

Chapter 1121

Just as Melvin walked up to the three fruits with a greedy expression and was about to take them, suddenly, a strong momentum swept from behind, like a landslide and tsunami, which made his muscles tense up.

Not only him, but Skinny and Fatty beside him also felt numb all of a sudden. Subconsciously, they looked back and immediately saw a tall figure rushing towards them at high speed. At the same time, a disdainful and domineering voice came over.

"Sure enough, you're here."

This man, of course, was Tom. He came back again.

Melvin also looked back immediately. Suddenly, he saw Tom. He was obviously stunned for a moment. Then, the corner of his mouth rose and he smiled playfully. Obviously, he did not take Tom seriously.

He was going to take the three fruits. But now, when he saw Tom, he stopped. The three fruits were just in front of him, and he could get them as soon as he reached out.

But he didn't do that. Instead, he turned around and looked at Tom, obviously not taking Tom seriously.

"Oh, so it's you, a nobody. I wanted to look for you, but I didn't expect you to come to me by yourself. That's good. It

saves me a lot of time and energy."

Melvin put his hands on his back and looked at Tom with a playful look. In his eyes, Tom was obviously just a nobody.

He didn't take Tom seriously at all. He thought that Tom was just a boast in the Secular World and just had all goods in the window and that Tom was no match for him.

The people in the tribe were stunned when they saw Tom return.

Then, they all realized that Tom and the three intruders were obviously hostile, not colluding, which made them obviously confused.

Zion was already desperate. Now that she saw Tom, she burst into tears of joy

and shouted happily, "Tom! It's Tom! I knew you would come back to save us! You're different from them. You're a kind person. You're sent by Earth-god to protect us!"

After saying this, she took the lead, knelt down for Tom, and put her hands on her shoulders to express her absolute respect and gratitude for Tom.

When these people in the tribe heard Zion's words, they all reacted one after another. Tom was really misunderstood by them, which made them feel very ashamed and regretful. They actually driven away such a benefactor mercilessly.

Soon, Tim also knelt down and put his

hands crossed on his shoulders, expressing his respect for Tom.

With the lead of the brother and sister, more and more people began to kneel down, showing respect and gratitude to Tom. They also put forward some pleadings and begged Tom to save them.

When Tom saw this, he sighed slightly in his heart. Just now, he was driven out by the people of the tribe. They regarded his goodwill as a malice. It was impossible for him to have no any grudge in his heart.

However, he was still very kind in his heart and could understand their behavior. Now that he saw them kneeling, he would forgive them.

He nodded and said in aboriginal language, "Don't worry. With me here, you won't be hurt."

After hearing his words, everyone in the tribe felt grateful, excited, and shameful, and apologized for their rudeness just now.

Melvin saw this and frowned slightly. He did not hide his disdain for Tom at all, "I say, how can you fight with your compatriot for an aboriginal? It turns out that you have colluded with the aboriginals here. Tom, it seems that you are really a shame of human!"

As Melvin spoke, he shook his head and raised a middle finger at Tom, disdaining Tom very much.

Fatty and Skinny also echoed, "Hmph, Tom, you are the shame of the earth. People like you have no right to go back to earth!"

"Hmph, the last time you chased and killed the two of us. Now that Melvin is here, the three of us will kill you together!"

The two of them were so murderous and they hated Tom very much. Their killing intention exuded could almost condense into ice, which made all the aboriginals present tremble.

They were just ordinary people, and they could not bear the killing intention of such powerful people.

Melvin shook his head, his face full of

pride and contempt, and said, "Tom actually has scared you to this extent. I see that you two are also trash. Get out of here. I can kill the nobody easily by myself."

When he said this, he was extremely arrogant. He did not take Fatty and Skinny seriously at all. When Fatty and Skinny heard this, they looked very dark and gloomy.

However, they did not dare to fall out with Melvin directly. It was not that they were afraid of Melvin, but The Great King behind Melvin. That was the person they really feared!

They looked at each other and suppressed their dissatisfaction. At the same time, they couldn't help but

secretly look at the three fruits on the side.

Now they all prayed that in the end, Tom and Melvin would be both hurt, and then they would be able to reap the benefits. At that time, they would kill the rest of the people and took possession of these three fruits privately!

As long as they got these three fruits and swallow them, they would definitely reach the God Becoming Level.

As long as they reached the God Becoming Level, then they would be fearless on earth. As long as they didn't court death and provoked those old monsters, almost no one could do

anything to them.

It had to be said that their plan was well planned, but Tom could tell it at a glance.

But this was good for Tom, because if the three of them attacked together, it would be a little tricky for him.

After all, he hadn't reached the God Becoming Level yet. He was on the same level as the three of them.

However, he did not strike immediately, but said indifferently to Melvin, "You are too weak. You are no match for me. For the sake of your senior brother The Great King, I can let you go if you get out here immediately!"

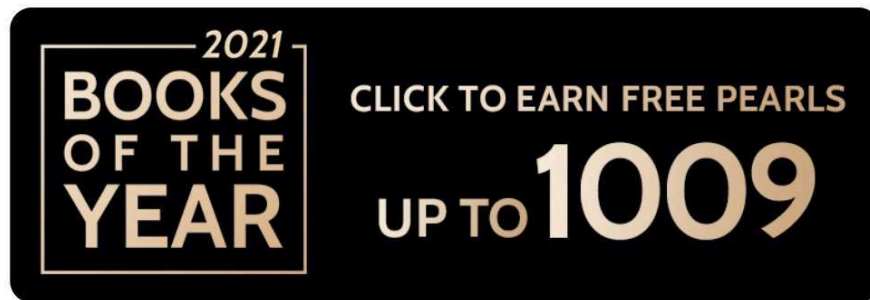

He said this, as if a senior was scolding

a junior, and also did not take Melvin seriously.

Melvin was furious when he heard this.

"Hmph! Since you don't dare to die, I will kill you directly!"

Melvin was enraged. He did not hesitate and directly attacked Tom.

Chapter 1122

Admittedly, Melvin was indeed very powerful, much stronger than Fatty and Skinny. He was indeed the Chosen One ranking fourth on the List of Immortals.

This was also one of the few strong men Tom had met.

Tom made a rough judgment that Melvin was as powerful as Adam.

After all, Melvin was at Half-step God Becoming Level. It seemed that there were still a lot of geniuses in the world.

However, this strength of Melvin was still not powerful enough for Tom.

