

Chapter 1101

But then Tom emitted powerful momentum to crush them, which was murderous.

They trembled all of a sudden. Finally, they realized that Tom would not join them.

Then, Tom said coldly, "I'll count to three. If you don't let her go, I'll kill you."

It sounded like the will of God with the lightning and thunder.

When Fatty and Skinny heard him, they immediately paused. They looked bad.

They turned around at the same time

and looked at Tom unkindly. They said,
"Tom, what do you mean?"

Tom stood with his hands behind his back and looked at them coldly, "Let her go."

They finally understood him. They laughed in anger and looked at Tom provocatively, "Do you want to take the credit by yourself? What if I refuse? What will you do?"

Tom narrowed his eyes and said again, "If you don't let her go, I'll kill you both."

He was so arrogant.

They thought that he was too arrogant and didn't take them seriously.

They had to admit that Tom was more

famous than them. They couldn't beat him alone.

They were together now. But Tom was so arrogant and ignored them! They were also geniuses in Clan World and could be found in the List of Immortals. They were all geniuses. Why was he so arrogant?

"Hahaha..." Skinny seemed to have heard a big joke and burst into laughter. At the same time, he slowly stood up and emitted a great momentum, which was not worse than Tom's.

He was very thin but he was very tall. He was 1.9 meters tall, so he looked so thin. He ranked eighth on the List of Immortals and defeated many masters.

In his opinion, Tom was just a junior.

If he met Tom alone, he might not have dared to attack him. But he was not alone now. He was with Fatty, who ranked seventh on the List of Immortals. When they were together, they were afraid of The Great King except for the powerful hermits!

If Tom was The Great King, they would leave. How could he be so arrogant?

"Tom, do you think you are invincible? You are a man on the earth, so we didn't want to be angry with you. After we sleep with the woman, we can give her to you. But you are so pretentious!" Skinny said to Tom with a crooked face. He sounded disdainful and contemptuous. He didn't take Tom

seriously at all.

He thought he was confident rather than arrogant cause he was with Fatty.

Fatty licked his lips and said, "I didn't want to go against you, but you provoked us. Boy, go to hell. We can get more fruit after killing you."

Tom looked at them indifferently. He was not shocked as if it was just a joke. He said calmly, "Have you finished speaking? Go to hell if you finish speaking."

After saying this, Tom disappeared. The next moment, he was already in front of them.

He was extremely fast!

They immediately changed their expression once they felt his great and murderous momentum.

Tom had a great reputation and killed Adam not long ago. They knew that they couldn't beat him when they were alone. But they were fighting together now. They were much powerful. They didn't believe that Tom could beat them.

Among the twenty people in the Secret Realm, they were only afraid of The Great King.

However, they still couldn't help but be shocked when they felt Tom's momentum. Obviously, they underestimated him.

So what? They still had absolute confidence.

Skinny smiled grimly and said, "You are so unappreciative. How dare you attack us? Go to hell!"

By the time he finished speaking, he fought with Tom.

He ranked eighth on the List of Immortals. He was extraordinary. At least he was much better than Xander.

At the same time, Fatty attacked Tom fiercely.

They looked different, but they were half-brothers and had amazing martial arts talents.

And they created a unique way of

attack. Once they fought together, they could be much more powerful. Even the master of God Becoming Level would be defeated by them!

Although Tom was very fierce, he felt a little pressure after being attacked, which was a little unexpected for him.

He didn't take them seriously at first. Although they were also on the List of Immortals, they were much weaker than him.

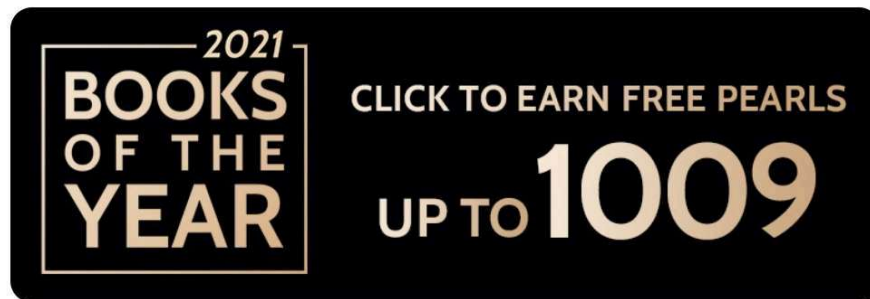

After defeating Adam, Tom gained a greater understanding and had a greater breakthrough.

The woman on the ground was dumbfounded. She didn't know why they fought.

Weren't they on the same team?

She had just understood the conversation between Tom and Fatty and Skinny. She calmed down and realized that Tom turned against his companions to save her.

To be honest, she was greatly surprised by Tom.

Chapter 1102

It was extremely terrifying that the battle between Tom and Fatty and Skinny had caused great damage to this forest in such a short time. Many trees over a few meters in diameter were destroyed by them.

As for the wild beasts around them, they all ran far away after feeling their strength.

They felt they were more powerful in this world than on the earth.

Although the gravity here was greater and made them gain a lot of weight, their heart and lung strengthened in just a few days because of the higher oxygen content and better

environment.

And most importantly, the animals they ate here had higher nutritional value. After being fed for a few days, they clearly felt that they had grown much stronger.

And their strength also had gradually improved a lot by this way.

They battled regardless of the time of day and night.

Tom fought against two enemies at the same time, but he was not at a disadvantage at all. It could be said that he had just reached the extreme.

To Fatty and Skinny, the matchless strength that Tom showed was far beyond their expectations. They had

never thought that his strength could reach such a terrifying level. Could it be that Tom had already caught up with The Great King?

They became more frightened as they kept fighting. But to Tom, he was more excited and his eyes turned brighter in this battle.

These two guys have given him a great surprise--their union strategy, in particular. It was the first time Tom had encountered such a strategy, which was too subtle and gave Tom a new experience.

This was not the first time he had to rival more than one person. He once fought seven opponents in the Kungfu Cup alone, but their strength was not

on a par with that of these two guys!

At first, Tom was a little flustered and at a disadvantage because he was unfamiliar with their playing style. However, as time went by, he became more and more accustomed to the other party's routine, and gradually began to gain the upper hand.

