him, she would not really be Tom's woman.

Before, she tried to have sex with him but failed. Now, it was a rare time for her and Tom to be alone. She immediately felt so excited and erotogenic.

She breathed fast, staring at Tom, "Tom, let me really be your woman."

"Ah?" Tom was shocked at the moment. Amelia's charming eyes were so sexy and feminine that he suddenly became excited!

"Well..." Tom's face was also a little hot.

To be honest, he was quite nervous about having sex with Amelia.

"Tom, give me this chance. I don't want to wait any longer." Amelia said seriously. She even begged. To her, this was her biggest dream.

Tom saw she was serious, hesitated for a moment, and nodded.

People all knew that Amelia was Tom's woman. It would be too heartless for him to remain indifferent.

Amelia was ecstatic and began to show Tom her most feminine side!

The next day.

The sunlight shone through the window on Tom's face and

immediately woke him up.

When he opened his eyes, he saw a beautiful face looking at him affectionately.

It was Amelia.

At this moment, Amelia was extremely charming.

"Amelia, you woke up so early?" Tom asked.

"Well, Tom, you're so handsome." Amelia's face was filled with infatuation.

Tom was a little embarrassed by her stare. He did not expect someone like Amelia to be so affectionate.

Last night, the two of them were crazy. They did not stop making love until late at night.

Ten minutes later, Tom came out of the house. There were already a lot of people standing outside. When they saw Tom, they shouted at him "Mr. Howard" in unison.

These were the people of the Cloud and Sky Pavilion and the Elixir Sect. They had been here long ago, waiting for Tom.

Tom called Rufus directly, asking him to deal with these people. A new organization was set up, and Tom was their leader.

In the end, Tom stayed in W City for

another two days and dealt with something before he left for H City!

## Chapter 628

At the moment he left for H City, Tom felt excited.

To him, H City was his base and his real home.

And he was also born and raised in H City. He had too many memories in H City. He wondered what happened to Elliot, Malcolm, Chou and others.

Was everything okay? Were they waiting for him to come back?

And most importantly, Phoebe, how was she?

After taking the Heaven and Earth's Spiritual Fruit, Phoebe had already broken through to the Innate Realm,

right?

For an ordinary person like Phoebe, who was timid and quiet, would she be frightened to have such a great power all of a sudden?

In Tom's mind, he thought it was amusing when he imagined Phoebe suddenly found that she was so powerful that she could punch someone away with just one punch. She must be flustered.

With Phoebe's quiet and gentle personality, she might feel very weird to have such a huge power all of a sudden, right?

Now that Phoebe had broken through to the Innate Realm, no one would be

able to bully her.

Besides, if he went back now, Phoebe would be so happy to see him!

At the thought of that scene, Tom's heart was full of happiness, and he smiled.

The person he cared about the most was Phoebe.

He and Phoebe had gone through too many things before. Unknowingly, Phoebe's name had been deeply integrated into his life and they could not be separated anymore!

With excitement and happiness, Tom moved much faster.

Tom finally realized the saying that if

someone returned to his hometown, the closer to the hometown, the more timid and anxious he would be. he had imagined that he went back to H City countless times and told everyone that he had returned!

With his current strength, he had enough ability to protect himself. Even if Fausto came, he was not afraid at all.

As for the others, he didn't care at all.

"Stop here."

When they arrived in Dragon Bay, Tom said calmly.

"Yes, Mr. Howard."

Standing in front of the Dragon Bay again, Tom looked at the familiar place

and was still very excited. It was only half a month passed, but for him, it was a long time.

Tom could not wait to see Phoebe. He had imagined Phoebe's excited reaction more than a hundred times in his mind!

Taking a deep breath, Tom tried his best to calm himself down and began to stride into the villa.

Finally, he returned to his big villa. But Tom found something strange!

The style around the villa had changed, and even the color of the wall had changed. Moreover, the flower bed on the right was gone. It was Phoebe's favorite place, and she watered the

flowers almost every day.

What was going on?

Tom immediately frowned. He released his Spiritual Sense and found that the people living in the villa were no longer Phoebe and his in-laws!

It was so strange! Was it because he hadn't come back for so long that he mistook the house?

But it was not right. He was sure that the big villa in front of him was his home!

"Hey, who are you? Stop!"

As soon as Tom entered, a middle-aged man came out of the room and pointed at him and scolded him rudely.

The middle-aged man looked like a fat man in his early forties with two vicious dogs walking around him. Tom was sure that he had never seen him before.

Seeing this, Tom felt even worried. Could it be that something happened to Phoebe and her parents?!

Tom was anxious to figure out what happened to the Phoebe family. He could not accept and calm down if something terrible happened!

When the fat man saw that Tom dared to barge in, he became even angrier and shouted, "How dare you? You should go to hell!"

The middle-aged man was very angry,

and a violent smile appeared on his face. Then he let go of the reins. Two huge vicious dogs immediately rushed towards Tom, bared their teeth and claws very ferociously.

If Tom was an ordinary person, he would have been badly bitten by these two vicious dogs!

However, to Tom, these two dogs could not even pose a threat to him. He snorted coldly, and his eyes full of murderous intent glared at the two vicious dogs. The majestic pressure immediately made the two vicious dogs tremble. Then, their eyes rolled over and were scared to death.

It could not be imagined that Tom's mental strength was so strong that

even a master of the fourth stage of Innate Realm would be afraid of his intimidation, let alone two dogs.

When the middle-aged man saw this, he was immediately stunned. He couldn't understand why the two vicious dogs fell down just glared by Tom. These two dogs were pit bulls he bought abroad which were famous for ferocity and cruelty.

"Damn it! What kind of despicable trick did you do to my two dogs..."

However, before he could finish his sentence, Tom grabbed his neck with one hand and lifted him up. He did not see how Tom moved from more than ten meters away to him in a flash. What he saw now was a pair of cold

eyes! He had never seen such a terrifying look that made him feel like falling into an ice cave, and he was trembling with fear!

"Tell me, where did the Phoebe family go?" Tom gritted his teeth.

The middle-aged man was fat, almost 100 kilograms in weight, but he was like a chicken in Tom's hands. He felt boundless fear with his whole body trembling, and his feet were kicking wildly in the air.

"Oops..." He wanted to open his mouth to speak, but he found himself speechless, only to shake his head desperately and his eyes were filled with uncontrollable fear.

Tom put him down, but still stared at him. The majestic weight like mount Tai made his legs trembling and not dare to lie. "No... I don't know... I just bought this villa recently. I just moved here..."

In fact, Tom had probably guessed it, but he was still very unwilling to face the reality!

"Who sold you the villa?"

The middle-aged fat man was silent and did not answer directly. Soon, Tom's words made him shudder again. "I'll give you three seconds. If you don't say anything, I'll break your neck."

"I..." He looked up and saw the fierce look in Tom's eyes. He couldn't help but be afraid again and didn't hide the

truth. He said quickly, "I admit that it was the property management company here sold to me. It's none of my business. I don't know anything!"

The middle-aged man was very depressed. He didn't expect to meet such a crazy person as he was satisfied with the new villa bought with his own money.

Tom stared straight into his eyes, and his eyes was too sharp, almost piercing him!

Soon, Tom realized that the fat man was not lying.

So, why did Phoebe sell the house? Was Phoebe unwilling to wait for him to come back?

## Chapter 629

Tom was disappointed as if he had been poured a bucket of ice water. The excitement was replaced by disappointment.

He didn't understand why Phoebe sold the house. It had only been half a month.

They had a great time in the house.

The middle-aged man looked at him carefully and asked in a low voice, "Sir, are you used to be the owner of this house?"

Tom nodded and suddenly thought of something. He strode into the room.

"Hey, you can't go in..."

As the middle-aged man spoke, Tom gave him a murderous look. He immediately stopped speaking. He quickly shook his head and said, "No, no. You can go in if you want."

Tom ignored him and strode in.

When he came in, he found that everything was still the same, familiar furniture, familiar smell...

He could almost recall what had happened here.

Everything in the house reminded Tom of Phoebe. Her appearance rose before him.

"Phoebe... Where the hell have you been?" Tom muttered to himself.

The family in the room was surprised to see a stranger, but Tom didn't care about their thoughts anymore. He quickly walked to the second floor and went into his and Phoebe's room.

Sure enough, nothing changed. Everything was so familiar!

The only difference was that Phoebe was gone.

He sighed.

Tom sighed heavily. He only hoped that Phoebe was in H Country, not that she had left dejectedly.

Fortunately, the house remained the same and was not changed by the new owner.

Now that he was back, he had made up his mind to buy the villa back.

Back downstairs, Tom saw them pick up the phone and prepare to call the police. He said directly, "This villa used to be mine. Now I want to buy it from you at a high price. You can make an offer."

Everyone in the room looked at him and thought he was joking because Tom looked so ordinary now, devoid of the temperament of a rich man.

The middle-aged man said, "Sir, now that I have bought this villa, we won't sell it. You'd better leave. And don't come again to disturb our lives."

Tom said directly, "Fifty million, sell me

this villa."

Fifty million! They were shocked to hear the number. After all, they spent only thirty million buying this villa at that time. It was only been less than a week now, and it had increased by twenty million What a good deal!

But when they came back to their senses, they didn't take it seriously, thinking that Tom was just crazy. How could he have 50 million?

"Where did you come from? Can you afford 50 million?"

"Do you know what fifty million is?"

"Never mind. Hurry up and chase him out so as not to affect our mood."

None of them cared about Tom and tried to kick Tom out.