Tom was no longer the same person

when he fought Adam in M Country.

After defeating Adam, he grew greatly in this battle and gained a lot of enlightenment. Moreover, in the Secret Realm, because of the difference in the environment, the oxygen content in the air increased, and the gravity increased. Therefore, he constantly honed his body and increased his strength every day.

Now he could easily defeat Melvin.

Of course, he would not defeat Melvin directly, because he knew very well that his real opponent was not Melvin, nor Emmett, not Alistair, but The Great King, who was the most powerful, the most talented man in a thousand years, the chosen son of this era.

Melvin was The Great King's junior brother, so Melvin and The Great King's martial arts came from the same faction. When he fought Melvin, he could see what level The Great King was at.

Although Tom usually looked very reckless and went straight to the enemy, he was not reckless in essence.

In an instant, Melvin immediately came to him, and from the beginning, he used a powerful move on him. It was obvious that he wanted to kill him directly.

Melvin was indeed very strong, and his moves were extremely exquisite. He was one of the few opponents that

Tom had encountered with his moves as exquisite as his.

Faced with such an opponent, Tom was not afraid, but more excited, because only the stronger the opponent, the greater the benefits.

They immediately fought and made a huge noise.

Because of their strong collision, the ground directly shook. To these natives in the tribe, they were all too stunned to react. None of them had ever seen such a powerful force.

This was beyond their understanding.

Some of the elders of the tribe crawled down and pressed themselves against the ground, shouting in reverence,

"The Earth-god, the Earth-god..."

Yes, in their opinion, only the Earth-god could have such a strong power.

Of course, they did not think that Tom and Melvin were the Earth-god, but that they were sent by the Earth-god. Tom was the savior, and Melvin and others were evil gods and demons.

Tim and the others, who had gotten along with Tom for a while, were very astonished and couldn't react for a long time. They were shocked and frightened. They knew that Tom was very powerful, but they never thought that Tom would be that powerful!

Just now, the fight between them directly caused a small earthquake,

and their speed was extremely fast. In a moment, they moved to the jungle next to them. Their violent moves directly broke the trees, as easily as beating cotton.

They had never encountered such a terrifying force before, and when mortals encountered something beyond their knowledge, their first reaction was awe.

Zion said happily, "I've told you. Although Tom is from another world, he is not an intruder. He is different from those evil invaders. He is the guardian god of our tribe! But you drove him away mercilessly just now. Fortunately, Tom was kind in essence, or else we would all have been punished."

After hearing Zion's words, everyone in the tribe was ashamed and lowered their heads, praying that Tom would forgive them.

At this moment, Tom and Melvin had already fought against each other with hundreds of moves for a long time.

Melvin was the one who offended more, while Tom was defending most of the time. Melvin's moves were extremely fierce and brutal, which were all moves to kill, and they were very fast, not less than the combination of the Fatty and Skinny.

However, in front of Tom, they were not powerful enough.

Tom was not in a hurry to make a move.

He was still observing Melvin. He found that Melvin's technique was really exquisite, especially Melvin's physical strength, which was incomparably abundant. He was in good momentum and even more energetic, and the moves he made were getting more and more urgent and fierce.

If Tom didn't have enough combat experience, then this time, He was already defeated.

This made him not contemptuous anymore. It was not that he was afraid of Melvin. He was afraid of The Great King, and even the entire Clan World, as well as the most powerful Blood Thirst Sect from the East Sect.

Even a nobody like Melvin was so terrifying, so how powerful was The Great King?

There were also the East Sect's strong, such as the overlord, the elder, and so on.

Now he finally understood why such a large Raoul Sect was so fragile in front of the East Sect. Even the Saint King Raoul was injured with obvious disadvantages.

It seemed that there were really many powerful Strong on earth.

When he had just broken through to the Innate Realm, he thought that there were only a hundred masters in the Innate Realm in the world.

However, as his realm gradually increased, his horizons became wider and wider, and the world he came into contact with became wider and wider, he knew that there were many people in the Innate Realm on earth.

After he reached Half-step God Becoming Level, he thought that there were not many God Becoming Level experts, but now it seemed that there must be a lot of God Becoming Level experts.

In addition, there were many talents under the God Becoming Level, and once these talents broke through to the God Becoming Level, they would be extremely powerful.

When the Clan World and the four

major sects invaded the secular world together, how big the war would be?

He had already sensed what was about to happen.

This thought flashed through his mind.

And his absent-mindedness was also noticed by Melvin, which made Melvin extremely angry. He felt that he was insulted!

Tom, this guy, actually dared to be distracted when he was fighting with him. He didn't take him seriously at all. Damn, he was arrogant, too arrogant!

"Hmph! Tom, you trash, you only know how to dodge? You are a turtle! If you have the guts, just fight with me with all your strength!" Melvin tried to

provoke him.

Tom smiled playfully and said, "As you wish."

Chapter 1123

As Tom stopped talking, an unprecedented and enormous momentum erupted from him immediately. At the same time, he opened his eyes. It seemed that he had changed into someone else.

Melvin felt that Tom was no longer the one he knew before.

It was more like a wild beast that lived in Tom, which was waking up now. A destructive aura emanated from him.

He had only seen the same aura from the The Great King.

The change was so fast that he could not react at all. Therefore, Tom

retaliated against him directly.

In an instant, Melvin's scalp was numb with his temples throbbing fiercely. He could clearly feel that Tom had become much stronger.

However, he was also the fourth on the List of Immortals. Even among the Blood Thirst Sect in the East Sect, he was also a first-class genius, just no better than The Great King.

So he did not panic. He quickly adjusted himself and changed his moves. Instead of fighting directly with Tom, he chose to procrastinate.

However, he still underestimated Tom.

Tom had already guessed out his plan, and now Mr. Howard would not give

him any chance.

So he would run all his strength to cope with it.

And Mr. Howard even used Melvin's methods to fight against him.

Tom's moves were large. Especially when he opened his eyes, which was like the Thunder God opened his eyes, forming a world-ending terror.

He brought a series of moves out rapidly, which overwhelmed Melvin.

Although Melvin quickly adjusted himself, his strength was still a level below Tom. How could he resist Mr. Howard?

Bang.

The air was burst by Tom's punch. It was so fast that even his fist raised some sparks. Like a meteorite from the sky falling at high speed, rubbing against the air.

How terrifying his punch was.

Yes, Tom's current strength was at least one level higher than before. If he met Adam again, he would easily kill him in less than a minute.

