

Chapter 1171

Elizabeth's reaction was so great that she finally couldn't hold on any longer. Tears flowed down her face. She held Tom's hand tightly, full of helplessness and pleading.

Tom was already very worried. Now that he saw his mother-in-law's reaction, his heart was even heavier.

From this point of view, something must have happened to Phoebe.

And something serious had happened, or else mother-in-law and father-in-law wouldn't have behaved like this.

Phoebe was a master of the Innate Realm and had strength in ordinary society. Even ordinary practitioners could not pose a threat to her.

In addition, he also arranged for martial arts experts to protect Phoebe, but in this case, Phoebe was still in trouble, which means that

the strength of the person who had hijacked Phoebe must be more extraordinary.

Who was it?

At that moment, a lot of things flashed through Tom's mind. Were they Adam's men, Asurindaka's men, or those other enemies?

Or rather, the martial art masters of the Clan World?

No matter what, it was still difficult for Tom to calm down. Phoebe was the absolute treasure in his heart. He could accept all the failures, all the setbacks, all the trials.

However, the only thing he could not accept was that something had happened to Phoebe.

He clenched his fists, showing an imposing manner.

Taking a deep breath, he forced himself to calm down and said, "Mom, please tell me who took

Phoebe away."

Just as his mother-in-law was about to speak, his father-in-law had already come down and coughed twice, "Tom, don't listen to your mother's nonsense. Phoebe is fine. She just went abroad."

When Tom heard this, he immediately became angry. His father-in-law had to hide it from him at this time. He had gone too far.

Before Tom could speak, his mother-in-law shouted excitedly, "James, you are so heartless. Something has happened to Phoebe now. Do you still want to hide it from Tom? Now, besides Tom, who else in our family can save Phoebe?"

When his father-in-law heard his mother-in-law's roar, his eyes flashed with sadness and pain, but he quickly became firm. He shook his head and said to Tom, "Tom, you don't have to worry. It's okay. Everything is fine."

For Tom, the more his father-in-law behaves

like this, the worse the situation is. He was not stupid. How could he not understand that the most likely reason why his father-in-law said this was to protect him?

This current situation was definitely because the person who had hijacked Phoebe was so powerful that his father-in-law was afraid that he could not save Phoebe.

But the more this happened, the more uneasy and regretful Tom became. If he had known that something would happen to Phoebe, he might not have gone to the Secret Realm.

For him, breaking through to the God Becoming Level was not as important as Phoebe is to him, far less important.

However, he still had to be calm, absolutely calm, so he took another deep breath and said, "Dad, if I guessed right, someone told you not to tell me, right."

His father-in-law did not say anything, but his

expression had already told Tom the answer, and it was true.

Tom continued, "Dad, let me guess. Is it Amelia, Sunny, or my mother, or Phoebe?"

It had to be said that Tom was still very smart. He guessed about right.

This could be seen from his father-in-law's surprised expression.

His father-in-law was silent, but Tom was already aware of it. Without any hesitation, he took out the phone and called Amelia.

The phone was answered quickly, and a surprised voice came from inside, "Tom, is that you? Are you back?"

The voice was full of surprise and joy, but soon, Tom realized that Amelia felt a little guilty after the surprise.

This confirmed Tom's guess even more. Tom

nodded and said, "Yeah, I'm back. Amelia, where are you? Can you come to Dragon Bay?"

When Amelia realized Tom's tone, she felt even more guilty and said, "Ah, Tom, I'm sorry. I still have something to deal with. I can't leave for the time being. I..."

Before she could finish speaking, Tom interrupted her and said directly, "Amelia, I know everything. Something happened to Phoebe. Please tell me who hijacked her?"

Sure enough, when Amelia heard this, she reacted very strongly. Tom heard the sound of her phone falling on the other side, which showed how much Amelia had lost her composure.

After a while, Amelia's voice came again. "How come? Tom, didn't Phoebe go abroad? She'll be back in few days. Don't worry."

After hearing her words, Tom did not speak. Instead, he fell into absolute silence.

It was his silence that made Amelia feel even more guilty and sad. She knew that Tom must have known what had happened. It was mostly Elizabeth and James who spilled the beans.

She sighed in her heart. She had thought that this thing could be hidden from Tom for a while. It seemed that she had underestimated Tom's intelligence.

After a while, she broke the silence and said softly, "Tom, something did happen to Phoebe, but don't worry. She won't be in any danger. It probably won't take long for her to come back on her own, so you ..."

Tom interrupted her again, "Who is it?"

"Tom..."

Tom raised his voice and changed his attitude, "Amelia, tell me who it is."

Amelia could tell that Tom really took it

seriously. If she was still deliberately vague, then Tom would definitely be angry.

She was very clear about Tom and Phoebe's affection.

However, it was really reluctant for her to say anything about this. It was not that she wanted to hide Tom from the truth, but that she had known Cassio's identity. If Tom really went to find Phoebe, then it was likely that he would be in danger too.

Phoebe and Luna had specifically told her not to let Tom know the truth.

Hearing her silence, Tom gave a little chuckle and said, "Amelia, don't you trust me?"

Amelia sighed and said, "Tom, it's not that I can't trust you, but that the person who took Phoebe away is her biological father. And Phoebe told us before she left that we should never tell you..."

Biological father?

After hearing this, Tom was shocked.

Chapter 1172

After a while, Tom came to his senses and said, "Biological father? What do you mean? Isn't Phoebe's biological father James?"

As he spoke, he gave a backward glance at James.

He saw James's somber expression.

Suddenly, he realized that things had changed during his absence.

Besides, Phoebe really held many things back!

Amelia said on the other end of the phone, "Tom, it's a long story. I can't make it clear on the phone. I think we should sit down together and talk about it later."

Amelia thought that Tom would know this matter sooner or later, so she'd better tell him the whole story.

Tom thought for a while and nodded his approval.

Later, he asked his mother-in-law and found out that Phoebe had been taken away yesterday.

Just yesterday.

These words fuelled his regret.

If he had known this when he was in the Secret Realm, he would pick up speed and rush back. As long as he came back a day earlier, Phoebe would not have been taken away!

However, what puzzled him was that she was taken away by his biological father.