Tom did not argue with them. He knew that it would not be easy to buy the house back. He called Rufus directly and asked him to send someone to deal with it.

All he had to do now was to find Phoebe! He could never accept the fact that he had lost Phoebe.

When he arrived at the property office, Tom came straight to the point and asked staff how Phoebe sold the house. However, he got shocking news from the property.

"What, you mean, my wife sold that villa herself?"

"Yes, Mr. Howard, the owner is Miss Scott. She sold the house ten days ago."

"Do you know why my wife sold the house?"

Hearing his words, they all looked at Tom with strange expressions. "Mr. Howard, are you kidding? As Miss Scott's husband, don't you not know what happened to Miss Scott during this period of time?"

As they spoke, there was more or less schadenfreude on their faces.

Tom immediately guessed that something must have gone wrong with Phoebe during his disappearance!

"Tell me what happened," Tom said in a low voice.

Now Tom looked very serious and dignified, which made them fear him and dare not make any more jokes.

"Actually, we also heard the news. It seems that Miss Scott's company went wrong and lost a lot of money. In the end, she had no way but to sell the villa in Dragon Bay..."

It was as expected!

Tom's heart sank. The thing that worried him the most still happened. During his disappearance, someone really made trouble for Phoebe!

Without hesitation, he immediately took out his cell phone and called Phoebe.

However, it was indicated that the number he dialed could not be connected. He called her a dozen times, but it was still unable to be connected, which meant Phoebe didn't use the number anymore.

Tom immediately called his father-in-law and mother-in-law again. Similarly, they couldn't get through.

Tom felt oppressed by worry. He didn't even dare to think about it.

"She should be fine. Phoebe is already a master of the Innate Realm. In ordinary society, she has the ability to protect herself. Nothing can happen!" Tom comforted himself, and then he rushed to the Scotts!

...

At the same time, the Scotts.

The Scotts, which had been very prosperous, now became much more down-and-out. The large villa worth tens of millions became empty, and a lot of furniture had been moved away.

Now, in the villa, there was a group of people, including seven powerful black-shirted people, standing behind a young man, who was sitting on the sofa in a lazy posture. He was making tea with a faint smile on the corner of his mouth.

"Master of the Scotts, you don't have to be restrained. Sit down. Don't be nervous. I came to see you today with

good intentions," the young man said with a smile. This was clearly the home of the Scotts, but now he became the owner.

But the Scotts did not dare to sit down, looking particularly nervous and restrained. They looked at the young man with awe and fear in their eyes.

Richard said quickly, "Mr. Rivera, you're welcome. We can just stand."

Mr. Rivera smiled, slowly brewed tea, and then said with a half-smile, "It seems that master of the Scotts doesn't take me seriously. He has ignored my words."

Richard couldn't help but shiver. His face trembled and some sadness

flashed across it. He had to sit down too.

However, he did not dare to sit at ease, and only a small part of his butt landed on the chair. Obviously, he was extremely afraid that he would offend Mr. Rivera.

## Chapter 630

"Mr. Rivera, can you give me a few more days' grace? We..."

Richard begged in an extremely humble manner, but before he could finish his sentence, Mr. Rivera interrupted him. "Patriarch Scott, have some tea."

Mr. Rivera smiled brightly and poured Richard a cup of tea. At first glance, others would think that Mr. Rivera was the owner of the house and was warmly entertaining Richard.

Richard was so anxious. The young man in front of him brought him too much pressure. He was not in the mood to drink tea. He said quickly, "Mr.

Rivera, you are such a kind man.  
Please, extend the limit... Ah!!"

Halfway through his speech, he let out a shrill scream. It turned out that Mr. Rivera had splashed boiling water on his face!

Fortunately, Richard closed his eyes subconsciously in a hurry, or else he would be blinded by the burning!

A wave of sadness surged up since he was humiliated like this and fell to the ground in such an old age. He would rather die at this moment.

Mr. Rivera did not feel guilty about bullying an old man like this. He seemed to have just done a very ordinary thing and said coolly, "Shame

on you, old man. You still don't know what manner is now."

Mr. Rivera was only in his early thirties. It was shameful of him to bully an old man.

The Scotts people behind them were furious.

Victor couldn't help but yell, "Hey! Mordechai, my father is in his seventies this year. How dare you treat him like this. Are you a beast?"

"You cruel people. You annex our SK Lighting through despicable means. We have given up, but why do you have to ruin us!"

"We've never provoked you before. Why did we do this to us? What did we

do wrong?!"

"Will only our death satisfy you?"

They couldn't help but vent their anger out loud. For the past half month, they had been living in fear every day, as miserable as in hell!

Suddenly, a mysterious organization targeted them. In just ten days, the SK Lighting went bankrupt and owed hundreds of millions of dollars! How could they bear this?

And after so many days, Tom hadn't shown at all. Later, they found out that Tom seemed to have been killed by his enemies. And now his enemies wanted to root out the Scotts.

Facing the roar of the Scotts people,

the young man Mr. Rivera kept indifferent. He tasted the tea calmly, nodded, and said with satisfaction, "That tastes good. Indeed, the Hangcheng Longjing tea is the best."

The Scotts was even angrier when they saw that Mr. Rivera didn't take them seriously.

"Enough." Mr. Rivera suddenly put down the teacup hardly. The moment it was placed on the table, the whole villa shook violently. This horrible movement immediately scared the Scotts people into silence.

"The end justifies the means. Your the Scotts is weak, so you deserve to be swallowed up." Mr. Rivera said indifferently. He looked up and down

at the Scotts people and said, "You still owe me 650 million dollars. Today is the deadline. If you can't pay back this money, don't blame me for being rude. I hate deadbeat the most in my life."

As soon as he finished speaking, he trod lightly on the floor. Suddenly, the thick tiles began to crack forward and spread all the way to a table next to the Scotts. Then the table exploded with a bang, very scary!

Everyone in the Scotts was ordinary people, and they had never seen such a scene before. At this moment, their faces were ashen and trembling with fear.

Mordechai, as the top master in the third stage of Innate Realm, was so

powerful that it was easy to intimidate ordinary people like the Scotts's.

Richard staggered to his feet. His face was now red from the heat and he was in great pain. He had never suffered such a mess before. "Mr. Rivera, I believe you have already investigated us. We are running out of money. Even if you kill us, we won't be able to pay you 650 million. Mr. Rivera, our SK Lighting is worth several hundred million dollars. It's all yours now. I'm begging you, can you spare us and treat it as a good deed? Our the Scotts will be grateful to you for the rest of our life."

Now Richard was in a state of torment. He was so old and had experienced everything in his life. He had no desire

for money. Now the only thing he could not let go of was his descendants, his family.

However, Mordechai remained unmoved and said coldly, "Richard, I didn't expect you, an old dog, to be so thick-skinned. You dare to let me give up 650 million. And a good deed? Ridiculous! Haha!"

After a pause, he rolled his eyes and said, "Actually, it's not impossible. 650 million dollars is just a piece of cake for me. In this way, if you kneel down and kowtow to me respectfully nine times, then I can consider sparing you this debt."

Richard's body trembled violently when he heard this!

He was over his seventies, and somehow a big shot in H City. He had a wonderful life and had never kneeled to anyone.

Now that he had to kneel down for Mordechai, it was no longer a matter of his dignity, but it would make the Scotts lose their footing from now on!

After hearing this, the Scotts people were all indignant.

"You can't kneel! Grandpa, you can't kneel no matter what!"

"He goes too far!"

"When did our the Scotts suffer such humiliation?"

"If Tom was still around, would it still be their turn to be arrogant? Tom could kill them with one hit!"

They all thought of Tom. If Tom was still around, the Scotts would still be powerful in H City and even surpass the Howards, and then nobody dared to humiliate them.

Unfortunately, now that Tom was dead, there was no one to protect them anymore! They now had an endless yearning for Tom, madly recalling the days when Tom was still alive. If only Tom hadn't died, everything would have been fine. Now they even prayed to God that they would not hesitate to sacrifice their lives. If Tom could come back, they would be willing to take ten years off

their life!

Hearing what they said, Mordechai was a little impatient and snorted heavily. "Enough!"

His voice, like a deep water bomb, rang in the ears of all the Scotts people, making them pale, and didn't dare to speak again.

"Hmph! Tom is nothing but trash. Even if he's in front of me now, I can kill him with one slap!" Mordechai said coldly. His face was a little ferocious and he particularly hated Tom.

## Chapter 631

Mordechai was a very arrogant person. He had always been called a genius. When he was twenty-eight years old, he broke through to the Innate Realm. It was a moment of boundless glory, and all his peers around him were overshadowed by him.

He was thirty-five years old this year and reached the third stage of the Innate Realm. His development speed was abnormal. All the masters valued him very much, and he once thought that he was the most talented person in the world.

After some time, he would definitely be able to break through to the Major

Perfection Realm, and even to the Immortal Realm.

However, Tom's appearance was like a scorching sun, shining brightly, completely masking his limelight!

So he hated Tom very much and felt extremely unreconciled!

Especially a while ago, what Tom did in the Lion Mountain completely shocked him.

Because that day, Mordechai was also in the Lion Mountain. He witnessed Tom's invincible heroic demeanor personally. Under the siege of more than 40 masters of the Innate Realm, he could escape unscathed and kill one person in ten steps without leaving a

trace.

He was really jealous of Tom. He was already a genius in the world. Why would a monster like Tom appear?

Fortunately, the great news was that Tom finally died in Fausto's hands. Tom died in the big explosion and was shattered to pieces.