As for Melvin, although he was the Chosen One, even among the Chosen One, there were differences in their abilities. Obviously, Melvin was not his opponent at all.

Melvin immediately felt the power of the punch. His scalp was numb. For the

first time, he was in panic and fear. He did not dare to collide with Tom at all. He quickly retreated, trying to dodge.

However, how could he catch up with him?

It was only in a blink of an eye that Tom's punch landed in front of Melvin. It was too fast for him to dodge.

Only then did Melvin realize that Tom was really horrible.

He began to regret it. If he had known that Tom was so powerful, he wouldn't have been so arrogant just now. He would let Fatty and Skinny join in.

But now, he had no choice. The only thing he could do was to raise his spirits, force all his strength out, and

bear Tom's punch. As long as he resisted it and got some time, then he could call Fatty and Skinny to besiege Tom to death.

As long as he killed Tom, the three fruits still belonged to him.

His plan was awesome. But he underestimated Tom, or rather, he overestimated himself.

Tom was expressionless, and even his eyes were cold as if he had entered a merciless state. When he looked at Melvin, he had no contempt or ridicule, as if Melvin was not a person or an enemy, but just a sandbag.

The punch finally landed on Melvin. Although he reacted fast enough, he

still underestimated Tom.

The punch gathered most of Tom's strength, which broke Melvin's defense and hit him in the chest.

With a click, Melvin's several chest ribs were broken by him.

Meanwhile, he couldn't help but let out a scream.

It hurt so much that even he couldn't endure it.

But compared to the pain he had, he was more shocked and scared.

After all, he was not an ordinary person now that his ribs were as tough as high-strength stainless steel.

Even if the Innate Realm master hit him hard, he could not be hurt, but now, he was actually broken by a punch from Tom.

And it happened under the circumstances that he had broken Tom's arms forcefully. How powerful Tom was!

Even the The Great King was no better than this.

At this moment, he was really scared. When he looked at Tom, he no longer had arrogance. Now he finally realized what kind of existence he had provoked.

Tom was indifferent. When he looked at him, it was as if he was looking at an

animal, which made him even more scared. At the same time, he realized the murderous intent of Tom on him.

He had no intention of resisting. He quickly retreated with the momentum the punch brought to him and distanced himself from Tom. At the same time, he shouted, "What are you still standing there for? Kill him together!"

His pride and arrogance had dispersed at this moment. When he faced Tom, he was no longer hostile.

Fatty and Skinny were also stunned. Obviously, they did not expect Tom to defeat Melvin so easily.

Although they both thought that

Melvin was definitely not Tom's opponent, they both felt that he would definitely be able to fight Tom for a long time and even hurt Tom. When they both hurt, they would step in and get the benefits directly.

But now, Tom had completely disrupted their plans.

Chapter 1124

Tom smiled disdainfully. He despised Melvin's intention to fight from the bottom of his heart. Melvin was so arrogant just now, but Tom wrecked all his pride and intention with just one punch. Melvin was too weak.

He didn't know how Melvin could become the most powerful person in the world.

He despised Melvin so much and would not let him go easily.

Because he knew very well that if he wasn't strong enough and if he was the one who lost, Melvin would never spare him.

Moreover, he knew very well that the battlefield between him and the Clan World was not here. When he went out of the Secret realm, soon, the Clan World would start a war against the Secular World. When a person like Melvin escaped, it would bring great harm to the Secular World.

In that case, why didn't he kill Melvin here?

As for The Great King's anger, he really didn't care. Besides, he and The Great King were enemies. Even if he let Melvin go, The Great King would find a chance to kill him anyway.

Sensing Tom's killing intent, Melvin used all his strength at this moment and rushed towards Fatty and Skinny.

He needed to team up with them, only in this way could he defeat Tom!!!

"Hmph, you want to escape? But it's too late."

Tom snorted coldly. He didn't hesitate. After he adjusted his breathing, he then chased after Melvin. He wanted him dead.

Fatty and Skinny saw this scene, and their temples were jumping all the time. They had seen Tom's cruelty, and even, deep down in their hearts, they had a deep fear of him, not daring to easily become enemies with him.

So now, seeing Tom chasing after Melvin, they looked at each other and saw the fear and fear in each other's

eyes. They quickly made a decision that they didn't want to fight Tom.

Now that Melvin was obviously injured, even if the three of them worked together, they could not exert their greatest strength. Once they lost, then what awaited them was death. They didn't think Tom would let them go.

So quickly they made the most correct decision, running in another direction and not saving Melvin.

Moreover, when they ran away, they also grabbed the three Fruits with them.

As long as they snatched the Fruits and found a place to hide, they did not

think that Tom would be able to find them.

As for turning a blind eye to Melvin, none would know about this. It was impossible for him to survive Tom's attack anyway. What were they afraid of?

When they returned to earth, they wouldn't have to be afraid of Tom.

Seeing their movements, Melvin was angry and shouted, "How dare you leave me behind! Senior brother the Invictus Shawn won't spare you if he knows this! Come back, come back now!!"

However, no matter what he scolded, Fatty and Skinny ignored his words.

Seeing this, Melvin was really scared. Even if he didn't turn around, he could clearly feel Tom wanted to kill him very much. And Tom was getting closer to him.

Finally, it took Tom a few seconds to catch up with Melvin and grab him directly.

In this case, Melvin felt a great danger, and got goosebumps on his neck. It was a kind of extreme fear and dread.

Once again, he unleashed his full potential and rolled around, trying to avoid Tom's capture.

His movements were already very fast, but in front of Tom, they were still too slow.

Just as he was relieved, he suddenly realized that his neck hurt, and then his whole body was lifted up, and his feet were suspended in the air.

He was caught and soon heard Tom's frightening voice. "Weren't you so arrogant just now? Why did you run away so fast?"

The voice was full of teasing.

Usually, when Melvin heard someone talked to him like this, he would definitely be furious and teach that man a lesson. But now, he was already frightened by Tom.

He was completely flustered and disoriented. In the face of Tom's powerful momentum, his body was

trembling violently.

"Your, your strength, how could it be so terrifying? It doesn't make sense, it doesn't make sense..." Melvin said in shock. He had no idea why Tom's strength was so terrifying. It was completely unscientific!

He was very familiar with The Great King and knew how terrifying The Great King's real strength was.

But now, Tom's strength was almost the same as The Great King's. It was a level higher than the genius like him.