What did that mean? Could it be that Phoebe not from the Scott family and had another identity?

Tom was surprised as he had never thought about it.

He called his mother again, and found that his mother and Amelia had the same reaction. It seemed that they had colluded to conceal the fact from him.

Only Phoebe's biological father could compel them to do so. He must have immense power to drive them to despair.

Tom went back to his room and saw the wedding photos of him and Phoebe hanging on the wall when he entered.

In fact, neither of them looked natural in the photos, especially Phoebe, whose face registered impatience and disgust.

That was the wedding photo he took when he married Phoebe and began to live in the Scott Residence. At that time, when he was in the darkest time in his life, Phoebe really didn't like him. To avoid being killed, he had to join the Scott family and depend on them for a living.

It had been many years since then.

As he looked at the wedding photo, scenes kept flashing through his mind.

At that time, he was really a loser. Who would have thought that after a few years, he would undergo the metamorphosis?

He healed the rift with Phoebe, and they forged a close bond.

Everything was in flux.

Tom could not help but sigh at the fleeting time.

However, thinking of the past, he couldn't help but move up the corners of his mouth. Although he wasn't happy at that time, he still felt that he was blessed.

Unknowingly, Phoebe had become the most important person in his life.

He could lose the whole world, but he couldn't lose Phoebe!

This time, no matter who took Phoebe, no matter how powerful her biological father was, Tom would never allow him to take her away!

He looked at the furnishings and objects. Everything in the room carried memories of him and Phoebe as their life had been integrated. He could not imagine the gloomy life if he lost Phoebe.

What would it mean to gain the whole world but lose Phoebe?

After half an hour, Tom quietly put down the photo of him and Phoebe, and walked out of the room, as he had already sensed that Amelia, Luna, and Sunny had already arrived.

When he appeared downstairs, they were entering the house.

Seeing Tom, Amelia evinced surprises, missing, and guilt on her face. She walked up to Tom, bit her lip, and said with guilt, "Tom, I'm sorry. I didn't manage to protect Phoebe as you told."

Tom patted her on the shoulder and smiled. He said with no tinge of blame, "It's okay. I believe you've done your best. Don't sweat it."

Then he greeted Luna, "Mom."

Luna nodded, walked over and cupped his face. She said gently, "It's great that you're back. You must have suffered a lot in the Secret Realm."

Mr. Howard felt his mother's tenderness. That kind of maternal love, like the sea, made him feel very comfortable and relieved. He smiled, shook his head and said, "It's okay. I'm doing well in the Secret Realm. Don't worry, mom."

However, Luna shook her head and said, "Tom, just tell us the truth. We've all seen what happened in the Secret Realm, especially your last battle with The Great King, which worried us to death! That The Great King, known as the chosen one of this era, had topped the List of Immortals. We were so afraid that you will be killed by him."

Hearing this, Tom was stunned for a moment and blurted out, "How did you know that? Were you also in the Secret Realm back then?"

After saying this, he immediately shook his head and denied it before his mother could answer. He said, "No, you can't enter the Secret Realm. Besides, at that time, there were only us within a hundred miles. How did you know that? Could it be that The Great King didn't die and spread the news when he came back?"

But at this point, he still shook his head. It shouldn't be right, because The Great King was indeed beaten to death by him!

Then how did his mother know?

"Mom, how did you know?" Tom asked.

At this moment, Sunny said, "The whole world had known. Everyone had seen your strength and knew that you killed him."

Hearing this, he was even more confused.

"What's going on? How did you know?" Tom asked again.

Amelia said, "We knew from the live broadcast. A mysterious website has popped up recently, we could see you in the Secret Realm."

Chapter 1173

"Live broadcast? What?"

When Tom heard this, he was completely stunned. There shouldn't be any live broadcast of him in the Secret Realm!

Besides, when he entered the Secret Realm, there were only twenty people. He was one of them. In the end, there was no one else except him and The Great King. How could there be a live broadcast?

So Tom's first reaction was: his mother was joking.

However, her mother, Luna, said seriously, "Yes, a live broadcast. Not long ago, a mysterious website suddenly appeared, which said that there was a live broadcast of Secret Realm and that people who wanted to watch it must pay a high price. At first, few people believed it. However, one day a person paid for it, and he really saw what you did in it. This instantly

caused a global sensation, and then more and more people began to pay to watch the live broadcast."

Amelia and Sunny also nodded, indicating that Luna's words were true. This made Tom even more confused. He was sure that no one would follow him in the Secret Realm, especially in his final battle with The Great King.

But what was the situation now?

"Mom, are you sure you're not joking with me? I was in the Secret Realm. How could there be a live broadcast?" Tom doubted again.

But then, his mother asked Amelia to bring a tablet. She played a video on it, gave it to Tom, and said, "This is your live broadcast in the secret realm at that time. We specially recorded it."

Tom looked at it immediately. It was indeed his final battle with The Great King in the Secret Realm. All of a sudden, his pupils constricted!

He even felt a little numb!

There was really a live broadcast. It was so unreasonable!

He could confirm that the Secret Realm was another world. Logically, the signal inside could not be transmitted to the Earth.

The planet of the Secret Realm, which was the only way into the Secret Realm, was at least many light years away from the Earth!

However, there was really a live broadcast!

In an instant, he thought a lot.

"Do you know who the owner of this website is?" Tom asked the question in a low voice.

Luna shook her head and said, "I don't know. I heard that the whole world is looking for it, but there is no news. The power behind this live broadcast website is very mysterious."

After a pause, Luna said meaningfully, "Tom, it's because of this live broadcast that everyone in the world now knows that you killed The Great King. They also know that you stepped into the God Becoming Level and swallowed eight fruits. You are now a world-famous celebrity! People in the Clan World especially hate you very much."

When Tom heard this, his heart sank, not because he was afraid of being the enemy of the whole world and becoming the target of public criticism, but because he worried about Phoebe. The more famous he was, the greater danger Phoebe would face. Even the people around him would also be in trouble.

When everyone saw his silence, they thought he was afraid. Sunny said, "Tom, don't worry about this. We won't be a burden to you."

Tom looked at Sunny and shook his head, "I didn't mean that."