The moment he heard that Tom died, he was so relieved and happy that he couldn't fall asleep that night!

It was like a mountain that had been pressing down on him suddenly collapsed. From then on, he was still the genius, and no one in the world could surpass him in terms of talent.

So he was in a good mood. He had been

stuck in the second stage of the Innate Realm for a long time, but now he broke through at once, and his strength increased a lot.

Tom's death had a great impact. Many people were hovering hungrily over Tom's family property. In less than half a month, all the businesses under Tom's name were taken down.

Even those who were related to Tom were implicated.

The Scotts felt Mordechai's anger and trembled in fear, not daring to speak at all.

Mordechai stared at Richard coldly. "It seems that you have a backbone. In this case, the Scotts needs to pay with

your lives!"

Richard's body was trembling violently, and he had been struggling in his heart for more than a hundred times. He turned around and looked at other people, all the descendants of the Scotts.

At this time, did he have a choice?

No. Not to mention kneeling down, even if Mordechai asked him to eat shit, he had to do it.

"Okay." Richard tried his best to say this in a calm tone. Even if he had to give up his dignity, he would face it with a smile.

"Dad, you can't kneel down. The moment you kneel down, the dignity of

our the Scotts will be ruined!"

"Yes, grandpa, you can't kneel down. If it's a must, it's us who should kneel down."

The Scotts began to beg, and they didn't care how loudly they spoke.

"Shut up!" Richard glared at them. He had to show his authority as the head of the family at the moment.

Seeing the painful expressions of his descendants, Richard was also extremely sad now. He softened his tone and said, "Please take care of the Scotts for me in the future. Tom grew up from an ordinary person to a master. Unfortunately, Tom..."

Richard recalled Tom with great grief. If

Tom were still here, he wouldn't allow such a thing to happen! They always lived under Tom's protection. Without Tom, their the Scotts would be nothing but a pushover that could be bullied by anyone.

He walked up to Mordechai and knelt down, trembling slightly. "Mr. Rivera, I'm Richard, the sinner, and I'm begging Mr. Rivera to let the Scotts go. Thank you very much!"

This scene was really too humiliating. Everyone in the Scotts who saw this felt extremely painful and angry, but they couldn't do anything.

The Scotts, facing such a big shot like Mordechai, was too weak to resist.

Mordechai burst into laughter. "Richard, Richard, look at you. You're too serious. I was just joking with you, but I didn't expect you to take it seriously. You're such an old man. It's not appropriate to kneel down in front of a young man like me. Ha ha ha."

The teasing and bantering expression on his face made the Scotts even angrier. They wished that they could bitten Mordechai to death!

Richard had put down all his dignity, and now his heart was numb with humiliation. He said in a daze, "Please, Mr. Rivera, let the Scotts go. Please, Mr. Rivera."

Mordechai said, "What are you talking about? I didn't say I was going to kill

your the Scotts, but I just wanted you to pay back the money. After all, it's natural for you to pay back the debts, right? Mr. Scott, you are also a famous and honorable person in H Country. Since you've said that, I'll save your face. I'll spare you 50 million. You only need to give me 600 million."

"You!" Victor, who was beside him, couldn't help but scold Mordechai loudly, "How can you go back on your word? You just promised my father that you were willing to write it off! Mordechai, you're a big shot. Can you break your promise?"

Other members of the Scotts were also very angry, but Mordechai's face turned cold. He snorted and said, "Yes, I broke my promise. What can you do?"

Victor, I warn you to show me some respect. If you dare to point at me again, I'll break your legs!"

Victor was threatened by him and immediately did not dare to point at him anymore. His face was so red that he almost vomited blood. Mordechai was so shameless!

Richard was also furious. He took a deep breath and forced himself to calm down. He gritted his teeth and said, "Mr. Rivera, you clearly know that our the Scotts is doomed. Even if we can live a hundred years more, we won't be able to pay back so much money. You're a top big shot. Is it necessary to torture us like this? Are you really going to force us all to death?"

Many of the Scotts began to wail, especially women and children. They could not help but cry, and the scene was very miserable.

Mordechai crossed his legs. He was heartless and didn't care about the life or death of the Scotts at all. Instead, the more painful and struggling the Scotts was, the happier he was, because it was the family of Tom's wife! When he abused the Scotts, he got endless pleasure.

"Okay, I, Mordechai, am not unreasonable." Mordechai smirked again and said meaningfully, "I heard that there's a beautiful woman named Phoebe in the Scotts, who is also the wife of Tom, the No.1 master in G State. I really want to know her. If you

give me Phoebe, I guarantee that the debt that your the Scotts owes me will really be written off. Is it okay? It's a good deal."

## Chapter 632

Now, Mordechai finally showed his true colors.

During this period of time, he had been encroaching on the Scotts and had already known the situation of the Scotts thoroughly. He knew clearly that the Scotts was on the edge of collapse. Not to mention 650 million, even the 600,000 was a number that the Scotts couldn't take out.

And Mordechai came here today mainly for Phoebe.

He had long heard of Phoebe. Phoebe was the most beautiful woman in H City and Tom's wife. She was an ideal married woman in everyone's eyes. If

he could have sex with Phoebe, it would be an unprecedented achievement for him!

He hated Tom. Now that Tom was dead, he would not let go of the opportunity to torture Tom's wife.

In fact, he had been looking for Phoebe during this period of time, but Phoebe disappeared suddenly. With his power, for a while, he even couldn't find out where Phoebe was.

However, he did not believe that people in the Scotts would not know Phoebe's whereabouts.

Now, he began to imagine his joy when he got Phoebe.

When Richard heard this, his pupils

suddenly shrank. At this point, how could he not tell that Mordechai was coming for Phoebe! Mordechai was just humiliating him. From the beginning, Mordechai had never thought of letting them go!

"Mordechai! You have no intention of letting go of the Scotts. You just want Phoebe!" Richard cursed angrily.

"You are not that stupid." Mordechai said with a fake smile, "Since we have come to this point, I'm too lazy to beat around the bush with you. Hand over Phoebe and I'll let the Scotts go."

The other members of the Scotts were already furious. They had never seen such a shameless and unprincipled person!

"Impossible! Phoebe has suffered enough. I can't give her to you!" Richard refused. He used to be mean to Phoebe, but during this period of time, he saw Phoebe's efforts. If it weren't for Phoebe, the Scotts wouldn't have been so glamorous! And as time went by, he knew that Phoebe was the most promising person in the Scotts and the person who helped the Scotts the most. Men had emotions and feelings. No matter how bad Richard was, he couldn't betray his granddaughter!

He had already done such a thing once. At the time when the Scotts was in crisis, he had already given Elliot Phoebe, and he regretted it for a long time.

Besides, Tom died for less than a month. As Tom's wife, Phoebe was already in enough pain. No matter how cold-blooded he was, he could not betray Phoebe.

Mordechai's expression immediately turned cold. It seemed that the air on the spot froze. "Richard, you're a smart person and you're getting old. I advise you to think twice. I'm bound to get Phoebe. If you don't hand her over, I'll kill everyone in the Scotts."

Richard shuddered in fear. He felt the bone-chilling murderous intent in Mordechai's eyes. He had no doubt that Mordechai would really kill all men in the Scotts if he didn't cooperate with Mordechai.

But could he betray Phoebe?

He really couldn't do it.

The people in the Scotts behind Richard, old and young, were now in great panic and pain. But even at this moment, none of them stood up and voluntarily betrayed Phoebe.

"Richard, my patience is limited. I'll give you one last minute to think about it. If you don't tell me where Phoebe is, don't blame me for being cruel." Mordechai set the countdown on his phone and placed it under the table. Every second that passed gave a heavy blow to the heart of everyone in the Scotts.

For Richard, this was a great ordeal. On

one hand, it was the Scotts. On the other hand, it was Phoebe who had done a lot to the Scotts, and at the same time, Phoebe was his biological granddaughter!

A minute seemed to be like decades. Richard was in endless suffering and pain!

In the last ten seconds, Richard suddenly became much older. It was as if his vitality was extracted.

"Three."

"Two."

"One."

"A minute has passed, Richard. What's your decision?" Mordechai looked at

Richard playfully, his eyes full of coercion. As long as Richard did not cooperate, he would start to kill!

Richard clenched his fists. Now, he was about to collapse and he made a decision. He looked up at Mordechai. "Mr. Rivera, I can still sell this house for tens of millions and transfer the money to you. Also, I bought insurance. As long as I die accidentally, I can still get 100 million in compensation. This is the last money that I and the Scotts can take out. I'll give all of the money to you. Please show mercy and let the Scotts go, okay?"

Richard had now given up all his dignity, all his integrity. He now only had endless pleading. He hoped that Mordechai would show mercy once

and let the Scotts go.

However, his pleading was worthless to Mordechai, and it made Mordechai furious. Mordechai slammed the coffee table with a loud bang. The padauk tea table, which was worth hundreds of thousands, was smashed into pieces by Mordechai. A majestic and domineering momentum was emanated from Mordechai. "Richard! You old man, how dare you disobey my orders! In that case, the Scotts, just die!!!"

Mordechai had lost all his patience. In his opinion, Richard still refused to give in until Richard was faced with the grim reality. It seemed that he had to kill a few men in the Scotts to force Richard to tell Phoebe's whereabouts.

"Come on, get the smallest the Scotts's member and kill him! I want to see if this old man still refuses to say!" Mordechai waved his hand and gave the order.

All of a sudden, the Scotts was in a panic. Elders and adults held the children of the Scotts tightly in their arms and cried loudly, begging Mordechai to let them go.