But this didn't make any sense and it was impossible!

According to everyone's understanding, within a hundred years,

there could only be one chosen child. The chosen child was with the transcendence of talent, which had more talent than everyone in the same era.

The Great King was a chosen child. No one could be compared to him. Melvin was also a very arrogant man. He admired no one except The Great King.

But now, there was this Tom who was almost at the same level as The Great King.

How could this be?

Could it be that Tom was also a chosen child?

If he knew that Tom was also a chosen child, he wouldn't dare to be so

arrogant in front of Tom. This was simply dicing with death.

"You can't kill me!! You can't kill me!!!"
Melvin was screaming on top of his voice now. He was very stupefied. His feet were kicking wildly in the air. He wanted to fight back. But being strangled by Tom, he was pinched and cracked. Immediately, there were a few consecutive clicks, and his spine was shattered by Tom.

Melvin let out a shrill scream.

He was now completely paralyzed, and the bones of his entire spine were broken. This kind of pain exceed all the other pains, making a tough man like him couldn't help but scream bitterly.

Skinny and Fatty running in front were scared when they heard the shrill scream. They turned around and saw Tom throw Melvin aside. Then he looked at them with ridicule and disdain in his eyes. Then Tom started chasing after them.

Seeing that, they only felt an unprecedented fear and ran with all their strength.

Chapter 1125

If any earthling had seen this, there would have been an uproar as it was unbelievable.

After all, Fatty and Skinny were the most famous Chosen One on the List of Immortals. There were countless geniuses who were killed by them. They had never been in such a mess before.

They were at the First Rank of God Becoming Level, so even if they met a God Becoming Level expert, they had never been scared out of their wits.

But now, in front of Tom, they were completely frightened out of their wits and ran away.

They had no desire to resist Tom at all. It was not that they were timid, but that Tom was too scary. His strength was far beyond their expectations. In their opinion, Tom was as powerful as The Great King was.

Melvin was already a very powerful Chosen One, and he was extremely famous in the entire Clan World.

However, when such a powerful Melvin fought with Tom, he had no ability to resist at all. Tom won easily.

Since Tom had already defeated Melvin, Tom's attention turned to them, which made them really scared to tears.

All the old fear of Tom resurfaced.

When they were in superb form, they were no match for Tom, let alone when Skinny was injured. As long as Tom caught up with them, they would definitely die!

What they regretted most now was that they should not have been there watching them fight. They should have just run away. Now, they were in big trouble.

Or they should not have just stood by. If they had joined forces with Melvin to fight Tom, they wouldn't be so scared right now.

However, they had no other way now. They could only use all their strength and even overdraw their potential to speed up and escape the pursuit of

Tom.

Unfortunately, it was just their vision. They couldn't outrun Tom. Now that Tom was getting closer that they could even feel Tom's breath. This feeling was so bad that their hearts were in their mouths and they got goose bumps all over. It was as if they were being chased by Death, who was about to take their lives at any time!

And at this moment, Tom's voice came again. "You can't run away. Last time I let you go, but you dare to provoke me again. It seems that you aren't afraid me at all."

They heard Tom's words clearly. Although Tom didn't threaten them, they felt it was like an order from

Yama, which made their blood froze and even their legs tremble!

Skinny was obviously a little slow. He was extremely anxious now because he could clearly feel that Tom was behind him.

Subconsciously, he looked back in a hurry. Sure enough, he saw Tom, who was smiling at him. It was completely a devil's smile, which made him panic. He staggered and almost fell.

But because of this stagger, the distance between him and Tom was further shortened.

By the time he caught on, Tom had already reached behind him and grabbed his neck.

Skinny struggled to resist, punched Tom hard, and shouted, "Go to hell!!!"

This was his final counterattack, and he made the hardest blow of his life. Even the Chosen One would definitely get hurt by his attack.

However, he couldn't hurt Tom at all.

Tom showed a disdainful smile and said coolly, "You're over-confident."

Then, Tom took his fist and broke his wrist.

Skinny screamed miserably.

He punched with all his strength just now, but he still couldn't hurt Tom. Instead, his wrist was broken, which really scared him out of his wits.

He no longer had any intention of resisting, and he was dispirited. Now he was just a paper tiger.

Tom grabbed his neck and lifted him up. With a shake, the bones of his body were shattered by Tom.

The pain was so great that he screamed again. He lost his strength and collapsed on the ground like a puddle of mud.

After Tom defeated him, he took the fruit and chased after Fatty.

Fatty did not dare to turn around. He ran as fast as he could in order not to let Tom catch up with him. He heard Skinny's shrill scream and felt goosebumps all over his body. He was

even more afraid of Tom.

There was only one thought in his mind now, and that was to run. He must run away from Tom. From now on, he would never dare to oppose Tom again!

However, Tom caught up with him anyway.

"You're quite fast."

At this moment, Tom's voice suddenly came from behind him, which made his heart thump and he almost burst into tears.

Tom was so fast that he caught up with him so quickly. At this moment, he seriously suspected that Tom was not at Half-step God Becoming Level, but

the Strong of the God Becoming Level!

It was only the Strong of the God Becoming Level could have such terrifying power!

He did not dare to speak and continued to burn his potential. Even if he burned all his potential, he would not hesitate to do so, because he knew that if he fell into Tom's hands, then Tom would definitely not let him go. He would definitely be killed!!

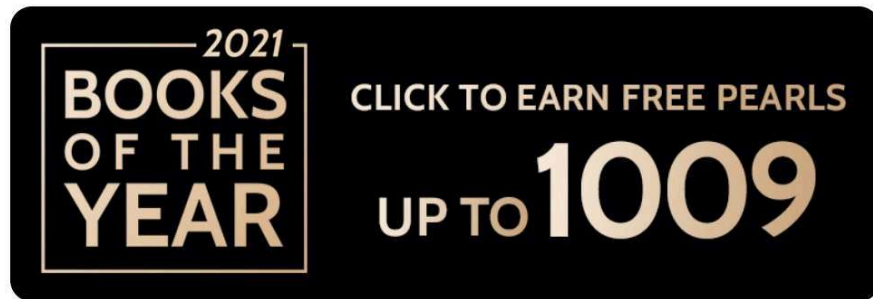

"Ah!!!"

He shouted, and his speed really picked up, which surprised Tom.

However, his speed was still too slow compared to Tom's. He had no idea what level Tom had reached.