This made Fatty and Skinny feel extremely frightened and even shocked.

To them, Tom was like a finely operated machine, not only with endless physical strength but also with extremely exquisite moves. The most terrifying thing was that Tom never felt frustrated, which totally overtaken Fatty and Skinny.

Now Fatty and Skinny looked at each other and saw the pressure and surprise in their eyes.

Finally, they couldn't help it. Tom was like a madman who wanted to kill them. That made them feel scared.

"Tom! You are the Strong on earth, and we are the same kind. On this alien land, why don't you support us but fight us for a downgraded aboriginal? You are a real asshole!" Fatty shouted immediately.

And Skinny said, "Tom, you're killing the same kind!"

Tom of course knew what they were thinking. They wanted to talk him into stopping. But Tom despised it from the

bottom of his heart. "Cut the crap. If I say I want to kill you, I will do it right away."

"Damn it..."

Skinny cursed, but before he could finish his sentence, he saw Tom's huge fist moving extremely fast towards his face.

In an instant, he felt an unprecedented danger was coming to him and he felt numb all of a sudden. He subconsciously wanted to dodge, but as he did so the next moment, he saw a sneer on Tom's face, and his heart thumped. Oh, it was not good!

He knew he had been tricked.

Sure enough, at the next moment,

another punch from Tom hit him in the abdomen, far faster and stronger!

As it happened almost in an instant, he had no chance to dodge at all. He could only move as fast as possible to press his hand down at the critical moment, trying to block Tom's fist and remove some of his force.

However, Skinny still underestimated Tom's strength. Before he could put his hand down, he has already been hit.

"Bang!!!"

A loud noise blew, followed by a shrill scream from Skinny. His tall body was hit, just like being hit by a bomb. He flew out of the room at a high speed, then slammed into the big tree behind

him and made another loud bang.

This big tree, which was more than seven meters in diameter, was actually trembling violently. Many fruits on the tree began to fall all over the ground.

This scene was indeed extremely shocking.

This punch also seriously injured Skinny, causing him to spit out a mouthful of blood.

He immediately turned pale, with a terrified and pained look in his eyes.

As Tom did not plan to let him go then, he still wanted to attack him continually, kicking him hard on Skinny's head.

This kind of extremely invincible fear instantly enveloped his whole body, making him numb and scared. He knew that if he didn't dodge this kick, then his head would definitely be broken!

He had to dodge the kick, no matter what.

However, Tom's speed was so fast that he could not catch up with Tom at all. Additionally, he got such serious injured!

"Help me!!"

At this moment, he let out the most hysterical roar.

Fatty finally came over. When he saw that Skinny was injured so seriously by Tom's punch, he also felt numb. Once

Tom kicked Skinny rightly, Skinny would be a dead man for sure.

At this time, he also tapped great potential and make a resolute move. He had to stop Tom. Otherwise, once Skinny was killed, he would not be any better.

It was only now that he finally realized how terrifying Tom was, and how stupid and regretful he was to make enemies of such a terrifying person!

But at this time, it was useless to say anything. He had to do his best to save Skinny.

So he also activated his potential. In a snap, he appeared behind Tom and launched a fatal attack on Tom.

Tom felt that he was in danger, and he should not underestimate Fatty's strength. Although he would not die if he was hit by Fatty, he would still suffer serious injuries. Obviously, there was no need for this.

Chapter 1103

Fatty looked round and fat and appeared to be honest and harmless, but he was actually more sinister than Skinny. His direct action was to attack Tom's weakness, which was vicious. Once Tom was really hit by him, Tom would definitely get hurt and even suffer from potential illness.

"Hmph!" Tom snorted coldly and he was angry at Fatty's dirty moves.

He did not choose to fight directly but quickly moved away. First, he dodged Fatty's attack and moved away. In this way, he could not continue to attack Skinny.

Skinny was saved by Fatty

unexpectedly.

However, this did not mean that Tom would let them go, or Skinny was completely safe.

In an instant, Skinny felt that after Tom left, the terrible sense of crisis in his heart disappeared. At this moment, he was also breathing heavily. Just now, he really felt that he was surrounded by the god of death, and was about to be killed by Tom at any time. He felt rather uncomfortable just now!

After Fatty forced Tom away, he did not choose to chase after Tom. Because he knew that without Skinny's cooperation, he was no match for Tom by himself, so he reacted extremely quickly. After saving Skinny, he

immediately said to Skinny in a deep voice, "Run!"

Skinny had long given up the idea of confronting Tom after being hit hard by Tom. When he heard Fatty's suggestion, there was no reason to hesitate. He immediately nodded, exerted his last strength, and turned around to run.

When Tom saw their movements, he smiled disdainfully, and said, "Do you want to run? It's too late!"

Originally, Tom had no intention of killing fellow on earth in the Secret Realm, but the actions of Skinny and Fatty just now really stimulated his killing intent.

Moreover, these two people were also one of his competitors. If they were released, it would be a hidden danger in the future, and they would compete for the fruit with him!

Most importantly, there was already a fight today, which was already a grudge. When Skinny and Fatty recovered, they would take revenge on him if they had the chance. Tom could never keep such a hidden danger.

Although Tom was still a kind person, it didn't mean that he was a soft-hearted person. He had always been decisive in killing.

So in an instant, he chased after Fatty and Skinny forcefully!

Skinny and Fatty ran in front of him and immediately sensed a huge wave of momentum and killing intent coming from behind. It was obvious that Tom was coming after them.

This powerful aura brought them great fear!

They had not been in such a mess for a long time as the seventh and eighth most Strong on the List of Immortals.

Originally, they were confident that they could hold on to the end of this trip to the Secret Realm. In their opinion, as long as the two of them worked together, no one could pose a threat to them except The Great King. Even Tom, who had been in the limelight recently, was boasted a lot.

They didn't take Tom seriously.

But now it seemed that this was not the case at all!

Tom wasn't boasted. On the contrary, his strength was underestimated!

The strength that Tom had shown now, they seriously suspected, was no longer under The Great King.

Tom was getting closer and closer, and he was about to catch up with them, which made them feel extremely flustered. Fatty immediately screamed out in a mournful voice, "Tom! You, as a human being on earth, even pursue and want to kill your fellow in Secret Realm. Are you still human?"