Then, Tom came back to his senses and looked

at Luna, seriously, "Mom, now you should tell me. Who take Phoebe away?"

When Luna heard this, she avoided Tom's eyes and did not tell him. Instead, she sighed and said, "You don't have to worry too much about this. The person who took Phoebe away is her biological father. He won't hurt her. Maybe Phoebe will come back after a while."

Amelia also said, "Yes, yes, it was her biological father. He won't hurt her. I believe that Phoebe's biological father will definitely not make things difficult for Phoebe."

Sunny said, "You should take care of yourself now. You have entered the God Becoming Level, and there are still a lot of things that you need to deal with. As for Phoebe's matter, you can put it aside for the time being."

They said it so easily, but how could they deceive Tom?

On the contrary, the more they looked calm,

the more worried Tom became. This showed that Phoebe's situation was not good.

So his face darkened and he said in a deep voice, "Mom, Sunny, Amelia, don't hide it from me. Tell me the truth. I know your character. If Phoebe weren't in danger now, you wouldn't have hidden it like this. Now that I'm an expert at the God Becoming Level. I can save Phoebe, even if her biological father is an expert at the God Becoming Level!"

After saying this, Tom released his power appropriately.

At that moment, they felt that there seemed to be a huge beast in Tom's body. It began to wake up and it was very scary. It seemed that its power could destroy the world!

All of them could not help but retreat, and their faces turned pale. They looked at Tom with instinctive fear and panic.

Tom was too scary now. They had never seen

Tom like this.

At the same time, a concept popped up in their mind: the God Becoming Level expert! Tom was really a God Becoming Level expert!

Amelia was stunned for a moment, and soon she came back to her senses and began to feel happy. Since Tom had broken through to the God Becoming Level, it meant that Tom might have the power to save Phoebe.

However, just as she was about to speak, Luna glared at her and stopped her.

"Tom, although you are now a master of the God Becoming Level, with your current strength, you are still not powerful enough to save Phoebe. You should wait a while longer," Luna said warningly.

When Tom heard this, he frowned. "Mom, you may not know my specific strength now. To be honest, I swallowed a hundred fruits in the Secret Realm. Now I am no longer an ordinary

God Becoming Level expert! Strictly speaking, I am not an ordinary human now and I am developing into a higher form. Even a senior God Becoming Level expert cannot beat me. Even if I am not the number one in the world now, I can at least be ranked among the top five!"

Chapter 1174

Tom said loudly with an unprecedented serious and confident expression.

He was not boasting. He really had such confidence and strength.

Firstly, he had indeed swallowed a hundred fruits, which was unprecedented. His strength was a hundred times higher than before!

Secondly, before he went to the Secret Realm, he had fought with Asura and Adam, who were masters of the God Becoming Level. He knew how powerful the God Becoming Level masters were. And now, he was far more powerful than the ordinary masters of the God Becoming Level.

That was why he was so confident!

He didn't believe that Phoebe's biological father could be the strongest in the world.

When Luna heard this, she was obviously stunned and shouted out in a daze, "Tom, what did you say?! You swallowed a hundred fruits?!"

Not only Luna, but also Sunny widened her eyes in disbelief. Although she had never been to the Secret Realm, she also knew that the limit of human beings was only ten fruits.

Moreover, this was still theoretically possible. Generally, the Strong of the Half-step God Becoming Level who went to the Secret Realm swallowed three or four fruits. The most powerful one was Cassio, who swallowed seven, which had already made Cassio the world's first-class super Strong.

And now Tom said he swallowed a hundred fruits?

It was a joke. It was impossible!

So Sunny's first thought was that Tom was bragging.

If Tom really swallowed a hundred fruits, he would have exploded long ago. How could he still be here?

Only Amelia did not know what did this mean. She said, "Tom, did you really swallow a hundred fruits? Then are you stronger than those God Becoming Level experts now? Then are you capable of saving Phoebe?"

She used the word "save", which indicated that Phoebe was in great danger.

Tom nodded and said, "Yes. My strength is different now. So you can tell me where Phoebe is and I will definitely bring her back!"

Luna said at this time, "Tom, are you sure you're not joking? A hundred fruits? Are you sure you swallowed the kind of fruit mentioned in the book? You didn't swallow other fruits, did you?"

Tom was not angry at his mother's question. He smiled. He understood his mother's feelings very well. Indeed, this news was too shocking

to everyone, and no normal person would believe it.

So Tom patiently told them what happened in the Secret Realm, because he knew that if he didn't tell them his true strength and that he was really capable of saving Phoebe, they wouldn't let him to take risks.

After hearing what he said, Luna and Sunny widened their eyes again, feeling extremely surprised and shocked!

If it weren't Tom, they wouldn't believe it at all.

It was not that they were not receptive enough, but the situation was far beyond their understanding!

They came from the Raoul Organization, also known as the Raoul Sect. They had heard a lot about the masters since they were young. It was only after they went to the Secret Realm and swallowed the fruits that they broke through the God Becoming Level. However,

they all swallowed a single digit of fruit. Even the Saint King only swallowed six!

That was already unusual.

And now, Tom actually told them that he had swallowed a hundred fruits. It was so impressive!

He would become an immortal!

They could not help but look at each other and see the hope and excitement in each other's eyes.

Since Tom had swallowed a hundred fruits, his strength had definitely reached a horrible state. Perhaps, it was really possible for him to save Phoebe!

Tom saw their reaction and smiled, "Mother, Sunny, can you tell me the truth now?"

Sunny opened her mouth. Just as she was about to say it, Luna said ahead. "It's not the

time. When the time is right, I'll tell you. Now, you'd better deal with your own things first."

"Mother?!" Tom immediately became anxious.

But Luna said firmly, "It's decided. I'll tell you when it's appropriate. Now you have to consolidate your cultivation as much as possible. Tom, I know you love Phoebe very much and can't stand to see her suffer a little, but your safety is also important, okay? If you go to save Phoebe and get yourself involved, I won't be able to accept it at all!"

After hearing this, Tom was completely silent. He knew his mother very well. Since his mother had already said this, no matter what he said, she would never change her mind.

He sighed heavily and had to give up.