"You can't run away!"

Tom's voice came again. This time, it reached his ear directly.

Chapter 1126

At the same time, he also felt that Tom's breath was close to him!

At the critical moment, he knew that if he didn't do anything, then what awaited him was Tom's fatal blow!

At this moment, he gritted his teeth and made a difficult decision. He suddenly threw the two fruits in his hand in the opposite direction.

He did not believe that Tom would not be attracted by these two fruits!

His action was very bold. These were two precious fruits. As long as he swallowed these two fruits, then he could become a master of the God

Becoming Level!

As long as he became a God Becoming Level expert, he would definitely be able to defeat Tom.

Unfortunately, he no longer had the time. If he swallowed two fruits now, then he would die.

Because after swallowing the fruits, it would take a while to break through to the God Becoming Level, and during his weak period of digesting the fruit, Tom could easily beat him to death.

When Tom saw his action, he raised his eyebrows and showed a hint of admiration. He didn't expect the Fatty to have such courage.

However, Tom cared less about the

fruits than he did. He just glanced at the fruits and remembered where they were going. He did not turn to grab the fruits even a little. He even sped up and rushed towards the Fatty.

He had lost his patience now, and he was determined to kill the Fatty.

The Fatty just breathed a sigh of relief and thought that Tom would definitely chase after the two fruits, not to kill him. But immediately, he sensed Tom's breath again. Instead of getting away, it got closer, which made him panic!

"Tom!!! Are you crazy?!"

He roared, completely unable to understand Tom's behavior. Those two fruits were much more valuable than

his life, and Tom did not chase those two fruits, but continued to chase him.

Was there so much hatred between him and Tom?!

As soon as he finished speaking, Tom was already behind him. Tom slapped him on the back with a loud bang.

Fatty was caught by Tom before he could defend himself. At the same time, he also spat out a large amount of blood in the air. Because he was rushing forward, the blood he spat out immediately fell on him again, making him look extremely embarrassed and miserable.

Tom slapped him without mercy and directly beat him on the ground.

Because he was too fast and the inertia made him leave a huge mark on the ground.

Tom's slap injured him badly!

"Don't kill me, don't kill me... Please don't kill me..."

The Fatty heard Tom's footsteps and felt Tom's murderous intent towards him, which made him completely lose his dignity. He trembled and begged Tom for mercy, and he even cried.

He didn't want to die. He really didn't want to die. How difficult was it for him to reach the stage of cultivation? He was about to break through to the God Becoming Level. It was not worth dying in Tom's hands!

Now, apart from fear, he was more regretful. If he had known that Tom was so strong, he definitely wouldn't dare to provoke Tom!

But there was nothing he could do now. Even if he was regretting it, he could not change the fact. The only thing he could do now was beg for mercy, abandoning all his dignity and pride to beg for mercy. He only hoped that Tom would show mercy to him and spare his life!

Soon, Tom walked up to him, looked down at him and said indifferently, "How did you find me?"

The Fatty didn't dare to hide anything and quickly said, "We guessed it... Tom, senior brother Mr. Howard, please let

me go. I don't dare to oppose you anymore. Please, I'm willing to be your slave..."

He knelt in front of Tom and kowtowed desperately, enduring the intense pain on his body. He looked pitiful now.

But would Tom let him go? The answer was definitely no.

He continued to stare at the Fatty and said, "How many fruits did The Great King get?"

The Fatty said quickly, "Two! It's two! The Great King has already got two fruits! Senior brother Mr. Howard, The Great King's strength is also unfathomable. He has got two fruits now. If he finds out that you killed his

junior brother Melvin, he will definitely seek revenge on you!" As long as you let me go, I'll go back and give him a message. I'll say that Melvin died in the hands of the aboriginals, and then The Great King won't bother you..."

He spoke so quickly that he was completely irrational. If he were calm, he would not have said such a stupid thing, because if he had said so, it was even more impossible for Tom to let him go.

Tom muttered, "Has The Great King got two fruits? That's quite lucky."

There was a glint in his eyes.

In fact, the only person that could be a match for Tom in the entire Secret

Realm was The Great King. Tom didn't care about anyone else.

And he knew that he and The Great King would have a fight sooner or later.

He was looking forward to this day. The Great King, who was ranked number one on the List of Immortals, was known as the chosen one of the era. Tom had long wanted to meet him.

Looking at the Fatty, he said, "When are you Clan World going to attack the secular world?"

He asked the last question. Sure enough, after Fatty heard this, his expression changed obviously. Obviously, he did not expect Tom to ask the question.

The question seemed to be a big secret to him, making it difficult for him to answer. He lowered his head and rolled his eyes.

Tom took a step forward with stronger murderous intent and said, "In that case, go to hell."

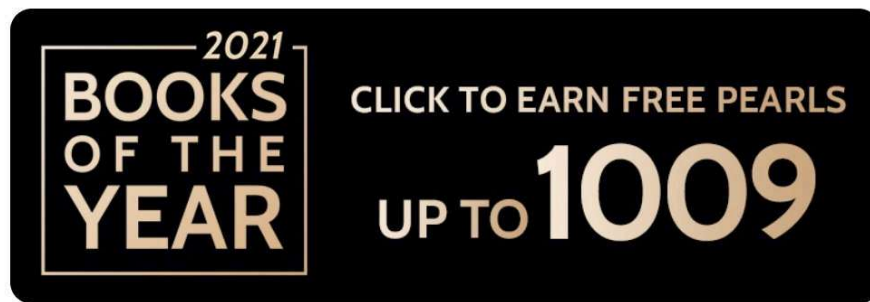

"I tell you! I tell you!" When the Fatty heard Tom's words, he immediately lost his mind and said hurriedly, "Three months later, three months later! The plan was initiated by the East Sect's Blood Thirst Sect. They called on the entire Clan World to attack the secular world! Senior brother Mr. Howard, I told you everything I know. Please let me go, please!"

He kowtowed again without any

dignity.

Three months later?

When Tom heard the answer, he frowned.

Chapter 1127

Three months. That was even more urgent than he had imagined. At the same time, Tom felt an invisible pressure!

He must get more fruits in these three months, break through to the God Becoming Level, leave the Secret Realm, and return to the Secular World, so that he can protect his family.

Fatty looked up and felt extremely nervous when he saw Tom's expression change. In front of Tom, he really had no intention of resisting at all. He only hoped that Tom would let him go. He really didn't want to die.