This scene was too miserable. As long as a normal person saw this scene, they would have sympathy.

Tom, who had just arrived, saw this scene. His heart was already filled with rage. He wanted to kill Mordechai and every man that Mordechai brought.

Rub-a-dub!

Rub-a-dub!

Rub-a-dub!

At this moment, the ground began to vibrate in an increasingly rapid way. The sound got louder and louder. It seemed to be an earthquake.

Everyone in the room was frightened, and Mordechai's men were also in a panic. If the earthquake happened and the house collapsed, they would definitely be killed.

People in the Scotts, on the other hand, were now huddled together. They were completely despairing. At this moment, no one would come to save them.

Mordechai also frowned. It was clearly not an earthquake zone. How could an earthquake happen here? And the vibration was so regular. It was not like a natural earthquake, but more like a person's footsteps.....

But what kind of person could do this?

Just then, the earthquake suddenly stopped. There was a child in the Scotts. Suddenly, he looked up and called out, "Uncle, it's uncle! Uncle is back!"

## Chapter 633

The child suddenly spoke, breaking the stillness.

Everyone was surprised by him. This child had been scared out of his wits just now, but now he looked both surprised and excited, which was particularly abrupt.

He even struggled out of his mother's arms and ran towards the door.

His movement frightened his mother. She hurriedly shouted, "Meghan, where are you going? Come back!"

Soon, his mother also looked at the door and saw Tom, who appeared at the door at some unknown time. She

was stunned and dumbfounded. She couldn't believe what she saw at all.

Because Tom was standing at the door!

But wasn't Tom dead? The news had spread all over H City. On the night that Phoebe heard the news, she fainted and they secretly sent her out!

This must be hallucinations!

How could he be reborn when he was already dead?

She quickly rubbed her eyes and looked again. She found that Tom was still standing there. He nodded at her with a smile.

This time, she was overjoyed. She could not think of anything else. There

was only one thing in her head. It was true. Tom, the son-in-law of the Scotts, really returned!

Tears suddenly welled up in her eyes. She had never thought that the Scotts would need Tom so badly one day!

Not only her, but also the other members of the Scotts looked in the direction of Meghan, who was running towards the door. They immediately saw Tom!

Their reaction was similar to or even more intense than that of Meghan's mother.

Richard was the most emotional one. When he saw Tom standing there, tears streamed down his face. He kept

saying, "The Scotts will survive. The Scotts will survive..."

Logan, who was scared, shouted out in a hoarse voice after seeing Tom, "Brother-in-law! My brother-in-law! Great, you're not dead, you're finally back! I miss you so much..." Then he sobbed.

Logan was Phoebe's brother and he had lost a lot of weight. His face was covered in stubble. He looked terrible. In the past half month, he had experienced the most horrible things in his life!

His brother-in-law, Tom, died. His sister, Phoebe, was in extreme grief and she had already become a Buddhist nun. Even his parents had

left. His life had been destroyed.

He even had the idea of suicide several times. He felt that his life was meaningless.

He had never thought that his brother-in-law would become so important to the Scotts unknowingly. Without his brother-in-law, the Scotts would collapse.

For half a month, he had dreamt of Tom many times, hoping that the news was false. He wished that Tom was not dead and was just far away. His brother-in-law would come back one day.

Finally, this day came. Tom really appeared.

Tears poured down!

Mordechai was stunned. He couldn't believe what had happened. Did Tom come back?

That was absolutely impossible!

That day, he also chased them to Seven Mountains and saw with his own eyes that Tom was killed by Fausto. And that day's big explosion could blow up a tall building into ashes. Tom was only a master of the fourth stage of the Innate Realm, and he was not immortal. How could he survive in that big explosion?

This must not be true!

"Hahahaha..." He burst out laughing again. Looking at the poor

performances of the Scotts, he felt funny. They were beyond help. Yet, they tried to trick him like that. Did they really think he could be fooled?

"You guys are too childish. Do you really think you can trick me?" Mordechai snorted and said, "My patience has been worn down by you. Since you don't give in, then prepare to die!"

He waved his hand again and ordered his men to continue to attack the Scotts.

However, his men did not listen to him. They were all stunned as if their acupuncture points had been hit. Their faces were full of fear and they looked towards the door.

Finally, Mordechai realized something was wrong...

Could it be that Tom really wasn't dead and was back?

That was impossible! He clearly saw Tom die in the big explosion! Moreover, even if Tom came back, he could definitely feel his presence, but now, in his perception, there was nothing at the door.

So, this must be fake. Either these people were hallucinated or he was.

He thought so, but he was already starting to panic...

He didn't even dare to look back, because if Tom returned, he would pay

a huge price.

However, time would wait for no man. At this moment, Meghan had rushed to Tom, threw himself heavily into Tom's arms, and cried out, "Uncle! You're finally back. I'm so afraid. These bad people are bullying us and trying to kill us..." He shivered and cried.

Tom was heartbroken to see the child crying so hard. At the same time, his anger at Mordechai was rising!

He held Meghan in his arms, helped him wipe away his tears, and comforted him, "Don't cry. I'm back. No one can bully you any more."

This voice appeared and reached Mordechai's ears. Immediately, he

shuddered!

An expression of extreme fear and panic finally appeared on his face.

He was too familiar with this voice. On Lion Mountain, he had only heard Tom say a few words and then he remembered this voice clearly!

This was Tom's voice!

But how could that be? Wasn't Tom dead? Mordechai clearly saw that Tom was killed by Fausto and his body must have been torn apart in the big explosion!

Fausto was the most powerful person who reached the Major Perfection Realm. He was absolutely invincible before anyone who reached the

Immortal Realm appeared!

His mind was a mess. Even though he was mentally strong, he was completely unable to calm down. He lost himself in fear and panic.

Tom's words seemed to have magic power. Hearing his words, Meghan's fear dissipated. He nodded hard, then pointed at Mordechai and said loudly, "Uncle! He was the bad guy who bullied us! He also wanted my great-grandfather to kneel down. He said that he wanted to kill us! He also threatened my grandfather to tell him my aunt's whereabouts... Uncle, where have you been these days? We all miss you so much! My aunt... She fainted when she heard that you weren't coming back that night. Now I don't

know where she is. Uncle, you're back now. Can you find her? I miss her very much!"

## Chapter 634

These words came from a child who was only about seven years old, which was really moving!

Tom's nose was a little sore. He could imagine how much humiliation and disaster the Scotts had suffered during his "fall". Otherwise, a seven-year-old child wouldn't have a shadow over the heart!

Meghan was a very cute child, and everyone liked him. Every time Tom and Phoebe returned to the Scotts, Meghan was very close to them.

Tom also liked Meghan very much. Now that he heard Meghan's words, Tom felt a pain in his heart and

comforted him, "Meghan, don't worry. I will find your aunt soon."

"OK!" Meghan nodded hard and smiled happily again. He believed unconditionally that his uncle-in-law would definitely find his aunt back.

Other the Scotts members were also overjoyed. Their despair suddenly disappeared and they burst into tears of joy.

It was strange that only Tom would bring them an unprecedented sense of security. As long as Tom was there, everything would be solved!

"Grandpa, you've been wronged for a while." Tom was not in a hurry to deal with Mordechai. He went to help

Richard up and said guiltily.

Richard said quickly, "Tom, it's good that you're back. It's good that you're back!"

Others also greeted Tom. Now Tom was undoubtedly the backbone of the Scotts.

"It was you who forced my grandfather to kneel and threatened to kill the Scotts?" Tom looked at Mordechai without any expression on his face. He was standoffish, and the murderous intent emanating from his body froze the whole space. Mordechai immediately felt an unprecedented pressure!

Mordechai still couldn't believe it. Tom

was already totally dead. Why could he still live and be unscathed? It was impossible! He had personally seen Tom trapped in the explosion. Even a master in Immortal Realm who had experienced the explosion wouldn't be uninjured!

"Tom! You're already dead. Why are you still alive? It can't be it!" Mordechai's face was full of disbelief. He could not accept the fact in front of him at all. Tom was like a mountain on top of him. He desperately wanted Tom to die young. He didn't know how happy he was when he saw Tom fall. But now reality told him that Tom was still alive, and he was intact. So what awaited him was endless revenge!

Hearing his words, Tom recalled for a

moment and said with a sudden realization, "I remember that you were also in Lion Mountain that day and wanted to plot against me. At that time, in order to evade the attack from Fausto, I had to ignore nonentities like you. I didn't expect you to dare to bully my mother's family."

Mordechai had a fear in his bones about Tom. It was not that he was timid, but that Tom's cultivation was too deep. Especially that day in Lion Mountain, Tom's fighting power was too terrifying to be compared with him at all!

It was only after confirming that Tom had fallen that he regained his confidence and even took advantage of the situation to find trouble with the

Scotts.

However, he never expected that Tom was not dead! And he came back so soon!

"No, no, this is a misunderstanding! It's not that I'm going to trouble the Scotts. I have my reasons too! I'm also instigated by others. Mr. Howard, it's none of my business!" Mordechai apologized in a very sincere manner, but Tom could still tell at a glance that Mordechai's eyes were flashing with murderous intent.

"Who told you to do this?" Tom simply cooperated with him and listened to his lies.

"It's..." Mordechai lowered his head,

but his eyes were rolling. In the middle of the sentence, he suddenly struck out and took out more than a dozen flying knives from his body. Almost in an instant, he threw them away and all the knives quickly flew around Tom. Each flying knife was as powerful as a bullet!