Skinny also shouted anxiously, "Tom!

Can you stop chasing us? For the sake of being a local aboriginal, are you going to treat us like this?!"

They were obviously very anxious and began to be really afraid, because the terror that Tom had brought to them was too great, which was like a god of death, lingering around them. The scythe above their heads was ready to kill them at any time.

They came to the Secret Realm this time for the purpose of going to God Becoming Level. If they were killed by Tom like this, it would not be worth it!

However, they had no choice at all. Tom was far more powerful than them now. They had already used all their strength to escape, but they still

couldn't run away.

Seeing that Tom was getting closer and closer, they became more and more anxious. If this continued, they would really be caught up by Tom!

At this moment, Fatty shook his head, took out two round things, gritted his teeth, and then threw them at Tom, shouting, "Go to hell!!!"

He yelled out loud. Tom, who was chasing after them crazily, immediately felt bad when Tom saw his movements. Tom felt a strong sense of crisis. Without thinking, he rolled around and dodged the two round things exactly.

At the same time, where he left, there was a loud noise and a bang!

The power was so great that it created a hugely destructive force on the spot. Fortunately, Tom reacted in time, or he would have been seriously injured.

But even so, he looked very messy.

"That didn't kill him!" Fatty in front of him looked back and found that Tom had dodged. He cursed a few times, but his movements were not slow at all. While Tom paused, he immediately ran away again.

At the same time, Skinny took out two bombs and threw them on the ground. Immediately, a large amount of smoke rose, covering their tracks completely.

When Tom saw this, his expression was a little gloomy, but he did not continue

to chase after them, because he knew that the two of them had already run away, and he could not catch up with them.

It seemed that he was still careless. He did not expect that at this time, they still had a trump card.

But it was normal. They must have been well prepared to come to the Secret Realm.

Fortunately, he dodged in time just now, but he would really get hurt.

Shaking his head, Tom didn't think much about it. He went back to where he was and saw how the woman was.

Chapter 1104

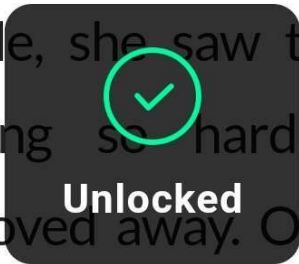

A few minutes ago, the woman in despair saw Tom suddenly appear and fight with the two hateful invaders, and she went dumbfounded.

After a while, she saw the three of them fighting so hard that they gradually moved away. Only then did she come back to her senses that she was saved.

And her saver was the man she had met before. At that time, the man let her go and did not assault her.

She felt complicated and wondered why should he do this.

Didn't the clansmen say that these

invaders were all evil?

Yes, since she was a child, all the elders around her had been telling her that these invaders were inhumane beasts. Every once in a while, they would enter their world to seize their things and manslaughter them. They were their lifelong enemies!

If they encountered these invaders, their first reaction was to escape. If they couldn't, they would fight to the death. Anyway, they couldn't fall into the hands of these invaders, or they would suffer endless pain and torture.

Today, she met two invaders: one was tall and fat, and the other short and thin. Despite her desperation, she did not commit suicide at first, which

became the most regrettable thing of her!

Therefore, she saw with her own eyes that these two hideous invaders had brutally killed her people and wanted to violate her!

She was tied up and unable to commit suicide. What awaited her was endless pain and torture.

But at this moment, the man she had met appeared again. Instead of bullying her, he fought against those two, which was obviously to rescue her.

Moreover, she understood their conversation. It was obvious that the man despised the two intruders, which

immensely swayed her mind. Could it be said that not all intruders were unforgivable?

She stood there in daze for a long time. When she finally came back to her senses, she saw more than a dozen bodies on the ground, which were all her clanmen. In order to protect her, they fought hard, but they were cruelly killed by the two brutes!

She kept weeping in pain.

However, not long after, she heard the sound again. Someone came over and stepped on the branches on the ground. This immediately scared her out of her wits. She hurriedly picked up the branches to defend herself.

Soon, she saw that the one in the depths of the forest was exactly the man who had saved her, instead of the two intruders.

The man was clearly in a mess, and his face was dirty, with black patches. It looked like he had been hurt.

She suddenly breathed a sigh of relief. Fortunately, it was not those two hateful intruders.

Even a sense of security rose in her heart incredibly.

Tom was indeed a little injured. The two bombs that fatty threw out just now were too powerful, even more than the grenades on earth. They were obviously modified!

He seriously suspected that if it exploded within a meter of him, he might have been directly killed.

This also made his murderous intent on the fat man even stronger. The next time he met these two men, he must end their lives.

Now that he found this woman was unharmed, he breathed a sigh of relief. As he came over, he saw she holding a branch in her hand and looking at him defensively. He felt a little helpless and said, "They've been beaten away by me. You're safe."

The woman could understand Tom because she had learned the language of these invaders from her own people since she was a child.

And she could also speak it, though not fluently, "You, why, save me?"

This was what she was puzzled about. In her mind, all the intruders should be cruel and inhumane. But the man in front of her did not give her this feeling, instead, she felt kindness from him... which seemed ridiculous.

Tom smiled and said, "Not all intruders are heinous."

Hearing this, the woman's let down her guard a lot. After thinking it over, she put down the branch and said to him, "Why are you here?"

Tom said, "Because you have what I need here."

"What is it?" She asked curiously.

Tom shook his head and did not answer her question. Instead, he said, "You'd better go back as soon as possible, and don't come out if unnecessary. During this time, many of my kind have come here."

After that, he turned around and left.

But before he could take two steps, he was stopped. "Wait!"

Tom turned over and looked at her curiously, "Anything else?"

The woman was a little nervous when he looked at her like this, but she still mustered up the courage to say, "Thank you for what you did. You are different from other intruders."

Hearing this, Tom smiled. He did not expect that as a hateful intruder, he would receive such praise here.

Seeing that he was about to leave again, the woman stopped him another time, "Hey, can you bury my people?"

"Hmm?" Tom frowned slightly, and she immediately explained in a hurry, "My people are dead. If they were not buried and returned to the arms of the Earth-God, they would have found no shelter for their souls, so that couldn't enter samsara and be reincarnated... I beg you..."