He asked cautiously, "Senior Mr. Howard, I've already told you everything I know. Can you let me go?"

After he finished saying this, his heart beat extremely fast. At the same time, he also looked at Tom closely. Seeing that Tom did not move at all and was still in deep thought, he left gently and carefully, hoping not to attract Tom's attention.

However, as soon as he moved, Tom's voice sounded, "Did I let you go?"

Hearing this, the Fatty immediately paused. Just as he was about to speak, his whole body shook. His mind exploded with a loud bang. At the same time, he lost his strength and fell down softly. He felt immense pain and

despair. Then, he completely lost his consciousness.

It was Tom who attacked him, slapped him in the back of his head, and ended his life.

Until he died, he could not understand why Tom would kill him. He had already begged for mercy.

After Tom slapped Fatty to death, he did not stay. Instead, he went straight to the direction where the Fatty had just thrown the fruits. Not long after, he saw the two fruits suspended in the air quietly. They were obviously not supported by anything, but they could be suspended in the air. It was really too strange.

It seemed that that was the subtlety of the fruits.

To be honest, Tom was still very excited to see these two fruits. Combined with the fruit he had just obtained from the Skinny, he had three fruits now.

While The Great King only got two fruits.

Tom took a deep breath, then strode over and grabbed the two suspended fruits!

As soon as he got them, he felt a feeling he had never experienced before, as if the two fruits had Spiritual Sense. When he held the fruits, the two fruits made a joyful sound and were very happy to be owned by him.

Tom held them in his hand and immediately felt the enormous energy contained in the two fruits.

With the one already in his hand, he now had three. He had a strong premonition that if he swallowed these three fruits, he would be able to break through to the God Becoming Level immediately. By then, his strength would be several times higher than now!

His current strength was already extremely strong. If he had increased to several times on the basis, how strong would he be? If he were to fight against Adam, Adam couldn't hold out within three moves, right?

At this moment, he really had an

impulsive thought that he would swallow the three fruits, break through to the God Becoming Level, and then return to earth.

The thought was extremely strong, and it came directly from his mind. It was as if a voice was constantly bewitching him. Swallow them, swallow them...

Tom had even put three fruits to his mouth. Fortunately, just as he was about to open his mouth, suddenly, he realized that he couldn't do this!

He learned from Albert and Her Majesty that the effect of the fruits was only one-time, which meant that a person could only swallow the fruits once. The second time the person swallowed them, even if he or she

swallowed more, it would not work.

And the first time he or she swallowed the fruit, the more he or she swallowed, the better the effect the fruits would have!

If he could swallow more than ten at once, the effect would be even more explosive!

Fortunately, Tom came to his senses at the last moment. Otherwise, if he swallowed these three fruits, it would be a big loss.

Tom broke out in a cold sweat. This was strange. He felt that these three fruits were somewhat evil and they would actually affect people's mentality.

Tom took a deep breath and put the

three fruits into his pocket. He planned to collect more than ten fruits and swallow them together to maximize the effect of the fruits!

He did this not only for himself but also for the Secular World and his compatriots.

Because three months later, the Clan World would lead off a massive attack on the secular world. If he wasn't strong enough, then he wouldn't be able to protect the people around him. That was something he couldn't accept.

Then, he returned to the tribe and saw Melvin being beaten up by a group of people from the tribe.

Skinny had been executed by the people in the tribe. There was still fear and regret on Skinny's face. Seeing this, Tom was stunned. Obviously, he did not expect the people in the tribe to be so bold and dare to attack them.

Now Melvin was in a mess. He was in the Half-step God Becoming Level, and he was extremely strong. Now his bones were almost falling apart, but he had tenacious vitality. So after being beaten up by so many people, he was just screaming and not dead.

His eyes were now filled with extreme grievance and anger because he was actually tortured by these nobodies!!

He had never been bullied like this.

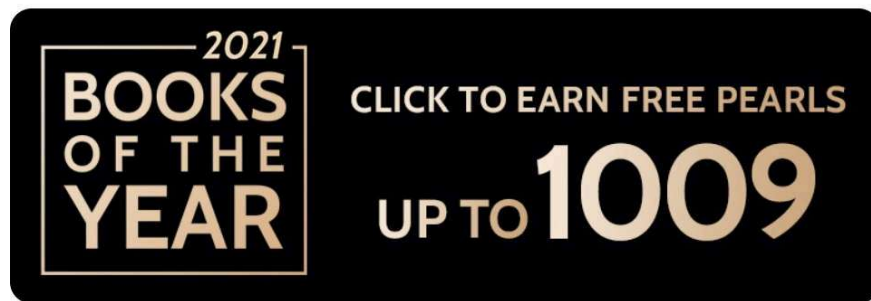

"You bastard, let go of me! I swear I will kill you. I will definitely kill you!"

Melvin shouted, but the more he shouted, the more humiliation he received. There were even someone who took off their pants and peed on his head. This insulting behavior blew him up, he was extremely angry that he almost died.

Tom also felt a little uncomfortable when he saw this scene, but Melvin deserved it. If Tom hadn't taken action today, the people of these tribes would have fallen into Melvin's hands, and their fate would have been even worse. It was not impossible that they would have been slaughtered by Melvin.

This was what karma meant.

Soon, the people in the tribe found that Tom had returned. They all stopped torturing Melvin. Led by an old man in the tribe, they knelt down to Tom one after another...

Chapter 1128

Tom was surprised to see this. He didn't expect them to do that, so he said, "What are you doing?"

Zion also knelt and looked at Tom with gratitude and guilt in her eyes. If Tom hadn't helped them just now, they would have been slaughtered. Before that, the people of their tribe had driven Tom out rudely.

She said loudly, "Thank you for saving our lives again. It was our fault. Please forgive us!"

The rest of the tribe spoke loudly as well, showing their gratitude and guilt to Tom. Those who had scolded Tom now felt ashamed.

Through what happened just now, they all understood that Tom was different from those hateful intruders. He was a kind and lovely intruder... No, Tom was not even an intruder but was just someone from another world.

As for Melvin, he was even more furious when he saw this. His hatred for Tom was deep in his bones!

He saw Tom as a traitor and a disgrace to human beings. How dared Tom fight him for the people of another world?

He did not realize that he was the first one to oppose Tom. His first thought was to kill Tom.

Now he was just the one in Tom's hands.

Tom sighed, raised his hand to them, and said, "Get up."