He now knew that the biological father of Phoebe must be very powerful. He was definitely a strong master of the God Becoming Level. He perhaps ranked the top three in the

world, so his mother was so afraid.

Tom didn't have to wait for Luna to tell him. He could figure it out himself through these information.

Since the person who took Phoebe away was Phoebe's biological father, the situation was not too bad.

After weighing the pros and cons, Tom decided to settle down first.

So he nodded and said, "Okay, mom, I promise you, when I am strong enough, I will go to find Phoebe. No matter what, I will bring her back!"

Luna smiled, patted Tom on the shoulder and said, "That's right. Tom, what you have to do now is to improve your strength and power."

"Okay."

After Tom talked to them about something else, he went to the Military Intelligence 3.

Now that he was back, it was time to report for his duty.

Before he went there, he called the Military Intelligence 3 and told them that he was back, then he went there himself.

On the phone, he could clearly feel Pence's excitement and enthusiasm. Pence said that he would arrange for someone to pick him up immediately.

Tom rejected his proposal with a smile and he just went over by himself.

It had been a while since last time he came to the Military Intelligence 3. Now that he was an expert of the God Becoming Level, they would definitely be surprised if he returned to the Military Intelligence 3.

Soon, he got to the Military Intelligence 3.

When he arrived, he found that there were already many people standing at the door. They

all looked at him with enthusiasm, worship, and excitement!

Then they shouted in unison, "Military Intelligence 3 warmly welcome the Chief Instructor back!"

Chapter 1175

There were at least tens of thousands of people in the Military Intelligence 3, and all of them looked strong and vigorous. Now they all stood together and shouted in such a roaring voice that the noise was extremely loud!

Their voice had spread all over the place for several kilometers.

It seemed that the voice was reaching high up to the sky.

They all stood in order in front of Tom and looked at him with fanaticism and admiration. In their hearts, Mr. Howard was their hero, their god, and the goal of their entire life.

Although Tom rarely returned to the Military Intelligence 3, they had heard so much about him, and in their minds, Tom was absolutely a member of the Military Intelligence 3!

Seeing this, Tom was touched. Although he was

now a master of the God Becoming Level, his original mission did not change. Tom was still as ambitious as before.

In his mind, he was born and raised in H Country, and he had a strong feeling for his family and country.

Now that he saw these Military Intelligence 3's agents standing in front of him, these compatriots, he felt very warm and secured.

Then he smiled, and nodded at them with his fists being raised when saying loudly, "Hello, my fellow! I'm back!"

Although Tom's words sounded ordinary, the meaning made them all frightfully thrilled and excited while keeping shouting, "Chief Instructor! Chief Instructor! Chief Instructor!"

Seeing the scene, Pence and the others were also very excited.

In fact, they were somehow afraid that when

Tom came back from the Secret Realm, he would even despise the Military Intelligence 3. After all, he was already the Strong of the God Becoming Level. In terms of his status, he had already surpassed the Military Intelligence 3 too much!

But now it proved that such concerns were unnecessary.

The Strong finally emerged in the Military Intelligence 3!

That was extremely exciting and thrilling.

From then on, Military Intelligence 3 surpassed the Military Intelligence 1 and Military Intelligence 2 to become the first agent organization in the country.

After all these tough years, their Military Intelligence 3 finally made it through.

"Wonderful!"

Pence also strode up, patted Tom hard on the shoulder, and said happily, "Tom, it's so good that you're back. We've been worried about you!"

Thorn, Marlin, and others were all excited now, looking at Tom with admiration and respect.

Marlin was a very straightforward person. He couldn't help but ask, "Tom, are you already the Strong of the God Becoming Level?"

Hearing this, people in the room became quiet instantly. Everyone stared at Tom with eyes open, waiting for his answer.

Although they all knew that Tom came out of the Secret Realm successfully, which also meant that Tom must be the Strong in the God Becoming Level. But they did not hear Tom say it personally, so they were still in doubt.

Tom saw their expressions and smiled. He did not answer directly, but form a strong momentum as if destroying heaven and the

earth. All of a sudden, it exploded and the entire Military Intelligence 3 was enveloped!

It made everyone drown in this powerful momentum. Everyone couldn't help but concentrate their minds and hold their breath!

Just at that moment, they all felt a suppression from nature.

It was so scary that they stopped thinking.

But strangely enough, they weren't terrified, but just felt suppressed by his unsurpassable power.

This meant that Tom had no intention of killing them.

"Did you feel it? This is the God Becoming Level." Tom quickly withdrew his power and said with a smile.

And then a huge wave erupted before the people were quiet for a while. Everyone

exclaimed with excitement.

They kept shouting again and again, "Tom, Tom, Tom!"

And they were finally sure that Tom had reached the God Becoming Level...

God Becoming Level was the realm that everyone dreamed of reaching. But even before Tom, only Albert realized his dream within the entire country, which meant that H Country was really going to rise up...

Pence and the others were also extremely excited about it.

Then they pulled Tom in and asked him what exactly happened inside the Secret Realm.

And Tom didn't conceal anything. Although he was already a master of the God Becoming Level, he was still part of the Military Intelligence 3, and he wouldn't put on airs in front of these fellows.

Hearing what he had said, they all broke into a sweat with fright. They were worried about Tom, and at the same time admired him immensely.

Marlin was immediately stunned. "Tom, you were so bold to swallow a hundred fruits! Aren't you afraid of death caused by them exploding in your body?"

The others looked at Tom with the same curious expression.

Tom forced a smile and said, "I didn't think of that at that time."

Suddenly, he thought of something and asked, "By the way, what's the origin of that mysterious live broadcast website? Has our country found out anything?"

Upon talking about this topic, everyone in the conference room frowned and became serious. Pence shook his head and said, "No findings.

This sudden live broadcast site is too weird that no trace left at all, nor even the money that had been paid. It was so strange. I don't even know when such a mysterious force appeared on this Earth."

Tom was not surprised to hear this, but his heart grew heavier, because it meant that there was a power in this world that he did not know about! It was not a good thing. Moreover, the world war was coming soon. At this time, if any mysterious and powerful force came out, it would definitely have an impact.