This was his unique skill. In such a hurry, even the masters of the fourth level of the Innate Realm were unable to evade.

He didn't expect to seriously hurt Tom. He just wanted to buy some time for him to escape.

But as soon as he turned around, Tom's voice came into his ear, "You actually dare to play tricks in front of me."

Hearing this voice, Mordechai felt his blood freezes, and he got goosebumps all over his body!

How could Tom be so fast? It was only a blink of an eye when Tom was already close to his body.

He had already sensed Tom's breath, and he was right beside him. This speed was beyond Mordechai's comprehension, just like a ghost.

At the critical moment, Mordechai reacted as fast as he could. He punched to the left and shouted, "Go to hell!!!"

This punch used 120 % of his strength. Mordechai was confident that Tom would not be able to dodge in such a

short time. Once he hit Tom, he did not believe that Tom would not be injured.

Bang, the sound of fists hitting flesh.

It was a hit!

Mordechai was overjoyed. He didn't expect that he really hit Tom. That was great.

However, the next moment, he did not see the imagined scene of Tom being injured. Tom took his punch with the chest and did not even shake the body. Instead, Mordechai was thrown out by the huge counterforce, and his wrist was dislocated.

"How dare you trouble my family at your level? I think you're tired of living." Tom said indifferently. He patted his

clothes as if he had just been bitten by a mosquito. He didn't feel anything.

Mordechai fell to the ground, and now he had a huge wave in his heart. He couldn't believe it was true! After all, even a piece of iron was about to be flattened by his punch just now. But when he hit Tom, he didn't feel anything at all? Could it be that Tom was already in the Immortal Realm?!

After a moment of silence, the Scotts cheered, "Awesome! Brother-in-law is invincible! Brother-in-law is invincible!"

"Tom is so powerful. He should teach the bastard Mordechai a lesson. How dare he be so arrogant just now!"

"Hahaha, now the situation reverse for our the Scotts!"

Tom walked casually to Mordechai, "Tell me, who ordered you."

Mordechai's face was ashen now. This was the first time he had fought with Tom. All his conceit and pride in the past disappeared at this moment, making him realize how big the gap between him and Tom was!

Now he looked up at Tom as if he was looking at a god. He was just an ant in the dirt. They were not in a same level at all.

"Mr. Howard, if I tell you, can you let me go?" Mordechai begged for mercy.

Tom stared at him coldly, "Do you have

the right to negotiate with me now?"

Mordechai was silent. Of course, he knew this, and now he regretted it. If he had known it was this result, he wouldn't have taken advantage of it to bully the Scotts!

But he didn't want to die either. He had worked so hard and gone through so many hardships before he reached this stage and stood at the peak of the human Pyramid. Once he died, there would be nothing left.

His strong desire for survival completely deprived him of self-esteem and he could only betray his superiors, "Mr. Howard, don't kill me. In fact, I didn't propose to encroach on your industry, it was Redford! It was

Redford of the Military Intelligence 2, who proposed it! Now not only the Scotts, but also your three companies have been encroached on by him! Mr. Howard, I'm innocent, Mr. Howard!"

Redford?

Hearing the name, Tom's eyes narrowed, and a terrifying gleam erupted in his eyes.

## Chapter 635

Mordechai died.

Tom would not be merciful to such an evil man. He killed Mordechai with one strike.

After settling down affairs of the Scotts, Tom asked in a hurry, "Grandpa, where's Phoebe?"

After hearing Tom's words, Richard immediately fell silent. Guilt and sadness appeared on his face. The other members of the Scotts also lowered their heads sadly.

Tom panicked. His face turned pale and his voice trembled, "What happened to her?"

Tom's mind was completely blank when he asked. He could not accept the fact at all!

He did so much to protect Phoebe. If something really happened to Phoebe, he would never accept this, and he would never forgive himself!

Richard saw Tom's reaction and quickly said, "No. No. Phoebe is fine. She's just..."

At this point, Richard stopped, and he looked sorrowful.

Tom was a little confused. He couldn't understand what Richard meant now. What exactly happened to Phoebe?

"Grandpa, don't keep me guessing. Tell me if Phoebe is okay." Tom said

anxiously.

Richard nodded and said, "Phoebe fainted the day she heard about your death. She was unconscious for two days. At that time, we were all scared and sent her to the hospital. The doctor said that Phoebe was very healthy and stronger than athletes, but Phoebe was overwhelmed with sorrow. Subconsciously, she couldn't accept this fact at all. She chose to fall into a deep coma. If she kept the state too long, she would lose consciousness and become a vegetable."

His face was totally pale when he heard this. He gritted his teeth tightly. He could imagine what happened that day.

He knew very well how much Phoebe loved him. When he knew that Phoebe was seriously ill, his was extremely painful too. If he hadn't known that Heaven and Earth's Spiritual Fruit could save Phoebe, then he would have been collapsed.

Moreover, Phoebe thought he died to save her. Such guilt and torture were unbearable to her.

"Phoebe..." Tom almost cried. He knew how that felt. He said in a shaking voice, "So has she become a vegetable now?"

"No." Richard shook his head and said, "On the third day, Phoebe woke up."

Hearing this, Tom heaved a sigh of

relief.

As long as Phoebe was fine, nothing else mattered.

"That's great." Tom was relieved and said, "Grandpa, where's Phoebe now? I'll go find her right away."

No one responded to his words. Everyone didn't look sad and guilty.

Tom realized that something was wrong again. He asked quickly, "Did something else happen?"

Richard sighed and said, "Tom, you're back anyway. It's not so urgent to see Phoebe. Why don't you go back to ZQ Media first? Now, ZQ Media is facing a big crisis..."

"Grandpa!" Tom interrupted him roughly and said seriously, "Tell me what happened to Phoebe. That's what I care about the most."

Richard looked at Tom's serious look. He didn't even dare to face Tom. He lowered his head and said with great guilt and heartache, "On the third day, Phoebe woke up, but she selectively lost her memory. She forgot everything about you..."

"What?"

Tom was completely overwhelmed.

Selective amnesia, a condition he had heard of. It was rare and extremely difficult to cure.

Logically speaking, Phoebe had taken

Heaven and Earth's Spiritual Fruit. She was already a master in the Innate Realm. Her body and spirit were far stronger than ordinary people. How could she lose her memory, and even selectively?

"Where is she now? I'm going to see her!" Tom said firmly.

Everyone fell silent. They didn't dare to look at Tom.

In the end, it was still Richard who answered, "Phoebe has lost all memories about you. Even if someone mentioned your name, she didn't remember it at all. She only remembered that in her life, there was someone important to her, but she didn't remember the name. For this

reason, her temperament changed. She seldom talked and became indifferent to everything in the world, even her family. Later, after she left the hospital, she chose to become a nun..."

Tom's face turned pale.

He closed his eyes and shed two lines of tears from the corner of his eyes.

He didn't say anything.

He remained silent and everyone thought he was asleep.

"Tom, you don't have to be too sad. I believe Phoebe has forgotten you for the time being. She should remember you very soon." Richard comforted Tom again, but he didn't believe much when he said that. Because he knew

how serious Phoebe's amnesia was from the doctor.

The other the Scotts members also comforted Tom.

After some time, Tom spoke again. "She should be in Miu Jit Temple."

"Yes." Richard nodded.

Tom said, "Grandpa, elders, I'm going to find Phoebe now. I'll arrange for someone to settle the matter. You just need to wait."

As he spoke, he stood up and was about to leave.

"Tom." Richard stopped him, "If Phoebe doesn't remember you, don't force her too much. The doctor said that she is

mentally fragile now."

"Okay." Tom nodded and then strode away.

He called Rufus and told him to come over and take over everything with the Scotts.

He had to get to Miu Jit Temple as soon as possible to see Phoebe.

Miu Jit Temple was located in H City. It was a very quiet and remote nunnery. Tom had heard of this place before, but he had never been there.

It was supposed to be an hour and a half away. It only took him dozens of minutes to get there.

When Tom arrived at the foot of the

mountain where Miu Jit Temple was,  
he had a very complicated feeling.

His Spiritual Sense spread out and  
soon covered the entire mountain.

There were more than twenty nuns in  
Miu Jit Temple, and one was very  
familiar to him.

## Chapter 636

"Sir, please stop."

Tom walked to the door of Miu Jit Temple and was about to enter as two young nuns immediately came out to dissuade Tom.

The two young nuns were actually masters at the Master Realm but they were only fifteen or sixteen years old.

Moreover, there was a sense of tranquility and detachment unseen in secular society shown in their bodies. This made Tom, who was born in the secular society, feel so strange and repulsive.

Tom put his palms together devoutly

and said politely, "I'm Tom, Phoebe's husband. This time, I'm here to take my wife home. Please do me a favor."

Now, Tom didn't seem to be a stylite at the Innate Realm. He was just a gentle husband who missed his wife so much.

"Mr. Howard, I'm sorry. There's no Phoebe in the Miu Jit Temple."

As she spoke, the nun was about to close the door.

"Wait!" Tom hurriedly stepped forward and pressed his foot against the wooden door, "Phoebe is my wife's real name. She's gorgeous. She's 26 years old and 1.68 meters tall. She has selective amnesia. She came to the Miu Jit Temple ten days ago. You must have

seen her! Please do me a favor. My wife is really important to me!"

Tom said with emotion and reason, hoping that the two little nuns could do him a favor.

Even though he was powerful and could get in by force, he couldn't do this and didn't want to do it! This was the holy land of the Buddhism, and the people living inside were all extraordinary nuns who had no secular demands. He couldn't be so reckless. Otherwise, what was the difference between him and people like Mordechai?