After that, she knelt down to Tom, pleading.

Tom sighed. For a moment, he didn't

know how to refuse. He originally wanted to tell her that there was no soul at all. When the human body died, it disappeared in the world.

But then he thought that even he could come into this foreign world, that means the scientific theory on earth had been broken. So maybe there were souls. Besides, she had begged him like this, and Tom could not refuse.

So he nodded, "Okay."

"Thank you! Thank you!" The woman said happily, "My name is Zion. What's your name? Everyone here has their own name. Only those who have a name will be recognized by the Earth-God."

"My name is Tom."

"Tom? What a strange name." Zion wrinkled her nose and said.

Chapter 1105

Fatty and Skinny tried their best to escape. Finally, they got rid of Tom. After they could not feel Tom's breath, they were sure that they had escaped completely. They were relieved, but they did not dare to stop immediately. Instead, they continued to run for a distance. It was not until they had walked a long distance that they stopped and breathed heavily.

They were all in a terrible mess, especially Skinny. His face was full of pain, and his body was covered with blood and sweat. After running like that just now, he felt that his internal organs were about to explode.

Now that he was completely relaxed,

he lost all the strength to support himself and fell to the ground.

Fatty, on the other hand, was much better, but he was also in a mess. Tom had beaten up him just now. If he hadn't made up his mind and pulled out two bombs in time, he would have been killed by Tom!

He also stopped and gasped for air. After a while, he finally calmed down. He gritted his teeth and cursed, "This damn Tom, I can't spare him!"

His words were filled with hatred and anger and hated Tom to the extreme. Skinny was even more ferocious. He also gritted his teeth and said, "This damned Tom, how dare he fight with us for an indigenous woman in this

hellhole and beat me up like this, I will never be a man if I don't kill him in my life!! Cough, cough, cough..."

However, he spoke in such a hurry that it affected the wound, coughing violently again and spitting out blood.

Fatty quickly patted his back and injected Qi into his body to help him calm down.

"Slow down. You're hurt. You can't be too excited." Fatty said in a deep voice.

Skinny coughed for a long time, only to feel his internal organs more uncomfortable. At the same time, his hatred for Tom became even deeper.

After his breathing was smooth, he gritted his teeth and said, "I still

underestimated this guy's strength. I didn't expect him to be so powerful. Even The Great King is no stronger than him!"

When Fatty heard this, he also fell silent. He was still afraid of Tom's terrifying strength. If he hadn't reacted in time, he would have been killed by now.

"Tom is really powerful. Even if we fight together, we are not his opponent, and we even couldn't hurt him. He is probably at the same level as The Great King." The fat man said in a deep voice. Then he thought of something and cursed, "I used to think that the biggest threat to our trip to the mystic realm was The Great King. We two brothers will definitely get a lot of

fruits if we fight together. We will break through to the God Becoming Level easily and be at ease on earth. I didn't expect there will be a Tom to appear! Damn!"

He was especially depressed when thinking of this, and now he had become a mortal enemy of Tom. As long as they met again, Tom would definitely not let them go.

Skinny was also rather frustrated. He even slapped himself and scolded himself, "If I had known, I shouldn't have thought of that aboriginal woman just now!"

Fatty shook his head and said, "That's not the case. We are also the seventh and eighth the Strong on the List of

Immortals. We can't be so afraid of Tom and lose all our spirit!"

"Then what can you do now? Offending Tom, the secret realm is not open yet. The next time we meet Tom, he will definitely not let us go. It's just this damn fruit, and it's not going to turn out so fast! Ah..."

His face was now filled with regret.

Fatty rolled his eyes a few times, revealing a series of cunning, and then said, "We are not Tom's opponent, but we can drive the tiger to devour the wolf!"

Skinny said in confusion, "How can we do that?"

"Before entering the secret realm, I

observed that The Great King's junior brother, Melvin, was obviously hostile to Tom. We can provoke him the next time we meet him. Maybe Melvin will attack Tom. And once Melvin is killed by Tom, what do you think the The Great King will do?"

When Skinny heard this, his eyes lit up and he said, "According to The Great King's character, it's definitely impossible to let Tom go! Once he strikes Tom, it will definitely be a result of both losses! That's our chance. Maybe we can still be the last winner, hahaha..."

The more he thought about it, the more excited he became, and he ended up laughing out loud, only he laughed so hard that he tugged at his injury

again, causing him to scream in pain.

Fatty said, "That's right. Let's go and find Melvin!"

They then discussed the exact plan, and after finishing their discussion, they both thought it was feasible, as they knew Melvin's character and it was not difficult to provoke him.

Once they succeed, they can reap the benefits.

"Hey, are you really different from them?"

On Tom's side, as he was about to leave, Zion stopped him with a strange look in her eyes.

As a native of this world, her pupils

were different from those of earthlings, and there was an indescribable light that looked particularly attractive.

Tom said, "What do you think?"

She thought for a moment and then said, "No, you're not as bad as them."

Tom smiled and said, "You'd better go back early. Don't let your family worry about you for too long."

After that, he was about to leave.

However, Zion stopped him again. "Hey, your clothes are rotten. Are you going to keep wearing them like this?"

Tom looked down and found that his clothes were really worn out. After

fighting with those two guys just now, he looked like a beggar.

This was the biggest worry for the Strong because the battle between them was too intense and destructive. Often, after a battle, the clothes are torn and sometimes embarrassing.

He thought about it. When he returned to earth, he must ask Malcolm and the others to create a kind of clothes with tough materials. Otherwise, it would be too embarrassing to be in such a mess after every fight.

Chapter 1106

"It's okay. I'll just find something to cover it up." Tom said.

However, Zion said something that shocked him. "My brother's about the same size as you. You can wear my brother's clothes."

Tom was surprised and asked Zion, "Aren't you afraid of me? I'm an intruder from another world."

Facing Tom's question, Zion thought for a moment and said, "I think you're different from other invaders. Besides, you just saved my life. Since I was a child, the clan leader told me he who helps me is my benefactor. I have to repay you. If a person is not kind to his

benefactor, when he dies, he can't go to heaven after he dies. If that's the case, he can't be reincarnate in the next life. It's miserable."