Then, he stayed in the Military Intelligence 3 for two days to fulfill his duty as a Chief Instructor by teaching these agents.

Under his guidance, the strength of these agents increased a lot.

Even Marlin made obvious breakthroughs under his instruction.

Even Pence had made breakthroughs and

successfully got to the Innate Realm of Grand Perfection. It could be said that the overall strength of the Military Intelligence 3 had improved a lot.

After performing his duties, Tom left the Military Intelligence 3 and then set off to go to Y City.

He had a premonition that a storm was coming...

Chapter 1176

At his level, he could predict many things that had not happened yet. His premonition was accurate.

Originally, the Military Intelligence 3 wanted to send him to Y City by helicopter, but Tom rejected it. He didn't want to make such a big fuss. He could just go by himself.

This time, he went to Y City mainly to see Albert.

He believed that with Albert's strength, he should know all the super Strongs worldwide, including the one who claimed to be Phoebe's biological father and took her away!

"Hey, stop following me! I told you. I'm not interested in you!"

As soon as Tom came out of the airport and was about to take a taxi, he suddenly heard a familiar voice. He looked over and was

immediately stunned. Wasn't this the young lady he saw the other day? She was the daughter of Great Kungfu Group Judah.

What a coincidence to meet her here!

Tom took a serious look and found that it was actually that young lady.

Moreover, opposite this young lady was a very handsome young man with slicked-back hair and a very tall figure.

What was worth Tom's attention was that this young man looked very ordinary at first glance, but his aura was very strong, and his strength was actually of Half-step God Becoming Level!

It was getting more interesting.

Logically speaking, in this world, there are very few Half-step God Becoming Level. So Tom thought that he should have known him, but the fact was, Tom had never seen this young man.

And this man was quite young, at most 35 years old.

It was amazing to reach this level at the age of 35.

He could be called a super genius.

However, Half-step God Becoming Level was no longer on the same level as Tom. He would have paid attention to him before he went to the Secret Realm, but now he was much stronger than before, so he just took a look and didn't continue to pay attention, intending to leave.

He didn't deliberately hide just now, so when he looked at the young man, he was found by him. The young man looked at him and frowned slightly when he saw him. He was both unhappy and confused.

Although he was a Half-step God Becoming Level master himself, he had a special skill that

could hide his breath very well. Ordinary people couldn't find out his real state of power. But Tom just looked at him for a long time. Did he find out his strength?

Because of his gazing at him, the young lady's attention was attracted as well, so that the young lady, Camila, looked over and immediately saw Tom.

When she saw Tom, she was obviously stunned. Then, her eyes lit up and she recognized Tom!

After recognizing Tom, she was very excited. She covered her mouth and opened her eyes wide!

After returning from the hotel, she thoroughly knew about Tom and knew that Tom was a super strong man. Even her father, Judah, admired Tom very much.

In particular, after Tom returned from the Secret Realm, he was probably already a God Becoming Level master...

Of course, none of this was the most important. The most important thing was that there was a little embarrassing history between her and Tom. She had seen him...

Thinking of this, her face suddenly turned red.

And this reaction of hers was immediately discovered by this young man, who immediately frowned and felt particularly upset!

In his mind, Camila was the woman he liked. Sooner or later, she would be his. Now looking at the way that Camila stared at the man, it was obvious that something was going on between them!

He snorted heavily and said directly to a bodyguard beside him, "Go, bring that man over to me."

He pointed at Tom.

The bodyguard was also a master of the Innate Realm and was of a rather high level. After nodding, he immediately rushed over and stopped Tom. He said rudely, "My young master wanted you to come over."

He said this in a commanding tone, and after he finished speaking, he reached out to grab Tom by the shoulder and wanted to drag Tom over directly.

As for the conversation between the young man and Camila just now, although Tom was a little distance away, he had already heard it clearly and knew that Camila recognized him.

Although Camila was beautiful and had a strong background, Tom was not interested in her at all.

With a simple shake of his shoulder, he shook the bodyguard's hand off and said calmly, "That won't be necessary. I'm not interested in your young master."

After speaking, he walked straight ahead.

The bodyguard was obviously stunned. He didn't expect Tom to be so strong that he could shake his hand off so easily. Especially the strength he felt just now, his hands still felt numb. Obviously, that man was very strong!

Thinking of this, he became even more impolite and said, "I think you should stay!"

After saying this, he was already behind Tom. He was going for Tom's neck and wanted to grab his neck.

His behavior could be said to be extremely disrespectful, and he obviously did not take Tom seriously at all!

At the same time, he had absolute confidence. Although he had just been shocked by Tom, he thought it was because he didn't use much force. He did not believe that a young man like Tom would be so powerful.

But he had no idea what kind of a powerful man he had provoked!

How could Tom not feel his hand? He frowned. He didn't want to cause trouble, but the man was so disrespectful to him. If he didn't teach him a lesson, then he wouldn't deserve to be a strong God Becoming Level master!

So he snorted coldly and took action.

When the bodyguard touched him, something strange happened. He seemed to have got an electric shock and was violently bounced off!

He fell right by the young man's feet!

And when he fell down, he was still foaming at the mouth, obviously injured a lot!

When the young man saw this, his pupils shrank and anger flashed in his eyes.

Tom didn't respect him at all beating his bodyguard like this. Tom's behavior was

provoking him!

Chapter 1177

This was simply intolerable to Sawyer!

He was not some ordinary playboy, but a super genius. He came from a super martial arts family and was a person with significance and title in the world.

He was only thirty-three years old this year, and he had already reached Half-step God Becoming Level, which showed that he was a super genius!

Although he was not included on the so-called List of Immortals, he had never cared about the so-called List of Immortals. In his opinion, the so-called List of Immortals was just hyped up by some people with deliberate intentions.

He was determined to get Camila this time. In his opinion, only a woman like Camila could deserve the title of his woman.

But now, a strange man appeared. This strange

man made him embarrassed in front of Camila!

And most importantly, he could clearly feel that Camila knew the man in front of him! Moreover, judging by the way Camila looked at the strange man, the relationship between them was obviously unusual. This was less tolerable for Sawyer.