They did not get up but continued to kneel and yearn for Tom's forgiveness.

They were sincere, so Tom forgave them. He nodded and said, "Okay, I forgive you."

Only then did the tribe heaved a sigh of relief. If Tom did not forgive them, they would really live their lives in guilt.

Then, Tom took out three fruits from his pocket and said, "These are your miracles. I've got them back for you."

The people in the tribe admired him more and were even more ashamed because Tom was too noble.

An elder in the tribe shook his head and said, "Respected Mute Warrior, you need these miracles more than we do. Please take them!"

The other tribes said in unison, "Please take them, Mute Warrior!"

They didn't fake their sincerity, and Tom was not pretentious. He really needed these three fruits. He nodded and said, "Okay, I'll take them. Thank you."

Everyone in the tribe felt relieved and smiled when they saw that he had taken the fruits.

Melvin, who was lying on the ground, saw this scene and felt extremely confused. He could not understand

why Tom did this.

Tom was so powerful that these locals were as small as ants to him. Why should Tom care about them?

So he asked, "Tom, why do you care about these ants?"

Tom looked at him indifferently and said, "Ants in your eyes are living creatures in my eyes. Even if I am strong, I have no right to seize their will."

If it were someone else, Melvin would sneer and feel disdainful. However, he saw sincerity from Tom. Tom did not need to show off, and Melvin was even more confused.

"These locals are from a different

world. They look like us, but they're not our kind. Why do you have to respect their wishes?" Melvin said, "All the Strong who came to Secret Realm did not see the locals here as human beings. They slaughtered the locals and unleashed the demons in their hearts as much as they could. What did you do this for?"

He really couldn't understand Tom at all.

In fact, his words were heard by many people in the tribe.

They looked at Tom closely, wanting to know what Tom was thinking.

Tom just smiled faintly and said, "I respect every life."

"That's it?"

"That's it."

Melvin's eyes lit up as he said, "Since you respect every life, you have to let me go. If you killed me, that would mean you are a hypocrite!"

Melvin reacted fast, and he immediately caught Tom's loophole.

However, he did not know Tom well enough. Tom only smiled, "I'm sorry, I have a premise to respect life."

"What do you mean?" Melvin felt Tom's killing intent and panicked. "Tom, you can't kill me. You said you should respect every life!"

Tom walked slowly towards him and

said, "My premise is that this life should deserve my respect. I don't think you deserve my respect. Besides, you attacked me. I am kind, but I am not a pushover."

Melvin stomped his feet and wanted to leave, but his bones were scattered. How could he struggle? He looked embarrassed. "You can't kill me, Tom. You can't kill me! My senior brother is The Great King. If you kill me, The Great King won't let you go. He has already collected two fruits..."

He threatened, but his threats sounded powerless.

In the end, he burst into tears and was no longer arrogant. He became a pitiful person.

Tom looked at him coldly. "Is that enough? If so, you should die now."

After that, Tom took action and ended Melvin's life with his desperate plea for mercy.

Melvin died, and Tom just seemed to have done something very insignificant.

He did not take it seriously Melvin's threats. Even if he didn't kill Melvin, he had to fight with The Great King.

However, Melvin's words reminded Tom.

"You can't stay in the tribe for the time being. Hurry up and hide somewhere else. I think the accomplices of these

people will come over soon. It will be dangerous for you to stay here." Tom said in a low voice.

Zion was smart. She understood what Tom meant instantly.

Under her persuasion, the tribe agreed to leave.

Not long after Melvin stopped breathing, The Great King knew about this quickly!

Chapter 1129

"Hey, why hasn't Melvin come back yet? Hope he's not in trouble."

Beside The Great King, a Chosen One asked curiously.

Another man responded disapprovingly, "He's reached Half-step God Becoming Level and ranks fourth on the List of Immortals. Nothing could happen to him. Besides, all the natives in the Secret Realm are like ants that can be crushed easily. Who could throw Melvin in danger?"

"That's true..."

"I disagree. Don't forget about Tom. He is a potential threat."

Those words immediately invited derision. A man sneered, "Tom? He's nothing but another ant who's been cracked up to be powerful. Don't tell me you buy those hypes."

"But it's a fact that Tom defeated both Fatty and Skinny. Isn't that enough to prove his ability?"

"You don't understand. Fatty and Skinny are very cunning. In my opinion, they must have spun that story. Otherwise, Tom stood no chance of winning when they fought him together. Under the God Becoming Level, only the The Great King could defeat them. Do you really think this Tom is as powerful as the The Great King? Besides, even if he is, does he have the nerve to attack Melvin? Isn't

he afraid of the revenge of the The Great King?"

This man's analysis was reasonable, so everyone agreed. Besides, Melvin had left with Fatty and Skinny. No matter how appalling Tom was, he couldn't defeat the three of them combined together.

Therefore, they were not worried about Melvin's safety at all. They believed that they merely got caught up slaughtering some tribes.

The The Great King did not look worried either. He thought Melvin was absolutely safe in the Secret Realm because no one was able to pose a threat to him there. As for Tom, he did not think he had the balls to attack

Melvin either.

However, at this moment, an alarm device in his pocket went off.

And the sound made his face immediately change!

This was the first time his expression had changed so dramatically after he had been in the Secret Realm for so long!

"Melvin..."

He swiftly took out the alarm device from his pocket. Very soon, he saw on the monitor of the device that Melvin's name turned black, which was an indication of death!

He was numb with shock for a moment

and couldn't react.

The hum of conversations around irritated him. He ranted peevishly, "Shut up, all of you!"

His angry voice stunned everyone. They were surprised to see his darkened face and the profound sorrow and intense hatred in his eyes.

They had never seen the The Great King so terrifying before. He looked like the God of Death now. The man who had provoked him much have a death wish.

Emmett asked puzzledly, "Buddy, what happened?"

With a grave face and eyes alight with fury, the The Great King showed them

the device in his hand and said word by word, "Melvin is dead."

After saying this, he closed his eyes.

After he finished speaking, a strong killing intent immediately emanated from his body, causing the air around him to cool down, giving the Chosen Ones around him the shudders.

Everyone was astonished. They opened their eyes wide with incredulous looks. Melvin was dead?

They couldn't believe their ears. Melvin was the celebrated Chosen One in the Clan World who ranked fourth in the List of Immortals. No one had ever deemed this trip to the Secret Realm to be dangerous to him. They'd

thought that after he gathered enough fruits, he would naturally be able to break through to the God Becoming Level.