She spoke very seriously and made a prayer gesture. She knelt down and kissed the ground, looking very pious.

Tom was a little touched to see her like this.

He thought Zion was pure. Not only Zion, but also the natives of this world were pure, which was different from the people on earth.

Tom had a good impression of such a pure person.

After thinking about it, he nodded and said, "Okay, then thank you."

"It's great that you agreed!" Zion was obviously very happy. She came over to hold Tom's hand and led Tom forward.

Tom was startled by her action and asked, "Why are you holding my hand?"

Zion said strangely, "You're my friend now. I'll take you home. Why, aren't you willing?"

Tom was a little speechless and said, "Don't you have a saying here that it is improper for men and women to touch each other's hand?"

"Why?" Zion looked very confused.

Seeing her like this, Tom knew that they didn't have such rules here.

It was quite comfortable to be held by Zion like this. Zion's hands were very tender and warm, and she had a strange fragrance that made her smell particularly pleasant.

However, Tom didn't take advantage of her. He took out his hand and said, "I think you'd better take out your brother's clothes for me first. Otherwise, I would definitely get you into trouble if I go home with you like this."

Zion thought for a moment, and felt that his words made sense.

But she still felt a little disappointed that Tom had broken free of her hand. In her mind, she thought that Tom did

this because he did not treat her as a friend.

"Okay, then please follow me. My home is right ahead."

"Okay."

After walking for about an hour, they finally arrived at a small city. It was not so much a city as a tribe, a small tribe. Tom roughly estimated that there were only about two thousand people here.

It was much smaller than the city which he had just passed.

"Zion, where are you going with my clothes?"

A strong man stopped Zion. He was

Zion's brother.

Zion was a little nervous. Fortunately, she quickly regained her composure and said, "Brother, I'll take your clothes to wash."

After that, she ran away.

After a while, she trotted out. When she saw that Tom was still waiting for her in the same place, she felt a lot more at ease for no reason. She saw Tom standing there, tall and elegant with an indescribable charm that attracted her.

Tom was very masculine. No other man in the tribe was as masculine as he was.

She shook her head and threw this strange idea out of her mind. Then she

quickly walked over, gave Tom the clothes and said, "This is my brother's clothes. See if you can wear them."

Tom noticed that the clothes were made mainly of animal skins and linen. If he wore it, he would look like a wild man.

He found it interesting that he had never worn such clothes before.

It was worth mentioning that the material of these clothes was very durable, much more durable than what he was wearing now. These clothes didn't tear easily.

He asked curiously, "What materials are your clothes made of?"

Zion said proudly, "This is our tribe's

secret. Our tribe is very good at making clothes. Other tribes have to exchange goods for clothes with our tribe. Don't you like it?"

That was not true. Tom shook his head and began to put on his clothes. But soon, he realized that Zion was still here. He stopped and looked at Zion. Zion caught on, blushed a little red and immediately turned around.

Tom was a little speechless. It seemed that Zion really had no concept of gender difference.

However, he was not a bashful person. He soon stood behind a big tree and quickly changed into new clothes. He found that they fit quite well and were very comfortable to wear. It seemed

that Zion was not bragging. The clothes made by their tribe were really good.

"Finished?" Zion waited for a while and asked.

Tom nodded and said, "Yes."

Zion immediately turned around. When she saw Tom's outfit, her eyes immediately widened. There was a strange light in her eyes and her face turned a lot redder. In her opinion, Tom looked so good in this outfit.

In this way, Tom did not look like an intruder, but a native like them.

"What, isn't it good?" Tom looked down and felt a little unaccustomed to the clothes. The clothes didn't cover the

lower body enough, probably to show masculinity.

"No, no, it's good. It's good." Zion said quickly while her eyes were fixed on Tom.

Tom smiled and said, "Thank you. It's getting late. You'd better hurry back. Otherwise, your family will worry about you."

Zion asked, "What about you?"

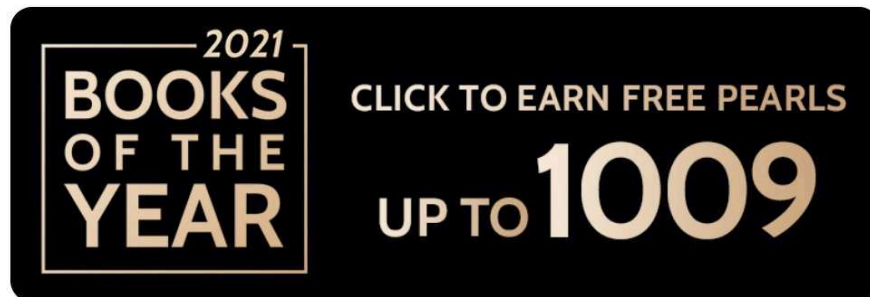

"Me?" Tom said, "I'm here to find something in your world. I'm going to go on looking for it."

"I see." Zion was immediately disappointed. She wanted to invite Tom to visit her tribe, but she knew that if Tom's identity was discovered,

she would be in a big trouble. The tribesmen would definitely not spare her.

Tom saw through her, smiled and said, "I won't visit your tribe to avoid getting you into trouble."

However, just as he finished his words, he immediately frowned, because at this time, he heard a noisy voice from Zion's tribe. It sounded like here was some kind of conflict.

Chapter 1107

It seemed to be a riot.

Far away from the scene, Zion could not hear the noise. But she saw Tom frown and thought Tom hated her. So she was frustrated.

"Well, if that's the case, then I won't ask you to stay." With that, Zion felt even more frustrated.

Tom said, "It seems to be a riot. Some people of your tribe are fighting. Is that a commonplace?"

Zion felt strange about Tom's words. She shook her head with a proud expression. "It's impossible. Our tribe is like a family and very united. People

of our tribe would never fight against each other. But the neighbor evil tribe is ruthless and often comes to bully us..."

She suddenly paused, as if thinking of something, and her expression changed. She said, "No! It must the Evil Tribe troubles us again. Damn Evil Tribe constantly bothers us."