He snorted heavily, took a step forward, stared at Tom intensively, and said rudely, "How dare you hit my men? I think you are tired of living!"

A powerful aura emanated from Sawyer, which was directly oppressing Tom. Sawyer had absolute confidence in himself.

Although Tom had easily defeated Sawyer's men just now, Sawyer only thought that Tom was at the fourth stage of Innate Realm at most and that Tom could not possibly be his match.

However, Sawyer had never thought that the man in front of him was not an ordinary person,

! but a superman!

t Tom frowned slightly. He did not take Sawyer's
! provocation seriously. At the same time, Tom
t could see that the young man in front of him
n should come from a decent background, and
s was most likely from a martial arts family.

It was the eve of Clan World massively invading
d Secular World. At this time, Tom thought that
e everyone in the Secular World should unite
together rather than fight internally, so he did
not want to beat this young man to teach him a
n lesson.

d
So Tom said faintly, "I'm just an ordinary
passerby. I have no grudge against you."

s
n When Tom said this, it was obvious that he
t wanted to make peace. If people who knew
s Tom saw this scene, they would be shocked and
look at Sawyer differently.

e
l After all, Tom was now a famous, world
renowned super Strong. Looking at the world

there were probably no more than three people who could make Tom behave so humbly!

Unfortunately, the Sawyer in front obviously didn't recognize Tom, or rather, he didn't know much about Tom.

So on the contrary, Tom's submissive behavior was perceived by Sawyer as being timid and afraid.

This made Sawyer take an inch further. He took another step forward, snorted heavily, and said arrogantly and insolently, "Hmph! You hit my men and still hope to run away from it? Why don't you ask around who I am?"

When Sawyer said this, he also deliberately glanced at Camila who was standing on the side. The indication of his showing off was obvious.

Sawyer wanted to tell Camila through his actions that he was more powerful than that.

But then, Camila said something that surprised Sawyer and made him even angrier. "Senior Mr. Howard, please do not take his words seriously. Please forgive his manners as he is just a junior guy. He didn't mean to offend you!"

Tom was indeed a little angry at first. Judging in his shoes, he really showed respect to Sawyer by adapting his attitude just now. However, Sawyer not only did not appreciate it and became more arrogant and even directly insulted him. This was already a little against his principles, and he was ready to fight with Sawyer to teach him a lesson.

But now, since Camila had pleaded like this, he then disregarded Sawyer.

However, he took a deep look at Camila. Through Camila's words just now, he knew that Camila obviously had already known his identity.

However, this also saved him some trouble.

He nodded and said calmly, "Well, for your sake, I won't be as sensible as him. I still have something to do. Please excuse me."

After saying this, he turned around and wanted to leave.

Indeed, he had something else to do. His visit to Y City this time was not to travel around mountains and rivers, but to find Albert. He didn't have much time and interest to play with a junior like Sawyer.

However, his behavior made Sawyer even angrier and more furious. Sawyer's face even turned red!

However, Camila still trotted over and stopped Tom. Her eyes were shining brightly, and she looked at Tom in a nervous and adorable manner, as if she had seen a lifetime idol. She even blushed and said softly, "Well, senior Mr Howard, I didn't recognize you last time. I'm sorry to have wronged you."

Hearing this, an awkward smile immediately appeared on Tom's face.

Well, this Eldest Miss really should not bring it up. The very thing that happened last time was so awkward. Originally, Tom deliberately put on a straight face after seeing her and did not want to talk about it. But this Eldest Miss eventually said it out. Wasn't she deliberately embarrassing him?

"Well..." Tom smiled awkwardly and said, "Ahem, I've forgotten. Since there's nothing else, I'll go first."

He somehow wanted to get out of here quickly.

But the Eldest Miss still stopped him and said with admiration, "Wait a minute, senior Mr. Howard! Can you sign for me? I'm your fan!"

"Well..." Tom suddenly felt a little embarrassed. He felt humbled to sign his signature.

However, since Camila had already said that, he was not good at refusing people. After thinking about it, he nodded and said, "Okay, but I don't have a pen."

When Camila heard Tom's promise, her eyes lit up and she said quickly, "I have a pen! I have a pen!"

After that, she directly took out a pen from her bag and handed it to Tom.

Tom took the pen and asked, "Where should I sign it?"

Camila looked around, then bit her lips and mustered up the courage to say, "Just sign on my chest!"

Chapter 1178

Poof!

Tom almost spurted blood.

Was Camila too pompous to ask him to sign his name on her chest?

At this moment, Tom seriously suspected that Camila was biting the hand that feeds her and deliberately made Sawyer angry with him.

Sure enough, after Sawyer saw this scene, his eyes began to show intense anger!

His fists were tightly clenched.

Camila's behaviour was the most direct provocation to him!

No, it was an insult.

After all, Camila was already his future fiancée on paper. But now, Camila was actually making such a request to another man in front of him.

This was an insult to him!

At this moment, he was no longer angry with Tom, but wanted to kill him.

In his opinion, Tom was trying to get involved in their relationship.

Tom of course could sense Situ's anger. He shook his head and said, "I think I should sign somewhere else."

Camila glanced at Sawyer, rolled her eyes, and said, "No, just sign it on my chest. Anyway, senior Mr. Howard and I have secrets between us."

Tom felt speechless when he heard this. What she said was too ambiguous.

After Sawyer heard this, he finally couldn't help shouting out, "That's enough!!"

His eyes were filled with anger as he stared at Tom and Camila, almost gritting his teeth and

saying, "You couple of sons of bitches, how dare you to have an affair in front of me!?"

Then he looked at Tom with even colder and more hateful eyes and said, "How dare you flirt with my fiancée? I will kill you!"

Tom lost his patience after being offended by a junior over and over again and his face turned cold. He said, "You'd better be polite to me! Otherwise, I'll educate you for your parents!"

After hearing this, Sawyer became even angrier. He took a step forward and wanted to attack Tom.

Fortunately, at this moment, Camila came up and scolded Sawyer unhappily, "Sawyer, are you sick? Do you do anything other than fight? Do you think you're very powerful?"