But now, Melvin was dead?

They craned their necks to see the device in The Great King's hand, which clearly showed that Melvin was indeed dead. After the reality finally sank in, their faces changed dramatically as well.

In the Clan World, every disciple had a special device on him. Once he was dead, it would send out a signal.

Therefore, Melvin was really dead.

However, they were in the Secret Realm where all the natives knew

nothing about martial arts. Even if some of them had eaten fruits by chance, they could only become the Strong of the Innate Realm, definitely not a threat to Melvin who had been the Chosen One.

Emmett asked in astonishment. "What? Melvin is dead? That's impossible! Fatty and Skinny left with him. Were they in danger?"

Alistair also questioned in a suspicious voice, "Could it be that Melvin was set up by Fatty and Skinny?"

"It's possible. They went to collect fruits together. If they found fruits first, it was likely that they conspired to kill Melvin!"

They were all analyzing the situation seriously.

Melvin's death was a huge blow to them given that none of them had taken this trip to the Secret Realm seriously. They'd regarded it as an effortless task without any mortal danger, but now, Melvin had actually died.

It meant that the Secret Realm was full of unknown dangers.

At this moment, someone suddenly said, "Is it possible that they encountered Tom and he killed them?"

A tense silence descended over the crowd all of a sudden.

All eyes turned to the The Great King.

If Tom really killed Melvin, then The Great King, as Melvin's brother, must avenge him.

"That's barely possible, isn't it? Tom is only at the Half-step God Becoming Level who is no match for Melvin. What's more, Fatty and Skinny were there too. I don't think Li Tom is as powerful as to fight the three of them at the same time and win."

Those words were very convincing. Every sane person would believe that no one could defeat the three of them as a team in the Secret Realm.

"Perhaps Tom had allies too? You know, Albert's junior brother Legend also came in." Someone guessed.

A vigorous debate was provoked. Soon, the The Great King interrupted them coldly, "Enough. No matter who did it, I must avenge Melvin!"

Chapter 1130

After he finished speaking, the temperature around him dropped a few degrees again. Many people were scared. And only then did they realize that The Great King was even more terrifying than they had imagined!

Fortunately, they were all came from the Clan World. Otherwise, if they were in a hostile relationship with The Great King in the Secret Realm, it would be a disaster.

The Great King walked straight away with a cold face in the direction of Melvin. He wanted to see who dared to kill Melvin!

Melvin was his junior and close friend.

They had grown up together since childhood. In his eyes, Melvin was his brother!

He had taken care of Melvin all the time. This time in the Secret Realm, he told himself that he must protect him and give half of the fruits he obtained to Melvin.

But now, Melvin was killed!

To be honest, he couldn't accept this fact at all. His whole body was suddenly drowned in anger, which was the intensest anger he had ever had. He swore that no matter who killed Melvin, he would kill the murderer and avenge his junior!

He moved very fast. Following the

guidance on the instrument, he arrived at the location of Melvin's accident in less than an hour.

There, he saw traces of battle.

The resulting damage was enormous, obviously by the super Strong.

And he immediately recognized that it could only be the super Strong on earth. The aboriginals in the Secret Realm would not be capable of making it. In other words, Melvin was killed by the Strong on earth!

Only a handful of people on earth could defeat Melvin... No, it should only be that one!

Because except him, only Emmett and Alistair were stronger than Melvin,

and they had always been with him, so they were completely impossible to do so.

Therefore, Tom was obviously the killer!

It had to be said that The Great King had strong logic and judgment ability. Observing the traces of the battle, he immediately found out the truth.

Emmett and Alistair followed behind him. Seeing this, they immediately said in a low voice, "Tom is most likely to be responsible for such a fierce battle."

"It must be him. Tom is really bold."

The Great King narrowed his eyes with intense anger and murder.

His words almost came through his teeth, "Mr. Howard! you have to die!!"

Then, he continued to walk forward. Not long after, he first saw the body of Fatty and paused immediately. He observed the fear and regret on the dead man's face with his mouth wide. It seemed that he kept begging for mercy until he died and looked extremely horrified.

Seeing this, he became even more determined that it was Tom who did it.

He repeated Li Tom's name, with his tone colder and colder.

The group of Chosen One came after them. Seeing the horrified look of the Fatty, they all felt a chill.

The Great King was silent. His face was even colder than the ice. Then, he continued to walk forward extremely heavily!

After walking for a while, he saw Skinny's body. He looked as frightened and remorseful as Fatty.

All people on the spot could imagine how scared and desperate at the last moment of their life.

Fatty and Skinny were not weak but ranked seventh and eighth on the List of Immortals. But they died miserably.

Then, The Great King continued to walk forward. Suddenly, he was stunned abruptly when seeing a body kneeling in front of him. It was his

younger brother Melvin's body!

Moreover, Melvin looked extremely miserable. His expressions especially indicated how much pain and despair he had experienced before he died.

The Great King closed his eyes with his whole body trembling violently. He clenched his fingers into fists tightly.

Everyone around him could feel how angry and remorseful he was right now!

Even all the wild animals, insects, and all creatures around him could feel his terrifying strength at this moment, all crawled down respectfully without moving.

After a while, he took a deep breath,

opened his eyes again, and walked towards Melvin's body.

Every step he took was so heavy!

Finally, he came to Melvin after a while, squatting down and looking closely at his brother. Tears were streaming down his ferocious eyes.

Anyone who knew him was shocked by the scene. They had known The Great King for so long, but they had never seen the man cry, not even heard of it.

Now, the man was in tears. They could imagine how miserable Tom would be!

"Bro, I'm sorry. It's my fault that I didn't protect you well." The Great King said. He slowly reached out to help his brother close his eyes. However, he

failed after several tries...

It was even more painful for The Great King!

He could not imagine how desperate and helpless Melvin was before he died!

And all this was caused by Tom!

"Bro, don't worry. I have already known who killed you. It was Tom. I will definitely avenge you!" The Great King said seriously, "Next, I will spare no effort to hunt him, cut off his head and bury him with you! Bro, you can go to the heaven peacefully!"

The Great King continued to close his eyes.

It was as if Melvin closed his eyes after finally hearing his words.

This made The Great King even more determined to kill Tom in order to revenge.

Even if he needed to go to the ends of the earth, he would catch Tom and torture him to death!

Everyone felt his surging murder this time. In their opinion, Tom was already dead.