Hearing that, Tom had a basic understanding of what was going on. Such riot must be caused by the neighbor tribe. And judging from Zion's look, it was obvious that there was much enmity between the two tribes.

So he asked, "Why did the evil tribe bully you?"

Zion angrily said, "Because our tribe could make high-quality clothes they want. People of Evil Tribe were bad guys. They are stronger than us and by that often rob us. We hate them. We are robbed not only of clothes and other stuff but also the young women of our tribe."

Speaking of this, Zion gritted her teeth, showing overt anger and hatred toward the Evil Tribe.

At this moment, the riot noise became louder from the distance so that this time Zion heard the noise too. It seemed that there was more fighting. Her face darkened more. She greeted her teeth and said. "I'm going back to my tribe. Bye."

After that, she turned around and ran towards the tribe.

Tom thought for a while and decided to follow her. According to his basic understanding of the situation, he knew that people of Zion's tribe were at a disadvantage and could not beat the people of the Evil Tribe.

Since he got Zion's clothes, he thought he should help her. So he said, "Wait a minute. I'll go with you."

When Zion heard his words, she was stunned for a moment, then shook her head and said, "It's useless for you to come. People of the Evil Tribe are very strong. You can't help."

Tom smiled and said, "It would not hurt

me if I just go over and take a look."

Zion was very anxious. Seeing that Tom insisted, she didn't stop Tom anymore. She nodded and ran back to the tribe quickly.

As they were closer to the tribe, they could hear the riot more clearly. Also, they saw some fighting scenes. The people of Zion's tribe were at disadvantage and not a match for the people of Evil Tribe.

"Bruce! You Evil. We've already given you a lot of clothes. Why are you still bullying us?!"

A middle-aged man in the midst of the tribe angrily talked to a robust, tall, and bald man.

This two meters tall man had a metal rod, which was shocking an adult's thigh-thick, in his hand. And his strong muscles were really impressive.

He was the leader of the Evil Tire. He disdainfully scanned all the people of Zion's tribe. His looks were really dignified and arrogant.

"We want more. The clothes you gave us are not enough." Bruce said loudly. Because he spoke the native language, Tom couldn't understand his words. Zion greeted her teeth and said, "This damn Bruce, we give them a lot of clothes for free every year. They are not satisfied yet. They want twice as many clothes now! How can we take out so many clothes!"

Tom understood. Bruce reached out for a yard after taking an inch.

The law of the jungle was suitable for everywhere.

"Don't you have any other allies?" Tom asked curiously.

Zion shook her head and said, "No, Evil Tribe is too powerful. No tribe dares to offend them."

Tom didn't ask further. He now knew that the overall strength of Evil Tribe was indeed much stronger than that of Zion's tribe. Just that evil leader could beat all people of Zion's tribe, not to mention the oppression of the whole Evil Tribe.

In this aboriginal world, there were no

martial arts. But because of the environment, the aboriginals here were very tall and strong.

The evil leader on the other side was already as powerful as the Innate Realm master on the earth.

No one of Zion's tribe was a match for him.

"We don't have so many clothes! Bruce, don't go too far. We've already given you all the clothes we can give you!" The middle-aged man there seemed to be the leader of the tribe. He clenched his fists and glared angrily at Bruce.

The other people of the tribe were also expressed their anger. But they were

beaten by the people of Evil Tribe just now and many youths of the tribe were lying on the ground. They did not dare to speak too harshly.

Most of the people standing now were women, children, and elders. In terms of strength, Bruce was incomparable with these people.

The evil leader stretched and smiled grimly, "I don't care what you do. This year's clothes must be doubled. Otherwise, I will be rude to you and take all your clothes!"

His tyranny made everyone in the tribe very angry, especially those young people. They clenched their fists and stared at Bruce. They wanted to fight with him, but when they thought of the

horror of the evil leader, they did not dare to act rashly.

At this time, an old man came out and said in a hoarse voice, "Honorable Bruce, we really gave you all the clothes we could give you. Now we don't have any more clothes. The dear leader, please spare us."

After saying that, the old man trembled slightly and knelt down at the evil leader.

This scene pierced everyone in the tribe.

At the same time, Zion, who was rushing over, saw this scene and shouted, "Grandpa!!!"

At this moment, everyone looked over,

especially the people of the Evil Tribe.
When they saw Zion, all they were
amazed.

Chapter 1108

The leader, in particular, stared straight at Zion with widened eyes. He couldn't take his eyes off her. In his opinion, Zion was beautiful and hot. She was his favorite type!

Zion felt very disgusted about his gaze. She glared at the leader fiercely, then quickly ran to the old man and helped him up. "Sir, don't kneel down to such evil villains. They are greedy. After death, they could never fall into the arms of the Earth-god! The Earth-god will punish them!"

As she spoke, her eyes were filled with hatred.

But after hearing her words, the elder

looked terrified and quickly covered her mouth. "Zion, stop the nonsense! It's none of your business. Just quickly hide in the crowd!"

Everyone in this world worships the Earth-god. They believe that people would end up into the arms of the Earth-god following their death. That was their belief, and even the evil tribes thought so. The cruelest words here were to curse someone not to fall into the arms of the Earth-god after his death.

Sure enough, after Zion finished her words, all the people of the evil tribe stared at Zion resentfully.

"Girl, how dare you curse us! You're doomed!" The leader was immediately

enraged. The crowd also raised their weapons and shouted at Zion, trying to punish Zion.

Zion was after all a girl. She felt great pressure facing the angry crowd. Her face turned pale and her legs trembled.

The elder immediately stood out for her, "My honorable leader, Zion was joking. She has absolutely no intention of cursing you. Please spare her."

The leader said ferociously, "Hmph, spare her? No way! The damned girl dares to curse my men. She's dead!"

Then he grabbed Zion and said, "Damn girl, come here!"

The leader was strong and tall, pulling her with great strength, which was

frightening to everyone. Zion now felt the horror of the leader. She tried to retreat but in vain.

Tom would not stand by in this situation. He was about to go forward and save Zion. But at that time, from behind Zion rushed out a strong man holding a huge axe, who was about to cut towards the neck of the leader. He also shouted loudly, "How dare you bully my sister? I will chop you to pieces!"

This was out of the tribesmen's expectation. Even the leader was shocked and quickly retreated.