Sawyer said coldly, "I'm already a Half-step God Becoming Level expert at 33 years old. I don't need you to judge me if I'm strong or not! Also, Camila, as my future fiancée, how dare you to

flirt with another man in front of me. You're provoking me! I'll tell your parents about this and let them punish you!"

Camila's face turned even colder and her impression of Sawyer became even worse. "Sawyer, you're such an unpleasant person! I've said countless times that I'm not interested in you. Even if I can't marry for the rest of my life, I won't marry an arrogant man like you! Also, why do you think you are powerful enough at Half-step God Becoming Level? You're a rookie in front of senior Mr. Howard because he can beat you up with his fingers! How dare you to be arrogant in front of senior Mr. Howard?"

It could be said that Camila's words were quite offensive. After Sawyer heard this, he was no longer simply angry, but his whole face turned green.

She didn't give him any decency!

This was simply intolerable to the arrogant Sawyer.

He felt angry but laughed. "Hahaha! Okay, okay, Camila, you dare to be so arrogant just because you have him to protect you, don't you? I'll slap him to death now. Let me see what else you can say!"

After saying this, he couldn't bear it any longer and directly attacked Tom.

Moreover, his action was not tentative, but directly murderous. He made a murderous move to stab Tom in the eye. He was going to poke Tom's eyes out!

His speed was almost as fast as the sparks of electricity and light. In such a short distance, his fingers were already in front of Tom in less time than even zero point one second.

One more inch, and he was going to gouge out Tom's eyes.

He was confident of this move, and sure enough, Tom did not react at all. He stood there

like a log, obviously frightened by him.

However, in the next moment, before he could show his complacency, he felt his fingers being held by a huge pair of pliers, making him unable to move.

This change startled him and he immediately reacted. It turned out that it was Tom who raised his left hand and easily grabbed his two fingers.

Tom was so powerful that he couldn't get in at all, as if Mr. Howard's hand had been poured with cement.

But how could this be?

He was a Half-step God Becoming Level expert. He was at the most powerful level just under the God Becoming Level.

The young man in front of him looked about the same age as him. How could he be so powerful?

He couldn't figure it out...

But then, the huge pain from his fingers made him scream.

"Ah ah..."

After grabbing his two fingers, Tom began to exert his strength. He kept pressing Sawyer's fingers down and making a clicking sound.

And his strength was so much greater than Sawyer's. They were not on the same level at all.

Sawyer could only keep squatting down and his body was in an awkward position. In the end, he knelt down in front of Tom.

When Camila saw this, she was stunned for a moment, then immediately opened her eyes wide, completely shocked!

She knew that Tom had become the Strong at God Becoming Level after coming out of Secret

Realm. But she also knew that Sawyer was not a normal guy, but a super genius. She had seen many of the Strong in the Great Kungfu Group being killed by Sawyer in seconds.

So she knew that Sawyer was not Tom's opponent, but she never thought that their strength would be so different, so she was stunned for a moment.

Tom looked down at him and said faintly, "Did you just say you wanted to kill me?"

Sawyer heard Tom's words and the cold sweat on his forehead kept coming down.

Chapter 1179

He had kicked the iron plate!

This was his first reaction now!

At the same time, he also felt very incredible. He thought that his strength was already strong enough. At the age of 33, he had already reached the level of Half-step God Becoming Level. In the whole world, it was unlikely for many people to achieve it at his age.

The people around him called him the ultimate genius, and he was once honored as the savior of the family, which made him extremely confident. He thought that in time, he would become the most powerful person on the planet.

However, the appearance of this man in front of him really destroyed his pride and will.

He was subdued simply by that man's action. Moreover, he had no ability to fight him back at

all. They were definitely not on the same level.

Now, he knelt in front of Tom and felt that Tom was no longer just a person, but like a mountain!

He couldn't breathe when facing him.

But he couldn't figure out when there appeared such a powerful person in H Country!

He admitted that he had been practicing in seclusion for the past few years and was not very informed of the outside news, but this could not go against common sense. In his opinion, Tom was so young and had such strength, which was the existence against common sense!

On the other hand, Camila's eyes lit up when she saw that Tom had defeated Sawyer so easily.

Although she knew that Tom was very powerful, she had never seen him fight with

others. In the hotel before, the strength of those bodyguards was not too strong. In her opinion, it couldn't be regarded as a fight at all.

But now Sawyer was a super genius that even her father kept praising. She didn't expect that he was defeated by Tom so easily.

It could only show that Tom was too powerful and shocking!

This made her eyes brighter when she looked at Tom.

"No, no, no, Senior, I, I was wrong..."

Now Sawyer felt Tom's murderous intent, he immediately shivered and did not dare to say anything more. He quickly shook his head and only wanted to beg for mercy.

He had no pride at all now because he knew that the man in front of him must be a master of the God Becoming Level. Only a master of the God Becoming Level could have such a

terrifying power!

Seeing that Sawyer was sincere and did not continue to be arrogant, Tom didn't want to bother himself to make a fuss with such a junior like him, so he let go of him, too lazy to say anything more to him, and turned around to leave.

Sawyer finally breathed a sigh of relief. His fingers were in Tom's hands just now, and he really felt that his fingers would be broken at any time.

Now he saw Tom leave, he immediately blurted out, "Senior, what's your name please? I would like to pay you a visit some other day."

After hearing this, Tom frowned again. He looked back at Sawyer unhappily and said with a half-smile, "You are not willing to admit defeat? Do you still want to seek revenge on me?"

"No, no, no, Senior, you misunderstood. I didn't

mean that. I definitely didn't mean that..." Sawyer was startled by Tom's horrible expression and quickly shook his head, "I just want to know your name. That's all."

Tom was too lazy to respond to such a request. He turned around and left, disappearing into the crowd in a few seconds.

Camila wanted to catch up, but Tom disappeared too fast. Just in a blink of an eye, Tom had already disappeared. This made her feel very disappointed and she complained unhappily, "This Senior Mr. Howard runs too fast! He hasn't even signed for me yet!"

She felt very dissatisfied.

Sawyer finally stood up from the ground. He looked in the direction of Tom's disappearance and his face suddenly darkened a lot. Although Tom's strength was far above him, it was unacceptable for him that Tom just made him kneel down and humiliated him in front of so many people.