The two little nuns looked at each other. They exchanged views with each other. Obviously, they knew Phoebe.

Tom was pleasantly surprised to see their reaction. Their action meant that Phoebe was here.

At this moment, an ethereal voice came from the inside of the Temple. "Miaoyin. Miaochan. What are you whispering about outside? Why don't you come in for the tonsure ceremony?"

"Yes, Master Liaoque. Miaoyin (Miaochan) will be back soon."

The two young nuns said quickly, then was about to close the door and go in.

For some reason, Tom became nervous when he heard the word "tonsure."

"Can you tell me who is going to have

the tonsure? Is it my wife? She can't. She's my wife! She can't be a nun!" Tom said anxiously.

At the same time, he quickly released his mental strength to see if it was Phoebe!

However, Tom's invincible mental strength which could see anything had actually lost its effect here as he could no longer feel Phoebe's breath. Even if he could sense that there were people inside, he could not tell which one was Phoebe.

This had nothing to do with his cultivation. He couldn't feel the breath of Phoebe because Phoebe had changed completely, which led to the complete change of her breath, so that

he could not sense her!

"No! Miu Jit Temple is a tranquil and secluded place. It's not open to the public. Sir, please leave!"

"Please leave. Sir, don't make things difficult for us."

The two young nuns said.

At this time, how could Tom give up? If it was really Phoebe who was going to have the tonsure and he didn't stop it in time, then Phoebe would really be a nun.

The situation was urgent, and he couldn't care about anything else. Tom said, "I'm sorry." Then, he exerted some strength to pushed open the door and walked in.

His actions immediately frightened the two young nuns. The young nuns said angrily and flusteredly, "Hey! Why did you do this? You can't go in!"

"Sir, please stay! Inside is Master Phoebe's tonsure ceremony!"

The two young nuns were so anxious that they quickly caught up with Tom.

Things that happened here alerted the other nuns in the Miu Jit Temple. Immediately, a few older nuns came out and saw Tom barging in. They all frowned and said unhappily, "Sir, Miu Jit Temple is the pure land of Buddhism. Please leave!"

The two nuns were masters at Extrinsic Peak. Before Tom came, he

really didn't think that there were so many masters hidden in such a small nunnery as Miu Jit Temple.

But soon, Tom found out that although these nuns were not weak, their fighting ability was very ordinary. In other words, these nuns had strength but they didn't know how to use their strength.

But as Tom thought about it, he found it not surprising. As a nun in Miu Jit Temple, nun here studied Buddhism. It was normal for a nun here to be free from the secular society and had no fighting ability. It would be abnormal if nuns here were full of murderous intent.

Tom put his palms together devoutly

and said politely again, "Hello, senior Buddhist nuns, my name is Tom. I am a common person from the secular world. For some special reason, something happened to me a while ago, which caused my wife, Phoebe, to think that I was dead. She couldn't accept the fact for a moment and she fainted on the spot. When she woke up, she was overwhelmed with sadness and she selectively forgot about me subconsciously. Eight days ago, my wife came up to the Miu Jit Temple and wanted to become a nun. Now that I'm back, I come here personally to take her home. Please fulfill my wish!"

Tom's words were touching and true. After hearing his words, the nuns fell silent.

Obviously, they knew who Tom's wife was.

After a while, one of senior Buddhist nuns said, "Sir, you are late. Phoebe is ready. She has already begun her tonsure ceremony. So, benefactor, please go back."

"What?!" Tom's pupils suddenly contracted. Phoebe had already begun her tonsure ceremony?

Tom became flustered. He stopped talking nonsense and immediately strode towards the inside of temple. He had already seen that many nuns were having the tonsure ceremony in the temple!

His actions made the nuns' expressions

changed. The nuns said angrily and loudly, "Benefactor! Please stop! This is the pure land of Buddhism. Men are not allowed to enter!"

These nuns were masters at Extrinsic Peak. Although they were not good at fighting, their physical quality was good and they moved very fast. They immediately blocked Tom's way and stopped Tom from going in and causing trouble.

"Senior Buddhist nuns, sorry to offend!"

Tom said in a deep voice and then moved. He quickly bypassed the senior Buddhist nuns and rushed towards the inside of the temple.

The senior Buddhist nuns were shocked. They thought that Tom was just an ordinary person. It was easy for them to stop Tom together, but they didn't expect that Tom's speed was so fast. They couldn't tell where Tom was in the blink of an eye.

"Damn it! He went in!"

"Phoebe's shaving tonsure ceremony will be ruined!"

"This man is so powerful that I can't sense his movements at all."

In the blink of an eye, Tom had already entered the temple.

In the temple, he first saw a gold-plated dharma-laksana in the middle of the temple and he smelled the incense.

There were more than ten nuns standing there.

In front of the dharma-laksana, there was a beautiful woman kneeling on the ground. She was dressed in a simple taoist suit, and she looked very thin. Even if Tom only looked at her back, he knew that she was an exceedingly beautiful woman.

Her beautiful black hair fell like a waterfall. An old nun was tonsuring her. It was obvious that the tonsure ceremony had just begun as a wisp of black hair of that beautiful woman had just fallen to the ground.....

When Tom saw the woman, his mind went blank. He couldn't think of anything!

Even if she turned her back to him, Tom could tell at a glance that the woman in front of him was his beloved wife that he had been thinking about day and night. It was Phoebe!

## Chapter 637

"Phoebe!"

Tom blurted out. The moment he saw Phoebe, his eyes immediately became wet.

In the past, when Phoebe heard his voice, she would turn around and throw herself into his arms with great excitement.

But now, Phoebe was still kneeling on the ground, unmoved.

Tom's appearance startled many nuns in the monastery. Their expressions changed drastically and they glared at Tom angrily, thinking that Tom had broken their silence.

"Benefactor! This is the pure land of the buddha sect. It is not open to the public. Please go out immediately!"

Immediately, a nun came up to chase Tom away. They were unpleasant because they thought Tom was too rude. He actually came to the pure land of the buddha to shout and disturb their cultivation.

At this time, a few senior nuns followed up. They were all very angry that Tom had barged in and disturbed Phoebe's shaving ceremony. He really shouldn't have done it.

"Mr. Howard! Your wife is not in the Miu Jit Temple. Please leave immediately and don't disturb the tranquility of the buddha sect." One of

the senior nun scolded seriously.

The Miu Jit Temple had always been a peaceful place and did not intertwine with secularity. It was the first time a man had barged in and caused trouble here. This made them very angry and felt that their buddhism had been sullied.

But there was no one else in Tom's eyes. At this moment, there was only the thin figure in front of him, that was his wife.

"Phoebe, it's me. I'm back. I'm not dead. I'm alive!" Tom's heart surged. He did so much to save Phoebe's life. Now he did it, but Phoebe decided to become a nun. This was not the result he wanted to see!

He couldn't help but walk towards Phoebe. He couldn't wait to hold Phoebe in his arms and share his excitement.

"Benefactor! Please stop, don't step forward!"

Immediately, a nun came out to stop Tom, but Tom had already seen Phoebe. How could he stop?

He continued to walk forward. He must come to Phoebe and wake up Phoebe's memory!

"Benefactor! I will warn you one last time. Please stop immediately, or else don't blame me for being rude!"

As the senior nun's voice fell, the nuns

in the palace surrounded Tom, prepared to fight and filled with hostility. Once Tom took another step forward, they would take action.

Seeing this, Tom stopped. Although he was very excited now, he did not lose his composure. These nuns were all cloistered cultivators. He could not hurt them.

However, he had already come here and could not give up. He took a deep breath. He put his palms together devoutly and said to the nuns, "Ladies, my name is Tom. I am a mortal in the secular world. I broke into the Miu Jit Temple today to bring my wife home. I have no disrespect to you and the Miu Jit Temple. Please let me do it!"

Seeing that Tom was sincere and did not look like a person who came to cause trouble maliciously, these senior nuns became a little friendly.

An elderly senior nun stepped forward and said, "Please leave first, this benefactor. We are having a solemn shaving ceremony. Come back tomorrow morning and we will settle this matter down."

Tom shook his head and said, "Please forgive me. My wife is right in front of me. I can't just watch you shave her."

"Sir, do you mean that you have to disturb the shaving ceremony?" The old senior nun's face clouded and she stared at Tom unkindly.

Tom stroke a pose with one hand erected before his chest and said, "I have to take my wife back today and please let me do it."

"It seems that you are going to use force. In that case, don't blame us for being rude!" She snorted heavily. Immediately, many of the nuns in the palace picked up sticks and tightly surrounded Tom, ready to fight with Tom and drive Tom out!

Tom sighed deeply. He really didn't want to be too rude to these nuns, so he called out to Phoebe again, "Phoebe, I know you definitely remember me! I'm back now. I promise you, I won't do such a dangerous thing again. Don't be angry. Come back with me now!"

However, Phoebe still knelt there indifferently, tapping on the wooden fish with her hands, not even breaking the rhythm. She continued ignoring Tom.

When Tom saw this, his heart kept sinking. Did Phoebe really forget him?!

"Mr. Howard, it seems that 'Phoebe' is not your wife. We will warn you one last time. Go out of here immediately!"

Tom stared at Phoebe closely. He was really sad now that Phoebe was indifferent.

At this moment, Tom couldn't care less. He had to walk up to Phoebe and let Phoebe see him, "Ladies, with all due respect, you are not my match. I don't

want to hurt you. Please be flexible today. I really appreciate it if you let me bring her home!"