He realized the danger. The young man's power actually posed some threat to him, which forced him to

temporarily let go of Zion and quickly retreat.

The strong man was naturally Zion's brother. He has loved Zion since he was a child. Now that he saw his sister being bullied, how could he stand it? He attacked the leader directly.

However, he underestimated the strength of the leader. His attack failed.

"Boy, you're playing with fire!!" The evil leader was furious, raising a huge iron bar to hit the strong man's head. The speed was very fast. Once he was hit, her brother would die hard immediately with an exploded brain.

Zion's brother Tim sensed a smell of death. He knew that he would be

doomed this time, so he was in despair.

Zion shouted, "Brother!!!"

The people of other tribes were ashen as well, believing that Tim was going to die.

However, at this moment, a tall figure rushed out from behind Tim, and gently pushed Tim away. At the same time, he raised his left hand to catch the iron bar of the evil leader.

The scene shocked everyone present.

When they came to their senses, the iron rod of the evil leader landed firmly in this man's hand but the man was not hurt at all.

All of a sudden, the room fell silent, and

no one knew what has just happened.

The evil leader was also stunned with his eyes widened. He couldn't figure out why this would happen.

In that strike, he gathered all his strength. Even a giant wolf would be knocked down, but that man easily caught his iron rod with the left hand.

The man was none other than Tom.

He still chose to do save lives. It wasn't because he wanted to meddle, but he was still wearing the clothes of Zion's brother.

Moreover, Tom hated the leader's deeds.

It was always not a decent thing to rely

on the strong and bully the weak.

After a short pause, Zion was the first to gather senses. She jumped up excitedly and said loudly, "Great! Great!"

When the evil leader came back to his senses, a ferocious expression appeared on his face. He tried hard to pull out the iron bar. However, no matter how hard he tried, it did not move at all. He only felt that the iron bar seemed to be embedded in a huge stone crack, and could not be pulled out at all.

His face turned red. There was nothing he could do about it. He got embarrassed, screamed a few times, and kicked Tom hard toward the

private part. He was going to disable this annoying guy!

When the others saw the evil leader's action, they all screamed out and thought that Tom was going to be disabled. After all, it was the weakest part of a man.

However, Tom shook his head and smiled. When the evil leader kicked him over, Mr. Howard easily raised his foot and hit it hard with the evil leader's foot. Suddenly, there was a loud bang. The evil leader let out a shrill scream, and he fell down with a bang, looking very painful.

The change scared everyone present.

Chapter 1109

Indeed, the evil leader was invincible in their eyes. Eight or ten big men were no match for him. And even those huge beasts could not take any advantage of the evil leader.

But now, the evil leader was defeated by a much thinner and punier man.

It seemed that the evil leader was no match for this man at all.

After a short trance, Zion immediately cheered excitedly, "Excellent! Beat them to the ground and see if they dare to bully us in the future!"

The rest of the tribe had now regained their senses. They looked at Tom in

awe. Even some elders knelt down Tom and constantly exclaimed, "An invincible warrior!"

As for the people of the Evil Tribe, they were terrified. They could not possibly have expected it to happen. In their opinion, the evil leader was invincible. How could he be so easily defeated by the guy?

So for a moment, they were all stunned there and didn't know what to do.

The evil leader uttered strange and loud sounds, which were like the sounds of a beast going mad. Tom could not understand what he was saying. Judging from his expression and the behavior of members in the Evil Tribe, it was obvious that he was

ordering the subordinates in the Evil Tribe to avenge for this.

It had to be said that the aboriginals here were still very bold. Genes thirsty for blood were in their bodies. Even though they had known that Tom was very powerful, they did not retreat. Holding the weapons in their hands, they shouted loudly and rushed towards Tom. There were a lot of people, and their bodies were much stronger than the bodies of people on earth.

Even the westerners on earth were no match for the warriors of the Evil Tribes regarding the body types.

The people in Zion's tribe watched this scene and turned pale, as they worried

about Tom. Until now, they had not realized that Tom was not from their tribe, nor even from this world. Tom was an invader that they hated.

"No! These people from the Evil Tribe are going crazy! Our brave warrior is in danger!"

"The people of the Evil Tribe are too despicable, besieging the warrior of our tribe!"

"My fellow clansmen, we can't just sit back and do nothing. We have to fight together and kick the damned Evil Tribe out!"

There were some brave and chivalrous warriors in the tribe. Although they knew that they were no match for the

Evil Tribe and had just been kicked by the Evil Tribe, and their faces were still bruised and swollen, they were not afraid. They held their weapons and were about to join the battle.

However, at this moment, Tom had already moved.

Instead of retreating, Tom took the initiative to attack the warriors of the Evil Tribe.

His action made everyone in the tribe dumbfounded...

Thud thud...

The sounds of fists punching into flesh and screams came from the crowd. Not long after, people from the Evil Tribe were kicked off to the ground,

screaming painfully. These people were like bottles broken into pieces, and they were no match for Tom.

Less than a while later, over a hundred warriors from the Evil Tribe were already hit down.

The rest warriors of the Evil Tribe were standing behind, dumbfounded. Looking into Tom's eyes and watching Tom walking towards them, they felt their scalp numb.

Although they were very brave and strong, the strength that Tom showed at this moment was so scary that it was beyond their understanding.

Someone shouted, and then the man who shouted fell to his knees with a

clatter, and he was still prostrate on the ground, trembling. He was showing his fear and reverence for Tom.

Because of his action, the other warriors of the Evil Tribe who were standing also knelt down and prostrated themselves on the ground, constantly shouting a slogan.

Tom was a little stunned by their reaction. He didn't understand what they were talking about, but judging from their expressions, he guessed that they were treating him probably as a god, right?

Indeed, in a feudal, even a barbarous world, the strength he showed now would indeed be deemed as that from a god.

Soon, not only the people of the Evil Tribe, but the people from Zion's tribe also knelt down and prostrated themselves on the ground to Tom, chanting the same slogan.

Tom looked at Zion, and indeed he heard Zion saying to him in spoken language, "They are thinking of you as a god."

This was as expected.