In particular, when he saw that Camila obviously had an ulterior secret with this man, he was even more unhappy.

However, he did not show it anymore. Instead, he smiled and said to Camila, "Jane, it seems that you know that Senior. What's his name?"

When Camila heard this, she glanced at Sawyer and said grumpily, "What? Do you still want to seek revenge on him? Sawyer, let me tell you, even a hundred of you combined together are not his opponent. Don't waste your time trying to kill yourself."

Hearing this, Sawyer's face darkened even more.

Camila was slapping him in the face!

However, he was also a very deep person, and he returned to normal in an instant. He immediately smiled and said to Camila, "Hey, look at what you said. After I saw the amazing

methods of the Senior, how could I still have the idea of being his enemy? I just admire him and want to know his name. Jane, will you not even tell me this?"

Camila saw that Sawyer's attitude had become so sincere, and for a moment she began to believe his words. After thinking about it, she began to say with a proud and admiring expression, "His name? Think about it. Who's the most popular person recently? That's him."

"Who's the most popular? It can't be others but..."

At this point, Sawyer's eyes widened and he immediately realized that the most popular person recently was Tom, who had entered the Secret Realm!

Although he didn't pay much attention to the information outside, he was also very familiar with Tom.

After all, he was really the most famous person

in recent days, and he was also known as the savior of H Country.

When he heard this comment before, to be honest, he had always been unconvinced, thinking that he was the most powerful genius in the world and that people like Tom should not appear in this world at all. Considering his character, he was naturally hostile and repulsive towards people like Tom.

He had always been thinking about what kind of posture he would meet Tom with.

But he never thought that he would meet Tom with such a posture. It was nothing but a huge insult!

Moreover, Tom obviously had some ulterior secrets with his woman. Maybe, this bitch Camila had already slept with this guy!

Damn!

At the thought of this, his heart twisted and he

hated Tom even more.

No, he wouldn't let it go. He had to find a chance to save his face.

Chapter 1180

Camila couldn't understand his silence. She thought that he really admired Tom and was shocked by Tom's power.

"Sawyer, do you know how powerful Senior Mr. Howard is now? Let me put it this way, I know Senior Mr. Howard very well. I only love super big shots like him. I don't feel anything for you, so you'd better give up and stop pestering me, okay?" Camila asked rudely.

Sawyer clenched his teeth. Those words were too humiliating.

However, he did not refute as he would have. He just nodded silently and said with a smile, "Okay, I know. I won't pester you anymore."

Overjoyed, Camila continued, "Great. I'm glad that you're sensible. As long as you stop persuading my father to marry me to you, we can still be friends."

The smile on Sawyer's face became broader as he nodded. "No problem. But Jane, I admire Senior Mr. Howard very much too. Since you are so close to him, I wonder if you can invite him out for a meal. I want to ask him for advice."

"Well..."

Camila cringed. It was a lie that she knew Tom well. In fact, Senior Mr. Howard didn't deign to talk to her.

However, it would be too embarrassing to admit she'd been bragging.

Sawyer saw her through and said, "What? Is it hard for you to call him out?"

Camila was dared and immediately snorted. "Of course not! It's just that Senior Mr. Howard is a legend. He's very busy. I don't want to disturb him with trivial things."

She thought she was very clever in saying that.

However, Sawyer added, "It won't take him long to have a meal with us. Besides, aren't you desperate to see him again?"

Sawyer kept daring Camila to agree until she rose to the bait.

Although she didn't have Tom's contact information, she could ask her father to invite Senior Mr. Howard.

Tom had no idea that Sawyer, a beardless youth, had the guts to go against him.

However, even if he knew about it, he wouldn't take it seriously.

Because he had no reason to be afraid of a man at the Half-step God Becoming Level. Beating him was as easy as crushing an ant.

He could even defeat a normal man at the God Becoming Level with just one punch.

Even Albert, whom he had always admired, was

no match for him now.

When he saw Albert again, he immediately realized that he could defeat Albert with just three blows.

As for Legend, who was next to Albert, only one blow was needed.

Albert and Legend also perceived Tom's strong power instantly. They had never sensed a more intimidating aura than this.

Albert and Legend exchanged glances and attacked Tom without any delay.

Tom just smiled faintly. Neither was he surprised nor angered.

Actually, he also wanted to try Albert out.

But the situation was confusing to the audience. They couldn't understand why Albert and Legend attacked Tom out of the blue.

They'd never heard of any grudges between

them.

They just saw three streaks of light flashed across their eyes and the fight had started.

Tom took their attack in stride with a composed smile and began fighting back without any hesitation.

He didn't hold back his power this time and used his real strength from the beginning.

It was him paying respect to a celebrated elder.

And the result was that he triumphed over them within seconds.

Yes, Tom was so mighty now that it'd only taken him seconds to defeat Albert and Legend, even if both of them were at the God Becoming Level.

In the eyes of the audience, they'd merely fought for less than three seconds and then separated.

Then a long sigh was heard. "Each generation surpasses the preceding one. Tom. You're invincible now! I can't even take three blows from you."

It was Albert who said those words.

Legend stood next to him with a pale face. He'd fallen back a few steps when Tom had punched him.

He sighed heavily and said with a bitter face, "Tom, I thought I was better than being beaten by you with just one blow. We are both at the God Becoming Level, but the gap between us is huge."

What?!

The crowds around them all took on dumbfounded looks and couldn't react.

They all knew that Albert and Legend were the Strong at the God Becoming Level.

Few men in the whole world could win a victory when they teamed up.

But now, they were defeated by Tom within seconds?

What was worth mentioning was that their fight hadn't been very fierce. Usually, the fights between the Strong at the God Becoming Level caused commotions.

There was only one explanation for it, which was that Tom was far more powerful than Albert and Legend.

Tom sighed softly and said with a mixture of feelings, "Yes, I didn't expect that I could be able to go this far, and I should thank you for that, Senior Campbell!"

After saying this, Tom bowed to Albert respectfully.

He was not acting but sincerely grateful for all the help Albert had given him from the very

beginning.

Albert was moved and quickly helped Tom up.
"You don't need to thank me. You're so accomplished today because of your own assiduous effort."