"Arrogant!" The older senior nun raised her eyebrows at once and became even angrier. Her patience had been exhausted. With a wave of her hand, she began to order a strike on Tom and tried to chase Tom out.

Tom sighed again. He really didn't want to fight with them. But at this point, he had no choice.

However, at this moment, he sensed something and looked behind the buddha statue. He saw an old nun walking out. She was wearing a simple gown. She looked kind and benignant. At least she was over 80 years old, but

she was still hale and hearty, and her Essence of Life was very strong.

Tom looked at her and was shocked. She was actually a master of the Innate Realm and had reached the third level of the Innate Realm!

Tom never expected such a master to be hidden in this deserted Miu Jit Temple.

"Stop it." The old nun said calmly.

When the nuns heard her words, they immediately stopped. Their faces showed respect and worship. They bowed to the old nun and shouted in unison, "Abbess."

Even Phoebe, who was kneeling on the ground and banging on the wooden

fish, looked up and called out to the old nun in reverence.

When Tom heard her voice, his mood fluctuated greatly. This was Phoebe's voice. He would never forget it for the whole of his life!

The old nun slowly walked out and saw many nuns holding wooden sticks in the treasure hall. She sighed and said, "Have you forgotten all the dharma taught by the me? You actually made a move against people from the secular world."

The old senior nun was a little flustered and immediately explained, "Abbess, this benefactor broke into Miu Jit Temple and interrupted junior nun Phoebe's shaving ceremony! This

man is rude, so we have to chase him out."

The old nun said, "You are mistaken. If this benefactor is really rude, you are no longer alive."

## Chapter 638

Obviously, the senior nun disbelieved what the old nun said. She frowned slightly but did not dare to refute the old nun. She had to put her palms together devoutly and lowered her head, "Yes."

The old nun smiled calmly and said, "Don't you believe that this benefactor is a famous expert in the Major Perfection Realm? He is very powerful and capable. If it weren't for his nice character, he wouldn't have explained so much to you. The Miu Jit Temple would have already been overturned."

Hearing what the old nun said, all the nuns in the palace were shocked!

All of them stared at Tom in shock, but they did not doubt it, because they knew that the old nun would not deceive them. Therefore, their hostility to Tom disappeared in a flash. Instead, they began to respect him.

The master in the Major Perfection Realm was the top in the human world, who was really capable of turning things upside down easily. It was very rare for him to remain humble even when they made things difficult for him!

Tom was also a little surprised. He didn't expect the old nun to see through his cultivation. In fact, his aura was hidden deep. Even a master in the fourth stage of the Innate Realm might not be able to see through his strength.

"Mr. Howard, may I ask if your wife is 'Phoebe'?" The old nun looked kind. She had an extraordinary refined temperament that no one else had. She was so pure as if she was not a human being. At least Tom had never seen such a pure person before.

Facing the old nun, Tom couldn't help but feel a sense of respect. He put his palms together devoutly and said, "Abbot, I'm Tom. This time I came to the Miu Jit Temple to take my wife home. I'm sorry to disturb the Miu Jit Temple. Please forgive me."

The old nun smiled and looked at Tom, her eyes full of appreciation. "Mr. Howard, the world is wonderful, which was full of emotions and desires,

ethics, grudges, feelings and enmity. With Mr. Howard's cultivation and status, it is really rare for you to be able to remain true. It's a blessing that the H Country can have such a talented person like you."

The old nun's praise made Tom feel a little embarrassed. He smiled awkwardly and quickly said, "You flatter me. I'm just a common person in the world of mortals."

The old nun smiled and stopped talking. Instead, she said to Phoebe, who was kneeling on the ground, "Phoebe, since your husband from the world of mortals has come to find you, you can go back with him."

When Tom heard this, he was

overjoyed!

However, what Phoebe said soon threw cold water on him.

"Abbot, Phoebe has already converted to Buddhism and is no longer involved in the world of mortals. From now on, I will only stay in front of the buddha and sleep with the lamp in Buddha." Phoebe said coldly and emotionlessly.

When Tom heard this, his expression immediately stiffened!

"Phoebe!" He couldn't hold it any longer. He strode straight to Phoebe, put his arms around her shoulders, and said excitedly, "Phoebe, it's me! Tom! I'm not dead. Your husband is back!!"

Facing her, he finally saw Phoebe

clearly. She was thinner and more delicate than before. If he hadn't been so familiar with Phoebe, Tom would have suspected that the person in front of him was not Phoebe, but another woman!

Because everything of Phoebe had changed except her appearance, and her whole temperament had become even colder. She did not have the elegant and noble temperament of the past, but instead became cold. She was extremely indifferent and already forgot the emotions and desires in the world of mortals!

Now that Phoebe was face to face with him, she just frowned slightly. Other than that, there was no emotional fluctuation. She stepped back and said

with some anger, "Please behave yourself!"

Tom was stunned.

He had imagined the reunion with Phoebe more than a thousand times. He might be excited, agitated, happy, or angry. He had never thought of this.

She was absolutely indifferent, completely unaware of him!

And this was not fake. From Phoebe's eyes, he could not see a trace of attachment and emotion, as if Phoebe was just looking at a stranger.

Tom's mind was in a mess. He could not understand why a normal person would lose her memory without her head being hit. Besides, she

remembered everything else except him! This was not scientific at all. What's more, Phoebe had swallowed the Heaven and Earth's Spiritual Fruit and both her body and spirit reached the Innate Realm!

Tom opened his mouth wide. His mind was in a mess, buzzing, and he was in a panic. Even when he was in the Lion Mountain, fighting more than 40 experts from the Innate Realm and being hunted down by Fausto, he was not as panicked as he was now.

He was in a daze and didn't know what to do. It was like the scene when he did something wrong for the first time as a child.

"Phoebe, don't scare me. I've done so

much to save you. I just want to be with you forever! You can't do this to me now... You must be joking with me! Yes, you're joking with me. You're still angry with me, aren't you?!" Tom said excitedly. His heart was in a whirl now. He didn't realize that his face was pale and cold sweat was oozing from his forehead.

Phoebe looked at him and frowned slightly. Some doubts appeared in her eyes, as if she remembered some impression of Tom.

When Tom saw her like this, he immediately said excitedly, "Phoebe, you still remember me, right? You must remember me! I'm Tom, Tom, the matrilocal son-in-law!"

He looked very funny with his hands and feet gesticulating like this. Anyone who knew him would be shocked to see such a scene.

However, no matter how hard he tried, Phoebe was still indifferent. Even the emotional fluctuation in her eyes just now disappeared. She shook her head slightly and said coldly, "I'm sorry, I can't go back with you. I'm Phoebe now, not Phoebe."

When she said this, it was a bolt from the blue for Tom. His face turned pale.

"No! You can't be a nun. You're my wife! You promised me that you would stay with me forever!" Tom gritted his teeth and said, full of anger. Even he did not know whether he was angry

with himself, with Phoebe, or with the reality.

When Phoebe saw him like this, she was not touched at all. She was still so cold and silent for a while. She said, "I'm sorry. We may have loved each other deeply before, but I don't have any memories of you now. I have converted to buddhism and have no lingering feelings for the world of mortals. Please don't make things difficult for me."

After that, Phoebe even made a buddhist worship to Tom.

## Chapter 639

After hearing Phoebe's words, Tom felt a bone-chilling coldness that he had never felt before!

Even when he was soaked in an ice bucket by his grandfather in the winter when he was a child, he didn't feel so cold.

But now, Phoebe's words froze both Tom's body and mind, and even his thoughts.

After all, he was a supreme master in the Innate Realm of the Major Perfection Realm.

He shuddered violently. He had never seen such a Phoebe before. Even if

Phoebe was cold and aloof in the past, she would not be like this. There was no emotion in her eyes. She was completely indifferent and was just a stranger to him.

He could not even feel the familiarity on Phoebe except for her appearance, as if it was another soul living in Phoebe's body.

This was no longer as simple as selective amnesia, but it was that Phoebe could not accept the fact under extreme grief, so she changed her personality directly, and her original personality was deeply hidden!

Tom could not imagine how grieved she was for such a thing to happen.

Facing such a Phoebe, Tom had nothing to say.

After Phoebe finished speaking, she knelt down again and said to the master beside her, "Please continue to shave Phoebe."

The master did not answer. Instead, she looked at the abbess, an old nun, and asked for her opinion.

The abbess sighed and said, "Phoebe's contact with the secular world is not cut off. Today's shaving ceremony is canceled for the time being."

Phoebe immediately looked up at the abbess and said, "Abbess, Phoebe's contact is cut off. Please abbess shave Phoebe's hair."

The abbess shook her head and said, "No, your contact is not cut off. You just changed your personality. This is not the real you."

Hearing this, Phoebe frowned slightly and did not refute. She nodded and agreed, "It's all up to the abbess."

Then the abbess said to Tom, "Everything in the world has a yin and yang, cause and effect. Sir, if you can arrive at the last moment of Phoebe's shave, it means that you and Phoebe still have a connection. Next, whether Phoebe will become a nun or not depends on you, benefactor."

The abbess's words were very vague, but Tom immediately understood. He

saluted the abbess and said, "Thank you for your arrangement. Thank you very much."

The abbess smiled and asked the grand master to go out with her, leaving Tom and Phoebe alone.

The huge hall suddenly quieted down, leaving only the sound of Phoebe kneeling on the ground and knocking on the wooden fish.

Tom looked at Phoebe, who had completely changed. His emotions were extremely complicated and he could not tell what it was like.

