

His Scarlet Queen Luna Chapter 4

"Was I being loud.?" I asked wishing the answer to be no.

"Well you were being loud I heard it all.." he smirked and I groaned I should try to keep my thoughts to myself next time.

" heard that too.." Fudge I should just keep quiet now.

We arrived at the party and I wished I never came here.

The music was so loud drunk teens were littered on the front porch while others were on the dance floor literally trying to tear up each other's clothes.

"Val can we leave now..?" I said clearly disgusted. if this is what parties are like I'm never coming back here.

"Come on babe we just got here you haven't even experienced the best part yet.." he said dragging me to the dance floor.

" Hey Scar glad you made it and hi Valencia..." Jenna said smiling as soon as she saw us she was with Zane as usual.

I looked at him and man did he look hot hotter than Val with the fitting v neck shirt that was showing off his toned muscles and.....shut up Scar Zane is not hot he is a bad boy and you hate him I scolded myself.

Zane placed his hand around Jenna's waist and I felt anger. wait why am I angry I shook my head and smiled at Jenna

Don't you dare look at him my subconscious told me but my eyes found themselves eyeing him?

Scar if you look at him one more time I will beat you up my subconscious scolded me again.

"What's up to Jenna," Val said and nodded at Zane.

While I just smiled at her not daring to look at Zane I was looking anywhere but him.

"come babe let me get you a drink," Val said holding me by my waist and leading me over to the bar counter. I looked at Jenna waving her goodbye and my eyes landed on him the unmentionable I wish I didn't.

His face was full of anger and hurt while we made eye contact. I quickly looked away not wanting to get lost in his eyes. he might hypnotize me.

"I think he hates me," I mumbled mostly to myself but Val heard it anyway.

"Who hates you.?" He asked.

"Zane Jenna's boyfriend looks at me weirdly."

"Baby girl he doesn't hate you I think he has a crush on you.." Val smirk and I punch his arm playfully while he chuckled.

"A margarita please," he said to the bar attender. Who looked at me weirdly.

"She is off bounds man..?" Val said snaking his arms around my waist pulling me closer. I blushed but good thing he stop looking at me.

"Oh no I am not drinking val" I said denying the drink when he pushed it towards me.

"Come on babe just one sip one please pretty please."

"No Val you know I am too young to drink."

"Well I am young too I promise you won't get drunk Just a sip." He said persistently.

I sighed and took the gla** chunking down the whole content while my face was in a grimace.

"See that wasn't bad," he said and I glared at him while he chuckled.

The song-dance like a party monster came up and he grabs my hand pushing me to the dance floor where we began dancing.

my shy and timid behavior long forgotten.

I don't know what was happening or where Val disappeared to all I know is that I was drunk and wasted.

ZANE

I wanted to make her jealous but instead, the tables turned.

I smelt her the moment she walked into the house. I turned to see her and I did she look hot.

I looked at her in awe.

"Dang our mate is hot," Juan said with a low whistle while I just nodded my head with my mouth wide open.

I was watching her in awe but seeing the guy she was with made my blood boil.

she was holding on to a man's arm. I let out a low growl how dare he touches my mate

"Actually he isn't touching her." my wolf said.

"Shut up and Let me see what I want to okay.." I scolded him.

"What happened why are you growling..?" Jenna asked.

"Hmm.." I cleared my throat.

"there was uh..." I coughed a little "something on my throat."

"Oh. Look there is Scar come let's go say hi.." she said dragging me to them.

She was saying something to the guy but I couldn't hear anything my eyes were only on her despite my hands being around someone else.

The dress she was wearing had me internally drooling it was too revealing which made me feel uneasy and upset.

How can she wear something that shows things only I should see. I was boiling in anger but made sure to leave an expressionless face.

I observed her every move as she tried to look anywhere but me. I saw her clench and unclench her fist till this stupid guy she was with dragged her away.

Jenna dragged me to the dance floor and we began dancing but my eyes never left her I watched as the guy gave her a drink and she took it.

I didn't like the way the bar attender was looking at her he made me feel uneasy.

Her shy demeanor was now gone and the guy she came with dragged her to the dance floor. They were dancing so intimately well not really but let me see what I want to. He was touching her and I became furious all I saw was blood how dare he touches her?

I pushed Jenna away quickly then went over to where they were dancing. I pushed the guy away punching him hard across the face. I don't know how many times I punched him till Aaron came to separate us.

The music had already stop everyone was looking at me but the girl now I know as Scar was dancing and giggling to herself. How can she get drunk with just one drink could it be that she was drugged??

I went over to her then lifted her up bridal style.

"Zane wait you can't leave me.." Jenna shouted behind me but I didn't even look back.

"Aaron find out all the information I need to know about this girl everything.." I said placing her in the car then jogging to the other side.

she was a giggling mess which was like music to my ears.

"Zane.." she began sobbing.

" why do you do this to me.?" she said and my heart skipped a bit. What is she trying to say...

"You like Jenna don't you then why do I get upset when I see you with her.?!" She said now sobbing hysterically. I looked at her then shifted my eyes on the road. I knew she had a soft spot for me. It looks like the mate bond is taking effect. I didn't say anything just drove.

I took her to my place I don't know where she lives and it would be weird if I were to take her to her home in this drunken state, what would her parents say?? seeing their tenth-grade daughter coming back home drunk with a stranger. I am pretty sure she might be sixteen or fifteen years of age judging by her looks.

After we got home I packed the car in the garage and carried her out the car bridal style she was now pa**ed out.

"Zane??" mom said as soon as I opened the door.

"Who is she..?!" She asked eyeing Scar curiously.

ADVERTISEMENT

"Someone from school she was drunk and a guy was hara**ing her.." I said heading upstairs to my room while mother followed in toll.

"Is she your mate?" She asked but I didn't say anything just opened the door to my room and laid her on the bed.

"You are hurt.." mom said looking at my bloody knuckles.

"It's okay mum I have already healed just blood.." I said.

I went over to my bathroom and washed off the blood. my knuckles weren't completely healed but it wasn't bad.

I stripped off my clothes and took a shower after I was done I wore comfortable sweat pants with a loose shirt.

When I came out of the bathroom I found mom had already left the room.

"don't do anything stupid" mom's mind linked me and I chuckled.

"I won't mum.." I said back then cut off the link.

I went over to my mate I watched as she lay there peacefully with her beautiful pink lips slightly parted. I smiled she looked so cute.

I leaned down and was about to kiss her but mom's words echoed in my mind. I sighed I can't do that without her permission she might hate me.

I got up and left the room going over to the guest bedroom.

I lay down on the bed but couldn't sleep I was tossing and turning, how is it that all this time I could sleep alone but once I found my mate it is difficult?

I got up and went downstairs to drink some water and I found mum there.

"Mom you are not yet in bed??.." I asked.

"Yeah.." she smiled sipping some coffee.

I went over to the fridge took out a bottle of water and sat down on the island.

"you don't look good.." mum said.

"Yeah.." I said back.

"Is it about your mate being human.." she asked and I sighed.