To be honest, Tom felt quite reluctant. Suddenly, it occurred to him that there were also all kinds of myths on earth since thousands of years ago. Could those myths also be like this?

When a person showed extraordinary abilities, he would then be revered by

the people around him as a god. This was then passed down, becoming a myth over time.

Tom shook his head at this kind of thing. Originally, he wanted to speak, but after thinking about it, he gave up.

Because he couldn't speak the local language. Once he spoke, he would definitely reveal his identity. By then, everyone would know that he was an intruder.

He was not afraid of trouble. This was mainly because it would bring trouble to Zion, so there was no need for that.

So he gave Zion a look and asked her to be his messenger. It had to be said that Zion was very smart. She immediately

understood what Tom meant and said loudly, "This is the mute warrior of our tribe, born with divine power. Evil leader. If you dare to come to our tribe and bully us again, I will ask our invincible mute warrior to eliminate you!"

Mute warrior?

When they heard Zion's words, they all looked at Tom in surprise. They did not expect that Tom was dumb.

The evil leader was already frightened by Tom, and now he dared not resist. He nodded quickly to show his submission and then ran away with his men in despair.

As for the clothes that were snatched

over, people from the Evil Tribe naturally did not dare to take them away.

After the people of the Evil Tribe all left, excited cheers came from the tribe!

There was excitement and joy on everyone's faces, men and women, old and young.

When Tom saw this, he also smiled. This feeling was really wonderful. Before this, he could never have imagined that one day he would become a hero of a tribe in a different world.

Chapter 1110

Then the people of the tribes knelt down for Tom to show their respect and gratitude.

Tom didn't know what to do with this situation, so he looked at Zion for help, who smiled and comforted him with her eyes, indicating to him that it was what their tribe should do.

Fortunately, Zion was also a very smart person. With her persuasion, the people of these tribes believed her words that this Mute Warrior was from another tribe and saved their crisis.

For some reason, the mute warrior lost the ability to speak.

Because of the brave performance of the mute warrior, many young women in the tribe winked at him. Some of them were bold and even ran directly to Mute Warrior to flirt with him.

It was obvious that they wanted to sleep with Mute Warrior.

Tom was embarrassed. Zion was very angry and drove these women away rudely.

Her actions made the people in the tribe look at her with teases, and said something that Tom could not understand.

When she heard this, her face turned even redder.

After everything was settled, Tom's identity was legitimated and he could live in the tribe righteously. However, Zion's brother Tim scratched his head when he saw Tom's outfit and was puzzled. Why did the clothes on Mute Warrior look so familiar?

For the next few days, Tom stayed in the tribe.

He didn't want to take root here, but as an outsider, he was too unfamiliar with this world and didn't know what it was like.

The best way to integrate into this world as quickly as possible was to assimilate into the community because the local people knew a lot of the secrets of the world.

Sure enough, after he stayed here for a few days, he did learn a lot about the world through his communication with Zion. At the same time, he had a better understanding of the world.

It turned out that this world was a feudal society. Besides the tribes around them, there was a huge city standing thousands of miles away.

And there were dozens of cities like this, which were all under the management of one country.

This country is very powerful, and there are several countries like this one. In fact, it was similar to the ancient times on earth.

The difference was that the strength of

the locals here was much higher than that on earth.

According to Zion, there were really gods here, and these gods were very powerful.

She also warned Tom not to offend those gods.

Hearing this, he became curious.

In his opinion, these so-called gods were probably aboriginals who had eaten the Fruit.

It seemed that the effect of this Fruit was really great. Otherwise, it would be impossible for a world without the foundation of martial arts to create the extraordinary Strong.

And about the invaders, Tom also understood clearly. It turned out that every once in a while, there would be some invaders here, and these invaders were very evil and cruel. Every time they appeared, many people would die in their tribe.

So they hated these invaders.

He could only remain silent about such a thing.

In fact, it was not difficult for him to figure out that it was because of the Secret Realm on earth. After the Strongs came into the Realm, they would reach this world. For those extraordinary Strongs on earth, the aboriginals in this world were too weak to fight them. Without the restriction

of law and morality, these extraordinary Strongs completely released the evil in their hearts. They would burn the houses here and go around looting people.

This kind of thing actually happened many times on earth.

Just like when the Europeans came to America, because of their sophisticated weapons, they not only massacred the local aboriginals, but also colonized America.

This is human nature, evil human nature.

Tom was glad that he could keep the moral bottom line and not become such a person.

He solemnly apologized to Zion, and there was nothing else he could do to make up for it.

Then, he got to the point and asked her about the Fruit.

Unfortunately, she didn't know much about the Fruit either.

Therefore, he didn't continue to ask. It seemed that he had to leave here and go to a city of higher level to find the Fruit.

What he didn't know, however, was that on earth, there was actually record about what they had done in this world.

In fact, since the opening of the Secret Realm, there has been a forum on

earth called the Fruit List In Secret Realm.

And in the forum, there were the names of twenty people who had entered the Secret Realm, and behind the names, there was a Fruit number that they got.

A week had passed, but no one on the list got a single fruit.

However, in the early morning of this day, suddenly, there was a change on this list. It turned out that someone had gotten the Fruit!

"Oh my! How could someone get the fruit so soon?"

"Really? It's only been a week, hasn't it? Someone got the Fruit so soon? Who is

it?"

"It's The Great King. He's indeed very formidable! Oh my god, he still got two Fruits! That's amazing!"

The Great King got two Fruits at once. Apart from him, no one else got any Fruits. The others lagged much further behind.

Soon, H Country received this message.

When Joseph in Y City got the news, he grew angry.

"Alas, it's not good that The Great King ranks the top! He was one of the most powerful men on earth, and now he has two Fruits. That's enough for him to break through to the God Becoming

Level!" Ross Joseph said worriedly, "This The Great King is a genius. He has shown amazing martial arts talent since he was a child. He entered the Half-step God Becoming Level early. After so many years of accumulation, once he broke through to the God Becoming Level, then no one can't suppress his strength anymore!"

Albert, who was by the side, was also worried.

He stared at The Great King's name on the website.

Then, Joseph said worriedly, "Why hasn't Tom moved yet? The Great King has already got two Fruits. If he meets The Great King in that world, he will be in great danger!"