"Phoebe..."

"Sir, I'm not Phoebe now. I'm Phoebe."

Phoebe interrupted him coldly.

saluted the abbess and said, "Thank you for your arrangement. Thank you very much."

The abbess smiled and asked the grand master to go out with her, leaving Tom and Phoebe alone.

The huge hall suddenly quieted down, leaving only the sound of Phoebe kneeling on the ground and knocking on the wooden fish.

Tom looked at Phoebe, who had completely changed. His emotions were extremely complicated and he could not tell what it was like.

"Phoebe..."

"Sir, I'm not Phoebe now. I'm Phoebe."

Phoebe interrupted him coldly.

Tom's body shook slightly. Seeing Phoebe like this, he felt awful!

He could accept Phoebe beating and scolding him and losing her temper, but he could not accept Phoebe as a stranger to him.

Moreover, in a sense, the original Phoebe had disappeared and was replaced by the current 'Phoebe' who was out of touch with reality.

Tom suddenly felt it was very sarcastic. He had put in countless efforts to save Phoebe's life through great difficulties and almost died. But God made a big joke on him. Phoebe's life was saved, but she wasn't the Phoebe he knew.

After a long silence, Tom said, "Master

Phoebe, do you not know me at all?"

Phoebe took a slight pause in hitting the wooden fish. It was not obvious. If Tom hadn't been sharp enough, he wouldn't have been able to sense it.

This slight change raised hope for Tom who was almost desperate!

It meant that Phoebe still had some impression of him.

Unfortunately, this pause only lasted once before she returned to her normal speed. Then Phoebe said faintly, "I don't know you."

Tom didn't react as violently as he did just now. It seemed that he was used to Phoebe's behavior. After thinking for a while, he simply chose to kneel beside

Phoebe.

His move made Phoebe frown slightly and feel uncomfortable. It seemed that she was rejecting Tom from getting so close to her and contaminating her pure body.

After kneeling down and kowtowing to the buddha statue, Tom said, "Master Phoebe, can I tell you a story?"

Phoebe knocked on the wooden fish and closed her eyes. There was no response. It seemed that she had entered a mysterious state.

Tom continued, "Once upon a time, there was a man who was a brilliant genius. He learned everything very quickly. He had made great

achievements in martial arts, medicine, finance, and all kinds of fields."

"This man was very happy before he was twenty-three years old. He was born in a big family and was carefree. At one time, he thought that the happiest life in the world was just like this. But soon, reality hit him hard. His parents had an accident and left him forever. Not long after, even his grandfather, who loved him so much, was plotted against and was turned into a vegetable. Everyone in the family framed him for doing it. Overnight, he became a sinner and was driven out of the family with nothing."

"When this man was so desperate that there was no way out, a woman appeared. This was an extremely

beautiful woman. The man fell in love with her at the first sight of her, but the man did not dare to look at her. Because he knew that with his current situation, he was not worthy of her at all. He did not even dare to look at her. But when he was feeling ashamed, this woman took the initiative to talk to him and made an unbelievable request to invite him to be her husband and to live in her family."

"The man was stunned. He couldn't believe that there would be such a ridiculous thing in this world."

"Later, after the woman explained it to him, he realized why the woman did this: she was obedient to her own family."

"The man agreed, became the woman's husband, and lived in her family..."

Tom said slowly and carefully. He also brought back the memories as he was telling the story.

When he talked about being humiliated, he would show embarrassment and lament, and when he talked about sweet moments between husband and wife, he would have a happy smile on his face.

As he spoke, his eyes even turned red in the end.

"When the man finished doing everything, went through all kinds of difficulties, and returned to the woman's side, he found that under

extreme grief, the woman had changed into another personality, not knowing him at all..."

Tom looked at Phoebe with unprecedented seriousness. "Master Phoebe, I want to ask you, what would you do if you were this man?"

Phoebe's breathing quickened a lot. There was no longer the coldness in her eyes, and there was pain on her face. She knocked the wooden fish faster and faster...

She couldn't calm down.

## Chapter 640

Knock, knock, knock...

Originally, Phoebe was hitting the wooden fish block at a fixed frequency, but now, she knocked it faster because her heart was clearly in a mess. And she even knocked several times in a second, and beat more and more vigorously.

In the end, with a bang, the sturdy wooden fish block was smashed by her!

"Enough!" Phoebe suddenly widened her eyes and glared at Tom agitatedly. Rarely, she showed an angry face.

Tom was not angry at her scolding.

Instead, he smiled sincerely.

Phoebe's reaction showed that she had not completely forgotten him. So Tom still had an opportunity to win her back.

Tom tried to reach out his hand, then held Phoebe's hand. "Phoebe, come home. I'm back. I'll never leave you again."

Phoebe was so emotional that her body began to tremble. She violently shook off Tom's hand and stood up, hugged her head and shouted loudly, "Don't disturb me! All living beings live in troubles and sufferings. All troubles would never disappear or be completely overcome. The tangible is born into the invisible. Something

comes of nothing, and everything will become nothing. The world is in my mind! All living beings live in..."

Phoebe began to chant the calming spell loudly. She was no longer indifferent and calm. She looked like she was struggling.

The nuns outside were all startled by her and wanted to rush in, but they were quickly stopped by the old nun. "Phoebe's original personality was awakened and struggling."

"But abbess, Phoebe seems to be painful. Will she be okay?"

"Yes, abbess. Phoebe is destined to be a nun. If she can join us, she will definitely make great achievements in

Buddhist."

The abbess shook her head and said, "Phoebe hasn't cut off her relationship with people in the ordinary world. She has too many worries in this world. She doesn't belong to the buddha. Now that Phoebe's husband is back, she should go back to the world she really belongs to."

When the other nuns heard this, they all showed regretful expressions.

Tom hugged Phoebe, and He didn't let her go even if she struggled. "Phoebe, please come back!"

"Let me go! I'm Phoebe, not Phoebe! I'm Phoebe, not Phoebe!" Phoebe's reaction was unusually intense. She

even kept scratching Tom and biting his arm, but even so, Tom remained motionless. He called Phoebe back with his true feelings.

Phoebe's reaction became more intense when Tom tightly held her. Her expression changed constantly, from indifference to anger to pain. It seemed that there were two people fighting inside.

"Tom, is it really you? You're really back... Shut up! You're Phoebe, not Phoebe. Phoebe's dead!"

"Tom, why are you doing this? Don't you know how painful I am..."

"I am Phoebe. I order you to let go of me immediately!"

In the end, it seemed that "Phoebe" was stronger and gained the upper hand, gradually swallowed "Phoebe", and her expression became colder and colder.

Tom's heart ached when he saw her like this. He called in Phoebe's ear affectionately, "Phoebe, I love you. I love you..."

Hearing this, Phoebe's body suddenly shook, and then she stopped moving. Tears kept flowing down her face. She looked up at Tom, and her originally cold eyes regained gentleness.

Holding Tom's face, she cried out affectionately, "Tom."

Hearing this familiar word, Tom

couldn't help but burst into tears.  
"Phoebe, you're finally back. Great."

The man did not easily cry until they felt extremely sad.

Tom was undoubtedly a man of iron will. No matter what difficulty he faced, he would wear a smile. Even in the face of death, he was quite calm. But now, hearing Phoebe call his name, he burst into tears.

Phoebe also hugged Tom tightly. "You could never leave me again, never leave me again..."

"Yes, I will never leave you again!" Tom nodded hard and agreed.

Maybe because Phoebe was too tired or excited, she suddenly fainted,

snuggling into Tom's arms.

Tom hugged her, felt her familiar breath, and finally relaxed.

Not long after, Tom carried Phoebe out and thanked the abbess sincerely, "Abbess, thank you so much. My wife has returned."

"Amitabha, It's a good thing." The abbess smiled and said with her palms together, "A true love will have a happy ending. Congratulations."

Tom nodded and cannot conceal his happiness at all. He thanked the abbess again and prepared to carry Phoebe down the mountain.

At this time, a middle-aged couple came in from outside Miu Jit Temple.

When they saw Tom, they were stunned and the things in their hands fell to the ground.

It was James and Elizabeth. It turned out that they had also come to Miu Jit Temple during this period of time, to protect Phoebe.

Now that they saw Tom, they thought they were hallucinating at first. It was not until Tom called them dad and mom that they came back to their senses, and realized that Tom was really back!

They were so excited that they burst into tears. Obviously, during this period of time, they had suffered a lot.

Tom listened to them talk a lot and felt

more and more guilty. Unconsciously, he had already carried a lot of burdens and became the anchor of many people who lived for him.

Fortunately, this time, he was safe and sound. In the end, he came back and successfully broke through to the Major Perfection Realm of the Innate Realm. In this way, he was more powerful and had more ability to protect the people around him.

Rufus moved quickly. By the time Tom returned to Dragon Bay, he had bought the endorsement back and everything was still the same.

Tom didn't go anywhere. He took care of Phoebe at home.

Of course, he didn't waste time. Recently, he began to investigate the situation in H City.

Even though he was prepared in advance, when he heard the report, he couldn't help but get angry, and his heart was filled with rage!

In just half a month, his business in H City was completely devoured, and Elliot, Malcolm and others were also implicated!

He knew all people who had encroached on his property!

At the same time, the news that Tom survived in the great disaster and returned, soon spread in the circle.

In a high-class club, there were several

big shots who were bathing in the hot spring and receiving the service of young women. When he heard a phone call, he immediately exclaimed, "What?! Tom isn't dead, and he's back?!"
